1

00:00:00.000 --> 00:00:00.659

Mary Ann: Meeting.

2

00:00:03.659 --> 00:00:11.519

Mary Ann: The first one is Mr. Russell, I see you're here. Thank you for joining us discuss the updated resolution on water district number one.

3

00:00:12.780 --> 00:00:19.470

Mary Ann: Do any of you guys have any questions on that I gave you the paperwork should have been in your mailbox. If you didn't have that

4

00:00:20.610 --> 00:00:26.160

Mary Ann: Before you got it. Well, you should have got it before anybody have any questions on that.

5

00:00:27.990 --> 00:00:33.030

Mary Ann: Mr. Russell is here to address any questions you might have regarding the resolution.

6

00:00:37.080 --> 00:00:38.070

Mary Ann: jaan jaan

7

00:00:39.570 --> 00:00:41.340

Mary Ann: I didn't get a chance to read over

8

00:01:11.250 --> 00:01:15.840

Mary Ann: God only thing that I was looking for in the resolution is it doesn't say

9

00:01:17.310 --> 00:01:21.090

Mary Ann: Wait a minute, I got in front of me. It doesn't say

10

00:01:22.350 --> 00:01:27.000

Mary Ann: Anything about the ED us changing the numbers.

11

00:01:28.200 --> 00:01:30.870

Mary Ann: And the resolution says it's going to address that.

12

00:01:32.700 --> 00:01:35.070

Mary Ann: Should have been included in the resolution.

13

00:01:39.510 --> 00:01:41.160

Mary Ann: Should that have been included Joe

14

00:01:43.500 --> 00:01:45.660

Mary Ann: Okay, I can't, I can't hear you. Can you

15

00:01:46.830 --> 00:01:48.210

Mary Ann: Can you unmute Mr. Russell.

16

00:01:51.210 --> 00:01:52.050

jrussell: Okay, there we go.

17

00:01:52.680 --> 00:01:53.100

Mary Ann: Thank you.

18

00:01:54.780 --> 00:02:04.260

jrussell: Know that does not need to be in there, Marianne, the number of Ed use isn't important. For this purpose, it's the total project cost and the cost per edu.

19

00:02:05.100 --> 00:02:11.340

Mary Ann: Okay, because it didn't address it. So okay, so what from 909 whatever down to 906 23

20

00:02:11.820 --> 00:02:21.390

Mary Ann: Right, because they added a few more in there. So for do you have that order of the the town board approving the maximum in paperwork in front of you.

21

00:02:22.590 --> 00:02:23.370

Mary Ann: Or numbers.

22

00:02:29.400 --> 00:02:29.790

Mary Ann: Hello.

23

00:02:32.070 --> 00:02:34.500

Mary Ann: You do. Okay, any questions on it.

24

00:02:45.030 --> 00:02:45.330

Yeah.

25

00:02:53.160 --> 00:02:58.050

Town of Parish: I don't have any questions. We're gonna set a date with all this covert stuff going on.

26

00:02:59.190 --> 00:03:08.190

Mary Ann: Remember, we're doing absentee ballots as well Doug, so yeah. With that in mind, if they come, they come if they don't can do at least absentee ballots. It's not a problem.

27

00:03:08.580 --> 00:03:21.960

jrussell: And I can, I can tell you that we did one of these in Cape Vincent, a few months ago. And that's exactly what what occurred is that people that did not want to vote in person took advantage of the absentee ballots so

28

00:03:22.650 --> 00:03:23.040

Mary Ann: Thank you.

29

00:03:24.990 --> 00:03:26.070

Mary Ann: Any other question.

30

00:03:28.290 --> 00:03:29.190

Town of Parish: You can't let a man

31

00:03:30.300 --> 00:03:30.990

Mary Ann: Say it again.

32

00:03:32.640 --> 00:03:37.500

Town of Parish: If the building is close to the public, you won't be able to know them in

33

00:03:38.130 --> 00:03:48.600

Mary Ann: Well, I guess the building is going to have to be open to the public, like wherever we go. If it's the fire department will have to ask them if it's if it's the village building left. Ask them.

34

00:03:51.030 --> 00:04:08.130

jrussell: And quite frankly, if, if the governor makes a determination to shut everything down again. Um, it is what it is. I mean, might have. We might have to revisit this but for right now, we're able to do a vote, both in person and by absentee ballots.

35

00:04:11.190 --> 00:04:11.550

Mary Ann: Thank you.

36

00:04:14.670 --> 00:04:17.340

Mary Ann: No other questions during the concert, you know,

37

00:04:18.510 --> 00:04:20.400

Mary Ann: I'll entertain a motion to approve.

38

00:04:23.430 --> 00:04:32.070

Mary Ann: The maximum amount proposed to be expanded and adjust the videos I need emotion double Richard I need a second

39

00:04:36.810 --> 00:04:38.220

Mary Ann: I didn't hear who that was. Yeah.

40

00:04:41.850 --> 00:04:44.610

Mary Ann: Thank you. And I have a roll call vote, please.

41

00:04:47.790 --> 00:04:48.300

Yeah.

42

00:04:49.860 --> 00:04:53.250

Mary Ann: Yeah. Yes, sir. Morning, yes.

43

00:04:58.170 --> 00:04:58.740

Yes.

44

00:05:01.500 --> 00:05:13.530

Mary Ann: Okay, so we have to look at a calendar instead of date no more than it's got to be between February 15 and march 2 I gotta get a calendar in front of me.

45

00:05:15.570 --> 00:05:18.630

Mary Ann: I Tuesday's the date that we have votes.

46

00:05:22.230 --> 00:05:22.620

Town of Parish: Now,

47

00:05:27.510 --> 00:05:30.570

Mary Ann: Should be on a Tuesday for like all the other votes.

48

00:05:33.000 --> 00:05:34.500

jrussell: Because it doesn't matter legally

49

00:05:35.580 --> 00:05:51.510

Mary Ann: Okay, so between February 15 the 15th is on a Monday and march 2 is on a Tuesday. Yeah. Want to you got like two and a half weeks if they have to set up. What would you like guys

50

00:05:57.720 --> 00:05:59.130

Mary Ann: Say it again. Guys, I'm sorry.

51

00:06:00.150 --> 00:06:02.190

Town of Parish: You can't do it on a court night.

52

00:06:02.610 --> 00:06:03.150

Okay.

53

00:06:05.220 --> 00:06:07.830

Town of Parish: It's Monday, open the first

54

00:06:11.580 --> 00:06:12.960

Town of Parish: The first is a Monday.

55

00:06:14.100 --> 00:06:16.050

Mary Ann: March 1 is a Monday. Yes.

56

00:06:16.890 --> 00:06:18.390

Town of Parish: All right, there's your day.

57

00:06:18.720 --> 00:06:19.350

Mary Ann: You want March.

58

00:06:23.190 --> 00:06:24.360

Mary Ann: I can't hear ya.

59

00:06:26.490 --> 00:06:27.570

Town of Parish: Monday, March.

60

00:06:28.890 --> 00:06:31.350

Town of Parish: March for doing on Monday. Correct.

61

00:06:31.410 --> 00:06:32.370

Mary Ann: Yes. Yep.

62

00:06:34.410 --> 00:06:40.530

Town of Parish: Okay, maybe report on Tuesday, more than you're talking March.

63

00:06:41.340 --> 00:06:47.340

Mary Ann: Unless we do it in another building with the fire department be available, I think, where did we have the last one.

64

00:06:49.590 --> 00:06:52.470

Town of Parish: Was close to the public place.

65

00:06:55.980 --> 00:06:58.680

Mary Ann: Where did we hold the last vote.

66

00:06:59.160 --> 00:07:00.420

In November of 18

67

00:07:01.650 --> 00:07:02.310

Really broke

68

00:07:06.300 --> 00:07:12.180

Mary Ann: IT department. Okay, so if you wanted to stick to a Tuesday we can ask them if we can use their building

69

00:07:14.850 --> 00:07:16.110

Mary Ann: But otherwise, my wrong.

70

00:07:18.630 --> 00:07:20.400

Town of Parish: What's wrong with y Mar first

71

00:07:21.450 --> 00:07:32.520

Mary Ann: All right, we'll do my first I need a motion to approve. My first as the vote to hold the vote for water district number one at the village Jim building

72

00:07:33.420 --> 00:07:34.200

I need a motion.

73

00:07:35.400 --> 00:07:35.550

Mary Ann: And

74

00:07:37.920 --> 00:07:40.800

Mary Ann: Okay, so I have a motion and a second roll call vote, please.

75

00:07:44.460 --> 00:07:44.970

Yes.

76

00:07:45.990 --> 00:07:48.330

Mary Ann: Yes. Morning, yes.

77

00:07:52.260 --> 00:07:52.860

Mary Ann: Yes.

78

00:07:54.150 --> 00:07:57.300

Mary Ann: Okay, so we got a date. Do we have to set times

79

00:07:57.570 --> 00:08:05.400

jrusell: You don't need to set time for right now. You just know it has to be six consecutive hours at least between 8am and 8pm

80

00:08:06.240 --> 00:08:08.160

jrusell: So you can you can set those later.

81

00:08:08.460 --> 00:08:19.290

jrusell: And because we don't we don't go to advertising until we get closer to the date. The other thing you do need to do tonight though is by motion authorized absentee ballots.

82

00:08:21.690 --> 00:08:25.770

Mary Ann: Okay, I need a motion to authorize absentee ballots for the water district vote on March.

83

00:08:25.770 --> 00:08:26.220

1

84

00:08:30.750 --> 00:08:33.660
Mary Ann: Okay, second roll roll call vote.

85
00:08:38.550 --> 00:08:39.180
Town of Parish: Yes.

86
00:08:42.090 --> 00:08:42.510
Mary Ann: Yeah.

87
00:08:47.100 --> 00:08:47.640
Mary Ann: Yes.

88
00:08:49.560 --> 00:08:52.530
Mary Ann: Okay, Joe. Any thing else we need to do at this point.

89
00:08:52.650 --> 00:08:57.780
jrussell: No, I don't think so. I just let you know that within the next couple of weeks, Diane will be putting together.

90
00:08:58.110 --> 00:09:13.200
jrussell: Something in the form of a playbook for everybody. So we know exactly what we have to do between now and the election. So, and she'll get that circulated to you the to the town to the engineers and to dank so that everybody's on the same page.

91
00:09:14.220 --> 00:09:20.340
Mary Ann: Okay. And then I think she also said she would help us with whatever has to take place regarding these

92
00:09:20.460 --> 00:09:21.480
absentee ballot.

93
00:09:22.920 --> 00:09:24.420
Mary Ann: Okay, so that included. Alright.

94
00:09:24.600 --> 00:09:28.800
jrussell: Well, we'll prepare those for you and will prepare the actual paper ballots as well.

95
00:09:30.150 --> 00:09:33.450
jrussell: And again, she'll start working on that within the next couple of weeks.

96

00:09:34.260 --> 00:09:40.710

Mary Ann: Okay, and I did get two batches of the deeds and waiting for the other two branches to kind of sure once you ship them to

97

00:09:41.730 --> 00:09:42.540

jrussell: come after you. Yeah.

98

00:09:42.870 --> 00:09:46.470

Mary Ann: Okay. Thank you, Mr. Russell to you. And, Dan, have a great holiday.

99

00:09:46.620 --> 00:09:47.850

jrussell: Thank you, the same to you.

100

00:09:48.090 --> 00:09:48.990

Mary Ann: Thank you for your help.

101

00:09:49.140 --> 00:09:53.730

Mary Ann: You're welcome. Bye bye. Bye bye. Okay, that was done.

102

00:09:56.100 --> 00:10:02.490

Mary Ann: Okay, the next one discussion Terry Bennett is on. Hi, Terry. Appreciate your you're tuning in with us.

103

00:10:03.330 --> 00:10:19.860

Mary Ann: Regarding the multi jurisdictional all hazard mitigation plan update for us. We go County. I make copies of just the town of parish part gave that to each of you probably two weeks ago, or thereabout so you should have that document in hand.

104

00:10:30.120 --> 00:10:50.550

Terry Bennett: Hi, everybody. Thank you very much for letting me zoom in with you tonight. Can you all hear me pretty good. Yes. Okay, great. I'm, I'm Terry Bennett from County Emergency Management Office and I'm here to encourage you to adapt a resolution.

105

00:10:52.470 --> 00:10:59.520

Terry Bennett: Accept a resolution adapting the Oswego county multi jurisdictional all hazard mitigation plan.

106

00:10:59.940 --> 00:11:12.270

Terry Bennett: That this is an update to what your town approved in 2013 and many of the same people worked at it this time around as well. You worked hard.

107

00:11:12.870 --> 00:11:37.650

Terry Bennett: You you spent quite a number of months working on it. We got a grant from the federal government of about \$200,000 to work with all of our municipalities and help create a plan to lessen the effects of disasters on our community and part of the process was to

108

00:11:38.880 --> 00:11:55.620

Terry Bennett: Update your hazard analysis and determine what has changed since 2013 what new disasters may have come up and and flooding kind of rose to the top more toward the top for most municipalities, we did have quite a bit of

109

00:11:57.120 --> 00:12:00.570

Terry Bennett: Aerial flooding, which is flooding on your roads and

110

00:12:02.310 --> 00:12:10.800

Terry Bennett: In your in your ditches. That didn't happen in 2000 before the last few years with global warming, possibly, but anyway.

111

00:12:12.330 --> 00:12:26.010

Terry Bennett: This plan will once it's approved by FEMA and you have conditional approval. Now, and as soon as I received the resolution signed by your town clerk will have formal approval from FEMA for you that day, the

112

00:12:26.760 --> 00:12:38.880

Terry Bennett: This plan will allow you to apply for funding for mitigation part projects you have identified in your plan and you identified some very good ones, including

113

00:12:40.020 --> 00:12:48.300

Terry Bennett: The water project. You just talked about. You also could apply for funding from in certain kinds of mitigation.

114

00:12:49.800 --> 00:12:50.610

Terry Bennett: Grants.

115

00:12:51.780 --> 00:12:56.130

Terry Bennett: For your backup power to your shelters in town. The

116

00:12:57.360 --> 00:13:09.990

Terry Bennett: Action Plan for snow clearing and storage which you're pretty good at, but you can always be better and then establish public warning and outreach systems. Those were your projects. They're very good ones.

117

00:13:10.800 --> 00:13:24.840

Terry Bennett: The federal government provides mitigation funding often following a disaster anywhere in New York State. And once the information comes to me, I'll, I'll send it on to you to decide if you want to apply for

118

00:13:26.430 --> 00:13:29.550

Terry Bennett: Funding for one of your projects and we can help you do that.

119

00:13:31.230 --> 00:13:36.090

Terry Bennett: Those of you who sat on the committee with me. Do you have any comments.

120

00:13:37.920 --> 00:13:38.640

Terry Bennett: To add him.

121

00:13:40.680 --> 00:13:44.340

Terry Bennett: Or do you have any questions for me. Did I cover that well.

122

00:13:46.290 --> 00:13:47.340

Terry Bennett: Paul Baxter.

123

00:13:47.970 --> 00:13:51.870

Terry Bennett: Paul Baxter was a huge partner in this. So Paul, if you have any comments.

124

00:13:57.480 --> 00:13:57.960

Terry Bennett: Okay.

125

00:14:03.180 --> 00:14:04.530

Mary Ann: I have a couple Terry

126

00:14:09.420 --> 00:14:11.820

Mary Ann: Page 19 the 5.2 emergency

127

00:14:11.820 --> 00:14:13.080
Mary Ann: Communications and

128
00:14:13.080 --> 00:14:13.740
Shelter.

129
00:14:16.200 --> 00:14:16.530
Mary Ann: Okay.

130
00:14:17.100 --> 00:14:26.490
Terry Bennett: What page. Did you say 1995 point to the emergency communications routes and shelters.

131
00:14:26.820 --> 00:14:41.670
Mary Ann: Right. The only one we have listed as the parish Volunteer Fire Company. The fire station. But back when we're planning on doing things we talked about the church of the nazarene. Is that a possible, yes.

132
00:14:42.270 --> 00:14:55.530
Terry Bennett: Yes. Yes. Yep. Um, this was the one identified for the plan, but it could be other one can be added in. We will continue to work with you for updating it I'm

133
00:14:56.250 --> 00:15:06.810
Terry Bennett: Following your plan once a year will take a good hard look at it, but we certainly can add it in. In fact, sometimes you don't want your shelter to be the fire department.

134
00:15:08.910 --> 00:15:13.200
Terry Bennett: You want it to be out of the way of the emergency responders who are working on the disaster.

135
00:15:14.610 --> 00:15:28.650
Terry Bennett: I'm not sure if the parish Fire Department has a generator that may be the reason it's included if they do, but certainly there are certain things that the the shelters have to meet, but I'm sure we can make it work.

136
00:15:31.410 --> 00:15:36.750
Mary Ann: Well, because I was just gonna say if we're not using the church of the nazarene there's no reason for that number.

137
00:15:36.750 --> 00:15:38.160
Mary Ann: One right

138

00:15:38.310 --> 00:15:38.730

Right.

139

00:15:39.780 --> 00:15:47.640

Terry Bennett: Yeah, it certainly can be looked at, you know, especially if we can find funding for a generator that will make it an even better source.

140

00:15:48.180 --> 00:15:50.130

Mary Ann: I have no idea how much they are

141

00:15:51.180 --> 00:15:55.320

Terry Bennett: They can run anywhere. It depends on what they need to run. I mean, what they need to operate.

142

00:15:55.890 --> 00:15:57.120

Mary Ann: Okay, I'm

143

00:15:57.390 --> 00:15:59.100

Mary Ann: Bored with that going forward.

144

00:15:59.880 --> 00:16:06.720

Mary Ann: Okay dog or Jen, do you know if the Church and answering is still in operation. I don't belong to it so

145

00:16:10.320 --> 00:16:10.680

Mary Ann: Does

146

00:16:12.090 --> 00:16:14.670

Mary Ann: I think it is, but I couldn't guarantee it.

147

00:16:15.690 --> 00:16:19.110

Mary Ann: Because that's the thing we got to look at if they're not inflation, there's no sense.

148

00:16:19.110 --> 00:16:30.690

Terry Bennett: Even if it's okay if it's included in the plan, and it's not an operation. This is just a plan. It doesn't lock you into anything when we can certainly take it out going forward.

149

00:16:31.380 --> 00:16:33.750

Mary Ann: No, no, no. I want to get a generator for it, but I

150

00:16:33.750 --> 00:16:34.290

Mary Ann: Don't want to get

151

00:16:34.350 --> 00:16:38.490

Mary Ann: A generator. If it's not, you know, if they're not an operation. I have no idea.

152

00:16:38.790 --> 00:16:44.130

Terry Bennett: Well, if it, if it gets sold to another church or to somebody else that may change things, but

153

00:16:44.130 --> 00:16:49.860

Terry Bennett: Certainly we that that's that's something we can work on together.

154

00:16:50.310 --> 00:17:00.900

Mary Ann: Okay and I touched on this with you before, Terry. What about the schools because I know when I was on the school board hundred years ago we bought generated for every building

155

00:17:01.080 --> 00:17:04.290

Mary Ann: So they could supply an emergency shelter.

156

00:17:04.800 --> 00:17:05.730

Terry Bennett: We can add them in

157

00:17:06.510 --> 00:17:07.500

Terry Bennett: We can add them in

158

00:17:08.640 --> 00:17:11.760

Terry Bennett: Okay. Um, yes. We absolutely can.

159

00:17:13.500 --> 00:17:13.860

Okay.

160

00:17:14.940 --> 00:17:17.010

Mary Ann: The only one is is Craig still there.

161

00:17:20.790 --> 00:17:30.600

Mary Ann: We have the parish town to it says about we left the room to store include snow, do we still have an issue with that.

162

00:17:34.320 --> 00:17:42.540

Mary Ann: Okay and and our and our talent, the four things that we will look at working on number two said we lack the

163

00:17:43.020 --> 00:17:54.090

Mary Ann: room to store cleared snow. Many residents required assistant, show me roof snow. We still have a problem with if we pick up the snow clearing up, you know, getting it out of the way.

164

00:17:55.320 --> 00:17:56.700

Mary Ann: Or has been taken care of.

165

00:18:01.260 --> 00:18:01.410

That

166

00:18:06.060 --> 00:18:08.010

Mary Ann: So that's a project, we still got to work on.

167

00:18:09.270 --> 00:18:14.160

Terry Bennett: If you got hit with a giant snow storm like you did in 2007 you might need it.

168

00:18:15.780 --> 00:18:19.860

Mary Ann: Okay, so we got to work on the right and the other one was on

169

00:18:23.550 --> 00:18:37.890

Mary Ann: Number four parish town number for public education regarding shelter locations in a way to reach the community, Terry. Can we use our town website. Yes.

170

00:18:39.990 --> 00:18:43.410

Mary Ann: Only so many have computers. Right.

171

00:18:43.530 --> 00:18:47.460

Terry Bennett: And and there are other ways of doing it to you if you do a

172

00:18:48.840 --> 00:18:55.350

Terry Bennett: Any kind of a town mailing for any anything some information on that could be included in that

173

00:18:56.070 --> 00:19:10.140

Terry Bennett: Certainly if you still have a local newspaper covering you on a regular basis. And I'm not sure if this we go out county weekly still reaches you but certainly media is another good avenue to get information out.

174

00:19:10.560 --> 00:19:18.270

Terry Bennett: And making sure you're there's information and pamphlet format your government buildings.

175

00:19:19.050 --> 00:19:27.540

Terry Bennett: Your town council members and elected officials can take a door to door when they go door to door if they ever get to go door to door again.

176

00:19:28.320 --> 00:19:36.000

Terry Bennett: Back, you know, we ever get through this. But certainly there are ways to get that message out. And those are low cost ways to

177

00:19:36.480 --> 00:19:47.760

Terry Bennett: We can get look for grant funding for some of them, but some of them can be done on your own and it'll give you credit for working hard on on your plan in in the process.

178

00:19:48.240 --> 00:19:49.680

Mary Ann: Okay. All right. Thank you.

179

00:19:50.640 --> 00:19:51.180

You're welcome.

180

00:19:52.200 --> 00:19:59.250

Mary Ann: Did you have any questions on the town of Paris information that she shared with us guys, anybody know me.

181

00:20:01.020 --> 00:20:01.530

182

00:20:02.580 --> 00:20:04.140

Mary Ann: Yes.

192

00:20:58.440 --> 00:20:59.010

00:21:38.220 --> 00:21:40.920

Mary Ann: Already. Thank you. I should be there tomorrow so

Town of Parish: settlement on the engineer on the 2013

296

00:31:57.570 --> 00:32:04.470

Town of Parish: There was a laptop or something nice. I did one truck was not in the right then. But, I'm, I'm working on showing them. It is

297

00:32:05.670 --> 00:32:16.380

Town of Parish: So that one was denied right now, but it's still open. If the other drugs, you're getting \$9,000 back on the other drugs for the sudden

298

00:32:19.650 --> 00:32:20.010

Town of Parish: They're doing

299

00:32:21.720 --> 00:32:22.920

Town of Parish: That they were saying questions.

300

00:32:26.400 --> 00:32:32.910

Mary Ann: To go back to the one the truck with the grant. Do we have to have so much money up front to be able to apply for that. Do you have any idea.

301

00:32:38.130 --> 00:32:42.600

Town of Parish: You gotta have it. Yes, we got it in the budget, we put it in the budget this year.

302

00:32:47.190 --> 00:32:52.290

Mary Ann: I know we put money and but we didn't put anywhere near 250,000. And my question is,

303

00:32:52.590 --> 00:32:53.220

Mary Ann: Are we going to be

304

00:32:56.070 --> 00:32:57.570

Town of Parish: You don't do it more near

305

00:32:58.620 --> 00:33:01.050

Town of Parish: Your paid off in one year. It's a payment.

306

00:33:01.590 --> 00:33:02.490

Mary Ann: And I know, I know that.

307

00:33:03.180 --> 00:33:06.600

Mary Ann: They're requiring us to have X amount of money up front, or do you know

308

00:33:08.730 --> 00:33:09.360

Town of Parish: I believe so.

309

00:33:11.490 --> 00:33:15.150

Mary Ann: Therefore, for a truck payment per year. Okay, the budget.

310

00:33:15.780 --> 00:33:16.260

Town of Parish: Okay.

311

00:33:16.890 --> 00:33:17.700

Mary Ann: Well, I need them.

312

00:33:19.980 --> 00:33:21.510

Town of Parish: Your, your payment for a year.

313

00:33:22.620 --> 00:33:25.590

Town of Parish: That's why we did that this year. Okay, and

314

00:33:27.660 --> 00:33:34.260

Town of Parish: We never really budgeted for a payment. In the past we've tried to take it out of the maintenance. This year we put it in.

315

00:33:35.340 --> 00:33:39.210

Town of Parish: In there. So hats off. That's the sole purpose of that money is a famous

316

00:33:39.810 --> 00:33:45.090

Mary Ann: Okay, I just, I don't remember the number, I guess, I guess what I was looking for.

317

00:33:48.690 --> 00:33:49.050

Town of Parish: Okay.

318

00:33:49.470 --> 00:33:50.460

Mary Ann: No, no, no. I know.

319

00:33:52.440 --> 00:33:58.410

Mary Ann: I know how much we put in, and I just didn't know how much if we were doing this that the grant would require us to put in

320

00:33:58.440 --> 00:33:59.640

If there was \$1 amount

321

00:34:03.540 --> 00:34:04.950

Town of Parish: Whether you get the grant or not.

322

00:34:07.230 --> 00:34:13.500

Town of Parish: Whether we get the grant or not. We need to get a truck. Anyway, so we put kind of what we figured the payment would be for a year.

323

00:34:14.940 --> 00:34:18.600

Mary Ann: We didn't, we didn't look at what they might require. All right, thanks.

324

00:34:20.400 --> 00:34:20.610

Joe

325

00:34:21.990 --> 00:34:28.500

Mary Ann: assessor you got paperwork from him code enforcement officer. Any questions for Jim. I know Jim is there.

326

00:34:30.390 --> 00:34:30.600

Town of Parish: Any

327

00:34:33.420 --> 00:34:36.510

Town of Parish: I'm going to read it out. Sure. All right, here it goes.

328

00:34:37.860 --> 00:34:54.030

Town of Parish: From November to get you know 24 new building permits issued to permits were completed 23 buildings were performed six new violations were issued and one zoning permit for a shed was

329

00:34:54.030 --> 00:34:54.480

Issued

330

00:34:55.680 --> 00:34:57.480

Town of Parish: Also in the middle of November.

331

00:34:58.620 --> 00:35:03.390

Town of Parish: A property of the north end of counting 38. It has been an eyesore for many

332

00:35:03.390 --> 00:35:03.840

Mary Ann: Years.

333

00:35:03.870 --> 00:35:17.670

Town of Parish: was finally cleared up on this property. If anybody knows it, and it was purchased through the swagger County. Real Property Tax auction and the new owner within two weeks of me finding out that he owned it.

334

00:35:18.720 --> 00:35:32.190

Town of Parish: I spoke with him and he cleaned it up. And so I'd like to publicly thank him for cleaning up within 30 days if you drive by you won't even know that it's there anymore. So he did a really good job just thought he should be publicly thank for that.

335

00:35:33.240 --> 00:35:37.320

Town of Parish: Also in November three other violations were corrupted

336

00:35:38.460 --> 00:35:40.200

Mary Ann: Also during November I dealt with.

337

00:35:40.230 --> 00:35:53.940

Town of Parish: Two Harvey's that were being lived in one was I Elland Road. That one is currently waiting for a six month us from it through the planning board. So we're going to be dealing with that. The other one

338

00:35:54.300 --> 00:36:08.520

Town of Parish: Was on the end in our district. I'm counting 26 that the Archie alerted me to that violation has been taken care of the person no longer lives in the RD and the IRB was moved

339

00:36:09.690 --> 00:36:12.600

Town of Parish: So that was where we've been doing much in November.

340

00:36:13.770 --> 00:36:16.950

Town of Parish: Also in November, we started doing fire safety inspections.

341

00:36:18.240 --> 00:36:33.900

Town of Parish: We did seven of these in the month of November, including myself and my deputy. And what we're doing this year is we're issuing new occupant load sign style Public Assemblies so we started with nose and we continue doing that through December.

342

00:36:35.160 --> 00:36:38.250

Town of Parish: I attended the town village and planning board meetings.

343

00:36:38.910 --> 00:36:41.280

Town of Parish: I also attended the harassment training.

344

00:36:42.180 --> 00:37:03.480

Town of Parish: I traveled 112 miles during November and the revenues for November are as follows, building permits is 1217 and 80 cents. We had \$30 in zoning permits for a total revenue of 1247 and 80 cents in November.

345

00:37:04.020 --> 00:37:06.210

Mary Ann: Any questions, even though

346

00:37:08.460 --> 00:37:09.420

Town of Parish: That's what we've been done.

347

00:37:11.070 --> 00:37:12.300

Town of Parish: No questions. Marianne.

348

00:37:12.960 --> 00:37:24.240

Mary Ann: No, I was just gonna make a comment that the only thing left on the end of 38 he does have a light there. So if you go buy it at night. The lights still turns on on the pole. But other than that, it looks really nice. He did a great job.

349

00:37:30.900 --> 00:37:34.560

Mary Ann: He did a great job. So thanks, Jim. Okay.

350

00:37:35.640 --> 00:37:40.380

Mary Ann: Down justice. You had a question for the town clerk for the monthly report or

351

00:37:44.430 --> 00:37:45.450

Mary Ann: No. Okay.

352

00:37:46.860 --> 00:37:50.970

Mary Ann: Doug control you got his report Baxter circuit, write a report.

353

00:37:59.700 --> 00:38:04.380

Town of Parish: Over here I did you know that you this afternoon. Mariana are getting later than

354

00:38:06.690 --> 00:38:08.310

Town of Parish: I would normally want to be

355

00:38:08.580 --> 00:38:09.000

Mary Ann: Well, I

356

00:38:13.680 --> 00:38:14.310

Mary Ann: Understand

357

00:38:16.500 --> 00:38:17.820

Town of Parish: Really well.

358

00:38:33.720 --> 00:38:41.820

Town of Parish: Welcome to mission is operating a 50% occupancy level. The Watertown offices. But everybody's working full time, so don't hesitate to call on them as needed.

359

00:38:42.720 --> 00:38:58.230

Town of Parish: Governor instead of the zoom authorizations through January 1 and he's been doing on a month by month basis. So I expect as we get closer to that we will probably see another extension. So feel free to call on us as needed for zoom

360

00:38:59.370 --> 00:39:01.650

Town of Parish: Salmon River Council governments met on

361

00:39:03.630 --> 00:39:15.330

Town of Parish: Friday, November 20 he will be tomorrow municipal building had a good meeting, any suggestions for future meetings are appreciated. And one of the things that we did, which I know Marian has on the agenda is we amended the

362

00:39:16.530 --> 00:39:28.770

Town of Parish: We adopted the internist agreement that's the agreement that we all work under to create the center Council, the government sends I've got copies here for the Council and it also email that Mary and so

363

00:39:31.470 --> 00:39:38.040

Town of Parish: Basically, it's the same agreement is your underlying now is the only thing that has changed literally the only thing that has changed.

364

00:39:38.490 --> 00:39:47.910

Town of Parish: Is the date that it was now adopted on November 25 these seminars crew and then it needs to be referred to the individual communities to for them to adopt it.

365

00:39:49.350 --> 00:39:50.850

Town of Parish: Adopted them themselves.

366

00:39:52.110 --> 00:40:02.340

Town of Parish: And that has been done once every five years. And that's why we're bringing up the last time we did it was 2015. So let's see. Mary Ann has that down or later in the agenda and

367

00:40:04.080 --> 00:40:13.650

Town of Parish: We're currently in the process of implementing a contractor to help with media coverage in the center is areas or if you have anybody in mind, you might be able to help me on that and we'd be happy to hear about

368

00:40:15.210 --> 00:40:26.910

Town of Parish: The subject of public employer health emergency plans came up in neighboring town and these plans hundred lines, starting in early 2021 you do have a highway union. I understand and

369

00:40:28.080 --> 00:40:37.140

Town of Parish: Under that you're supposed to have your health emergency plan to the Union by the Marine Corps and I've got copies of article here from the LA Times of

370

00:40:38.670 --> 00:40:41.520

Town of Parish: October 23 that talks about what has been the plan.

371

00:40:43.950 --> 00:40:50.940

Town of Parish: There is going to be a webinar presented by the time you know commission on December 29 at

372

00:40:52.200 --> 00:41:04.770

Town of Parish: three in the afternoon, normally we don't try to overcrowd people's holiday seasons and stuff like that but everybody has been busy in the tableau with work on the town budgets and of course the parish on water and

373

00:41:05.040 --> 00:41:05.490

Mary Ann: That hasn't

374

00:41:05.550 --> 00:41:20.010

Town of Parish: had looked an awful lot of free time to work on anything else but you will have you approaching deadline February 4 to get your draft plan to unions and then you have to have the plan adopted by April 1 I believe so.

375

00:41:21.450 --> 00:41:25.230

Town of Parish: I also emailed to Mariana copy of the template that

376

00:41:25.410 --> 00:41:37.020

Town of Parish: Can be used for preparing a local plan and I would be happy to work with you and help you. Hi, Brian developing that and they'll go through more of the details of an webinar on the 29th, so

377

00:41:37.620 --> 00:41:39.360

Town of Parish: I will hope to see some of you there.

378

00:41:40.260 --> 00:41:52.200

Town of Parish: And last but not least, we've been talking about the computer writer for the tax collector and an external monitor for the justices office for him to us with his laptop, because the laptop has a little screen and against

379

00:41:52.740 --> 00:42:01.410

Town of Parish: Awful credit when he's trying to do everything that he needs to do with it. So those items have been put on order and we're expecting them anytime

380

00:42:02.430 --> 00:42:05.310

Town of Parish: And that's all I have to go. If you

381

00:42:10.170 --> 00:42:17.460

Mary Ann: Would just stick one my mailbox when you go out, I'd appreciate it by your company, you get the chiefs report there as well.

382

00:42:18.570 --> 00:42:19.020

Mary Ann: Um,

383

00:42:20.670 --> 00:42:23.040

Mary Ann: Any questions on that so

384

00:42:27.960 --> 00:42:28.530

Mary Ann: He's here.

385

00:42:30.030 --> 00:42:31.770

Mary Ann: I thought this meeting wasn't open to the

386

00:42:34.620 --> 00:42:36.780

Mary Ann: Meeting was not open to the public.

387

00:42:37.770 --> 00:42:38.250

Town of Parish: I'm sorry.

388

00:42:44.400 --> 00:42:45.570

Town of Parish: Zoom meeting.

389

00:42:48.390 --> 00:42:55.170

Mary Ann: Zoom is one thing. My understanding from the mayor was the only people that could attend the meeting with the counselors and you

390

00:42:58.440 --> 00:43:02.820

Mary Ann: Okay, nevermind. Don't worry about it. Go ahead. She, she's

391

00:43:06.510 --> 00:43:09.060

Mary Ann: One MBA Admissions

392

00:43:10.830 --> 00:43:29.610

Mary Ann: Phone calls company hours 4053 hours he can protect my 97 we play requires on standby toy saying given by the same token, we take those five over your three or 40 minutes man hours 3726 Miles 28 points. He wasn't much to one plus one.

Equals 130 up. We are at 33 and then our value is 52 Miles 125 28 hours,
then our second film. I'm like,

394

00:43:42.360 --> 00:43:44.640

What are we up to date. There's

395

00:43:46.200 --> 00:43:48.090

Town of Parish: 368 calls

396

00:43:53.700 --> 00:43:54.420

Town of Parish: Structure very

397

00:44:00.090 --> 00:44:00.810

Town of Parish: Unusually

398

00:44:14.550 --> 00:44:19.350

Mary Ann: So LJ the total calls on the sheet is 345 is that you today.

399

00:44:25.980 --> 00:44:27.960

Mary Ann: So far. Okay, thank you.

401

00:44:38.220 --> 00:44:39.930

Mary Ann: Okay, any questions for Jay

402

00:44:43.560 --> 00:44:44.400

Mary Ann: Thank you LJ

403

00:44:46.170 --> 00:44:46.800

Mary Ann: Okay.

404

00:44:49.410 --> 00:44:56.970

Mary Ann: Next one coming up was the discussion on the highway truck, but
apparently we don't need to motion so we can skip that everybody's okay
with that.

405

00:44:57.990 --> 00:45:09.630

Mary Ann: Next one coming up as the McPhee contract. We gave us a new contract. I put the information and everybody's mailbox quite a while ago. If you have a chance to review, everybody.

406

00:45:11.130 --> 00:45:15.480

Mary Ann: Yeah, okay. Um, well, what do you think

407

00:45:23.190 --> 00:45:28.530

Mary Ann: Okay, wait, I can't guys, you gotta stay at louder because I can't understand engine with the masks.

408

00:45:29.790 --> 00:45:33.960

Town of Parish: I will make a motion, you're going to contract the

409

00:45:34.230 --> 00:45:36.510

Mary Ann: Contract. Okay, I need a second

410

00:45:39.420 --> 00:45:45.750

Mary Ann: Okay, a question I can't answer questions you've got the contract. Roll call, please.

411

00:45:50.850 --> 00:45:51.450

Yes.

412

00:45:54.180 --> 00:45:54.690

Mary Ann: Yes.

413

00:45:58.710 --> 00:45:59.280

Mary Ann: Yes.

414

00:46:00.390 --> 00:46:06.510

Mary Ann: Okay, thank you. I will call Mr. Johnson after the meeting and let him know that is it fast.

415

00:46:07.800 --> 00:46:12.150

Mary Ann: Okay, next one. Jan, did you get a chance to talk to those auditors about

416

00:46:13.260 --> 00:46:19.200

Mary Ann: I don't know about. Now, if we're gonna be able to do it again. We're going backwards here but anyways. Um, did you get a chance to talk to that other guy.

417

00:46:24.120 --> 00:46:24.990

You see,

418

00:46:26.220 --> 00:46:26.790

Town of Parish: And

419

00:46:26.820 --> 00:46:28.650

The original on the head.

420

00:46:30.150 --> 00:46:33.960

Town of Parish: On his stuff. So we got to have those five

421

00:46:35.340 --> 00:46:48.330

Town of Parish: And when I talked to me and say, they sent me tonight just for it came off here. I'll put one in your boxes. There's not here yet explains b&c which has been in company.

422

00:46:50.550 --> 00:46:51.840

Town of Parish: You look at our stuff.

423

00:46:53.430 --> 00:47:04.080

Town of Parish: He says, as a result of view I confirmed that we shouldn't see a significant reduction or propose a lot of fees if they come in and set it up was a, let me start from the beginning.

424

00:47:05.250 --> 00:47:16.530

Town of Parish: Surely store and I met today and review the town annual update document and a controller is all that report, and we see that there was many credentials updates a highway funds are there was a result of them.

425

00:47:16.860 --> 00:47:22.410

Town of Parish: Interferon transfers to cover salt shortfalls seems to be straight out as all

426

00:47:23.760 --> 00:47:35.250

Town of Parish: While we think an audit is a good idea for grant purpose, we will like to recommend a pre audit review to assess the system in place and allocations on transfers.

427

00:47:35.850 --> 00:47:43.830

Town of Parish: As a result of your firm review. I am confident that we could see a significant reduction or proposal audit fees.

428

00:47:44.460 --> 00:47:57.300

Town of Parish: Now other words they see some states away this is going on and it can put it in a right way so when the auditor comes in, they won't be charged us anywhere from 12 to 20,000, it would be less than that.

429

00:47:58.770 --> 00:48:08.040

Town of Parish: So their recommendations all on this paper, how to reduce that down and get your stuff in the right order. They do a lot of places.

430

00:48:09.930 --> 00:48:10.740

Mary Ann: Are they willing to

431

00:48:13.110 --> 00:48:14.550

Mary Ann: Call it the way it is, Jen.

432

00:48:16.050 --> 00:48:17.220

Town of Parish: Did they give me an idea.

433

00:48:18.600 --> 00:48:19.560

Town of Parish: While to

434

00:48:20.580 --> 00:48:21.570

Town of Parish: And there's

435

00:48:22.950 --> 00:48:24.390

Town of Parish: They were talking on site.

436

00:48:25.620 --> 00:48:27.630

Town of Parish: And the set this thing up the right way.

437

00:48:29.070 --> 00:48:31.110

Town of Parish: My recommendation read this over.

438

00:48:32.130 --> 00:48:34.260

Town of Parish: First, your mailbox.

439

00:48:34.740 --> 00:48:35.070

Okay.

440

00:48:36.270 --> 00:48:36.810

Town of Parish: And then

441

00:48:37.860 --> 00:48:53.010

Town of Parish: We need to contact them, see if they're allowed to come in and my suggestion is to get them in here, straighten out the stuff, the way it's supposed to be. Then we can call the other person. I think that was Evans, we had

442

00:48:54.480 --> 00:48:56.430

Town of Parish: This company come in to do the audit.

443

00:48:57.330 --> 00:48:57.870

Okay.

444

00:48:59.610 --> 00:49:01.200

Town of Parish: After Christ right now.

445

00:49:02.070 --> 00:49:02.340

Okay.

446

00:49:07.920 --> 00:49:11.550

Town of Parish: When I talked to him for over a half an hour. It took them five days to get back to me.

447

00:49:12.720 --> 00:49:17.640

Town of Parish: They see some stuff in there. It's not their way

448

00:49:18.840 --> 00:49:29.550

Town of Parish: And they can send it up the way it should be in gold through it. Certain things a lot easier to read. So it's not so hard. He says, then your audit to be a lot faster. A full lot of the faster.

449

00:49:31.980 --> 00:49:34.380

Town of Parish: Price that you see you cut that price down

450

00:49:35.850 --> 00:49:38.580

Mary Ann: Okay, I'll review. Thank you. Appreciate that.

451

00:49:40.080 --> 00:49:40.830

Mary Ann: I'll look it over.

452

00:49:42.300 --> 00:49:46.080

Town of Parish: And now you call these people, everybody's working from home.

453

00:49:49.830 --> 00:49:56.370

Mary Ann: That's one of the problems I don't know if all they would do it, but that's all right. We'll figure it out. Okay, thank you.

454

00:49:59.460 --> 00:50:06.090

Mary Ann: For me that way. Mike, can you take your mass down and talk to me. I can't understand you. Thank you.

455

00:50:09.900 --> 00:50:10.500

Town of Parish: Business

456

00:50:13.110 --> 00:50:18.510

Mary Ann: Got to be signed by the end of December, but still gonna be discussed in Executive Session.

457

00:50:22.440 --> 00:50:27.810

Mary Ann: I think I think Kevin put them a copy of it, and everybody's mailbox. Right. Did you all get up.

458

00:50:29.670 --> 00:50:30.120

Yeah.

459

00:50:34.080 --> 00:50:39.240

Mary Ann: Well, I'll talk to you about it when we get there but. And by the way, as Mr on

460

00:50:40.680 --> 00:50:41.940

Mary Ann: I didn't even notice.

461

00:50:44.040 --> 00:50:48.510

Town of Parish: One other one other thing about the zoning, what are we going to touch base with the zoning.

462

00:50:49.230 --> 00:50:50.730

Mary Ann: Well, that was one thing I was gonna ask

463

00:50:51.900 --> 00:50:52.290

Mary Ann: Go ahead.

464

00:50:53.610 --> 00:50:56.070

Town of Parish: I was gonna be on this one.

465

00:50:57.480 --> 00:51:08.490

Mary Ann: And I probably screwed up. So I need to talk to Mr. Jackson Pollock, could you put Mr. Johnson, so he can speak. MATTHEW JOHNSON if I forgot something we need to do it tonight, I need to do up

466

00:51:12.660 --> 00:51:21.630

Matthew Johnson: Here. Yep. Hi, everybody. Um yeah the the zoning, we are ready to start the adoption process.

467

00:51:23.430 --> 00:51:25.680

Matthew Johnson: looked over the law and approved it.

468

00:51:27.840 --> 00:51:38.070

Matthew Johnson: And it's if you want you can begin. You know, there's several steps that need to be taken to to adopt and you can begin that process tonight. If you would like

469

00:51:38.520 --> 00:51:45.450

Mary Ann: Yes, I and I apologize. I did not put it on the agenda because I hadn't heard back from Mr. Good. And so what would be the next step.

470

00:51:46.710 --> 00:51:58.500

Matthew Johnson: The next step is that one of the council members would introduce the sort of go on record in the minutes as having introduced

471

00:51:59.730 --> 00:52:06.840

Matthew Johnson: What would be the December 4 2020 draft of the law for adoption.

472

00:52:08.130 --> 00:52:14.040

Matthew Johnson: And then the board would need to make a secret declaration.

473

00:52:16.650 --> 00:52:17.460

Matthew Johnson: Which I

474

00:52:18.540 --> 00:52:26.820

Matthew Johnson: emailed the completed forms to Kelly this afternoon and I believe she printed copies

475

00:52:28.980 --> 00:52:31.290

Matthew Johnson: And basically, there just needs to be

476

00:52:32.430 --> 00:52:40.200

Matthew Johnson: There would need to be a motion for the town board to be the lead agency under seeker and to

477

00:52:41.520 --> 00:52:43.140

Matthew Johnson: Find that there are no

478

00:52:44.490 --> 00:52:49.170

Matthew Johnson: Negative environmental impacts associated with adopting the zoning law.

479

00:52:51.150 --> 00:52:51.720

Mary Ann: One question.

480

00:52:53.400 --> 00:52:53.850

Matthew Johnson: Uh huh.

481

00:52:55.140 --> 00:53:01.890

Town of Parish: I was talking, I was talking to Jim and I met six months you special use permit.

482

00:53:03.600 --> 00:53:04.680

Matthew Johnson: For okay

483

00:53:05.190 --> 00:53:10.170

Town of Parish: For camp for campers and it's, it goes for the calendar year.

484

00:53:11.400 --> 00:53:24.660

Town of Parish: Is it possible set of making it the calendar year if we did it for like six months or like may 1 to October 31 and that would eliminate a lot of the problems that we're going to have going on around here.

485

00:53:26.910 --> 00:53:34.590

Matthew Johnson: So, you, you wouldn't be allowing it after you wouldn't be allowing the occupancy after October 31

486

00:53:36.750 --> 00:53:40.230

Town of Parish: Right, if the right so they can't basically stay in them in the winter.

487

00:53:40.920 --> 00:53:42.930

Matthew Johnson: Yeah, you, you could do that. Sure.

488

00:53:44.640 --> 00:53:53.370

Town of Parish: I mean, it just, you know, that's what we're coming up with may 1 October 31 will be the six months. So doing a whole calendar year.

489

00:53:54.510 --> 00:54:01.890

Matthew Johnson: Okay, yeah, we could we could do that if the board is in agreements, we just have to make that little change in the in the draft.

490

00:54:04.200 --> 00:54:07.020

Mary Ann: We have to have this how the carrion again.

491

00:54:08.100 --> 00:54:11.010

Matthew Johnson: Well, you haven't. You haven't had the public hearing. Yeah, so

492

00:54:11.490 --> 00:54:12.960

Mary Ann: Okay, we say so.

493

00:54:13.140 --> 00:54:14.760

Matthew Johnson: Yeah, that's that's down the road.

494

00:54:15.450 --> 00:54:19.560

Mary Ann: Explain to me what they're asking for. Because I don't have the document right in front of me.

495

00:54:23.340 --> 00:54:25.530

Mary Ann: Can someone explained to me what they're asking

496

00:54:32.340 --> 00:54:38.490

Town of Parish: Marianne basically right now on his own. It's it states that you are

497

00:54:39.630 --> 00:54:45.270

Town of Parish: You can have an RV with a special use permit for six months, within a calendar year.

498

00:54:46.350 --> 00:54:58.380

Town of Parish: So what Doug is proposing is instead of the calendar year. I think it may 1 to October 31 and alleviates a lot of this wintertime RV use that we're seeing.

499

00:54:59.580 --> 00:55:01.290

Town of Parish: They're trying to live in a year round.

500

00:55:02.310 --> 00:55:02.790

Mary Ann: Okay.

501

00:55:04.200 --> 00:55:05.640

Mary Ann: Okay. Is everybody okay with

502

00:55:07.920 --> 00:55:26.820

Town of Parish: Me allows you for six months, one for Florida, the first of May, and you go back to Florida October 31. That's the average what people are doing well. We recently had people living in their november december you can't live on your own.

503

00:55:28.890 --> 00:55:34.860

Mary Ann: Yeah, but what if they wanted to stay for the holidays and don't leave until January 1 or something, it can't do that. Right.

504

00:55:35.640 --> 00:55:37.560

Town of Parish: They call water. The water referrals.

505

00:55:38.640 --> 00:55:40.380

Town of Parish: You gotta winterized those campers.

506

00:55:41.550 --> 00:55:41.760

Town of Parish: Yeah.

507

00:55:43.080 --> 00:55:52.410

Town of Parish: We have people come up almost every weekend in stadium during the six months and get the permits. So six months as well. They put the campers behind

508

00:55:53.460 --> 00:55:55.740

Town of Parish: The building everything's mobile, you will see them.

509

00:55:56.880 --> 00:56:00.930

Town of Parish: There's a lot of people doing that, then made it out.

510

00:56:01.710 --> 00:56:11.460

Mary Ann: But another way say they have to come to gym to get a permit so that they can be there every year from a first to whatever so he'll tell them that they got to be gone by October 31 right

511

00:56:12.240 --> 00:56:13.950

Mary Ann: 30 days where

512

00:56:16.980 --> 00:56:19.470

Town of Parish: They're making a suggestion for the planning board.

513

00:56:21.570 --> 00:56:24.210

Mary Ann: Who do they get the permit from gym or the planning board.

514

00:56:25.200 --> 00:56:27.990

Town of Parish: Planning Board issues a special use permit.

515

00:56:29.340 --> 00:56:29.700

Mary Ann: Okay.

516

00:56:33.840 --> 00:56:34.140

Mary Ann: Okay.

517

00:56:38.910 --> 00:56:40.380

Town of Parish: Jim has to enforce it.

518

00:56:41.100 --> 00:56:41.490

Okay.

519

00:56:42.570 --> 00:56:47.700

Mary Ann: I don't have a problem. Does anybody else have probably should know dog you

520

00:56:48.780 --> 00:56:50.280

Mary Ann: Know, Dan.

521

00:56:52.230 --> 00:56:57.870

Mary Ann: Oh, good. So can we change that Mr. Johnson in the plan.

522

00:56:58.350 --> 00:57:01.440

Matthew Johnson: Yes, y'all can do that pretty easily. OK.

523

00:57:02.610 --> 00:57:06.390

Mary Ann: OK, so I guess we first we need to have a counselor, where they are right up

524

00:57:07.410 --> 00:57:12.930

Mary Ann: And introduce the raft of the law, which will include that piece that you just added right

525

00:57:12.960 --> 00:57:18.810

Matthew Johnson: Which will include that change regarding recreational camping vehicles. Yes, yes.

526

00:57:18.840 --> 00:57:20.910

Mary Ann: Okay, and you didn't have any real slow

527

00:57:24.480 --> 00:57:25.050

Motion.

528

00:57:26.850 --> 00:57:31.920

Mary Ann: Is that what you mean by having them introduce it Mr. Johnson is making a motion and we're gonna vote on out. Yeah.

529

00:57:33.090 --> 00:57:42.450

Matthew Johnson: You could. You could do it that way or somebody could just be on record in the minutes as introducing a book, but maybe just go ahead and do the motion.

530

00:57:43.680 --> 00:57:45.450

Mary Ann: Okay. Then I need emotion, guys.

531

00:57:46.980 --> 00:57:47.160

Mary Ann: Good.

532

00:57:47.670 --> 00:57:47.970

Job.

533

00:57:49.890 --> 00:57:52.620

Mary Ann: Okay. Any other discussion on it, guys.

534

00:57:54.030 --> 00:57:55.680
Mary Ann: Now Roll call, please.

535
00:58:00.900 --> 00:58:01.380
Town of Parish: Yes.

536
00:58:03.690 --> 00:58:04.200
Mary Ann: Yes.

537
00:58:07.980 --> 00:58:08.490
Mary Ann: Yes.

538
00:58:11.160 --> 00:58:13.680
Mary Ann: Okay, now what we need to do, Mr. Johnson.

539
00:58:13.980 --> 00:58:14.220
Yeah.

540
00:58:15.420 --> 00:58:15.840
Mary Ann: Yep.

541
00:58:15.990 --> 00:58:31.620
Matthew Johnson: Yeah. Now the next step is to just do the state environmental quality review and that's Kelly's got some copies of that and basically it's paperwork that just signifies that there are no

542
00:58:32.910 --> 00:58:49.170
Matthew Johnson: adverse environmental impacts. By adopting this amendments and the reason being, the whole purpose of having zoning and amending zoning is to try to protect the environment from an orderly development.

543
00:58:49.890 --> 00:58:52.260
Matthew Johnson: Okay, so that would just be a

544
00:58:52.470 --> 00:58:53.550
Matthew Johnson: That would be another

545
00:58:53.850 --> 00:59:00.810
Matthew Johnson: Motion. Basically you declaring the town board is the lead agency under seeker.

546

00:59:01.980 --> 00:59:07.470

Matthew Johnson: And finding that there's no negative environmental impacts.

547

00:59:17.730 --> 00:59:18.480

Town of Parish: Dog seconds.

548

00:59:20.430 --> 00:59:22.560

Mary Ann: Okay, any questions on it.

549

00:59:23.880 --> 00:59:25.590

Mary Ann: I need a roll call vote, please.

550

00:59:27.630 --> 00:59:28.680

Jordan Yeah.

551

00:59:30.330 --> 00:59:30.870

Yes.

552

00:59:33.360 --> 00:59:33.870

Yes.

553

00:59:36.990 --> 00:59:38.280

Mary Ann: Yes, thank you.

554

00:59:39.360 --> 00:59:40.950

Mary Ann: Okay. Step number three.

555

00:59:41.220 --> 00:59:49.710

Matthew Johnson: Okay, so that that's that starts the process. The next thing that needs to happen is that the draft has to go to the County Planning Board.

556

00:59:52.890 --> 01:00:01.410

Matthew Johnson: So I can, I can help you get that you just send that off to the County Planning Department and they do their what they call the 2:39am review.

557

01:00:04.020 --> 01:00:07.920

Mary Ann: With. Can you send me a copy of that when you make that change.

558

01:00:08.130 --> 01:00:09.000

Matthew Johnson: Yes, yeah.

559

01:00:09.060 --> 01:00:09.870

Matthew Johnson: Okay, that

560

01:00:10.500 --> 01:00:10.800

Mary Ann: And then

561

01:00:11.970 --> 01:00:12.300

Mary Ann: Go ahead.

562

01:00:12.840 --> 01:00:19.530

Matthew Johnson: Yep. So you send to the county. They will, they will approve it. They might have some comments.

563

01:00:22.140 --> 01:00:25.530

Matthew Johnson: So we get that back and then you hold a public hearing

564

01:00:27.180 --> 01:00:32.130

Matthew Johnson: On the law and then you can adopt it after the public hearing say officially adopted.

565

01:00:33.210 --> 01:00:37.140

Mary Ann: Any idea how long it normally takes the County Planning Board to do this.

566

01:00:37.710 --> 01:00:41.670

Matthew Johnson: You should, you should have something back by your next meeting.

567

01:00:42.150 --> 01:00:49.050

Mary Ann: Okay, right. So one would you be able to send me this document and

568

01:00:49.170 --> 01:00:51.030

Matthew Johnson: Show me. Right. I can do that tomorrow.

569

01:00:51.570 --> 01:00:52.260

Mary Ann: Yeah, we

570

01:00:53.010 --> 01:00:53.280

Mary Ann: Can get

571

01:00:54.000 --> 01:01:01.920

Matthew Johnson: That out and what the what you might want to be thinking is at your at your January meeting you can set the

572

01:01:03.210 --> 01:01:04.830

Matthew Johnson: public hearing date. Yeah.

573

01:01:05.700 --> 01:01:11.070

Matthew Johnson: And have your public hearing at your February meeting and adopted hopefully at your February medium.

574

01:01:12.180 --> 01:01:18.480

Mary Ann: Okay, and we are within the six months of that moratorium correct we we still have time

575

01:01:19.830 --> 01:01:27.180

Matthew Johnson: That I think so. Maybe somebody else, somebody might chime in on that. But I think we are through February.

576

01:01:31.590 --> 01:01:34.860

Mary Ann: And I hope so. If we're not, we got to do that again. Right.

577

01:01:35.790 --> 01:01:42.660

Matthew Johnson: Do it. Yeah, do it again. Or maybe we could have a special meeting to do the adoption before then.

578

01:01:47.070 --> 01:01:49.320

Mary Ann: Wait, we gotta have the public what you mean. After the public hearing

579

01:01:50.550 --> 01:01:50.910

Mary Ann: It was me.

580

01:01:52.230 --> 01:01:52.650

Matthew Johnson: Yeah.

581

01:01:54.150 --> 01:02:03.330

Matthew Johnson: Yeah, you could you could set a special meet you know you could speed up the process maybe and set the public hearing a little sooner than February.

582

01:02:05.880 --> 01:02:06.180

Matthew Johnson: But we

583

01:02:07.050 --> 01:02:07.350

Matthew Johnson: I guess.

584

01:02:08.280 --> 01:02:08.460

Matthew Johnson: We

585

01:02:08.970 --> 01:02:12.240

Matthew Johnson: Need to find out exactly when the moratorium expires.

586

01:02:12.810 --> 01:02:14.850

Mary Ann: Does anybody remember when we adapted that

587

01:02:18.990 --> 01:02:26.580

Mary Ann: I know what month it was as we discussed this at that December meeting, but not very many people were there from the Council.

588

01:02:27.750 --> 01:02:35.250

Mary Ann: And I'll have to look it up because I don't have that paperwork here. It's in my office for the what was on the agenda. Once I find that I can let you know.

589

01:02:35.670 --> 01:02:50.640

Matthew Johnson: Yeah, that, that, that would be great. And then we could we can sort of we can make some arrangements to fit within that hopefully we'll do our best to have you be able to get this adopted before that it runs out. Okay.

590

01:02:51.300 --> 01:02:53.820

Mary Ann: Alrighty. Anything else for now.

591

01:02:54.900 --> 01:03:01.650

Mary Ann: That's it. Thank you so much for chiming in. And I apologize. I did not put that on the board agenda.

592

01:03:04.020 --> 01:03:09.750

Mary Ann: Doug, thank you for bringing that up. So we got that taken care of. TONIGHT. THANKS MR. JOHNSON have a nice holiday. Yeah.

593

01:03:09.810 --> 01:03:12.570

Matthew Johnson: You too. Take care everyone. Thank you. Thank you.

594

01:03:13.800 --> 01:03:16.920

Mary Ann: Okay, anything else I forgot under old business.

595

01:03:20.610 --> 01:03:35.580

Mary Ann: No. Okay, now we're in a new business, as Mr. Baxter mentioned the Salmon River council and governments in a municipal agreement, we have to adapt that one. Everybody's got that in there. It was in your own mailboxes.

596

01:03:37.980 --> 01:03:41.040

Mary Ann: I went to that meeting. We do have a few new officers.

597

01:03:43.380 --> 01:03:46.140

Mary Ann: But it's basically the same plan as Paul said

598

01:03:47.190 --> 01:03:54.150

Mary Ann: But we have to approve it every so many years. So I need a motion to approve the Salmon River Council of Governments in a municipal agreement.

599

01:03:55.980 --> 01:03:56.880

Mary Ann: I need a second

600

01:03:59.010 --> 01:04:01.530

Mary Ann: Okay, any questions or discussion.

601

01:04:03.630 --> 01:04:04.860

Mary Ann: Roll call vote, please.

602

01:04:10.590 --> 01:04:11.070

Yes.

603

01:04:12.510 --> 01:04:13.050

Mary Ann: Yes.

604

01:04:15.660 --> 01:04:25.140

Mary Ann: Yes, thank you. I'm 2021 and are meeting your organic copy of that I mentioned it at the last meeting, they're going to be doing this, of course,

605

01:04:26.190 --> 01:04:37.230

Mary Ann: Virtual the information I gave everybody if you're interested in doing this, let me know. We also have to appoint a delegate who would be our voting delegate and an alternate

606

01:04:37.500 --> 01:04:42.990

Mary Ann: If anybody is interested in going please let me know. So we can put the names in the hat and today we're going to come up with

607

01:04:45.900 --> 01:05:02.520

Mary Ann: It's red. It's 100 hours each and printed programs will be mailed out once they get your paperwork your registration probably do you get a better idea of what it is they're offering. There's some stuff on the back of that paperwork that list some things

608

01:05:04.020 --> 01:05:15.090

Mary Ann: But it doesn't give you everything. So keep that in mind if anybody's interested in going. That's the one they usually have down in New York City. But unfortunately, fortunately, there isn't going to be down there. Okay.

609

01:05:16.350 --> 01:05:23.670

Mary Ann: See, we need to set an organizational meet dating or meeting date alone.

610

01:05:26.550 --> 01:05:35.250

Mary Ann: Well, does it have to be the first within the first week of January. Is there a limit to how far out. We can do that or no.

611

01:05:52.380 --> 01:05:54.000

Mary Ann: It's got to be within the, within

612

01:05:56.490 --> 01:05:57.660

The first five days.

613

01:05:59.100 --> 01:05:59.940

Mary Ann: Business days.

614

01:06:07.350 --> 01:06:07.800

Because

615

01:06:09.420 --> 01:06:14.250

Town of Parish: The fifth is Tuesday. So it's got the one day or

616

01:06:15.510 --> 01:06:16.890
Town of Parish: I look at all. Look it up.

617
01:06:18.600 --> 01:06:18.840
Mary Ann: Yeah.

618
01:06:19.980 --> 01:06:20.970
Town of Parish: Because the summer because

619
01:06:24.870 --> 01:06:25.410
Town of Parish: I can look

620
01:06:28.230 --> 01:06:29.010
Look it up.

621
01:06:32.160 --> 01:06:33.990
Town of Parish: Okay so Samantha's or 30

622
01:06:35.160 --> 01:06:35.850
Town of Parish: Days.

623
01:06:36.120 --> 01:06:37.080
Mary Ann: Later, it's fine.

624
01:06:39.030 --> 01:06:40.950
Mary Ann: But it might be five business days.

625
01:06:42.540 --> 01:06:51.510
Mary Ann: Not just five days. No, no, because that's what I was looking at was the seventh. It's a Thursday, but I should look it up. After, okay. So we'll hold that one when we come out.

626
01:06:54.120 --> 01:06:54.570
Mary Ann: Okay.

627
01:06:56.700 --> 01:06:58.470
Mary Ann: All right, discussion about the

628
01:06:59.940 --> 01:07:02.490
Mary Ann: Letter about the newspapers. Everybody got that.

629

01:07:09.480 --> 01:07:10.710
What's happening.

630

01:07:14.940 --> 01:07:25.740
Town of Parish: Is we'll call me weeklies and and putting it in a squeal county shopper. I have here. I've been in contact with them by email, and also in person.

631

01:07:26.370 --> 01:07:40.410
Town of Parish: And I because they're charging us separate for the shopper. And they said, that's how it goes. It goes in the county weeklies it goes in the shopper. That would be fine if they didn't charge us for the shopper. And they do.

632

01:07:42.570 --> 01:07:44.790
Town of Parish: So that water.

633

01:07:46.620 --> 01:07:53.460
Town of Parish: And had to go in the paper was 200 and I believe \$78 or something like that. It's ridiculous.

634

01:07:54.480 --> 01:08:12.420
Town of Parish: And then they charges \$20 for affidavits and there's no difference between a legal notice and a public notice and those such as the water advertisement. We had to have proof of publication for the grant. So they had us coming and rolling

635

01:08:14.010 --> 01:08:20.400
Town of Parish: It up. I'm just pointing the expense out to you. It's up to the board, but it's you're getting ridiculous.

636

01:08:22.080 --> 01:08:31.380
Town of Parish: And when they used to be a mom and pop over Mexico, you can work with them, they're owned by corporations and Watertown, and they really don't care.

637

01:08:34.890 --> 01:08:39.690
Town of Parish: So that's an entirely up to the board. I thought I would bring it to your attention. Thank you.

638

01:08:42.840 --> 01:08:50.370
Town of Parish: Well, I've got an answer for you on the organizational meeting, according to the guide from the association and towns says that it's important

639

01:08:51.060 --> 01:09:00.570

Town of Parish: For each done board is started calendar year with an organizational meeting which should be how during the first few days on January so there's no

640

01:09:02.850 --> 01:09:03.810

Town of Parish: Deadline on that.

641

01:09:05.940 --> 01:09:06.450

Town of Parish: Early

642

01:09:10.890 --> 01:09:14.280

Mary Ann: All right, I have no problem with that. Is everybody okay with that.

643

01:09:17.160 --> 01:09:24.630

Mary Ann: Emotion to set the organizational meeting at for Thursday, January 7 2021 at 630

644

01:09:29.190 --> 01:09:33.060

Town of Parish: make that motion. Bobby, I would like to see the paperwork before then. So

645

01:09:33.060 --> 01:09:34.920

Town of Parish: Where can look at over

646

01:09:35.790 --> 01:09:36.690

Mary Ann: Well, it's going to be

647

01:09:37.680 --> 01:09:47.250

Mary Ann: It's going to be a tight push because I've got to end payroll and I've got to end the year and there's a lot of paperwork. That's got to be done between now and then, but I'll do my best.

648

01:09:48.630 --> 01:09:52.200

Mary Ann: Those that have appointed deputies like Jim

649

01:09:53.370 --> 01:09:55.320

Mary Ann: Kelly town.

650

01:09:56.400 --> 01:10:08.220

Mary Ann: Tax Collector anybody that has a deputy. I need to know if they're still sticking with the same people, or if they're changing that that would help me get that paperwork done earlier. So I'll try to reach out to people as well.

651

01:10:09.630 --> 01:10:11.580

Mary Ann: Okay, did you make a motion dog.

652

01:10:13.110 --> 01:10:13.500

Town of Parish: Yeah.

653

01:10:13.980 --> 01:10:14.250

Okay.

654

01:10:15.420 --> 01:10:17.400

Mary Ann: Okay. Roll call, please.

655

01:10:18.960 --> 01:10:19.320

Mary Ann: Yes.

656

01:10:22.470 --> 01:10:23.040

Yes.

657

01:10:25.200 --> 01:10:25.710

Mary Ann: Yes.

658

01:10:29.070 --> 01:10:30.840

Mary Ann: Yes, thank you.

659

01:10:32.460 --> 01:10:34.800

Mary Ann: Right, that's the seventh of January. Yeah, okay.

660

01:10:36.000 --> 01:10:52.320

Mary Ann: Okay. Um, the other items are information I have them you don't have them there, but I have them. If you're anybody's interested, let me know. Like, you can take the papers they have Tokyo times city bossy spotlight. The dog Control Officer inspection report came out, I got it yesterday.

661

01:10:53.640 --> 01:10:55.830

Mary Ann: I think I got it yesterday and everything was fine.

662

01:10:57.690 --> 01:11:07.710

Mary Ann: Minutes for the November and December 2 procuring Tokyo free webinar booklet paperwork winner guard winner guide.

663

01:11:08.250 --> 01:11:16.230

Mary Ann: Central New York Winter Camp booklet nice this fall newsletter. I think then instead of mailing them to us anymore. They're going to be emailing them to us.

664

01:11:16.740 --> 01:11:34.530

Mary Ann: And two copies of Certified budget were dropped after Mr love vote wick in as we go. Easiest way to county auditor. I took those over and I also got today the planning board copy the planning board minutes from November 23 I didn't add that either because they got it today.

665

01:11:35.790 --> 01:11:36.240

Mary Ann: Okay.

666

01:11:37.440 --> 01:11:48.360

Mary Ann: So at this point, I need a motion to go into executive session to discuss matters, leading to the employment dismissal removal of a particular person or corporation. Now move and negotiated contracts.

667

01:11:49.350 --> 01:11:50.550

Mary Ann: Richard I need a second

668

01:11:57.840 --> 01:12:03.390

Town of Parish: Second, I would invite the fire chief into our when we talk about his car.

669

01:12:03.690 --> 01:12:06.330

Mary Ann: After we talked about it. I have no problem with that dog.

670

01:12:11.460 --> 01:12:11.760

Yeah.

671

01:12:12.960 --> 01:12:17.970

Mary Ann: Okay, so five minutes to clear the room or whatever, you gotta do. And then we're going to go into exact

672

01:12:25.260 --> 01:12:32.040

Mary Ann: Yes, please. Other than that, it's just the counselors and then the town's journey. Thank you, Paul.

673

01:12:38.430 --> 01:12:40.410

Mary Ann: So she's got two names.

674

01:12:40.530 --> 01:12:41.190

Of all

675

01:13:04.710 --> 01:13:05.730

Let's go. Okay.

676

01:13:08.460 --> 01:13:16.710

Mary Ann: Slow down, would you there a minute I'm trying to get my paperwork straight. All right, we need to do two things that I know of. We need to

677

01:13:17.880 --> 01:13:23.970

Mary Ann: Approve the fire department agreement and we need to approve the fire department.

678

01:13:25.530 --> 01:13:26.220

Mary Ann: List of

679

01:13:27.510 --> 01:13:34.380

Mary Ann: Members, I guess. So I need a motion to approve the fire department agreement.

680

01:13:35.160 --> 01:13:42.990

Mary Ann: For jazz January of one of to December 31 of 2021

681

01:13:44.910 --> 01:13:45.210

Town of Parish: So,

682

01:13:45.600 --> 01:13:46.410

Mary Ann: They get emotion.

683

01:13:48.990 --> 01:13:54.150

Mary Ann: All suck at it. Okay. Roll call vote, please. Mr. Denham, you have to abstain.

684

01:13:55.980 --> 01:13:56.460

Today,

685

01:14:00.480 --> 01:14:00.990
Yes.

686
01:14:06.210 --> 01:14:06.810
Good boy.

687
01:14:09.720 --> 01:14:10.290
Mary Ann: Yes.

688
01:14:18.420 --> 01:14:25.590
Mary Ann: I'm going to approve it this time with the understanding that negotiations will start next October for the following year.

689
01:14:27.750 --> 01:14:30.690
Mary Ann: So did you get three yeses, because I didn't hear what Doug said

690
01:14:31.710 --> 01:14:32.310
Yes.

691
01:14:33.900 --> 01:14:46.230
Mary Ann: Yes. Okay, so you got three. Yes. Okay. Now I need a motion to approve on the list of parish route volunteer fire department personnel, I guess officers members.

692
01:14:49.110 --> 01:14:50.040
Mary Ann: I need emotion.

693
01:14:52.200 --> 01:14:53.970
Mary Ann: I need a second second at

694
01:14:55.110 --> 01:14:55.560
Mary Ann: Least

695
01:15:01.410 --> 01:15:01.830
Yeah.

696
01:15:12.690 --> 01:15:13.290
Mary Ann: Yes.

697
01:15:16.050 --> 01:15:16.590
Mary Ann: Yes.

698

01:15:20.700 --> 01:15:24.960

Mary Ann: Okay. Is there anything else that needs to be brought up.

699

01:15:28.980 --> 01:15:29.700

Mary Ann: Reminder

700

01:15:31.020 --> 01:15:31.620

Mary Ann: I'm not sure.

701

01:15:35.010 --> 01:15:36.000

Mary Ann: Why I didn't hear ya.

702

01:15:37.980 --> 01:15:38.670

Town of Parish: We'd like to say

703

01:15:43.890 --> 01:15:54.000

Mary Ann: Okay, I would like to bring an issue up to the board as been pending for a long time. There are W tools that need a mandate from previous years, and it has not been taken care of.

704

01:15:54.690 --> 01:16:00.810

Mary Ann: Let me start by saying that it did not begin with this administration. However, it was not corrected right away.

705

01:16:01.560 --> 01:16:15.360

Mary Ann: It has been corrected. The problem is a W two still need a mandate employees town officials have had had to pay more money to the IRS after the income tax was filed the information that provided correct on w

706

01:16:16.500 --> 01:16:27.810

Town of Parish: If you pay money. And finally there for some time adds up to a chunk of change. We have all inherited situations from our processors that we had to fix.

707

01:16:28.440 --> 01:16:36.510

Town of Parish: The statement has been made. It's not their problem. Well, it is, it needs to be straightened out you can tune and not continue to be ignored.

708

01:16:37.140 --> 01:16:55.590

Town of Parish: My Account offer to help with the situation for her help now. Welcome, we play in as a time situation to remedy this with any of the board members like to pay for something, because it's too much trouble no excuse the true, this has to be taken care of. As far as amending the W to

709

01:16:58.110 --> 01:16:58.440
Town of Parish: Come with

710

01:17:00.390 --> 01:17:00.810
Me.

711

01:17:02.880 --> 01:17:09.060
Mary Ann: Okay, a reminder that our next regular meeting is January 21 2021 at 630

712

01:17:10.080 --> 01:17:10.560
Mary Ann: It well

713

01:17:10.710 --> 01:17:12.240
Mary Ann: That's if we approve them all. We're gonna

714

01:17:13.140 --> 01:17:13.980
If we're gonna stay

715

01:17:15.870 --> 01:17:16.350
Mary Ann: I'm sorry.

716

01:17:19.080 --> 01:17:22.170
Town of Parish: What's going on with a W two you're gonna resolve it, or why

717

01:17:22.290 --> 01:17:28.440
Mary Ann: Not me. I'm reading something here, our organizational meeting will be held on Thursday.

718

01:17:32.640 --> 01:17:33.240
Mary Ann: Anywhere.

719

01:17:35.130 --> 01:17:38.010
Anyway 721

720

01:17:39.570 --> 01:17:43.170

Town of Parish: Thing with the W to put that public record.

721

01:17:44.430 --> 01:17:48.420

Mary Ann: Oh, sure. Make sure you record everything everybody else says Kelly, but not me.

722

01:17:48.990 --> 01:17:50.400

Mary Ann: You know, so you want

723

01:17:53.100 --> 01:17:55.770

Mary Ann: Douglas Jordan come and see me.

724

01:17:56.940 --> 01:17:57.420

Mary Ann: Okay.

725

01:17:58.620 --> 01:18:00.330

Mary Ann: Thank you. Okay.

726

01:18:01.980 --> 01:18:11.100

Mary Ann: Um, anyways thank everybody for coming. A tuning in, I will show everybody a happy and safe holiday season. I need a motion to adjourn.

727

01:18:11.550 --> 01:18:12.210

Mary Ann: Oh boy.

728

01:18:12.360 --> 01:18:13.200

I need a second

729

01:18:16.140 --> 01:18:18.000

Mary Ann: Okay, we're done. Thank you.

730
