22

00:02:15.150 --> 00:02:30.510

James Bernys: they've worked very hard on weekends, it seems every snow storm came up so they had to come in off duty and work as hard as they

could, so I just want to you know preach everything they've done for the town of parish doing the best they could for the winter season.

23

00:02:31.680 --> 00:02:40.320

James Bernys: Myself and Judy can turn continue to learn every day trudy has finished her second class and municipal accounting with the state comptroller's office.

25

00:02:48.720 --> 00:03:03.300

Town of Parish: Thank you, Jim, thank you for what you've been doing your supervisors.

27

00:03:09.960 --> 00:03:13.860

28

00:03:14.940 --> 00:03:15.150

Town of Parish: In.

29

00:03:16.410 --> 00:03:19.650

Town of Parish: Great job any counselors have any comments or anything they would like to.

30

00:03:20.670 --> 00:03:21.420

Town of Parish: Add or bring up.

31

00:03:24.210 --> 00:03:28.050

Town of Parish: I do not know with anything okay.

32

00:03:29.790 --> 00:03:32.850

Town of Parish: let's see it proved the Minutes for marches.

33

00:03:34.440 --> 00:03:39.270

Town of Parish: Meetings i'm needed somebody to make a motion motion second.

34

00:03:46.620 --> 00:03:48.360

Town of Parish: All in favor like I.

35

00:03:51.390 --> 00:03:51.840

Town of Parish: carried.

36

00:03:52.980 --> 00:03:53.370

Town of Parish: A.

37

00:03:55.260 --> 00:03:56.520

Town of Parish: committee reports.

38

00:03:58.170 --> 00:04:14.100

Town of Parish: Air P funds Robin and Jim Evan can you look to input so Jen and I are still working to get all the data loaded into the computer, so we can move forward, it has to be done by the 30th I have the.

39

00:04:15.030 --> 00:04:23.550

Town of Parish: correct paperwork right here with me i'll be living it for him to come in tomorrow or when he's able to sign it into the computer.

40

00:04:24.600 --> 00:04:26.550

Town of Parish: And then go from there cool.

41

00:04:27.720 --> 00:04:34.830

Town of Parish: And we found out that like you were saying that we can there's a lot of things we can use a lot of things, one thing I learned at the.

42

00:04:36.210 --> 00:04:48.810

Town of Parish: at the Tokyo Commission conference was that we can use our funds to piggyback with other funds so let's just say we got a grant to put a new roof on the highway garage.

43

00:04:49.230 --> 00:04:56.340

Town of Parish: We could use arpa funds with that combine combine it with anything the caveat there is.

44

00:04:57.000 --> 00:05:19.680

Town of Parish: Sometimes, when you get a grant the grant will say cannot be combined with other funds so it's reliant on those other grants their rules are rules are you know we've got a grant to do something in the park, we want to add funds to it, we can do that yeah because loosen up yes very.

45

00:05:23.820 --> 00:05:24.300

Town of Parish: Okay.

46

00:05:25.440 --> 00:05:35.310

Town of Parish: Making love what chum the highway graduate Paris, we were talking about that, just before the meeting, would you like to share that with well according to.

47

00:05:36.420 --> 00:05:41.280

Town of Parish: The amount of available money says when these things are going to be done.

48

00:05:42.870 --> 00:05:46.200

Town of Parish: The main thing is the roof steeltown.

49

00:05:47.640 --> 00:05:51.420

Town of Parish: And the drain isn't a big issue right now.

50

00:05:54.000 --> 00:05:55.020

Town of Parish: Trying to.

51

00:05:56.760 --> 00:05:57.360

Town of Parish: brag.

52

00:05:58.710 --> 00:06:03.000

Town of Parish: about putting in a new boiler and he doesn't have a sinful yet.

53

00:06:04.470 --> 00:06:08.850

Town of Parish: I don't expect a big price change over the quote.

54

00:06:15.420 --> 00:06:18.810

Town of Parish: I didn't but i'm going to i'm going to go down.

55

00:06:20.520 --> 00:06:26.880

Town of Parish: You say goes, for they said that they were good with a brace on i'm just who's doing it.

56

00:06:28.770 --> 00:06:32.610

Town of Parish: What would you say was the boiling Randy banks banks.

57

00:06:34.350 --> 00:06:35.220

Town of Parish: precision.

58

00:06:42.150 --> 00:06:44.520

Town of Parish: I kind of held off on their rules until.

59

00:06:45.720 --> 00:06:50.250

Town of Parish: I could find money, and if we get our money we have our funds that we can.

60

00:06:51.480 --> 00:07:07.410

Town of Parish: That we can help with the highway, but we need to know that the 75,000 is the final price was a 75 minutes, and it was 69 so we're just kind of waiting on each other, because I didn't.

61

00:07:09.270 --> 00:07:16.830

Town of Parish: Talk to anybody the property materials have gone up and they said they were good with it really but I had a good down and talk.

62

00:07:17.940 --> 00:07:20.550

Town of Parish: face to face yeah yeah.

63

00:07:21.630 --> 00:07:23.790

Town of Parish: yeah well that's that's good.

64

00:07:24.930 --> 00:07:25.860

Town of Parish: to know more about that.

65

00:07:28.680 --> 00:07:30.450

Town of Parish: morale park right.

66

00:07:31.620 --> 00:07:32.670

Town of Parish: server several issues.

67

00:07:34.740 --> 00:07:37.290

Town of Parish: One was the drainage object.

68

00:07:38.490 --> 00:07:46.890

Town of Parish: it's more than what we think so your mini excavator would get lost.

69

00:07:50.700 --> 00:07:53.730

Town of Parish: there's other thoughts on what we have to do.

70

00:07:55.800 --> 00:08:02.850

Town of Parish: When I went over there was a good night clear day and I was still in one inches standing water and the field.

71

00:08:03.960 --> 00:08:04.770

Town of Parish: wow so.

72

00:08:06.510 --> 00:08:14.310

Town of Parish: When it subsides, we can get out and do some talking about it see what the best avenue is.

73

00:08:16.710 --> 00:08:21.510

Town of Parish: There was talk about redoing all of the black hat.

74

00:08:24.150 --> 00:08:26.550

Town of Parish: So I went down and talk with red Murphy.

75

00:08:28.230 --> 00:08:30.180

Town of Parish: That so much to get a quote.

76

00:08:31.710 --> 00:08:39.360

Town of Parish: To get ideas on how a person could go about that in the most economic manner.

77

00:08:41.970 --> 00:08:48.630

Town of Parish: Instead of taking down all of the fence, maybe just take and then are both ends.

78

00:08:50.520 --> 00:08:52.770

Town of Parish: he's gonna stop and look at it and.

79

00:08:54.240 --> 00:08:59.310

Town of Parish: And figure those things out and maybe throw in \$1 figure.

80

00:09:00.360 --> 00:09:01.770

Town of Parish: We know what we're talking about.

81

00:09:04.380 --> 00:09:08.850

Town of Parish: And I spoke with new visions.

82

00:09:10.590 --> 00:09:12.060

Town of Parish: and security cameras.

83

00:09:13.860 --> 00:09:16.650

Town of Parish: I will meet tomorrow at nine o'clock with.

84

00:09:19.050 --> 00:09:19.470

Town of Parish: pete.

85

00:09:21.390 --> 00:09:25.260

Town of Parish: And figure out what they have to offer.

86

00:09:28.080 --> 00:09:38.730

Town of Parish: they've done, I was talking with Carmen he they've done other parks and other areas that need security so it's about some new to them.

87

00:09:40.260 --> 00:09:44.220

Town of Parish: So we'll get it figured out and get a prize from them.

88

00:09:45.630 --> 00:09:56.910

Town of Parish: make something like where to down purchase the equipment and then they week is pay them for this service it's like you, are I open up the Internet.

89

00:09:57.480 --> 00:10:10.650

Town of Parish: To get one at home runs on a monthly service nurture know I called and spoke with the Clerk for CAFE parks or at the park for a person Clara burn about the.

90

00:10:12.210 --> 00:10:16.590

Town of Parish: The security down there and constantia they use at.

91

00:10:18.450 --> 00:10:32.790

Town of Parish: The way at least the program that they signed up for it was \$5,000 for their equipment and I don't know how big this park is but CAFE park is as large pretty large they've been able to.

92

00:10:33.810 --> 00:10:42.090

Town of Parish: identify license plates with their cameras of people that are coming down that long road um so you don't.

93

00:10:42.750 --> 00:10:55.770

Town of Parish: What she had said, is that you know recommended, you know purchase the equipment, the equipment 5000 and if you pay it off in five years in that five year period, they will monitor it and.

94

00:10:57.060 --> 00:11:01.740

Town of Parish: sort of looking for you know if there's an issue come and fix the camera replace the camera and what not.

95

00:11:02.310 --> 00:11:20.910

Town of Parish: What they don't do is actually monitor you know they see somebody breaking in they're not like calling you someone's breaking into your Park, it is just a 30 hour loop, so if we go to the park, we see that the bathrooms are smashed can you go back to the camera and look in that.

96

00:11:21.930 --> 00:11:32.580

Town of Parish: 24 hour surveillance can go back and say three hours, I need a video from yesterday at six o'clock right, and with that kind of system you don't need the Internet.

97

00:11:33.660 --> 00:11:42.120

Town of Parish: The benefit to having the Internet, which is going to cost us \$75 a month or more, no matter what the benefit to that, though.

98

00:11:42.540 --> 00:11:59.880

Town of Parish: I believe, is that we should be able to monitor that couple of us on our own phones, so we get an alert saying frequencies set the alert from 8pm to 8am and this thing's going off at two in the morning you're like hey there's somebody there right now yep.

99

00:12:01.320 --> 00:12:07.170

Town of Parish: yeah i've seen that i've seen those systems before 1130 so i'll be talking to the beach.

100

00:12:08.520 --> 00:12:11.970

Town of Parish: Tomorrow, about things like that, and then the other thing that.

101

00:12:14.310 --> 00:12:16.890

Town of Parish: We shut the electric off and the winner yeah.

102

00:12:18.420 --> 00:12:22.620

Town of Parish: And this deal needs electricity.

103

00:12:24.690 --> 00:12:33.420

Town of Parish: So if we can work a deal where we pay for six months, out of the year, and then we get six months free because it's not being used.

104

00:12:34.410 --> 00:12:46.710

Town of Parish: we've got to talk by just thinking about what it costs to keep the electric running just enough to keep those cameras, the motion cameras on well we don't know that it's probably.

105

00:12:48.090 --> 00:12:52.740

Town of Parish: Around \$20 a month for and I noticed the slide.

106

00:12:53.760 --> 00:12:54.180

Town of Parish: yeah right.

107

00:12:55.440 --> 00:13:09.750

Town of Parish: And what you're going to use very little right in the past haven, right now, we have two lights on the outside the old mercury vapor lights that just make grid famous like.

108

00:13:11.220 --> 00:13:13.200

Town of Parish: We don't have to run those in the winter.

109

00:13:14.850 --> 00:13:32.520

Town of Parish: So maybe we can think of updating those with the arpa but did new LEDs that they right everybody go solar save yeah, and so it is thanks to think about a lot of things at the park that we need to talk about what we want to do you know there's things that we should do.

110

00:13:34.290 --> 00:13:38.190

Town of Parish: So I will discuss all of that, with them tomorrow.

111

00:13:41.040 --> 00:13:41.160

I.

112

00:13:42.810 --> 00:13:43.350

Town of Parish: said.

113

00:13:44.580 --> 00:13:54.060

Town of Parish: I know you stopped down the barn while I was out, I have already addressed the band calm her down there with the county data as a county responsibility to replace right, we have to pay for the government, maybe.

114

00:13:55.470 --> 00:14:07.200

Town of Parish: Right, I know I know I know when they're done they well I heard you did, but I wanted to everybody else I didn't know if you spoke anyone else had a kind of wanted to say it was not on the road is no.

115

00:14:08.220 --> 00:14:08.700

Town of Parish: cool.

116

00:14:09.870 --> 00:14:13.710

Town of Parish: Often, as much as a culprit cost probably going to be well.

117

00:14:14.970 --> 00:14:20.550

Town of Parish: Good to like be all I all that and maybe two and a half to three depth a long, long graph.

118

00:14:22.110 --> 00:14:32.190

Town of Parish: On just along the road yeah it's not but it's actually quite enlightening comparison comparison to what you typically want to roll well yeah well.

119

00:14:32.730 --> 00:14:48.000

Town of Parish: I don't even know how much a covert is anymore 500 some quotes the prices are changing daily that's you know in my report some of the things i've got nobody wants to call prices on a lot of things material down there because they're changing daily you know.

120

00:14:49.050 --> 00:14:50.430

Town of Parish: let's say 500 hours.

121

00:14:51.870 --> 00:14:55.080

Town of Parish: I think you're short Okay, maybe and yesterday's cool.

122

00:14:57.840 --> 00:15:01.950

Town of Parish: I think there was a ballpark figure I mean we don't have nail it down no absolutely.

123

00:15:03.300 --> 00:15:05.580

Town of Parish: But yeah we did get over there and.

124

00:15:06.900 --> 00:15:07.530

Town of Parish: I may.

125

00:15:08.970 --> 00:15:11.700

Town of Parish: need a little more expert advice.

126

00:15:13.830 --> 00:15:14.910

Town of Parish: Have you come over don't worry.

127

00:15:18.450 --> 00:15:25.020

Town of Parish: about the drainage issues and there's a lot of things that you can cover get some to do with the water stand in the middle, there is no.

128

00:15:26.250 --> 00:15:33.630

Town of Parish: No that's different color is a whole host of riding through my whole life into the folder real.

129

00:15:35.160 --> 00:15:39.390

Town of Parish: Work is always had a wet do issue yes.

130

00:15:40.770 --> 00:15:47.790

Town of Parish: And I think I have a good fix for it it's just a matter of having someone look at it.

131

00:15:49.020 --> 00:15:51.120

Town of Parish: get a quote and get it done.

132

00:15:52.320 --> 00:16:02.310

Town of Parish: Now the driveway that the coverage that does that paved out to the road, it is, and I believe that is once again if the county replaces that I believe that's up to them.

133

00:16:03.360 --> 00:16:09.090

Town of Parish: And I was talking with brad about that issue.

134

00:16:10.530 --> 00:16:26.820

Town of Parish: If we decide to black times, the whole thing, it would be better to start right at the road edge, instead of having the county do a short four or five foot, please get this all wanted to do sealed.

135

00:16:30.600 --> 00:16:32.130

Town of Parish: Dr brad about it but.

136

00:16:33.750 --> 00:16:43.650

Town of Parish: I haven't talked to anybody in the county yet so if you wanna how's that how's the gate that we have a gate that the brand itself.

137

00:16:44.790 --> 00:16:58.860

Town of Parish: isn't along the line with your payment, you may want to get with number four Mitch state to look at maybe moto paving that rather than regular basis it's substantially cheaper and it is more flexible than to backup.

138

00:17:00.960 --> 00:17:01.860

Town of Parish: understood, but.

139

00:17:03.240 --> 00:17:05.040

Town of Parish: The thing is right now.

140

00:17:06.420 --> 00:17:16.980

Town of Parish: How do you get those paving machines in there in the score understand, no matter what we we've got to get a machine in there yeah and you've got to take at least one.

141

00:17:18.060 --> 00:17:24.600

Town of Parish: wall out that goes between the tennis Court and the basketball court you gotta have some way to get the machines in.

142

00:17:25.980 --> 00:17:29.910

Town of Parish: As this there's pipes are going to have to be cut off.

143

00:17:31.860 --> 00:17:38.520

Town of Parish: Maybe take the fence down and wiggle the post around Oh well.

144

00:17:39.570 --> 00:17:49.380

Town of Parish: You know i'm going to wait and see what brand has to see ya know is dishonesty jacking up there that's a few after.

145

00:17:50.730 --> 00:17:55.860

Town of Parish: Take everything out of there just taking the fence stone.

146

00:17:57.060 --> 00:18:02.160

Town of Parish: On lot of dollars yeah and we don't have to spend that time.

147

00:18:09.840 --> 00:18:11.220

Town of Parish: With that color pipe is.

148

00:18:15.060 --> 00:18:22.470

Town of Parish: Here it's been an issue for automatic for a long time, like, I think I have a fix for.

149

00:18:24.690 --> 00:18:25.410

Town of Parish: That colder.

150

00:18:27.540 --> 00:18:38.040

Town of Parish: Only goes about 30 feet yeah then surfaces yeah so we have the covert there I I addressed it earlier this frankie was a.

151

00:18:38.520 --> 00:18:50.190

Town of Parish: gentleman next door called me about it please feel yeah look at it and, in my opinion, you know we actually don't wait a bit up that side of that hill i'm, not that I want to have a working up that hill but.

152

00:18:51.990 --> 00:19:00.030

Town of Parish: there's plenty of room speak of the mini excavator is to swale that thing the whole distance and be done with it it's off the field.

153

00:19:01.470 --> 00:19:17.940

Town of Parish: not going to help the field, but that that could be a separate project and then there's another pipe further down hmm and then is surfaces again right below the swing sets and that's a whole that.

154

00:19:19.380 --> 00:19:28.410

Town of Parish: Just there's no baxter grade over other so there's just a lot of things and they either you to look at.

155

00:19:29.850 --> 00:19:38.010

Town of Parish: I don't think we only do it, but I I don't want a you know before they handed it to you and I went down and looked at it my thing was.

156

00:19:38.520 --> 00:19:51.180

Town of Parish: I know where you're talking at this point as a woman back any water, but it may need to be you know it is now it wasn't my look at it, as well as done i'm pretty went out there and but the thing for the field, from next door that.

157

00:19:51.870 --> 00:19:58.890

Town of Parish: I don't know why they put the point, the initiative as well, right from the get go from my house my next stop is behind everything, whereas in the clear yeah.

158

00:19:59.550 --> 00:20:08.910

Town of Parish: And then, would you wear that that would be something that you'd ever probably have to touch again but, as you as you come down that way oh all way down.

159

00:20:10.410 --> 00:20:11.400

Town of Parish: To the gate.

160

00:20:13.560 --> 00:20:17.430

Town of Parish: If you look towards the infield where the diamonds are.

161

00:20:19.500 --> 00:20:24.900

Town of Parish: there's half of that field, it is always work that way that.

162

00:20:27.090 --> 00:20:29.430

Town of Parish: I noticed it last year, when I was going.

163

00:20:30.600 --> 00:20:31.320

Town of Parish: Always what.

164

00:20:33.090 --> 00:20:38.910

Town of Parish: So if you could subsoil some green age tubing.

165

00:20:41.520 --> 00:20:45.270

Town of Parish: would be a great thing and then you wouldn't be afraid of.

166

00:20:46.920 --> 00:21:01.020

Town of Parish: Holding some kind of like old homes today or arts and crafts festival well people in no idea what I said I coach little league down there 30 years ago like that you'd have to cancel games.

167

00:21:02.640 --> 00:21:03.300

Town of Parish: So it's just.

168

00:21:04.590 --> 00:21:07.350

Town of Parish: I just mulling over things that couldn't be done.

169

00:21:08.580 --> 00:21:10.710

Town of Parish: To me, better, more use me.

170

00:21:12.300 --> 00:21:14.910

Town of Parish: So things like that, and I think are very are good.

171

00:21:15.930 --> 00:21:34.410

Town of Parish: But some of that money toward because it benefits the people of the town families, you know and and that the tennis court basketball court whatever so every day they get something out of this Coleman relief also you know I mean we've heard some.

172

00:21:35.610 --> 00:21:46.170

Town of Parish: Questions about well there is a girls team that uses a baseball diamond back there getting that up and and really nice shape.

173

00:21:47.280 --> 00:21:53.640

Town of Parish: Getting other times back so that literally people can use it and there is interest.

174

00:21:55.740 --> 00:21:58.170

Town of Parish: In that nice to see a little League and bearish again.

175

00:21:59.670 --> 00:22:03.420

Town of Parish: And I think there could be from what people told me.

176

00:22:04.860 --> 00:22:14.280

Town of Parish: that's just where you've got to create money if you're trying to attract more people come here and more tax revenue lot of families.

177

00:22:15.030 --> 00:22:30.000

Town of Parish: They like to move out of the country live and do that because, again they like to move at a bar but but, at the FDA for for my friends, maybe got a nice perk that's always a good someone point you know I think I forgot about it to a while back i've been approached by.

178

00:22:31.320 --> 00:22:39.750

Town of Parish: Quite a few people about possibly putting a soccer field that is a big thing with you today so easy I don't know i'm just i'm, just as you get.

179

00:22:41.100 --> 00:22:44.190

Town of Parish: That I get questions all right yeah with the park.

180

00:22:45.630 --> 00:22:54.420

Town of Parish: And yeah you go pass over by Mexico by the color guard condition act in the summer look yeah and the answer is soccer baseball yeah.

181

00:22:55.470 --> 00:22:58.290

Town of Parish: yeah no good idea that's good that's great.

182

00:22:59.700 --> 00:23:00.270

Town of Parish: um.

183

00:23:01.440 --> 00:23:05.160

Town of Parish: department reports highway report judge you got to.

184

00:23:12.330 --> 00:23:15.000

Town of Parish: Short and sweet, I hope, try to keep it that way, because I know.

185

00:23:16.290 --> 00:23:24.270

Town of Parish: it's got something to say and we try to get it done within somewhat of a hurry, but not too much okay we've been doing some equipment repair maintenance.

186

00:23:25.290 --> 00:23:30.660

Town of Parish: lot of road patching last minute call and santi earlier this week, really.

187

00:23:32.100 --> 00:23:35.970

Town of Parish: Clearing roads or the debris we talked about from the high winds and such.

188

00:23:38.070 --> 00:23:43.290

Town of Parish: Recently I have finished up to 84 agreement and a little hard to do with.

189

00:23:43.830 --> 00:23:52.620

Town of Parish: As I said, with the with the price of fuel, the way it is and everything is based off a few on a lot of the material we're not even though they're not even sure they're going to be able to get to us.

190

00:23:53.190 --> 00:24:01.980

Town of Parish: and your work, yesterday you understand that there's a laptop maybe a thing of next year because of its all oil based and we may we may not get it.

191

00:24:02.460 --> 00:24:09.900

Town of Parish: So anyways i've been working on that that's all done on there again i'm things can change is because prices are changing daily.

192

00:24:10.380 --> 00:24:20.010

Town of Parish: I recently attended a class, so you down there that you know some of that stuff so I don't work on some that to help to improve by position.

193

00:24:20.670 --> 00:24:32.910

Town of Parish: i'm i'm finalizing the salt contract for next year and we've been working on that last couple of days that's going very well, while I say it is it's it was more up to them at this point.

194

00:24:33.930 --> 00:24:41.250

Town of Parish: myself and other challenges are all working that are part of the all the Tokyo Commission in the local highway guys.

195

00:24:42.150 --> 00:24:58.440

Town of Parish: On the contract for moline as the morning, they haven't raised the price of that morning and approximately six years, well, we all know what the price of our new, more costs and what it's done in the last few years and the price of you all once again and parts and repairs at this point.

196

00:24:59.460 --> 00:25:06.960

Town of Parish: 90% of the local towns are saying we're not going to vote for the government, we can't do it we can't.

197

00:25:07.260 --> 00:25:14.970

Town of Parish: Just for a fictitious numbers they get paid \$6,000 to mall when it costs us \$8,000 we're not here to support the galleon.

198

00:25:15.270 --> 00:25:23.820

Town of Parish: In that aspect so so we're working on that with the Association of highway super dentists, are working on that you're trying to get us some more money at least enough to make it patron.

199

00:25:24.390 --> 00:25:32.580

Town of Parish: And another thing to keep in mind, too, is what I mean and your first year, I understand that, but what has.

200

00:25:33.180 --> 00:25:42.990

Town of Parish: What is the county do for us one hand washes the other type project thing you know I mean you know where that stands where we are down there with our garage and everything I got you.

201

00:25:43.350 --> 00:25:53.820

Town of Parish: Know online a lot, I would like to say that there really isn't we do more for them than they do for us, we don't know everything about it, and I know I heard that there's you know there's a way.

202

00:25:54.480 --> 00:26:01.620

Town of Parish: To Bangalore as well, I can see the color thing at the park there's there's some things that happen, but this this morning thing, once again we.

203

00:26:02.400 --> 00:26:10.350

Town of Parish: As as you do at home or anywhere else, that you have to watch your budget and you're not going to do something, something from what that cost, you know fuel is going to be higher in.

204

00:26:11.430 --> 00:26:20.490

Town of Parish: The dust, so that you know it's been a six year, roughly speaking it's a long time to not upgrade the contract a little bit get mad for nothing everybody's sort of help.

205

00:26:21.120 --> 00:26:26.400

Town of Parish: Give me, you know, everybody sure to help Oh, there you go to the State we're not going to have happy and.

206

00:26:27.180 --> 00:26:41.280

Town of Parish: Like I say all the towns around are in the same boat as we are and they're all on the same page of what they got at least they get paid enough to pay amanda do it and pay for the fuel and at this point it's not so so we're working on.

207

00:26:42.300 --> 00:26:50.850

Town of Parish: You know, working with going in and trying to get an address pool yeah because I know there's a lot of people in the pool myself that live on county roads.

208

00:26:51.900 --> 00:26:56.910

Town of Parish: And stuff and I understand that, but fryer and I couldn't tell you the exact date off the top of my head.

209

00:26:57.600 --> 00:27:05.670

Town of Parish: telling us to move all their own rules, this is something that's fairly recent last 1015 years that the town started model there's in there still are.

210

00:27:06.300 --> 00:27:15.090

Town of Parish: Quite a few towns, it refused him all that don't want them once again to our help you got to take care of your work and we work with the state we're working with me, too, because we.

211

00:27:15.750 --> 00:27:24.300

Town of Parish: can only allows 149 they can we share miles and sometimes you get into that well we're going to come back on our mouths well we're gonna come back and Harrison.

212

00:27:25.170 --> 00:27:37.050

Town of Parish: You don't fully know like i'm working away with the association with taking care of it and keep us informed on absolutely on the turnout is the results because grass is growing I hate, you know.

213

00:27:37.830 --> 00:27:44.340

Town of Parish: I again an hour before I came here, make sure that there was nothing that changed since the last minute will shape the directors and.

214

00:27:44.940 --> 00:27:49.410

Town of Parish: what's that will shape access to the shop right now being repaired, this is where i'm going with this.

215

00:27:50.190 --> 00:27:57.300

Town of Parish: It had to have a new transmission shop with in it, they had trouble with a clutch they replace it, a few years back, and it had trouble again.

216

00:27:57.720 --> 00:28:06.690

Town of Parish: Due to remain sealy any front transmission see elite which was caused by a shaft that had some girls that needed to be replaced what's in the shop now being repaired in.

217

00:28:07.980 --> 00:28:19.380

00:28:21.120 --> 00:28:27.810

Town of Parish: We got a flower more on it, or is it is a brush hog is similar to a rush Rotary type isn't very similar.

219

00:28:31.230 --> 00:28:37.140

Town of Parish: it's a lot of momentum as a director, you know it's an upgrade, we need to look into, along with many others.

220

00:28:37.710 --> 00:28:51.750

Town of Parish: We have a lot of outreach and needed need really need to have it down there may be an attack there, I know you don't want our budget goes and but there's there's quite a few upgrade, we need to do that have been in existence for a long period of time, many, many years.

00:34:50.040 --> 00:34:59.490

Town of Parish: And i'll be assisting the court with that i'll probably be logging in one of mine immediately because so they needed pretty soon and i'll be setting up and getting one out of order for them or.

258

00:35:03.750 --> 00:35:05.430

Town of Parish: i'd like to thank you, thank you for the.

259

00:35:06.540 --> 00:35:14.160

Town of Parish: New email I know there's quite a thing that go through, but I understand other day in the outlook now and it's.

260

00:35:14.670 --> 00:35:26.640

Town of Parish: Also, like the one we use at work, and I think everybody is pretty much going to announce oh yeah very kind of more simple and easy to use yeah in this new code anything, yes, how do you delete.

261

00:35:27.810 --> 00:35:28.500

Town of Parish: messages.

262

00:35:31.020 --> 00:35:34.140

Town of Parish: Well, I didn't take a look at what he's got a half a dozen.

263

00:35:36.600 --> 00:35:48.300

Town of Parish: Items yeah and I don't want to stay forever very good probably tell you how to do with your hands on your shoulders like a checkbox in front of me check it off and there's something on top of the line yeah no works.

264

00:35:49.350 --> 00:36:03.510

Town of Parish: Here yeah hurry savvy with this stuff, but I have not thinking every button exactly well i'm sure we can we can help you with all right i'll get to the good times yeah you don't do it right away, you shouldn't run out of space.

265

00:36:05.040 --> 00:36:08.010

Town of Parish: Well, I just like to leave a neat computer.

266

00:36:09.690 --> 00:36:15.600

Town of Parish: there's a lot of things like you bought her a lot of things you do not need to retain like you know.

267

00:36:16.350 --> 00:36:24.450

Town of Parish: If you had old copies of the times that were emailed to you, those are all available on your website so you don't really need to make their computer.

268

00:36:25.260 --> 00:36:35.850

Town of Parish: any type of mailing list you're on that it's a fault email that goes out to say from the county to all be spelled if you're under no obligation to retain things like that just.

269

00:36:36.420 --> 00:36:43.410

Town of Parish: understanding what we do need to retain a lot and I think it's pretty important Yes, this is an important subject and i've been looking for for.

270

00:36:43.740 --> 00:36:54.390

Town of Parish: starters betrayal for production units and valleys on that, because there are things that you should be retaining but mainly it pertains to your doing particular work on.

271

00:36:55.290 --> 00:37:09.840

Town of Parish: The basis of sit down and not so much things that you get from other places, or any kinds of ads are both mailing lists or things like that, and I know myself I get a tremendous lot of stuff it's just mailing list up announcements of upcoming workshops.

272

00:37:12.180 --> 00:37:24.270

Town of Parish: And not there at the median the other day, remember that lady in the open government sexual you know saying like anything to have meetings or anything keep it for 10 years so it's like it's quite a long time to keep.

273

00:37:25.320 --> 00:37:27.630

Town of Parish: Anything that has to do with a meeting.

274

00:37:31.980 --> 00:37:41.700

Town of Parish: I am looking for additional information to provide guidance to municipalities and what they should be keeping an image that is definitely something road and be paying more attention to in the future.

275

00:37:43.320 --> 00:37:48.870

Town of Parish: I don't know how I can stop the game and keep sending me the one to buy 10,000 boxes.

276

00:37:52.950 --> 00:37:54.060

Town of Parish: One point a couple of hours or five hours 53,000 miles 85 which is required for times of seeing five times in the same totally clean towels five don't worry our nine hours 18 minutes now Maggie for 17 mile just 74 three times daisy twice class guy.

Town of Parish: nine hours or.

294

00:40:41.100 --> 00:40:45.300

Town of Parish: New trainees hanging in there yeah we got one.

295

00:40:46.410 --> 00:40:46.680

Town of Parish: More.

296

00:40:48.900 --> 00:40:51.000

Town of Parish: On the occasion yeah okay.

297

00:40:52.290 --> 00:40:52.560

Town of Parish: Good.

298

00:40:55.530 --> 00:40:55.830

Town of Parish: yeah.

299

00:41:00.330 --> 00:41:06.210

Town of Parish: that's good yeah and then not for nothing, I know, fire department does a lot of stuff so anything you got that coming up.

300

00:41:06.840 --> 00:41:18.600

Town of Parish: That that involves a public or you know, sometimes we make sure robyn knows about it going is that the website, there was coming in and on our Facebook page yeah yeah good work good Thank you.

301

00:41:20.790 --> 00:41:23.370

Town of Parish: Kevin tax collector reports.

302

00:41:27.210 --> 00:41:41.100

Town of Parish: Actually attached booking period has effectively see i've turned on my records over to county but that doesn't mean my office is closed, we still respond to text search requests people request, I can I get a copy of my receipt yeah we did that too.

303

00:41:42.870 --> 00:41:48.030

Town of Parish: Okay, whatever else, I think it was long the tax collector so.

304

00:41:51.960 --> 00:41:53.460

Town of Parish: Jim mcelwain his box.

305

00:41:55.920 --> 00:42:05.520

Town of Parish: Right so basically this I reconciled with county on the eight so that's why this piece is dated for seven because I did the night before I did the typing today.

306

00:42:06.900 --> 00:42:12.390

Town of Parish: Just to make it up break it out later, so the adjusted warrant was 2,000,006.

307

00:42:15.150 --> 00:42:20.130

Town of Parish: That broke down into full payments of 232 million.

308

00:42:23.160 --> 00:42:27.570

Town of Parish: And then there was also installed, with him, because you are allowed to make installment payments going into.

309

00:42:28.650 --> 00:42:32.250

Town of Parish: installment payments was 42 or 4373.

310

00:42:33.540 --> 00:42:42.060

Town of Parish: And anything after January, starting in February 1 penalties were attached so collected penalties or \$3,094 and 80 cents.

311

00:42:42.510 --> 00:42:50.970

Town of Parish: Then on around March 14 late notices go out the door so there's a \$2 fee attached to those guys we collected \$90 on night notice feeds.

312

00:42:51.960 --> 00:43:04.770

Town of Parish: So total paid taxes was 2,000,439 922 10 to 12 unpaid taxes, which has been turned over to county and my park with the treasure bookkeeper earlier today.

313

00:43:05.100 --> 00:43:17.400

Town of Parish: That money should be coming in from county when I don't know but that's the amount that you should be receiving they may add some additional kind of needs to occur on top add additional funds to it, I don't know but I turned over.

314

00:43:18.480 --> 00:43:33.090

Town of Parish: 2,000,002 at a time i'm sorry 2282 288 32.94 How does that break out or there's 140 hundred and 4400 K tech still 1400 and 30 went out the door.

315

00:43:36.480 --> 00:43:46.320

Town of Parish: And then, as you can see it breaks down into three three goals or partial on page Those are all town properties for that amount of the amount of \$2,018 and 42 cents.

316

00:43:46.860 --> 00:43:56.310

Town of Parish: The remaining ones were 141 full on page 141 people did not pay their tax bill, at least to me they made to Spain county later, but.

317

00:43:57.930 --> 00:44:03.810

Town of Parish: So then, it breaks out into 14 of those were village for an amount of 47 162 61.

318

00:44:05.010 --> 00:44:18.180

Town of Parish: The remaining of those full on page 127 of them belongs to town, and it was for 179 621 91 which all that math adds up to 222 8850 to 94.

319

00:44:19.590 --> 00:44:26.370

Town of Parish: And also, when I county how I swear I reckon Tony I take you know to to to to build that I owe them.

320

00:44:27.870 --> 00:44:30.150

Town of Parish: I hope, County per the tax more.

321

00:44:31.770 --> 00:44:41.910

Town of Parish: month we did through our balance balance sheet a reconciliation worksheet I we are the town of county 817,007 36 or five that was.

322

00:44:43.170 --> 00:44:45.690

Town of Parish: fun actually Monday, when I dropped off all my records.

323

00:44:46.980 --> 00:44:53.730

Town of Parish: And also because we have utilities in this in the town national created for rising railroad a.

324

00:44:55.590 --> 00:44:57.840

Town of Parish: couple of headphones a cell tower.

325

00:44:59.400 --> 00:45:09.090

Town of Parish: I think some Intel fiber networks anything else, those are get paid it county so then county sends me the message hey here's what was paid account, including the human list and.

326

00:45:09.600 --> 00:45:22.200

Town of Parish: I have to fix it and fit it into the computer make it fit but also, I have to pay county their franchise fees, so the second check to county was franchise fees of \$130 and 12 cents so.

327

00:45:22.920 --> 00:45:33.480

Town of Parish: That made it came out of my all that my I collected in the door went into the Bank, I paid you guys, the amount for the warrant the town I paid the county my crew for settlement sheet.

328

00:45:34.140 --> 00:45:46.710

Town of Parish: And I had yay \$2,924 and 70 cents left over, but I call it the Bank in order to keep the tax collectors account open so that it doesn't get shut down, we have to go back and reopen it next year.

329

00:45:47.550 --> 00:46:04.200

Town of Parish: For I say in December, when it's time to start the process again the minimum balance to keep in there was \$300 so I kept \$300 and 71 sense of that aforementioned 2924 turned over to the bookkeeper today also the remaining 2624.

330

00:46:06.780 --> 00:46:10.950

Town of Parish: Great job That would be my final report perfect election season.

331

00:46:12.420 --> 00:46:16.740

Town of Parish: let's try to take a break yeah thanks again all right, thank you.

332

00:46:20.400 --> 00:46:21.750

Town of Parish: i'm finished business, we have.

333

00:46:23.400 --> 00:46:24.930

Town of Parish: Here we have to approve the.

334

00:46:26.370 --> 00:46:28.530

Town of Parish: resolution for the Western plow truck.

335

00:46:30.630 --> 00:46:35.160

Town of Parish: we're gonna need to get requires a majority vote, four out of five.

336

00:46:38.130 --> 00:46:43.650

Town of Parish: That we talked about this everything before everybody got a copy of it in front of them.

337

00:46:45.600 --> 00:46:46.920

Town of Parish: Have a need to read it everybody's.

338

00:46:48.000 --> 00:46:49.320

Town of Parish: got it okay.

339

00:46:57.780 --> 00:46:59.250

Town of Parish: Western star struck.

340

00:47:02.910 --> 00:47:07.980

\$40,000.

341

00:47:16.650 --> 00:47:17.460

Town of Parish: No down payment.

342

00:47:20.430 --> 00:47:21.540

Town of Parish: that's always Nice.

343

00:47:43.980 --> 00:47:45.270

Town of Parish: So what is the monthly payment.

344

00:47:53.010 --> 00:47:53.880

Town of Parish: How many years old.

345

00:47:55.980 --> 00:48:01.710

Town of Parish: tires are ran its mobile payments correct, it would be in total balance yeah.

346

00:48:05.040 --> 00:48:07.950

James Bernys: This is hey just so everybody knows, can you hear me.

347

00:48:08.640 --> 00:48:11.670

James Bernys: Yes, this is a 15 year loan.

348

00:48:13.200 --> 00:48:13.650

James Bernys: Please.

349

00:48:13.770 --> 00:48:17.490

James Bernys: it's paid off yearly you know once once a year, we have to pay this off.

350

00:48:18.720 --> 00:48:22.560

James Bernys: um but we don't have the financing exactly yet it's through usda.

351

00:48:24.300 --> 00:48:34.650

James Bernys: So they're not only granting us the \$30,000 grant but it's also a low interest loan through usda according to Jay grass, so when I spoke to last week.

352

00:48:35.910 --> 00:48:36.360

Town of Parish: Okay.

353

00:48:38.550 --> 00:48:43.410

James Bernys: And we can pay this off early, we can put some arpa funds towards it.

354

00:48:45.360 --> 00:48:48.180

James Bernys: And that's fine it's just best.

355

00:48:49.230 --> 00:48:54.810

James Bernys: For 15 years in case the arpa money disappeared, so when we started this we didn't know what we had.

356

00:48:55.680 --> 00:49:04.740

James Bernys: And that way, we could afford you know 15 year payments and makes the payment very minimal so it's not very much on the taxpayers and if we needed to.

357

00:49:05.400 --> 00:49:16.560

James Bernys: i'm also thinking about possibly ordering a another truck in the near future, so that all these small payments over the years will add up and.

358

00:49:16.650 --> 00:49:20.880

James Bernys: it'll just be easier over 15 year period, so I can get a good capital plan going.

359

00:49:21.900 --> 00:49:29.010

James Bernys: Because I know the other, and I know i'm George is probably there I know the other truck may need to be replaced within a couple years as well, so.

360

00:49:30.000 --> 00:49:35.610

Town of Parish: Actually, we have quite a few things down there that need to be replaced this is some of what I spoke of earlier.

361

00:49:36.630 --> 00:49:40.200

Town of Parish: are pretty rough shape as far as equipment goes pretty rough rough conditions.

362

00:49:40.890 --> 00:49:49.380

James Bernys: Right and and because the town is spent no money i'm over many years, most of our equipment is antiquated.

363

00:49:50.160 --> 00:49:57.480

James Bernys: And the highway department is what we really got to start looking at and making a good plan for the future.

364

00:49:58.110 --> 00:50:09.240

James Bernys: To get some of these things replaced, and this is just the start so over 15 years this loan, you know that the number is going to be small, we can use our funds, and possibly even pay it off.

365

00:50:10.440 --> 00:50:19.860

James Bernys: But it all depends on where you know the town council wants to take a look and see really where we should spend money so it's just an idea.

366

00:50:20.580 --> 00:50:32.580

James Bernys: But it takes a lot of thought, a lot more than you know just sit down tonight, but it would be almost like a workshop where we could sit down and discuss highway equipment, for example on just one workshop.

367

00:50:33.300 --> 00:50:33.570

know.

368

00:50:34.800 --> 00:50:40.470

Town of Parish: along the line I would like to be involved in all that, as far as a lot of the equipment week.

369

00:50:41.250 --> 00:50:48.840

Town of Parish: is not just our job, a lot of towns have done it they run the equipment too long, it needs to be treated in was still has a value.

370

00:50:49.200 --> 00:50:58.080

Town of Parish: You know it's no different than your car if you're someone who you know your is different if you're someone that drive to do you throw away, but if with with us, we have to keep relatively good equipment.

371

00:50:58.410 --> 00:51:12.240

Town of Parish: And we need to treat it in well, it still has a good value before it lost its value, everything has a beacon an address and it's something we spoke of the classes, I went to this weekend and or this past week, excuse me this week.

372

00:51:13.050 --> 00:51:21.990

Town of Parish: So we really need to address all of that we've done a lot of stuff out there, that really needs to be worked into a replacement plan well the last big purchase we had was a to cut.

373

00:51:22.740 --> 00:51:38.040

Town of Parish: Down done and I was on before that no one's better than the boy sentence right right loader down there, that is our number one piece of equipment that is it is wore out yeah I know, oh no second one yeah yeah.

374

00:51:40.320 --> 00:51:49.290

Town of Parish: yeah well you think about your load every one of them trucks to sandy apply, whether you fix repair road with it, that it's probably other than the trucks that number one use these with women and.

375

00:51:49.800 --> 00:51:59.400

Town of Parish: And we I, in my opinion, we need that next it larger longer, which makes it heavier duty makes it last a little better yeah but that's where i'm at with it, thank you.

376

00:52:02.130 --> 00:52:05.190

Town of Parish: Okay, thanks, Jim so the.

377

00:52:06.360 --> 00:52:06.990

Town of Parish: emotion.

378

00:52:08.880 --> 00:52:11.010

Town of Parish: emotion okay.

379

00:52:13.980 --> 00:52:15.810

Town of Parish: First and Second.

380

00:52:24.060 --> 00:52:24.540

Town of Parish: Yes.

381

00:52:26.760 --> 00:52:27.180

Town of Parish: Yes.

382

00:52:31.200 --> 00:52:31.770

Town of Parish: Yes.

383
00:52:34.590 --> 00:52:35.190
Town of Parish: Yes.

384
00:52:38.640 --> 00:52:40.350
James Bernys: Yes, yes.

385
00:52:46.470 --> 00:52:48.030
Town of Parish: Jim bakker.

386
00:52:50.430 --> 00:52:50.790
Town of Parish: years.

387
00:53:10.710 --> 00:53:12.180
Town of Parish: Okay, we prove that banners.

388
00:53:13.440 --> 00:53:14.820
Town of Parish: what's the deal with banners.

389
00:53:15.900 --> 00:53:30.480
Town of Parish: chalet site here so i'd say we should pattern that we don't have we don't have the village representative here, I was doing wholesale those rounds of veteran banners yes okay all right table.

390
00:53:33.780 --> 00:53:34.230
Town of Parish: Okay.

391
00:53:38.040 --> 00:53:39.150
Town of Parish: unfinished business.

392
00:53:46.290 --> 00:53:47.460
Town of Parish: that's no business.

393
00:53:51.000 --> 00:53:51.540
Town of Parish: He said you got.

394
00:53:54.840 --> 00:53:55.470
Town of Parish: It right here.

395
00:54:00.180 --> 00:54:00.570
Town of Parish: i've got.

396

00:54:05.790 --> 00:54:08.070

Town of Parish: An excellent Tony I brought I brought you and I.

397

00:54:19.050 --> 00:54:34.620

Town of Parish: Was installing because you don't know absolutely I couldn't see as a matter of fact materials for the road paving and stuff they wouldn't only give me like a 15 day they said the planner change into radical so fast that yep.

398

00:54:39.270 --> 00:54:48.180

Town of Parish: They can't guarantee anything like that became again we're gonna be able to get the stuff yeah we're not the only down, are you working with neither probably in the same hole.

399

00:54:48.600 --> 00:54:53.100

Town of Parish: So just for an example we ordered 150 trucks this year and.

400

00:54:54.060 --> 00:55:04.020

Town of Parish: We just got noticed to pull all our trucks out of old, yes, which is the option uh huh because we're getting you're not getting zero yeah see that's what i'm saying get no new trucks this year so.

401

00:55:04.920 --> 00:55:12.480

Town of Parish: During about their computer chips and everything and stuff they just didn't I made and I know it's everything I mean yeah we'll get working on your House, you get.

402

00:55:14.790 --> 00:55:18.270

Town of Parish: 719 \$50 award come on it so yeah.

403

00:55:19.710 --> 00:55:29.130

Town of Parish: So yeah Everything is subject to change, you know, but thank you for getting that together and and doesn't have one of these go to the county to or something.

404

00:55:33.510 --> 00:55:36.390

Town of Parish: Okay okay cool Thank you George.

405

00:55:39.600 --> 00:55:44.610

Town of Parish: And then the moment which we talked about that you know doing a budget meeting we.

406

00:55:45.720 --> 00:55:48.750

Town of Parish: Roughly estimated 7070 500 wasn't it.

407

00:55:50.280 --> 00:55:58.200

Town of Parish: Kelly around there that I found is around there that number yeah like I said, all the talents are in the same boat and they are working together as whether.

408

00:56:00.120 --> 00:56:10.020

Town of Parish: Commission to to get some more money, either we obviously can't do it for what we've been doing for the last six years, especially with as we just spoke is the price of things go off.

409

00:56:11.640 --> 00:56:22.290

Town of Parish: We just can't do it, and like you say there's a lot of times that are just opt out we're not gonna we're not gonna move down the road we can't we can't do something for 6070 \$500 if it costs us 10,000.

410

00:56:23.220 --> 00:56:29.760

Town of Parish: And that's where they're all out and so they're trying to work with we're trying to work with the county to get get something going hopefully this group.

411

00:56:30.090 --> 00:56:40.680

Town of Parish: of power in numbers and hopefully we get them to do something yeah hopefully something we're like I said, you know a lot of people live on county roads and oh absolutely well bottom line is we don't want the county's going to have to do with.

412

00:56:41.970 --> 00:56:47.310

Town of Parish: Some somebody's gonna take at least they always did in the past, at least during sections and stuff so you know.

413

00:56:51.870 --> 00:56:56.730

Town of Parish: How do we get to make a motion for the 24 agreement okay.

414

00:57:00.720 --> 00:57:01.170

Town of Parish: Okay.

415

00:57:02.220 --> 00:57:03.210

Town of Parish: The one for the town.

416

00:57:05.670 --> 00:57:07.710

Town of Parish: hall Robin second.

417

00:57:09.930 --> 00:57:10.800

Town of Parish: All in favor.

418

00:57:18.750 --> 00:57:23.340

James Bernys: yeah Gary I don't have that in front of me so i'm gonna have to abstain from that vote.

419

00:57:24.210 --> 00:57:27.690

James Bernys: Okay Sorry, I have no idea what it is, so I can't vote yes or no.

420

00:57:28.560 --> 00:57:28.980

Okay.

421

00:57:34.350 --> 00:57:35.880

Town of Parish: Kelly God don't put it down.

422

00:57:39.570 --> 00:57:42.630

Town of Parish: i'm in boxes on the downswing get once that account, you know.

423

00:57:44.460 --> 00:57:44.970

Town of Parish: Although.

424

00:57:46.170 --> 00:57:46.650

Town of Parish: No.

425

00:57:47.910 --> 00:57:50.490

Town of Parish: One second nobody will want to roll it.

426

00:57:52.140 --> 00:57:53.940

Town of Parish: All in favor Aye.

427

00:57:55.380 --> 00:57:57.390

Town of Parish: and sustain.

428

00:58:02.520 --> 00:58:03.210

Town of Parish: you're saying.

429

00:58:06.150 --> 00:58:06.810

Town of Parish: Okay.

430

00:58:14.430 --> 00:58:18.960

Town of Parish: Look at the message from the last workshop that I wasn't able to attend.

431

00:58:22.320 --> 00:58:22.710

Town of Parish: They.

432

00:58:24.660 --> 00:58:27.750

Town of Parish: said that there were the car was it the county does the.

433

00:58:29.160 --> 00:58:34.080

Town of Parish: dog enumeration COM company that's, you said you gotta do you watch the whole video on.

434

00:58:36.660 --> 00:58:37.470

Town of Parish: The C suite.

435

00:58:38.820 --> 00:58:39.420

Town of Parish: number nine.

436

00:58:40.500 --> 00:58:41.070

Town of Parish: Try it.

437

00:58:42.480 --> 00:58:43.500

Town of Parish: Now, like this.

438

00:58:46.170 --> 00:58:47.970

Town of Parish: What do you think do you see it seemed to.

439

00:58:49.680 --> 00:58:54.450

Town of Parish: Well, history says you go play l trying to find somebody to do it.

440

00:58:56.850 --> 00:59:01.920

Town of Parish: And a lot of things have been tried and it always ends up.

441

00:59:04.260 --> 00:59:04.770

Town of Parish: Core.

442

00:59:05.790 --> 00:59:07.590

Town of Parish: So it was time to go.

443

00:59:09.420 --> 00:59:09.990

Town of Parish: We can.

444

00:59:10.020 --> 00:59:12.570

Town of Parish: Try it and, like Kelly says, if you don't.

445

00:59:13.260 --> 00:59:14.760

Town of Parish: Think it's good we'll get out of it.

446

00:59:15.780 --> 00:59:19.980

Town of Parish: And I said something like they send out postcards 44 cents per card and.

447

00:59:21.900 --> 00:59:23.430

Town of Parish: run roughly around sits on a bunch.

448

00:59:25.980 --> 00:59:27.750

Town of Parish: spoke of this before yeah.

449

00:59:30.390 --> 00:59:34.650

Town of Parish: Oh, you can tell us what's happened in the past, that is not really done well.

450

00:59:35.700 --> 00:59:37.800

Town of Parish: But definitely needs to be updated, because.

451

00:59:38.820 --> 00:59:56.550

Town of Parish: that's 723 and 2010 to 20 325 bucks you don't know what you're going to come up with yeah it was a good movie correct, you know right, and so do we have to take an emotion and not vote on whether we want to use this.

452

00:59:58.950 --> 00:59:59.430

Town of Parish: character.

453

01:00:01.110 --> 01:00:03.150

Town of Parish: and make a motion and losing this company.

454

01:00:06.060 --> 01:00:06.600
Town of Parish: Richard.

455
01:00:11.580 --> 01:00:12.120
Town of Parish: favor.

456
01:00:12.330 --> 01:00:13.320
Aye.

457
01:00:14.670 --> 01:00:15.000
Town of Parish: Aye.

458
01:00:18.780 --> 01:00:19.290
Town of Parish: Beautiful.

459
01:00:22.740 --> 01:00:24.570
Town of Parish: let's see 2020 on it.

460
01:00:25.680 --> 01:00:29.700
Town of Parish: And know, we had done discussion on it, we have been.

461
01:00:30.810 --> 01:00:32.760
Town of Parish: We got audited for 2019.

462
01:00:34.020 --> 01:00:34.440
Town of Parish: and

463
01:00:36.450 --> 01:00:40.800
Town of Parish: it's I know there's Jim was saying, would you like to talk about this gym.

464
01:00:41.670 --> 01:00:43.500
James Bernys: Sure, I can discuss this real quick.

465
01:00:44.010 --> 01:00:47.910
James Bernys: i'm once again, we were audited by the State comptroller's office and.

466
01:00:49.890 --> 01:01:00.570
James Bernys: The bonnet ITO group audited us and to in 2020 I spoke with Greg Evans and he said he wasn't sure if we really needed a full audit.

467

01:01:02.040 --> 01:01:09.990

James Bernys: But, yet when you speak to other people they think when a new supervisor comes in, that all the books should be audited so it's really a.

468

01:01:11.820 --> 01:01:22.140

James Bernys: We budgeted \$20,000 to do this audit for this year so it's basically up to the counters whether we want to do an internal audit, which has to be done yearly.

469

01:01:22.500 --> 01:01:36.330

James Bernys: Or we hire the barna deal group who was just here last year to do it again so it's really up to the counselors on which way they want to go on this i'm not sure which way to go, either so that's why it's you know it's out there.

470

01:01:37.110 --> 01:01:49.950

Town of Parish: Anybody gets me input so and I discussed the sort of the classes i'm on Tuesday we are supposed to audit every department every year right and I.

471

01:01:50.430 --> 01:01:58.290

Town of Parish: And that we're not necessarily talking, you know balance sheets and we're in dollars to make sure i's are dotted and t's are crossed.

472

01:01:58.770 --> 01:02:10.200

Town of Parish: But I don't think any one of us here and I can't speak to Richard because you've been here for a while i'm would really know how to conduct an audit I think what might be beneficial.

473

01:02:11.130 --> 01:02:28.530

Town of Parish: Is if we use some of that \$20,000 to bring somebody in but commit to learning how to do the audit ourself so that's the following year, we are doing it and we're not just going does this look right, you know we know not doing dumb of Justice Department once.

474

01:02:29.880 --> 01:02:38.220

Town of Parish: sheila was a great option, yes, everything everything all lined up and set up and everything for us, but I know auditor I know right, you know.

475

01:02:39.690 --> 01:02:45.630

Town of Parish: They give you they give you a check sheet okay I saved the on the book there's a check sheet in the back of the book on you know.

476

01:02:46.020 --> 01:02:55.200

Town of Parish: What to look at when you audit the Supervisor, or what to look at when your audit auditing the Clerk what to look at when you're auditing the the justice.

477

01:02:55.920 --> 01:03:06.120

Town of Parish: So it's not like sitting there the calculator and making sure that they took in \$500 and they paid out 500 as much as all the records over you know actually I think of that.

478

01:03:06.420 --> 01:03:19.920

Town of Parish: Black book, we have that says state municipality law book I picked your sheets in there to there are samples right typical samples, you know I mean the whole day just thinking, if we go through the process with divine a deja vu began.

479

01:03:21.090 --> 01:03:26.100

Town of Parish: and be active participants, you know here anybody remember the charges in 19.

480

01:03:28.350 --> 01:03:32.430

James Bernys: In in 2020 I believe it was over 20,000.

481

01:03:33.420 --> 01:03:34.710

Town of Parish: there's over 20,000.

482

01:03:35.730 --> 01:03:36.450

James Bernys: I believe so.

483

01:03:37.500 --> 01:03:41.400

Town of Parish: In the village, we decided to audit our own.

484

01:03:42.600 --> 01:03:47.610

Town of Parish: We did have someone come in and help yes to explain it.

485

01:03:49.170 --> 01:03:56.850

Town of Parish: And then we did the work on, so you could get we could get to an advisor that might think of as.

486

01:03:58.260 --> 01:04:01.020

Town of Parish: A teacher or whatever you want to phrase it.

487

01:04:02.670 --> 01:04:05.250

Town of Parish: To get you under motion.

488

01:04:06.330 --> 01:04:10.440

Town of Parish: So that you understand what you're doing and why you're doing it.

489

01:04:12.330 --> 01:04:19.620

James Bernys: Maybe this may be a good spot for laird petri where we could use him to talk him to come in and.

490

01:04:20.790 --> 01:04:21.810

James Bernys: Do an internal audit.

491

01:04:22.770 --> 01:04:37.740

Town of Parish: yeah because I think when he was here last time he said that you know he'd be willing to be retired he wants to do, and nobody would know a better way to do it, then the former comptroller he was actually the one that you know this one, I was listening to yeah yeah.

492

01:04:38.880 --> 01:04:42.990

Town of Parish: yeah that'd be something look into that we can check with him, it might not even.

493

01:04:44.070 --> 01:04:45.750

Town of Parish: Be probably won't charges 20,000.

494

01:04:48.690 --> 01:04:49.080

Town of Parish: You know.

495

01:04:50.460 --> 01:04:50.700

Town of Parish: So.

496

01:04:50.730 --> 01:04:53.160

James Bernys: Does does Paul baxter have any input on that.

497

01:04:54.600 --> 01:05:00.750

Town of Parish: The only input, I have on, that is, I can report you that the condition just.

498

01:05:02.100 --> 01:05:09.600

Town of Parish: renew learns contract for another year as possible that some of what you want to have done might be available to you.

499

01:05:10.110 --> 01:05:25.170

Town of Parish: Via that contract Nice was fun the now extensive the soap services were that you're taking a look at our more than Larry good suggest or then there, you could say, well, I can do this, but not that, but you can certainly start the discussions with their.

500

01:05:26.460 --> 01:05:34.230

Town of Parish: ideal as a contract learn to provide services to our municipalities started good that'd be good to hear all that.

501

01:05:35.970 --> 01:05:36.480

James Bernys: I did.

502

01:05:36.750 --> 01:05:40.950

Town of Parish: I really look to the gym yummy top \$20,000.

503

01:05:42.000 --> 01:05:48.600

Town of Parish: Okay yeah there's already put in there, but so we don't have to spend it on the page something we're well covered yeah yeah.

504

01:05:49.830 --> 01:05:50.190

Town of Parish: yeah.

505

01:05:52.080 --> 01:05:53.640

James Bernys: here's here's what I will do.

506

01:05:53.820 --> 01:06:08.040

James Bernys: I will call Larry petri up explain them what we got and I will see what he thinks, whether we hire him personally, or part of it goes through tug hill i'll discuss it with him and i'll get back to you guys.

507

01:06:08.850 --> 01:06:09.930

Town of Parish: Okay okay cool.

508

01:06:11.580 --> 01:06:11.970

Town of Parish: well.

509

01:06:13.620 --> 01:06:14.100

Town of Parish: i'm.

510

01:06:18.300 --> 01:06:22.740

Town of Parish: Knowledge manhole bill, we got a bill from the village.

511

01:06:24.570 --> 01:06:26.460

Town of Parish: Apparently, from what I gather.

512

01:06:27.540 --> 01:06:43.170

Town of Parish: Three years ago, there was a man old put in world i'm not exactly sure where but there's a manual button, that the village paid for, and little street the top of mill street Okay, and from what I gathered the manhole.

513

01:06:45.090 --> 01:07:01.860

Town of Parish: In my opinion, was not put down deep enough was stuck on the road pretty far enough to where a pw buses are going to refused, they were to go down that road, because it's such a shock to the bus and probably anybody in the public that drives over this thing.

514

01:07:03.330 --> 01:07:12.690

Town of Parish: You know that the blah blah at it, which gonna work for the state, we had amount of time to and everything and it's not just you damage the manhole.

515

01:07:13.320 --> 01:07:24.270

Town of Parish: i'm sure the kindness here or there yeah it hurts the cloud do I know they did they do and I tried to explain this to the village that.

516

01:07:24.990 --> 01:07:32.820

Town of Parish: Get given a vehicle go to go to class guy go to which we will go to Syracuse every man who drive over will be that far on the blacktop.

517

01:07:33.270 --> 01:07:41.820

Town of Parish: It is not it's not installed right where the ground is he didn't do that man who has been there for who knows how many years the ground is moved the apple of war.

518

01:07:42.510 --> 01:08:00.510

Town of Parish: You are looking at a fellow dragon a great big block drop in snow off what deeper whatever over, you can see that me at all and you're expecting him to pick the blade to try to know that can be done in

the manhole was caused by frosty or whatever the moon, and we caught it it's.

519

01:08:02.070 --> 01:08:05.130

Town of Parish: called by my opinion i'm just one councilmember.

520

01:08:06.600 --> 01:08:18.450

Town of Parish: tomato was going to have to be repaired that's going to have to be cut off taken out before it even got it even happened yet right so seeing that the village paid put it in the first time.

521

01:08:19.530 --> 01:08:25.170

Town of Parish: And when you contract for some work or something like that to be done, naturally, somebody would.

522

01:08:25.590 --> 01:08:38.040

Town of Parish: I would assume would come out and look at it and approve it before we paid for it, so if it was not found properly like it should have been should have every parent at the time, now I, my opinion is if the town hit it with a plow.

523

01:08:39.180 --> 01:08:54.780

Town of Parish: it's not the responsibility of the town, whether corrected or whatever to pay for it because, again, it was going to be repaired anyhow, and so my my opinion and then what I think is.

524

01:08:55.800 --> 01:08:59.670

Town of Parish: The town should not be responsible for that bill I don't feel that they are.

525

01:09:01.290 --> 01:09:13.320

Town of Parish: No longer fit you people have to realize when the operators are in that pile if they hit your vehicle they're not obligate right so that being said.

526

01:09:14.550 --> 01:09:18.570

Town of Parish: I don't feel that we are responsible at all for that, I mean it's up to the.

527

01:09:18.810 --> 01:09:21.060

Town of Parish: board it says yes.

528

01:09:21.840 --> 01:09:26.190

James Bernys: Maybe i'm Bob could chime in a little bit legality wise on that.

529

01:09:26.850 --> 01:09:30.450

Town of Parish: yeah yeah I don't believe that the talents responsible either, I think that.

530

01:09:31.650 --> 01:09:33.330

Town of Parish: The plow the driver.

531

01:09:34.560 --> 01:09:37.440

Town of Parish: Under those circumstances are immune from liability.

532

01:09:39.060 --> 01:09:47.250

Town of Parish: yeah I had a couple of those instances, take place in the past, and there has been no liability on the part of the town.

533

01:09:48.720 --> 01:09:50.730

Town of Parish: and actually I mean.

534

01:09:51.930 --> 01:10:02.070

Town of Parish: If the village to village could turn around and say hey look it wasn't installed properly to begin with, you know what I mean if it was up to high, but then.

535

01:10:02.580 --> 01:10:11.250

Town of Parish: After three years, coming up and saying that it wasn't installed might be a problem, but again I don't believe the town's responsible for because you know.

536

01:10:12.630 --> 01:10:28.230

Town of Parish: We didn't send them a bill for the broken blade cutting edge and everything on the pile so I don't think we should be responsible for the repairs, or whatever he had to be done to the panel that's just but that's just my opinion on what everybody else input is greed and I find you.

537

01:10:29.310 --> 01:10:31.890

Town of Parish: yeah so anything the.

538

01:10:33.030 --> 01:10:42.210

Town of Parish: gym that we have to do with that do we have to make a motion to not pay that or do is it just because it's it's recorded kelly's got it that it's good enough.

539

01:10:42.780 --> 01:10:58.500

James Bernys: let's let's make a motion, not to pay that bill due to the various reasons that were discussed and that way at least there's emotion and we can prove to the Mayor that the town board unanimously or however voted to not pay that bill.

540

01:10:59.370 --> 01:11:03.210

Town of Parish: Okay, we got emotion I moved to heaven and.

541

01:11:06.300 --> 01:11:07.350

Town of Parish: Everyone in favor.

542

01:11:09.510 --> 01:11:09.720

Town of Parish: Aye.

543

01:11:10.830 --> 01:11:11.550

Town of Parish: majority.

544

01:11:20.700 --> 01:11:22.080

Town of Parish: New business after for.

545

01:11:24.210 --> 01:11:24.480

Town of Parish: me.

546

01:11:27.270 --> 01:11:29.100

Town of Parish: Anything else any.

547

01:11:31.350 --> 01:11:32.280

James Bernys: I do have something.

548

01:11:33.450 --> 01:11:35.640

Town of Parish: Okay, you Kelly's got something who wants to go first.

549

01:11:36.750 --> 01:11:37.950

Town of Parish: Okay, go ahead.

550

01:11:38.220 --> 01:11:47.400

James Bernys: Maybe it's the same thing Kelly was thinking of Kelly wanted to us to appoint Jackie Murphy, as her second debate, I believe.

551

01:11:49.620 --> 01:11:50.070
James Bernys: deputy.

552
01:11:52.860 --> 01:11:53.040
James Bernys: Is.

553
01:11:53.400 --> 01:11:54.480
James Bernys: What you were gonna say Kelly.

554
01:11:58.230 --> 01:11:58.530
Okay.

555
01:12:01.440 --> 01:12:02.490
Town of Parish: Well there's no.

556

Town of Parish: snow edit finances or anything, who is who is it again.

557
01:12:11.850 --> 01:12:12.330
Town of Parish: I don't.

558
01:12:13.800 --> 01:12:15.120
James Bernys: I can't tell you this much.

559
01:12:15.720 --> 01:12:20.910
James Bernys: Jackie works very, very hard on the village board I think she'd be a great asset to Kelly.

560
01:12:22.290 --> 01:12:23.730
Town of Parish: To white, why do we need a third.

561
01:12:24.810 --> 01:12:35.100
Town of Parish: Third, one i'm just curious because the others like Kevin works full time village and sometimes I need somebody and they're not available okay.

562
01:12:37.590 --> 01:12:43.050
Town of Parish: Someone to make a motion to approve kelly's fair deputy Doug first.

563
01:12:47.490 --> 01:12:53.520

Town of Parish: Richard secondly it around now we're trying to make everybody and she's very good at records man.

564

01:12:54.660 --> 01:12:56.670

Town of Parish: Responsible don't have to worry.

565

01:13:02.100 --> 01:13:03.510

Town of Parish: i'm saying fallen favorite.

566

01:13:03.630 --> 01:13:04.590

I.

567

01:13:05.700 --> 01:13:06.930

Town of Parish: Like beautiful.

568

01:13:09.450 --> 01:13:10.740

572

01:13:43.230 --> 01:13:50.490

573

01:13:53.430 --> 01:13:55.830

Town of Parish: All good as long as we don't get that mother's day snow again it.

574

01:13:57.600 --> 01:14:01.350

Town of Parish: will never leave a shadow bother doing that to work.

575

01:14:02.460 --> 01:14:14.220

Town of Parish: um okay informational items anybody got anything it's informative that they'd like to tell us about hers mentioned her bring up, I have nothing on the sheet here.

576

01:14:16.050 --> 01:14:16.440

Town of Parish: Okay.

577

01:14:19.860 --> 01:14:21.720

Town of Parish: So approval of the bills.

578

01:14:22.920 --> 01:14:24.630

Town of Parish: We got the transfers.

579

01:14:35.910 --> 01:14:39.420

Town of Parish: answer is zero negative balances for April.

580

01:14:40.740 --> 01:14:41.310

Town of Parish: 2020.

581

01:14:43.500 --> 01:14:45.360

Town of Parish: Okay, see object.

582

01:14:47.070 --> 01:14:47.850

Town of Parish: From on.

583

01:14:51.600 --> 01:15:02.130

Town of Parish: A 110 point four one justice materials and supplies is 1400 and \$23 and three cents.

584

01:15:03.300 --> 01:15:07.560

Town of Parish: To a 110 point for justice contractual.

585

01:15:08.670 --> 01:15:13.800

Town of Parish: 1400 \$23 and three cents um.

586

01:15:15.030 --> 01:15:21.090

Town of Parish: Do you want to prove these one, at a time, or do you want me to just read through the four of them and approve them as a group.

587

01:15:25.080 --> 01:15:25.500

Town of Parish: Okay.

588

01:15:25.590 --> 01:15:29.400

James Bernys: Right and Gary just so everybody's aware, these are just.

589

01:15:31.020 --> 01:15:40.260

James Bernys: Basically errors, where we may have put them into a wrong account even though they're in the same account if you notice the point four.

590

01:15:40.950 --> 01:15:41.160

Town of Parish: it's.

591

01:15:41.400 --> 01:15:46.620

James Bernys: The same thing, but we just messed up a little bit as to where they were in the budget.

592

01:15:48.000 --> 01:15:48.840

Town of Parish: or there's oh.

593

01:15:49.410 --> 01:15:53.340

James Bernys: yeah so it just goes up to a different to a bigger number on most of them.

594

01:15:53.880 --> 01:16:00.090

James Bernys: And the only difference was the ambulance somehow it was a quarter difference than what was budgeted.

595

01:16:00.750 --> 01:16:01.110

Town of Parish: Now.

596

01:16:01.680 --> 01:16:04.800

James Bernys: That we had to make up that from the contingency account of a quarter.

597

01:16:05.700 --> 01:16:20.160

James Bernys: But other than that one the other ones are just going from 1.8 to a different point eight where when it came across we made the mistake, especially employee benefits it should have gone into a subcategory a club or a clothing benefit.

598

01:16:20.790 --> 01:16:25.500

James Bernys: So we can track of it that's all those budgets are foreign trudy's there to confirm, as such.

599

01:16:26.970 --> 01:16:35.700

Town of Parish: And that's done was that contractual from parents, which is a 711 0.4 of \$22 and 27 cents to.

600

01:16:37.410 --> 01:16:38.580

Town of Parish: pipes electrical.

601

01:16:39.930 --> 01:16:54.600

Town of Parish: A 711 0.43 2227 and then the one you said about the ambulance from account a 199 0.4 contingency of 25 cents.

602

01:16:55.620 --> 01:17:04.200

Town of Parish: And to the day, four or 540 point four ambulance of 25 cents transfer.

603

01:17:05.310 --> 01:17:13.440

Town of Parish: Then from da 908 9.8 employee benefits \$199 and 97 cents.

604

01:17:14.550 --> 01:17:21.210

Town of Parish: To the da 90 89.8 employee benefits that close.

605

01:17:22.980 --> 01:17:25.740

Town of Parish: covers the four of them do I have emotions.

606

01:17:27.870 --> 01:17:28.410

Town of Parish: Second.

607

01:17:30.030 --> 01:17:30.450

Town of Parish: Second.

608

01:17:32.730 --> 01:17:33.570

Town of Parish: All in favor.

609

01:18:01.980 --> 01:18:07.350

James Bernys: Now that that supervisor report is just the monthly report that should have been printed out and putting your mailboxes.

610

01:18:07.920 --> 01:18:12.870

James Bernys: Okay, that shows you where those minuses are as well as all of our financials.

611

01:18:13.860 --> 01:18:14.910

Town of Parish: Okay, all right that's.

612

01:18:16.080 --> 01:18:16.680

Town of Parish: It don't mean.

613

01:18:17.220 --> 01:18:20.490

Town of Parish: Okay supervisors, my answer it but okay.

614

01:18:22.620 --> 01:18:23.820

Town of Parish: So we're going to need.

615

01:18:24.930 --> 01:18:29.460

Town of Parish: A motion for the general fund a to approve vouchers some.

616

01:18:32.490 --> 01:18:40.860

Town of Parish: 60 through 53 ready for for a total of \$37,868 and 50 cents.

01:19:49.980 --> 01:20:03.420
Town of Parish: expand on that last payment for the brand Oh yes, good news, yes, pay enough to less amount for that long for the end so that's a milestone that does good to know.

631
01:20:04.170 --> 01:20:20.400
James Bernys: that's correct yeah in in that amount, if you look on your unaudited vouchers is that hundred thousand dollars, as well as \$452 in interest and that ends our ran all together, like you said so that's a great thing.

632
01:20:21.930 --> 01:20:27.120
James Bernys: We didn't need a ran this year to run our town, so we continue to look forward.

633
01:20:28.020 --> 01:20:29.820
Town of Parish: So that's great.

634
01:20:31.650 --> 01:20:32.790
