43

00:03:48.720 --> 00:03:56.400

Parish planning board: Real property right that that kinda it's even though his admin rights to the right of that going.

00:03:58.380 --> 00:03:58.590

Parish planning board: On.

45

00:03:59.760 --> 00:04:01.920

Parish planning board: Okay, but it looks like on the inside of the.

46

00:04:06.330 --> 00:04:20.820

Parish planning board: Building you just get off yes boom oh yeah like involved in the window, there is one of all around the side of the picture that was yellow it's a dog or shape of a bone or.

47

00:04:21.930 --> 00:04:22.320

Okay.

48

00:04:25.950 --> 00:04:35.700

Parish planning board: So I would assume that we have to do is come up with the size and of the for the banner or sign.

49

00:04:38.160 --> 00:04:38.940

Parish planning board: And then.

50

00:04:41.760 --> 00:04:48.600

Parish planning board: I don't have I don't have mine when I did, the only thing instead is, we had to redo it, as Mr burns out.

51

00:04:49.980 --> 00:04:52.290

Parish planning board: Make sure is not why she likes.

52

00:04:54.420 --> 00:04:56.790

Parish planning board: That might not have times, where.

53

00:04:59.580 --> 00:05:04.980

diane Spaziani: Paul Paul yes Oh, where we're located where they going to place it.

54

00:05:06.480 --> 00:05:11.640

Parish planning board: on the front of the store because I guess there's something the store is already open.

55

00:05:12.090 --> 00:05:21.300

Parish planning board: All right, and I guess there's been some issues with the customers coming in and in going into the pizza parlor instead of going into this far and nothing.

56

00:05:22.560 --> 00:05:22.980

diane Spaziani: else nothing.

57

00:05:24.510 --> 00:05:29.250

Parish planning board: else you wanted to note that was for his or her customers with diverse daughter.

58

00:05:29.310 --> 00:05:30.600

diane Spaziani: Right okay okay.

59

00:05:31.950 --> 00:05:35.400

William scribe: let's sign, be a temporary signage she has a permanent one made.

60

00:05:37.290 --> 00:05:42.330

William scribe: i'm sorry just be a temporary sign until she has a permanent one made.

61

00:05:45.690 --> 00:05:58.500

Parish planning board: um yeah because I don't want aware of it, I just have to find permission of what i'm allowed I was going to put a banner up for an hour to hold me over to that can be printed quicker than I can get one me.

62

00:05:59.820 --> 00:06:13.770

Parish planning board: and actually the reason why they're going to pizza shop is because pizza shop 8911 addresses to 917 stories to 970, including the apartment of it, oh I didn't know the rescue color this weekend, yes, yes.

63

00:06:14.580 --> 00:06:27.780

Parish planning board: I was there for that one, so I believe that's right it's there's there's part of your problem i'll can clarify that yeah I know I know mailboxes might be saying seven to B and C, but yeah that's right oh.

64

00:06:29.970 --> 00:06:38.520

Parish planning board: yeah now is, it is your view, are you going to put the camera back on the front of the store to China put up an awning the ISIS terrible there.

65

00:06:39.000 --> 00:06:56.850

Parish planning board: it's unreal I have the upstairs neighbors not going down for now, because I mean I would hate somebody getting my lap right so i'm just going to my contractor to get all the paperwork and you're just talking to a girl in the doorway right and that's not going to be.

66

00:06:57.900 --> 00:07:01.890

Parish planning board: it's not gonna be anything it's not anything that was like boom there before.

67

00:07:02.310 --> 00:07:13.710

Parish planning board: So it's creepy right just over the doorway or business soldier would be that's what i'm getting at is is the willer be room enough for sign, yes, about the windows.

68

00:07:14.220 --> 00:07:22.290

Parish planning board: there's the door and I talked to the right yeah looking at it from the street yep and directly involved the windows was your cattle dog was please okay.

69

00:07:23.340 --> 00:07:23.670

Every.

70

00:07:24.900 --> 00:07:26.430

diane Spaziani: Call what kind of businesses, this.

71

00:07:28.470 --> 00:07:29.160

Parish planning board: it's a.

72

00:07:30.540 --> 00:07:33.480

Parish planning board: Wholesale items I buy a balance and resell leaders.

73

00:07:33.870 --> 00:07:35.790

diane Spaziani: So i'm bringing you like.

74

00:07:36.390 --> 00:07:39.390

Parish planning board: hundred \$50 air buyers for 70 bucks.

75

00:07:40.440 --> 00:07:44.130

Parish planning board: I mean it's real it's real blushes free salad don't we.

76

00:07:47.700 --> 00:07:48.000

diane Spaziani: We.

77

00:07:48.930 --> 00:07:52.500

Parish planning board: Are items if it goes out something's wrong, we refund it.

78

00:07:54.120 --> 00:07:54.750

business.

79

00:07:57.060 --> 00:07:57.360

Parish planning board: I think.

80

00:08:04.830 --> 00:08:05.190  
The only.

81

00:08:06.540 --> 00:08:21.810  
William scribe: The only question I have all and, as for Kevin because he probably he's got the ordinance right there and I don't it's downstairs and if I take time to find it on the Internet Is it permissible to have a cloth sign.

82

00:08:23.160 --> 00:08:27.210  
William scribe: Does it fit the village sign material code that's all i'm asking.

83

00:08:29.490 --> 00:08:34.500  
Parish planning board: I don't have my village ordinance with me it's back in the office under both meeting.

84

00:08:36.540 --> 00:08:54.060  
Parish planning board: However, I would I would indicate that has the Rose does have a like a wraparound he was a banner nylon nylon but, if not canvas but we may see similar to give us but PVC awesome later yeah that's right.

85

00:08:55.170 --> 00:08:55.470  
William scribe: Okay.

86

00:08:59.670 --> 00:08:59.940  
Parish planning board: So.

87

00:09:00.000 --> 00:09:00.660  
William scribe: Do I move we.

88

00:09:01.710 --> 00:09:06.840  
William scribe: allow a two by six sign over her main entrance to replace of business.

89

00:09:09.120 --> 00:09:19.380  
Parish planning board: Have a motion to allow a two basic sign to be placed over or on the front of the building for her business, I have a second.

90

00:09:21.090 --> 00:09:23.430  
Parish planning board: I have emotions yes.

91

00:09:24.480 --> 00:09:25.920

diane Spaziani: No, I was gonna second that's okay.

93

00:09:31.740 --> 00:09:36.210

95

00:09:41.190 --> 00:09:43.680

diane Spaziani: i'm learning i'm learning here.

96

00:09:45.840 --> 00:09:57.780

Parish planning board: I have a motion on the second do a while for the sign on the front of the building or the mercantile store in downtown Parish, we have a Pole vaulter Nepalese.

97

00:09:59.520 --> 00:10:01.050

diane Spaziani: I.

100

00:10:16.410 --> 00:10:17.280

Parish planning board: build scriber.

101

00:10:18.600 --> 00:10:18.960

William scriber: I.

102

00:10:21.450 --> 00:10:36.570

Parish planning board: Oh, and favorite ocean Okay, so what i'll do is I will I will write that up okay for two by six sign on the front of your building perfect Thank you i'll send a copy you and i'll send a copy to check.

Parish planning board: out i'll try to get that up tomorrow Okay, so I can go with a enter and then two by six later on, with some more per minute.

104

00:10:45.990 --> 00:10:59.490

Parish planning board: If I would say yes yeah she keeps the same size, once you guys approve it right there's nothing that states colors you guys aren't that specific Okay, and so I read blue and blue, by the way, all American.

105

00:11:00.810 --> 00:11:11.430

Parish planning board: It should be fairly simple to basics, as long as I meet the requirements of the you know he didn't go to bed, and it wasn't 10 by Tony are you there stop.

106

00:11:13.140 --> 00:11:25.500

Parish planning board: For food like straight to the to the problem with people, how can you see over and over yeah we can be not the whole building, could I think they go by percentage of the face of the building.

107

00:11:27.300 --> 00:11:27.630

Parish planning board: So he's.

108

00:11:28.920 --> 00:11:30.600

Parish planning board: pretty sure that I can remember that.

109

00:11:32.160 --> 00:11:32.610

Remember the.

110

00:11:33.900 --> 00:11:38.850

Parish planning board: Law directly so right to buy six seems like it should work very.

111

00:11:41.400 --> 00:11:46.500

Parish planning board: Nice yeah you can let her know because, like I said yeah The only thing is, you may have to downsize it.

112

00:11:49.110 --> 00:11:52.740

Parish planning board: Nobody has proved to myself, so I guess it's approved.

113

00:11:54.630 --> 00:12:04.020

Parish planning board: I had a question on Am I allowed to put a couple of lines else I to Laurel men like say I have blow occupy X and 90 stop for this area.

114

00:12:04.500 --> 00:12:08.670

Parish planning board: I don't know as long as I don't price it maybe I don't know.

115

00:12:09.150 --> 00:12:20.820

Parish planning board: If I you know when you're being business via to see so many feet from the role that I think Okay, we need to be your responsibility or somebody comes in and takes oh yeah light brown shade or something like that something to hear me.

116

00:12:21.480 --> 00:12:28.770

Parish planning board: know if I get it at night I wouldn't read it, or as little probably as long as you didn't block the sidewalk yeah absolutely.

117

00:12:30.540 --> 00:12:31.290

Parish planning board: that's all I think.

118

00:12:33.900 --> 00:12:34.620

there's anything.

119

00:12:35.970 --> 00:12:37.590

William scriber: Like that she has to go to the village.

120

00:12:37.680 --> 00:12:39.870

William scriber: Is that would be a sidewalk issue.

121

00:12:40.590 --> 00:12:51.990

Parish planning board: So Okay, you know, look at him to check and make sure it hasn't come up yet people at my years so like phil said that may be something you have to build that ability for.

122

00:12:52.020 --> 00:12:52.710

William scriber: That that's.

123

00:12:53.310 --> 00:12:54.150

William scriber: Not that's not.

124

00:12:54.180 --> 00:12:55.530

Parish planning board: Right.

126  
00:12:59.910 --> 00:13:01.440  
married sidewalks.

00:15:28.890 --> 00:15:30.060

Parish planning board: Family script but yeah.

143

00:15:32.370 --> 00:15:37.050

Parish planning board: All right, then probably going with our move right to own business in.

144

00:15:38.220 --> 00:15:39.030

Parish planning board: The tower.

145

00:15:40.560 --> 00:15:43.230

Parish planning board: Everybody did everybody get a copy of a letter from home.

146

00:16:02.730 --> 00:16:06.120

Parish planning board: How does the board feel now that we have that.

147

00:16:10.470 --> 00:16:15.780

Parish planning board: I think he explained it a little better, so we have a better understanding of exactly what's going on with them.

148

00:16:19.290 --> 00:16:19.950

Parish planning board: questions.

149

00:16:21.150 --> 00:16:21.750

Parish planning board: discussion.

150

00:16:22.140 --> 00:16:39.330

William scriber: One happy, provided the reason that is very good reason, as I said earlier, i've dealt with the army corps, for a number of years and they don't they're very thorough, they will take six months, but I have no objections i'm for moving it and approving it.

151

00:16:40.020 --> 00:16:41.310

diane Spaziani: me too me too.

152

00:16:42.420 --> 00:16:43.890

diane Spaziani: He can't control those things.

153

00:16:44.100 --> 00:16:45.120

diane Spaziani: Yes, just wait.

154

00:16:47.010 --> 00:16:56.610

Parish planning board: No and and I like I say and discuss that with a my and bill bills absolutely right, I haven't dealt my neighbor was dealing with the.

155

00:16:58.290 --> 00:17:11.130

Parish planning board: corps of engineers on building the seawall over Pam and he was they told him they wouldn't even get to him this year he was 124 to put in receivable all repairs so.

156

00:17:12.060 --> 00:17:13.050

Parish planning board: Like I said I.

157

00:17:14.580 --> 00:17:19.350

Parish planning board: Like it i'm sorry that we didn't have a more thorough letter for last meeting so.

158

00:17:21.390 --> 00:17:21.900

Parish planning board: there's a.

159

00:17:23.280 --> 00:17:28.500

Parish planning board: I guess my next question would be is a board want you, and a six month extension.

160

00:17:28.800 --> 00:17:31.710

Parish planning board: Or are shouldn't go for a year.

161

00:17:33.930 --> 00:17:38.010

Parish planning board: Personally, I would go with a six month okay they're saying.

162

00:17:41.250 --> 00:17:42.570

diane Spaziani: He said six to nine months.

163

00:17:45.630 --> 00:17:51.270

Parish planning board: yeah yeah, but if you look at his bold type as paragraph down we formally request a six month extension.

164

00:17:51.570 --> 00:17:53.430

diane Spaziani: And that will say six months from.

165

00:17:54.810 --> 00:18:08.190

Parish planning board: March, April May, June, July August got it hopefully be summers street for me please just had to give us the site plan you guys would give them six months, and I would give them a year on the building permit.

166

00:18:09.570 --> 00:18:16.950

Parish planning board: you're talking, you know, once the site plan that's only going to prove the site plan right discretion use permit right, and then they can have a full year to.

167

00:18:17.760 --> 00:18:30.450

Parish planning board: Do what they got they got to do so is already done, the art, so I have a motion and a second before the board to allow them six month extension which would put it up the one I just say August.

168

00:18:32.190 --> 00:18:33.690  
Parish planning board: August so.

169  
00:18:34.710 --> 00:18:36.300  
Parish planning board: I guess we'll take a poll.

170  
00:18:38.760 --> 00:18:39.720  
Parish planning board: build scriber.

171  
00:18:41.190 --> 00:18:41.550  
William scriber: hi.

172  
00:18:43.350 --> 00:18:43.590  
Parish planning board: guys.

173  
00:18:44.610 --> 00:18:45.030  
diane Spaziani: hi.

174  
00:18:46.740 --> 00:18:51.240  
Parish planning board: Bobby I then mcdonald's and Kevin Dwyer I.

175  
00:18:52.860 --> 00:18:56.910  
Parish planning board: I will, I will read my letter also.

176  
00:18:57.960 --> 00:19:00.660  
know that they have for six months tension.

177  
00:19:02.640 --> 00:19:06.060  
Parish planning board: August 22 of August August 20.

178  
00:19:07.560 --> 00:19:08.070  
Is that.

179  
00:19:10.110 --> 00:19:13.290  
run out for August planning board meeting.

180  
00:19:19.380 --> 00:19:24.540  
Parish planning board: i'll look it up tomorrow i'll look it up tomorrow,  
and then we can design it.

181  
00:19:25.590 --> 00:19:39.990

Parish planning board: On that month's meeting Okay, that is, that is, that OK, with the board because i'll get i'll get whatever the date is in August of our meeting and that's when I told me that's all expressed that is extended until then.

182

00:19:41.970 --> 00:19:46.560

Parish planning board: We will be August 23 23rd okay so then that could be run that.

183

00:19:47.970 --> 00:19:53.250

Parish planning board: On the next Sunday Sunday again the 22nd normally wouldn't carry over to the next business day anyway.

184

00:19:56.250 --> 00:19:57.120

Parish planning board: Just so.

185

00:19:59.130 --> 00:20:00.450

Parish planning board: You can do that okay.

186

00:20:01.830 --> 00:20:03.090

Parish planning board: All right, any.

187

00:20:05.340 --> 00:20:12.150

William scriber: i'm sorry really behind you can always address it in July, with a letter to us and we can stand it continually extended so.

188

00:20:14.700 --> 00:20:18.210

Parish planning board: All right, then, thank you i'll i'll make sure there's.

189

00:20:20.100 --> 00:20:24.270

Parish planning board: um does anyone else have any business to bring before the board.

190

00:20:28.230 --> 00:20:39.840

Parish planning board: If not, I will, I guess, we can go into it mats on more we can get get going on this and see what we can do with this tonight has everybody everybody got their.

191

00:20:40.920 --> 00:20:42.150

Parish planning board: Their booklets.

192

00:20:45.600 --> 00:20:47.580

Parish planning board: And that was that was.

193

00:20:49.230 --> 00:20:51.630

Parish planning board: I guess we're ready to start some.

194

00:20:53.310 --> 00:20:54.570

Parish planning board: hi matt how are you tonight.

195

00:20:55.920 --> 00:21:09.660

Matthew Johnson: hi Paul good so yeah I haven't been I wasn't wasn't at your January meeting and I think I might have been in December on zoom but I I don't know i'm kind of.

196

00:21:12.660 --> 00:21:22.740

Matthew Johnson: foggy on the whole thing I apologize for not being able to be give you more attention to this, but i'm hoping that'll change we're just really, really swamped.

197

00:21:23.550 --> 00:21:30.810

Matthew Johnson: Right now, at that Commission but i'll do what I can um so the last I knew.

198

00:21:31.920 --> 00:21:45.810

Matthew Johnson: I sent you down a part three of the plan and a part two over the plan, yes, and I think I sent down the park to for for last month's meeting the January meeting.

199

00:21:47.490 --> 00:21:48.450

Matthew Johnson: So I guess my.

200

00:21:49.590 --> 00:21:55.020

Matthew Johnson: My question is, are there any comments on the changes to that.

201

00:21:56.310 --> 00:22:10.350

Parish planning board: Okay, because that's it worked out well happy because all we did was the packet you sent down we we all went home and work on it during the month, so we could have something to work with tonight so.

202

00:22:10.860 --> 00:22:16.050

Parish planning board: Alright, have a great let's look forward word wants to talk or math.

203

00:22:17.220 --> 00:22:23.160

Matthew Johnson: Okay, let me i'll pull that up on my computer here, so I know what you're talking about.

204

00:22:26.940 --> 00:22:31.770

Matthew Johnson: yeah what I what I tried to do was oops.

205

00:22:34.500 --> 00:22:42.330

Matthew Johnson: I just tried to take your comments and fit them in the best that I could to the sort of the template that we we had.

206

00:22:43.530 --> 00:22:59.850

Matthew Johnson: um it was hard, it would be very hard to just sort of rewrite the whole reorganize the whole plan so I did my best to just sort of put them put the little pieces in where they would normally go the way it's organized now.

207

00:23:02.910 --> 00:23:03.180

yeah.

208

00:23:05.640 --> 00:23:10.440

Matthew Johnson: But there's a lot yeah there's stuff that's in red that's new and then then there's stuff that's.

209

00:23:12.330 --> 00:23:14.760

Matthew Johnson: With strikeout that would be removed.

210

00:23:16.170 --> 00:23:18.060

Matthew Johnson: So I hope you could make some sense of it.

211

00:23:19.530 --> 00:23:21.780

diane Spaziani: Man, I had a question just a general question.

212

00:23:22.200 --> 00:23:26.580

diane Spaziani: yeah uh under Part two goals and strategies.

213

00:23:27.000 --> 00:23:34.260

diane Spaziani: Yes, yeah you had village revitalization you know revised and which was okay.

214

00:23:34.800 --> 00:23:46.890

diane Spaziani: Except, I would like to see just encourage support and support water infrastructure in the village, because of the one of the last survey that was given that was mentioned a couple of times I know it's mentioned in other places.

215

00:23:47.310 --> 00:23:49.320

diane Spaziani: But the real the real.

216

00:23:50.400 --> 00:23:54.780

diane Spaziani: thing I want to ask you, will you I know this is a rough draft that's what you told us.

217

00:23:55.980 --> 00:24:03.720

diane Spaziani: So I will you include a revitalization of the town a page for that also it's not in here.

218

00:24:04.200 --> 00:24:13.920

Matthew Johnson: yeah I didn't know how to organize that because a lot of the stuff that would be in that is scattered throughout the rest of the documents.

219

00:24:15.000 --> 00:24:15.780

Matthew Johnson: um.

220

00:24:17.130 --> 00:24:19.950

Matthew Johnson: But I can try, I can try to do that.

221

00:24:20.430 --> 00:24:27.420

diane Spaziani: So you have a section that says town revitalization so the town doesn't feel like it's not represented.

222

00:24:28.050 --> 00:24:34.860

Matthew Johnson: Right I yeah i've had a hard time figuring out how to do that, but I will try to do that.

223

00:24:35.520 --> 00:24:37.590

diane Spaziani: Okay, I hear something i've worked on that I can.

224

00:24:37.590 --> 00:24:40.020

diane Spaziani: send it to Paul and he can get it to you.

225

00:24:40.500 --> 00:24:41.850

Matthew Johnson: Okay that'd be good.

226

00:24:43.230 --> 00:24:43.860

Matthew Johnson: um.

227

00:24:44.220 --> 00:24:57.300

William scriber: What we did we did discuss some strategies that would be you know revise enhance the town, we did have some strategies that would go right after this goal, I mean.

228

00:24:57.660 --> 00:25:06.780

William scriber: right should all it says goals is vital, then we should have town and then our strategies, I mean.

229

00:25:08.880 --> 00:25:17.250

Matthew Johnson: I mean you could yeah you could do it, so that you just had a village section and then of town section.

230

00:25:17.760 --> 00:25:18.120

diane Spaziani: Right.

231

00:25:18.600 --> 00:25:22.980

Matthew Johnson: But there's so much overlap i'm like i'm not sure how we would.

232

00:25:23.280 --> 00:25:23.640

William scriber: It literally.

233

00:25:24.570 --> 00:25:25.260

Matthew Johnson: Just look.

234

00:25:25.920 --> 00:25:33.360

William scriber: revitalization and drop the village and just combine the village and town to gather and read.

235

00:25:33.360 --> 00:25:34.830

diane Spaziani: yeah okay.

236

00:25:34.950 --> 00:25:35.910

Matthew Johnson: don't matter.

237

00:25:37.230 --> 00:25:46.020

William scriber: Just for village village is a town town is a village and where it applies it applies obviously we're not going to have.

238

00:25:47.310 --> 00:25:52.470

William scriber: Housing density in the town, but we are village right.

239

00:25:53.490 --> 00:25:56.670

Matthew Johnson: yeah that's yeah maybe that's that's the way to do it.

240

00:25:57.570 --> 00:25:59.040

diane Spaziani: or can we say town and village.

241

00:26:00.060 --> 00:26:04.890

Matthew Johnson: yup and or maybe I can even sort of rephrase villages downtown.

242

00:26:05.010 --> 00:26:10.800

Matthew Johnson: river just kind of talking about the downtown in the village, rather than the whole village okay.

243

00:26:12.210 --> 00:26:17.430

William scriber: Okay, because you've already used in the fourth paragraph inflammation downtown Improvement Plan.

244

00:26:18.270 --> 00:26:19.380

Matthew Johnson: yeah yeah.

245

00:26:19.470 --> 00:26:20.010

diane Spaziani: yeah.

246

00:26:20.340 --> 00:26:21.810

William scriber: You shouldn't Hello boys road.

247

00:26:22.890 --> 00:26:26.940

William scriber: it's right well downtown downtown so.

248

00:26:27.930 --> 00:26:38.130

Matthew Johnson: yeah I try to change that that's a good idea i'll try to change the wording to just talk about downtown and then have revitalization of the village and the town.

249

00:26:40.260 --> 00:26:41.370

Matthew Johnson: think I can do that.

250

00:26:42.570 --> 00:26:46.320

diane Spaziani: And then strategies can you add encourage and support water infrastructure.

251

00:26:48.150 --> 00:26:49.320

Matthew Johnson: I yes.

252

00:26:51.030 --> 00:26:53.940

William scriber: And that doesn't have to be village or town specific.

253

00:26:54.510 --> 00:26:55.860

diane Spaziani: No it's it's.

254

00:27:01.200 --> 00:27:01.860

Absolutely.

255

00:27:04.230 --> 00:27:07.200

that's what that's the way we would like it to say.

256

00:27:10.470 --> 00:27:13.680

Matthew Johnson: Okay yeah I can reorganize that a little bit.

257

00:27:17.370 --> 00:27:27.060

William scriber: And even number one, where it says encourage building development, though, that that does that say village law can just simply say her her zoning laws.

258

00:27:27.540 --> 00:27:31.170

William scriber: yeah and that's plural mean town and village mm hmm.

259

00:27:33.630 --> 00:27:33.870

Matthew Johnson: yeah.

260

00:27:33.900 --> 00:27:35.250

diane Spaziani: Okay okay.

261

00:27:38.040 --> 00:27:55.800

Parish planning board: look good, I think that, because I, my opinion with a hopefully if the town girls, so the village, I mean it's we've we

have all the all the different zones setup in the village for for for  
businesses, so I hope that the county gop so to build.

262

00:28:00.570 --> 00:28:01.680

Parish planning board: and build your House in.

263

00:28:02.850 --> 00:28:04.530

Parish planning board: Perfect absolutely.

264

00:28:05.550 --> 00:28:06.930

Parish planning board: Oh definitely.

265

00:28:10.800 --> 00:28:11.820

Parish planning board: Both sides but anyway.

266

00:28:14.760 --> 00:28:15.780

Parish planning board: Property taxes are.

267

00:28:17.640 --> 00:28:19.050

Just different services.

268

00:28:23.010 --> 00:28:26.250

diane Spaziani: This couple of just minor mistakes, I think.

269

00:28:26.970 --> 00:28:35.310

diane Spaziani: Okay um and goals see where you see a provide for  
enhance a variety of housing opportunities.

270

00:28:36.570 --> 00:28:37.560

diane Spaziani: it's spelled wrong.

271

00:28:39.420 --> 00:28:41.430

diane Spaziani: It wasn't the last one, is my correctly.

272

00:28:43.080 --> 00:28:46.290

Matthew Johnson: Oh opportunities doesn't have another just another P  
okay.

273

00:28:46.320 --> 00:28:47.130

diane Spaziani: Right okay.

274

00:28:47.310 --> 00:28:51.930

diane Spaziani: God and then flip over the page, where it says parks and recreation.

275

00:28:57.840 --> 00:28:59.880

Matthew Johnson: Okay yeah.

276

00:29:00.480 --> 00:29:08.370

diane Spaziani: I know you did you put in corner gazebo Park, it needs a name, we need something there I don't know but right under this mural park.

277

00:29:09.000 --> 00:29:17.520

diane Spaziani: yeah I even told it's in the town and it says village there i'm not sure which it is, but I think it's town I don't know.

278

00:29:17.850 --> 00:29:19.410

Matthew Johnson: it's a south of the village.

279

00:29:20.850 --> 00:29:21.330

Matthew Johnson: town.

280

00:29:22.590 --> 00:29:33.840

William scriber: Yes, yes, and I don't know if this is true matt but, when it was originally named, it was a Dr William rural part if they changed it over the years.

281

00:29:36.420 --> 00:29:37.470

Matthew Johnson: Then I don't know.

282

00:29:37.650 --> 00:29:40.230

William scriber: it's a word it's a William emerge apart.

283

00:29:40.500 --> 00:29:44.790

Matthew Johnson: It says named after local Dr William me rr I ll.

284

00:29:45.900 --> 00:29:46.320

diane Spaziani: Yes.

285

00:29:46.500 --> 00:29:53.520

William scriber: That was the official name of it, one to town, and I was supervisor at time named it, so I don't know if it's.

286

00:29:54.660 --> 00:29:58.200

William scriber: I don't know what they've changed it or everyone's just had forgotten.

287

00:29:59.280 --> 00:30:01.860

Parish planning board: me just left often I would guess is.

288

00:30:05.010 --> 00:30:05.550

Right I.

289

00:30:07.890 --> 00:30:12.270

Parish planning board: guess it bill any ideas on the gazebo.

290

00:30:13.920 --> 00:30:14.160

Who.

291

00:30:15.360 --> 00:30:19.650

Parish planning board: Is at the park is your name, who will be responsible for naming now.

292

00:30:20.580 --> 00:30:26.160

William scriber: The town near the park, because it was the park Okay, we took it back to the county.

293

00:30:27.300 --> 00:30:38.880

William scriber: bill Brown was a supervisor I followed, and that was one of the first things I did in the first year or so is we named the park after Dr Moreau.

294

00:30:41.520 --> 00:30:41.820

William scriber: Okay.

295

00:30:41.850 --> 00:30:43.980

William scriber: bars your zeebo I haven't got a clue.

296

00:30:45.030 --> 00:30:45.780

diane Spaziani: Well, the town.

297

00:30:47.070 --> 00:30:50.070

diane Spaziani: Paul, I think the town owns that corner correct.

298

00:30:50.400 --> 00:30:51.180  
Parish planning board: Yes.

299

00:30:51.510 --> 00:30:58.620  
diane Spaziani: The land, so the town should put a name on a piece of land I just called it zeebo park is that's what I call it.

300

00:30:59.430 --> 00:31:00.450  
diane Spaziani: I don't care what you call it.

301

00:31:00.990 --> 00:31:03.630  
William scriber: I think we throw that in the town board let them name it.

302

00:31:04.860 --> 00:31:10.770  
William scriber: And I know Nobel Prizes are smiling so that that'll be a contentious debate over the next.

303

00:31:11.220 --> 00:31:13.890  
diane Spaziani: Five to 65 or six years.

304

00:31:19.740 --> 00:31:21.540  
Parish planning board: Okay, moving right along.

305

00:31:21.810 --> 00:31:24.270  
diane Spaziani: With an ointment flip over the page.

306

00:31:26.100 --> 00:31:27.780  
diane Spaziani: Where it says the strategies.

307

00:31:30.030 --> 00:31:42.180  
diane Spaziani: gold gold the strategies, I think we mentioned at the one of those last meetings I think building or develop a parking lot or parking area for happy valley visitors.

308

00:31:42.990 --> 00:31:46.470  
William scriber: yeah for for snowmobile an ATV.

309

00:31:46.860 --> 00:31:49.530  
diane Spaziani: Right, and that was not edit and goldie.

310

00:31:50.160 --> 00:31:51.540

Matthew Johnson: Okay i'm.

311

00:31:51.930 --> 00:31:53.190

diane Spaziani: Under parks and recreation.

312

00:31:53.940 --> 00:31:56.610

Matthew Johnson: So, develop a parking lot where.

313

00:31:57.690 --> 00:31:59.220

diane Spaziani: Happy valley yeah.

314

00:32:00.240 --> 00:32:06.300

diane Spaziani: And I also think bill, you said, we need to or somebody said, you need a parking lot for people.

315

00:32:07.200 --> 00:32:08.400

diane Spaziani: who share rides.

316

00:32:08.700 --> 00:32:10.650

William scriber: yeah under transportation I.

317

00:32:10.740 --> 00:32:11.370

diane Spaziani: i'm sorry.

318

00:32:11.610 --> 00:32:12.540

diane Spaziani: i'm sorry okay.

319

00:32:12.750 --> 00:32:30.600

William scriber: Well you're right you're right it match taking the notes down I because occasionally a number of years ago, when I served on that economic development, Council, the town, had we were trying to get that triangle, the state owns across from the grist mill or more.

320

00:32:31.770 --> 00:32:44.760

William scriber: Improved so people could park and share rides to Syracuse yeah that also can be used to park and jump right on the ATV trails snowmobile trails which are right there.

321

00:32:45.030 --> 00:32:45.660

diane Spaziani: Okay yeah.

322

00:32:46.080 --> 00:33:00.180

William scribe: We have more people from Syracuse in the drive you know do stuff and then you know that would be an easy off ramp forum and right from sharing drop off their park then get right back on right.

323

00:33:00.240 --> 00:33:00.660

Okay.

324

00:33:01.950 --> 00:33:02.160

diane Spaziani: Is.

325

00:33:02.520 --> 00:33:04.860

Matthew Johnson: That under transportation.

326

00:33:05.610 --> 00:33:08.790

diane Spaziani: Well, hold it a minute before you leave the area and.

327

00:33:08.940 --> 00:33:09.090

diane Spaziani: I.

328

00:33:09.150 --> 00:33:13.800

diane Spaziani: made a mistake back when you set goals see there's a topic manufactured housing.

329

00:33:15.660 --> 00:33:25.320

diane Spaziani: back a couple pages Okay, and I think i'm writing this this paragraph says mobile homes, I think you need to change it to manufactured homes Is that correct.

330

00:33:25.920 --> 00:33:34.320

Matthew Johnson: Yes, yeah the census uses the term mobile homes but it's that it's better to use manufactured home, so I great.

331

00:33:35.610 --> 00:33:38.610

diane Spaziani: yeah it's about four times three or four times in that paragraph.

332

00:33:39.720 --> 00:33:40.890

Matthew Johnson: yeah I can do that.

333

00:33:41.130 --> 00:33:44.430

diane Spaziani: Okay that's Okay, then i'll be quiet for a minute.

334

00:33:47.940 --> 00:33:49.710  
Matthew Johnson: So going to.

335  
00:33:51.060 --> 00:33:52.260  
Matthew Johnson: um.

336  
00:33:54.030 --> 00:33:58.920  
Matthew Johnson: The transportation section, you want to add park and ride.

337  
00:34:01.140 --> 00:34:03.540  
Matthew Johnson: Right, develop a park and ride.

338  
00:34:03.930 --> 00:34:06.000  
William scriber: In conjunction with the State of New York.

339  
00:34:07.290 --> 00:34:07.710  
Matthew Johnson: Was that.

340  
00:34:08.070 --> 00:34:12.720  
William scriber: They own that they own that triangle it's worthless it's just sits there.

341  
00:34:12.990 --> 00:34:32.850  
William scriber: yeah they did that in Cicero or you know we get off the golden into Cicero if you get off on or you get on the South and there's that chunk of land that's got a bunch of park and ride in a fence that state the State did that on that property.

342  
00:34:33.570 --> 00:34:35.880  
diane Spaziani: Okay that's good that's a nice area.

343  
00:34:42.420 --> 00:34:43.440  
Parish planning board: When you get back I need.

344  
00:34:45.930 --> 00:34:48.390  
Parish planning board: To get out of there here you go the opposite.

345  
00:34:52.620 --> 00:34:54.450  
Parish planning board: yeah the offering from just me.

346  
00:34:56.910 --> 00:35:02.430

Okay yeah you're right on 3131 right there every other week.

347

00:35:06.060 --> 00:35:10.080

yeah I don't know if I come back to the parking lot and happy Valley.

348

00:35:11.580 --> 00:35:11.970

Parish planning board: State.

349

00:35:18.270 --> 00:35:20.160

Parish planning board: Is a State wildlife management area.

350

00:35:22.440 --> 00:35:26.580

Parish planning board: There is a small, however, there is a small parking area off of World War.

351

00:35:28.110 --> 00:35:29.280

Parish planning board: But there is nothing got an.

352

00:35:30.480 --> 00:35:33.840

Parish planning board: assault and complaint I get off of 26.

353

00:35:35.760 --> 00:35:36.030

Parish planning board: St.

354

00:35:36.060 --> 00:35:36.600

mary's.

355

00:35:37.890 --> 00:35:41.160

William scriber: yeah that fall parking spot I know exactly that's.

356

00:35:42.660 --> 00:35:46.110

William scriber: Where there used to be a restaurant there to the right as you go north.

357

00:35:47.460 --> 00:35:48.360

William scriber: Is that the only talk.

358

00:35:48.450 --> 00:35:48.960

of Paul.

359

00:35:50.040 --> 00:35:50.370

Yes.

360

00:35:52.620 --> 00:35:58.380

William scriber: And that's an odd place to put it, but we would be much more used to have one in ours in there.

361

00:36:02.820 --> 00:36:06.180

Parish planning board: he's got one on the even see him stop at one.

362

00:36:08.040 --> 00:36:08.910

Small parking right.

363

00:36:15.540 --> 00:36:17.070

Matthew Johnson: definitely add that for sure.

364

00:36:31.230 --> 00:36:33.090

Matthew Johnson: Any anything else on that part two.

365

00:36:33.930 --> 00:36:37.230

diane Spaziani: yeah i'm looking for here it's here.

366

00:36:40.350 --> 00:36:42.450

diane Spaziani: it's a goal g.

367

00:36:43.920 --> 00:36:46.200

diane Spaziani: preserve and protect water resources.

368

00:36:46.590 --> 00:36:51.630

diane Spaziani: Okay, I don't know if this is appropriate here or not you better you know.

369

00:36:52.710 --> 00:36:57.150

diane Spaziani: Under strategies, I said build water infrastructure compatible with.

370

00:36:59.370 --> 00:37:04.890

diane Spaziani: Natural Resources so they they are protected, is that an understood thing, or should it be a strategy.

371

00:37:07.290 --> 00:37:08.550

Matthew Johnson: say the first part of that again.

372

00:37:08.580 --> 00:37:10.980

diane Spaziani: build water system just.

373

00:37:11.160 --> 00:37:18.480

diane Spaziani: build water infrastructure compatible with natural resources, so that they, they are protected.

374

00:37:23.280 --> 00:37:23.940

Parish planning board: Your wetland.

375

00:37:26.640 --> 00:37:28.200

diane Spaziani: yeah that's yeah okay that's.

376

00:37:28.770 --> 00:37:37.020

Matthew Johnson: yeah no and a water system would you know could could prevent contamination yeah yeah I think I can figure out how to say that.

377

00:37:37.560 --> 00:37:38.910

diane Spaziani: Okay, I don't know how to say it, for there.

378

00:37:39.690 --> 00:37:45.240

Matthew Johnson: But basically any any wat any public water infrastructure that's created has to you know.

379

00:37:46.290 --> 00:37:48.570

Matthew Johnson: preserve the natural environment.

380

00:37:51.810 --> 00:37:52.890

diane Spaziani: I have another one.

381

00:37:55.860 --> 00:37:56.610

Ever getting.

382

00:37:59.430 --> 00:37:59.730

down.

383

00:38:06.840 --> 00:38:07.680

diane Spaziani: One more for you.

384

00:38:08.220 --> 00:38:10.800

diane Spaziani: Okay, I want you to earn your pay here.

385

00:38:12.660 --> 00:38:13.140

diane Spaziani: All right.

386

00:38:14.670 --> 00:38:15.600

diane Spaziani: Go ah.

387

00:38:18.150 --> 00:38:19.470

diane Spaziani: Yes, environment.

388

00:38:20.580 --> 00:38:22.770

Matthew Johnson: yeah go ah oh.

389

00:38:23.040 --> 00:38:35.160

diane Spaziani: Okay, the strategies yeah I think we talked about this, I don't know who brought it up, but investigate village parking so residents and businesses have a place to park off off street.

390

00:38:37.890 --> 00:38:38.550

diane Spaziani: Somebody on the.

391

00:38:38.700 --> 00:38:42.120

diane Spaziani: board rewrite that for me okay there.

392

00:38:42.480 --> 00:38:46.740

Matthew Johnson: There is something to that effect in the in the village revitalization.

393

00:38:47.790 --> 00:38:48.780

Matthew Johnson: there's something about.

394

00:38:48.840 --> 00:38:53.250

Matthew Johnson: work, but we could, if you want, we can put it again in the.

395

00:38:54.600 --> 00:38:57.570

Matthew Johnson: In the economic development, we can mention it there as well.

396

00:38:57.840 --> 00:38:58.230

Okay.

397

00:39:00.480 --> 00:39:02.940

diane Spaziani: um man, and I am yes.

398

00:39:05.370 --> 00:39:08.580

Parish planning board: is currently offered parking in the village.

399

00:39:09.600 --> 00:39:13.290

Parish planning board: On the other side of the ground is where the Methodist churches at and.

400

00:39:13.560 --> 00:39:18.300

Parish planning board: away comes down through your resume UNESCO parking lot right already.

401

00:39:19.050 --> 00:39:19.500

Okay.

402

00:39:20.550 --> 00:39:20.970

Okay.

403

00:39:22.080 --> 00:39:22.950

diane Spaziani: Then don't put it in I.

404

00:39:25.680 --> 00:39:32.370

Parish planning board: plan to you downtown parking with the revitalization of state route 69 which never came about.

405

00:39:32.670 --> 00:39:32.970

diane Spaziani: Right.

406

00:39:33.150 --> 00:39:33.840

Matthew Johnson: We do we do.

407

00:39:35.340 --> 00:39:35.790

diane Spaziani: Okay.

408

00:39:36.000 --> 00:39:36.750

William scriber: Any signs.

409

00:39:38.190 --> 00:39:39.480

William scriber: pointing to that Kevin.

410

00:39:41.370 --> 00:39:41.850

Parish planning board: No.

411

00:39:43.050 --> 00:39:43.680

Parish planning board: No, there isn't.

412

00:39:43.920 --> 00:39:44.910

diane Spaziani: To put a sign up.

413

00:39:46.950 --> 00:39:52.890

William scriber: Well, I mean if people come downtown and they can't go to the restaurant because they can't find parking.

414

00:39:53.430 --> 00:40:04.860

William scriber: I mean if there was a little sciences village park municipal parking that a little sign in the air, all that aside, we could park i'm sure they could walk that little sidewalk there but they don't know it's there I didn't know.

415

00:40:05.280 --> 00:40:06.390

diane Spaziani: I didn't know was there either.

416

00:40:07.200 --> 00:40:12.540

Matthew Johnson: Say yeah, we could say you know, create signage for that parking lot.

417

00:40:13.770 --> 00:40:14.190

William scriber: well.

418

00:40:14.520 --> 00:40:15.000

Matthew Johnson: you like.

419

00:40:15.450 --> 00:40:19.530

William scriber: You could say create sign is for available off site.

420

00:40:19.560 --> 00:40:21.930

diane Spaziani: parking or something yeah that's good.

421

00:40:22.590 --> 00:40:27.210

Parish planning board: Once enhanced in it becomes more opportunity for the people.

422

00:40:31.860 --> 00:40:35.850

Parish planning board: There, for years now, you put a tractor trailer in there.

423

00:40:37.020 --> 00:40:41.460

Parish planning board: To make you know, most of the rule should there be restrictions for trucks.

424

00:40:41.940 --> 00:40:43.920

diane Spaziani: be something where they are it's.

425

00:40:44.640 --> 00:40:45.000

Parish planning board: hard.

426

00:40:45.510 --> 00:40:46.320

diane Spaziani: Work today part.

427

00:40:46.980 --> 00:40:58.470

Parish planning board: we're smell easy chuck stuff yeah it's sort of their own personal driveway of the company alone, to which one guy does not receive that tanker truck in and.

428

00:41:00.420 --> 00:41:07.680

Parish planning board: The reason being they also was now are good utility girl click save of rising they use that there is no.

429

00:41:08.760 --> 00:41:23.310

Parish planning board: they're the only ones can park there when they're they're going to limit on site, should we put restrictions on playful vehicles commercial vehicles on webinar that will be our say that would be the board's decision okay village orange toward.

430

00:41:24.720 --> 00:41:31.590

Parish planning board: rice basically they're temporary parking there but they have a Methodist church yes there's a building here for variety.

431

00:41:33.930 --> 00:41:38.940

Parish planning board: But I don't say again, I don't see there is there all the time, anyway, no, there are over there and I.

432

00:41:39.840 --> 00:41:50.280

Parish planning board: I hate open a can of worms but maybe the religion in in the town radha out to communicate with each other and maybe that because evil park is the ideal place for.

433

00:41:50.940 --> 00:42:00.660

Parish planning board: That was brought up earlier in our in our discussion, maybe there would be an ideal place for downtown parking lot yeah it's just thought it's because it's.

434

00:42:01.200 --> 00:42:01.650

diane Spaziani: I mean the.

435

00:42:02.580 --> 00:42:10.260

Parish planning board: The buzzing ballpark is is it in advance, would have to worry about commercial vehicles, if we don't do that because.

436

00:42:10.980 --> 00:42:25.470

Parish planning board: The lines are not calling every 36 but some of the dirty I don't think they are 13 630 will see that that's we can another words that to keep that that's to up to do with the power company because.

437

00:42:26.940 --> 00:42:33.480

Parish planning board: i'm not going to read into it, but I took down I I went into a store when I drove records, I went into deliver a store.

438

00:42:34.260 --> 00:42:46.620

Parish planning board: And I bought i'm brought a full line down about six inches around nice today in the fire department is there and they're yelling and we don't get out of the truck and it's a phone line and the guy said, how do you have but anyway.

439

00:42:48.060 --> 00:43:00.690

Parish planning board: And we're lucky enough to belong to the women in the stores, that they were even the parking lot in in the in the overhead on them on the front of the box on the truck and get caught in that line a couple days prior and stretch there.

440

00:43:01.410 --> 00:43:08.940

Parish planning board: And had been it had been 14 feet, but then it dropped and then sold the front of my trailer caught and i'm proud of that failure, the guys as well, so you're going to do the.

441

00:43:11.370 --> 00:43:11.940

Parish planning board: Other thing.

442

00:43:13.290 --> 00:43:13.830

yeah so.

443

00:43:16.440 --> 00:43:21.870

Parish planning board: So anyway, so I don't know that it's it's a thought, but then again, do we want.

444

00:43:22.860 --> 00:43:38.250

Parish planning board: I think the way we're on that is left that the village in town when they have a green and let them decide if there's a restriction, maybe we should mention that in London, bringing the joint me to you because, like I said I know they use the park sometimes but.

445

00:43:40.050 --> 00:43:45.060

Parish planning board: I mean they used to do before before the pandemic and getting it all day and yeah.

446

00:43:46.380 --> 00:43:49.770

So he set up his ego there or eat the pizza whatever.

447

00:43:50.790 --> 00:43:53.190

Parish planning board: Well, let me, maybe it's a good place for park.

448

00:43:55.770 --> 00:43:55.980

Matthew Johnson: So.

449

00:43:56.370 --> 00:44:00.240

Matthew Johnson: Do we want to put something in about the signage for the downtown lot.

450

00:44:01.500 --> 00:44:02.010

Parish planning board: Yes.

451

00:44:03.210 --> 00:44:05.760

Parish planning board: indicating directly to the municipal parking yes yeah.

452

00:44:06.060 --> 00:44:06.480

Okay.

453

00:44:07.950 --> 00:44:08.160

yeah.

454

00:44:12.030 --> 00:44:19.770

William scriber: I mean if the village wants to know the cost of a sign it's \$18 out of babcock hi we supply for 12 by Haiti.

455

00:44:21.540 --> 00:44:21.990

Matthew Johnson: Fine.

456

00:44:24.390 --> 00:44:24.720

diane Spaziani: Okay.

457

00:44:26.160 --> 00:44:27.570

diane Spaziani: We have another edition.

458

00:44:28.320 --> 00:44:30.930

diane Spaziani: Okay sorry its goal ah.

459

00:44:32.100 --> 00:44:44.280

diane Spaziani: cool age, improve the economic environment yeah okay i'm at it again, develop and implement water and restructure so economic development can happen.

460

00:44:45.660 --> 00:44:48.570

diane Spaziani: there's not this strategy is not there under economic environment.

461

00:44:48.780 --> 00:44:49.680

Matthew Johnson: Okay, so.

462

00:44:50.520 --> 00:44:54.630

William scriber: I raised diane's water and I re and I.

463

00:44:55.650 --> 00:45:03.120

William scriber: give her gas, because we need natural gas, and as we go arrest me in the town.

464

00:45:03.480 --> 00:45:04.170

diane Spaziani: I agree.

465

00:45:04.680 --> 00:45:07.500

William scriber: So, water and natural gas I.

466

00:45:07.530 --> 00:45:08.760  
diane Spaziani: Think yeah okay.

467

00:45:08.880 --> 00:45:09.660  
diane Spaziani: Fine, I agree.

468

00:45:10.260 --> 00:45:16.170  
Matthew Johnson: Okay well add those two things there we do say the water under the impression we'll just we'll have it in multiple places.

469

00:45:16.800 --> 00:45:18.450  
diane Spaziani: Oh yeah Oh, thank you okay.

470

00:45:18.690 --> 00:45:20.580  
William scriber: Words you get animate all the time.

471

00:45:21.630 --> 00:45:23.700  
diane Spaziani: yeah I got another one man.

472

00:45:24.690 --> 00:45:25.230  
Okay.

473

00:45:27.600 --> 00:45:37.350  
diane Spaziani: Infrastructure that's right the next one, the next page infrastructure yeah it's I think it just left it out actually you got it earlier.

474

00:45:37.560 --> 00:45:39.660  
diane Spaziani: It says public water public water.

475

00:45:41.010 --> 00:45:44.700  
diane Spaziani: yeah and it says curbs and parking right in the middle of the third line down.

476

00:45:47.130 --> 00:45:51.300  
diane Spaziani: curbs parking I think it, you should have sidewalks and lighting they're also.

477

00:45:52.080 --> 00:45:53.760  
Matthew Johnson: curse okay well.

478

00:45:54.720 --> 00:46:02.760

diane Spaziani: right in the middle of the red public water right the third line down curbs and parking sidewalks in lighting.

479

00:46:04.230 --> 00:46:07.890

Matthew Johnson: curves in parking sidewalks and lighting yeah.

480

00:46:09.270 --> 00:46:09.960

Matthew Johnson: Okay.

481

00:46:21.210 --> 00:46:21.600

diane Spaziani: Okay.

482

00:46:23.970 --> 00:46:26.100

diane Spaziani: I got two more things and then i'll be quiet.

483

00:46:26.820 --> 00:46:27.390

William scriber: You will.

484

00:46:33.120 --> 00:46:33.600

diane Spaziani: All right.

485

00:46:36.270 --> 00:46:37.260

diane Spaziani: Mr around.

486

00:46:37.980 --> 00:46:42.240

diane Spaziani: Here Okay, the goal, I think ah, I gotta go I.

487

00:46:42.570 --> 00:46:42.750

got.

488

00:46:44.730 --> 00:46:45.450

diane Spaziani: You okay.

489

00:46:46.740 --> 00:46:48.660

diane Spaziani: improve the strategies.

490

00:46:49.770 --> 00:46:51.510

diane Spaziani: You put public water there, thank you.

491

00:46:51.570 --> 00:46:52.980  
Matthew Johnson: that's where water and wash.

492  
00:46:53.010 --> 00:46:55.170  
Matthew Johnson: yeah yeah right now yeah.

493  
00:46:55.560 --> 00:47:01.590  
diane Spaziani: All right, but we paint in the zoning laws we included several pages you fixed them for solar solar energy.

494  
00:47:02.100 --> 00:47:02.610  
Matthew Johnson: mm hmm.

495  
00:47:02.880 --> 00:47:04.560  
diane Spaziani: And I think one of the things there should.

496  
00:47:04.560 --> 00:47:11.610  
diane Spaziani: Be investigate alternatives to energy resources to power municipal buildings lighting and signage.

497  
00:47:13.470 --> 00:47:16.800  
diane Spaziani: And I don't work for governor Cuomo but he would probably like to see that.

498  
00:47:17.940 --> 00:47:21.210  
William scriber: it's actually a great idea I like that, yes.

499  
00:47:21.840 --> 00:47:25.860  
Matthew Johnson: Alternative energy for municipal buildings.

500  
00:47:26.220 --> 00:47:29.250  
diane Spaziani: Power them and for lighting and signage.

501  
00:47:30.990 --> 00:47:33.330  
diane Spaziani: lighting on the main street and for signage.

502  
00:47:34.590 --> 00:47:43.260  
diane Spaziani: Other towns are doing it, who have solar or who have the city of Syracuse is doing it solar powered LED lights on their streets.

503  
00:47:43.950 --> 00:47:46.080  
Parish planning board: already got the LED lights out there.

504

00:47:47.070 --> 00:47:50.940

diane Spaziani: Well, I don't know what I don't know the language Kevin maybe you do, but.

505

00:47:52.890 --> 00:47:56.310

diane Spaziani: Whatever i'm saying solar lighting energy from solar.

506

00:47:56.940 --> 00:47:58.650

diane Spaziani: Okay okay.

507

00:47:59.850 --> 00:48:05.280

diane Spaziani: And Kevin you want to speak to this, I think you would not disagree Community buildings.

508

00:48:07.650 --> 00:48:14.490

diane Spaziani: Under municipal bull buildings and gymnasium yeah we're at the end of the sentence there.

509

00:48:16.350 --> 00:48:16.680

Put.

510

00:48:18.270 --> 00:48:23.430

diane Spaziani: It for the Center for town and village government, and I want to say and a new fire station.

511

00:48:25.260 --> 00:48:28.830

Parish planning board: know the fire company is independent, yes, we can't get you.

512

00:48:29.460 --> 00:48:30.270

diane Spaziani: can't do that.

513

00:48:34.860 --> 00:48:35.760

diane Spaziani: Sorry, I was gonna.

514

00:48:35.940 --> 00:48:37.350

diane Spaziani: I wanted to build him a new one.

515

00:48:37.350 --> 00:48:41.100

William scriber: comprehensive plan that we envision a new one.

516

00:48:43.350 --> 00:48:43.530

Parish planning board: We.

517

00:48:43.740 --> 00:48:47.670

Matthew Johnson: Have a section there where we talk about it, I say nice description they're fired.

518

00:48:47.670 --> 00:48:48.090

yeah.

519

00:48:49.230 --> 00:48:54.450

Matthew Johnson: yeah so if someone wants to send me a little few sentences on that I would stick them in there.

520

00:48:54.960 --> 00:48:56.010

diane Spaziani: Kevin that's your job.

521

00:48:57.330 --> 00:49:00.750

Parish planning board: Well, let me have a page number two I don't have my coffee with me.

522

00:49:01.560 --> 00:49:04.770

diane Spaziani: it's a Community building there's no number on it committed.

523

00:49:05.460 --> 00:49:12.600

Matthew Johnson: There it's basically blank we just, we need a description of the fire department building when it was built how big it is what shape it's in.

524

00:49:13.410 --> 00:49:14.130

Matthew Johnson: That type of thing.

525

00:49:16.560 --> 00:49:16.770

Parish planning board: or.

526

00:49:18.990 --> 00:49:33.120

Parish planning board: Did you call the current billing the third fire station which is the one that we're in right now was built making 72 and it's in concrete blocks that are kind of showing your age or we're doing what we can to keep them together.

527

00:49:33.750 --> 00:49:35.490  
diane Spaziani: Well, I would like to have a new one Kevin.

528  
00:49:38.880 --> 00:49:40.170  
Parish planning board: \$2.75 million.

529  
00:49:48.330 --> 00:49:51.930  
diane Spaziani: Just for clarification okay okay i'll see.

530  
00:49:56.070 --> 00:49:57.450  
diane Spaziani: Dan yeah.

531  
00:49:58.950 --> 00:50:06.330  
Parish planning board: Just the point of interest yeah farm farm was built hand a lot of veterans in this town.

532  
00:50:06.720 --> 00:50:07.410  
diane Spaziani: Oh, and.

533  
00:50:07.620 --> 00:50:14.820  
Parish planning board: They they spent their spare time and weekends building the fire barn, so I would tread very careful.

534  
00:50:15.090 --> 00:50:16.080  
diane Spaziani: Oh no I didn't.

535  
00:50:16.920 --> 00:50:26.160  
Parish planning board: I didn't know that okay yeah I did until about two years ago and somebody brought it up, but it's good to me my husband went down there every weekend on that building.

536  
00:50:26.760 --> 00:50:28.050  
diane Spaziani: Well, I didn't know that thanks.

537  
00:50:28.440 --> 00:50:29.820  
diane Spaziani: thanks for the Info no.

538  
00:50:30.420 --> 00:50:32.040  
William scriber: And no one's arguing.

539  
00:50:32.070 --> 00:50:34.710  
William scriber: That it's not a good building it was well, sir.

540

00:50:35.910 --> 00:50:50.520

William scriber: But that's why you have bonding I mean you could join, I mean there, there was many discussions over the years of building a joint fire Community senior citizen.

541

00:50:51.810 --> 00:50:55.560

William scriber: In a whole like a Community building other ones, have done it.

542

00:50:56.070 --> 00:50:56.640

diane Spaziani: that's true.

543

00:50:57.210 --> 00:51:13.530

William scriber: And and and we're getting back into that parochial it's mine don't touch it but we're a community, so I mean we should why we haven't progressed in this town as we we don't think as a town or village or as agenda community.

544

00:51:14.040 --> 00:51:14.520

William scriber: That have.

545

00:51:14.640 --> 00:51:16.680

William scriber: Certain things over needs to do.

546

00:51:17.220 --> 00:51:28.170

William scriber: So that's why i'm always arguing with Diana let's make this division and if people don't watch the vision that's fine but it's still a good vision.

547

00:51:29.430 --> 00:51:31.320

diane Spaziani: fill any non to what you said.

548

00:51:31.590 --> 00:51:45.390

diane Spaziani: If you look at the report, it will in the original plan that I got here the questionnaire summary that was sent out maybe four or five years ago exactly what you said, is what was said in that Community review.

549

00:51:47.340 --> 00:51:54.810

diane Spaziani: They want a Community building and a senior citizen building all the things you just said is listed right here on their question your answers.

550

00:51:56.730 --> 00:52:01.620

diane Spaziani: So that's that's those are residence, maybe you wrote it.

551

00:52:03.210 --> 00:52:04.890

William scriber: Well, but I, I agree with it.

552

00:52:05.760 --> 00:52:07.680

diane Spaziani: Okay, and I don't know man.

553

00:52:08.220 --> 00:52:09.900

diane Spaziani: I don't want some clarification.

554

00:52:10.410 --> 00:52:10.920

Matthew Johnson: Okay.

555

00:52:11.670 --> 00:52:14.850

diane Spaziani: All right, two goals and strategies your first paragraph.

556

00:52:17.400 --> 00:52:18.930

Matthew Johnson: Of the whole thing okay yeah.

557

00:52:19.350 --> 00:52:22.680

diane Spaziani: You highlighted and dark in the last three sentences.

558

00:52:24.270 --> 00:52:24.660

Matthew Johnson: yeah.

559

00:52:25.110 --> 00:52:26.400

Matthew Johnson: Yes, last one.

560

00:52:27.570 --> 00:52:28.110

diane Spaziani: What are.

561

00:52:28.710 --> 00:52:29.970

Matthew Johnson: highly recommended yeah.

562

00:52:30.030 --> 00:52:35.400

diane Spaziani: Yes, Okay, and in that same community question here.

563

00:52:36.720 --> 00:52:40.020

diane Spaziani: These people, the last thing they said here, they said.

564

00:52:42.360 --> 00:52:52.500

diane Spaziani: bipartisan effort is thought to be needed to move forward with a plan with goals strategies responsibilities to quote get it done and the quote.

565

00:52:53.070 --> 00:52:53.460

diane Spaziani: So.

566

00:52:53.550 --> 00:53:00.810

diane Spaziani: We could you please tell us what you had in mind, is there a chart a kind of a plan that we could use to to do something like that.

567

00:53:01.740 --> 00:53:09.600

Matthew Johnson: Well, what you want, this is kind of talking about is that the after the plans adopted, you would sort of make a table.

568

00:53:10.440 --> 00:53:28.650

Matthew Johnson: And list out each of the strategies and then for each strategy, you know what what board or committee would be kind of responsible for making that happen, it would be the village board the town board the planning board or recreation committee.

569

00:53:29.670 --> 00:53:32.970

Matthew Johnson: that's kind of like an after and after project when this is.

570

00:53:32.970 --> 00:53:34.380

diane Spaziani: done okay.

571

00:53:34.890 --> 00:53:37.020

Matthew Johnson: Then you kind of create a matrix of.

572

00:53:37.320 --> 00:53:49.980

Matthew Johnson: listing each strategy and then who, who is involved in what kind of a priority is that a high priorities and a low priority is middle priority and that's i'm referring to.

573

00:53:50.550 --> 00:53:55.500

diane Spaziani: Can you show us how to do that or give us a plan or something when we go like.

574

00:53:55.830 --> 00:53:59.820

Matthew Johnson: I could get yeah I could give you like a blank sort of a blank document that's.

575

00:53:59.820 --> 00:54:00.870

diane Spaziani: What I mean yeah.

576

00:54:00.990 --> 00:54:01.290

William scriber: yeah.

577

00:54:01.770 --> 00:54:04.140

William scriber: kinda like we start yeah.

578

00:54:04.530 --> 00:54:09.810

diane Spaziani: yeah with the respect that all the tests responsibilities and all that stuff on it.

579

00:54:10.290 --> 00:54:15.090

diane Spaziani: yeah Okay, because you really get things done when people are assigned to them, you know.

580

00:54:17.010 --> 00:54:18.240

diane Spaziani: People see improvement.

581

00:54:22.740 --> 00:54:31.860

Matthew Johnson: yup and the town of and boy, they just adopted, they just updated their COMP plan they've got a very, very simple one that might have like four items on it, but I can send you that.

582

00:54:32.910 --> 00:54:34.170

diane Spaziani: Okay, all right.

583

00:54:36.330 --> 00:54:38.190

Matthew Johnson: Yours would be a lot more complex.

584

00:54:38.460 --> 00:54:39.960

diane Spaziani: I see yes okay.

585

00:54:51.030 --> 00:55:00.060

William scriber: But Diane I think that's important because you have to have these this is going to go before the town and village board they're going to have the buy in.

586

00:55:00.480 --> 00:55:13.710

William scriber: they're going to handle on it, so the bottom line is this is almost like we have every place i've worked you basically get a here's your employee manual and here's what we're about and here's where we're going, you know.

587

00:55:13.740 --> 00:55:15.180

diane Spaziani: yeah I know.

588

00:55:15.510 --> 00:55:19.320

William scriber: Everybody who come and i'm just simply saying is this would be perfect, here it is.

589

00:55:19.500 --> 00:55:20.100

here's what.

590

00:55:21.150 --> 00:55:21.630

You know.

591

00:55:22.860 --> 00:55:28.170

William scriber: I may only be on the board for four years, two years or six years, but the next one gets it, and this is.

592

00:55:28.230 --> 00:55:29.940

diane Spaziani: The direction we're going to repeat oh.

593

00:55:30.270 --> 00:55:31.320

William scriber: yeah yeah.

594

00:55:31.530 --> 00:55:40.020

diane Spaziani: yeah, thank you for saying that, because all the things that we wrote in the zoning laws and in this updating, what are we doing COMP plan.

595

00:55:40.590 --> 00:55:52.050

diane Spaziani: Are the things that were mentioned in question here and they just want us to do something if it's put a pot of flowers at the end of Main Street do something I want you to do something today i'll do something.

596

00:55:54.480 --> 00:55:54.780  
diane Spaziani: So.

597

00:55:58.110 --> 00:55:59.610  
diane Spaziani: Paul I think i'm i'm done.

598

00:56:04.890 --> 00:56:05.790  
diane Spaziani: i'm done for a minute.

599

00:56:06.120 --> 00:56:07.860  
William scriber: tag team isn't my shot that.

600

00:56:10.440 --> 00:56:11.400  
Parish planning board: Your turn bill.

601

00:56:12.330 --> 00:56:15.600  
William scriber: wow go ahead, I already was the page 42 so.

602

00:56:17.970 --> 00:56:18.780  
diane Spaziani: let's 42.

603

00:56:19.680 --> 00:56:20.730  
William scriber: know where I was.

604

00:56:20.820 --> 00:56:21.480  
William scriber: I was going.

605

00:56:21.750 --> 00:56:28.020  
William scriber: To that page well I got pages i'm on a rural districts rural that's where I was.

606

00:56:29.940 --> 00:56:33.180  
diane Spaziani: I saw that too i'm interested in that one tell us what you got.

607

00:56:37.860 --> 00:56:42.660  
William scriber: Well, I think that we, we we rely too heavily on rural being rural.

608

00:56:43.860 --> 00:56:51.690

William scriber: bought it we've got to come up with some strategy for those mixed uses out in that rural district.

609

00:56:52.710 --> 00:56:53.160

William scriber: I mean.

610

00:56:55.290 --> 00:57:03.600

William scriber: We still have that whole issue of you know, when Paul and I were doing the with the zones here about this highway.

611

00:57:05.010 --> 00:57:06.660

William scriber: Commercial right Paul.

612

00:57:10.230 --> 00:57:14.250

William scriber: Yes, I mean, how are you going to address that in this plan.

613

00:57:19.140 --> 00:57:26.370

William scriber: But you've got it rural mixed use districts clay and seven nodes along intersections kind of 26 and state route 69.

614

00:57:27.450 --> 00:57:27.780

Matthew Johnson: yeah.

615

00:57:28.560 --> 00:57:45.180

William scriber: Well, we will do that every every time we go for a trying to keep that there we get people saying we want to have a garage or whatever, in the middle of the law of a rural area.

616

00:57:46.380 --> 00:57:47.940

William scriber: So I don't know how we.

617

00:57:51.150 --> 00:57:51.990

William scriber: How we do that.

618

00:57:53.280 --> 00:58:04.320

Parish planning board: Well, we did eliminate the mixed use zones upon upon and 26 now because of the I mean the two projects up there, we got such heavy eat on.

619

00:58:04.860 --> 00:58:25.230

Parish planning board: So you know, one of the reasons we moved it down to 69 was now it's now it's on domain highway in in There again,

hopefully, it would cut down on the complaints so in all the friction when somebody tries to tries to do something.

620

00:58:26.910 --> 00:58:38.880

William scriber: i'm only bringing up past because I remember a number of years ago, we got in problems when we had very few districts remember Paul.

621

00:58:39.600 --> 00:58:39.960

Right.

622

00:58:41.130 --> 00:58:42.660

William scriber: And that was our ability.

623

00:58:43.320 --> 00:58:43.980

William scriber: We weren't I was.

624

00:58:44.910 --> 00:58:45.990

William scriber: bill yeah.

625

00:58:46.500 --> 00:58:47.070

William scriber: When was it.

626

00:58:48.300 --> 00:58:49.980

Parish planning board: 2007.

627

00:58:50.010 --> 00:58:50.670

Matthew Johnson: yeah yeah.

628

00:58:52.500 --> 00:59:03.570

William scriber: yeah well yeah we do, but then you're going to get someone coming and i'm not i'm not suggesting a solution i'm suggesting we discussed this.

629

00:59:04.800 --> 00:59:23.370

William scriber: you're going to get I mean number one you're going to get someone coming in and wanting to do something further away from that area, then you know, then what we're alone, so I mean it's I think if we're going to make a recommendation, it ought to be realistic.

630

00:59:25.170 --> 00:59:39.090

William scriber: And I don't think we should exclude I mean I don't want to see commercial development within the town outside of the Jason quarter around the village because that's the last.

631

00:59:40.740 --> 00:59:55.710

William scriber: housing stock, the town has I don't think I or Diane or anybody else or Paul want to see a major commercial development there, but I do see that small development.

632

00:59:57.930 --> 00:59:58.920

William scriber: And I'm not saying.

633

01:00:00.450 --> 01:00:01.470

William scriber: Like I'm.

634

01:00:02.670 --> 01:00:07.470

William scriber: Not a garage but not about but low impact.

635

01:00:08.460 --> 01:00:09.330

Diane Spaziani: Like grocery store.

636

01:00:10.080 --> 01:00:12.120

William scriber: No that's how you impact.

637

01:00:14.820 --> 01:00:17.580

Parish planning board: cold water with low or.

638

01:00:18.210 --> 01:00:29.130

William scriber: yeah you're gonna you're gonna have an issue with water and sewer and natural gas, because those those are energy demanding facilities so.

639

01:00:29.760 --> 01:00:30.030

yeah.

640

01:00:33.570 --> 01:00:39.540

Parish planning board: we'll see what we'll see what happens when somebody comes in and wants to put in your right, what if.

641

01:00:40.740 --> 01:00:47.940

Parish planning board: What I noticed about another race property right yeah or share your.

642

01:00:52.110 --> 01:00:53.400

Parish planning board: Which like you said.

643

01:00:54.450 --> 01:00:57.810

Parish planning board: it's going to come up in a town that has because.

644

01:00:58.860 --> 01:01:10.500

Parish planning board: I think I think the patriots warm up there, they people from New Jersey and he wanted to build it I think they want they bought that one of the foot that are you you're you're coming up.

645

01:01:12.060 --> 01:01:20.130

Parish planning board: In there so that is the main intersection it's it's it's you know it's the petri set of open land there.

646

01:01:22.500 --> 01:01:37.200

William scriber: I mean, as guys recommendations rural mixed use and and you cut it number one you got to get rid of 26 because you eliminated that Okay, and it says rural mixed use districts at 10 provide civil cases small commercial development.

647

01:01:42.000 --> 01:01:45.930

Matthew Johnson: We did get rid of 26 meet, are you are you looking at an old one bill.

648

01:01:46.080 --> 01:01:49.470

William scriber: must be getting look at an old one, I must have dragged up the wrong one.

649

01:01:50.610 --> 01:01:56.580

William scriber: What do you got if I wrong and recommendations on page 43 of your original copy.

650

01:01:58.110 --> 01:02:03.870

Matthew Johnson: that the new one says, these are areas are intended to create nodal commercial development in the town.

651

01:02:05.010 --> 01:02:12.870

Matthew Johnson: mercial the development that generate significant traffic should be encouraged in these areas, as they are located Jason two major intersections.

652

01:02:13.950 --> 01:02:21.150

William scriber: Mine says real mixed use districts or Internet provides through location small commercial development in the town outside to.

653

01:02:21.510 --> 01:02:25.320

Matthew Johnson: decide yeah that's that's the current version, I think we have updated that.

654

01:02:25.620 --> 01:02:27.180

William scriber: Okay, we.

655

01:02:28.290 --> 01:02:29.460

William scriber: don't have that I can't.

656

01:02:29.550 --> 01:02:29.850

diane Spaziani: I don't.

657

01:02:30.420 --> 01:02:31.350

diane Spaziani: I don't have anything.

658

01:02:34.110 --> 01:02:36.330

Matthew Johnson: I could email that to everybody.

659

01:02:37.770 --> 01:02:38.850

Matthew Johnson: Maybe that's what I should do.

660

01:02:39.390 --> 01:02:40.740

diane Spaziani: yeah yeah.

661

01:02:41.040 --> 01:02:46.770

William scriber: Because I got suggestions for that right off the hand, I would like to keep I think most people in the town.

662

01:02:48.330 --> 01:02:50.460

William scriber: The town outside of the village.

663

01:02:50.580 --> 01:02:52.410

diane Spaziani: Prior would like to keep.

664

01:02:52.470 --> 01:02:58.110

William scriber: The rural character and strictly keep the the state route.

665

01:02:58.290 --> 01:03:05.820

William scriber: 69 as only possible commercial development.

666

01:03:07.920 --> 01:03:11.940

William scriber: And I wouldn't be opposed to the whole route 69 being commercial development.

667

01:03:12.420 --> 01:03:14.790

William scriber: Neither it's a State road it's.

668

01:03:15.900 --> 01:03:17.400

William scriber: Look at camden.

669

01:03:18.540 --> 01:03:26.550

William scriber: But then you have every road off it should maintain that rural character either agricultural or rural.

670

01:03:27.000 --> 01:03:29.430

diane Spaziani: residential residential.

671

01:03:30.840 --> 01:03:34.140

Matthew Johnson: that's what we're doing and the new the new version, and then the new zoning.

672

01:03:35.970 --> 01:03:37.110

William scriber: yeah that's what we.

673

01:03:37.500 --> 01:03:38.070

Matthew Johnson: Then set up.

674

01:03:38.310 --> 01:03:41.520

Matthew Johnson: We took the 26 the route 26 zones out.

675

01:03:41.760 --> 01:03:43.740

William scriber: Okay, I need a copy of that.

676

01:03:44.190 --> 01:03:44.850

diane Spaziani: I did to.

677

01:03:45.330 --> 01:03:45.630

i'd like.

678

01:03:54.990 --> 01:03:56.460

Matthew Johnson: Okay, I can do that.

679

01:03:58.440 --> 01:04:01.890

William scriber: Because I did a selling point for the town right now.

680

01:04:03.150 --> 01:04:20.220

William scriber: Is that we're the last area that you actually can come build or buy a house and and you know raise your children and unless it's worries road not have a car do an 85 miles an hour with a horse trailer on it.

681

01:04:22.350 --> 01:04:28.350

William scriber: What i'll be talking to the village or the town about reducing speed limit on town roads later.

682

01:04:31.470 --> 01:04:31.770

yep.

683

01:04:32.790 --> 01:04:35.520

William scriber: I didn't get a rise out of Marianne she didn't hear me damn it.

684

01:04:36.090 --> 01:04:40.020

diane Spaziani: I heard you how am I gonna get home if I can't go more than 45.

685

01:04:41.850 --> 01:04:42.000

William scriber: I.

686

01:04:43.860 --> 01:04:44.610

diane Spaziani: would just say.

687

01:04:45.420 --> 01:04:49.320

William scriber: You know I mean you know there i've looked at the whole.

688

01:04:51.750 --> 01:05:03.150

William scriber: Just there's about five road six roads in the town, this should be dropped to 45 miles an hour their town roads, because of the concentration of houses.

689

01:05:03.600 --> 01:05:04.320  
diane Spaziani: I know I see.

690  
01:05:04.500 --> 01:05:07.110  
William scriber: similar to the village when you look at the points.

691  
01:05:08.160 --> 01:05:13.170  
William scriber: Tax maps and and what you have, as I mean I my town road.

692  
01:05:14.430 --> 01:05:25.740  
William scriber: causes a connector from to state three state routes you got 69, then you got your shoot over and you got 11 and they shoot over the county route 20 or 26.

693  
01:05:26.940 --> 01:05:39.450  
William scriber: And then you've got harmony acres, on the other end of the road well guess what you cannot out i've told you, before I mean people will travel down this road, which was built an urban plan.

694  
01:05:40.530 --> 01:05:45.930  
William scriber: Many, many years ago and it's barely wide enough for two large trucks.

695  
01:05:46.470 --> 01:06:04.920  
William scriber: Right barreling down through here at high speeds and it's not safe, I mean you wouldn't do it in a village you wouldn't do it in an hour and 45 miles, so I think the town needs to address that not today or tomorrow, but you know these roads are not built.

696  
01:06:05.340 --> 01:06:08.430  
William scriber: For 55 miles an hour mm hmm.

697  
01:06:13.140 --> 01:06:15.960  
Parish planning board: being killed or stripe with your 55.

698  
01:06:19.140 --> 01:06:23.610  
William scriber: Well, I mean, and I mean, and I, and I looked at the map, you know there's many.

699  
01:06:23.820 --> 01:06:29.520  
William scriber: roads in the town that probably should be considered for lower speed limits.

700

01:06:30.150 --> 01:06:44.910

William scriber: Okay i'm just perfect safety and the roads, knowing that they're not that wide and you know and the shoulders there's no shoulders, I mean you get too far off one side you're into a bank or a tree, so you know that's.

701

01:06:45.990 --> 01:06:47.490

William scriber: Something i'm going to talk, but.

702

01:06:49.080 --> 01:06:54.240

William scriber: I don't have a copy this mats so diane so I can't really make COP comments and.

703

01:06:54.270 --> 01:06:56.340

Matthew Johnson: i'll email it to everybody.

704

01:06:56.520 --> 01:06:57.630

diane Spaziani: yeah good okay.

705

01:07:07.350 --> 01:07:11.100

diane Spaziani: Can you mail us the updated part one also.

706

01:07:11.700 --> 01:07:17.940

Matthew Johnson: Yes, i'm working on that maybe about a third of the way through updating all of those tables.

707

01:07:18.450 --> 01:07:26.010

Matthew Johnson: Okay um but what i'll try to do is for next month's meeting make the changes that we talked about tonight.

708

01:07:27.180 --> 01:07:37.050

Matthew Johnson: And and send you out the or we can go over them the updated tables Okay, maybe that's kind of our goal for next month.

709

01:07:39.000 --> 01:07:42.420

Matthew Johnson: And then i'll also email out the part three to everybody.

710

01:07:43.980 --> 01:07:44.850

Matthew Johnson: Make sure everybody's.

711

01:07:45.000 --> 01:07:46.080

we're all on the same page.

712

01:07:55.290 --> 01:08:06.510

diane Spaziani: Based on what he just said, though, i'm, oh dear i've got the new the latest revision of the turret to under real character.

713

01:08:08.520 --> 01:08:10.080

diane Spaziani: A world character goal F.

714

01:08:10.800 --> 01:08:11.160

yeah.

715

01:08:12.240 --> 01:08:16.680

diane Spaziani: I just I hit my pencil here I don't know what restrict land uses rural areas, those compatible for.

716

01:08:18.270 --> 01:08:23.280

diane Spaziani: Should there be one or the other strategies in or something to just commercial based on what he just said.

717

01:08:24.570 --> 01:08:27.750

Matthew Johnson: Well, we kind of talk about that in part three.

718

01:08:28.200 --> 01:08:29.610

Matthew Johnson: But we could add it into part two.

719

01:08:30.960 --> 01:08:32.730

diane Spaziani: Okay, I don't know what press three.

720

01:08:33.660 --> 01:08:38.640

Matthew Johnson: Part three is where we're just talking about the zoning basically we're talking about the different zoning districts and what.

721

01:08:38.670 --> 01:08:40.080

Matthew Johnson: they're supposed to implement.

722

01:08:40.560 --> 01:08:40.950

Okay.

723

01:08:46.650 --> 01:08:52.680

Matthew Johnson: But we can make sure that we tweak part three, a little bit to include bills concerns there.

724

01:08:52.740 --> 01:08:54.900

diane Spaziani: yeah yeah so you just said that.

725

01:08:56.820 --> 01:08:57.210

well.

726

01:09:00.150 --> 01:09:09.390

Parish planning board: Literally we're talking you don't want to be density or for housing cluster in the town and such which I love country garlic and keep the country.

727

01:09:09.930 --> 01:09:20.970

Parish planning board: Is there any way we can enhance or pores maybe we already are some phones that would probably be kim's you go like in the village here, where the.

728

01:09:21.540 --> 01:09:33.750

Parish planning board: Cluster I think should be a little bit more loud, we have these built into so many old just taking up space in there anything no there's nothing at all, or just abandoned.

729

01:09:35.670 --> 01:09:38.790

Parish planning board: Or is that something to Code, the ability mirror.

730

01:09:40.410 --> 01:09:42.750

Parish planning board: responded, but as we really don't have much.

731

01:09:48.030 --> 01:09:48.360

Parish planning board: To.

732

01:09:49.590 --> 01:09:50.370

Parish planning board: You i'm saying.

733

01:09:51.270 --> 01:09:55.350

Matthew Johnson: abandoned buildings yeah there's i'm not sure how much you can do.

734

01:09:57.270 --> 01:10:01.830

Matthew Johnson: Other than tear them down as they get get beyond that they become code violations.

735

01:10:05.400 --> 01:10:08.700

Parish planning board: So we don't really want to restrict their opportunity to share.

736

01:10:13.320 --> 01:10:22.050

Parish planning board: with you, hoping, would you say we don't want to respect thing, and they can tell them, oh no because you will you will you would hope was.

737

01:10:25.050 --> 01:10:34.740

Parish planning board: Our third I think I think that falls under cold all kids is really no thing for me, just to clarify practice it's a very.

738

01:10:35.700 --> 01:10:52.080

Parish planning board: fine line that you walk code enforcement do you want to live like Cicero where everything is cookie cutter you know, and you can't do anything, or do you have people do do what they can personally it's not a lot of money perish.

739

01:10:53.220 --> 01:11:07.410

Parish planning board: Nobody can you avoid well, they can tear down buildings that alone keep them up over there, so so we continue to place this burden on Homeowners that's you know that's what i'm saying you have two different you got to find a nice middle line.

740

01:11:08.610 --> 01:11:09.660

Parish planning board: The part that i'm.

741

01:11:16.140 --> 01:11:26.190

Parish planning board: Just curious like I said I mean if something is really in danger yeah we can force them to take it down, but like I said it's a fine line to walk that i'm just.

742

01:11:26.970 --> 01:11:36.540

Parish planning board: seeing it like right here, though our main corner in the village to longest building thing came up with right there's got to be stopped, that we can do with these.

743

01:11:38.340 --> 01:11:58.350

Parish planning board: private residence private ownership belongs to the village yep right bankers ability Catholic Church for super local Union I don't think those are bad for the external side know there are some but they're making all but how do you feel is, according to the table, we do webinars.

744

01:12:00.300 --> 01:12:10.110

Parish planning board: On to they want to tear i'll give you an example here this little building by the for the pre show live next to that building okay.

745

01:12:11.160 --> 01:12:15.870

Parish planning board: They want to tear the garage down they're not going to tear the House down of white could.

746

01:12:17.100 --> 01:12:20.610

Parish planning board: If you went to them and made a deal or whatever hell it all work.

747

01:12:21.780 --> 01:12:31.080

Parish planning board: There I already checked it all in new code polling and hold tight to that means building turn it into apartment Now you can why.

748

01:12:32.250 --> 01:12:37.560

Parish planning board: Because they only I used to cut the grass were close the church and directory directory.

749

01:12:39.090 --> 01:12:46.650

Parish planning board: Active yo Catholic church on the first the West side you've only got one power mongers and Mohammed farmers with.

750

01:12:47.310 --> 01:12:55.020

Parish planning board: land and he goes around the back, no, no, no i'm talking in prep for the yield the House yeah another chair and as.

751

01:12:55.770 --> 01:13:02.430

Parish planning board: Well, will say if I wanted to go to an offer these guys to buy have the rights to put a park in there for that building.

752

01:13:02.880 --> 01:13:13.020

Parish planning board: be acceptable, you know because they're two separate Facebook, the both properties, the lander on are owned by one person, but what if I say i'm saying if Michael they're offered to buy.

753

01:13:14.070 --> 01:13:15.120

You in him.

754

01:13:16.800 --> 01:13:19.410

Parish planning board: or not agree with it you're going to tell me what.

755

01:13:20.910 --> 01:13:21.780

Parish planning board: I wanted to.

756

01:13:22.860 --> 01:13:24.270

Parish planning board: call out a site plan review.

757

01:13:27.930 --> 01:13:29.730

Parish planning board: First that's the way it works.

758

01:13:31.980 --> 01:13:43.620

Parish planning board: Back to be engaging you know visual like you said there's opportunity yeah I everybody's a little time I think there's two empty vacant last two doors down for me.

759

01:13:44.640 --> 01:13:50.250

Parish planning board: big enough for parking is kind of filling the Foundation anybody want to walk there you go there's.

760

01:13:51.330 --> 01:13:55.500

Parish planning board: No off working there is a big problem and i'll walk well you know I do.

761

01:13:58.050 --> 01:14:01.050

GA people with police, they want to.

762

01:14:02.520 --> 01:14:08.100

Parish planning board: Look, for people that have a handicap thing and they get wrong better than I do, and i'm thinking real.

763

01:14:11.160 --> 01:14:17.100

Parish planning board: I do have one thing matt I don't know where it's located on the other than under infrastructure and it's the public sewer.

764

01:14:17.640 --> 01:14:20.550

Matthew Johnson: Okay, some updated information yeah.

01:14:52.440 --> 01:14:56.550

Parish planning board: I keep I may go well bank is a government building now, so you can make that five.

768

01:14:57.630 --> 01:15:09.270

Parish planning board: No single user exists that is considered a significant industry user and the definition of that is down at the bottom of the page they were facing the only major industrial paint down on there is Miller longer.

769

01:15:10.680 --> 01:15:22.920

770

01:15:24.390 --> 01:15:38.760

771

01:15:39.330 --> 01:15:42.720

775

01:16:07.530 --> 01:16:09.150

776

01:16:27.330 --> 01:16:28.380

Matthew Johnson: Almost there.

777

01:16:30.300 --> 01:16:32.310

Matthew Johnson: Okay, go ahead, what, what are the changes.

Parish planning board: Okay, the changes are for 2019 every daily flow 70,000 gallons.

779

01:16:43.110 --> 01:16:47.370

Matthew Johnson: or 2019 it was 70,000.

780

01:16:48.810 --> 01:16:51.600

Matthew Johnson: yeah yes 70,000 okay got it.

782

01:16:59.940 --> 01:17:00.150

For.

783

01:17:03.600 --> 01:17:05.010

Matthew Johnson: 44,000.

784

01:17:06.720 --> 01:17:07.920

diane Spaziani: Yes, why less.

785

01:17:08.070 --> 01:17:10.890

Matthew Johnson: I got Okay, we kind of operator.

786

01:17:12.330 --> 01:17:14.070

Parish planning board: sewer connection just still 202.

787

01:17:15.960 --> 01:17:16.410

Matthew Johnson: Okay.

788

01:17:17.010 --> 01:17:23.010

Parish planning board: To change I don't I didn't have a chance to do the math to figure out the percentage capacity.

789

01:17:24.600 --> 01:17:25.440

or at least not yet.

790

01:17:27.990 --> 01:17:28.710

Matthew Johnson: Okay.

791

01:17:32.400 --> 01:17:32.850

Matthew Johnson: got it.

792

01:17:35.370 --> 01:17:43.530

Parish planning board: awesome the next sentence is still, in effect, the village has been in the process of upgrading the facility and is seeking to continue improving renovating the existing.

793

01:17:43.920 --> 01:18:00.000

Parish planning board: infrastructure to accommodate new users and they may seek to access the facility inexistent open areas where a service is available So yes, I have Peggy a village just had a public hearing tonight on they're submitting at us for a CD big grant application for.

794

01:18:01.050 --> 01:18:05.160

Parish planning board: Improving some of the facilities further improvement of the facilities down.

795

01:18:41.460 --> 01:18:42.960

Meeting in the rain was.

796

01:18:49.470 --> 01:18:50.280

Parish planning board: A rainy evening.

797

01:19:03.660 --> 01:19:04.050

Parish planning board: yeah.

798

01:19:07.620 --> 01:19:11.520

Parish planning board: At first, this is the finest sandy creek.

799

01:19:14.610 --> 01:19:16.500

Parish planning board: increase their body, you want.

800

01:19:19.020 --> 01:19:19.320

Parish planning board: To.

801

01:19:26.310 --> 01:19:28.020

Parish planning board: get your friends.

802

01:19:31.980 --> 01:19:32.280

From.

803

01:19:34.230 --> 01:19:37.050

Parish planning board: Here on out there any more issues for matt.

804

01:19:39.600 --> 01:19:41.070

Mary Ann Phillips: And I asked the question for.

805

01:19:43.560 --> 01:19:43.950

Yes.

806

01:19:45.060 --> 01:19:49.350

Mary Ann Phillips: Just two things I thought of as an eight you might have said it when I was in the other room doing laundry.

807

01:19:50.010 --> 01:20:01.830

Mary Ann Phillips: Has anybody mentioned the possibility of fish ladders being put in the salmon river down at the bottom because Mexico is looking to add them so that the fish can come upstream into parts of parish is one.

808

01:20:02.220 --> 01:20:12.120

Mary Ann Phillips: And the other one is did you mention anything about a municipal building in a bigger dp w building, you may have said it, I missed it when I went in the other room or two, I just want to make sure we're including somewhere.

809

01:20:13.800 --> 01:20:14.520

Parish planning board: We talked about.

810

01:20:15.600 --> 01:20:17.220

muscle building with the fire.

811

01:20:18.480 --> 01:20:23.430

Parish planning board: So, which is, I mean this will go, I will see is our goal is.

812

01:20:26.580 --> 01:20:29.400

Parish planning board: And I believe I believe would be.

813

01:20:30.750 --> 01:20:31.710  
Parish planning board: salmon river.

814  
01:20:32.970 --> 01:20:41.850  
Parish planning board: Would would imagine that that wouldn't be have to go like had four owns a day yep so we wanted to do anything with the with the.

815  
01:20:43.020 --> 01:20:44.730  
William scriber: Oh, I think, writers like you.

816  
01:20:45.600 --> 01:20:54.930  
William scriber: Know Paul she's not talking about the fish ladder and his damn there's a where the salmon, this is probably many, many years ago.

817  
01:20:55.380 --> 01:21:10.680  
William scriber: The salmon or stop from a little Sam and by the the the dam in Mexico, the one down from the village and Mexico, because they own, and I think Marianne were reluctant to do anything.

818  
01:21:11.310 --> 01:21:27.810  
William scriber: But if they could put a fish ladder there then up to had fuller's damn you would have salmon because originally That was the original spawning ground the salmon and maybe they actually would come up the river and people would.

819  
01:21:29.250 --> 01:21:30.180  
William scriber: I guess do fishing.

820  
01:21:30.810 --> 01:21:42.570  
Mary Ann Phillips: yeah last summer that was brought to my table that they're that Mexico is considering putting those ladders and so that they can come up to us, I just met included in your plan, if we have to do anything with the little salmon river.

821  
01:21:42.870 --> 01:21:47.340  
William scriber: that's a good yeah that would come under recreation matt you want to put that that's a good idea.

822  
01:21:47.730 --> 01:21:49.170  
Matthew Johnson: Okay yeah.

823  
01:21:52.440 --> 01:21:55.860

Matthew Johnson: Let me scroll up to recreation.

824

01:21:57.480 --> 01:22:07.890

William scriber: That was in was a TVs and everything else, though it's in Mexico, the Dec may very well, even pay for it.

825

01:22:09.930 --> 01:22:10.980

Parish planning board: Here yeah.

826

01:22:12.120 --> 01:22:13.650

Parish planning board: Robbie Robbie writing.

827

01:22:15.480 --> 01:22:18.450

Matthew Johnson: So talking about fish ladders at the dam.

828

01:22:18.780 --> 01:22:19.650

William scriber: In Mexico.

829

01:22:20.400 --> 01:22:21.330

Matthew Johnson: In Mexico.

830

01:22:21.840 --> 01:22:24.120

William scriber: yeah English bridge.

831

01:22:24.540 --> 01:22:26.820

William scriber: The installation of.

832

01:22:28.740 --> 01:22:33.030

William scriber: The natural spawning habitat of salmon by.

833

01:22:34.200 --> 01:22:47.460

William scriber: installing fish ladders in the in the dam at Mexico which as impeded their natural spawning ground in to perish.

834

01:22:48.300 --> 01:22:52.770

William scriber: Okay it's being recorded, so you go back and listen to it, I thought that was pretty darn good.

835

01:22:53.940 --> 01:22:57.900

Matthew Johnson: Outside the town, but you just want to encourage that to happen in Mexico.

836

01:22:58.170 --> 01:23:07.050

William scriber: Well, yes, but in a bigger sense we use this with a state, because the original before all these little.

837

01:23:08.100 --> 01:23:11.880

William scriber: Most of these dams were to create for mills for for.

838

01:23:13.200 --> 01:23:22.830

William scriber: flower or tanning bark Okay, and they weren't natural they built them the salmon used to come up the little salmon.

839

01:23:23.130 --> 01:23:44.880

William scriber: And he used to perish, but when they built the tannery and and the mills they stopped the fish from coming up this far so i'm just simply what Mariana saying is we're not saying we're saying we want to reinstitute the natural salmon habitat oh spawning.

840

01:23:45.690 --> 01:23:46.200

Matthew Johnson: Okay.

841

01:23:46.950 --> 01:23:48.690

William scriber: It just would be beneficial, the last.

842

01:23:48.870 --> 01:23:50.040

Matthew Johnson: I could figure that out.

843

01:23:51.060 --> 01:23:51.540

Mary Ann Phillips: Thank you.

844

01:23:59.610 --> 01:24:01.560

William scriber: watch the tape I sent a really good man.

845

01:24:02.310 --> 01:24:03.570

Matthew Johnson: Okay yeah I will.

846

01:24:05.460 --> 01:24:07.530

Matthew Johnson: Get the yeah we get the print out also.

847

01:24:09.030 --> 01:24:09.840
