1
00:00:56.700 --> 00:00:57.600
Town of Parish: As of right now.

2
00:00:59.430 --> 00:01:00.030
Town of Parish: All right.

3
00:01:01.740 --> 00:01:02.700
Town of Parish: Well, Paul and I were

4
00:01:04.200 --> 00:01:04.950
Town of Parish: Together.

5
00:01:18.840 --> 00:01:32.160
Town of Parish: Pretty good. The way it stands right now. We do not have to override it takes care of our tax can be to go. All right. It was 1,000,002 6257 right now the point is at

6
00:01:33.390 --> 00:01:38.550
Town of Parish: 123 492 so 130

7
00:01:41.190 --> 00:01:49.620
Town of Parish: Thousand so you don't have at this point if you make any changes, we have to consider that. But if we do that, we're going to be going over that. So,

8
00:01:49.980 --> 00:01:52.290
Town of Parish: As good as the first time in many years and we have

9
00:01:52.740 --> 00:02:02.880
Town of Parish: To override the text in the way the tech stack works is if you don't meet the next tab. If you do get a credit next year towards the amount of the tax cap that you were under for next year. So it's not like

10
00:02:03.240 --> 00:02:18.750

Town of Parish: It's not like a to use it or lose it there. If you don't use all that percentage your baseline is is adopted level rather than the tax cap level. You don't lose that money if you don't use them. So there's no incentive to spend many thing where we need to

11

00:02:21.720 --> 00:02:23.430

Town of Parish: So, next one.

12

00:02:25.980 --> 00:02:27.450

Town of Parish: By 1 million

13

00:02:36.840 --> 00:02:46.920

Town of Parish: We have thought about the little bit that's needed from the 1900 we thought about taking it out on another line and just eliminating anyone needs to

14

00:02:48.180 --> 00:02:51.390

Town of Parish: Be in there and I forgot to ask you guys about it last.

15

00:02:52.590 --> 00:03:04.230

Town of Parish: Week on. Is anybody interested in doing that. It's only 1900 and there is enough money in the fund balance. You could do that and still have more than adequate money left in the fund balance.

16

00:03:04.860 --> 00:03:15.240

Town of Parish: And if you did that. What you would do is you take that 1900 degrees, apply it towards TV and then highway con outside village to take the place of TAXES THAT WE GOT TO RAISE OTHERWISE, so

17

00:03:16.350 --> 00:03:16.980

Town of Parish: So it's going to

18

00:03:18.210 --> 00:03:24.570

Town of Parish: Write as much not going to raise taxes they won't raise taxes will still be zero for

19

00:03:26.160 --> 00:03:28.380

Town of Parish: That would reduce DB, just a little bit.

20

00:03:29.970 --> 00:03:31.950

Town of Parish: As anybody interested in doing that.

21

00:03:54.180 --> 00:03:58.770

Town of Parish: Be 1900 so instead of trying to

22

00:03:59.820 --> 00:04:08.610

Town of Parish: Find me in the next budget and we move it over from another line that has London and that will improve just moving money around. Okay.

23

00:04:11.280 --> 00:04:11.820

Town of Parish: Yeah.

24

00:04:13.050 --> 00:04:21.120

Town of Parish: We would take it on TV. Because the only thing you can do to me and maybe we can't touch me to be or would you rather be so we're going to put it

25

00:04:21.510 --> 00:04:29.040

Town of Parish: It's got a long way, but everything but we're not going to put it to raise taxes. I'm going to take it out of maybe lower than 36 700

26

00:04:29.580 --> 00:04:40.290

Town of Parish: Right, right. All the meeting us to meet the expenditure in the is coming from your share of the comments on this test.

27

00:04:40.830 --> 00:04:53.670

Town of Parish: And all that has to be either be a DVD because of its own set of facts share. So you've got to apply for it either be DB. So, you know, basically benefit for those taxpayers twice.

28

00:04:54.990 --> 00:05:00.390

Town of Parish: But if you if you don't need to incorporate that sales tax money towards be

29

00:05:01.740 --> 00:05:16.950

Town of Parish: Can then put it towards TV and reduce those passages. So there's plenty of some dogs right now and be fun. You can draw that. And it's not gonna not gonna hurt that at all. We find that age tailor it is

30

00:05:22.770 --> 00:05:24.360

Town of Parish: Probably fighting and they I

31

00:05:25.710 --> 00:05:25.980

Town of Parish: Mean like

32

00:05:35.160 --> 00:05:35.520

Six.

33

00:05:37.620 --> 00:05:40.350

Town of Parish: six pages, that's going to give you the finance page.

34

00:05:49.560 --> 00:05:50.130

Town of Parish: Okay.

35

00:05:53.880 --> 00:05:54.060

So,

36

00:05:58.710 --> 00:06:02.490

Town of Parish: We'll see what we have 8732

37

00:06:04.560 --> 00:06:04.800

Is you

38

00:06:06.660 --> 00:06:07.590

Town of Parish: Take it out of there.

39

00:06:09.240 --> 00:06:16.980

Town of Parish: And never. We don't have to raise them 19,000 just using it from the finance a small amount. It's not going to hurt him.

40

00:06:19.620 --> 00:06:19.980

Town of Parish: Are you ready

41

00:06:23.430 --> 00:06:27.270

Town of Parish: Okay, so that's that's a small change easily done.

42

00:06:28.950 --> 00:06:30.030

Town of Parish: And it's good change to make

43

00:06:40.440 --> 00:06:44.400

Town of Parish: So will never change in in these figures around the front page or percentages.

44

00:06:46.380 --> 00:06:50.760

Town of Parish: It will very, very honestly bring down the

45

00:06:54.060 --> 00:07:00.750

Town of Parish: Slide village. I probably fractions of a penny. It's really not a big change. Structurally, it's a better thing to do.

46

00:07:03.240 --> 00:07:07.260

Town of Parish: Because now you can apply 100% of your sales tax towards reducing your tax rate.

47

00:07:08.940 --> 00:07:17.670

Town of Parish: Hello, Justin page to the business carries over 100 as well just didn't know just it on the D and DVD.

48

00:07:19.140 --> 00:07:20.670

Town of Parish: And then changes that paid one

49

00:07:22.200 --> 00:07:22.620

Okay.

50

00:07:23.820 --> 00:07:24.660

Alright, so

51

00:07:26.280 --> 00:07:29.970

Town of Parish: Pastry everything that we talked about last Thursday's in here.

52

00:07:45.360 --> 00:07:45.930

Town of Parish: Questions.

53

00:08:40.290 --> 00:08:41.700

Town of Parish: Asked to have a change

54

00:09:29.220 --> 00:09:30.090

Town of Parish: Cleanup day

55

00:09:43.140 --> 00:09:47.220

Town of Parish: Because we did it in August. But still, this is no number I would have expected.

56

00:10:11.040 --> 00:10:21.450

Town of Parish: Okay, so be is very minimal on what we can put in there is the sales tax. So we needed something goes wrong and we have to do something and

57

00:10:22.710 --> 00:10:34.020

Town of Parish: pay sales tax season I think quarterly in there too, but I don't see anything. There's nothing planning in intentionally since

58

00:10:39.360 --> 00:10:45.510

Town of Parish: We moved a few things around like a point 2.4 or vice versa. Yeah, point to point.

59

00:10:47.550 --> 00:11:01.680

Town of Parish: Any inappropriate number should have been point or so those sort of scenario because you're going to be 4.4 blah, blah, whatever they are, instead of point two five deals that we switch those down and not have as many transfers.

60

00:11:06.270 --> 00:11:09.300

Town of Parish: We didn't put in the transport your capital reserve fun

61

00:11:10.740 --> 00:11:11.550

Town of Parish: Last week,

62

00:11:12.870 --> 00:11:13.080

Yeah.

63

00:11:26.760 --> 00:11:31.170

Town of Parish: This is our homework national flowing repair work, I should say.

64

00:11:39.000 --> 00:11:39.930

Town of Parish: Just don't manage

65

00:11:41.790 --> 00:11:42.840

Town of Parish: Some of its down

66

00:11:44.550 --> 00:11:47.220

Town of Parish: On the we just called master to what we can here.

67

00:11:48.270 --> 00:11:48.570

Town of Parish: Don't

68

00:11:51.780 --> 00:11:54.120

Town of Parish: Put one lower than

69

00:11:57.120 --> 00:11:58.050

Town of Parish: The other part time

70

00:12:03.180 --> 00:12:04.950

Town of Parish: All point four is our

71

00:12:06.390 --> 00:12:07.380

Town of Parish: Last year,

72

00:12:08.640 --> 00:12:16.500

Town of Parish: We time on one 2.1 is down, we can see the in the last 16 years if it's a minus, you know, we increase the difference

73

00:12:35.640 --> 00:12:41.670

Town of Parish: At 14 the rest of it as the balance Association November we doing the borrower.

74

00:12:45.840 --> 00:12:53.010

Town of Parish: The second year. We've already paid it off next year. And if 100,000 last

75

00:12:54.120 --> 00:12:59.490

Town of Parish: fund balance on there and another probably two years and then we paid off.

76

00:13:06.840 --> 00:13:16.740

Town of Parish: And on page 15 the bank says ready to run into sufficient estimating about 100,000 this year, it might be nine years depending

77

00:13:17.820 --> 00:13:22.140

Town of Parish: Upon what's false DVDs, one needs to

78

00:13:23.820 --> 00:13:24.750

Town of Parish: Hear me

79

00:13:28.530 --> 00:13:29.520

Town of Parish: Yeah.

80

00:13:50.160 --> 00:13:52.140

Town of Parish: Page 16 fire department.

81

00:13:56.250 --> 00:14:01.710

Town of Parish: Which, by the way, I have more information to you regarding said last time that wasn't quite right.

82

00:14:05.520 --> 00:14:07.320

Town of Parish: Stand by what the law says right here.

83

00:14:12.930 --> 00:14:13.650

Town of Parish: Section five

84

00:14:14.880 --> 00:14:17.100

Town of Parish: Shows you the breakdown and it doesn't say

85

00:14:18.360 --> 00:14:18.780

Town of Parish: Last

86

00:14:24.750 --> 00:14:27.750

Town of Parish: Week deadline to be a better one than the sheer

87

00:14:28.770 --> 00:14:33.120

Town of Parish: Amount of capital would was so 16 is the fire department.

88

00:14:34.890 --> 00:14:52.020

Town of Parish: The water that you're doing. Now, the only thing again in there was the money that had to be paid to a year before because of the natural to want to project, and it was instead of 48,000 inputted at \$20,000 in interest and the interest came in.

89

00:14:53.100 --> 00:14:58.080

Town of Parish: For for 2018 steps and we've got like \$500 in that account.

90

00:14:59.190 --> 00:15:02.670

Town of Parish: But there's nothing in there. Yeah. For the sheer

91

00:15:07.230 --> 00:15:07.950

Town of Parish: Next page.

92

00:15:16.380 --> 00:15:16.770

Town of Parish: Copy.

93

00:15:19.980 --> 00:15:21.300
Town of Parish: Russell anybody else for copy

94

00:15:27.270 --> 00:15:35.160
Town of Parish: Age 18 and there really isn't much page a message, just kind of like the foundation of where the numbers go and other parts of the spreadsheet.

95

00:15:36.750 --> 00:15:49.980
Town of Parish: There's the labels that appear at the top of pages and you've got a little bit of trend information on where your assessment is been over the last several years. So the most recent one on the left for 2021

96

00:15:51.000 --> 00:16:13.170
Town of Parish: tax base that's from July 1 of this year and look to see an extreme right hand side it says the percentage change that was between the tax basis where some of the package one up in 20 seconds went down. So that's about all there is on that page. So last

97

00:16:14.430 --> 00:16:42.270
Town of Parish: This year going into next year. Yes, so in town wide your tax base camp down just a little bit, but a town outside village your tax base went up by 1.6% i'm sure on ya tellin ya down a little bit village went up a little bit so overall town outside went down a little bit more than that.

98

00:16:43.590 --> 00:16:50.580
Town of Parish: Village. What's the things up on the average, the fire from the basement down just a little bit and the

99

00:16:52.650 --> 00:16:55.350
Town of Parish: Water went up by a couple of units.

100

00:16:56.760 --> 00:16:58.380
Town of Parish: And the text techno

101

00:17:09.210 --> 00:17:10.530
Town of Parish: That's not up to us.

102

00:17:11.940 --> 00:17:12.270
Town of Parish: Yes.

103

00:17:13.380 --> 00:17:13.680

Town of Parish: Or no

104

00:17:16.830 --> 00:17:18.360

Town of Parish: Problem, we can correct it.

105

00:17:20.310 --> 00:17:21.960

Town of Parish: Because I think that's the number that you produced

106

00:17:26.640 --> 00:17:27.090

Town of Parish: I

107

00:17:28.620 --> 00:17:30.150

Town of Parish: Know they are in there, but all about

108

00:17:34.680 --> 00:17:35.580

Town of Parish: Okay.

109

00:17:39.300 --> 00:17:42.210

Town of Parish: salaries for the elected officials.

110

00:17:51.600 --> 00:17:55.260

Town of Parish: give someone an overall explanation to people.

111

00:17:57.180 --> 00:18:00.930

Town of Parish: And what what we knew the differences in the lines.

112

00:18:14.160 --> 00:18:14.970

Town of Parish: He do before

113

00:18:26.430 --> 00:18:28.320

Town of Parish: The next page. Again, it was

114

00:18:29.850 --> 00:18:37.920

Town of Parish: Overall general town when a gentleman town or village and then hiring and firing.

115

00:18:46.980 --> 00:18:49.380

Town of Parish: And then the next one down on stage.

116

00:18:52.080 --> 00:18:55.500

Town of Parish: This is a huge estimate that we will we did is we took place.

117

00:18:56.700 --> 00:18:57.600

Town of Parish: Not told first

118

00:18:58.620 --> 00:19:03.750

Town of Parish: First, the managers to put in here to see what we might have

119

00:19:04.950 --> 00:19:05.910

Town of Parish: global issues.

120

00:19:07.050 --> 00:19:18.660

Town of Parish: We've already got taken care of. I can take the tire emotions. Again, Tony, the bank statements but I'm keeping my fingers crossed. It will get a lot of bandwidth. We know some

121

00:19:21.270 --> 00:19:22.080

Town of Parish: Change to go

122

00:19:24.120 --> 00:19:25.380

Town of Parish: through to the end of the year.

123

00:19:46.770 --> 00:19:47.400

Town of Parish: Oh wait.

124

00:19:50.940 --> 00:19:51.330

Town of Parish: Yes.

125

00:19:52.860 --> 00:19:56.280

Town of Parish: Let's get started first quarter 2021 expenditure, the fire.

126

00:19:57.960 --> 00:20:01.860

Town of Parish: It's under fire fun right there. It's not that down the

127

00:20:03.300 --> 00:20:03.990

Town of Parish: Whole thing.

128

00:20:06.750 --> 00:20:12.780

Town of Parish: Is that the original number that was before. Okay, thanks change that and architect for the change. I am

129

00:20:18.060 --> 00:20:29.880

Town of Parish: Of course, those are Bell testaments as of 930 2020 so at that point yesterday was that because the fair company at that point and not provided you with more accurate numbers. So technically, that is correct. As it stands, so

130

00:20:30.780 --> 00:20:34.080

Town of Parish: Far, it's up to you. I mean, you have a newer, more accurate estimate now so

131

00:20:36.750 --> 00:20:40.320

Town of Parish: But as of 930. That was the estimate because you have to see the

132

00:20:42.810 --> 00:20:43.110

Town of Parish: Change.

133

00:20:45.780 --> 00:20:53.850

Town of Parish: And all that doesn't give you an estimate. So you have an idea of what you could conceivably used to reduce taxes which, in that case, clearly, you can't

134

00:20:54.300 --> 00:21:06.180

Town of Parish: Because there is no balance in the Firefox. So, so that's that number or the newer higher number doesn't make any difference because you have no money in the fire from that you wouldn't be possibly able to reallocate anything like so.

135

00:21:07.500 --> 00:21:12.150

Town of Parish: So they're technically you could change it to be wanted to, but there is no effective

136

00:21:13.560 --> 00:21:17.940

Town of Parish: And change always consistent basis of jumping on the newer ones and and

137

00:21:19.470 --> 00:21:19.740

Town of Parish: Yeah.

138

00:21:21.930 --> 00:21:39.000

Town of Parish: Why did you leave it as it is. Because that's the estimate as of 930 next

139

00:21:54.450 --> 00:21:55.110

Town of Parish: Video

140

00:22:03.450 --> 00:22:04.380

Town of Parish: Exemptions

141

00:22:05.760 --> 00:22:06.930

Town of Parish: Born into

142

00:22:53.520 --> 00:22:54.840

Town of Parish: Did you check with them.

143

00:22:56.760 --> 00:23:00.210

Town of Parish: In those companies to become an expert to get you an answer.

144

00:23:05.790 --> 00:23:12.270

Town of Parish: Again, it's a good thing that you don't have to override the kids camp will have some money left over, you kind of know what they are.

145

00:23:14.760 --> 00:23:15.120

Town of Parish: Going

146

00:23:16.320 --> 00:23:17.700

Town of Parish: Well, without the budget.

147

00:23:19.140 --> 00:23:21.570

Town of Parish: We might have some extra funds to put someone else.

148

00:23:22.740 --> 00:23:23.280

Town of Parish: Wanted

149

00:23:25.110 --> 00:23:27.450

Town of Parish: From now on December 31

150

00:23:31.290 --> 00:23:34.890

Town of Parish: And equipment lasting shake

151
00:23:36.300 --> 00:23:38.880

152
00:23:44.760 --> 00:23:45.300
Town of Parish: Kevin

153
00:23:46.890 --> 00:23:47.250
Town of Parish: Kelly.

154
00:23:59.850 --> 00:24:05.700
Town of Parish: Robin is the only person I dropped out. Nobody else is in the waiting room, I think.

155
00:24:06.000 --> 00:24:06.960
robin eaton-novak: I'm still here.

156
00:24:08.310 --> 00:24:09.150
Town of Parish: I think in the

157
00:24:12.720 --> 00:24:13.380
robin eaton-novak: Time spent in

158
00:24:13.500 --> 00:24:15.120
public hearings on contracts.

159
00:24:19.980 --> 00:24:20.130
Don't know.

160
00:24:21.870 --> 00:24:24.150
Town of Parish: They actually had contracts are

161
00:24:41.370 --> 00:24:42.240
Anticipating

162
00:24:50.280 --> 00:24:51.960
There's no questions. No problems.

163
00:24:53.820 --> 00:24:55.290
Couple things need to be

164

00:24:56.910 --> 00:25:00.060
