136

00:17:43.980 --> 00:17:45.270

00:18:42.150 --> 00:18:48.540

Town of Parish: I want to know about it or get out of the way you know politics, but that people need to get into that category.

159

00:20:44.700 --> 00:20:48.090

Town of Parish: individually and jointly with the village so.

160

00:20:49.110 --> 00:20:55.200

Town of Parish: it's always worth thinking about whether there might be other things you can do that they may be able to help you coming out.

161

00:20:56.490 --> 00:21:04.830

Town of Parish: For suggesting check with your records management officer, probably the best and on what your records management needs car.

162

00:21:07.890 --> 00:21:22.410

Town of Parish: Attacks will status and state wildlife management areas lands in town, which is something i've been reporting to every month and was raised at the aforementioned annual meeting underserved by the.

163

00:21:23.670 --> 00:21:29.970

Town of Parish: Double Commission directors and Commission cherries and they had their annual meeting the chairs on the toggle review council's of government cheers.

164

00:21:30.720 --> 00:21:36.480

Town of Parish: And I solicited all centers providers and mayors for input on questions needs and concerns with reassured.

165

00:21:36.780 --> 00:21:43.980

Town of Parish: With a Commission to share shape its work program to best meet the needs of the region, as defined by you are going to towns, villages.

166

00:21:44.370 --> 00:21:55.620

Town of Parish: Now we can move on to the wildlife management areas that was something that was brought up by several of our municipalities, and that was brought to the dragon meeting clinic doctors and the Commission directors and.

167

00:21:57.810 --> 00:21:58.410

Town of Parish: German lovely.

168

00:21:59.460 --> 00:22:06.990

Town of Parish: And I remember quite a while, though we're talking about the DC was thinking about kind of a way to open up the examiner.

169

00:22:07.440 --> 00:22:18.150

Town of Parish: know this me is that still in the processor, people are still paying attention to that as well, and I cannot check on that see if there's any new progress and I heard that there is one damn that they're working on opening up in.

170

00:22:18.510 --> 00:22:29.640

Town of Parish: Mexico, but I guess there's two exams, and they would have to be opened up in order for that to take place okay cool well, I will let me know anything else that comes up on that note, I think it.

171

00:22:33.240 --> 00:22:38.340

Town of Parish: So they came up with the freedom fighters technician drinkers and chairs.

172

00:22:39.180 --> 00:22:49.980

Town of Parish: I ordered and I installed replacement managers and the town supervisor and concerts computer more scalable webcam on supervisors competitor anticipated future.

173

00:22:50.370 --> 00:23:01.410

Town of Parish: Know conferencing needs and repurposing existing monitors have spares but I continue to identify equipment which is of no further used to the town, there are several inkjet printers upstairs that.

174

00:23:02.490 --> 00:23:09.300

Town of Parish: If they're not currently functional due to the range that are worth less than the cost of replacement matrix to take the test and further.

175

00:23:10.110 --> 00:23:21.450

Town of Parish: And in addition to that there's several laser printers that are not working, they started throwing your messages and, again, there are so old that they're not worth the investment of putting repairs into them.

176

00:23:23.190 --> 00:23:29.760

Town of Parish: there's the former desktop computer from the highway department that was an approximately 10 year old pentium g.

177

00:23:30.870 --> 00:23:43.800

Town of Parish: 16 to 20 with gigabytes of Ram and the 465 gigabyte hard drive running windows 10 the town already has a computer of comparable specifications on hand because he stares at one be needed.

178

00:23:44.850 --> 00:23:56.490

Town of Parish: And an additional spare will be available to be when we transition from their current computer to computer computer, which is more capable would also be available spare so with all those being.

179

00:23:56.910 --> 00:24:06.060

Town of Parish: No further value the time i'd be happy to help you get them properly secured with data script on them recycled into the best direction from the foam board.

180

00:24:07.530 --> 00:24:13.080

Town of Parish: I have for the town a copy of materials from the state town programs guide for local government.

181

00:24:14.940 --> 00:24:28.920

Town of Parish: pertaining to the annual audit which to town board is required to do or see that it's been done, the positions that received or disperse money on behalf of talent, so there is that material there, along with a lot of self that requires you to do that.

182

00:24:32.370 --> 00:24:38.880

Town of Parish: And finally, is not my findings, we have one more item I didn't have done your written under reports.

183

00:24:39.930 --> 00:24:49.950

Town of Parish: As a reminder, state highway last section 24 requires that money that's being used to repair and improvement of your highways and so on.

184

00:24:51.600 --> 00:25:11.160

Town of Parish: There needs to be an agreement in place between the highway superintendent and the town board before you can do those things and those agreements need to be file to the town clerk and one in the office of the county superintendent and then wanting to be paid out for those purposes.

185

00:25:12.540 --> 00:25:15.270

Town of Parish: To them, in accordance with a written agreement and.

186

00:25:16.410 --> 00:25:22.830

Town of Parish: justin you had some 24 agreements in the past that may be on file, so if the current superintendent.

187

00:25:25.320 --> 00:25:35.700

Town of Parish: I don't know if you have one of those agreements in place now Kelly would know what was his little fire him about this at the beginning of the year and sure she will get onto it.

188

00:25:36.720 --> 00:25:44.010

Town of Parish: Your existing there's normally a good guide to get started, is there a date that these have to be done by is there.

189

00:25:45.240 --> 00:25:55.590

Town of Parish: Well, it requires you to be in place before you spend the money and repair and improvements, so I did and researching this pastor did see where some towns.

190

00:25:56.280 --> 00:26:02.640

Town of Parish: actually put those agreements in place at the time of the adults, the budget I love that seems a little bit early because in this case.

191

00:26:03.000 --> 00:26:09.630

Town of Parish: The change in personnel, the guy who may want to do something different than the guys that was in the office time the budget was fast.

192

00:26:09.990 --> 00:26:19.680

Town of Parish: But probably earlier is better, a lot of towns, they really wanted in place before they do their major own work and pay gap, paving and didn't work and and that.

193

00:26:20.190 --> 00:26:31.170

Town of Parish: has to agree with the chips work as well yeah this time of year most your time you're putting into falling snow and that's not what this is this has to do the.

194

00:26:31.530 --> 00:26:46.770

Town of Parish: repairs and improvements and you're really not put in that season and it doesn't hurt to get in place like this, you might do some repairs, so you really should have that agreement in place sooner rather than later Okay, I just wanted to bring it up now, because now is sooner right.

195

00:26:47.880 --> 00:26:51.750

Town of Parish: You are well before you normally get into those types of things and paste trainings up at.

196

00:26:52.770 --> 00:26:55.560

Town of Parish: The time of year to be working on things like that so.

197

00:26:56.970 --> 00:27:02.430

Town of Parish: I will bring this to his attention very good and I gotten a copy of that if want to give it to him, I can make it.

198

00:27:03.540 --> 00:27:12.630

Town of Parish: Even more Okay, and the thing I didn't write down the report and whenever I put these reports together in parent out and mail it off, I always remember something I wanted to mention that wasn't in the report.

199

00:27:12.870 --> 00:27:27.480

Town of Parish: I wanted to remember, I mentioned that I provided to Robin copy of several social media policies and laws and so on the requested me a nice meeting, so I provided posted tonight, thank you for your assistance and.

200

00:27:29.130 --> 00:27:30.240

Town of Parish: Then, my model before.

201

00:27:31.500 --> 00:27:58.440

202

00:27:59.460 --> 00:28:01.980

Town of Parish: which I thought was six or seven hours 30.

203

00:28:03.390 --> 00:28:08.820

Town of Parish: or 6330 to four times a thing once baxter wants to name.

204

00:28:09.990 --> 00:28:21.780

Town of Parish: For Carson was 31 company our 24 \$99 on a company well just wanting to ready for a month and a half hours an hour learn putting it mildly.

205

00:28:25.800 --> 00:28:26.970

Town of Parish: Any questions for the G.

206

00:28:28.500 --> 00:28:29.790

Town of Parish: Fantastic Thank you jake.

207

00:28:31.500 --> 00:28:31.980

Town of Parish: i'm to the.

208

00:28:53.280 --> 00:28:53.850

209

00:29:00.930 --> 00:29:01.830

Town of Parish: Okay.

210

00:29:07.980 --> 00:29:24.240

Town of Parish: Data entry for tonight for the bills that had come in my house prior to that I had met with the treasure of bookkeeper sorry and we transfer transfer over to the my over to her all the money that the town was route that is do PR the tax board that also included the.

211

00:29:25.980 --> 00:29:38.700

Town of Parish: \$3,772 and some change which it which the town received earlier because, even though I filled out the paperwork last year incentive to have them put the reforestation when each of the tax collectors again.

212

00:29:39.270 --> 00:29:49.170

Town of Parish: Only counting kid and read very well, they stuck it in the town's general general fund so you guys, are you got the reforestation money, and that was back in July January so.

213

00:29:50.340 --> 00:29:51.870

Town of Parish: The town is now fully paid.

214

00:29:53.700 --> 00:30:03.870

Town of Parish: And so, therefore, no still no adjustments that attacks weren't I like that, because they don't have to be like to pay for so therefore there's no adjustments to the Horn so.

215

00:30:04.860 --> 00:30:16.500

Town of Parish: So so far we've had \$20,012 and 70 cents for the first installments we had \$7,813 and 37 cents worth of second installments.

216

00:30:17.250 --> 00:30:31.140

Town of Parish: With and we've also had full payments of \$1,995,326 and 10 cents, since this is now the month of February penalties have kicked in and we've corrected \$654 and 11 cents of penalties.

217

00:30:32.220 --> 00:30:40.170

Town of Parish: Which means all the math adds up we provided 220 \$2,023,806 and 28 cents with.

218

00:30:41.370 --> 00:30:52.320

Town of Parish: taxes to be corrected, yet which are outstanding as a there's 640 \$2,430 and 70 cents and there was like I said before, there was 1400 and 30.

219

00:30:52.980 --> 00:31:02.460

Town of Parish: packs those that went out the door on 1100 I didn't count tonight count, so I don't have that number, but when I did my stuff from Tuesday night.

220

00:31:02.790 --> 00:31:15.390

Town of Parish: I had 1100 and 56 properties pay dots between town town properties and those properties because town is once list code villages another Swiss productivity report seven gates policy at the end.

221

00:31:16.440 --> 00:31:19.740

Town of Parish: So so far 1100 56 plus but it's again tonight, which was.

222

00:31:21.510 --> 00:31:22.350

I think, maybe seven.

223

00:31:27.330 --> 00:31:27.990

Town of Parish: Any questions.

224

00:31:31.980 --> 00:31:33.270

Town of Parish: Thank you Kevin lady.

225

00:31:35.340 --> 00:31:35.970

Town of Parish: Okay.

226

00:31:37.140 --> 00:31:39.180

Town of Parish: That ends our department reports.

227

00:31:40.740 --> 00:31:42.150

Town of Parish: On this new business.

228

00:31:43.680 --> 00:31:51.420

Town of Parish: Our annual court audit, some of us we're here to look at the courts paperwork.

229

00:31:52.500 --> 00:31:56.280

Town of Parish: And I believe those Robin colton and myself.

230

00:31:57.360 --> 00:32:06.000

Town of Parish: So there was three of us you guys would like to need a resolution to make emotion that we accept justice diggers financial records.

231

00:32:07.440 --> 00:32:15.660

Town of Parish: Based on the majority of people, I believe you can still do that if you wish to it anytime they also told me that you're more than welcome to come down and look at them.

232

00:32:16.770 --> 00:32:20.310

Town of Parish: And so, because three of us are here, I don't know how they've done in the past but.

233

00:32:21.630 --> 00:32:34.410

Town of Parish: I wouldn't allow them to some Doug witness don't accept them Okay, so we have a motion to accept the financial reports for justice, bigger than a second.

234

00:32:35.730 --> 00:32:36.810

Town of Parish: Second, by voting.

235

00:32:38.040 --> 00:32:44.460

Town of Parish: All those in favor Aye those post abstained motion passes.

236

00:32:46.170 --> 00:32:54.570

Town of Parish: Now good Kelly great OK, the next thing that our businesses do a point of planning board member, so I am going to need a motion.

237

00:32:55.590 --> 00:32:56.280

Town of Parish: Or that.

238

00:32:58.350 --> 00:33:04.710

Town of Parish: We discussed in executive session so we all know, what's going on motion for that motion.

239

00:33:08.040 --> 00:33:20.310

Town of Parish: Motion point john down to the planning board interrupt certain second by Doug home can I have a roll call vote on that please all those are go ahead, go reserved.

240

00:33:22.080 --> 00:33:22.470

Town of Parish: Yes.

241

00:33:24.090 --> 00:33:24.810

Town of Parish: Yes.

242

00:33:27.600 --> 00:33:28.050

Town of Parish: Now.

243

00:33:33.060 --> 00:33:33.540

Town of Parish: Yes.

244

00:33:35.040 --> 00:33:42.030

Town of Parish: That motion passes, we need three was Richard missing, we still need three and so that motion passes.

245

00:33:43.890 --> 00:33:54.450

Town of Parish: hey we're gonna move on to our next next to a point of possible that I have emotion, please T point jonnie pierce and his name is Johnny.

246

00:33:55.260 --> 00:34:15.660

Town of Parish: that's actually Another thing I said i'd asked him twice to make sure that I got his formal name, and it is john so Johnny peers as a Constable so that we can send him to school march 1 motion motion by Robin to a point jonnie pierce as a Constable for the town of parish so.

247

00:34:17.190 --> 00:34:21.030

Town of Parish: Suddenly, my home know we are gearing sorry.

248

00:34:22.140 --> 00:34:24.930

Town of Parish: Wrong your boy me I can't meet here.

249

00:34:26.970 --> 00:34:28.020

Town of Parish: I was a time.

250

00:34:29.160 --> 00:34:42.360

Town of Parish: So, yes seconded by Mr good can I have we'll just do a vote on this all those in favor I host Steve motion passes ago.

251

00:34:44.430 --> 00:34:50.040

Town of Parish: In new business also I put on here and discussion on the town computer backup procedures.

252

00:34:52.140 --> 00:34:59.910

Town of Parish: Always in my office wall installing the minor and I asked him the question backing up my computer.

253

00:35:01.470 --> 00:35:06.210

Town of Parish: And so, if Paul could stand up and.

254

00:35:07.290 --> 00:35:24.720

Town of Parish: Give us his ideas, because what we're going to end up doing not just my computer, but we should do it Tom live there's no policy or procedure to do any of that I don't know if other departments are doing it if they're not doing it so many really need something to go somewhere.

255

00:35:25.740 --> 00:35:36.000

Town of Parish: Well, just to address the main points on that this is something that came up last year during budget season, because some of the ways of backing up include spending money in one way or another.

256

00:35:38.010 --> 00:35:45.660

Town of Parish: Generally speaking, when it comes to backing up need more than one way to back up, so there are ways.

257

00:35:46.470 --> 00:35:54.720

Town of Parish: To backup your computer online or the Internet, and those are fairly automatic, but you don't really want to rely on that as being your only way of backing up.

258

00:35:55.140 --> 00:36:02.460

Town of Parish: Typically, want to at least the second way that that can happen that might be something like a memory stick or thumb drive or something.

259

00:36:03.510 --> 00:36:11.700

Town of Parish: Like that hard drive some other external way, and preferably on something like that something that isn't stored.

260

00:36:12.780 --> 00:36:22.140

Town of Parish: Along or in the vicinity of the computer because of Jim was doing a backup distributor on a thumb drive and he left it in the best in his office, and then there was something that.

261

00:36:22.650 --> 00:36:28.440

Town of Parish: Affected his computer it might very well also affect the thumb drive or a fire that trying to take another set of.

262

00:36:29.250 --> 00:36:37.170

Town of Parish: templates happened in other kinds of songs off a fire truck Elgin computer my day off the backup as well, and you know we've got a problem.

263

00:36:37.800 --> 00:36:45.540

Town of Parish: So it's good to have more than one backup type and in locations that are separate from the computer that's getting backed up.

264

00:36:46.260 --> 00:37:00.420

Town of Parish: And that is something that should be done with all computers, because your emails are documents that are subject to records retention responsible for at least some of them now, there are other things that we don't need to.

265

00:37:01.470 --> 00:37:08.370

Town of Parish: crack up in terms of being a backup anything that you get, for example, is, if you get to talk at all times, you need to do.

266

00:37:08.790 --> 00:37:15.390

Town of Parish: you're not responsible for keeping a copy of the times forever you're on the mailing list or something or notices or something like that.

267

00:37:16.170 --> 00:37:25.920

Town of Parish: Those are things we only those will all be part of the exact calls so and Gemini talked about that, and something that.

268

00:37:26.580 --> 00:37:35.670

Town of Parish: We weren't the town spending some time on to figure out what options, you want to pursue and developing a backup policy, and I can start looking into the.

269

00:37:36.090 --> 00:37:41.610

Town of Parish: options and the example that existing policies of the starting point, because they have like an icloud thing.

270

00:37:42.390 --> 00:37:58.080

Town of Parish: as possible, there are all kinds of online backup service asides, I thought I cloud is oriented around our products Microsoft does offer some modest amount of storage associated with Microsoft accounts but.

271

00:37:59.250 --> 00:38:09.330

Town of Parish: There are others that are probably more powerful but they're going to cost them on something advantage icloud and the basic Microsoft because they don't cost in service, the first.

272

00:38:09.930 --> 00:38:19.320

Town of Parish: A little bit of storage, but it's not hard over time to accumulate more to be backed up and then modest amount of education.

273

00:38:21.060 --> 00:38:22.980

Town of Parish: equity time it also consider.

274

00:38:24.300 --> 00:38:34.380

Town of Parish: something to prevent ransomware attacks made, although we're just a small player in on it doesn't mean somebody can't do that.

275

00:38:35.100 --> 00:38:41.310

Town of Parish: And the good news about that is that everybody's running windows 10 computer with a built in security is pretty good to create events every time.

276

00:38:42.150 --> 00:38:50.580

Town of Parish: They are continually working to improve their security and while microsoft's built in anti virus and anti malware.

277

00:38:51.420 --> 00:39:06.720

Town of Parish: program is probably may not be the class leader that's an adequate long and it's something that has the benefit of being that Microsoft is updating the whole time so obviously they have an interest in making sure that their computers are whoa.

278

00:39:07.980 --> 00:39:13.770

Town of Parish: whoa whoa protective events that happen, so this could be a.

279

00:39:14.760 --> 00:39:28.620

Town of Parish: workshop night to discuss this further this because it definitely you should be in next year's budget if we choose to do something that a cost, and maybe some it's affordable and consider doing that this year and and some of what you may want to do is.

280

00:39:29.670 --> 00:39:37.350

Town of Parish: It goes some of it might involve the memory drive a thumb drive something that's pretty inexpensive they consider everything take it.

281

00:39:37.980 --> 00:39:47.400

Town of Parish: departments contractual we just haven't come up with a way to do it, though sometimes now that are terabytes yeah me they would all just not a piece of information.

282

00:39:48.780 --> 00:40:00.180

Town of Parish: To me about the fire safe in this building, there is one I mean that would be a place when you're done at the end of the night taller than their salary small on.

283

00:40:01.650 --> 00:40:11.190

Town of Parish: A guy yeah so until you've ever seen the files upstairs and we're going to take a look at that and associated with an older fireproof.

284

00:40:11.820 --> 00:40:30.060

Town of Parish: Safe expired savings saved against paper it's not necessarily trying to improve for electronic media like see this DVD blanks on drives hard drives and so on, it may not be protected against them so.

285

00:40:31.980 --> 00:40:39.570

Town of Parish: One of the best things you can do that is take a backup off site, not necessarily in the building fireproof well.

286

00:40:41.250 --> 00:40:45.900

Town of Parish: One at least two things like to some rock and roll data to back it up.

287

00:40:47.550 --> 00:40:55.410

Town of Parish: We have a brief cases supervisors a councilman the pace and bring it back with you.

288

00:40:56.790 --> 00:41:01.620

Town of Parish: He was the other one for backup take that one home, we have one also.

289

00:41:02.700 --> 00:41:16.710

Town of Parish: So every department that has a computer or to get to those thumb drives you can come help people back up their computers, I would have to think about that because it sounds like a big training effort as well yeah.

290

00:41:18.690 --> 00:41:30.750

Town of Parish: Because we don't have the knowledge of what we need the same what we don't even say i'm sure that there's enough for me to go around do that for people in Parish and all the other, I mean I have had that reasonable right patient on me.

291

00:41:31.920 --> 00:41:47.910

Town of Parish: So, what is your how was our best way to go about where we're going to figure out what the outcomes are external resources that might be available as something that might be needed to retain the version to help don't be backed up.

292

00:41:49.380 --> 00:41:54.270

Town of Parish: Our total Commission thing in April isn't there a section on.

293

00:41:55.470 --> 00:42:02.730

Town of Parish: A training there on what we need to retain their little surprise me me at least that would that would solve.

294

00:42:04.530 --> 00:42:04.800

Town of Parish: yeah.

295

00:42:06.000 --> 00:42:12.990

Town of Parish: Dr disease and taking your back to what I mentioned a couple minutes ago about records and so on, the first steps in the.

296

00:42:13.560 --> 00:42:20.880

Town of Parish: mentoring process is to figure out what no longer need to hold on to because one of the steps down line.

297

00:42:21.630 --> 00:42:33.630

Town of Parish: The record store you have downstairs with data for in part by the device to extract the graph but they don't want to pay for storage space or cabinets or anything like that the backup.

298

00:42:34.710 --> 00:42:42.780

Town of Parish: Things that don't need to be retained right there's some things you might want to retain for a longer period, and I can understand where you might there's other things that.

299

00:42:43.140 --> 00:42:57.720

Town of Parish: Once they get older they're probably not as much value to the time if they're not required to be content so and that kind of overlaps into the state department's having to do with records and there is no pretension for.

300

00:43:01.260 --> 00:43:07.380

Town of Parish: Things to think about it's all good things to think about and I can talk to Jim further about that in terms of helping us figure out what our.

301

00:43:08.520 --> 00:43:11.130

Town of Parish: Best options are and the best way is to get it back.

302

00:43:12.450 --> 00:43:13.380

Town of Parish: All right, thank you, Bob.

303

00:43:19.290 --> 00:43:24.690

Town of Parish: you're going to move on the agenda on new business off the floor does anybody have any new business.

304

00:43:26.880 --> 00:43:27.480

Town of Parish: I do.

305

00:43:28.800 --> 00:43:29.280

Town of Parish: i'm.

306

00:43:30.600 --> 00:43:41.340

Town of Parish: Gender apologize for that so two members of the volunteer fire company needs to be approved, we did this last month, if you can remember, they had one member.

307

00:43:41.760 --> 00:43:52.110

Town of Parish: And I think it's great that all any Member they get is is is awesome for them and us, so the first month is going to be they've already been approved by the founder fire company.

308

00:43:53.460 --> 00:43:55.950

Town of Parish: And so the first one is leggy groesbeck.

309

00:43:58.380 --> 00:44:00.690

Town of Parish: I can read this whereas.

310

00:44:01.710 --> 00:44:07.950

Town of Parish: As a motion because we're going to need probably emotion to approve them anyways so i'm going to read the whereas.

311

00:44:08.580 --> 00:44:14.880

Town of Parish: Whereas, maybe grow span of two we eat too nice Main Street Paris New York it's been approved by the parish volunteer fire company.

312

00:44:15.330 --> 00:44:21.210

Town of Parish: For a position as an active member, whereas maybe Grossman is a resident of the third district of the town.

313

00:44:21.930 --> 00:44:27.540

Town of Parish: Now, therefore, the town nearby or groups membership, maybe Grossman to the parish volunteer fire company immediately.

314

00:44:28.470 --> 00:44:36.480

Town of Parish: Of course, not for profit corporation law wants a new applicant is approved by the membership, the name of the activity must be submitted in town board for approval.

315

00:44:36.930 --> 00:44:45.060

Town of Parish: Membership have any applicant becomes effective when approved by a resolution of the town board with that in mind, can I have a motion.

316

00:44:46.080 --> 00:44:47.460

Town of Parish: To approve this remember.

317

00:44:48.540 --> 00:44:48.930

watching.

318

00:44:52.440 --> 00:44:58.470

Town of Parish: All those in favor Aye opposed to saying motion passes telling.

319

00:44:59.490 --> 00:45:00.480

Town of Parish: The next one.

320

00:45:02.040 --> 00:45:18.990

Town of Parish: is going to be Tyler colossus like I said once again he has been approved by first volunteer for company understand he's going to be an active bram numbers that correct, yes, I will have Kelly put that in as a Ram Member, not just a full number 1516 okay.

321

00:45:20.280 --> 00:45:30.300

Town of Parish: So we'll change that era when we go to do that all right here goes the whereas where's Tyler kalina so 2914 county route 26 Paris New York.

322

00:45:30.690 --> 00:45:40.620

Town of Parish: has been approved by the parish volunteer fire company for acquisition as an act of Ram number four is Tyler class is a resident of the fire district of the town.

323

00:45:41.340 --> 00:45:53.220

Town of Parish: Now, therefore, the town here by approves membership of Tyler kiwanis into the parish volunteer fire company program programs, and I said yes, Graham program immediately.

324

00:45:54.420 --> 00:46:01.470

Town of Parish: And, of course, with not for profit corporation law wants a new application is approved by the membership, the name of that must be submitted to the town board for proof.

325

00:46:01.920 --> 00:46:08.940

Town of Parish: The membership many advocate becomes effective when approved by Resolution of the board, can I have a motion to approve this resolution.

326

00:46:10.380 --> 00:46:11.700

Make phone calls.

327

00:46:13.710 --> 00:46:14.550

Town of Parish: All those a favorite.

328

00:46:16.200 --> 00:46:22.410

Town of Parish: host fantastic now have two new pairs volunteer fire company numbers.

329

00:46:26.190 --> 00:46:48.960

Town of Parish: that's even better, and he was like oh that's good keep keep you keep it growing up to our up to 26 members three rams and seven associates, just so these board members understand what a Ram is rams are restricted active members are minors is our heroes.

330

00:46:50.010 --> 00:46:59.610

Town of Parish: They can do in the heart of what they did was only 11 girls for training and last night with a cpr first aid refresher brains are involved in that.

331

00:47:00.930 --> 00:47:15.330

Town of Parish: there's a chance to give these kids something new, so i'm trying to learn and prime time and eternity or late evening using right now, because they've been exposed to have a little knowledge of it all it's easier for them to jump right in with her at.

332

00:47:16.620 --> 00:47:18.180

Town of Parish: Fantastic yeah.

333

00:47:20.610 --> 00:47:25.260

Town of Parish: Okay, is there anything else for new business off the floor before I close it.

334

00:47:26.550 --> 00:47:29.520

Town of Parish: And then you know okay let's move on to old business.

335

00:47:31.050 --> 00:47:49.680

Town of Parish: You talk hill conference as Paul baxter mentioned earlier, is April 19 2022 Kelly would like your stuff in by March 1 if at all possible, see her, she has a form, you can choose your classes see what what interest you get it to her the town will pay for it.

336

00:47:51.720 --> 00:47:53.520

Town of Parish: Pay mileage as well as I record.

337

00:47:55.770 --> 00:48:06.900

Town of Parish: Okay up the towel pay for mileage we just suggest that people go in groups, unless you plan on staying at the turning stone and gambling, a little bit you can you know.

338

00:48:08.580 --> 00:48:13.410

Town of Parish: that's you know gonna do what you gotta do, but other than that thing here is that.

339

00:48:16.230 --> 00:48:23.130

Town of Parish: Good it's all good just remember to get that please to march 1 something interesting.

340

00:48:24.000 --> 00:48:41.070

Town of Parish: The next thing on the old business is the Facebook page and i'm gonna have Robin discuss that so actually on our volunteer group member Sally is going to do it a little bit of a presentation, where we're at and jack made some copies of.

341

00:48:42.690 --> 00:48:44.040

Town of Parish: Our tentative.

342

00:48:48.720 --> 00:48:50.010

Town of Parish: Maybe test one up to.

343

00:48:53.040 --> 00:48:56.910

Town of Parish: For policy and procedures for the for the US we borrowed.

344

00:48:58.800 --> 00:49:08.400

Town of Parish: It so we went through other towns that had a Facebook policy and kind of looked at those I think we all really like these policies.

345

00:49:09.690 --> 00:49:11.100

kind of put together for you guys.

346

00:49:12.150 --> 00:49:21.840

Town of Parish: We did talk about name at age looking through many towns Facebook page, we decided to stay with our Parish, but we could tag line that.

347

00:49:22.530 --> 00:49:33.780

Town of Parish: So it'd be like Tata parish New York and put a tag line underneath that and what we thought of as part of a spago at four seasons of recreation kind of encompasses what parishes and it will tag.

348

00:49:36.660 --> 00:49:45.540

Town of Parish: We did discuss you know, leaving comments and turning comments off, depending on what we want to do the Facebook thing it's we've all agreed and it's a few guys but.

349

00:49:46.350 --> 00:49:57.780

Town of Parish: Leaving comments off for now, and we will go ahead and assess it later on, to see if we wanted to turn them up in another tab most towns do have comments at, but they are very strict.

350

00:49:58.830 --> 00:50:00.360

Town of Parish: What I was looking at very strict.

351

00:50:01.650 --> 00:50:09.780

Town of Parish: Things of what you can comment on there and comments are proved if somebody is going to cabinet so somebody's going to always have to if we had him on, we have to be in the background.

352

00:50:10.080 --> 00:50:17.010

Town of Parish: Looking at all those comments approving them to be posted, so I think for now just leaving comments off completely leaving it just shareable.

353

00:50:17.640 --> 00:50:27.030

Town of Parish: would be fine they'd still be able to message up, are there any Member or anybody you administrators they'd be able to message privately any questions answered that way.

354

00:50:27.450 --> 00:50:38.520

Town of Parish: So it could be used more for you know town notices anything chicken barbecues for the fire department anything that's going on in the town to be posted on their new fire volunteer fire devil.

355

00:50:39.600 --> 00:50:49.680

Town of Parish: wants to be a positive news resource so anything is going on in the town to be posted on there through one of the administrators and they posted flyers what have you.

356

00:50:50.100 --> 00:51:00.690

Town of Parish: So I think it's a good idea, we did discuss a little bit of how to get it out there, once the page is up and running and we thought, maybe a flyer with a qr code of the Facebook page.

357

00:51:01.050 --> 00:51:06.510

Town of Parish: In other businesses right so in the pizza shop in the post office, where people could just take their phone hit that.

358

00:51:06.810 --> 00:51:12.540

Town of Parish: Take a picture of the qr code and it's automatically to the page, then they just like it and see it so it's a good way to put it out there.

359

00:51:13.530 --> 00:51:29.040

Town of Parish: And we did think of another way is creating a cat outside of town logo and I said, you said you think that we have one is play you know, do we want to look at it, and maybe create a new one, in January brought up that Cicero did this, and they put out.

360

00:51:30.810 --> 00:51:31.260

Town of Parish: This.

361

00:51:32.640 --> 00:51:39.180

Town of Parish: There, to the town and they even put it in a news article for anybody to submit a logo that they want to do.

362

00:51:39.750 --> 00:51:49.860

Town of Parish: So they didn't schools, you know they had all people from the Community artists anybody wants to submit it logo and see if it comes up it's a great kickstart template Facebook page, I think.

363

00:51:50.100 --> 00:52:00.330

Town of Parish: is getting that like hey we're doing this Facebook page and now we're doing this contest and it's going to be announced when we

announced the Facebook page so it's really good to get out there, right now, and get it ready.

364

00:52:00.870 --> 00:52:11.700

Town of Parish: To that'll be your first announcement here picture your logo we're out of time, so actually show you what I have upstairs it's probably a little antiquated and it may need updated.

365

00:52:13.020 --> 00:52:17.970

Town of Parish: And that's great thing that you guys are doing that and doing all this work, so I appreciate all your work already.

366

00:52:18.450 --> 00:52:31.200

Town of Parish: I know it's going to go through you know little more stages, what do we need to do as a board, so we can get this do we need to have this approved, I would like, I would think Bob should probably look it over.

367

00:52:32.820 --> 00:52:39.990

Town of Parish: To make sure that you know we're not slipping up someplace where this was adopted, from the town of fishkill.

368

00:52:41.760 --> 00:52:45.000

Town of Parish: Clearly, you know, but a certain things and copy written material.

369

00:52:46.080 --> 00:52:56.370

Town of Parish: reinventing the wheel right, but I would want to make sure that we're okayed legally love with this social media policy I get yes.

370

00:52:57.060 --> 00:53:10.200

Town of Parish: yeah so what we'll do is we'll give Bob a month to read it over and he will get back to us with his comments additions attractions, just to protect you know the Tom ferry.

371

00:53:12.750 --> 00:53:16.260

Town of Parish: will take his input, of course, you know again soon.

372

00:53:17.760 --> 00:53:25.770

Town of Parish: So we will do our best with that, so what we can do is, we can basically just keep it up, you know, does that old business.

373

00:53:27.450 --> 00:53:39.120

Town of Parish: there's no emotions we're not going to table anything, but if you guys continue your work, I think that is what i'll do is i'll put this on to a committee report as well, instead of just old business.

374

00:53:40.410 --> 00:53:41.850

Town of Parish: But the Facebook, as a committee.

375

00:53:43.170 --> 00:53:51.930

Town of Parish: Do we need a motion I guess really do we need a motion to form a Facebook Community last time we just discussed it.

376

00:53:53.070 --> 00:53:55.980

Town of Parish: So I need them, you want to be head of that as well.

377

00:53:57.660 --> 00:54:05.190

Town of Parish: Okay, so we're going to have Robin is the head, she will report back to us as as a committee chairman.

378

00:54:06.540 --> 00:54:14.190

Town of Parish: And i'll put it on to the committee reports once I see I need a motion sorry to my Facebook committee.

379

00:54:15.360 --> 00:54:19.140

391

00:55:27.300 --> 00:55:33.660

Town of Parish: Just so you're aware of that and Kevin wired we paid him as well after doing some work.

Town of Parish: He was paid for three meetings, he was absent from one of 12 meetings a year with That being said, he made a decision that it was not paid for, so I paid him for eight meetings have been 333 which is you know 112 and that just so you're all aware that that was done and taken care of.

393

00:56:01.200 --> 00:56:02.550
