

Note: These are not minutes. What follows is the output of automated transcription from an audio/video recording from Zoom. Although the transcription is fairly accurate, in some cases it is incomplete or inaccurate due to inaudible passages or transcription errors, and in some cases, words spoken by one participant may be inaccurately attributed to another. It is posted as an aid to understanding the proceedings at the meeting, but should not be treated as an authoritative record. If you should need clarification on something said and cannot hear it, please contact the town clerk.

1

00:00:34.260 --> 00:00:35.340

Town of Parish: should be him joining.

2

00:00:38.430 --> 00:00:41.250

Town of Parish: ready for me to be very windy right now.

3

00:00:56.700 --> 00:00:57.000

Town of Parish: yep.

4

00:01:44.280 --> 00:01:44.820

Gary Wood: Can you hear me.

5

00:01:49.980 --> 00:02:08.340

Town of Parish: Six 646 3638 Would you ask the question, please.

6

00:02:11.250 --> 00:02:12.390

Town of Parish: I pledge allegiance.

7

00:02:16.890 --> 00:02:18.660

Town of Parish: To stands one nation.

8

00:02:22.680 --> 00:02:23.160

Town of Parish: Thank you.

9

00:02:27.390 --> 00:02:27.660

Town of Parish: well.

10

00:02:30.420 --> 00:02:31.080

yeah.

11

00:02:33.900 --> 00:02:34.740

Town of Parish: Richard morning.

12

00:02:35.940 --> 00:02:36.720

Town of Parish: Everyone.

13

00:02:38.700 --> 00:02:54.840

Town of Parish: So thank you everybody, this is a second budget meeting similar to just discuss the budget information you got the new preliminary David October 7 one of your man, now we made the changes that were suggested at the last.

14

00:02:54.840 --> 00:02:55.020

minute.

15

00:02:57.720 --> 00:03:01.290

Town of Parish: To tell purpose here to do her discussion about food.

16

00:03:02.430 --> 00:03:03.870

Town of Parish: Right well.

17

00:03:05.040 --> 00:03:16.980

Town of Parish: observations and anything but I think asking for these budget request forms as a complete waste of money because waste of time, excuse me, because nobody pays attention to.

18

00:03:17.760 --> 00:03:38.070

Town of Parish: I don't think one person that got the request form asked for cotton PE and then I was told that, while we use the 2019 comparison sheet, well, I find that hard to believe, because if you looked at the 2019 comparison sheet.

19

00:03:39.990 --> 00:03:42.120

Town of Parish: We are closest to new haven.

20

00:03:43.530 --> 00:04:01.170

Town of Parish: 198 different and population, and we have in town clerk makes \$38,559 per deputy makes \$19,251 these are smaller towns than.

21

00:04:02.430 --> 00:04:07.650

Town of Parish: Our town redfield population of 550.

22

00:04:08.700 --> 00:04:12.510

Town of Parish: Their highway superintendent makes 44,560.

23

00:04:14.100 --> 00:04:14.910
Town of Parish: or well.

24
00:04:15.930 --> 00:04:16.200
Town of Parish: It was.

25
00:04:18.450 --> 00:04:27.840
Town of Parish: He makes 48,007 99 williamstown 1277 the next 45 594 and new haven.

26
00:04:28.920 --> 00:04:31.500
Town of Parish: makes \$53,072.

27
00:04:32.880 --> 00:04:34.530
Town of Parish: then move on to.

28
00:04:35.610 --> 00:04:36.060
Town of Parish: me.

29
00:04:37.470 --> 00:04:47.010
Town of Parish: If you cut all my positions that would have been \$575 you combine that with.

30
00:04:47.610 --> 00:04:57.660
Town of Parish: What we have to pay towards your insurance which increases every year and we don't get things to offset it like the Union men do that'd be a total of \$835.

31
00:04:58.530 --> 00:05:07.620
Town of Parish: We, the highway superintendent myself the positions i'm not talking about persons people, we take a cotton PE every year we don't ask for a raise.

32
00:05:08.160 --> 00:05:18.780
Town of Parish: And I just think it's very disrespectful to even suggest that we should take a cotton PE and it's very obvious there's, not even the percentages are all over the place.

33
00:05:19.650 --> 00:05:33.570
Town of Parish: For instance, the cotton pay for the tax collector What about 6.3% the tax code, the percentage for the w tax collector would have been 16.7, so this is personal.

34

00:05:33.960 --> 00:05:42.330

Town of Parish: It is personal and I want to thank the board for not allowing it to happen, because we all are, taxpayers and nobody can afford costs.

35

00:05:44.340 --> 00:05:46.080

Town of Parish: Especially when it's a select few.

36

00:05:48.450 --> 00:05:49.260

Town of Parish: that's all I have.

37

00:05:50.280 --> 00:05:53.730

Town of Parish: Did you want to cover your budget paper workers are you just done.

38

00:05:55.110 --> 00:05:57.240

Town of Parish: Why budget white collar the budget.

39

00:05:57.420 --> 00:06:00.570

Town of Parish: Nobody pays attention to it that's what they're here to hear about.

40

00:06:00.990 --> 00:06:08.190

Town of Parish: They can read or hear to hear you talk about your day can read it, what do you need nurses, now they know what I need it, they can read it.

41

00:06:08.910 --> 00:06:14.970

Town of Parish: Well, is there anything that you wanted to take from port, excuse me hold on just a minute.

42

00:06:15.660 --> 00:06:27.840

Town of Parish: This is a meeting I am the presiding officer, we do follow parliamentary procedure if you want to ask or say something I have no problem with it please wait to be recognized john did you want to see something.

43

00:06:29.520 --> 00:06:33.180

Town of Parish: ever go down real quick okay I don't have my.

44

00:06:38.610 --> 00:06:39.300

Town of Parish: What do you want me.

45

00:06:46.830 --> 00:06:49.560

Town of Parish: To remain the same, and every line.

46

00:06:55.980 --> 00:06:57.870

Town of Parish: Excuse me, each number.

47

00:06:59.100 --> 00:07:09.540

Town of Parish: it's a true document, the one that was on the top of your fingers number like Paul suggested that I get a new computer, so I put that in there.

48

00:07:11.130 --> 00:07:19.980

Town of Parish: isn't there under the 3500 I believe so isn't Paul Okay, we figure out a way with the balance left on this year.

49

00:07:25.020 --> 00:07:29.880

Town of Parish: But I don't have it this year, we should definitely do it next year yeah I put it in for next year, yes.

50

00:07:39.540 --> 00:07:40.320

Town of Parish: Everything else.

51

00:07:52.110 --> 00:07:52.890

Town of Parish: I think that's it.

52

00:07:55.080 --> 00:07:55.380

Town of Parish: Oh.

53

00:07:57.180 --> 00:08:01.290

Town of Parish: No, so I also put \$500 in there for.

54

00:08:03.510 --> 00:08:14.130

Town of Parish: shelving and more boxes when they get the records management room don't work anymore, though, because i'm sure the village is going to take theirs so we'll have to.

55

00:08:15.150 --> 00:08:15.840

Town of Parish: Have those.

56

00:08:17.460 --> 00:08:18.660

Town of Parish: Is that going to be enough money.

57

00:08:20.010 --> 00:08:25.350

Town of Parish: Well there's only there's only going to be a room for one shelf shelf and that will cover it.

58

00:08:27.030 --> 00:08:27.540

Town of Parish: Should.

59

00:08:28.860 --> 00:08:32.040

Town of Parish: Any idea when the bill is going to have your stuff No, I do not.

60

00:08:36.180 --> 00:08:41.640

Town of Parish: nobody's willing to share that information so i'm good stuff down there well it's not done, I can tell you that.

61

00:08:44.070 --> 00:08:45.900

Town of Parish: Any other questions from town for.

62

00:08:47.640 --> 00:08:59.640

Town of Parish: One of the points I want to make because you brought it up with insurance it's a luxury that's not given to everybody, yes, it costs you money, but the balance that it doesn't cost you cost the taxpayers and I can do there and.

63

00:09:01.530 --> 00:09:07.860

Town of Parish: Miriam didn't take the insurance out it wouldn't cost the taxpayers well, so you pay into it, I don't disagree with you.

64

00:09:13.680 --> 00:09:14.850

Town of Parish: you're such a nice person.

65

00:09:16.380 --> 00:09:16.890

Town of Parish: She said.

66

00:09:19.980 --> 00:09:20.880

Town of Parish: You never do.

67

00:09:22.500 --> 00:09:24.960

Town of Parish: I don't one of the problems.

68

00:09:26.010 --> 00:09:29.100

Town of Parish: Okay guys that's the town clerk um.

69

00:09:30.450 --> 00:09:39.540

Town of Parish: let's just drivers here for the planning board they'll did you want to document to take before document I don't have one.

70

00:09:47.280 --> 00:09:56.130

Town of Parish: So I guess for questions I got for you, then you got for me it's the same just you know you gave it to me the same as you did last year, so just.

71

00:09:57.000 --> 00:10:02.760

Town of Parish: Before you can work the board I don't do the form just let everybody understand I don't do that or by myself.

72

00:10:03.420 --> 00:10:13.020

Town of Parish: it's done every board meeting and I solicit the in the template for each of the members of the planning board and they said no.

73

00:10:13.530 --> 00:10:30.000

Town of Parish: No increases just a steady budget for the sheer because we're all taxpayers off opposite and finding work Okay, and we, none of us do it for money, and again I think that the time we spend would be reversible, especially under what I make per hour so.

74

00:10:31.290 --> 00:10:43.320

Town of Parish: My question is, is 3600, which is a decrease for the planning board members is that going to be divided amongst four members or is that going to be includes the.

75

00:10:44.520 --> 00:10:52.620

Town of Parish: have an alternate we put all that back as of the last sorts back to what it was okay so i'm just looking at this here.

76

00:10:56.790 --> 00:10:58.080

Town of Parish: We have the new numbers back in.

77

00:11:01.230 --> 00:11:04.770

Town of Parish: September 29 yes that's your goal.

78

00:11:07.980 --> 00:11:09.510

Town of Parish: See that's I think there.

79

00:11:11.820 --> 00:11:31.770

Town of Parish: Is that what it was bill okay that's fine so it's back to it's exactly what you put on your sheet that you gave and I reiterate, it was not my decision to afford it, so I made that decision as a body right and that is more than sufficient you know we.

80

00:11:33.480 --> 00:11:39.690

Town of Parish: We will come to the meetings, this year we have your COMP plan almost completed.

81

00:11:40.860 --> 00:11:41.760

Town of Parish: I think we have.

82

00:11:44.040 --> 00:11:48.030

Town of Parish: done an excellent job over our tenure there as board members so.

83

00:11:49.440 --> 00:11:54.000

Town of Parish: I have nothing further, but the word or you'd like to ask you more happy.

84

00:11:55.590 --> 00:11:59.490

Town of Parish: Is there anything that you see coming up that you might have to add to to cover.

85

00:12:00.510 --> 00:12:06.990

Town of Parish: With legal notices or illegal we're fine on legal notices.

86

00:12:08.670 --> 00:12:11.850

Town of Parish: Unless we get a building spree in the town, the next.

87

00:12:12.930 --> 00:12:13.350

Town of Parish: Year.

88

00:12:14.520 --> 00:12:15.090

Town of Parish: which I don't.

89

00:12:16.680 --> 00:12:37.140

Town of Parish: We architect those boxes like take the board and supervisor for buying computer, it was very well needed and, of course, that some item that now we can keep most of our documents on it at some point i'd like to discuss the board getting a.

90

00:12:38.250 --> 00:12:53.220

Town of Parish: Online backup because you know as we go into the visor near people ask for documents much easier and quicker to have it digitally than trying to go through tons of paperwork.

91

00:12:54.390 --> 00:13:07.440

Town of Parish: I don't know if the other offices have access to their crops, but eventually that's going concern, but that could fit within the construct contract with sponsors some point time.

92

00:13:09.090 --> 00:13:16.440

Town of Parish: outside of that that's all I have said, a program know it's it's okay well what it is basically is.

93

00:13:17.610 --> 00:13:31.050

Town of Parish: there's like dropbox box of Google that actually charge you per gigabyte to actually back your files up online now you have the plane where has a good computer.

94

00:13:32.820 --> 00:13:37.680

Town of Parish: Actually, it would be like dropbox as we do a.

95

00:13:39.420 --> 00:13:45.000

Town of Parish: piece of paper we scan that piece of paper in a goes into a fine line.

96

00:13:47.460 --> 00:13:52.230

Town of Parish: vault if you will cloud that tooling and cloud yes.

97

00:13:53.340 --> 00:14:11.130

Town of Parish: But what happens is is that you could set up permissions so example the zoning enforcement officer wanted to get access to the site plan you just did or what we did, three years ago, he would be able to get up search it find it and have it.

98

00:14:12.660 --> 00:14:15.330

Town of Parish: You know I records or paper, but a lot of.

99

00:14:16.440 --> 00:14:30.030

Town of Parish: major towns, a lot of tallies have gone with cloud storage, because it is cheaper and I know from our right position at my daytime job.

100

00:14:30.480 --> 00:14:50.670

Town of Parish: We don't know much paper anymore it's all scanned and held on a backup driving around cloud and it's actually cheaper, I mean there are, I have a room at work, half the size of this office with files, going back to 1954 55.

101

00:14:51.900 --> 00:15:06.180

Town of Parish: weekly, not a lot of them and put them up on the cloud state archives allows you to do that certain records only PayPal records aren't considered permanent forever and that's only 55 years but it's not permanent or I guess.

102

00:15:07.530 --> 00:15:09.420

Town of Parish: We just keep them up there, so.

103

00:15:10.530 --> 00:15:17.220

Town of Parish: Actually, the number of years ago I wrote a grant trying to get the town village to get full access, but we were.

104

00:15:18.270 --> 00:15:18.870

Town of Parish: Successful.

105

00:15:20.670 --> 00:15:26.430

Town of Parish: No, I think we need to just talking out loud here, I think, I would like to visit next year with a grant.

106

00:15:26.940 --> 00:15:41.580

Town of Parish: Seeing the state this year kind of didn't have money in England, I know the archives his neck But, all in all, I think that were there, I like to go next because personally like when I do the agendas for the meeting.

107

00:15:42.780 --> 00:15:50.310

Town of Parish: I have my own box I just put the agenda is up there, so that I never lose in a junk I have it there all the time.

108

00:15:51.420 --> 00:16:02.640

Town of Parish: So can the other Members access it can the other numbers access all it is, I mean it depends and positiveness buses detail and that's okay i'm just.

109

00:16:02.910 --> 00:16:10.950

Town of Parish: i'm ignorant to the is it's it's you can you can limit your you actually it's like folders you can have folders for everything.

110

00:16:11.640 --> 00:16:26.520

Town of Parish: And you can give access with a password to people over different levels Okay, so you get exactly happens on the officer to take everything from planning board but I couldn't get into the end zone or of the Z va had stopped.

111

00:16:27.570 --> 00:16:38.100

Town of Parish: I might be able to get Z va was eBay really it just all who are you giving you guys it's over give you access to this Nice, it would be available, so if they needed to eat something they could get in a.

112

00:16:38.400 --> 00:16:48.540

Town of Parish: While yeah rather than going to your office to get a paper copy or whatever, I mean you have to go upstairs look through a file cabinet i'm not saying we're going to get rid of paper you're also gonna keep paper in the back.

113

00:16:49.740 --> 00:16:55.800

Town of Parish: End ease and access information is it's a lot easier and cheaper watching.

114

00:16:57.030 --> 00:17:07.770

Town of Parish: You do me a favor and when you get some spare time check into the possibility of the town buying something like that, for the departments yeah there's really two separate questions.

115

00:17:08.760 --> 00:17:18.690

Town of Parish: One is the question on file backup and the other is the question of file sharing they're probably certain documents that kleinwort chairman has that he probably wouldn't want everybody to see.

116

00:17:19.830 --> 00:17:32.340

Town of Parish: And a certain amount of while back about leaders included here we bought the rights to that account and probably have more backup now then you're going to need for everybody, but I will actually affect everything on the laptop.

117

00:17:34.080 --> 00:17:37.800

Town of Parish: So if the laptop blows up tomorrow, you can just plug it in another one.

118

00:17:39.630 --> 00:17:45.480

Town of Parish: i'm fine yeah you know I don't think i'm going to give my is wearing a separate.

119

00:17:46.800 --> 00:17:54.630

Town of Parish: Everybody yeah we can look into that Okay, or to get an idea what it costs would be noise 1999.

120

00:17:56.490 --> 00:18:13.890

Town of Parish: Like bills to care bill gets a gig of storage with his whole face like our basic dropbox two gigs yeah yeah it's true home I didn't hear what you said two gigs zero don't know Charlie have you get he has a website up for you and again set up an account.

121

00:18:16.050 --> 00:18:20.160

Town of Parish: And for a lot of numbers that might be a knock.

122

00:18:22.170 --> 00:18:37.560

Town of Parish: I mean example you know, in an F scenario let's say the highway super cva they want to store documents on there, they could get one gig free I mean I know what I hate per month, but i'm i'm dealing terabytes of efficiency.

123

00:18:38.190 --> 00:18:44.280

Town of Parish: Oh, I mean they didn't really count count good to go from one to five for a buck a month yeah yeah it is.

124

00:18:45.210 --> 00:19:01.110

Town of Parish: it's not expensive not real Is this true like we Microsoft i'm sorry not necessarily will begin with a Microsoft account you also do get a free amount of cloud storage wow okay there's probably also training and all the people, knowing how to use it.

125

00:19:02.130 --> 00:19:05.430

Town of Parish: So they have what they needed to do because Google is.

126

00:19:06.690 --> 00:19:11.910

Town of Parish: Google is probably the ones that Google gives you finally on shabbat.

127

00:19:13.980 --> 00:19:17.730

Town of Parish: know I know that I know of, but their fingers.

128

00:19:18.750 --> 00:19:38.790

Town of Parish: and also the locks there's box that dropbox box, the box is actually what I use because personally is because it actually looks like folders and he is dragons dragons drops score, and you can search it easily I don't like dropbox because it's a little bit harder to use.

129

00:19:40.680 --> 00:19:44.940

Gary Wood: Is this something built that you can get out of your contractual.

130

00:19:46.080 --> 00:19:46.710

Gary Wood: Is that mean.

131

00:19:47.520 --> 00:19:58.290

Town of Parish: yeah it's a gentleman just said, like it's not very expensive, I personally store all the agendas and the Minutes on my own account.

132

00:19:58.740 --> 00:20:11.190

Town of Parish: Okay, so it doesn't cost accounting it just for my personal use but it you could get an account for like five to \$12 a month that would score all the planning board stuff.

133

00:20:12.060 --> 00:20:24.000

Gary Wood: So that's like every every entity can do it out of their own contractual it's not like a big major thing that the town would have to take half of each of each department did it yourself.

134

00:20:25.560 --> 00:20:29.850

Gary Wood: And they could then you could share amongst each other what information you want to do.

135

00:20:31.170 --> 00:20:31.470

Gary Wood: Right.

136

00:20:33.120 --> 00:20:33.360

Town of Parish: All the.

137

00:20:34.830 --> 00:20:36.000

Town of Parish: possible options as well.

138

00:20:37.170 --> 00:20:40.080

Town of Parish: I think it's all these to look into that.

139

00:20:42.690 --> 00:20:58.740

Town of Parish: and training, and that is titled again the scope of what I do train everybody up on what they need to do it and manage to make sure they're doing it probably requires more work than I can put into it

Okay, I can make a recommendation, if you would thank you appreciate anything else bill.

140

00:20:59.850 --> 00:21:04.500

Town of Parish: Thank you for taking the time to call appreciate it anybody have any questions for bill.

141

00:21:06.300 --> 00:21:08.070

Town of Parish: No thanks, though.

142

00:21:10.920 --> 00:21:12.360

Town of Parish: I didn't hear from.

143

00:21:13.380 --> 00:21:13.980

Town of Parish: Mr.

144

00:21:15.300 --> 00:21:21.510

Town of Parish: are planning a little chair or sorry gbh here, so I don't know if she's coming enough so back to what it was.

145

00:21:23.010 --> 00:21:24.150

Town of Parish: highway superintendent.

146

00:21:29.790 --> 00:21:30.630

Town of Parish: We want to start.

147

00:21:31.710 --> 00:21:43.080

Town of Parish: They have they don't have the the working documents that we did so you're going to start with your da page one, on which pages hold on just hold your up line by line casino.

148

00:21:45.060 --> 00:21:48.270

Town of Parish: sort of increase they just need to know why.

149

00:21:51.810 --> 00:21:52.260

Town of Parish: You got the.

150

00:21:55.380 --> 00:21:55.980

Town of Parish: actual results.

151

00:22:00.750 --> 00:22:01.320

Town of Parish: Good evening.

152

00:22:07.680 --> 00:22:08.250

Town of Parish: Everybody.

153

00:22:10.020 --> 00:22:12.090

Town of Parish: Okay, well, I don't the only change.

154

00:22:13.230 --> 00:22:21.210

Town of Parish: When you're changing media and yours from last week's to this one is I really wanted to learn on April 2128 so we did put them.

155

00:22:25.440 --> 00:22:28.560

Town of Parish: In so we discuss.

156

00:22:39.810 --> 00:22:41.280

Town of Parish: Are you guys don't have that already.

157

00:22:44.220 --> 00:22:45.900

Town of Parish: I got it on my page six.

158

00:22:47.190 --> 00:22:50.130

Town of Parish: Six what's the da da yeah.

159

00:22:51.840 --> 00:23:03.690

Town of Parish: 31 32.4 3132.

160

00:23:05.040 --> 00:23:07.680

Town of Parish: Which is the garage traction.

161

00:23:09.030 --> 00:23:11.280

Town of Parish: So MBA or i'm sorry a.

162

00:23:13.890 --> 00:23:14.190

Town of Parish: A.

163

00:23:16.230 --> 00:23:18.180

Town of Parish: Page sort of loving great.

164

00:23:19.560 --> 00:23:24.150

Town of Parish: This is it a try okay yeah.

165

00:23:25.500 --> 00:23:26.310

Town of Parish: This is.

166

00:23:28.530 --> 00:23:35.100

Town of Parish: A i'm sorry yeah don't last couple years we we've been trying to.

167

00:23:36.180 --> 00:23:37.590

Town of Parish: be up to contractual.

168

00:23:39.930 --> 00:23:49.200

Town of Parish: And then we just try to use what we had to my was ever left was supposed to go into a account until we can do the roof redo the room floor drain.

169

00:23:51.330 --> 00:23:53.580

Town of Parish: Water separator in the boiler.

170

00:23:55.560 --> 00:24:00.540

Town of Parish: Last year the paperwork didn't get done right because I don't we start off with Sam.

171

00:24:02.250 --> 00:24:03.840

Town of Parish: Two years ago, two years ago.

172

00:24:04.860 --> 00:24:06.930

Town of Parish: Again, for 2020.

173

00:24:08.760 --> 00:24:34.110

Town of Parish: For 20 22.4 2014 420 20 2021 actually 4050 and then 2020 \$19,966 went into the.

174

00:24:35.640 --> 00:24:41.010

Town of Parish: fun, but also the general because we've got to do I didn't realize it at the time, I had to research.

175

00:24:43.200 --> 00:24:47.280

Town of Parish: What we got to do at the end of the year, if we got money left in that account.

176

00:24:48.870 --> 00:24:51.510

Town of Parish: You guys gotta you gotta do a capital.

177

00:24:52.890 --> 00:25:02.880

Town of Parish: political capital reserve managing project and you guys got to approve it and we got to get drawn up by the town lawyer you got to say what you want to put in there right.

178

00:25:04.020 --> 00:25:04.680

Town of Parish: or.

179

00:25:05.880 --> 00:25:18.600

Town of Parish: We can do right now just take X amount of dollars, make it known to the public, they were not, but this much in for this project and that's what we know that dollars for.

180

00:25:21.420 --> 00:25:21.960

Town of Parish: So.

181

00:25:23.580 --> 00:25:26.880

Town of Parish: What i'm suggesting is let's download that to.

182

00:25:28.140 --> 00:25:35.010

Town of Parish: let's take that 41,000 down to 20 because that paid that that paid for the sewer.

183

00:25:36.150 --> 00:25:42.060

Town of Parish: Electrical water heat, so I say like put that down to.

184

00:25:43.290 --> 00:25:47.220

Town of Parish: 20,000 because, last year we used.

185

00:25:52.050 --> 00:25:52.230

Town of Parish: Like.

186

00:25:55.650 --> 00:25:59.100

Town of Parish: We also use some of that we paid in front of us and bios on.

187

00:26:01.770 --> 00:26:13.080

Town of Parish: it's not quite 21,000 won't be using really as of right now year, to date we don't use 11,007 60 you.

188

00:26:14.760 --> 00:26:22.920

Town of Parish: Know i'm saying reserve right no i'm saying so we're going to put 20,000 or next year, instead of 4141 thing 20 plus.

189

00:26:24.090 --> 00:26:27.000

Town of Parish: Plus look at the end of the year, see what we got.

190

00:26:28.440 --> 00:26:39.420

Town of Parish: For a capital project in less adopted capital project, so we can start in another won't happen by next year we're going to need 40 50,000 foot a refund so.

191

00:26:40.470 --> 00:26:41.850

Town of Parish: When we keep adding to that.

192

00:26:43.290 --> 00:26:48.870

Town of Parish: That every year and then, once we get to do like 50,000 mark know we can do the roof, or whatever we decide to do there.

193

00:26:49.950 --> 00:26:56.100

Town of Parish: Excuse me, a call if we decide to do I want to call it a capital project and maybe saying it wrong.

194

00:26:57.390 --> 00:27:12.480

Town of Parish: When do we do that when we're doing the budget like say if we have a fund balance he's saying he wants to take on that he wants to take 21,000 on that soapbox and put it into a capital project specifically for the roof, when do you do that.

195

00:27:13.950 --> 00:27:14.400

Town of Parish: In your.

196

00:27:15.750 --> 00:27:22.590

Town of Parish: Budget proceeds that yeah there's two ways, you can do it available fund balances on appropriately allocated.

197

00:27:23.250 --> 00:27:39.480

Town of Parish: And then we'll find your short funded out of that but otherwise you want to read it by text is next year's appropriations i'm talking to take you know I want to take whatever's left this year but it in there, right now, or whenever I want to update 20 of it.

198

00:27:40.770 --> 00:27:44.370

Town of Parish: And let the public know we're taking 20,000 putting it right for jet now.

199

00:27:45.360 --> 00:27:59.940

Town of Parish: For next year right off we just don't we just buy a it's a capital capital reserve yeah we just bought a put a line in there a transfer to capital reserve fund and that becomes part of what you text the bubble, I think we have to put all through the roof to drain.

200

00:28:01.500 --> 00:28:08.310

Town of Parish: The water separator and meetings with, I have to mention all for well there's there's two ways, you can do it and I.

201

00:28:09.690 --> 00:28:14.940

Town of Parish: probably a good time to review how you do it, you could set up a general purpose capital fund.

202

00:28:15.540 --> 00:28:24.390

Town of Parish: That doesn't specify what it's, more specifically, or you can do any capital projects on where you mean, specifically the individual things you want to do.

203

00:28:25.050 --> 00:28:31.170

Town of Parish: The the there really is no advantage to either one way or the other thing that happens on them is.

204

00:28:31.920 --> 00:28:48.030

Town of Parish: Whatever you decide what you want to spend them on specifically that's the public's opportunity to say, well, we think that will be put up with public vote and present a petition, if you say right up front like right now we're going to set up a capital project funds.

205

00:28:49.500 --> 00:29:05.190

Town of Parish: For things you can declare that right now and then the clock starts on when the public can say no, we don't think you need those are we think it should be bordered on anyway and there's a clock that runs I forget what the time frame is like 45 days you're going to need.

206

00:29:07.170 --> 00:29:11.970

Town of Parish: This budget for next year or five years, well done.

207

00:29:13.470 --> 00:29:14.250

Town of Parish: A couple years.

208

00:29:15.330 --> 00:29:16.590

Town of Parish: To me you're gonna have to take.

209

00:29:17.910 --> 00:29:24.810

Town of Parish: Your almost kind of take a loan out for what you know, because that stuff's not going to last it's now he's talking about well, even though.

210

00:29:26.220 --> 00:29:35.160

Town of Parish: Apologies for that go ahead finish what you were saying, or just gonna say that you can either do declare up front what you want this up the capital fund for the public is chance to.

211

00:29:35.580 --> 00:29:41.760

Town of Parish: force it to go to a public vote at that time, or you can just put it in a general purpose highway capital and human fun.

212

00:29:42.360 --> 00:29:51.570

Town of Parish: But then when you down the road decide Okay, this is we're going to spend this much of that funding for that purpose at that point, then the other gets a chance to.

213

00:29:52.170 --> 00:30:01.440

Town of Parish: force us to go to a referendum, if they so choose and if they don't it just goes through public by saying, well, we need a roof, and we need a an oil separator The case has been made.

214

00:30:01.770 --> 00:30:13.170

Town of Parish: there's no point in doing it will vote we got the money let's let's do it yeah push come to shove, and we were going to do a building, we could use it for that again with the public's approval could could we.

215

00:30:13.920 --> 00:30:15.750

Town of Parish: All these are subject to a.

216

00:30:15.780 --> 00:30:25.860

Town of Parish: permissive referendum, it can be one be requested don't have to have one it's not requested by the public request one be a petition that's when you have it.

217

00:30:27.510 --> 00:30:36.120

Town of Parish: done now say we we do what we discussed, but we also looked at getting alone in like one or 2% that that.

218

00:30:37.980 --> 00:30:40.980

Town of Parish: i'm going to be right around \$20,000 a year.

219

00:30:42.030 --> 00:30:55.110

Town of Parish: Or do you have to mention if we go to say we, we decided to go along with alone and do it all one shot, would we have to mention, we want to use that that 20,000 or whatever's in that account to pay that.

220

00:30:56.400 --> 00:31:01.500

Town of Parish: Tina payment every year and that's that's The other thing you can do is you can put it in your budget.

221

00:31:01.980 --> 00:31:13.530

Town of Parish: For now, because you know it's a building need that you need and because it's the highway building it's in the general fund it's not on the highway fun right right but still, you were talking about highway.

222

00:31:13.920 --> 00:31:22.530

Town of Parish: Water what you need so I want to cover because last year, I had almost 20,000 and went into the general fund is that are going to what I was trying to work at do.

223

00:31:23.220 --> 00:31:29.730

Town of Parish: I did some research, I found out that this is what we need to do to how to do that so don't go and just into the general fund.

224

00:31:31.530 --> 00:31:39.330

Town of Parish: In the capital fund, because that's where we go with working on the building, but you can always take that and if you didn't spend it like less important, and this year's budget.

225

00:31:39.720 --> 00:31:55.320

Town of Parish: And you didn't spend it this year, yet on that you can request that that goal, into a dedicated capital reserve for that purpose it's just roll into the general fund it goes to the highway garage improvements and.

226

00:31:55.740 --> 00:31:56.310

Gary Wood: It doesn't get.

227

00:31:56.460 --> 00:31:58.620

Town of Parish: Under the general fund but.

228

00:31:58.740 --> 00:32:01.350

Gary Wood: We don't get us for those wouldn't be lost to you.

229

00:32:01.890 --> 00:32:11.400

Town of Parish: That would be prior to this budget that right correct your budget this year, and you didn't do it this year right that's what you can do to make sure it's not lost highway for next year.

230

00:32:11.880 --> 00:32:16.680

Town of Parish: Because it was raised for the purposes of the highway garage and I think for the purposes of the highway garage.

231

00:32:17.430 --> 00:32:19.380

Town of Parish: To be honest, for the taxpayer that's what you said you were.

232

00:32:19.920 --> 00:32:24.840

Town of Parish: Less why I started out two years ago with Sam that's what I told her, I wanted to do, but for some reason, never.

233

00:32:25.110 --> 00:32:30.600

Town of Parish: She never told me how to do what we had absolutely absolutely free to get there, but yeah if you would if that's what you want to do a.

234

00:32:31.050 --> 00:32:35.430

Town of Parish: Tax the people for that this year, and you are winding up spending it for that this year.

235

00:32:36.240 --> 00:32:45.000

Town of Parish: The CAP reserve on this year transfer the money that you raised by tax into that fun, so it locks it up for you to use it for the purpose.

236

00:32:45.390 --> 00:32:55.440

Town of Parish: of taxpayers out there, the Internet, and I want to do, I want to do whatever we got left at the end of the year is over 11,700 something right, nothing will get done.

237

00:32:56.430 --> 00:33:01.200

Town of Parish: near the end, I want to, I want to know what you're saying yeah I want to put that is why.

238

00:33:01.530 --> 00:33:12.180

Town of Parish: It gets a little more complicated because you also take a look, make sure your revenues came up to you what it was that you were expecting them to be something you can just look at what your budget is expensive, taking everything you're a resident.

239

00:33:14.970 --> 00:33:19.110

Town of Parish: Supervisor to determine puzzles came to your targets on revenue.

240

00:33:20.160 --> 00:33:26.490

Town of Parish: will have the but that the very that is a very good point and again a lot of municipalities do there they have money left at the end of the year.

241

00:33:26.820 --> 00:33:37.740

Town of Parish: Because the revenues are a little higher their expenses were lower they got money left at the end, so you can do with it is put it into a reserve on because you know you have very real need for that i'm a garage.

242

00:33:38.850 --> 00:33:42.000

Town of Parish: And you know you're very real needs pretty equipment.

243

00:33:43.380 --> 00:33:47.220

Town of Parish: kind of fun we can't use it for anything exactly that locks it in.

244

00:33:47.640 --> 00:33:57.210

Town of Parish: A new user for that you got to make sure you mentioned what you want to use it for us yeah well I guess you know general purposes, it was in general bumble highway garage you can just say for.

245

00:33:57.720 --> 00:34:07.980

Town of Parish: highway garage improvements we didn't know what that would lock it up we're going to go to spend it next year, you can say Okay, the highway graduate recruitment, I want to use \$20 or is the roof.

246

00:34:08.730 --> 00:34:18.240

Town of Parish: and worked on word would pass that as a resolution and then the polycom yeah noticed that when i'm doing with that export and say, I want to point out, if they have that.

247

00:34:20.070 --> 00:34:26.940

Town of Parish: That might be a better better route, but most likely, they will because they understand you know you make a case about how old is.

248

00:34:29.640 --> 00:34:35.340

Town of Parish: He started they started patch on and beckoned ED yeah so I need to tell him and got a there's.

249

00:34:35.880 --> 00:34:49.530

Town of Parish: Water coming in there's water coming in, and now you have a four year old failure but I don't think anybody's going to argue that you don't need to I think what you just said, better, because if we do have enough left, then we can maybe we got two more garage doors we got to replace.

250

00:34:50.640 --> 00:34:55.590

Town of Parish: Just make make it up building improvement but make it terms of building darling and I went.

251

00:34:56.610 --> 00:34:59.850

Town of Parish: to sit down with urgent eat it.

252

00:35:01.830 --> 00:35:02.100

Town of Parish: yeah.

253

00:35:03.150 --> 00:35:03.450

Town of Parish: Okay.

254

00:35:05.820 --> 00:35:17.040

Town of Parish: And you're putting more money next year positive to put why I say I say let's try this year let's do whatever we got left you know I guess down near the end of the year, whatever we gotta do to create this account.

255

00:35:17.880 --> 00:35:27.900

Town of Parish: Whatever we got left and then let's make the public know we're gonna put 20,000 yeah right Georgia now you know for next year, we need \$20 and take it all it's in there.

256

00:35:29.010 --> 00:35:32.040

Town of Parish: So we just put 41 41,000 the.

257

00:35:33.840 --> 00:35:36.420

Town of Parish: Contractual i'm just reducing that down and putting.

258

00:35:37.530 --> 00:35:40.680

Town of Parish: The other part into the building fund that we're free.

259

00:35:42.000 --> 00:35:50.310

Town of Parish: So we can possibly create a line that will be in this budget that shows there I think Craig was saying we already have that line.

260

00:35:52.350 --> 00:35:53.010

Town of Parish: capital.

261

00:35:54.480 --> 00:35:57.750

Town of Parish: Was fun why aren't you.

262

00:35:59.730 --> 00:36:00.300

Town of Parish: Next year.

263

00:36:01.980 --> 00:36:17.610

Town of Parish: Of this year if he's if we've got it and then i'll talk about this year to do to go on 2022 budget we let's talk about one thing okay if we're talking about this year we.

264

00:36:18.720 --> 00:36:23.430

Town of Parish: were talking about highway graduate programs right now, yes, yes don't make sure we're talking about general.

265

00:36:24.960 --> 00:36:29.460

it's over talking about the general fund, which is where the highway garage is taken care of.

266

00:36:30.960 --> 00:36:34.770

Is there a line and this year's budget for a transfer kaffirs are fun.

267

00:36:40.950 --> 00:36:41.730

Town of Parish: Towards the end of the.

268

00:36:45.360 --> 00:36:54.480

Town of Parish: numbers and guys, if you look at page seven, the very last one is 8995942 capital reserve fund has nothing.

269

00:36:55.530 --> 00:37:04.470

Town of Parish: But we could put money in put money in it, oh it doesn't have to make a budgetary amendment right because you got to show where he came.

270

00:37:05.220 --> 00:37:16.560

Town of Parish: From yes, I just did either way the lawyers are the tumblers guy drops and papers right oh I don't know if he does, I would have to take a look at the details on the gap that's what that's what I was told.

271

00:37:17.070 --> 00:37:34.290

Town of Parish: i'm not really account when as to what I was told I don't think so I can review what you do to establish the capsules are fun, I think you need a resolution to set it up okay resolution to spend it and you just need to designate the amount and the purpose.

272

00:37:36.120 --> 00:37:38.580

Town of Parish: not overly complicated I don't.

273

00:37:40.260 --> 00:37:42.390

Town of Parish: look at it, I don't know whether.

274

00:37:47.520 --> 00:37:51.660

Town of Parish: I was told that the lawyer has to drop some paper to do that I don't know.

275

00:37:53.040 --> 00:37:55.890

Town of Parish: yeah yo yeah is that what you're doing is taking.

276

00:37:56.310 --> 00:38:06.750

Gary Wood: The balance of this year, putting into the transfer to capital reserve fund and then open up the line Marianne for next year for a garage capital reserve fund.

277

00:38:07.260 --> 00:38:12.900

Town of Parish: We have we have a line in there Gary if you look at page seven that's the nine okay.

278

00:38:13.770 --> 00:38:20.970

Town of Parish: He wants to take if we have a fun balance and we find out that we have money in there right now that we didn't use from last year.

279

00:38:21.480 --> 00:38:38.250

Town of Parish: And that's the part of the 40,000 that he put in there if it's still there, he wants to put that in there for this year, he has any money left over, out of 513 2.4 in December, you wants to move that dollar amount into that pot as well.

280

00:38:38.730 --> 00:38:42.780

Town of Parish: Right I can't do it, it down because I won't know until December 31 Ray.

281

00:38:43.110 --> 00:38:47.880

Gary Wood: Do you still have to make another line for Grad capital fund for 2022.

282

00:38:48.960 --> 00:38:53.670

Town of Parish: I don't know if this will you have a line in general for transfer to capital reserve right.

283

00:38:54.450 --> 00:38:59.790

Town of Parish: Yes, with us well that's all about, or what you tend to use that money for tend to use it for something on highway.

284

00:39:00.330 --> 00:39:08.280

Town of Parish: Well, you might want to call it up your budget films about what you plan on doing with that line right but I don't know what what that line is being funded for other than.

285

00:39:08.850 --> 00:39:21.810

Town of Parish: The capital reserve right did you have a particular purpose in mind for that, and I know it was specifically when he mentioned in budget knows it should be mentioned in the budget is intended for the highway garage right if we.

286

00:39:22.410 --> 00:39:37.710

Gary Wood: want I didn't want to take him down the road the highway department puts 20 \$30,000 in there and then it gets used for something other than the garage because that's what we need don't, we need a line specifically for graduate maintenance repair.

287

00:39:38.760 --> 00:39:39.240

Town of Parish: My.

288

00:39:39.300 --> 00:39:40.080

Gary Wood: Credit repair.

289

00:39:40.110 --> 00:39:49.080

Town of Parish: There is an account, there is an adult line for transfer to capital reserve, and we can actually purpose, we can refine that line so that it says.

290

00:39:49.590 --> 00:39:59.970

Town of Parish: transfer to have reserved for the highway garage but you made a point nine one and a point nine you need to know what I mean if if we're going to be doing more than one line, in other words he's saying.

291

00:40:00.990 --> 00:40:07.320

Town of Parish: This part is going to be for the highway whatever we wanted to do something for a waiver something else that's my confusion right now.

292

00:40:08.940 --> 00:40:10.620

Town of Parish: Let me finish no, I want to go to.

293

00:40:12.240 --> 00:40:13.620

Town of Parish: Page six for the park.

294

00:40:14.820 --> 00:40:17.730

Town of Parish: We started that this year, before we knew how to do all this.

295

00:40:23.820 --> 00:40:26.910

Town of Parish: Question Gary i'm not sure okay page six let's.

296

00:40:29.220 --> 00:40:30.660

Gary Wood: make another line up for that.

297

00:40:33.990 --> 00:40:36.360

Town of Parish: He parked 7110.

298

00:40:37.950 --> 00:40:39.870

Town of Parish: No point, point four one we got.

299

00:40:42.300 --> 00:40:45.150

Town of Parish: Right now, we got we budgeted.

300

00:40:47.460 --> 00:40:52.020

Town of Parish: Three dead last for 20 2026 and 20,600.

301

00:40:54.090 --> 00:40:54.660

Town of Parish: All use.

302

00:40:56.160 --> 00:41:01.710

Town of Parish: case it really was 6000 that we're doing it we're trying to do the same thing with that for realize, all this is going on.

303

00:41:03.600 --> 00:41:10.860

Town of Parish: We can any line was put that one has to approve that but we got to build this up again because.

304

00:41:12.030 --> 00:41:23.490

Town of Parish: we're trying to get enough money to resurface and redo the basketball court tennis courts money from the grant might be able to go there to them right, but we can make this into maybe a Merrill park upgrade.

305

00:41:24.750 --> 00:41:27.270

Town of Parish: And if we can use this because this.

306

00:41:28.380 --> 00:41:34.620

Town of Parish: Is it this check we got kind of threw a monkey wrench and everything, but if we name it metropark upgrade.

307

00:41:36.390 --> 00:41:42.060

Town of Parish: And then we can maybe do something with the building or something else down here, you talked about what you're talking about it yeah.

308

00:41:43.980 --> 00:41:47.190

Town of Parish: funny this year to get not spend yet or.

309

00:41:51.030 --> 00:41:58.740

Town of Parish: No, I mean apart, our but, again, the same idea applies right that money that you budgeted this year and spend this year.

310

00:41:59.130 --> 00:42:12.480

Town of Parish: Creative capital so fun that doesn't need it for that purpose right well i'm saying is that what you're saying that one line she say she's got four might not be enough if we create two one for the park at one for the building no yes hold on a minute.

311

00:42:12.690 --> 00:42:18.000

Town of Parish: he's talking about aarp a money number one I don't even know that we can do it that's the grants.

312

00:42:21.810 --> 00:42:25.740

Town of Parish: Well that's what he's taught what's what i'm saying marissa marissa what i'm saying.

313

00:42:27.060 --> 00:42:38.130

Town of Parish: Let me, let me, let me, let me tell them what i'm saying is we've got this money before we started this last year, before I knew where you get this money, so we got money in there, yes.

314

00:42:39.660 --> 00:42:49.230

Town of Parish: We were we were aiming for, to get enough money to redo the tennis Court and the basketball court, you know resurface it and whatever we had to do we did we had to do the pump.

315

00:42:49.980 --> 00:43:00.750

Town of Parish: wasn't just those right, but the big item it's like if you're talking you're talking like you're talking 30 40,000 to repaint that and fixed offense and everything basketball and tennis yeah so.

316

00:43:02.400 --> 00:43:07.410

Town of Parish: We got this money already started So if you put it into it like we call it metropark upgrade.

317

00:43:08.670 --> 00:43:15.120

Town of Parish: And just say we can use it as a PA yeah to say, we can use it and we can still use this money we have.

318

00:43:16.440 --> 00:43:20.100

Town of Parish: for something else down there was not just locked into the blacktop in the tennis court.

319

00:43:22.260 --> 00:43:26.790

Town of Parish: You could you could again I agree, I think what I think i'm hearing everybody say.

320

00:43:27.840 --> 00:43:37.170

Town of Parish: Money money budget to this year that you did not spend this year, and you want to make sure you're saving it for the part right some of the thing you can do this year is create.

321

00:43:37.560 --> 00:43:55.050

Town of Parish: Exactly what you're saying the more general purpose Merrill park capital reserve fund that's a separate entity and it'd be a separate tab reserve no problem, and this year transfer the money you didn't spend into that reserve and then it's like pretty to work with next year.

322

00:43:56.550 --> 00:44:00.060

Town of Parish: So it's not the same it's the same path, but to send a separate one.

323

00:44:01.230 --> 00:44:07.890

Town of Parish: that'll be in this year, though, yes you're probably what I like to hear because you're going to need more.

324

00:44:08.490 --> 00:44:20.160

Town of Parish: Do the artwork you need to do right, and when I say like what I went through today, when I was going through my number let's put the contractual lat that 20 do we got 23,000 penciled in there yeah.

325

00:44:21.420 --> 00:44:30.270

Town of Parish: let's let's um let's put that at 5000 contractual this is for next year for next year 2022 OK.

326

00:44:31.680 --> 00:44:33.600

Town of Parish: And then let's add another.

327

00:44:35.670 --> 00:44:40.680

Town of Parish: 5009 that whatever's left from this year and then to see where let's see where this.

328

00:44:42.300 --> 00:44:44.130

Town of Parish: check stuff will be spending on.

329

00:44:45.660 --> 00:44:46.980

Town of Parish: You don't do the they are.

330

00:44:48.450 --> 00:44:49.470

Town of Parish: yeah yeah.

331

00:44:50.820 --> 00:44:55.320

Town of Parish: Go go now \$18,000 to 5000 free contractually yeah.

332

00:44:56.370 --> 00:44:59.400

Town of Parish: does put 5000 on top of whatever's left.

333

00:45:01.980 --> 00:45:14.970

Town of Parish: going to take whatever's left out of this 20,600 fiduciary put in an ECHO for 2022 let's put another 5000 in it and hold it there for now i'm happy enough to cover other stuff and next year.

334

00:45:15.780 --> 00:45:24.990

Town of Parish: we'll we'll dive in to see where this no no don't even think about these projects, your turn renter or anything else, like the the gas electric Colombo in.

335

00:45:26.160 --> 00:45:39.330

Town of Parish: Whatever stuff you have to buy for the park, not including the word word word word now we're at \$55,950 6000 we bought a new tennis courts, we bought a pump.

336

00:45:40.200 --> 00:45:53.700

Town of Parish: ya know that time square button new tennis that's two of them to basketball or for basketball net new home, yes, so we will be all right at 5000 because okay that's what i'm asking this is going to change a little bit.

337

00:45:55.020 --> 00:45:59.040

Town of Parish: Just because we gotta close apart, but for next year \$5 will be alright, and the contractual.

338

00:45:59.130 --> 00:46:06.720

Gary Wood: Can we can we talk about some kind of security system to so we got to take that, in consideration.

339

00:46:07.290 --> 00:46:14.010

Town of Parish: yeah that's that could be part of this be part of this could be part of this upgrade to know if we can do with Gary yes that's on the.

340

00:46:15.330 --> 00:46:18.660

Town of Parish: paperwork to be locked down Oh, I know something I forgot.

341

00:46:20.610 --> 00:46:31.890

Town of Parish: To wait before you leave today are you okay with with the park, yes, yes, just put it at 5000 for contractual okay all right, then put another 5000 in the other line we create okay.

342

00:46:34.440 --> 00:46:36.030

Gary Wood: So you're more or less doing the same thing.

343

00:46:36.810 --> 00:46:40.560

Gary Wood: With the park is you're doing for the goods you're wanting to do for the garage like Paul said.

344

00:46:40.680 --> 00:46:45.000

Town of Parish: We might have to look at it again, you might look at again next year Gary see where it is.

345

00:46:46.470 --> 00:46:48.120

Town of Parish: Money we're getting from the government goals.

346

00:46:51.750 --> 00:47:00.780

Town of Parish: Okay back to the whole line go back to the grass back to the garage door we I think the sheets are out there we're looking at.

347

00:47:05.190 --> 00:47:05.520

Town of Parish: Like.

348

00:47:07.980 --> 00:47:09.660

Town of Parish: 1500 dollars for.

349

00:47:10.680 --> 00:47:15.450

Town of Parish: security system, down to the graduate the insurance company is looking for years.

350

00:47:17.820 --> 00:47:19.740

Town of Parish: it's like Paul thousand to install it.

351

00:47:21.360 --> 00:47:22.830

Town of Parish: And then it's like 300 and.

352

00:47:24.450 --> 00:47:32.760

Town of Parish: monetarists to do \$20 a year to come and a monitor it and test it make sure everything's working right that's the case there's a fire what.

353

00:47:33.240 --> 00:47:50.100

Town of Parish: it's it's a insurance companies keeps wanting to it if we're not down there and there's a fire orders carbon monoxide or

something going on in a bit it detects it it goes to a company, then a call 911 somebody there.

354

00:47:51.690 --> 00:47:53.760

Town of Parish: sure you got deduction on the insurance.

355

00:47:54.090 --> 00:47:56.250

Town of Parish: For managers got me but hitting us for that.

356

00:47:56.610 --> 00:48:00.960

Gary Wood: Do they do, they give it to their and they say we get a deduction if we have that.

357

00:48:01.170 --> 00:48:03.840

Town of Parish: Yes, but they also they write us up for it every year.

358

00:48:05.250 --> 00:48:08.010

Town of Parish: The detection is questionable, but it's a good suggestion.

359

00:48:10.500 --> 00:48:16.410

Town of Parish: Well, I guess, I guess, the problem is, if something happens, what will they you know something happens.

360

00:48:17.700 --> 00:48:18.000

Town of Parish: and

361

00:48:19.050 --> 00:48:21.660

Town of Parish: It burns down what are they going to give you, you know what I mean.

362

00:48:22.920 --> 00:48:33.720

Town of Parish: Whatever you have an insured for an insurance company keep saying you gotta get this inner how much you say oh it's like 12,000 to install it.

363

00:48:34.770 --> 00:48:38.250

Town of Parish: You get your get your first that's installing it that's your first.

364

00:48:39.330 --> 00:48:51.900

Town of Parish: Year service Jackie and then every year is like \$350 and come back and eat the host that through I can get some more quotes to that's true now.

365

00:48:52.980 --> 00:48:54.240

Town of Parish: it's over to Hastings.

366

00:48:55.260 --> 00:48:58.320

Town of Parish: Get the guy's name right now is the toys took my maintenance, no.

367

00:49:00.000 --> 00:49:02.670

Town of Parish: name was requesting, we could get a get a hold of them.

368

00:49:03.690 --> 00:49:18.210

Town of Parish: PDT do and ask them does anybody have any other places, and this, the other towns, they yeah Nyberg pretty much assures all sort of a company so yeah they hit everybody for everybody, but does anybody do it, yes yeah they make you.

369

00:49:23.580 --> 00:49:24.120

Town of Parish: be like oh.

370

00:49:27.990 --> 00:49:28.230

Town of Parish: boy.

371

00:49:30.000 --> 00:49:32.040

Town of Parish: All right, so you don't have the final one.

372

00:49:34.860 --> 00:49:35.430

Town of Parish: The building.

373

00:49:36.840 --> 00:49:42.780

Town of Parish: yeah 553 2.4 yes Okay, they did the park yeah.

374

00:49:44.430 --> 00:49:45.120

Town of Parish: Okay.

375

00:49:46.410 --> 00:49:48.300

Town of Parish: And that's a right.

376

00:49:53.550 --> 00:49:56.880

Town of Parish: that's a 5513 2.4.

377

00:49:59.040 --> 00:49:59.850

Town of Parish: that's the building.

378

00:50:00.870 --> 00:50:01.590

Town of Parish: page five.

379

00:50:03.090 --> 00:50:06.000

Town of Parish: Okay i'm going to call it to your attention, or i'm still budgeting.

380

00:50:07.500 --> 00:50:14.610

Town of Parish: The sandwich cemeteries Labor for the guys to get up there, and do, that the cemeteries that will respond for.

381

00:50:19.020 --> 00:50:22.470

Town of Parish: 781 point 11 more.

382

00:50:23.490 --> 00:50:24.570

Town of Parish: No it's not just.

383

00:50:27.300 --> 00:50:37.470

Town of Parish: And I hope that you're going to do it next year because Craig it's been three years we budgeted and it was surveyed the first year was here and it hasn't been done, I don't know if there's other ones who now.

384

00:50:38.550 --> 00:50:40.920

Town of Parish: I think we just have six right.

385

00:50:41.970 --> 00:50:43.320

Town of Parish: We have six Richard.

386

00:50:44.460 --> 00:50:45.090

Town of Parish: worries.

387

00:50:46.590 --> 00:50:47.190

Town of Parish: But you.

388

00:50:50.430 --> 00:50:51.000

Town of Parish: got the one.

389

00:50:52.260 --> 00:51:01.890

Town of Parish: that's six of them told that, when it says it says, but the are you, including the one that was talking about so that's all we gotta get done next year.

390

00:51:02.730 --> 00:51:04.080

Gary Wood: Then I got a question.

391

00:51:04.320 --> 00:51:10.530

Gary Wood: yeah i'm with you i'm a cemetery you said we've budgeted to last couple years for.

392

00:51:10.920 --> 00:51:13.110

Gary Wood: yeah and it hasn't been done.

393

00:51:13.530 --> 00:51:18.450

Gary Wood: No, so what what happens with that was it at 200 every year.

394

00:51:20.730 --> 00:51:29.580

Town of Parish: I think the first year might have been more than in it, because I figured I think three weeks and it didn't get back to 8200 8200.

395

00:51:30.150 --> 00:51:30.630

Gary Wood: Where did.

396

00:51:31.140 --> 00:51:33.870

Gary Wood: Where does that go with we don't use it in.

397

00:51:34.290 --> 00:51:35.190

One malice.

398

00:51:37.980 --> 00:51:43.530

Town of Parish: If we didn't use it and we didn't we use the money 15 issue with it, but otherwise we didn't use it at all.

399

00:51:44.010 --> 00:51:47.520

Gary Wood: But last couple years request \$16,000 in the fund balance.

400

00:51:47.970 --> 00:51:52.830

Town of Parish: yeah Well, no, I couldn't feel the first year we never had it for males to last year.

401

00:51:55.980 --> 00:51:57.030

Gary Wood: Were way off other.

402

00:51:57.360 --> 00:52:01.500

Town of Parish: I mean transferred it to us to pay all the bills that might have come up short.

403

00:52:04.290 --> 00:52:07.740

Town of Parish: And that would be a way to transfer the boy wouldn't have to approve it and meeting.

404

00:52:10.230 --> 00:52:19.740

Gary Wood: Okay, so that, so I was just wondering where when we're something like that goes that were you you you budget for something you don't use it where's that money going to next year, you know what I mean.

405

00:52:20.190 --> 00:52:21.420

Town of Parish: By and.

406

00:52:22.470 --> 00:52:23.490

Town of Parish: Yes, understood.

407

00:52:25.170 --> 00:52:27.330

Town of Parish: Okay, one two da.

408

00:52:43.470 --> 00:52:52.680

Town of Parish: Excuse me, and everything that we had discussed the board didn't know about it, but if the board's willing to look at what we have a machinery we added 5000 just because.

409

00:52:56.820 --> 00:53:14.520

Town of Parish: yeah last year we had at 40,005 one 3.2 guys at a page a lot this is for buying equipment, this is to listen for buying yeah we just up that because the price of thing to put 245 that's for buying equipment and stuff right.

410

00:53:18.540 --> 00:53:20.580

Town of Parish: The contractual.

411

00:53:22.170 --> 00:53:33.660

Town of Parish: We raised at 5000 everything's going on knows what's going to cost to get parts and stuff here, give them a number, so they went from 60 60,000 to 65,000 no account number.

412

00:53:35.850 --> 00:53:40.320

Town of Parish: Line contraction da 51 30.4 okay.

413

00:53:41.430 --> 00:53:41.730

Town of Parish: yeah.

414

00:53:43.680 --> 00:53:48.150

Town of Parish: The snow removal da 51 42.1.

415

00:53:49.680 --> 00:53:57.330

Town of Parish: We upped at \$5,000 because the insurance and grazes and stuff raises that's payroll because payroll.

416

00:53:59.190 --> 00:54:06.960

Town of Parish: doesn't county reason there's not to leave us, I think that one more year left on warrior to the three year contracts did last year.

417

00:54:08.880 --> 00:54:19.980

Town of Parish: da 51 42.4 that's the contractual for the equipment, we raised at \$5 95 to \$100.

418

00:54:22.110 --> 00:54:27.480

Town of Parish: In year to date, we spent 42,671 element, you still go.

419

00:54:30.450 --> 00:54:33.060

Town of Parish: In the spring in the fall is your biggest.

420

00:54:34.530 --> 00:54:41.520

Town of Parish: Because you're when you tell them to stop cloud out in the spring you're fixing whatever broke whatever you see when there's no box on it.

421

00:54:42.780 --> 00:54:50.370

Town of Parish: And then you're getting ready for what are you doing the same thing thurs bells or something to get them ready tires so we added know put that to.

422

00:54:53.730 --> 00:54:54.300

Town of Parish: 10 times.

423

00:55:00.060 --> 00:55:03.600

Town of Parish: You got transferred to care for reserve 150 3000.

424

00:55:05.610 --> 00:55:07.320

Town of Parish: For you at the bottom, one on.

425

00:55:09.990 --> 00:55:11.100

Town of Parish: One yeah.

426

00:55:14.970 --> 00:55:15.330

Town of Parish: or.

427

00:55:18.180 --> 00:55:22.470

Town of Parish: Which one day I remember one of my secrets for sure.

428

00:55:25.650 --> 00:55:28.830

Town of Parish: I don't think the truck truck should be up the truck should be up here to that.

429

00:55:29.550 --> 00:55:41.670

Town of Parish: that's a two line at your Dun da 51 38.2 is you're buying a truck yeah yeah capital reserve on the air and we have a capital reserve fund owner, the general counsel for the.

430

00:55:42.270 --> 00:55:46.200

Town of Parish: Account has everything an agent I know the trucks, the equipment is you know.

431

00:55:46.620 --> 00:56:02.640

Town of Parish: What I didn't put that in there, I don't know what that is, I think it was just that you're estimating truck truck trying to get an idea, this is before the grant that would put in for when Sam was here, we just estimated putting like 53,000 toward a truck so what you're saying is.

432

00:56:04.860 --> 00:56:12.900

Town of Parish: you're saying there's 20 2022 you're saying like 20,000 goes down every year, or something.

433

00:56:14.370 --> 00:56:23.640

Town of Parish: No one would be an estimated that we're going to be looking at a truck you ballpark to that 53,000 approximately for the first year is payments, shall we say.

434

00:56:24.180 --> 00:56:35.520

Town of Parish: And that's what we put in carried it forward Okay, because you see that up now so Okay, because usually comes that's what your two lines for your payments come out of that right, but if it's in a capital reserve funds you're.

435

00:56:40.230 --> 00:56:44.280

Town of Parish: guessing it was so you're telling me that 53,000.

436

00:56:46.170 --> 00:56:57.540

Town of Parish: We don't really use it not right now, if something happened, right now, and you needed to fix a truck for \$49,000 we could take it out of their budget for it, we have somebody in that have to borrow.

437

00:56:58.800 --> 00:57:00.210

Town of Parish: I shouldn't say that because i'm going to jinx.

438

00:57:02.430 --> 00:57:02.730

Town of Parish: yeah.

439

00:57:07.170 --> 00:57:07.470

Town of Parish: that's.

440

00:57:08.070 --> 00:57:09.270

Gary Wood: reserved for equipment.

441

00:57:10.110 --> 00:57:13.890

Town of Parish: Or what you said on that kind of money, we really need to.

442

00:57:15.210 --> 00:57:20.490

Town of Parish: loader a small tra already loaded, but we need a small drop do need a lot of money, I mean but.

443

00:57:21.810 --> 00:57:30.180

Town of Parish: How much is this going to cost us a really good 60,000 yeah small truck like a one time.

444

00:57:32.280 --> 00:57:32.610

Town of Parish: We start.

445

00:57:33.840 --> 00:57:35.820

Town of Parish: Instead of upgrade my truck.

446

00:57:37.050 --> 00:57:42.510

Town of Parish: would be more useful for we had a one done for the like a dump box or don't plan on it would be more.

447

00:57:44.190 --> 00:57:50.970

Town of Parish: It will look yeah for patching and stuff you wouldn't be using right now he's got a whole nine truck it's you know.

448

00:57:58.440 --> 00:57:59.430

Town of Parish: This date.

449

00:58:02.910 --> 00:58:03.450

Town of Parish: and

450

00:58:05.460 --> 00:58:19.680

Town of Parish: More than one of my municipalities does is they will buy a new truck out there and then they will sell it before it gets too, because when it comes to being you know nine they're more expensive to maintain well, you can buy a new it on like keep it like two or three years and.

451

00:58:20.760 --> 00:58:29.520

Town of Parish: A lot of them have had the experience that they can resell it at a price that a replacement use a truck with Boston because they've been prices.

452

00:58:29.970 --> 00:58:39.450

Town of Parish: That much better than right prices, you get from the dealer I agree with you on your path nothing anything out maintenance that you ever realized the truck that way, I agree with you ball, but.

453

00:58:40.500 --> 00:58:46.650

Town of Parish: The old language bought used, we were we had one truck before that and we've had a shabby.

454

00:58:47.190 --> 00:58:55.650

Town of Parish: But you gotta get your fleet, the left before you do that, you can't just keep selling the same dropping only State yeah

there's no such drive a dump truck a big dump truck around you can do the same thing with fall.

455

00:58:56.130 --> 00:59:10.260

Town of Parish: yeah so what i'm saying is that might be something that you want to work towards, though, is eventually when you get your fleet built up, you know yeah and that's what we've been working on over the last several years is trying to get were complete needs to be in your mind where they.

456

00:59:13.050 --> 00:59:24.540

Town of Parish: lie increased same for a truck but, whatever it go i'm not saying increase know I am so if you're sick you're saying you need a truck 50 33,000 isn't going to do it.

457

00:59:25.830 --> 00:59:27.060

Gary Wood: No, no.

458

00:59:27.210 --> 00:59:33.900

Town of Parish: I don't think that'll take run as a bidding war, what would you want to increase it for next year 10,000 to 63,000.

459

00:59:34.890 --> 00:59:46.200

Town of Parish: it's just increasing your budget line we got we got some money how purestone the two line yet to know i'm talking about this capital, you know we'll leave that will leave that we still got money up here and.

460

00:59:48.030 --> 00:59:49.020

Town of Parish: You can add to.

461

00:59:50.370 --> 00:59:50.760

Town of Parish: That will.

462

00:59:53.400 --> 00:59:54.750

Town of Parish: use that line for.

463

00:59:56.280 --> 00:59:57.780

Town of Parish: Sander know.

464

00:59:58.800 --> 01:00:12.030

Town of Parish: I know some of the other ones, you can transfer money from that one you can you can put it in at it, you can't take it out

unless you're using it for specific things so if you wanted to put it in there, say working towards a trucker and I don't know what you need.

465

01:00:13.470 --> 01:00:19.380

Town of Parish: us leave that let's leave that we got we got we got this other one to 250 da.

466

01:00:23.250 --> 01:00:24.270

Town of Parish: Okay, so that sounds.

467

01:00:24.420 --> 01:00:24.600

Town of Parish: Good.

468

01:00:25.140 --> 01:00:30.180

Gary Wood: Okay Craig if you up a few up there from 53 to 63 like Marianne said.

469

01:00:31.230 --> 01:00:39.930

Gary Wood: Then you up to 63 and then you know how like this year went down the road and then remember, we wanted to go in and buy a piece of equipment.

470

01:00:39.930 --> 01:00:40.020

Gary Wood: and

471

01:00:40.470 --> 01:00:42.930

Town of Parish: Some other time back up a minute back up a minute if.

472

01:00:42.930 --> 01:00:46.620

Town of Parish: There is anything left to the va if there's anything left in this da line.

473

01:00:48.600 --> 01:00:55.140

Town of Parish: If there's anything left, I am da lines you can transfer down to this is capital reserve.

474

01:00:57.030 --> 01:01:03.150

Town of Parish: you've got to vote on at the end of the year stays in the highway right there's anything you want to say Gary.

475

01:01:03.510 --> 01:01:08.070

Town of Parish: yeah if we got 8000 left out of this da at any of these da account.

476

01:01:09.570 --> 01:01:19.200

Town of Parish: We can put it over here and as an added to it and that same you can alright so we'll just leave it where it is that it will look at towards the end of the year, you got to vote on it whatever you guys got to do.

477

01:01:20.310 --> 01:01:25.830

Town of Parish: there's some laughter were transferred into there, but if we don't this is going to be at 53 again right okay.

478

01:01:28.590 --> 01:01:30.690

Town of Parish: The tractor more yeah.

479

01:01:31.740 --> 01:01:38.040

Town of Parish: I don't even know how much those will save costs, so what we look at their boss your boss wants to just know.

480

01:01:38.700 --> 01:01:52.380

Town of Parish: yeah a tractor bonus, we have special Mars cabs unless we unless we unless we monitor auction lining might run into something but it's hard, because you you gotta do matter to the action line or something okay wow.

481

01:01:53.460 --> 01:01:56.220

Town of Parish: So an hour we don't da.

482

01:01:58.290 --> 01:01:59.070

Town of Parish: da da.

483

01:02:01.290 --> 01:02:02.640

Town of Parish: Page 13 guys.

484

01:02:13.410 --> 01:02:15.990

Town of Parish: to generate bears Okay, this is a.

485

01:02:17.220 --> 01:02:20.610

Town of Parish: The upgraded version released at.

486

01:02:22.200 --> 01:02:32.610

Town of Parish: yeah we wrote raised a general barista at from 70,000 that's what I call general steel so i'm in payroll i'm sorry here because it.

487

01:02:33.990 --> 01:02:40.860

Town of Parish: raises the races and stuff at 10 point 11 yes yeah that's crazy that's a payroll.

488

01:02:43.830 --> 01:02:45.360

Town of Parish: So says general repairs.

489

01:02:46.500 --> 01:02:47.280

Town of Parish: that's payroll.

490

01:02:48.480 --> 01:03:01.320

Town of Parish: payroll payroll services anyone that's the one, so we don't buy any equipment hundred hundred db general repair CE db 51 10.4.

491

01:03:02.400 --> 01:03:06.270

Town of Parish: We took that from 60,000 to at those net.

492

01:03:08.790 --> 01:03:16.350

Town of Parish: patch you know you can patch road you can victrola is something you can't put into chips what you can do a lot more fixing.

493

01:03:18.300 --> 01:03:26.160

Town of Parish: Your general repairs of everything, so it was planning to my wife four lines are all general repairs, but yet you said it's payroll from tool.

494

01:03:27.120 --> 01:03:33.300

Town of Parish: PS, why is payroll on the agenda repairs it's summer it's absurd road work.

495

01:03:33.840 --> 01:03:45.480

Town of Parish: it's what your what your man hours you put in Okay, we do lot when the guys you're all doing summer working you're doing generally barely that's what you get as flame rating repair job, and she will work in there.

496

01:03:46.020 --> 01:03:57.750

Town of Parish: Now here's the road work, yes, you contractual now the next one down improvement improvements PS dp 51 2.1 that's your debt your.

497

01:03:59.400 --> 01:04:02.340

Town of Parish: payroll again but that's for your.

498

01:04:03.630 --> 01:04:04.260

Town of Parish: chips money.

499

01:04:05.580 --> 01:04:08.910

Town of Parish: made major projects for a while we get reimbursed from them.

500

01:04:11.670 --> 01:04:12.210

Town of Parish: stay.

501

01:04:13.980 --> 01:04:16.860

Town of Parish: raise it raise it to 9800 800.

502

01:04:21.690 --> 01:04:25.500

Town of Parish: down a little farther improvements cdb.

503

01:04:27.480 --> 01:04:28.050

Town of Parish: Now that's.

504

01:04:29.280 --> 01:04:39.480

Town of Parish: whatever's in that account is what we get a contract that's that's considered that goes in as a revenue right that in it comes in, as a revenue that's good, because you put the money out, but then you get it back.

505

01:04:40.500 --> 01:04:44.070

Town of Parish: This year, this year, so far, in September.

506

01:04:46.590 --> 01:04:49.050

Town of Parish: we've been we got 21.

507

01:04:57.660 --> 01:05:04.020

Town of Parish: which we got back 120 \$1,656 and 52 cents in September.

508

01:05:05.220 --> 01:05:05.550

Town of Parish: And I.

509

01:05:08.430 --> 01:05:09.570

Town of Parish: Anticipating.

510

01:05:11.490 --> 01:05:23.220

Town of Parish: Another 28,000 would get back around Christmas time because we're going to send another bill in here, we got more, who is a milestone and then do another little bit of road Black Death.

511

01:05:31.110 --> 01:05:33.570

Town of Parish: yeah that one's got it you guys you guys already.

512

01:05:35.940 --> 01:05:43.800

Town of Parish: changed it because, remember, I asked that question it did when we met we didn't know, and I did some research and they said you gotta leave that up it throws your.

513

01:05:45.750 --> 01:05:56.370

Town of Parish: That alone just leave that alone or raise your general, we would ask to be 20,000 last event yeah but then we got talking I said well what's it going to do we know, none of us knew the answer, so I did some research yeah.

514

01:05:57.480 --> 01:06:02.370

Town of Parish: They said raise your raise your generally bet on that that's a revenue and we got.

515

01:06:05.250 --> 01:06:06.060

Town of Parish: db.

516

01:06:08.010 --> 01:06:11.100

Town of Parish: We got for when he wants to do.

517

01:06:12.540 --> 01:06:17.190

Town of Parish: Whole grains for beaver Greeks and stuff or anything it's brushing weeds beaver.

518

01:06:18.540 --> 01:06:28.890

Town of Parish: Is it trees awesome it's brush weed trees, whatever either you know no I meant like see if a tree falls on that too is brushing weeds Thank you.

519

01:06:32.340 --> 01:06:39.060

Town of Parish: I lowered it because we all used so far yeah some of yours you got yours that you're.

520

01:06:40.380 --> 01:06:41.400

Town of Parish: you're pretty busy.

521

01:06:43.410 --> 01:06:47.550

Town of Parish: hey I did have a first time I heard to guide what matt Bailey charged.

522

01:06:49.110 --> 01:06:50.850

Town of Parish: 1500 dollars, but he was.

523

01:06:52.140 --> 01:07:03.600

Town of Parish: In there two weeks, he bolts on the dams down to go eight beaver first three days is entering took all 350 pound beavers wow we're going up there every day one or two guys with a piece of equipment everyday spend.

524

01:07:04.800 --> 01:07:17.820

Town of Parish: For six hours pointed out, getting in with his boots ball is getting expensive 1500s it sounds like a lot of what's not been to call eight beavers plus you want ball down some of them, the dams are flows.

525

01:07:19.350 --> 01:07:21.450

Town of Parish: So that kind of slows them down we take each other.

526

01:07:23.760 --> 01:07:26.670

Town of Parish: So that's what we'll use that to that account for.

527

01:07:31.410 --> 01:07:40.530

Town of Parish: Development yeah mainly due to bridge was under water, if you go up every day, it is it's under water, I mean cheaper than Washington bridge.

528

01:07:42.540 --> 01:07:43.920

Town of Parish: Like I say go up there you spend.

529

01:07:45.630 --> 01:07:48.450

Town of Parish: four hours to get you know, two guys four hours.

530

01:07:49.470 --> 01:07:50.430

Town of Parish: get round get down.

531

01:07:51.810 --> 01:07:54.060

Town of Parish: To three hours four hours, I know better, was.

532

01:07:57.960 --> 01:07:58.950

Town of Parish: What else you're going to go through.

533

01:08:07.260 --> 01:08:14.970

Town of Parish: If you look at page 14 977 which one is another one.

534

01:08:17.250 --> 01:08:26.430

Town of Parish: Again, the reason that we took out this past March we paid 145,000 plus 3660 interest to pay that off.

535

01:08:27.480 --> 01:08:34.230

Town of Parish: We brought it down to 100,000 to borrow so he money like to work with for the summer and because our.

536

01:08:36.630 --> 01:08:49.050

Town of Parish: Fiscal stress level has gone down again, we were able to get some other banks interested in giving us the wrong, so the interest went from thousands to foreign.

537

01:08:50.550 --> 01:08:54.030

Town of Parish: we're out of hundred thousand and when we paid 2052 bands.

538

01:08:55.620 --> 01:09:02.550

Town of Parish: coming out of the highway to hell that money's coming out of highway well we're setting that up first it not always fun balanced why, why are we.

539

01:09:03.750 --> 01:09:14.580

Town of Parish: talked about last time board me about taking some of that fun balance paying off debt well yeah one \$3,000 interest here, why we said, not all those fun bells not paying it was last year.

540

01:09:16.350 --> 01:09:18.330

Town of Parish: This year that's done but we.

541

01:09:20.970 --> 01:09:36.630

Town of Parish: fund balance when we get those final numbers, we will discuss it as an order to see what, if anything, plus we can do, and I agree, but right now the long that took out isn't really 1000 and the interest is only for next year to this year that's quite a big savings.

542

01:09:38.850 --> 01:09:50.880

Town of Parish: I wanted to call it to my question is if we're sitting we're sitting on all this money they up the chips, this year we could get paid back, how come nobody knew about it, where we could have done more roadwork dig up the chips assured, I was told we were broke.

543

01:09:52.740 --> 01:09:54.960

Town of Parish: We could have done a way more roadwork I did.

544

01:10:02.430 --> 01:10:03.060

Town of Parish: All this money and.

545

01:10:06.000 --> 01:10:16.230

Town of Parish: Do something well we get paid back, but it would have been worth it against the roads and then, when it got it this year, we could have spent.

546

01:10:17.580 --> 01:10:24.240

Town of Parish: \$351 \$692 and 73 cents on the road we're going to spend.

547

01:10:26.070 --> 01:10:35.610

Town of Parish: just say 130 hundred 32,000 203,000 and some change, we could have put into the roads and got it back.

548

01:10:36.930 --> 01:10:40.830

Town of Parish: it's kind of what a fund balances for you kind of you can put it, you know you.

549

01:10:42.090 --> 01:10:52.440

Town of Parish: it's cash you pull out but it's caching you know you getting back to put back into some balance, yes, so but, on balance, you can do that, you know you get back to fit to guess.

550

01:10:53.760 --> 01:11:08.040

Town of Parish: It depends on what you do the phone balance some things you're going to do the one time you and you will be yours, for the first one, if I known that we could have done more way more because we could be the government optic this year because they sent out to they start out to statements.

551

01:11:09.060 --> 01:11:26.130

Town of Parish: And then he said you're allowed to send us a new statement in jude instead the government up that we can spend more, but I was told we were broke, so we had to borrow money to fund a balance, so I

didn't do any more road where where if I know that we could have done a lot more.

552

01:11:27.210 --> 01:11:27.900

Town of Parish: Money so.

553

01:11:29.940 --> 01:11:36.840

Town of Parish: we're sitting on that kind of money, I don't know why we're borrowing money we should be paying off the loan or the highway department and we did what they wouldn't want money.

554

01:11:39.150 --> 01:11:40.140

Town of Parish: Anything else correct.

555

01:11:44.820 --> 01:11:48.930

Town of Parish: fund bells only supposed to be like two to three payments are your bills.

556

01:11:50.940 --> 01:12:00.570

Town of Parish: One two or three months worth of bills for it figures out 16% to 20% is all you're supposed to have of your balance for fun.

557

01:12:08.250 --> 01:12:09.780

Town of Parish: courses, as far as my.

558

01:12:10.950 --> 01:12:19.890

Town of Parish: son bought my bite whenever you guys guys guys say about cutting my pay I didn't ask for a raise I haven't asked for a reason for years.

559

01:12:21.180 --> 01:12:26.100

Town of Parish: And as far as comparing me to other towns, it can be pretty tough with permit other talents because.

560

01:12:28.290 --> 01:12:35.520

Town of Parish: You can go to rich land there a big town, but ritual and got a village and they got a dp w.

561

01:12:37.080 --> 01:12:48.480

Town of Parish: You go to Mexico they got a big town, but they got a dp w so rich land Mexico and all these towns it got there's only a few towns and villages, but they also got dp w so i'm running two accounts.

562

01:12:48.900 --> 01:12:54.060

Town of Parish: And these guys are running yeah they got more road you're running but i'm running i'm running two accounts and you're running one.

563

01:12:55.500 --> 01:13:00.060

Town of Parish: So you know say people work hard, but i'm running two accounts daily.

564

01:13:03.060 --> 01:13:11.640

Town of Parish: I don't know but he's only running one account I gotta run to account, I know, but it's a small town, but i'm saying, if you have compared with compared me to because there's very few towns.

565

01:13:12.870 --> 01:13:27.810

Town of Parish: That highway superintendent runs two accounts like Mexico yeah they're big they might have more population they got a dp w so their guy who runs one account rich lands the same way they're big town, but the run one account.

566

01:13:29.070 --> 01:13:34.650

Town of Parish: i've been to three different schools for budget I go i'm going to 12 schools to learn things.

567

01:13:37.020 --> 01:13:41.130

Town of Parish: That take take a page from somebody ridiculous I didn't ask for a race.

568

01:13:43.830 --> 01:13:45.630

Town of Parish: Is the thought of it is ridiculous.

569

01:13:53.700 --> 01:13:56.400

Town of Parish: Okay So where does that leave us.

570

01:13:58.170 --> 01:14:07.380

Town of Parish: For are you okay with putting figures in that that dumb Craig suggested recommended the ones that I think we put them all, except for the ones who suggested tonight.

571

01:14:08.610 --> 01:14:14.430

Town of Parish: So, making those changes or next week, if you want this to be a zoom meeting it can't be.

572

01:14:15.900 --> 01:14:24.570

Town of Parish: Tokyo is here in the dental reading so there isn't going to be anybody here, to be able to do the zoom zoom if you want this to be a zoom meeting we're going to have to put it off until the 30th.

573

01:14:25.080 --> 01:14:36.300

Town of Parish: Next week's meeting will be put off to the 30th and that way, if you guys want to go to Tokyo, do you can, I think you have to make reservations 21st is the regular meeting so.

574

01:14:37.470 --> 01:14:42.450

Town of Parish: that's up to Gary me going at the fire Department on next week, no you guys.

575

01:14:44.100 --> 01:14:47.010

Town of Parish: and a few others cause the fire department in the ambulance.

576

01:14:47.430 --> 01:14:48.630

Gary Wood: Okay, I got a question.

577

01:14:49.020 --> 01:14:55.020

Gary Wood: yeah how come the same thing happened last year i'll come the bars not included in these things.

578

01:14:56.550 --> 01:14:58.590

Town of Parish: And I didn't even think to ask, to put it in.

579

01:15:00.270 --> 01:15:02.610

Town of Parish: My mistake again I apologize.

580

01:15:02.700 --> 01:15:09.780

Town of Parish: If she wants to submit a budget paper have her do that, and she can meet with us, at the same time, if she chooses to.

581

01:15:11.010 --> 01:15:13.380

Gary Wood: Okay i'm good says the 14th.

582

01:15:14.550 --> 01:15:16.050

Town of Parish: you're good for next week.

583

01:15:17.250 --> 01:15:17.820

feel good.

584

01:15:19.020 --> 01:15:19.620

Gary Wood: Yes.

585

01:15:19.680 --> 01:15:23.490

Town of Parish: or can't wait to love 30th for the zoom know next.

586

01:15:23.640 --> 01:15:26.310

Gary Wood: time I can be there on the 14th.

587

01:15:27.300 --> 01:15:37.770

Town of Parish: Okay, that will thanks, while we won't have zoom one please make sure our regular meeting on the 21st is set up for zoom I will set up that then then we'll go from there you go.

588

01:15:37.980 --> 01:15:38.640

Gary Wood: We still got.

589

01:15:39.090 --> 01:15:42.960

Gary Wood: Are we still scheduled on the 28th for the final considerations.

590

01:15:43.470 --> 01:15:43.890

Yes.

591

01:15:45.660 --> 01:15:54.540

Town of Parish: Unless we don't need it, but yes, I think it'll be where we will look at the whole document as a final document see what adjustments, we want to make it a for this month.

592

01:15:55.620 --> 01:15:58.770

Town of Parish: 28th of the month, yes, I will be here.

593

01:16:00.030 --> 01:16:01.740

Town of Parish: We call the bear from Vermont.

594

01:16:03.330 --> 01:16:12.510

Town of Parish: really get your bowl nine or 10 o'clock at night, Mary I got one chain, or one day I like to bring out to the other board Members feel what is a.

595

01:16:13.650 --> 01:16:20.280

Town of Parish: lie to zero all the payroll clerk and add 6000 in payroll company.

596

01:16:21.750 --> 01:16:22.800

Town of Parish: that's just my thought.

597

01:16:24.390 --> 01:16:31.290

Town of Parish: It would be the same line it doesn't have to say to people, while you got paid on peachtree got payroll.

598

01:16:33.120 --> 01:16:38.340

Town of Parish: And then you got payroll services service, this is the concentric for the.

599

01:16:39.420 --> 01:16:44.010

Town of Parish: People the company that we go through, and the Clerk is one person that does the work.

600

01:16:45.600 --> 01:16:46.350

Town of Parish: You talking about.

601

01:16:48.120 --> 01:17:01.230

Town of Parish: Right, we know where the payroll company, we want to need though clerk well that's going to depend on what the Supervisor says so, while i'm waiting to find out after the November election who's going to be in that position moving forward.

602

01:17:05.400 --> 01:17:12.990

Town of Parish: For the public hearing it's just before the voters Tuesday in the public hearing is on Thursday yeah.

603

01:17:14.490 --> 01:17:22.620

Town of Parish: And it doesn't mean that you can't change anything in here, right up to the date that we adapt it, which would be have regular board meeting in November.

604

01:17:23.940 --> 01:17:24.510

So.

605

01:17:25.680 --> 01:17:26.460

Town of Parish: Anything else.

606

01:17:27.540 --> 01:17:28.050

Town of Parish: guys.

607

01:17:29.460 --> 01:17:34.740

Town of Parish: Know entertain a motion to adjourn make a motion to adjourn second.

608

01:17:41.760 --> 01:17:45.840

Town of Parish: Okay upon abstaining carrie Thank you.
