7

00:01:56.220 --> 00:01:57.030

Town of Parish: Nothing happening.

8

00:01:59.550 --> 00:02:02.400

00:14:52.530 --> 00:14:54.090  
Town of Parish: Be a very

110  
00:15:00.480 --> 00:15:01.830  
Town of Parish: Long here.

111

Town of Parish: Over

116  
00:16:58.980 --> 00:16:59.550  
Town of Parish: Your head.

117  
00:17:17.610 --> 00:17:17.790  
Town of Parish: This

118  
00:17:24.750 --> 00:17:25.410  
Town of Parish: Is all

119  
00:17:26.670 --> 00:17:27.540  
Town of Parish: One.

120  
00:17:29.640 --> 00:17:30.270  
Town of Parish: Year.

121  
00:17:44.130 --> 00:17:46.020  
Town of Parish: And we're live way.

122  
00:17:48.750 --> 00:17:50.070  
Town of Parish: Out of the fact

123  
00:17:52.200 --> 00:17:52.680  
Town of Parish: That

124  
00:17:54.420 --> 00:17:54.870  
Town of Parish: You know,

125  
00:17:55.920 --> 00:17:57.360

129  
00:18:10.170 --> 00:18:12.870  
Town of Parish: They're going to calculate what you can afford to pay

130  
00:18:15.900 --> 00:18:16.050  
Town of Parish: For

131

00:18:17.610 --> 00:18:22.380

Town of Parish: It. They don't care what you're going to qualify for money.

132

00:18:23.700 --> 00:18:24.840

Town of Parish: They're going to think about

133

00:18:32.070 --> 00:18:33.210

Town of Parish: Your parents

134

00:18:35.070 --> 00:18:35.430

Town of Parish: Today,

135

00:18:39.570 --> 00:18:41.850

Town of Parish: Article here my name.

136

00:18:43.410 --> 00:18:43.650

Town of Parish: Is

137

00:18:47.970 --> 00:18:48.840

Town of Parish: This is why

138

00:19:13.980 --> 00:19:16.740

Town of Parish: See what you're properly. You can be in order to

139

00:19:18.060 --> 00:19:23.640

Town of Parish: Determine which edu you're going to do, they're going to use the 429

140

00:19:26.130 --> 00:19:27.750

Town of Parish: Because that's the winning

141

00:19:29.460 --> 00:19:29.760

Town of Parish: Team.

142

00:19:32.160 --> 00:19:33.600

Town of Parish: And we

143

00:19:34.830 --> 00:19:42.270

Town of Parish: Are and the same thing for different scenarios which also

144

00:19:44.430 --> 00:19:44.940  
Town of Parish: Which

145  
00:19:46.020 --> 00:19:47.220  
Town of Parish: Are used for the free

146  
00:19:49.620 --> 00:19:50.430  
Town of Parish: Now, not all

147  
00:19:55.830 --> 00:19:56.190  
Town of Parish: Torn

148  
00:20:06.900 --> 00:20:08.010  
Town of Parish: Down, down,

149  
00:20:10.380 --> 00:20:10.650  
Town of Parish: Down.

150  
00:20:13.560 --> 00:20:15.420  
Town of Parish: We then

151  
00:20:21.990 --> 00:20:24.870  
Town of Parish: We will not say yeah

152  
00:20:28.890 --> 00:20:29.520  
Town of Parish: People

153  
00:20:37.110 --> 00:20:39.210  
Town of Parish: Don't want to know on this page.

154  
00:20:40.530 --> 00:20:40.950  
Town of Parish: Partially

155  
00:20:42.570 --> 00:20:46.080  
Town of Parish: Partially in the village within that it will not

156  
00:20:47.190 --> 00:20:47.310  
Town of Parish: Be

157  
00:20:48.630 --> 00:20:49.110  
Town of Parish: Showing

158

00:20:52.500 --> 00:20:53.040

Town of Parish: Images.

159

00:20:57.780 --> 00:21:00.960

Town of Parish: Are they stopped relation to these people.

160

00:21:13.230 --> 00:21:14.130

Town of Parish: So,

161

00:21:20.310 --> 00:21:21.150

Town of Parish: This specific

162

00:21:22.500 --> 00:21:23.040

Town of Parish: Needs are some

163

00:21:24.060 --> 00:21:28.350

Town of Parish: Problems to the end of the day. So when we

164

00:21:29.610 --> 00:21:30.450

Town of Parish: When we

165

00:21:35.040 --> 00:21:35.340

Town of Parish: Are

166

00:21:36.420 --> 00:21:37.920

Town of Parish: In the

167

00:21:43.410 --> 00:21:44.430

Town of Parish: So far,

168

00:21:45.240 --> 00:21:45.660

Okay.

169

00:21:47.010 --> 00:21:52.320

Town of Parish: But possibly people that do not get to go to Alaska, if they want

170

00:21:58.320 --> 00:21:58.560

Town of Parish: One.

171

00:21:59.190 --> 00:22:00.600

Town of Parish: Day one day one.

172

00:22:06.570 --> 00:22:15.330

Town of Parish: Right here to stay here on the wall. I thought version.

173

00:22:15.570 --> 00:22:16.590

Town of Parish: To money.

174

00:22:17.610 --> 00:22:17.880

Town of Parish: Go.

175

00:22:19.290 --> 00:22:25.620

Town of Parish: Way, way more here we go about dry the bat we do

176

00:22:27.540 --> 00:22:28.320

Town of Parish: One more.

177

00:22:29.370 --> 00:22:30.840

Town of Parish: This one bird my dog.

178

00:22:31.200 --> 00:22:36.210

Town of Parish: Unusual. Can I ask why these labels were to put it on the original list.

179

00:22:38.160 --> 00:22:40.980

Town of Parish: I mean, if they're all within the boundaries. Why are they disputed.

180

00:22:42.120 --> 00:22:43.230

Town of Parish: John maybe, you know,

181

00:22:50.910 --> 00:22:52.980

Town of Parish: Maybe Chandra because he was part of that.

182

00:23:04.800 --> 00:23:05.220

Town of Parish: Maybe

183

00:23:06.750 --> 00:23:07.530

Town of Parish: I'm just curious.

184

00:23:13.560 --> 00:23:13.950

Paul Baxter: Before we

185

00:23:23.070 --> 00:23:23.700

Close out

186

00:23:26.370 --> 00:23:28.320

Town of Parish: Comes down to 81

187

00:23:28.890 --> 00:23:29.640

Town of Parish: Of the name of that.

188

00:23:31.950 --> 00:23:33.330

Town of Parish: Is that moving

189

00:23:37.230 --> 00:23:38.310

Town of Parish: In America,

190

00:23:39.570 --> 00:23:42.480

Town of Parish: We share it. If you do a waters with two

191

00:23:43.380 --> 00:23:43.830

Words.

192

00:24:02.700 --> 00:24:03.210

Town of Parish: Be wise.

193

00:24:04.440 --> 00:24:05.790

Town of Parish: To change the world.

194

00:24:08.070 --> 00:24:09.060

Town of Parish: In any way.

195

00:24:13.410 --> 00:24:15.750

Town of Parish: And map it

196

00:24:15.900 --> 00:24:17.490

Town of Parish: We just looked at the map.

197

00:24:48.120 --> 00:24:49.800

Town of Parish: No need.

198

00:24:52.710 --> 00:24:53.220

Town of Parish: For

199

00:24:57.990 --> 00:24:58.650

Town of Parish: Wherever.

200

00:25:01.680 --> 00:25:02.910

Town of Parish: It may be it.

201

00:25:03.420 --> 00:25:04.350

Town of Parish: In the IMA

202

00:25:05.550 --> 00:25:07.380

Town of Parish: Again, the whole thing.

203

00:25:10.140 --> 00:25:12.990

Town of Parish: But you don't have that in their district boundaries.

204

00:25:13.080 --> 00:25:15.300

Town of Parish: Middle, where you are now you

205

00:25:23.100 --> 00:25:26.250

Town of Parish: Know the worst. I can go through and you do

206

00:25:28.350 --> 00:25:31.470

Town of Parish: You think muster with my little sister.

207

00:25:32.490 --> 00:25:33.300

Town of Parish: Bessie

208

00:25:33.480 --> 00:25:38.430

Town of Parish: That easy to add in three houses as we are moving forward.

209

00:25:43.860 --> 00:25:46.380

Town of Parish: Here we have an open the whole thing.

210

00:25:50.490 --> 00:25:52.830

Town of Parish: It's the whole all meeting.

211

00:25:53.130 --> 00:25:53.940

Town of Parish: However, going

212

00:25:55.740 --> 00:25:59.670

Town of Parish: Through that out and I want to go there.

213

00:26:04.290 --> 00:26:04.770

Town of Parish: Yeah.

214

00:26:12.630 --> 00:26:15.750

Town of Parish: It, add them more than the

215

00:26:15.780 --> 00:26:16.230

Clock.

216

00:26:21.600 --> 00:26:22.710

Town of Parish: Very, very

217

00:27:39.090 --> 00:27:39.480

Paul Baxter: So,

218

00:27:45.840 --> 00:27:46.380

Town of Parish: Stereo

219

00:27:49.800 --> 00:27:53.130

Town of Parish: So very good already.

220

00:27:54.450 --> 00:27:58.350

Town of Parish: Included the original project was included in the

221

00:27:58.410 --> 00:28:03.330

Town of Parish: 2018 for probably 9.2 billion.

222

00:28:04.140 --> 00:28:05.250

Town of Parish: To stay grounded.

223

00:28:05.730 --> 00:28:09.750

Town of Parish: My point 4 million alone of 3.8 million

224

00:28:11.550 --> 00:28:12.480

Paul Baxter: The quote a

225

00:28:12.900 --> 00:28:15.720

Town of Parish: Glowing years eating us were

226

00:28:17.940 --> 00:28:20.190

Paul Baxter: Resulted in a cost of

227

00:28:20.250 --> 00:28:22.170

Paul Baxter: Such dollars.

228

00:28:22.740 --> 00:28:25.860

Paul Baxter: And 90 cents. So that's the

229

00:28:25.860 --> 00:28:27.720

Town of Parish: Information current

230

00:28:27.780 --> 00:28:29.130

Town of Parish: Ordinary engineer or

231

00:28:30.750 --> 00:28:31.200

Paul Baxter: Based

232

00:28:31.380 --> 00:28:32.130

Paul Baxter: On our

233

00:28:32.160 --> 00:28:33.660

Town of Parish: edu evaluation.

234

00:28:35.370 --> 00:28:36.450

Paul Baxter: Three potential

235

00:28:36.570 --> 00:28:41.130

Town of Parish: Audience scenarios. So the three scenarios are based on

236

00:28:42.150 --> 00:28:42.300

Town of Parish: The

237

00:28:43.500 --> 00:28:45.360

Town of Parish: We just reviewed.

238  
00:28:46.740 --> 00:28:49.020  
Town of Parish: So the new product off.

239  
00:28:52.320 --> 00:28:52.740  
Paul Baxter: The new

240  
00:28:59.640 --> 00:29:03.780  
Town of Parish: 152 the

241  
00:29:03.810 --> 00:29:04.950  
Town of Parish: First scenario.

242  
00:29:04.980 --> 00:29:05.610  
Included

243  
00:29:07.980 --> 00:29:08.520  
Town of Parish: Million

244  
00:29:09.540 --> 00:29:10.020  
Paul Baxter: A

245  
00:29:10.350 --> 00:29:11.400  
Town of Parish: And also,

246  
00:29:11.430 --> 00:29:14.280  
Town of Parish: 3 million seller very thirsty.

247  
00:29:14.340 --> 00:29:14.880  
Got

248  
00:29:16.110 --> 00:29:17.310  
The water interest or

249  
00:29:19.320 --> 00:29:20.790  
Town of Parish: A Moto moto

250  
00:29:22.260 --> 00:29:25.740  
3.2% interest.

251

00:29:27.660 --> 00:29:29.520  
Town of Parish: Term three years.

252  
00:29:30.720 --> 00:29:31.170  
Paul Baxter: Wrote

253  
00:29:31.950 --> 00:29:33.180  
Town of Parish: The projected growth.

254  
00:29:34.680 --> 00:29:35.130  
Is

255  
00:29:41.100 --> 00:29:42.300  
Town of Parish: Surprisingly, one

256  
00:29:42.450 --> 00:29:43.200  
Alone.

257  
00:29:44.610 --> 00:29:45.630  
The, the first year.

258  
00:29:47.160 --> 00:29:48.360  
Town of Parish: Based on that scenario.

259  
00:29:50.550 --> 00:29:52.350  
Town of Parish: The second scenario.

260  
00:29:53.730 --> 00:29:54.540  
Town of Parish: In just a little

261  
00:29:56.100 --> 00:30:02.370  
Town of Parish: Grant Program is 3 million balls this character.

262  
00:30:02.940 --> 00:30:04.860  
Paul Baxter: In the three

263  
00:30:05.160 --> 00:30:05.430  
Are

264  
00:30:06.480 --> 00:30:07.080  
Town of Parish: All in

265

00:30:10.470 --> 00:30:11.580  
Town of Parish: The local office.

266

00:30:18.060 --> 00:30:21.090  
Paul Baxter: The same hero includes

267

00:30:21.510 --> 00:30:22.350  
Role of outline

268

00:30:23.580 --> 00:30:26.490  
Town of Parish: But this is a mistake. I

269

00:30:26.880 --> 00:30:27.300  
Ran

270

00:30:28.950 --> 00:30:29.610  
Town of Parish: I

271

00:30:29.670 --> 00:30:30.450  
Ran

272

00:30:32.160 --> 00:30:34.590  
Town of Parish: It was 40%

273

00:30:36.000 --> 00:30:39.120  
Town of Parish: All right across the grant.

274

00:30:44.040 --> 00:30:47.130  
Paul Baxter: So in this scenario, the assumption that

275

00:30:48.420 --> 00:30:49.290  
Town of Parish: 3 million

276

00:30:50.460 --> 00:30:51.660  
Town of Parish: That's actually

277

00:30:56.160 --> 00:30:56.580  
Town of Parish: Line.

278

00:30:57.240 --> 00:30:57.840  
By line.

279  
00:30:59.550 --> 00:31:00.360  
Town of Parish: \$8

280  
00:31:01.110 --> 00:31:02.220  
Town of Parish: Which would be

281  
00:31:02.730 --> 00:31:03.750  
Town of Parish: 40%

282  
00:31:04.050 --> 00:31:08.730  
Town of Parish: Of the product costs after global move so hundred

283  
00:31:11.400 --> 00:31:18.750  
Town of Parish: 63.3 million. The remaining amount

284  
00:31:20.340 --> 00:31:23.250  
Town of Parish: funded through the img programming maximum

285  
00:31:23.670 --> 00:31:24.840  
Town of Parish: 40% of the

286  
00:31:26.850 --> 00:31:28.350  
Town of Parish: Salary to

287  
00:31:29.280 --> 00:31:30.480  
Town of Parish: Do, anyone heard

288  
00:31:31.200 --> 00:31:32.910  
Town of Parish: Of interest daughter's

289  
00:31:33.960 --> 00:31:35.880  
Town of Parish: Also utilizing the 2%

290  
00:31:37.260 --> 00:31:38.040  
Paul Baxter: Interest.

291  
00:31:40.380 --> 00:31:40.590  
Paul Baxter: With

292

00:31:42.540 --> 00:31:45.420

Town of Parish: 900 almost 100 hours.

293

00:31:48.090 --> 00:31:50.100

Town of Parish: The third scenario and

294

00:31:50.280 --> 00:31:56.250

Town of Parish: Third, and second, utilizing growth on a \$3 million grant rural development.

295

00:31:57.390 --> 00:31:59.430

Town of Parish: And also the IMDB.

296

00:31:59.670 --> 00:32:00.270

Grant.

297

00:32:02.940 --> 00:32:03.630

Town of Parish: The only difference

298

00:32:05.970 --> 00:32:07.140

Town of Parish: Yeah, you

299

00:32:08.850 --> 00:32:09.240

Town of Parish: Know,

300

00:32:12.960 --> 00:32:15.090

Town of Parish: This scenario.

301

00:32:15.510 --> 00:32:18.300

Town of Parish: Included additional \$400,000

302

00:32:18.990 --> 00:32:19.410

Fund.

303

00:32:21.390 --> 00:32:22.230

Town of Parish: Exports

304

00:32:22.920 --> 00:32:23.580

Terminated

305

00:32:25.440 --> 00:32:27.450

Paul Baxter: Through that he

306

00:32:29.550 --> 00:32:31.170

Paul Baxter: Could be a connection part

307

00:32:31.260 --> 00:32:33.510

Paul Baxter: Of the school trivia me

308

00:32:35.070 --> 00:32:35.460

Paul Baxter: Nor

309

00:32:35.580 --> 00:32:36.090

Paul Baxter: Or

310

00:32:36.150 --> 00:32:37.200

It could be stimulus.

311

00:32:42.840 --> 00:32:43.170

So the

312

00:32:50.130 --> 00:32:53.370

Town of Parish: Alien in review.

313

00:32:57.120 --> 00:32:57.450

Paul Baxter: In the

314

00:32:59.940 --> 00:33:00.570

Paul Baxter: Train

315

00:33:00.630 --> 00:33:03.120

Town of Parish: Yes model different

316

00:33:07.500 --> 00:33:07.890

So,

317

00:33:10.800 --> 00:33:12.120

Town of Parish: For visual

318

00:33:17.910 --> 00:33:19.950

Town of Parish: Is that

319

00:33:34.290 --> 00:33:35.430

Town of Parish: Hi everyone.

320

00:33:39.300 --> 00:33:39.630

Town of Parish: Yeah.

321

00:33:53.520 --> 00:33:53.880

Town of Parish: First

322

00:33:55.110 --> 00:33:55.800

Town of Parish: Your

323

00:33:55.860 --> 00:33:56.340

Head getting

324

00:34:01.050 --> 00:34:01.410

That

325

00:34:02.430 --> 00:34:04.440

Town of Parish: He actually has a breakdown

326

00:34:07.650 --> 00:34:09.030

Town of Parish: Down all of

327

00:34:09.360 --> 00:34:09.780

Me.

328

00:34:14.820 --> 00:34:15.180

Paul Baxter: Very

329

00:34:17.010 --> 00:34:17.880

Town of Parish: Interesting.

330

00:34:23.340 --> 00:34:24.720

Town of Parish: Very low res

331

00:34:30.120 --> 00:34:30.330

Town of Parish: On

332

00:34:37.020 --> 00:34:37.470

Paul Baxter: Last

333

00:35:04.080 --> 00:35:05.070

Town of Parish: People can't afford

334

00:35:10.800 --> 00:35:11.310

Town of Parish: When

335

00:35:13.140 --> 00:35:13.680

Town of Parish: You're

336

00:35:15.570 --> 00:35:18.480

Town of Parish: Ready, which used to give

337

00:35:20.610 --> 00:35:20.820

Town of Parish: Me.

338

00:35:21.720 --> 00:35:22.080

Money.

339

00:35:25.980 --> 00:35:26.190

Town of Parish: One.

340

00:35:27.540 --> 00:35:28.110

Town of Parish: All

341

00:35:33.600 --> 00:35:34.110

Town of Parish: Right.

342

00:35:37.320 --> 00:35:39.300

Town of Parish: You Marissa

343

00:35:41.370 --> 00:35:41.970

Town of Parish: Then

344

00:35:47.010 --> 00:35:48.720

Town of Parish: Getting on that place.

345

00:35:50.760 --> 00:35:51.150

Town of Parish: When

346

00:35:52.170 --> 00:35:53.040

Town of Parish: You say,

347

00:35:55.380 --> 00:35:55.890

Paul Baxter: Nice.

348

00:36:15.780 --> 00:36:16.590

That's why.

349

00:36:19.980 --> 00:36:20.340

Town of Parish: Laid

350

00:36:21.540 --> 00:36:22.050

Town of Parish: Before

351

00:36:23.160 --> 00:36:23.520

Town of Parish: It.

352

00:36:23.850 --> 00:36:26.250

Town of Parish: Had an updated so

353

00:36:27.450 --> 00:36:29.850

Town of Parish: I admire ago that

354

00:36:30.120 --> 00:36:31.320

Town of Parish: I make sure this

355

00:36:31.740 --> 00:36:33.300

Town of Parish: Pipe no let

356

00:36:34.710 --> 00:36:37.770

Town of Parish: Me. Bring me back towards me.

357

00:36:43.440 --> 00:36:45.150

Town of Parish: Wherever you're at

358

00:36:47.190 --> 00:36:48.330

Town of Parish: No, that is not

359  
00:36:48.990 --> 00:36:49.470  
The way.

360  
00:36:51.960 --> 00:36:52.380  
Town of Parish: We work.

361  
00:36:53.670 --> 00:36:54.510  
Town of Parish: With are

362  
00:36:58.470 --> 00:36:59.760  
Town of Parish: I am working on

363  
00:37:04.470 --> 00:37:06.060  
Town of Parish: Come on, find me.

364  
00:37:17.400 --> 00:37:18.060  
Town of Parish: Community.

365  
00:37:22.950 --> 00:37:23.430  
Town of Parish: Mouth.

366  
00:37:39.630 --> 00:37:40.050  
Paul Baxter: And I think

367  
00:37:44.010 --> 00:37:45.570  
Town of Parish: We're all

368  
00:37:47.970 --> 00:37:48.300  
Town of Parish: Here.

369  
00:38:18.360 --> 00:38:18.840  
Town of Parish: More

370  
00:38:19.200 --> 00:38:20.970  
Town of Parish: Issues here.

371  
00:38:21.060 --> 00:38:21.750  
We

372  
00:38:24.630 --> 00:38:28.620

Town of Parish: Would like to, if you say this process.

373

00:38:31.320 --> 00:38:31.410

Town of Parish: And

374

00:38:33.180 --> 00:38:33.570

Town of Parish: Then

375

00:38:33.660 --> 00:38:34.890

Town of Parish: We can go over

376

00:38:38.310 --> 00:38:41.730

Town of Parish: What they entered in the calculations is the math.

377

00:38:50.310 --> 00:38:50.790

Town of Parish: Must be

378

00:38:58.530 --> 00:38:59.610

Town of Parish: Your first your future.

379

00:39:03.810 --> 00:39:04.320

Paul Baxter: Yeah.

380

00:39:04.410 --> 00:39:06.030

Paul Baxter: Yeah, just arbitrarily

381

00:39:07.080 --> 00:39:07.410

Paul Baxter: Yes.

382

00:39:15.780 --> 00:39:16.800

Paul Baxter: You can't just

383

00:39:17.340 --> 00:39:18.060

Paul Baxter: For money.

384

00:39:20.490 --> 00:39:21.780

Paul Baxter: Official booming.

385

00:39:31.200 --> 00:39:31.680

Paul Baxter: Triple

386  
00:39:36.450 --> 00:39:36.840  
Paul Baxter: Crown.

387  
00:39:44.610 --> 00:39:45.150  
Paul Baxter: Yeah.

388  
00:39:47.100 --> 00:39:48.480  
Town of Parish: Great normal

389  
00:40:03.990 --> 00:40:04.500  
Paul Baxter: Or

390  
00:40:08.850 --> 00:40:09.390  
Or not.

391  
00:40:26.220 --> 00:40:27.120  
Town of Parish: Words day

392  
00:40:31.440 --> 00:40:31.830  
Paul Baxter: Which

393  
00:40:33.630 --> 00:40:34.590  
Town of Parish: You want to use and then

394  
00:40:38.340 --> 00:40:39.090  
Town of Parish: Go into the

395  
00:40:40.230 --> 00:40:40.800  
Preparation

396  
00:41:00.480 --> 00:41:01.110  
Paul Baxter: This is

397  
00:41:04.260 --> 00:41:04.890  
Paul Baxter: Powerful

398  
00:41:11.010 --> 00:41:11.820  
Paul Baxter: But the he

399  
00:41:13.140 --> 00:41:17.040

Paul Baxter: Was published personal, we will need to seek approval.

400

00:41:19.050 --> 00:41:20.760

Paul Baxter: So that's first

401

00:41:25.260 --> 00:41:25.980

Town of Parish: And then

402

00:41:31.800 --> 00:41:32.190

Town of Parish: Curious

403

00:41:32.430 --> 00:41:39.060

Town of Parish: How common is that I mean parishes that a large place and it's not a rich

404

00:41:40.140 --> 00:41:43.080

Town of Parish: On and that our numbers are so high.

405

00:41:44.460 --> 00:41:51.390

Town of Parish: The controllers numbers are seeing so low on how does that job i i

406

00:41:56.130 --> 00:41:57.720

Paul Baxter: Mostly work with

407

00:41:59.700 --> 00:42:00.120

Me.

408

00:42:04.590 --> 00:42:06.090

Paul Baxter: Really community.

409

00:42:07.470 --> 00:42:08.130

They're not

410

00:42:11.910 --> 00:42:13.890

Paul Baxter: Some that are fairly close

411

00:42:17.910 --> 00:42:18.270

Paul Baxter: Right.

412

00:42:20.010 --> 00:42:21.750

Paul Baxter: Every year, so you know

413

00:42:23.220 --> 00:42:24.990

Paul Baxter: Years ago, it was \$700

414

00:42:26.700 --> 00:42:27.030

Paul Baxter: A year.

415

00:42:28.350 --> 00:42:28.920

Paul Baxter: You know, probably

416

00:42:29.790 --> 00:42:36.360

Paul Baxter: probably by the time this film. Every year I would assume.  
But I don't know what your experience.

417

00:42:36.630 --> 00:42:37.980

Paul Baxter: Has been. Have you guys done any

418

00:42:40.740 --> 00:42:41.040

Actually

419

00:42:45.750 --> 00:42:47.400

Paul Baxter: Done, one of

420

00:42:48.690 --> 00:42:48.990

Paul Baxter: Those

421

00:42:51.870 --> 00:42:52.350

Paul Baxter: Yes.

422

00:42:54.330 --> 00:42:54.780

Paul Baxter: Yeah.

423

00:42:55.980 --> 00:42:56.730

Paul Baxter: Project that I

424

00:42:58.770 --> 00:43:01.770

Paul Baxter: Learned is a very long, tedious process and

425

00:43:04.290 --> 00:43:06.420

Paul Baxter: prices go up in Atlanta. I'm also

426

00:43:08.280 --> 00:43:13.380

Paul Baxter: Have talked with one of the attorneys mentioned they just went to work for another district.

427

00:43:15.120 --> 00:43:15.630

Paul Baxter: Within just

428

00:43:18.840 --> 00:43:19.470

Paul Baxter: A tiny

429

00:43:20.820 --> 00:43:21.420

Paul Baxter: I worked on a

430

00:43:22.800 --> 00:43:23.610

Paul Baxter: Couple years ago.

431

00:43:49.980 --> 00:43:50.550

Paul Baxter: So,

432

00:43:50.580 --> 00:43:52.350

Town of Parish: Penny, which

433

00:43:52.560 --> 00:43:53.130

Paul Baxter: Climate

434

00:43:53.430 --> 00:43:55.560

Paul Baxter: Go is basically two options.

435

00:43:55.980 --> 00:43:56.610

Paul Baxter: Wrote about

436

00:43:57.540 --> 00:44:00.600

Paul Baxter: 38% and

437

00:44:04.740 --> 00:44:05.400

Town of Parish: 38

438

00:44:06.720 --> 00:44:07.380

Town of Parish: Actually

439

00:44:16.140 --> 00:44:17.790

Town of Parish: In order to qualify

440

00:44:25.650 --> 00:44:26.160

Town of Parish: All in

441

00:44:27.840 --> 00:44:28.440

Town of Parish: Your

442

00:44:29.130 --> 00:44:31.110

Paul Baxter: role at all my brand. So

443

00:44:32.580 --> 00:44:34.980

Town of Parish: Looking at it on the Community also

444

00:44:43.980 --> 00:44:44.670

Day over

445

00:44:45.870 --> 00:44:46.500

Town of Parish: The wall that

446

00:44:47.280 --> 00:44:51.240

Town of Parish: Knows what's good for me. So they're not

447

00:44:52.260 --> 00:44:53.340

Town of Parish: All the other issue.

448

00:44:54.330 --> 00:44:55.440

Town of Parish: We have me

449

00:44:55.920 --> 00:44:57.990

Town of Parish: Which was supposed to be that number.

450

00:44:58.740 --> 00:45:02.160

Town of Parish: There isn't no money now.

451

00:45:04.440 --> 00:45:05.580

Town of Parish: We're all ran

452

00:45:08.970 --> 00:45:09.360

Town of Parish: Out.

453

00:45:37.200 --> 00:45:37.740

Town of Parish: Situation.

454

00:45:38.490 --> 00:45:39.240

Paul Baxter: Everything.

455

00:45:39.420 --> 00:45:40.920

Town of Parish: I'm hot right now.

456

00:45:41.010 --> 00:45:43.110

Town of Parish: So Airbnb here in

457

00:45:44.250 --> 00:45:46.740

Town of Parish: The back but anything

458

00:45:50.550 --> 00:45:53.190

Town of Parish: That we do around early or

459

00:45:54.480 --> 00:45:56.730

Town of Parish: Over the past, we're

460

00:46:00.930 --> 00:46:01.260

Town of Parish: Going

461

00:46:03.510 --> 00:46:04.740

Town of Parish: To be

462

00:46:05.100 --> 00:46:05.430

On a

463

00:46:07.110 --> 00:46:07.530

Town of Parish: That

464

00:46:16.680 --> 00:46:17.220

Town of Parish: Chin

465

00:46:30.270 --> 00:46:31.980

Paul Baxter: There, while you're here.

466  
00:46:32.100 --> 00:46:34.500  
Town of Parish: Wanting in your day long.

467  
00:46:36.090 --> 00:46:36.360  
Town of Parish: All

468  
00:46:37.380 --> 00:46:42.420  
Town of Parish: Together with their really like there's really only

469  
00:46:42.540 --> 00:46:45.300  
Paul Baxter: A couple most likely sources for that.

470  
00:46:46.590 --> 00:46:46.950  
Town of Parish: Why

471  
00:46:49.980 --> 00:46:50.670  
Town of Parish: Which is

472  
00:46:53.700 --> 00:46:56.010  
Paul Baxter: This worth \$500

473  
00:46:56.250 --> 00:46:57.330  
Town of Parish: Yeah.

474  
00:46:57.900 --> 00:46:58.620  
On the other

475  
00:47:04.140 --> 00:47:05.550  
Paul Baxter: Side of that.

476  
00:47:31.830 --> 00:47:32.550  
Town of Parish: Yeah.

477  
00:47:35.670 --> 00:47:36.540  
Town of Parish: Potential

478  
00:47:43.080 --> 00:47:44.130  
Paul Baxter: Ready to go.

479  
00:47:47.970 --> 00:47:48.930

Town of Parish: And I agree.

480

00:47:55.080 --> 00:47:56.430

Paul Baxter: So there were definitely

481

00:48:08.280 --> 00:48:08.670

Town of Parish: Last

482

00:48:14.640 --> 00:48:15.840

Town of Parish: Stand by know

483

00:48:31.530 --> 00:48:32.250

Town of Parish: It's very

484

00:48:36.450 --> 00:48:36.780

Like

485

00:48:38.070 --> 00:48:39.120

Town of Parish: See my

486

00:48:40.200 --> 00:48:41.340

Town of Parish: Name is

487

00:48:41.490 --> 00:48:44.460

Town of Parish: Processed agency school my

488

00:48:49.800 --> 00:48:50.190

Town of Parish: Parents

489

00:48:50.820 --> 00:48:51.900

Town of Parish: But not

490

00:48:52.140 --> 00:48:53.310

Town of Parish: Earning neither

491

00:48:54.090 --> 00:48:54.330

Can you

492

00:48:56.880 --> 00:48:58.260

Town of Parish: Know in place, you

493

00:49:03.780 --> 00:49:04.140

Know,

494

00:49:05.880 --> 00:49:06.690

Paul Baxter: You way.

495

00:49:10.500 --> 00:49:10.860

You

496

00:49:13.980 --> 00:49:21.960

Town of Parish: And time to me. So why and when she didn't really know once you get one quarter.

497

00:49:22.530 --> 00:49:23.460

Town of Parish: For it.

498

00:49:24.150 --> 00:49:24.840

Helps you get

499

00:49:26.130 --> 00:49:26.520

You get

500

00:49:27.900 --> 00:49:30.750

Town of Parish: One, it will help you get more money.

501

00:49:34.260 --> 00:49:34.530

Town of Parish: All

502

00:49:38.460 --> 00:49:38.910

Town of Parish: Right.

503

00:49:41.190 --> 00:49:42.570

Town of Parish: So we decided

504

00:49:44.400 --> 00:49:46.110

Town of Parish: That we decide to go

505

00:49:47.790 --> 00:49:49.500

Town of Parish: There. We're gonna pick scenario.

506

00:49:50.520 --> 00:49:51.660  
Town of Parish: THREE SONGS best to

507

00:49:52.560 --> 00:49:54.180  
Town of Parish: avoid mistakes to do these tonight.

508

00:49:55.440 --> 00:49:57.180  
Town of Parish: One of the goals were comparing

509

00:50:01.290 --> 00:50:04.590  
Town of Parish: Me back was going to be made up by Joe

510

00:50:08.760 --> 00:50:09.150  
Town of Parish: Russell.

511

00:50:10.770 --> 00:50:12.060  
Town of Parish: And people if

512

00:50:14.220 --> 00:50:15.300  
Town of Parish: Nothing happened.

513

00:50:15.420 --> 00:50:17.820  
Town of Parish: Unless you get all these great

514

00:50:19.950 --> 00:50:20.370  
Town of Parish: Right.

515

00:50:20.670 --> 00:50:21.090  
So,

516

00:50:26.040 --> 00:50:28.470  
Town of Parish: And actually you have included in your minor

517

00:50:29.460 --> 00:50:33.210  
Town of Parish: Well, that's nothing. That's just an ordinary people  
wanna cry.

518

00:50:35.130 --> 00:50:36.210  
Town of Parish: Baby

519

00:50:37.050 --> 00:50:37.920

Town of Parish: Committed to find

520

00:50:39.030 --> 00:50:39.360

So,

521

00:50:41.100 --> 00:50:42.300

Town of Parish: Many provider.

522

00:50:44.100 --> 00:50:47.910

Paul Baxter: Great, so that happen. The other thing that has to happen.

523

00:50:51.090 --> 00:50:51.600

Town of Parish: Is

524

00:50:51.930 --> 00:50:52.710

There's a minute.

525

00:50:54.780 --> 00:50:57.630

Town of Parish: So remember, about a year.

526

00:51:02.040 --> 00:51:02.850

Town of Parish: We did.

527

00:51:04.050 --> 00:51:04.500

Town of Parish: That

528

00:51:06.240 --> 00:51:07.260

Town of Parish: Moment, then

529

00:51:13.650 --> 00:51:15.810

Town of Parish: I didn't mean to jump the gun. I just met.

530

00:51:16.800 --> 00:51:19.050

Town of Parish: goes forward and if people say yes, the one

531

00:51:19.260 --> 00:51:20.850

Town of Parish: That any valid.

532

00:51:21.540 --> 00:51:22.050

For

533

00:51:23.280 --> 00:51:24.840

Town of Parish: Nothing will happen unless

534

00:51:27.630 --> 00:51:30.420

Town of Parish: We have a three year grants and will not lose

535

00:51:31.770 --> 00:51:34.920

Town of Parish: Weight not going to say all

536

00:51:36.210 --> 00:51:36.720

Town of Parish: Okay.

537

00:51:39.090 --> 00:51:39.390

Paul Baxter: Now,

538

00:51:40.110 --> 00:51:44.340

Town of Parish: What we need to align the funding in our everyday life.

539

00:51:48.600 --> 00:51:48.930

Town of Parish: Well,

540

00:51:49.860 --> 00:51:52.290

Town of Parish: You know, the moment is holding

541

00:51:52.980 --> 00:51:53.250

On

542

00:51:54.300 --> 00:51:54.690

Town of Parish: And

543

00:51:54.870 --> 00:51:55.980

Town of Parish: The other countries.

544

00:52:02.430 --> 00:52:02.760

Town of Parish: You don't

545

00:52:07.980 --> 00:52:08.940

Town of Parish: Get all this stuff done.

546

00:52:19.350 --> 00:52:19.830

Town of Parish: Many

547

00:52:21.900 --> 00:52:22.230

Paul Baxter: Many

548

00:52:27.000 --> 00:52:28.500

Town of Parish: People. Yeah, this

549

00:52:30.750 --> 00:52:31.680

Town of Parish: Is fine.

550

00:52:33.420 --> 00:52:33.750

Town of Parish: For

551

00:52:36.030 --> 00:52:36.600

Town of Parish: Me.

552

00:52:45.180 --> 00:52:46.110

Town of Parish: I'm just asking.

553

00:52:49.440 --> 00:52:51.090

Town of Parish: How the goal would

554

00:52:53.790 --> 00:52:55.020

Town of Parish: Be for providing

555

00:52:57.600 --> 00:52:57.900

Town of Parish: This

556

00:52:59.010 --> 00:52:59.970

Town of Parish: Time, then

557

00:53:01.320 --> 00:53:02.070

Town of Parish: Pick it up.

558

00:53:08.190 --> 00:53:09.180

Paul Baxter: Move in

559

00:53:10.440 --> 00:53:12.870

Town of Parish: The District ground game and you can

560

00:53:14.730 --> 00:53:15.630

Town of Parish: Go into town.

561

00:53:16.710 --> 00:53:17.100

Paul Baxter: But

562

00:53:17.370 --> 00:53:23.220

Town of Parish: Bring back some other products that we have small upon certain areas.

563

00:53:30.120 --> 00:53:30.450

Town of Parish: This

564

00:53:33.720 --> 00:53:34.230

Town of Parish: Is still

565

00:53:37.230 --> 00:53:38.520

Town of Parish: Very to piggyback on something like

566

00:53:38.520 --> 00:53:40.410

Town of Parish: Gary said earlier about

567

00:53:41.130 --> 00:53:42.450

Town of Parish: Time expired.

568

00:53:42.450 --> 00:53:43.590

Town of Parish: So let's say we

569

00:53:43.650 --> 00:53:47.820

Town of Parish: Realized that the first of all the V is not coming for

570

00:53:48.000 --> 00:53:49.890

Town of Parish: Eight months or full year.

571

00:53:50.220 --> 00:53:51.930

Town of Parish: Do we have a time limit to

572

00:53:51.930 --> 00:53:55.530

Paul Baxter: Use that money or can we float that

573

00:53:55.800 --> 00:53:57.420  
Paul Baxter: For 12 months until the next

574  
00:53:57.420 --> 00:54:00.150  
Town of Parish: Great arms and then three months until that next graph.

575  
00:54:01.980 --> 00:54:05.700  
Town of Parish: Getting the loan in at eight o'clock.

576  
00:54:07.020 --> 00:54:12.570  
Paul Baxter: Gay and so on. And so usually don't anymore.

577  
00:54:16.620 --> 00:54:21.810  
So you are a good night. Do we enter

578  
00:54:23.310 --> 00:54:23.730  
It.

579  
00:54:26.130 --> 00:54:29.730  
Town of Parish: In and then you have

580  
00:54:29.760 --> 00:54:38.970  
Town of Parish: Five years of being hurt for money, but the more money  
flowed once you actually signed

581  
00:54:42.930 --> 00:54:43.200  
Paul Baxter: Yet

582  
00:54:44.640 --> 00:54:46.290  
Paul Baxter: VSE day

583  
00:54:53.190 --> 00:54:54.180  
Paul Baxter: finance law.

584  
00:54:59.430 --> 00:55:00.150  
Paul Baxter: Go down

585  
00:55:00.180 --> 00:55:10.260  
Paul Baxter: So no, but I was just curious because if things are going to  
be moving slower. Yeah. Um, I wanted to make sure we did get one long  
that it didn't expire. Before we get

586

00:55:11.790 --> 00:55:14.550

Paul Baxter: Into development money finance the project is

587

00:55:14.580 --> 00:55:23.100

Paul Baxter: Moving and you're still doing something with it, or you're funny. Okay, now we just did not then eventually they're gonna say

588

00:55:23.100 --> 00:55:24.840

Paul Baxter: Yeah, at this money and you're

589

00:55:24.840 --> 00:55:28.920

Paul Baxter: Not using it and you gotta do something or in the automated

590

00:55:32.220 --> 00:55:32.760

Paul Baxter: Well,

591

00:55:39.060 --> 00:55:39.390

Paul Baxter: Yes.

592

00:55:40.650 --> 00:55:41.280

Paul Baxter: Sure from

593

00:55:42.420 --> 00:55:43.260

Paul Baxter: The day for

594

00:55:44.310 --> 00:55:46.050

Paul Baxter: Two years from the need for for

595

00:55:46.050 --> 00:55:47.310

Paul Baxter: My you have a pencil.

596

00:55:47.820 --> 00:55:56.010

Paul Baxter: pencil case on how much money you spend time cycle. They don't give a full mouth and we have a private event.

597

00:55:56.520 --> 00:55:59.970

Paul Baxter: And then once you close on the law. Whenever you're at, and I think

598

00:56:00.900 --> 00:56:08.400

Paul Baxter: Up to the five years. Then we close. Once you close it based on when you meet you in person meeting when you're logging.

599

00:56:10.140 --> 00:56:15.210

Paul Baxter: So most teenagers are feeling the

600

00:56:15.240 --> 00:56:16.080

Resonance.

601

00:56:18.360 --> 00:56:20.070

Paul Baxter: Which are going on residents.

602

00:56:20.160 --> 00:56:22.680

Paul Baxter: Until you're, you know, maybe

603

00:56:24.690 --> 00:56:26.070

Paul Baxter: Six months or a year.

604

00:56:29.820 --> 00:56:33.810

Paul Baxter: When he more actually during construction. People are getting ready to start

605

00:56:59.730 --> 00:57:00.270

Paul Baxter: Place.

606

00:57:02.160 --> 00:57:03.690

Paul Baxter: Get to

607

00:57:03.720 --> 00:57:04.020

Know,

608

00:57:05.940 --> 00:57:06.870

Paul Baxter: You want to

609

00:57:14.220 --> 00:57:14.670

Town of Parish: Be

610

00:57:15.060 --> 00:57:15.510

In

611

00:57:20.940 --> 00:57:22.380

Town of Parish: I say your

612

00:57:25.530 --> 00:57:25.770

Town of Parish: Name.

613

00:57:27.120 --> 00:57:27.720

Town of Parish: So,

614

00:57:31.290 --> 00:57:32.070

Town of Parish: Now I

615

00:57:37.800 --> 00:57:37.980

Town of Parish: Don't

616

00:57:44.850 --> 00:57:45.330

Town of Parish: Four.

617

00:57:45.660 --> 00:57:46.140

Town of Parish: And a

618

00:57:48.570 --> 00:57:48.780

Town of Parish: Half

619

00:57:56.520 --> 00:57:57.210

Town of Parish: Ready.

620

00:58:00.600 --> 00:58:03.930

Town of Parish: Or not. They are not happy or

621

00:58:06.750 --> 00:58:12.780

Town of Parish: This one of the questions will be tested it, we talked about before. We have students on the phone study

622

00:58:14.370 --> 00:58:15.960

Town of Parish: Games that we had to do.

623

00:58:17.130 --> 00:58:17.580

To be

624

00:58:23.160 --> 00:58:26.040

Town of Parish: Because we didn't happen in September.

625

00:58:26.880 --> 00:58:27.360

So,

626

00:58:29.070 --> 00:58:30.510

Town of Parish: I can't remember that would be

627

00:58:30.990 --> 00:58:31.980

Town of Parish: Great as

628

00:58:34.380 --> 00:58:37.680

Town of Parish: We do that because we waited fill in.

629

00:58:37.890 --> 00:58:41.580

Town of Parish: Queue that I remember the day that it's

630

00:58:44.880 --> 00:58:45.870

Funny that

631

00:58:47.880 --> 00:58:48.630

Town of Parish: You

632

00:58:59.040 --> 00:58:59.430

Paul Baxter: Know,

633

00:59:01.560 --> 00:59:01.890

Paul Baxter: That

634

00:59:09.450 --> 00:59:12.960

Town of Parish: I think that's what we were told me that the lifespan was born.

635

00:59:13.950 --> 00:59:14.280

Or

636

00:59:16.080 --> 00:59:17.040

Town of Parish: Point me

637

00:59:17.430 --> 00:59:19.530

Town of Parish: In some way, there's

638

00:59:21.390 --> 00:59:24.150

Town of Parish: Going to be out to me. Interesting is d

639

00:59:26.130 --> 00:59:28.500

Town of Parish: There we go down.

640

00:59:28.800 --> 00:59:29.520

Everything.

641

00:59:34.080 --> 00:59:34.500

Town of Parish: You know,

642

00:59:38.940 --> 00:59:39.330

We don't

643

00:59:49.410 --> 00:59:50.610

Town of Parish: Yeah.

644

01:00:09.090 --> 01:00:09.720

Town of Parish: Is

645

01:00:18.750 --> 01:00:25.740

Town of Parish: Good evening. So the previous engineering your board was the Scots was

646

01:00:25.740 --> 01:00:27.480

Town of Parish: Written really

647

01:00:27.660 --> 01:00:29.910

Town of Parish: To status by merely

648

01:00:30.420 --> 01:00:31.980

Town of Parish: If your environment.

649

01:00:34.890 --> 01:00:36.420

Paul Baxter: So us. Yay.

650

01:00:38.100 --> 01:00:40.560

Paul Baxter: Their own process and their own requirements.

651

01:00:43.380 --> 01:00:44.280  
Paul Baxter: And

652  
01:00:44.400 --> 01:00:46.440  
Paul Baxter: They have series Bolton's

653  
01:00:47.280 --> 01:00:48.120  
Paul Baxter: Guys.

654  
01:00:48.210 --> 01:00:48.960  
Out there.

655  
01:00:50.190 --> 01:00:51.840  
Paul Baxter: Is a seven years.

656  
01:00:53.220 --> 01:00:57.150  
Town of Parish: Basically I'm hearing that your report.

657  
01:00:57.630 --> 01:00:58.770  
Town of Parish: So all we did

658  
01:00:58.830 --> 01:01:01.740  
Paul Baxter: Was we were doing engineering reports.

659  
01:01:03.060 --> 01:01:05.760  
Paul Baxter: And other experience there may be some items.

660  
01:01:05.820 --> 01:01:08.670  
Paul Baxter: That I need us as

661  
01:01:10.080 --> 01:01:10.650  
Paul Baxter: Requirements.

662  
01:01:11.910 --> 01:01:12.780  
Paul Baxter: Reports.

663  
01:01:19.470 --> 01:01:30.690  
Paul Baxter: And he said, well, we work with the sales engineer Marci Newman and you know her to be a very thorough reviewer article

664  
01:01:33.000 --> 01:01:34.380

Paul Baxter: You had very record.

665

01:01:34.380 --> 01:01:38.580

Town of Parish: So through and I had a number of times and

666

01:01:40.170 --> 01:01:42.150

Paul Baxter: This one also received comments as

667

01:01:42.240 --> 01:01:47.940

Paul Baxter: We just stand out so he did I call her a perfunctory quite ready

668

01:01:48.960 --> 01:01:49.890

Town of Parish: And

669

01:01:50.910 --> 01:01:52.470

Town of Parish: A lot of comments on there.

670

01:01:53.910 --> 01:01:58.530

Paul Baxter: You can actually answer fairly short order. There are some very big ticket.

671

01:01:58.530 --> 01:02:00.330

Paul Baxter: Items on here.

672

01:02:00.450 --> 01:02:03.000

Paul Baxter: And I'll focus on for our sessions and

673

01:02:03.330 --> 01:02:04.470

Paul Baxter: You can go as a mother.

674

01:02:06.420 --> 01:02:08.970

Town of Parish: Or our session tonight biggest

675

01:02:11.670 --> 01:02:12.990

Paul Baxter: Item number six.

676

01:02:13.020 --> 01:02:14.880

Town of Parish: Which is discussion, I guess.

677

01:02:15.900 --> 01:02:16.560

Town of Parish: Alternatives.

678

01:02:18.660 --> 01:02:20.730

Town of Parish: In previous engineer and more really focused

679

01:02:21.750 --> 01:02:28.380

Paul Baxter: On alternative or during the village town water and a source.

680

01:02:29.010 --> 01:02:36.570

Paul Baxter: Connection. So when you see a virus. This you exhaust all other examination.

681

01:02:37.830 --> 01:02:43.350

Town of Parish: Awesome source other alternatives to your system getting water.

682

01:02:45.480 --> 01:02:46.500

Town of Parish: Supply system.

683

01:02:49.200 --> 01:02:50.370

Paul Baxter: And I would also like to

684

01:02:50.370 --> 01:02:50.760

Town of Parish: Point out

685

01:02:51.810 --> 01:02:53.550

Paul Baxter: This is just some of the pounds for

686

01:02:53.550 --> 01:02:55.080

Paul Baxter: This be here. I see.

687

01:02:58.710 --> 01:02:59.160

Town of Parish: Here.

688

01:03:00.900 --> 01:03:01.620

Paul Baxter: Actually, the

689

01:03:01.860 --> 01:03:02.940

Paul Baxter: lady sitting next to me.

690

01:03:05.580 --> 01:03:06.240

Paul Baxter: So,

691

01:03:06.570 --> 01:03:08.520

Paul Baxter: If you're familiar with the process.

692

01:03:09.960 --> 01:03:11.460

Paul Baxter: You can't get through this.

693

01:03:11.670 --> 01:03:13.050

Paul Baxter: Interview with you.

694

01:03:14.010 --> 01:03:15.060

This report.

695

01:03:16.110 --> 01:03:16.860

Paul Baxter: To say

696

01:03:16.920 --> 01:03:19.350

Town of Parish: As written back in 2018 would require

697

01:03:24.480 --> 01:03:24.990

Town of Parish: Any questions.

698

01:03:26.100 --> 01:03:27.390

Town of Parish: So far to

699

01:03:27.480 --> 01:03:29.640

Town of Parish: Be a little more detail. Besides simple

700

01:03:34.980 --> 01:03:35.640

Town of Parish: About

701

01:03:35.760 --> 01:03:36.210

The

702

01:03:40.680 --> 01:03:42.750

Paul Baxter: Looking at aliens courses.

703

01:03:43.260 --> 01:03:43.950

Is my

704

01:03:46.110 --> 01:03:46.860

Town of Parish: Answer to

705

01:03:47.370 --> 01:03:47.880

Develop

706

01:03:50.100 --> 01:03:51.000

Town of Parish: Your own love

707

01:03:51.450 --> 01:03:54.480

Town of Parish: Using a service like what other hand

708

01:03:54.870 --> 01:03:56.880

Town of Parish: They were detail.

709

01:03:58.260 --> 01:04:03.270

Town of Parish: Review that report. Some of the items have already been explored. So let's

710

01:04:04.800 --> 01:04:05.310

Town of Parish: Update.

711

01:04:06.990 --> 01:04:11.130

Town of Parish: We reviewed earlier and yummy you

712

01:04:14.040 --> 01:04:14.310

Town of Parish: Us.

713

01:04:14.400 --> 01:04:17.010

Town of Parish: The data that

714

01:04:17.280 --> 01:04:22.530

Town of Parish: Those are some pretty heavy. So the remaining I am keatley

715

01:04:22.650 --> 01:04:24.750

Town of Parish: Engineering technical and

716

01:04:26.700 --> 01:04:28.710

Town of Parish: And they also have some

717

01:04:31.290 --> 01:04:34.830

Paul Baxter: Others some underlying disagree in

718

01:04:38.160 --> 01:04:38.430

Town of Parish: An

719

01:04:40.980 --> 01:04:41.910

Agency, so we

720

01:04:48.060 --> 01:04:48.690

Town of Parish: Really a

721

01:04:51.450 --> 01:04:51.990

Paul Baxter: Minute.

722

01:05:01.920 --> 01:05:02.610

Town of Parish: See

723

01:05:04.890 --> 01:05:05.580

Town of Parish: He's very

724

01:05:07.980 --> 01:05:09.180

Town of Parish: Thing about the air. I

725

01:05:13.410 --> 01:05:16.110

Paul Baxter: Really only, the only funding agency that's

726

01:05:16.140 --> 01:05:18.510

Town of Parish: Actually boring nature.

727

01:05:18.870 --> 01:05:19.470

Town of Parish: Where we are

728

01:05:22.440 --> 01:05:23.190

Town of Parish: Getting something that

729

01:05:24.510 --> 01:05:24.900

Town of Parish: Is

730

01:05:24.930 --> 01:05:26.010  
Town of Parish: Probably very good

731

01:05:37.860 --> 01:05:41.430  
Paul Baxter: And the reason there's there's gonna be some back and forth  
and some

732

01:05:41.430 --> 01:05:43.050  
Paul Baxter: Other agencies to go through

733

01:05:43.860 --> 01:05:44.550  
Town of Parish: And you read these

734

01:05:52.290 --> 01:05:52.800  
Paul Baxter: Out.

735

01:05:53.850 --> 01:05:54.180  
Town of Parish: And

736

01:05:56.520 --> 01:05:57.330  
Paul Baxter: Whatever.

737

01:06:26.220 --> 01:06:26.760  
Paul Baxter: Are

738

01:06:37.980 --> 01:06:38.670  
Town of Parish: Summer months.

739

01:06:45.240 --> 01:06:45.540  
Town of Parish: With

740

01:06:54.750 --> 01:06:55.650  
Town of Parish: The plan.

741

01:06:56.370 --> 01:06:57.270  
Town of Parish: This is a

742

01:07:01.860 --> 01:07:02.400  
Paul Baxter: Really

743

01:07:05.250 --> 01:07:05.580

Paul Baxter: Great.

744

01:07:28.200 --> 01:07:28.830  
Town of Parish: Better

745

01:07:35.790 --> 01:07:36.930  
Town of Parish: I think

746

01:07:38.100 --> 01:07:39.300  
Paul Baxter: We have me

747

01:07:54.120 --> 01:07:54.480  
Town of Parish: Right.

748

01:08:07.680 --> 01:08:08.010  
Town of Parish: The

749

01:08:10.920 --> 01:08:11.220  
Town of Parish: Issue.

750

01:08:12.450 --> 01:08:12.600  
And

751

01:08:14.190 --> 01:08:15.180  
You could still

752

01:08:17.310 --> 01:08:17.700  
Sleep.

753

01:08:20.070 --> 01:08:21.180  
Paul Baxter: Before this guy.

754

01:08:22.500 --> 01:08:22.860  
Paul Baxter: So,

755

01:08:27.780 --> 01:08:29.460  
Town of Parish: Yes. They've already said.

756

01:08:32.970 --> 01:08:33.180  
Yes.

757  
01:08:36.570 --> 01:08:40.530  
Paul Baxter: So, so you have to like we're not ready.

758  
01:08:44.790 --> 01:08:45.330  
Paul Baxter: Saying

759  
01:08:49.560 --> 01:08:50.010  
Paul Baxter: Yeah.

760  
01:08:53.700 --> 01:08:54.450  
Town of Parish: Now,

761  
01:09:03.690 --> 01:09:04.080  
Paul Baxter: Yeah.

762  
01:09:06.990 --> 01:09:07.320  
Which

763  
01:09:12.180 --> 01:09:12.630  
Town of Parish: One.

764  
01:09:16.530 --> 01:09:16.890  
Town of Parish: Do

765  
01:09:19.110 --> 01:09:19.980  
Town of Parish: You remember

766  
01:09:22.290 --> 01:09:22.980  
Town of Parish: Like

767  
01:09:31.560 --> 01:09:32.430  
Town of Parish: This is why

768  
01:09:35.370 --> 01:09:36.480  
Town of Parish: They all carry

769  
01:09:52.290 --> 01:09:53.070  
A Belgian

770  
01:09:57.240 --> 01:09:58.560

Town of Parish: additional dollars.

771

01:09:58.650 --> 01:09:59.430

As

772

01:10:00.600 --> 01:10:02.280

Town of Parish: The batteries are on

773

01:10:02.880 --> 01:10:03.480

So,

774

01:10:12.420 --> 01:10:12.750

Town of Parish: Yeah.

775

01:10:17.010 --> 01:10:17.490

Town of Parish: A

776

01:10:22.110 --> 01:10:22.680

Town of Parish: Foreign

777

01:10:30.390 --> 01:10:30.720

Paul Baxter: Policy.

778

01:10:32.370 --> 01:10:35.700

Town of Parish: About me and through because around

779

01:10:39.600 --> 01:10:41.250

Town of Parish: Us. We're now.

780

01:10:43.140 --> 01:10:43.470

Town of Parish: This is

781

01:10:45.000 --> 01:10:45.660

Town of Parish: Way.

782

01:10:46.320 --> 01:10:47.490

Town of Parish: Before we know

783

01:10:48.840 --> 01:10:49.920

Paul Baxter: That red flag.

784

01:10:53.790 --> 01:10:54.810

Paul Baxter: Because we

785

01:10:54.900 --> 01:10:56.130

Town of Parish: Would not make a ton of

786

01:10:57.330 --> 01:10:58.590

Paul Baxter: money doing it.

787

01:10:59.910 --> 01:11:00.270

Paul Baxter: Right.

788

01:11:20.280 --> 01:11:20.550

Paul Baxter: It would

789

01:11:22.170 --> 01:11:22.470

Town of Parish: Be

790

01:11:26.400 --> 01:11:27.210

Paul Baxter: If you don't know

791

01:11:29.340 --> 01:11:30.060

Paul Baxter: Your sugars.

792

01:11:30.390 --> 01:11:32.160

Town of Parish: No great

793

01:11:33.570 --> 01:11:33.960

Paul Baxter: So,

794

01:11:35.580 --> 01:11:37.500

Town of Parish: We're gonna be in

795

01:11:37.890 --> 01:11:40.260

Paul Baxter: Town. Where is the

796

01:11:40.350 --> 01:11:41.340

Town of Parish: Boy well

797

01:11:43.110 --> 01:11:43.290

Done.

798

01:11:52.860 --> 01:11:53.190

Paul Baxter: As

799

01:11:58.200 --> 01:11:58.620

Town of Parish: Well,

800

01:12:01.980 --> 01:12:02.040

Town of Parish: If

801

01:12:04.170 --> 01:12:04.590

Town of Parish: You

802

01:12:08.190 --> 01:12:08.460

Town of Parish: Live

803

01:12:09.720 --> 01:12:10.920

Town of Parish: In this home.

804

01:12:14.400 --> 01:12:15.960

Town of Parish: You might want minute

805

01:12:17.100 --> 01:12:17.520

Town of Parish: Period.

806

01:12:24.180 --> 01:12:26.370

Town of Parish: Or period. And so it's

807

01:12:29.910 --> 01:12:32.820

Town of Parish: Saying I'm saying for the

808

01:12:34.410 --> 01:12:34.980

Town of Parish: Time.

809

01:12:36.720 --> 01:12:37.200

Town of Parish: Being

810

01:12:47.670 --> 01:12:48.180

Town of Parish: For

811

01:12:48.270 --> 01:12:49.110

Town of Parish: The next four years.

812

01:12:57.720 --> 01:13:01.380

Town of Parish: Yeah, maybe this will do anything weren't

813

01:13:02.760 --> 01:13:03.630

Town of Parish: Little

814

01:13:04.620 --> 01:13:05.970

Town of Parish: You know, if you're going to need

815

01:13:07.680 --> 01:13:07.980

Town of Parish: To get

816

01:13:08.760 --> 01:13:10.140

Town of Parish: down now.

817

01:13:11.790 --> 01:13:14.400

Town of Parish: Cheerio warning if you don't

818

01:13:15.450 --> 01:13:15.930

Town of Parish: See

819

01:13:18.270 --> 01:13:20.520

Town of Parish: And learn right

820

01:13:22.230 --> 01:13:23.580

Town of Parish: And that's why you're doing all this

821

01:13:24.630 --> 01:13:26.130

Town of Parish: Work we know

822

01:13:28.800 --> 01:13:30.930

Town of Parish: That are in

823

01:13:54.030 --> 01:13:54.390

Town of Parish: Like

824

01:13:55.950 --> 01:13:56.640

Town of Parish: You said

825

01:13:56.760 --> 01:13:57.570

Town of Parish: The first day.

826

01:13:57.810 --> 01:13:59.040

Town of Parish: Or the border with that.

827

01:14:00.930 --> 01:14:01.410

Town of Parish: Theory.

828

01:14:03.960 --> 01:14:04.470

Town of Parish: That

829

01:14:04.560 --> 01:14:06.510

Town of Parish: I immediately.

830

01:14:09.540 --> 01:14:13.350

Town of Parish: Revolution nature it required information.

831

01:14:14.010 --> 01:14:15.840

Town of Parish: Following a public hearing

832

01:14:15.900 --> 01:14:19.470

Town of Parish: With the board major finding that increases our

833

01:14:20.550 --> 01:14:26.340

Town of Parish: little corner. He will repair understanding who orders to

834

01:14:27.660 --> 01:14:30.300

Town of Parish: Be able to

835

01:14:32.520 --> 01:14:35.700

Town of Parish: Get the order oversight is

836

01:14:38.490 --> 01:14:40.950

Town of Parish: From their account and preparing

837

01:14:42.150 --> 01:14:42.960

Town of Parish: That will be on

838  
01:14:45.960 --> 01:14:46.680  
Town of Parish: I will be

839  
01:14:52.500 --> 01:14:52.830  
He

840  
01:14:54.840 --> 01:14:55.650  
Will be

841  
01:14:58.470 --> 01:15:00.030  
Town of Parish: So, very good.

842  
01:15:04.800 --> 01:15:06.990  
Town of Parish: And we are

843  
01:15:07.380 --> 01:15:07.950  
Town of Parish: In your hands.

844  
01:15:11.910 --> 01:15:12.150  
Town of Parish: You

845  
01:15:19.560 --> 01:15:19.890  
Town of Parish: Know,

846  
01:15:22.470 --> 01:15:22.650  
Town of Parish: No.

847  
01:15:26.700 --> 01:15:27.330  
Town of Parish: It's not

848  
01:15:32.280 --> 01:15:33.480  
Town of Parish: The first time I'm

849  
01:15:36.090 --> 01:15:36.480  
Town of Parish: Hearing

850  
01:15:45.360 --> 01:15:46.260  
Town of Parish: Know,

851  
01:15:55.980 --> 01:15:57.150

Town of Parish: Or maybe you

852

01:16:03.960 --> 01:16:04.440

Town of Parish: Need

853

01:16:07.050 --> 01:16:07.590

Paul Baxter: These guys

854

01:16:08.400 --> 01:16:12.210

Town of Parish: She had a meeting. Okay, you're not getting

855

01:16:13.410 --> 01:16:13.740

Town of Parish: This is

856

01:16:13.890 --> 01:16:14.340

Awesome.

857

01:16:15.390 --> 01:16:15.720

Town of Parish: And

858

01:16:16.350 --> 01:16:16.710

It.

859

01:16:20.220 --> 01:16:20.700

Town of Parish: Was

860

01:16:24.060 --> 01:16:24.840

Town of Parish: Actually

861

01:16:29.040 --> 01:16:30.360

Town of Parish: Grant and

862

01:16:35.040 --> 01:16:37.800

Town of Parish: day you eat your dinner gaming.

863

01:16:38.670 --> 01:16:40.200

Town of Parish: He decided to go

864

01:16:41.010 --> 01:16:45.720

Town of Parish: To go home and then all that different than what you're told.

865

01:16:46.650 --> 01:16:47.160

And what they

866

01:16:49.050 --> 01:16:49.650

Town of Parish: Want to make

867

01:16:53.010 --> 01:16:53.400

The

868

01:16:55.110 --> 01:16:55.440

Town of Parish: First

869

01:16:57.750 --> 01:16:59.130

Town of Parish: Step to

870

01:17:02.340 --> 01:17:04.530

Town of Parish: Loss. Yeah. The second

871

01:17:05.580 --> 01:17:07.470

Town of Parish: Scenario A little while ago.

872

01:17:08.820 --> 01:17:09.270

Town of Parish: Okay.

873

01:17:15.090 --> 01:17:16.860

Town of Parish: And we don't know limit to the

874

01:17:17.940 --> 01:17:19.560

Town of Parish: Show after the

875

01:17:24.780 --> 01:17:25.230

Town of Parish: Tool.

876

01:17:27.990 --> 01:17:28.320

Town of Parish: Yes.

877

01:17:33.990 --> 01:17:35.460

Town of Parish: No, there's no

878

01:17:43.830 --> 01:17:47.130  
Town of Parish: More MORNING. GOOD EVENING. Yeah.

879  
01:18:20.310 --> 01:18:22.830  
Paul Baxter: The tenants are the ones have to pay that

880  
01:18:23.670 --> 01:18:24.510  
Town of Parish: The tenants.

881  
01:18:24.870 --> 01:18:33.270  
Town of Parish: If I want to buy an apartment building and my costs went up by \$10,000 a year. That would be spread out to all my candidates.

882  
01:18:37.020 --> 01:18:39.090  
Town of Parish: I imagine that they'll have to figure out

883  
01:18:39.540 --> 01:18:41.880  
Town of Parish: What happens, of all across

884  
01:18:42.780 --> 01:18:43.770  
Town of Parish: United States.

885  
01:18:45.990 --> 01:18:47.340  
We need

886  
01:18:48.960 --> 01:18:49.410  
Town of Parish: To make sure

887  
01:20:18.930 --> 01:20:19.080  
Town of Parish: It.

888

Town of Parish: You don't

892

01:20:34.110 --> 01:20:34.530

Want

893

01:20:35.550 --> 01:20:35.700

Town of Parish: The

899

01:21:22.410 --> 01:21:24.330

Paul Baxter: Why should I be subsidizing

900

01:21:24.420 --> 01:21:25.620

Paul Baxter: With me in

906

01:21:35.280 --> 01:21:35.700

A

907

01:21:37.290 --> 01:21:37.620

Town of Parish: Single

908

01:21:45.600 --> 01:21:47.940

Paul Baxter: This includes meter usage. These

909

01:21:48.390 --> 01:21:49.320

Are you

910

01:21:51.960 --> 01:21:56.430

915

01:22:13.980 --> 01:22:16.140

Paul Baxter: In order to be taken to

916

01:22:17.790 --> 01:22:18.720

917

01:22:22.770 --> 01:22:23.670

More they can

918

01:22:52.890 --> 01:22:53.880

Paul Baxter: Average

919

01:22:53.940 --> 01:22:59.250

Paul Baxter: Cost Per year if somebody gave this to me is an average

920

01:23:04.740 --> 01:23:05.670

Paul Baxter: For you.

921

01:23:07.980 --> 01:23:10.470

Paul Baxter: Commercial user basis of what

925

01:23:21.720 --> 01:23:26.220

Paul Baxter: Map set it up for a second portion of it variable.

926

01:23:26.850 --> 01:23:27.510

Paul Baxter: Of

928

01:23:30.360 --> 01:23:30.690

Here.

929

01:23:32.940 --> 01:23:34.050

Paul Baxter: They said he

930

01:23:34.770 --> 01:23:38.610

Town of Parish: To evaluate edu special

945

01:24:49.260 --> 01:24:49.740

Paul Baxter: Effects are

946

01:24:49.980 --> 01:24:50.520

Very different.

947

01:24:54.480 --> 01:24:54.870

Paul Baxter: From

948

01:24:54.900 --> 01:24:56.490

Town of Parish: Mine and usage.

949

01:24:56.850 --> 01:24:58.260

Paul Baxter: A little

1037

01:35:26.550 --> 01:35:27.480

Increase over

1038

01:35:28.740 --> 01:35:30.120

Paul Baxter: The portion of that.

1039

01:35:30.570 --> 01:35:33.090  
Paul Baxter: \$900 to get

01:36:21.120 --> 01:36:24.600  
Town of Parish: And then the top of the water taller than everybody lived long

1047

01:36:24.630 --> 01:36:25.830  
Town of Parish: Enough. It's going to be using

1048

01:36:26.130 --> 01:36:30.060  
Town of Parish: Isn't a way to share that across over the next all the water districts

1049

01:36:30.270 --> 01:36:34.320  
Town of Parish: If you filled with me as we go, Lord, just chatting.

01:37:02.850 --> 01:37:04.890

Town of Parish: And then that would lower the EDU for

1057

01:37:16.020 --> 01:37:17.880

Town of Parish: They would have in our top three and get

1058

01:37:20.100 --> 01:37:21.000

Town of Parish: Your neck neck.

1059

01:37:23.100 --> 01:37:25.170

Town of Parish: Right.

1068  
01:38:11.400 --> 01:38:13.710  
Town of Parish: we attempt to get to it. Okay.

1069  
01:38:18.030 --> 01:38:18.570  
Paul Baxter: Damn.

1070  
01:38:18.990 --> 01:38:19.380  
Oh,

1071  
01:38:28.650 --> 01:38:29.670  
Paul Baxter: views across

1072  
01:38:29.760 --> 01:38:32.070  
Town of Parish: And you're probably going to go up next year.

1073  
01:38:33.900 --> 01:38:35.310  
Town of Parish: I think that fear.

1074  
01:38:36.720 --> 01:38:36.780  
Town of Parish: Of

1075  
01:38:39.060 --> 01:38:40.410  
Town of Parish: Not having great

1076  
01:38:41.130 --> 01:38:43.950  
Town of Parish: ever grow, but I would want to create next

1077  
01:39:02.070 --> 01:39:02.580  
Town of Parish: I think

1078  
01:39:05.340 --> 01:39:06.150  
Town of Parish: We were made.

1079

01:39:10.110 --> 01:39:10.800

Town of Parish: For

1080

01:39:18.210 --> 01:39:19.920

Town of Parish: Fun, relax.

1081

01:40:04.290 --> 01:40:04.680

Town of Parish: People

1082

01:40:13.980 --> 01:40:16.710

Paul Baxter: I need to go shake my neighbors to say no.

1083

01:40:20.550 --> 01:40:20.790

Town of Parish: For

1084

01:40:21.900 --> 01:40:22.650

Town of Parish: Sure.

1085

01:40:27.300 --> 01:40:27.630

Town of Parish: Maybe

1086

01:40:28.710 --> 01:40:30.390

Town of Parish: Anyway, yeah.

1087

01:40:31.770 --> 01:40:35.490

Town of Parish: Yeah, we're done. The question. Oh, 707

1088

01:40:36.720 --> 01:40:37.440

Town of Parish: Was the last

1089

01:40:39.990 --> 01:40:41.160

Town of Parish: water usage.

1090

01:40:42.900 --> 01:40:43.560

It did.

1091

01:40:44.910 --> 01:40:45.420

Town of Parish: That's why I'm

1092

01:40:48.090 --> 01:40:49.350  
Town of Parish: An average of one

1093  
01:41:09.240 --> 01:41:10.320  
Town of Parish: Waiting to

1094  
01:41:10.650 --> 01:41:14.280  
Town of Parish: Do we have choice data public hearing Meteor

1095  
01:41:31.380 --> 01:41:32.850  
Town of Parish: Yes, for

1096  
01:41:39.300 --> 01:41:44.490  
Town of Parish: Sure we should thank you all for coming. Thank you. That was excellent.

1097  
01:43:11.280 --> 01:43:11.970  
Town of Parish: Talked about

1098  
01:43:14.730 --> 01:43:15.150  
Town of Parish: For

1099  
01:43:25.680 --> 01:43:26.460  
Town of Parish: Sharing

1100  
01:44:09.900 --> 01:44:10.890  
Paul Baxter: Going to your own

1101  
01:44:11.190 --> 01:44:11.640  
Personal

1102  
01:44:29.520 --> 01:44:30.720  
Town of Parish: Yes, all

1103  
01:44:36.960 --> 01:44:41.370  
Town of Parish: The bills. First one is budget modifications.

1104  
01:44:44.010 --> 01:44:45.450  
Town of Parish: manageable for the hybrid of

1105  
01:44:47.880 --> 01:44:48.480

Town of Parish: Paper.

1106

01:44:54.840 --> 01:44:55.170

Town of Parish: And then

1107

01:44:56.700 --> 01:45:01.560

Town of Parish: Yesterday by me as they have been invited to this hold

1108

01:45:01.560 --> 01:45:04.800

Town of Parish: On one second, please. Other people talk to them or whatever.

1109

01:45:05.940 --> 01:45:08.910

Town of Parish: Spoken before but we didn't have that kind of work.

1110

01:45:11.340 --> 01:45:13.800

Town of Parish: Together last year. So that's what that was.

1111

01:45:15.450 --> 01:45:18.930

Town of Parish: So I made a motion to approve the budget modifications for September.

1112

01:45:19.740 --> 01:45:21.690

Town of Parish: Oh, which means that there

1113

01:45:26.310 --> 01:45:27.150

Town of Parish: Are seven

1114

01:45:27.810 --> 01:45:29.250

Town of Parish: Roll call, please.

1115

01:45:32.940 --> 01:45:33.510

Town of Parish: Yeah.

1116

01:46:08.970 --> 01:46:09.660

Paul Baxter: Know,

1117

01:46:32.250 --> 01:46:34.890

Town of Parish: Martinez can stop the clock.

1118

01:46:35.820 --> 01:46:37.350

Town of Parish: For joining me here at

1119

01:46:38.550 --> 01:46:39.900

Paul Baxter: The disposable was

1120

01:46:41.640 --> 01:46:42.330

Town of Parish: To provide

1121

01:46:44.760 --> 01:46:46.200

Paul Baxter: Basic way. Amen.

1122

01:46:49.560 --> 01:46:49.980

Town of Parish: Amen.

1123

01:46:51.390 --> 01:46:52.170

Town of Parish: Where

1124

01:46:52.980 --> 01:46:53.970

Town of Parish: He was

1125

01:46:55.020 --> 01:46:56.430

Town of Parish: He was holding

1126

01:46:58.200 --> 01:46:58.560

Town of Parish: No.

1127

01:47:00.000 --> 01:47:00.360

Town of Parish: No.

1128

01:47:06.360 --> 01:47:06.750

Town of Parish: No.

1129

01:47:15.600 --> 01:47:16.650

Town of Parish: I free

1130

01:47:25.110 --> 01:47:25.620

Town of Parish: Version.

1131

01:47:31.050 --> 01:47:32.040

Town of Parish: Somewhere.

1132

01:47:33.660 --> 01:47:34.020  
Town of Parish: On

1133

01:47:34.800 --> 01:47:35.280  
Town of Parish: This one.

1134

01:47:35.430 --> 01:47:35.820  
Okay.

1135

01:47:37.770 --> 01:47:38.460  
Town of Parish: I'm not sure.

1136

01:47:42.660 --> 01:47:43.140  
Town of Parish: At all.

1137

01:47:49.470 --> 01:47:49.770  
Town of Parish: Right.

1138

01:47:50.850 --> 01:47:51.150  
Paul Baxter: Now,

1139

01:47:51.510 --> 01:47:52.290  
Town of Parish: To the bills.

1140

01:47:53.220 --> 01:47:56.400  
Town of Parish: You may have received different copies of

1141

01:47:57.090 --> 01:47:58.860  
Town of Parish: Less than vouchers.

1142

01:47:59.340 --> 01:48:00.900  
Town of Parish: One from the accounting department and

1143

01:48:01.410 --> 01:48:03.690  
Town of Parish: I'm assuming he got one from you.

1144

01:48:11.820 --> 01:48:13.980  
Town of Parish: And you didn't say you gave to me. That's why I asked.

1145

01:48:16.950 --> 01:48:18.480

Town of Parish: The list.

1146

01:48:19.620 --> 01:48:22.350

Town of Parish: That me and Sam, but also from

1147

01:48:24.960 --> 01:48:35.160

Town of Parish: The south where I showed, I showed you the production to be estimated she put them in place. What I wanted to do was I wanted to show you what we have to go through every month to do these

1148

01:48:36.780 --> 01:48:38.850

Town of Parish: Things that she gives it to us and then we don't

1149

01:48:41.190 --> 01:48:41.970

Town of Parish: Know do

1150

01:48:44.160 --> 01:48:44.520

Town of Parish: We know

1151

01:48:44.760 --> 01:48:48.030

Town of Parish: Every time she puts the learn and she said in the past.

1152

01:48:48.090 --> 01:48:48.960

Town of Parish: This time I like

1153

01:48:49.590 --> 01:48:50.250

Town of Parish: To show

1154

01:48:50.610 --> 01:48:52.860

Town of Parish: We're doing duplicate work sometimes

1155

01:48:54.090 --> 01:48:58.590

Town of Parish: Which is crazy should be done by my department and they don't want to do that.

1156

01:48:58.590 --> 01:49:02.580

Town of Parish: So, today's the practice of the vouchers.

1157

01:49:02.790 --> 01:49:03.270

Town of Parish: I'm sorry.

1158

01:49:03.510 --> 01:49:06.510

Town of Parish: The capital of the bills that are given to us by the till

1159

01:49:11.460 --> 01:49:11.760

Town of Parish: Now,

1160

01:49:16.890 --> 01:49:17.250

Me.

1161

01:49:25.560 --> 01:49:27.420

Town of Parish: But my point is, by law.

1162

01:49:29.100 --> 01:49:30.510

Town of Parish: To pay a bill.

1163

01:49:30.840 --> 01:49:31.260

Slowly

1164

01:49:32.370 --> 01:49:33.390

Town of Parish: Around until

1165

01:49:33.840 --> 01:49:34.530

The vultures

1166

01:49:36.180 --> 01:49:42.180

Town of Parish: inside the tube to put the signature supposed to be shows. Number one, you need to receive

1167

01:49:42.210 --> 01:49:43.200

Town of Parish: The either or this

1168

01:49:47.880 --> 01:49:48.390

Town of Parish: So I

1169

01:49:48.450 --> 01:49:52.290

Town of Parish: Know that shows up any of these girls were saying about anybody

1170

01:49:52.860 --> 01:49:55.140

Town of Parish: The one that helped you gave you

1171

01:49:55.560 --> 01:49:59.310

Town of Parish: For the mileage. I had no idea until I actually

1172

01:50:07.230 --> 01:50:07.410

Town of Parish: The

1173

01:50:07.500 --> 01:50:10.200

Town of Parish: accounting department is supposed to receive the

1174

01:50:10.260 --> 01:50:12.330

Town of Parish: Goals with signature so that we know that

1175

01:50:21.630 --> 01:50:23.520

Town of Parish: We're supposed to send your business.

1176

01:50:23.610 --> 01:50:30.210

Town of Parish: Plan. So my question to you is, I have no problem with doing it and brought it up to you.

1177

01:50:30.660 --> 01:50:32.070

Town of Parish: Most of them, it should be.

1178

01:50:32.490 --> 01:50:34.680

Town of Parish: For when we had thought just

1179

01:50:34.890 --> 01:50:36.540

Town of Parish: Attached to them, which is

1180

01:50:37.830 --> 01:50:43.980

Town of Parish: This demographic the bills and she's doing it. So we get it regardless of the reason it doesn't receive

1181

01:50:50.310 --> 01:50:50.850

Town of Parish: Hello.

1182

01:51:03.870 --> 01:51:04.500

Town of Parish: Okay.

1183

01:51:06.840 --> 01:51:07.830

Paul Baxter: According to

1184

01:51:08.490 --> 01:51:12.360  
Paul Baxter: All state capitals in the Account page.

1185  
01:51:13.410 --> 01:51:14.640  
Paul Baxter: It has to be signed.

1186  
01:51:14.640 --> 01:51:15.600  
Town of Parish: By department.

1187  
01:51:16.920 --> 01:51:18.450  
Town of Parish: She had ordered something that

1188  
01:51:18.870 --> 01:51:20.940  
Paul Baxter: I'm actually saying, yeah, yeah.

1189  
01:51:21.180 --> 01:51:21.540  
Town of Parish: That is a

1190  
01:51:21.900 --> 01:51:22.860  
Paul Baxter: Department to

1191  
01:51:23.430 --> 01:51:24.030  
Town of Parish: Sit on

1192  
01:51:24.120 --> 01:51:25.530  
Town of Parish: A boardroom pays the bill.

1193  
01:51:25.800 --> 01:51:28.380  
Town of Parish: This is probably not supposed to be.

1194  
01:51:28.650 --> 01:51:31.410  
Town of Parish: You don't know because you weren't here before.

1195  
01:51:31.650 --> 01:51:32.310  
Town of Parish: The other ones.

1196  
01:51:33.450 --> 01:51:34.620  
Town of Parish: And that she can only

1197  
01:51:34.680 --> 01:51:35.640  
Town of Parish: Make it change.

1198

01:51:36.390 --> 01:51:38.310

Town of Parish: The process is supposed to be.

1199

01:51:38.670 --> 01:51:38.940

I

1200

01:51:40.080 --> 01:51:40.800

Town of Parish: Wanted to do

1201

01:51:41.160 --> 01:51:42.060

Town of Parish: The next month.

1202

01:51:42.210 --> 01:51:43.500

Town of Parish: If I have to deal

1203

01:51:43.950 --> 01:51:44.640

With signature.

1204

01:51:46.980 --> 01:51:48.390

Town of Parish: And do we have to do.

1205

01:51:58.470 --> 01:51:58.770

Paul Baxter: Nice.

1206

01:51:59.130 --> 01:51:59.460

Town of Parish: To meet

1207

01:52:04.170 --> 01:52:04.650

Paul Baxter: You

1208

01:52:15.180 --> 01:52:16.800

Town of Parish: I'm looking for the department head.

1209

01:52:17.670 --> 01:52:18.990

Town of Parish: Supply service.

01:52:20.490 --> 01:52:21.660

You guys started. Yeah.

1211

01:53:09.840 --> 01:53:10.440  
Paul Baxter: They'll show

1212  
01:53:30.150 --> 01:53:30.600  
Paul Baxter: Hey,

1213  
01:54:02.190 --> 01:54:02.850  
Paul Baxter: A

1214  
01:54:03.630 --> 01:54:04.050  
Paul Baxter: Girl.

1215  
01:54:04.260 --> 01:54:05.580  
Paul Baxter: This is a subsidiary

1216  
01:54:07.230 --> 01:54:09.870  
Paul Baxter: A look at it. There's none.

1217  
01:54:10.350 --> 01:54:16.080  
Town of Parish: told not to get told you not to do that. They are at the  
fiscal want to

1218  
01:54:19.440 --> 01:54:22.650  
Paul Baxter: KNOW WE DID DA DEE DEE. Why can't you do

1219  
01:54:26.160 --> 01:54:28.290  
Town of Parish: These are just different account subsidy.

1220  
01:54:28.620 --> 01:54:29.880  
Subsidiary account.

1221  
01:54:46.080 --> 01:54:46.740  
Town of Parish: Separate

1222  
01:54:55.230 --> 01:54:55.980  
Paul Baxter: Told me

1223  
01:55:00.510 --> 01:55:01.950  
Paul Baxter: It's not in the budget like that for

1224  
01:55:02.010 --> 01:55:03.330

Paul Baxter: Me. Why is that

1225

01:55:04.350 --> 01:55:04.680

Paul Baxter: Because it's

1226

01:55:06.630 --> 01:55:10.230

Town of Parish: I don't care what they need to do all you don't have any

1227

01:55:10.320 --> 01:55:12.060

Town of Parish: And you choose to do to nothing.

1228

01:55:28.320 --> 01:55:28.830

Paul Baxter: Emotion.

1229

01:55:31.350 --> 01:55:31.980

Paul Baxter: A

1230

01:55:33.510 --> 01:55:40.230

Paul Baxter: General quantum White Plains. One day, one tool for \$18,000 for

1231

01:55:42.780 --> 01:55:43.410

Paul Baxter: A second

1232

01:55:47.580 --> 01:55:49.140

Paul Baxter: Roll call vote, please.

1233

01:55:53.100 --> 01:55:53.580

Paul Baxter: Yeah.

1234

01:56:08.850 --> 01:56:11.970

Paul Baxter: Okay. See, I didn't want to focus

1235

01:56:13.830 --> 01:56:18.840

Town of Parish: On TV, but she didn't give you the first one, some of them around network aims to be on

1236

01:56:19.320 --> 01:56:21.300

Town of Parish: So we move demonstrated director

1237

01:56:21.930 --> 01:56:27.600

Town of Parish: And also to have to be gentle on town or village, things will be three.

1238

01:56:28.620 --> 01:56:30.000

Town of Parish: Steps to acquire

1239

01:56:35.520 --> 01:56:36.570

Town of Parish: Hopefully,

1240

01:56:42.090 --> 01:56:42.600

Town of Parish: Yeah.

1241

01:57:03.540 --> 01:57:03.930

Town of Parish: Can

1242

01:57:04.500 --> 01:57:07.350

Town of Parish: Change emotion to two

1243

01:57:15.570 --> 01:57:15.990

Town of Parish: Hours.

1244

01:57:30.060 --> 01:57:30.630

Town of Parish: Yeah.

1245

01:58:01.950 --> 01:58:02.520

Town of Parish: Washington

1246

01:58:02.640 --> 01:58:03.930

Town of Parish: D one

1247

01:58:05.130 --> 01:58:31.980

\$2,793

1248

01:58:46.050 --> 01:58:46.620

Town of Parish: TV.

1249

01:59:07.230 --> 01:59:07.590

Town of Parish: Yeah.

1250

01:59:25.980 --> 01:59:26.010

Town of Parish: Dogs.

1251

01:59:28.440 --> 01:59:29.130

Town of Parish: Okay.

1252

01:59:32.190 --> 01:59:33.960

Town of Parish: Okay, so before we go any

1253

01:59:34.110 --> 01:59:35.760

Town of Parish: Further question.

1254

01:59:36.690 --> 01:59:38.790

Town of Parish: For whatever reason, we can't. We don't see

1255

01:59:40.710 --> 01:59:42.660

Town of Parish: As many what I do say it's wrong.

1256

01:59:45.660 --> 01:59:46.770

Town of Parish: Something else, or this

1257

01:59:47.880 --> 01:59:49.530

Town of Parish: Or we can't get

1258

01:59:51.420 --> 01:59:53.580

Town of Parish: Into this town supposed to

1259

02:00:11.670 --> 02:00:12.210

Town of Parish: Okay.

1260

02:00:38.790 --> 02:00:40.380

Paul Baxter: changes that need to be made in this

1261

02:00:40.380 --> 02:00:42.390

Paul Baxter: Town. People are all

1262

02:00:51.660 --> 02:00:52.350

Paul Baxter: Very

1263

02:00:55.800 --> 02:00:55.980

Paul Baxter: Very

1264

02:01:20.520 --> 02:01:21.330  
Paul Baxter: Hopefully no

1265  
02:01:31.110 --> 02:01:33.180  
Town of Parish: Border many years ago.

1266  
02:01:37.020 --> 02:01:37.530  
Town of Parish: No.

1267  
02:01:38.970 --> 02:01:39.300  
No.

1268  
02:01:41.460 --> 02:01:41.760  
Town of Parish: Not

1269  
02:01:47.490 --> 02:01:48.360  
Town of Parish: Really

1270  
02:02:08.700 --> 02:02:09.210  
Town of Parish: Need

1271  
02:02:12.840 --> 02:02:14.070  
Town of Parish: Another one.

1272  
02:02:18.240 --> 02:02:18.750  
Town of Parish: Okay.

1273  
02:02:38.490 --> 02:02:39.180  
Town of Parish: Happy

1274  
02:02:46.830 --> 02:02:47.490  
Town of Parish: Okay.

1275  
02:02:54.420 --> 02:02:55.140  
Town of Parish: People

1276  
02:02:57.360 --> 02:02:57.720  
Town of Parish: Here.

1277  
02:03:33.960 --> 02:03:34.590  
Town of Parish: Hey,

1278

02:03:37.980 --> 02:03:39.180

Town of Parish: Mean it

1279

02:03:41.730 --> 02:03:43.410

Town of Parish: Would be beneficial.

1280

02:03:44.730 --> 02:03:45.510

Town of Parish: At all.

1281

02:05:24.510 --> 02:05:25.350

Town of Parish: The water.

1282

02:06:41.940 --> 02:06:42.660

Town of Parish: Well, I have

1283

02:06:45.480 --> 02:06:46.170

Town of Parish: To see

1284

02:06:47.700 --> 02:06:50.760

Town of Parish: Because if we're gonna if we're going to continue to fight at these meetings.

1285

02:06:57.240 --> 02:06:57.810

Town of Parish: Okay.

1286

02:07:05.400 --> 02:07:05.940

Town of Parish: Hello.

1287

02:07:08.280 --> 02:07:08.760

Town of Parish: Law.

1288

02:07:13.980 --> 02:07:14.370

Town of Parish: Right.

1289

02:07:19.890 --> 02:07:22.170

Town of Parish: Welcome. Hey, maybe

1290

02:07:24.720 --> 02:07:25.140

Town of Parish: Even if

1291

02:07:26.550 --> 02:07:28.290

Town of Parish: You don't

1292

02:07:47.760 --> 02:07:48.510

Town of Parish: Experience.

1293

02:07:52.710 --> 02:07:53.940

Town of Parish: People in this board.

1294

02:08:25.980 --> 02:08:36.900

Town of Parish: Put a lot of time to stop. And I don't know about you know about it because I'm going to be better. But in order for you to consider it a lot. Next to go

1295

02:08:38.370 --> 02:08:44.220

Town of Parish: And if it's not going to work together and you mentioned before about the exhibition in the me

1296

02:08:54.720 --> 02:08:55.080

Guys.

1297

02:09:09.000 --> 02:09:10.290

Town of Parish: I'm going to be just doing

1298

02:09:12.810 --> 02:09:14.010

Town of Parish: One, we don't want

1299

02:09:18.840 --> 02:09:20.730

Town of Parish: To go overboard be

1300

02:09:21.780 --> 02:09:22.260

Town of Parish: Here.

1301

02:09:23.340 --> 02:09:26.490

Town of Parish: Or not not working together.

1302

02:09:34.800 --> 02:09:47.010

Town of Parish: So I just like to say as an observer that this is the most communication. I've seen this group doing like if that's awesome, even though it's a little frustrating. I think because the time constraints, the communication is

1303

02:09:48.210 --> 02:09:48.720

Town of Parish: Excellent.

1304

02:09:57.240 --> 02:09:57.480

Town of Parish: Yeah.

1305

02:10:02.730 --> 02:10:05.460

Town of Parish: And it doesn't get straightened out if you don't talk about it.

1306

02:10:12.030 --> 02:10:12.330

Town of Parish: Yeah.

1307

02:10:56.070 --> 02:10:57.180

Town of Parish: takes me a while to do

1308

02:11:01.800 --> 02:11:02.040

Town of Parish: So,

1309

02:11:03.750 --> 02:11:06.060

Town of Parish: Emotion to the resolution.

1310

02:11:10.560 --> 02:11:11.040

Town of Parish: Today,

1311

02:11:16.710 --> 02:11:24.360

Town of Parish: I think one person showed up via zoom and they just had to observe the session. They didn't offer any comments. Okay.

1312

02:11:25.980 --> 02:11:28.980

Revolution and more interested in solar

1313

02:11:31.020 --> 02:11:32.220

Installations within the

1314

02:11:34.320 --> 02:11:35.070

Emotion.

1315

02:11:43.200 --> 02:11:43.950

All separate up

1316

02:12:03.120 --> 02:12:03.630

Town of Parish: Yeah.

1317

02:12:05.190 --> 02:12:07.020

Town of Parish: Sorry for my understanding.

1318

02:12:08.190 --> 02:12:12.240

Town of Parish: Is only for medium and large another new more

1319

02:12:13.770 --> 02:12:14.970

Town of Parish: Nicer plan.

1320

02:12:16.320 --> 02:12:18.300

Town of Parish: Or to medium and large scale.

1321

02:12:19.980 --> 02:12:20.070

Town of Parish: Please.

1322

02:12:31.410 --> 02:12:31.980

Town of Parish: Sir,

1323

02:12:39.000 --> 02:12:39.840

Town of Parish: Was alone.

1324

02:12:45.900 --> 02:12:47.400

Town of Parish: I did not open to that.

1325

02:12:49.380 --> 02:12:50.100

Town of Parish: At all.

1326

02:13:03.870 --> 02:13:05.370

Town of Parish: Is not in the session.

1327

02:13:16.290 --> 02:13:22.830

Town of Parish: Is 1000 kilowatts. This boy has nothing to do house. No, no. So I

1328

02:13:25.770 --> 02:13:27.210

Town of Parish: Record these fires and

1329

02:13:29.850 --> 02:13:32.010  
Town of Parish: tear them down 20 years from now, I

1330  
02:13:33.240 --> 02:13:47.220  
Town of Parish: Want us to make sure that the paragon reference in here  
and not just don't need my understanding that all at once. You can  
consult la Romana last week.

1331  
02:13:51.930 --> 02:13:52.680  
Town of Parish: Go away.

1332  
02:13:53.730 --> 02:13:54.030  
Town of Parish: You can

1333  
02:13:55.170 --> 02:14:03.750  
Town of Parish: Only offer one one is the same day that are asking you,  
again, so you can get the zone in Arizona.

1334  
02:14:06.210 --> 02:14:06.810  
Town of Parish: Or against

1335  
02:14:07.890 --> 02:14:07.980  
Town of Parish: Us.

1336  
02:14:18.060 --> 02:14:19.890  
Town of Parish: work ethics board.

1337  
02:14:26.910 --> 02:14:28.050  
Town of Parish: It's unfortunate because

1338  
02:14:30.300 --> 02:14:33.030  
Town of Parish: You couldn't get there. So again,

1339  
02:14:39.840 --> 02:14:41.280  
Town of Parish: This is just the progress until

1340  
02:14:42.360 --> 02:14:42.780  
Town of Parish: Motion.

1341  
02:15:10.260 --> 02:15:10.650  
Yes.

1342

02:15:24.630 --> 02:15:25.800

Town of Parish: Have any questions.

1343

02:15:27.270 --> 02:15:28.080

Town of Parish: At the same time,

1344

02:15:30.360 --> 02:15:30.750

Town of Parish: Now,

1345

02:16:00.870 --> 02:16:02.610

Town of Parish: There is not an intersection right now.

1346

02:16:05.430 --> 02:16:07.590

Town of Parish: You guys saw it.

1347

02:16:17.550 --> 02:16:19.890

Town of Parish: Whatever it was, that we talked about.

1348

02:16:33.660 --> 02:16:37.140

Town of Parish: Didn't come to my house and came to the office to print it off.

1349

02:16:38.850 --> 02:16:41.160

Town of Parish: But we need to set up in order to

1350

02:16:45.420 --> 02:16:49.260

Town of Parish: To set the public hearing. Yeah, okay.

1351

02:17:00.090 --> 02:17:00.990

Town of Parish: So what is

1352

02:17:04.260 --> 02:17:07.530

Town of Parish: Next for the next eight years is a long one.

1353

02:17:13.980 --> 02:17:14.490

Town of Parish: People

1354

02:17:20.790 --> 02:17:21.810

Town of Parish: Step by step.

1355

02:17:22.140 --> 02:17:23.880

Town of Parish: There are procedures and just a regular

1356

02:17:24.780 --> 02:17:25.980

Town of Parish: A localized

1357

02:17:26.040 --> 02:17:28.200

Town of Parish: Localized meant

1358

02:17:28.290 --> 02:17:29.730

Town of Parish: Process. It's a little bit more

1359

02:17:29.790 --> 02:17:31.920

Town of Parish: Complicated, because when it involves zoning.

1360

02:17:32.250 --> 02:17:37.050

Town of Parish: There are additional notifications involved and you got to refer to the county and so on.

1361

02:17:40.440 --> 02:17:44.490

Town of Parish: I think you can have the public hearing all those other things are going on. It's just that you can

1362

02:17:44.610 --> 02:17:46.560

Town of Parish: finalize it till all the pieces have been

1363

02:17:46.560 --> 02:17:47.040

Covered

1364

02:17:52.050 --> 02:17:54.210

Town of Parish: Well, it has to be on file with the

1365

02:17:54.240 --> 02:17:57.000

Town of Parish: Town and you can even put it up on the website if you wanted to.

1366

02:17:57.150 --> 02:18:01.140

Paul Baxter: Have this be available to the public for inspection, we

1367

02:18:03.360 --> 02:18:10.080

Town of Parish: Need to try to notify the adjoining municipalities about the hearing. So again, they could offer the same

1368

02:18:12.180 --> 02:18:15.690

Town of Parish: Yeah, there are requirements to be done before the public hearing

1369

02:18:16.140 --> 02:18:16.500

Town of Parish: Things like

1370

02:18:16.560 --> 02:18:17.580

Notifications.

1371

02:18:22.230 --> 02:18:23.700

Town of Parish: When did you want to do the public hearing

1372

02:18:32.040 --> 02:18:33.270

Town of Parish: So that's the question that you

1373

02:18:33.570 --> 02:18:38.910

Town of Parish: Like before your next town board or did you want to do it sooner than that because if you had to do it sooner than that, then we'd have to

1374

02:18:38.940 --> 02:18:40.920

Town of Parish: start figuring out those timetables.

1375

02:18:55.440 --> 02:18:55.830

Town of Parish: County.

1376

02:18:58.590 --> 02:18:59.040

Town of Parish: The county

1377

02:18:59.220 --> 02:19:01.080

Go to adjacent municipalities.

1378

02:20:07.980 --> 02:20:09.720

Town of Parish: Can as a supervisor as well.

1379

02:20:12.480 --> 02:20:13.200

Town of Parish: To be honest,

1380

02:20:13.740 --> 02:20:19.890

Town of Parish: Or to a sudden, the two of us going to do a cleaner is not just to consoles.

1381

02:20:21.450 --> 02:20:25.440

Town of Parish: To trustees in May and may come she did last year so

1382

02:20:27.390 --> 02:20:28.140

Town of Parish: Next year

1383

02:20:31.440 --> 02:20:32.160

Town of Parish: Versus last

1384

02:20:48.840 --> 02:20:49.200

Ordinary

1385

02:20:58.230 --> 02:20:58.710

Town of Parish: People

1386

02:21:20.190 --> 02:21:20.610

Town of Parish: These

1387

02:21:24.780 --> 02:21:25.200

Town of Parish: People

1388

02:21:36.120 --> 02:21:37.500

Town of Parish: For next year. What we will do

1389

02:21:41.310 --> 02:21:43.050

Town of Parish: This town, you guys.

1390

02:21:44.220 --> 02:21:45.210

Town of Parish: Did you get anything

1391

02:21:47.220 --> 02:21:47.610

Town of Parish: Yes.

1392

02:22:32.220 --> 02:22:34.260

Town of Parish: Gary asked about that specifically

1393

02:22:34.260 --> 02:22:34.740

Awesome.

1394

02:22:45.930 --> 02:22:46.440

Town of Parish: Thank you.

1395

02:22:51.180 --> 02:22:51.840

Town of Parish: Report for the

1396

02:22:56.100 --> 02:22:58.380

Town of Parish: Last one. And please

1397

02:23:02.580 --> 02:23:03.390

Town of Parish: Let me know.

1398

02:23:04.890 --> 02:23:11.070

Town of Parish: Like the board to make a decision.

1436

02:26:04.260 --> 02:26:04.800

1437

02:26:09.300 --> 02:26:10.020

Town of Parish: You can't pitch.

1438

02:26:12.240 --> 02:26:12.570

Town of Parish: And the

1439

02:26:13.830 --> 02:26:14.190

Town of Parish: Cost

1440

02:26:18.090 --> 02:26:18.630

Town of Parish: For the

1441

02:26:24.210 --> 02:26:24.450

Town of Parish: City.

02:26:29.310 --> 02:26:29.610

Town of Parish: Talk.

1443

02:26:38.790 --> 02:26:39.240

Paul Baxter: Okay.

1444

02:26:39.270 --> 02:26:40.230

So can you say that

1445

02:26:43.800 --> 02:26:43.980

One.

1446

02:26:49.440 --> 02:26:49.860

Paul Baxter: Yeah.

1447

02:26:56.880 --> 02:26:57.510

Town of Parish: Yeah.

1448

02:27:30.300 --> 02:27:33.060

Town of Parish: The assessor is online here if you want me

1449

02:27:33.060 --> 02:27:33.600

Town of Parish: To

1450

02:27:33.750 --> 02:27:34.260

Put them out.

1451

02:27:38.010 --> 02:27:38.400

Town of Parish: He's

1452

02:27:39.060 --> 02:27:39.960

Paul Baxter: Like to talk

1453

02:27:42.150 --> 02:27:43.770

Assessor: To you there. Yeah, I'm here.

1454

02:27:44.520 --> 02:27:45.450

Town of Parish: Okay, hold on. I gotta

1455

02:27:45.870 --> 02:27:48.480

Town of Parish: turn up the volume on speaker so I can hear you.

1456

02:27:50.580 --> 02:27:52.230

Paul Baxter: Let's see if we can make this work.

1457

02:28:14.610 --> 02:28:20.190

Assessor: Morning. I apologize. I emailed you my report for this month, yesterday I received it.

1458

02:28:22.890 --> 02:28:27.750

Assessor: But I for this month they have Bruno exemption, they're gonna be hitting the male's

1459

02:28:29.280 --> 02:28:36.240

Assessor: Big thing this month with the school tax bills had an increase in phone calls and emails.

1460

02:28:37.470 --> 02:28:39.870

Assessor: As far as people asking about their tax bills.

1461

02:28:41.160 --> 02:28:51.930

Assessor: A couple of issues have a rose i one of them. I have a correction, it was my fault. I did a mathematical air. So I had the correction going into the county for that one.

1462

02:28:53.940 --> 02:29:01.320

Assessor: And then another one was an issue with the state and I've been trying to coordinate with the state to assist the taxpayer.

1463

02:29:03.030 --> 02:29:14.070

Assessor: Get that resolved the state has been slow to respond I emailed the county today, and she gave me a piece of advice. So I'm going to try that. Hopefully tomorrow.

1464

02:29:15.510 --> 02:29:21.840

Assessor: It should take care of itself. It's just, I assume, with everything going on. It's just taking longer than it should.

1465

02:29:23.670 --> 02:29:26.700

Assessor: I have just got a batch of deeds from the county that I'm verifying

1466

02:29:28.350 --> 02:29:32.250

Assessor: Continuing to work on routine, you know, inventory and building permits.

1467

02:29:34.020 --> 02:29:39.300

Assessor: And then the other thing I wanted to mention tonight was if you know anyone that's turning 65 in the coming year.

1468

02:29:40.440 --> 02:29:43.320

Assessor: Have them give me a call. Any questions for me.

1469

02:29:44.970 --> 02:29:45.750

Is that talent.

1470

02:29:49.110 --> 02:29:58.380

Assessor: Know, we're 94 I last, I think it was last February or March I, I told you the equalization rate dropped. Yeah.

1471

02:30:00.570 --> 02:30:10.860

Assessor: The ones that you said were errors, Joe, will they be corrected for the people for this year. Yes, the corrections are going into the county will correct the tax bills that were issued September.

1472

02:30:15.120 --> 02:30:16.770

maybe every other questions with Joe

1473

02:30:19.140 --> 02:30:21.450

Assessor: If you, if you have any questions on the equalization rate.

1474

02:30:22.950 --> 02:30:30.180

Assessor: Went over that that board meeting earlier this year. But that's something that was it's a

1475

02:30:31.590 --> 02:30:47.880

Assessor: The hey was in the barn, so to speak on that prior to July 1 of 2019 it's based on sales prior to that period of time and the assessment roll from before I came into this position so

1476

02:30:49.620 --> 02:30:50.460

Assessor: That was

1477

02:30:52.440 --> 02:31:00.390

Assessor: That, you know, that was that was done there's, you know, there's nothing that could be done as far as the equalization are dropping. The other thing I would mention too is

1478

02:31:02.820 --> 02:31:11.670

Assessor: All the towns in the county. I think there's only six or seven of them that are at 100% currently everyone else has a fractional equalization right

1479

02:31:13.110 --> 02:31:18.210

Assessor: If you have any further if you i do have the documents the county. The stairs student of the state supplied me

1480

02:31:19.260 --> 02:31:34.110

Assessor: How they came up with the equalization rate. So if you have any questions on that I could I could. It's a, it's probably 100 pages long. If you'd like to review that I can you make a copy or give that to you so you can review it.

1481

02:31:35.670 --> 02:31:40.110

Assessor: But it's a rather complicated process in determinate utilization rates.

1482

02:31:41.280 --> 02:31:44.790

Paul Baxter: What, what are you there in the office Wednesdays and Saturdays.

1483

02:31:45.030 --> 02:31:58.530

Assessor: Wednesdays from six to nine and then other times by appointment. Okay, so the board members wanted to look at it, they can make an appointment to meet you. I know. Yeah. I, you know, pretty much any sick for most part. If someone needs to speak with me during the day.

1484

02:31:59.940 --> 02:32:04.530

Assessor: I can make myself available during the weekend to come up there and meet with someone in person.

1485

02:32:06.750 --> 02:32:14.220

Assessor: And the certifications are you 100% now doesn't know that you needed yeah i i i supplied you with all that information last week or last month.

1486

02:32:14.970 --> 02:32:24.570

Assessor: But all the all the certifications, were I submitted them if you need copies of those I can send those again. But yeah, that's all that all my basic certification is

1487

02:32:25.170 --> 02:32:32.670

Assessor: Completed. Now I can use this one for your final but the rest of the stuff you finished this year. Correct. Right. Okay. Thank you. Anybody else

1488

02:32:35.490 --> 02:32:37.710

Assessor: No thank you. Good night.

1489

02:32:46.830 --> 02:32:49.440

I'm just waiting for my electrician. Okay.

1490

02:32:52.890 --> 02:32:53.760  
And I don't

1491  
02:32:55.380 --> 02:32:55.560  
Paul Baxter: Get

1492  
02:32:57.420 --> 02:32:57.960  
Paul Baxter: Too much

1493  
02:32:59.670 --> 02:33:00.270  
Paul Baxter: Here.

1494  
02:33:05.970 --> 02:33:07.230  
Paul Baxter: Any other questions from the board.

1495  
02:33:16.830 --> 02:33:17.220  
Paul Baxter: And all

1496  
02:33:19.770 --> 02:33:21.570  
Paul Baxter: This was the clock.

1497  
02:33:22.590 --> 02:33:28.020  
Paul Baxter: Give it a test for the lake and it's important not just to get

1498  
02:33:30.030 --> 02:33:30.210  
Paul Baxter: By

1499  
02:33:32.580 --> 02:33:37.980  
Paul Baxter: And say hi guys coming in next month before. So the day I think it was just so

1500  
02:34:02.760 --> 02:34:05.820  
Town of Parish: OK, next one is the town justice report.

1501  
02:34:07.230 --> 02:34:10.050  
Town of Parish: So check that she gave me for this.

1502  
02:34:10.080 --> 02:34:10.410  
One.

1503

02:34:12.360 --> 02:34:13.590  
Town of Parish: Is for two months ago.

1504  
02:34:14.430 --> 02:34:17.100  
Town of Parish: We had a check over 2466 it's a

1505  
02:34:17.100 --> 02:34:19.440  
Town of Parish: Local law, law, the corona.

1506  
02:34:21.660 --> 02:34:22.530  
Town of Parish: Last month,

1507  
02:34:27.000 --> 02:34:31.980  
Town of Parish: 2487

1508  
02:34:46.050 --> 02:34:46.380  
Town of Parish: Next,

1509  
02:34:49.110 --> 02:34:49.440  
Paul Baxter: Year.

1510  
02:34:56.400 --> 02:34:57.360  
Paul Baxter: Cheat last month.

1511  
02:34:59.610 --> 02:35:00.750  
Paul Baxter: Right, February.

1512  
02:35:02.130 --> 02:35:03.960  
Paul Baxter: So it gives us a breakdown

1513  
02:35:04.200 --> 02:35:04.650  
Of

1514  
02:35:05.880 --> 02:35:06.420  
Paul Baxter: Burn

1515  
02:35:06.510 --> 02:35:08.070  
Paul Baxter: Yes, I think so, yes.

1516  
02:35:08.610 --> 02:35:10.410  
Paul Baxter: So they get a better idea of

1517

02:35:10.470 --> 02:35:13.650

Town of Parish: How much is just using posters right so that

1518

02:35:14.730 --> 02:35:15.390

Town of Parish: We can ask them.

1519

02:35:16.410 --> 02:35:18.870

Town of Parish: For department for weeks.

1520

02:35:26.640 --> 02:35:29.130

Town of Parish: Negative your checklist and whatever they

1521

02:35:35.790 --> 02:35:37.440

Town of Parish: need money or I just take it out.

1522

02:35:38.970 --> 02:35:39.660

Paul Baxter: There was just a

1523

02:35:43.980 --> 02:35:45.720

Paul Baxter: Don't have this. I don't know how much

1524

02:35:46.170 --> 02:35:48.600

Paul Baxter: Each department used to take out of

1525

02:35:55.410 --> 02:35:55.860

Paul Baxter: 13

1526

02:35:59.280 --> 02:36:02.280

Paul Baxter: Okay, so let's give this to them.

1527

02:36:14.490 --> 02:36:14.850

Town of Parish: At

1528

02:36:19.320 --> 02:36:20.580

Your control.

1529

02:36:29.250 --> 02:36:31.500

Paul Baxter: Do you ever get the stuff into a lot of the new

1530

02:36:33.570 --> 02:36:34.530  
Town of Parish: We have you see ya.

1531  
02:36:53.610 --> 02:36:54.000  
Thank you.

1532  
02:37:18.090 --> 02:37:19.710  
Paul Baxter: percent occupancy level.

1533  
02:37:19.710 --> 02:37:20.970  
Town of Parish: He weren't

1534  
02:37:21.840 --> 02:37:22.170  
Allowed

1535  
02:37:24.150 --> 02:37:35.550  
Town of Parish: To be occupied. Well, the gill staff are working full time at their networking out of the Watertown office. They're working for from home. So anything that you need us to do. We're prepared to help you with

1536

1537  
02:37:45.390 --> 02:37:48.030  
Town of Parish: Where that might be a help I can pull up

1538  
02:37:48.270 --> 02:37:53.400  
Town of Parish: A meeting, there's currently a requirement that public hearings and he day

1539  
02:37:53.610 --> 02:37:55.290  
Town of Parish: Remote Access capacity.

1540  
02:37:55.980 --> 02:38:02.550  
Town of Parish: And I assisted the parish zoning board of appeals with beating that requirement and their hearings today, held on Wednesday, September.

1541  
02:38:02.550 --> 02:38:02.910

1542

02:38:04.680 --> 02:38:12.420

02:38:30.630 --> 02:38:31.740

Town of Parish: back side of the report.

1550

02:38:32.490 --> 02:38:34.290

Town of Parish: Although some of the workshops that we have

1551

02:38:34.320 --> 02:38:37.230

Town of Parish: Coming up in wish dissipating in the couple of those

1552

02:38:37.410 --> 02:38:39.480

Paul Baxter: And give you their planning boards and use the days.

1553

02:38:39.540 --> 02:38:41.010

Town of Parish: Or hours training that they need.

1554

02:38:41.010 --> 02:38:44.220

Town of Parish: For the year we are requiring pre

1555

02:38:44.220 --> 02:38:52.290

Town of Parish: Registration because that's part of the whole system of adding people signing session and the q&a afterwards or

1556

02:38:52.710 --> 02:38:54.780

Town of Parish: having participated in this session.

1557

02:38:56.160 --> 02:39:03.240

Paul Baxter: There might be some on the back that you might be interested in on things like evaluating and many years zoning law. These are open to you as well. If you're interested in

1558

02:39:03.240 --> 02:39:03.840

Town of Parish: Sitting in

1559

02:39:05.160 --> 02:39:09.420

Town of Parish: One is one is a Tuesday, September 29 or the end of the month and

1560

02:39:09.720 --> 02:39:13.200

Town of Parish: If you go to the website, you click on where it says you

1561

02:39:13.200 --> 02:39:14.430

Town of Parish: Want you can sign up for

1562

02:39:14.430 --> 02:39:16.080

Town of Parish: It and you don't

1563

02:39:16.410 --> 02:39:24.960

Paul Baxter: Have any hours credit that might be an interesting thing for you to attend or you just want to end a little better. How's the a's and when I'm bored to work with.

1564

02:39:24.960 --> 02:39:25.230

Town of Parish: Those are

1565

02:39:26.280 --> 02:39:29.070

Town of Parish: Non renewable energy and land you so we can again is an issue.

1566

02:39:29.370 --> 02:39:29.970

Town of Parish: That you have

1567

02:39:30.030 --> 02:39:32.520

Paul Baxter: Been dealing with. So you might find that one interesting

1568

02:39:32.520 --> 02:39:36.330

Paul Baxter: As well. So feel free to take it doesn't hurt.

1569

02:39:36.600 --> 02:39:39.060

Town of Parish: To have more participants in any of these sessions.

1570

02:39:40.500 --> 02:39:43.980

Paul Baxter: So somebody there that they will have an interest on it is all

1571

02:39:44.610 --> 02:39:45.180

Town of Parish: He was

1572

02:39:46.860 --> 02:39:52.260

Paul Baxter: Saying, and all that. The, the, they are limited and they're not anywhere near here they're up in the

1573

02:39:52.560 --> 02:39:55.650

Paul Baxter: North so they're not the most practical

1574

02:39:55.650 --> 02:39:56.760

Town of Parish: Ones for us to attend in

1575

02:39:56.760 --> 02:39:59.040

Paul Baxter: Person, but we are including that as

1576

02:39:59.040 --> 02:40:00.780

Paul Baxter: A component on our armies.

1577

02:40:01.110 --> 02:40:01.680

Paul Baxter: Where

1578

02:40:01.710 --> 02:40:02.310

We can

1579

02:40:04.050 --> 02:40:15.060

Town of Parish: I continue to work on evaluating removing and recycling town and village computers which are taking up space on the balcony, which we can see up there. And actually there's two of them still through me.

1580

02:40:15.240 --> 02:40:16.740

Town of Parish: Up there which I haven't gotten to

1581

02:40:16.740 --> 02:40:17.130

Yet

1582

02:40:18.390 --> 02:40:26.550

Town of Parish: Most of the ones I've been getting rid of them when they've been old is part of the reason that we're playing off the balcony is because

1583

02:40:26.640 --> 02:40:27.570

Town of Parish: There really is no

1584

02:40:28.080 --> 02:40:35.730

Town of Parish: Use for the town or village and maintaining those computers. A lot of them are Windows XP vintage or

1585

02:40:35.760 --> 02:40:43.710

Town of Parish: Earlier and to give you a point of reference on that Windows XP came out in 2001 and stop shipping it with their

1586

02:40:43.710 --> 02:40:45.540

Town of Parish: Computers in 2008 so

1587

02:40:45.540 --> 02:40:47.010

Paul Baxter: Anything that has Windows XP.

1588

02:40:47.310 --> 02:40:48.300

Town of Parish: By definition is

1589

02:40:48.330 --> 02:40:51.270

Paul Baxter: I will meet all your old and if you

1590

02:40:51.330 --> 02:40:54.270

Town of Parish: Remember something computer specs on computers of those times.

1591

02:40:54.270 --> 02:40:55.200

Town of Parish: Compared to these

1592

02:40:55.620 --> 02:40:56.010

Town of Parish: One of the things

1593

02:40:56.190 --> 02:40:56.790

Paul Baxter: That I was

1594

02:40:57.570 --> 02:41:06.510

Town of Parish: Decommissioning by sterilizing the hard drive was a 512 megabytes computer with an 80 gigabyte.

1595

02:41:06.570 --> 02:41:07.980

Town of Parish: Hard drive with tiny

1596

02:41:08.280 --> 02:41:15.900

Town of Parish: Tiny by today's standards when you have four or eight gigabytes of RAM and hard drives that are 500 gigabytes or

1597

02:41:15.930 --> 02:41:18.390

Paul Baxter: Fire on routine computers so

1598

02:41:19.440 --> 02:41:21.060

Town of Parish: Big, big difference between those

1599

02:41:21.120 --> 02:41:24.540

Town of Parish: old computers and the ones that you're you're using these days. So

1600

02:41:24.540 --> 02:41:33.090

Town of Parish: Basically I've been removing the obsolete grabbing some of us when I plugged it into testament. They didn't even work so

1601

02:41:34.560 --> 02:41:39.720

Paul Baxter: That that would have been the case of the computers, but that has been the case of some of the printers and

1602

02:41:40.590 --> 02:41:41.850

flat screen monitors.

1603

02:41:43.020 --> 02:41:43.590

Paul Baxter: So,

1604

02:41:43.680 --> 02:41:44.940

It wasn't really gotten rid of

1605

02:41:46.650 --> 02:41:59.160

Paul Baxter: Continuing on that process. So, get them to go when we're getting them that I there's no a lot of countries that I need to go through this again. He ran into the same problem with the printers in terms of obsolescence.

1606

02:42:00.180 --> 02:42:01.350

Paul Baxter: If you have a

1607

02:42:01.470 --> 02:42:03.780

Paul Baxter: An old printer that needs new packages, you might

1608

02:42:03.780 --> 02:42:04.350

Town of Parish: Spend

1609

02:42:04.410 --> 02:42:09.420

Paul Baxter: As much on the set of new cartridges, just to test it out as you would cost.

1610

02:42:09.660 --> 02:42:10.980

Town of Parish: To buy a new printer.

1611

02:42:11.040 --> 02:42:13.980

Town of Parish: Is printers these days. Inkjet printers are pretty cheap and that's

1612

02:42:14.070 --> 02:42:18.450

Town of Parish: A lot of those up. There are so I got rid of the very oldest ones that

1613

02:42:18.720 --> 02:42:20.640

Town of Parish: We're more than 20 years old.

1614

02:42:21.000 --> 02:42:22.530

Paul Baxter: There are several out there that are

1615

02:42:23.550 --> 02:42:31.530

Town of Parish: Close to that and some of them are also ones that we tried re using we put them in maryann's office and they did not work out.

1616

02:42:33.210 --> 02:42:36.540

Town of Parish: They were taken out of service on their first taken out of service for a reason.

1617

02:42:37.320 --> 02:42:40.470

Town of Parish: So, so again I'm continuing to work on.

1618

02:42:40.680 --> 02:42:41.340

Paul Baxter: Helping you

1619

02:42:42.000 --> 02:42:43.350

Paul Baxter: unclutter your balcony.

1620

02:42:44.010 --> 02:42:48.240

Town of Parish: But we're kicking things like speakers here that I just burst into

1621

02:42:49.170 --> 02:42:50.220

Town of Parish: Tears in the session and

1622

02:42:50.220 --> 02:42:51.600

Town of Parish: I'll put those back upstairs when I'm

1623

02:42:51.600 --> 02:42:51.930

Town of Parish: Done.

1624

02:42:52.320 --> 02:42:53.460

Paul Baxter: But things like that that could

1625

02:42:53.460 --> 02:42:57.630

Town of Parish: Conceivably be usable, those are those things first evening so

1626

02:42:58.770 --> 02:42:59.970

Town of Parish: That's where we stand.

1627

02:43:01.350 --> 02:43:08.370

Town of Parish: For currently at the time of year when towns are getting underway with work on the town bones for next year. In the past, I've been able to provide you with a comparison.

1628

02:43:08.370 --> 02:43:10.530

Town of Parish: Between a super Piney columns for the current fiscal

1629

02:43:10.530 --> 02:43:15.510

Town of Parish: Year I hope you'll be able to do or this year, but I have my

1630

02:43:18.180 --> 02:43:18.570

Town of Parish: Accent

1631

02:43:23.670 --> 02:43:25.740

Paul Baxter: Because we're getting into now.

1632

02:43:26.070 --> 02:43:27.780

Town of Parish: I will, I will get that in your hand.

1633

02:43:28.740 --> 02:43:33.960

Town of Parish: It's not the smaller set of meetings that I work with.

1634

02:43:37.020 --> 02:43:38.310

Paul Baxter: The town supervisor and

1635

02:43:38.310 --> 02:43:39.150

Town of Parish: Setting up your

1636

02:43:39.210 --> 02:43:41.550

Town of Parish: template for the 2021 budget.

1637

02:43:42.570 --> 02:43:42.990

Town of Parish: And

1638

02:43:43.050 --> 02:43:44.220

Paul Baxter: One thing I realized

1639

02:43:44.220 --> 02:43:45.600

Paul Baxter: I failed to include in the

1640

02:43:45.600 --> 02:43:46.140

Paul Baxter: Report.

1641

02:43:46.230 --> 02:43:47.940

Town of Parish: That I wanted to mention, I was able to

1642

02:43:47.940 --> 02:43:54.480

Town of Parish: Help Kelly with generating labels for the upcoming mailing on dog.

1643

02:43:54.570 --> 02:44:02.310

Town of Parish: enumeration. So learn a new skill set from working with the assessor and then showing me how that was done.

1644

02:44:04.170 --> 02:44:09.120

Town of Parish: Labels or Kelly for the art of town that she was interested in

1645

02:44:09.480 --> 02:44:11.220

Town of Parish: Was smelling going out so

1646

02:44:16.260 --> 02:44:17.910

Paul Baxter: And that's all I have.

1647

02:44:18.240 --> 02:44:18.780

For tonight.

1648

02:44:25.980 --> 02:44:27.270

Town of Parish: The things and so pending.

1649

02:44:27.300 --> 02:44:30.780

Paul Baxter: You do need to buy a new computer for the

1650

02:44:32.460 --> 02:44:35.250

Town of Parish: Tax Collector topless before the first of the year.

1651

02:44:35.490 --> 02:44:44.130

Town of Parish: And he's got the money in the budget this year. So there's no real reason to way his computer is one of the few Windows computers that the

1652

02:44:45.090 --> 02:44:46.140

Town of Parish: Town has which

1653

02:44:46.230 --> 02:44:48.840

Town of Parish: Would not be able to be upgraded to

1654

02:44:49.170 --> 02:44:50.040

Town of Parish: Windows 10

1655

02:44:50.190 --> 02:44:57.540

Town of Parish: So that one is not coincidentally, I think it's probably around vintage 2012 and I

1656

02:44:57.930 --> 02:45:03.390

Town of Parish: Figured out from looking at it. So again, probably one of the least likely candidates.

1657

02:45:03.480 --> 02:45:03.840

Town of Parish: For

1658

02:45:04.500 --> 02:45:05.790

Paul Baxter: Successful operating all the

1659

02:45:05.790 --> 02:45:12.150

Paul Baxter: Ones. I've been able to successfully upgrade event newer than that. So we do need to line up a new computer for

1660

02:45:12.750 --> 02:45:15.990

Town of Parish: A recommendation for you on that. At the October meeting.

1661

02:45:21.600 --> 02:45:25.590

Town of Parish: He starts cranking out for the new year before the end of the year and

1662

02:45:25.590 --> 02:45:29.970

Town of Parish: We like to transition them during the busy time of year for

1663

02:45:29.970 --> 02:45:30.240

Him.

1664

02:45:36.450 --> 02:45:40.650

Paul Baxter: Oh yeah, there's always a potential glitches, but just in terms of Nice.

1665

02:45:40.740 --> 02:45:42.750

Paul Baxter: Coordinating my schedule with Kevin if he

1666

02:45:43.170 --> 02:45:44.730

Town of Parish: Is busy. It's easier to

1667

02:45:45.030 --> 02:45:49.080

Town of Parish: Get together and take care of what we need to get together rather than what he's

1668

02:45:49.380 --> 02:45:50.160

Town of Parish: Talking to his elbow.

1669

02:45:50.670 --> 02:45:53.040

Paul Baxter: Getting ready for the new tax law here. So,

1670

02:45:53.370 --> 02:45:54.570

Town of Parish: I don't want, I want to make this

1671

02:45:55.650 --> 02:45:57.780

Paul Baxter: uncomplicated schedule, rather than being

1672

02:46:05.040 --> 02:46:05.610

Paul Baxter: Like you

1673

02:46:14.880 --> 02:46:15.690

Paul Baxter: I can't see us.

1674

02:46:32.730 --> 02:46:35.100

Paul Baxter: Reports in July and

1675

02:46:40.650 --> 02:46:41.310

Paul Baxter: Last one.

1676

02:46:45.390 --> 02:46:47.610

Paul Baxter: Was made for this one, but it was

1677

02:46:49.260 --> 02:46:49.800

Paul Baxter: At that

1678

02:46:53.100 --> 02:46:58.350

Paul Baxter: New Business notification if you're really tell me please let me know can't

1679

02:47:01.290 --> 02:47:01.860

Paul Baxter: Be there.

1680

02:47:03.000 --> 02:47:06.750

Paul Baxter: So that if it doesn't, if there's nothing that I can cancel.

1681

02:47:08.430 --> 02:47:10.290

Paul Baxter: As the supervisors.

1682

02:47:10.290 --> 02:47:16.440

Town of Parish: Responsibility and just to cancel meetings medications and transfers for

1683

02:47:16.440 --> 02:47:16.920

June.

1684

02:47:22.740 --> 02:47:23.490

Town of Parish: Amen.

1685

02:47:37.170 --> 02:47:38.130

Town of Parish: Check on their own.

1686

02:47:38.220 --> 02:47:39.540

Town of Parish: budget modification to today's

1687

02:47:41.460 --> 02:47:42.420

Paul Baxter: Agenda

1688

02:47:45.390 --> 02:47:45.840

Town of Parish: This

1689

02:47:47.100 --> 02:47:47.580

Town of Parish: Chapter

1690

02:47:48.720 --> 02:47:50.010  
Paul Baxter: Next month was everybody

1691  
02:47:51.060 --> 02:47:52.710  
Paul Baxter: Is the same as last year.

1692  
02:47:55.650 --> 02:47:56.430  
So for all

1693  
02:47:57.480 --> 02:47:58.710  
Town of Parish: The information out to

1694  
02:47:59.040 --> 02:48:00.540  
Town of Parish: Each department so they know what

1695  
02:48:02.340 --> 02:48:03.120  
Town of Parish: If they can

1696  
02:48:07.380 --> 02:48:07.890  
Town of Parish: Help

1697  
02:48:20.310 --> 02:48:21.330  
Town of Parish: Food to last month.

1698  
02:48:23.790 --> 02:48:25.800  
Town of Parish: To the shows to date set

1699  
02:48:26.460 --> 02:48:26.670  
For

1700  
02:48:29.430 --> 02:48:30.030  
Town of Parish: Budget.

1701  
02:48:30.120 --> 02:48:32.730  
Town of Parish: And then in October 1234

1702  
02:48:33.060 --> 02:48:34.740  
Town of Parish: And then to November, if we

1703  
02:48:34.740 --> 02:48:35.460  
Paul Baxter: Have to do to

1704

02:48:46.680 --> 02:48:47.160

Town of Parish: Okay.

1705

02:48:49.710 --> 02:48:52.530

Town of Parish: This was something that chocolate brought up with

1706

02:48:52.530 --> 02:48:55.800

Town of Parish: Some resolution regarding retention and

1707

02:48:55.980 --> 02:48:57.750

Town of Parish: Musicians local

1708

02:48:58.230 --> 02:48:59.880

Town of Parish: Records LG is this one.

1709

02:49:01.740 --> 02:49:01.920

Town of Parish: You

1710

02:49:02.340 --> 02:49:06.000

Town of Parish: Have to adapt a new resolution. Did you run this by that.

1711

02:49:11.070 --> 02:49:19.350

Town of Parish: Yeah, I don't know if you really need to. It's a standard scheduled for disposing it records in New York State. And they really don't have any choice field.

1712

02:49:19.590 --> 02:49:21.750

Town of Parish: Is coming to a close and

1713

02:49:21.780 --> 02:49:24.240

Town of Parish: So you need to authorize to use the new one.

1714

02:49:24.390 --> 02:49:29.580

Town of Parish: And that's really have no options about it. There is a pro forma requirement to

1715

02:49:29.580 --> 02:49:30.480

Paul Baxter: adopt it.

1716

02:49:30.570 --> 02:49:33.210

Town of Parish: Locally, but you really don't have any options.

1717

02:49:33.240 --> 02:49:36.810

Town of Parish: There's not like there's any other schedule. You can you can modify it.

1718

02:49:46.200 --> 02:49:46.590

Or the

1719

02:49:48.300 --> 02:49:50.010

Disposition schedule, you're

1720

02:49:51.720 --> 02:49:51.990

Done.

1721

02:49:58.740 --> 02:49:59.280

Please.

1722

02:50:01.170 --> 02:50:01.800

Yeah.

1723

02:50:12.690 --> 02:50:13.140

Yes.

1724

02:50:20.880 --> 02:50:21.420

Paul Baxter: Mexico.

1725

02:50:26.190 --> 02:50:26.910

Town of Parish: From the end of

1726

02:50:27.270 --> 02:50:29.640

Town of Parish: September to the middle of October.

1727

02:50:32.430 --> 02:50:35.820

Town of Parish: October I didn't get to ask you guys, we want

1728

02:50:38.130 --> 02:50:39.480

Town of Parish: I think it's too late.

1729

02:50:39.720 --> 02:50:41.520

Town of Parish: But in the future if that's something that

1730

02:50:41.520 --> 02:50:43.950

Town of Parish: They might want to do because it got spread out to

1731

02:50:43.950 --> 02:50:48.240

Town of Parish: The workplaces open, we'd be willing to allow them to use it.

1732

02:50:52.410 --> 02:50:53.010

Town of Parish: To open up

1733

02:50:53.310 --> 02:50:56.490

Town of Parish: And allow them to use it for a fall. Soccer League for

1734

02:50:56.490 --> 02:50:56.940

Next,

1735

02:50:58.650 --> 02:51:01.500

Town of Parish: I don't think you're going to gain stupid practice or

1736

02:51:03.240 --> 02:51:04.260

Town of Parish: Is it something you might want to

1737

02:51:04.260 --> 02:51:04.740

Town of Parish: Consider

1738

02:51:04.770 --> 02:51:06.450

Town of Parish: In the future, potentially

1739

02:51:06.510 --> 02:51:09.450

Town of Parish: Next year, they will have to command us to fit in and open but

1740

02:51:10.620 --> 02:51:10.980

Town of Parish: If

1741

02:51:11.670 --> 02:51:12.450

Town of Parish: If we are

1742

02:51:12.720 --> 02:51:15.420

Paul Baxter: In the same boat. Would you consider for them for next year.

1743

02:51:16.050 --> 02:51:17.370

Paul Baxter: I'll tell him that now because

1744

02:51:17.430 --> 02:51:18.810

Paul Baxter: I think it's too anyways.

1745

02:51:24.390 --> 02:51:25.440

Town of Parish: It is caused by

1746

02:51:32.520 --> 02:51:33.450

Paul Baxter: Closer to

1747

02:51:36.960 --> 02:51:37.680

Town of Parish: I don't know.

1748

02:51:38.640 --> 02:51:39.360

Town of Parish: The question.

1749

02:51:43.380 --> 02:51:44.340

They would have to pay

1750

02:51:47.700 --> 02:51:49.530

Town of Parish: Insurance certificates that

1751

02:51:51.000 --> 02:51:52.860

Town of Parish: I didn't know how much it was, but I didn't.

1752

02:51:53.760 --> 02:51:54.120

Close.

1753

02:52:33.090 --> 02:52:33.420

Town of Parish: She's

1754

02:52:37.500 --> 02:52:38.730

Paul Baxter: Such a nature.

1755

02:52:41.760 --> 02:52:45.870

Paul Baxter: I think from the beginning, from everything just right.

1756

02:52:49.980 --> 02:52:54.270  
Paul Baxter: 75

1757  
02:52:55.950 --> 02:52:56.940  
Town of Parish: And we transfer

1758  
02:53:00.360 --> 02:53:02.790  
Paul Baxter: It was brought up to our attention.

1759  
02:53:06.390 --> 02:53:07.170  
Town of Parish: For

1760  
02:53:08.010 --> 02:53:09.030  
Example,

1761  
02:53:14.610 --> 02:53:16.470  
Paul Baxter: And then responsibility for their

1762  
02:53:16.500 --> 02:53:18.270  
Paul Baxter: Fiscal responsibility for the job.

1763  
02:53:23.370 --> 02:53:24.180  
Town of Parish: So I

1764  
02:53:35.670 --> 02:53:36.660  
Paul Baxter: stepped up to the plate.

1765  
02:53:41.970 --> 02:53:53.250  
Paul Baxter: Is to advertise our lives a certified CPA. There's a minimum of three years experience which will be paid based on experience.

1766  
02:53:57.990 --> 02:53:58.680  
Paul Baxter: That can take

1767  
02:53:59.010 --> 02:54:00.780  
Paul Baxter: Out this town financially.

1768  
02:54:02.070 --> 02:54:02.880  
Paul Baxter: About you.

1769  
02:54:03.900 --> 02:54:04.320

Paul Baxter: And I

1770

02:54:07.020 --> 02:54:09.630

Paul Baxter: Will be answering each illuminating

1771

02:54:10.770 --> 02:54:13.440

Paul Baxter: Yes. Wow. Yeah.

1772

02:54:19.530 --> 02:54:20.460

Paul Baxter: I think the Tommy

1773

02:54:21.750 --> 02:54:22.320

Town of Parish: I think it's

1774

02:54:22.380 --> 02:54:26.880

Paul Baxter: Our responsibility to give someone at work that

1775

02:54:28.590 --> 02:54:28.710

Town of Parish: You

1776

02:54:31.440 --> 02:54:34.230

Town of Parish: Know experienced it, and

1777

02:54:35.100 --> 02:54:36.360

Town of Parish: Then the logical

1778

02:55:07.260 --> 02:55:07.800

Paul Baxter: Two years.

1779

02:55:08.340 --> 02:55:08.820

Three years.

1780

02:55:18.330 --> 02:55:18.750

Town of Parish: Agenda

1781

02:55:58.770 --> 02:56:00.840

Paul Baxter: See, you know,

1782

02:56:24.480 --> 02:56:25.080

Paul Baxter: I think

1783

02:56:25.770 --> 02:56:26.580

Town of Parish: The thing is, you

1784

02:56:28.530 --> 02:56:29.700

Town of Parish: Can take a chance

1785

02:56:32.670 --> 02:56:37.410

Paul Baxter: I targeted information. I don't really see what information you need.

1786

02:56:39.060 --> 02:56:40.320

Paul Baxter: To see whether you want to

1787

02:56:40.950 --> 02:56:42.240

Town of Parish: Call it what

1788

02:56:54.060 --> 02:57:01.170

Town of Parish: I have said this to you guys for years. It's your place all

1789

02:57:01.890 --> 02:57:03.750

Town of Parish: Make sure that Sam and I

1790

02:57:04.350 --> 02:57:06.000

Town of Parish: Are doing this supervisor.

1791

02:57:06.270 --> 02:57:06.540

Paul Baxter: For

1792

02:57:07.110 --> 02:57:19.620

Town of Parish: A month and asking everyone. If you have any questions you ask me twice the new year here, so far what we have to ask me anything. I don't think I don't think anyone

1793

02:57:22.110 --> 02:57:23.490

Town of Parish: Welcome to the

1794

02:57:26.040 --> 02:57:26.430

Town of Parish: Show.

1795

02:57:39.780 --> 02:57:41.370

Paul Baxter: Because we are going from

1796

02:57:41.760 --> 02:57:48.030

2.2

1797

02:57:50.520 --> 02:57:51.120

Paul Baxter: Million

1798

02:57:52.260 --> 02:57:53.370

Paul Baxter: And most trouble.

1799

02:58:12.900 --> 02:58:13.560

Town of Parish: Company.

1800

02:58:47.400 --> 02:58:48.720

Town of Parish: We're gonna try

1801

02:58:54.720 --> 02:58:55.410

Town of Parish: Okay.

1802

02:58:55.650 --> 02:58:56.610

Town of Parish: To help you

1803

02:58:59.280 --> 02:59:00.090

Town of Parish: See

1804

02:59:00.630 --> 02:59:04.260

Town of Parish: You know, this is what we need to put in this much money in

1805

02:59:05.130 --> 02:59:08.670

Town of Parish: The lab because this is what we get. This is hoping

1806

02:59:12.270 --> 02:59:13.170

That maybe

1807

02:59:14.550 --> 02:59:15.210

Town of Parish: You know,

1808

02:59:27.330 --> 02:59:30.990

Town of Parish: She has experienced that a town is nation.

1809  
02:59:34.440 --> 02:59:35.490  
Town of Parish: We are permission.

1810  
02:59:37.290 --> 02:59:45.390  
Paul Baxter: We are hiring people unhappy in their master, Master, it becomes

1811  
02:59:47.460 --> 02:59:48.870  
Paul Baxter: They're taking plastic

1812  
02:59:50.250 --> 02:59:52.320  
Paul Baxter: Position and they're getting a full time.

1813  
02:59:53.610 --> 02:59:55.440  
Paul Baxter: And me personally.

1814  
03:00:00.390 --> 03:00:01.650  
Town of Parish: Experienced

1815  
03:00:03.270 --> 03:00:04.230  
Town of Parish: The taxpayers.

1816  
03:00:04.380 --> 03:00:05.130  
Are paying

1817  
03:00:07.620 --> 03:00:08.160  
Paul Baxter: People

1818  
03:00:09.420 --> 03:00:09.660  
Paul Baxter: Just

1819  
03:00:11.490 --> 03:00:12.030  
Paul Baxter: Okay.

1820  
03:00:20.100 --> 03:00:21.990  
Town of Parish: This is where we got

1821  
03:00:23.310 --> 03:00:24.060  
Town of Parish: All of our

1822

03:00:28.200 --> 03:00:28.650

Paul Baxter: You know,

1823

03:00:31.740 --> 03:00:32.280

Town of Parish: Maybe

1824

03:00:38.790 --> 03:00:39.480

Town of Parish: Now,

1825

03:00:41.640 --> 03:00:42.900

Town of Parish: Tell me, she has

1826

03:00:45.480 --> 03:00:46.800

Town of Parish: She's available, what

1827

03:00:51.000 --> 03:00:54.330

Town of Parish: Order each department has received

1828

03:00:54.420 --> 03:00:55.830

Town of Parish: Mostly working

1829

03:00:56.400 --> 03:00:57.060

Paul Baxter: With a partner.

1830

03:00:57.780 --> 03:00:59.040

Town of Parish: They don't understand

1831

03:00:59.160 --> 03:00:59.490

Town of Parish: And work.

1832

03:00:59.880 --> 03:01:05.490

Paul Baxter: With McClintock we force for both of us to show them where they establish what

1833

03:01:05.490 --> 03:01:05.820

This

1834

03:01:07.410 --> 03:01:08.040

Paul Baxter: Is very

1835

03:01:08.280 --> 03:01:08.730  
Strict

1836  
03:01:10.350 --> 03:01:11.490  
Town of Parish: Set of the bottlenecks.

1837  
03:01:14.040 --> 03:01:21.180  
Town of Parish: See what you're talking about. She does show you everything you want to tell

1838  
03:01:21.900 --> 03:01:26.670  
Town of Parish: Me what is going to profit big box. Number two, we need some of our stuff because this

1839  
03:01:27.660 --> 03:01:28.110  
Paul Baxter: Is just

1840  
03:01:28.290 --> 03:01:33.870  
Town of Parish: Really was the PC dress very ideal candidate when you

1841  
03:01:35.220 --> 03:01:35.790  
Paul Baxter: Import

1842  
03:01:35.940 --> 03:01:38.310  
Paul Baxter: Everyone all the information

1843  
03:01:38.310 --> 03:01:41.130  
Town of Parish: That you need is in there. Where do we expect that

1844  
03:01:42.270 --> 03:01:42.870  
Town of Parish: The vouchers.

1845  
03:01:43.170 --> 03:01:44.610  
Town of Parish: For how much respect for

1846  
03:01:44.640 --> 03:01:46.710  
Town of Parish: Each account for each department.

1847  
03:01:48.480 --> 03:01:50.760  
Paul Baxter: Before yesterday warm and

1848

03:01:53.760 --> 03:01:54.780  
Town of Parish: You guys can

1849

03:01:56.160 --> 03:02:04.140  
Paul Baxter: Show you walk you through the issue is, it's the Board's responsibility so responsibility.

1850

03:02:06.120 --> 03:02:09.690  
Paul Baxter: Not just mine first, is anybody that

1851

03:02:14.250 --> 03:02:14.760  
You do.

1852

03:02:25.980 --> 03:02:28.050  
Paul Baxter: This year it up, but we need

1853

03:02:28.080 --> 03:02:30.450  
Paul Baxter: To get the training, figure out what was

1854

03:02:30.810 --> 03:02:33.750  
Paul Baxter: Before and disagree. It's always good.

1855

03:02:33.960 --> 03:02:40.830  
Town of Parish: To watch the money. So when an extra questions, but if it makes sense. This one minus this equals this.

1856

03:02:40.920 --> 03:02:42.960  
Paul Baxter: Information about know the

1857

03:03:01.980 --> 03:03:02.610  
Town of Parish: That was from

1858

03:03:03.810 --> 03:03:04.470  
Town of Parish: 12

1859

03:03:04.770 --> 03:03:06.180  
Town of Parish: To 18

1860

03:03:06.840 --> 03:03:08.340  
Paul Baxter: Nobody could figure out

1861

03:03:15.720 --> 03:03:18.180  
Town of Parish: Where it came from, where

1862  
03:03:19.350 --> 03:03:21.090  
Town of Parish: Who got that one.

1863  
03:03:24.720 --> 03:03:26.970  
Town of Parish: When I see when St.

1864  
03:03:27.510 --> 03:03:32.910  
Town of Parish: Louis County. I don't know as well because they didn't even know that they were

1865  
03:03:36.840 --> 03:03:37.350  
Town of Parish: Doing

1866  
03:04:02.790 --> 03:04:03.540  
Paul Baxter: Lawyer.

1867  
03:04:36.870 --> 03:04:37.080  
Paul Baxter: Good.

1868  
03:04:54.570 --> 03:04:56.550  
Paul Baxter: We get one or

1869  
03:05:00.450 --> 03:05:02.070  
Paul Baxter: Two. A

1870  
03:05:03.120 --> 03:05:03.480  
Paul Baxter: Good.

1871  
03:05:27.720 --> 03:05:28.110  
Town of Parish: Now,

1872  
03:05:45.000 --> 03:05:45.450  
Paul Baxter: Stay

1873  
03:05:48.960 --> 03:05:49.290  
Paul Baxter: Tuned

1874  
03:06:03.030 --> 03:06:03.630

Paul Baxter: The board.

1875

03:06:29.670 --> 03:06:34.350

Paul Baxter: Goals, having a comptroller, is it to audit. What we're are we already have.

1876

03:06:37.440 --> 03:06:38.850

Town of Parish: Yeah experience.

1877

03:06:41.490 --> 03:06:41.970

Paul Baxter: When

1878

03:06:42.180 --> 03:06:42.600

Town of Parish: Tom

1879

03:06:43.410 --> 03:06:45.060

Town of Parish: Fun stuff instead of saying

1880

03:06:45.840 --> 03:06:46.230

Okay.

1881

03:06:47.490 --> 03:06:47.880

Town of Parish: I'm

1882

03:06:48.060 --> 03:06:49.230

Paul Baxter: This I just committed to a

1883

03:06:52.050 --> 03:06:52.530

Town of Parish: Particular

1884

03:06:52.560 --> 03:06:55.140

Paul Baxter: Boss. This is we got this when you're

1885

03:06:55.200 --> 03:06:57.000

Town of Parish: Just what's in front of me.

1886

03:06:58.110 --> 03:07:07.260

Town of Parish: This is the shape of your it we found these phone calls and say, man, this is what we can eat. This is where we can be said sounds like an audit this man I'm

1887

03:07:08.040 --> 03:07:12.630

Paul Baxter: Not just saying this is mostly can see here you can see this way.

1888

03:07:17.100 --> 03:07:17.910

Paul Baxter: Guaranteed.

1889

03:07:23.760 --> 03:07:25.770

Town of Parish: That sounds like it's already being done.

1890

03:07:27.390 --> 03:07:29.400

Town of Parish: It sounds like it's already been done.

1891

03:07:33.870 --> 03:07:35.370

Paul Baxter: There's so many discrepancies.

1892

03:08:00.270 --> 03:08:00.870

Paul Baxter: Okay.

1893

03:08:05.520 --> 03:08:06.720

Paul Baxter: He tried to choose some

1894

03:08:07.680 --> 03:08:07.980

Town of Parish: Of my

1895

03:08:10.080 --> 03:08:10.620

Paul Baxter: We

1896

03:08:49.110 --> 03:08:50.400

Nothing to do this.

1897

03:09:19.980 --> 03:09:19.980

Paul Baxter: That

1898

03:09:21.030 --> 03:09:21.300

Paul Baxter: Don't

1899

03:09:26.310 --> 03:09:37.770

Town of Parish: I don't think it's a bad suggestion I think what what you need, or more facts behind it is let's say you advertise for control and you get three people there. I'll do it then was

1900  
03:09:43.110 --> 03:09:44.370  
Paul Baxter: There might be three directly

1901  
03:09:44.370 --> 03:09:44.700  
Town of Parish: For the

1902  
03:09:44.730 --> 03:09:45.870  
Town of Parish: Say yes, I want to do.

1903  
03:09:48.600 --> 03:09:48.840  
Town of Parish: Like

1904  
03:09:50.310 --> 03:09:53.340  
Paul Baxter: So you're advertising, dear.

1905  
03:09:54.030 --> 03:09:58.920  
Paul Baxter: Public looking for bids and what it would cost to be  
aircraft drawer.

1906  
03:09:59.340 --> 03:10:00.060  
No.

1907  
03:10:13.830 --> 03:10:13.980  
No.

1908  
03:10:26.940 --> 03:10:27.510  
Town of Parish: Hey,

1909  
03:10:36.840 --> 03:10:37.110  
Town of Parish: This

1910  
03:10:58.830 --> 03:10:59.310  
Town of Parish: Well,

1911  
03:10:59.970 --> 03:11:01.050  
Town of Parish: But I think

1912  
03:11:02.490 --> 03:11:06.630  
Paul Baxter: You're going to look into it will get done. Once you get  
your fingers.

1913

03:11:15.240 --> 03:11:15.660

Paul Baxter: Right.

1914

03:11:36.930 --> 03:11:37.230

Town of Parish: Please.

1915

03:11:40.200 --> 03:11:41.640

Town of Parish: Do things that they asked me to do.

1916

03:12:22.950 --> 03:12:23.250

Paul Baxter: People

1917

03:12:36.660 --> 03:12:37.530

Town of Parish: One person.

1918

03:12:56.400 --> 03:12:56.850

Town of Parish: Why

1919

03:13:31.290 --> 03:13:34.260

Town of Parish: Me maybe know the can.

1920

03:13:36.120 --> 03:13:36.480

Town of Parish: You can

1921

03:14:00.930 --> 03:14:01.590

Town of Parish: This is the only

1922

03:14:34.080 --> 03:14:37.440

Town of Parish: So that doesn't sound like the supervisor and clerk.

1923

03:14:38.490 --> 03:14:42.360

Paul Baxter: Mean, is it the law different for me.

1924

03:15:00.630 --> 03:15:01.020

Town of Parish: Know,

1925

03:15:12.180 --> 03:15:12.450

Paul Baxter: All

1926

03:15:12.660 --> 03:15:12.990

Right.

1927

03:15:21.030 --> 03:15:21.420

Paul Baxter: All

1928

03:15:21.780 --> 03:15:21.930

I

1929

03:15:25.830 --> 03:15:28.020

Town of Parish: Just literally on it.

1930

03:15:32.310 --> 03:15:33.000

Town of Parish: I don't know.

1931

03:15:34.590 --> 03:15:35.010

Town of Parish: People

1932

03:16:23.400 --> 03:16:23.730

Town of Parish: So,

1933

03:16:24.210 --> 03:16:24.690

Town of Parish: That's great.

1934

03:16:28.380 --> 03:16:28.740

Town of Parish: Thank you.

1935

03:16:32.070 --> 03:16:32.850

Town of Parish: Anything else

1936

03:16:44.130 --> 03:16:46.710

Town of Parish: In 2021 and virtual training.

1937

03:17:10.080 --> 03:17:10.680

Town of Parish: Everybody

1938

03:17:12.420 --> 03:17:13.140

Town of Parish: Everybody

1939

03:17:15.360 --> 03:17:15.840

Town of Parish: Okay.

1940

03:17:17.580 --> 03:17:18.810

Town of Parish: This is just communication.

1941

03:17:18.810 --> 03:17:26.040

Paul Baxter: Correspondence code 19 protocol letters from the mayor and then we've got an office contents letter.

1942

03:17:28.140 --> 03:17:30.990

Paul Baxter: Okay, I gave you five

1943

03:17:32.310 --> 03:17:33.270

Town of Parish: Copies of those

1944

03:17:38.160 --> 03:17:38.610

Town of Parish: Yes.

1945

03:17:43.860 --> 03:17:43.980

Paul Baxter: No.

1946

03:17:47.910 --> 03:17:51.600

Paul Baxter: Times for July 17 and August 14 and August 28

1947

03:17:54.420 --> 03:17:55.710

Town of Parish: Notes in case anybody wants to

1948

03:17:55.710 --> 03:17:56.400

Town of Parish: See them.

1949

03:18:03.510 --> 03:18:03.960

Town of Parish: Board.

1950

03:18:04.710 --> 03:18:07.740

Town of Parish: FOR JULY 27 and August 24

1951

03:18:09.060 --> 03:18:09.960

Paul Baxter: Neither

1952

03:18:10.110 --> 03:18:13.680

Town of Parish: It's our policy Rocio and annual report.

1953

03:18:14.610 --> 03:18:16.830  
Town of Parish: I think he was put this in your boxes.

1954  
03:18:19.380 --> 03:18:21.120  
Town of Parish: He energy joy.

1955  
03:18:21.660 --> 03:18:22.170  
Another

1956  
03:18:31.230 --> 03:18:32.670  
Paul Baxter: Session, the

1957  
03:18:32.700 --> 03:18:33.930  
Town of Parish: Virtual Training.

1958  
03:18:37.980 --> 03:18:40.110  
Paul Baxter: Everybody every three

1959  
03:18:49.320 --> 03:18:50.220  
Paul Baxter: Minutes for July.

1960  
03:18:50.940 --> 03:18:53.790  
Town of Parish: And august 20 joint board me

1961  
03:18:54.060 --> 03:18:57.090  
Town of Parish: Janda 910 20 join meeting minutes

1962  
03:18:57.090 --> 03:18:58.080  
Town of Parish: March 12

1963  
03:18:58.170 --> 03:18:59.490  
In June 11

1964  
03:19:01.920 --> 03:19:03.870  
Paul Baxter: Okay, anything

1965  
03:19:03.960 --> 03:19:13.980  
Town of Parish: Else entertain a motion effort by looking into executive session to discuss characters emotions and you choose.

1966  
03:19:29.520 --> 03:19:31.950

Town of Parish: I am resuming the recording after the

1967

03:19:33.090 --> 03:19:33.690

Town of Parish: Break.

1968

03:19:36.030 --> 03:19:40.200

Town of Parish: Normally do have a motion to executive you did not make them. Okay.

1969

03:19:46.680 --> 03:19:49.560

Town of Parish: Well, it isn't here. So who made the motion.

1970

03:19:51.450 --> 03:19:51.810

Town of Parish: Okay.

1971

03:19:57.030 --> 03:20:00.630

Town of Parish: 1005 okay hold on just a second. I'm going to

1972

03:20:03.060 --> 03:20:16.410

Town of Parish: Put the other person in the waiting room and Eleanor. We will be back in, zoom recording after they're out of exact so here we go there.

1973

03:20:17.460 --> 03:20:19.140

Town of Parish: So now there is just a

1974

03:20:21.990 --> 03:20:27.030

Town of Parish: Just the three and I am going to put the recording.

1975

03:21:04.650 --> 03:21:05.310

Town of Parish: Hello jack

1976

03:21:09.900 --> 03:21:10.200

Town of Parish: Can you

1977

03:21:24.330 --> 03:21:24.810

Town of Parish: That's it.

1978

03:21:27.390 --> 03:21:27.990

Town of Parish: That's all.

1979

03:21:30.630 --> 03:21:44.460

Town of Parish: I know that's what you've definitely think somewhere along the way between men and Evelyn and Kevin the data on some of the incorrect. And she said, CC Senate. That's nothing on the top. So give me

1980

03:21:48.810 --> 03:21:49.500

Town of Parish: A shot for

1981

03:21:55.470 --> 03:21:59.400

Town of Parish: Work a workshop is no different than any other meeting you can but

1982

03:21:59.940 --> 03:22:09.900

Town of Parish: But typically, typically you want to announce when you announced the meetings that the town board maybe considering other business photos and declared purpose because if you call a meeting.

1983

03:22:10.590 --> 03:22:18.690

Town of Parish: For a specific purpose like doing the budget that's all you should be doing. Unless you've declared a broader purpose in advance.

1984

03:22:20.490 --> 03:22:32.160

Town of Parish: So it's not really a matter of it's really not a matter of being a workshop or meeting because they're all meetings. It's a matter of whether the public is you're doing business at that meeting at the public had no reason to expect was going to happen.

1985

03:22:37.080 --> 03:22:38.250

Town of Parish: I mean, you can talk about

1986

03:22:40.140 --> 03:22:48.030

Town of Parish: September, October this week, I'll find out from her was, she started the email three weeks ago and I have not been added, guys.

1987

03:22:48.630 --> 03:22:58.770

Town of Parish: Situation a minute but I told CC all gifts what she says. Next is not up your dates on the people that around the three there's something wrong. So she's looking at me and I

1988

03:23:03.750 --> 03:23:06.150

Town of Parish: Was because I figured she was a person

1989

03:23:09.360 --> 03:23:09.630

Town of Parish: Yeah.

1990

03:23:12.330 --> 03:23:15.150

Town of Parish: That was a one year out, check it out.

1991

03:23:48.480 --> 03:23:49.320

Town of Parish: Okay, so

1992

03:24:00.630 --> 03:24:01.410

Town of Parish: Any emotion.

1993

03:24:13.050 --> 03:24:15.330

Town of Parish: Thank you guys. We'll see you next
