Reading of the Minutes: Paul G. asked if everyone had read the minutes, and if there were any corrections or changes to be made. Paul G. asked for a motion to accept the minutes. The motion was made by Kevin D. to accept the minutes and Ben M. seconded the motion. All in favor, motion carried.

Communications/Reports of Committee:

Paul G. asked if everyone had received Jim B's report(s), Year end and December.

Paul B. stated he hoped everyone is receiving their copy of the Tug Hill Times, also that the local Tug Hill Conference for 2021 has been cancelled but they are still looking for ways to present the training. Tug Hill does have a You Tube Channel that offers training for planning boards and others.

New Business:

Fullerton Engineering is requesting an extension for Special Use Permit (Due to COVID). Bill S. felt that they should have given more of an explanation for the delay and not just say due to Covid. Paul G. said he could send an email asking for more information. Jim B. said that he has not issued a building permit for this site as of yet. Bill S. made the motion to extend the approval to the 23rd of February for the site on Rider St. Kevin D. seconded the motion, all in favor, motion carried.

Old Business:

Continue work updating the Comprehensive Plan. Goals and Strategies: Matt J. sent a rough draft for part II. Discussion followed: The corner lot at four corners does not have an official name. That land was turned over to the town, and a gazebo was put up. If and when water is put through, improvements may be made to the streets. Bill S. said they should review what Matt has sent so far, and discuss again when Matt is at the meeting.

Agenda for next meeting:

Tillman infrastructure

Dog Training Facility on 69A? They may be out of town until April?

Respectfully submitted,
