19

00:01:51.030 --> 00:01:57.510

Town of Parish: She did this with the assistance, with the assistance of Williamson law and laird peachtree through the tequila Commission.

20

00:01:58.290 --> 00:02:13.620

Town of Parish: This was, at no cost of the town and saved us a lot of money, I want to publicly thank them for all their assistance we couldn't have done it without them, I was also able to finally to get the files downloaded for the arpa funds as file the quarterly report form as well.

21

00:02:15.090 --> 00:02:20.640

Town of Parish: During the past month trudy and I attended a fiscal oversight webinar through the New York State Council which.

00:02:21.270 --> 00:02:29.850

Town of Parish: I also attended a sweet county supervisors association meeting and I want to thank you to the counselors for changing our meeting date and allowing me to attend this meeting.

23

00:02:30.330 --> 00:02:33.960

Town of Parish: These webinars and meetings continue to allow us to learn and help us grow.

24

00:02:34.800 --> 00:02:42.690

Town of Parish: Finally, I want to thank amber at the Queen central news for coming to Paris and delivering their newspaper to our town and village offices.

25

00:02:43.020 --> 00:02:52.290

Town of Parish: I called amber early in the week, and she had the papers delivered to the offices that Friday so thanks again amber for being so quick with that it's really helpful on.

26

00:02:52.650 --> 00:03:00.180

Town of Parish: Getting the paper delivered every week, considering it's our paper that you know we put all our eggs in it was really, really great for to do that.

27

00:03:00.600 --> 00:03:12.330

Town of Parish: That ends my supervisors comments counselor comments, Mr orange well, I just wanted to thank gay in the fire guns what they done last Sunday for.

28

00:03:15.690 --> 00:03:18.810

Town of Parish: The people I really appreciate it.

29

00:03:21.930 --> 00:03:22.470

Town of Parish: yep.

30

00:03:25.650 --> 00:03:31.140

Town of Parish: Any other counselors wish to have a comment, I will add just briefly.

31

00:03:32.190 --> 00:03:39.510

Town of Parish: During the course of the last month, I did sit in on a couple of webinars mostly on social media and how it.

32

00:03:40.110 --> 00:03:53.460

Town of Parish: relates to town village and city type employees okay that's good, so now we got we continue to gather knowledge, which is a wonderful thing anybody else I haven't seen a square that they got the.

33

00:03:54.960 --> 00:04:15.930

Town of Parish: slides veteran flyers and stuff yes here in the village in a pretty good yes lot of positive comments on social media okay good good and we'll see we have it again once it's in our probably unfinished business, so we can talk about that in a little bit anything else, no Mr hogan yet.

34

00:04:16.950 --> 00:04:25.050

Town of Parish: we're going to continue on I on the agenda it's normally J grotto and Larry petri but neither one of them are here because we're moving right along.

35

00:04:25.590 --> 00:04:33.540

Town of Parish: But when they come here, we will just place them in once we finish with one of my items So the first thing on the agenda is to approve the Minutes.

36

00:04:34.500 --> 00:04:48.900

Town of Parish: The workshop of four 720 20 or 2022 That was the workshop I don't think we ever remove that from April 7 anybody have any changes i'm sure everybody got a via email through Kelly, or in their boxes.

37

00:04:50.220 --> 00:04:52.440

Town of Parish: Anybody have any corrections or anything like that.

38

00:04:53.790 --> 00:04:57.750

Town of Parish: Good job Kelly okay we'll move on to the regular meeting of 421.

39

00:04:59.910 --> 00:05:02.820

Town of Parish: Okay anybody have any questions on for 21.

40

00:05:05.400 --> 00:05:06.690

Town of Parish: I have one change.

41

00:05:07.860 --> 00:05:20.880

Town of Parish: um, and that is under unfinished unfinished business Kelly, not only in the western star plow which we will discuss later, but the amount it should have been 34,000 correct instead of 134.

42

00:05:21.900 --> 00:05:27.180

Town of Parish: Okay, so we found that little tidbit to correct and correcting she will correct it.

43

00:05:28.740 --> 00:05:35.790

Town of Parish: The men do we have to amend those minutes by a roll call well, you should have done, these separately okay.

44

00:05:37.230 --> 00:05:40.890

With that one would say, with the correction.

45

00:05:42.330 --> 00:05:42.930

motion.

46

00:05:45.150 --> 00:05:45.480

Town of Parish: Alright, you.

47

00:05:47.130 --> 00:05:48.090

Town of Parish: should have a vote.

48

00:05:49.170 --> 00:05:58.140

Town of Parish: Okay yeah let's let's approve the workshop minister and thanks Kelly from four seven to 22 all those in favor Aye Aye opposed abstained.

49

00:06:00.810 --> 00:06:07.740

Town of Parish: emotion, there we go back and I didn't know, we had to have a motion to approve minutes but we're doing it we're learning we'll get there.

50

00:06:08.970 --> 00:06:11.100

Town of Parish: Now, can we have a lot to do that again.

51

00:06:14.400 --> 00:06:22.650

Town of Parish: With a correction for the for 21 is that what you're saying yes okay so for 21 minutes, can I have a motion to approve those.

52

00:06:24.210 --> 00:06:25.680

Town of Parish: With correction correct.

53

00:06:27.150 --> 00:06:33.870

Town of Parish: Exactly perfect all those in favor Aye opposed abstained motion carries.

54

00:06:35.070 --> 00:06:39.780

Town of Parish: Special man that's our special meeting minutes sorry from 511.

55

00:06:42.000 --> 00:06:43.350

Town of Parish: Any question with those.

56

00:06:46.380 --> 00:06:51.630

Town of Parish: No none can I have a motion to approve those minutes, I will second.

57

00:06:53.070 --> 00:06:58.170

Town of Parish: All those in favor Aye opposed abstained motion carries Kelly.

58

00:06:59.910 --> 00:07:02.610

Town of Parish: You caught up fantastic.

59

00:07:10.710 --> 00:07:12.120

Town of Parish: Maybe something happened and.

60

00:07:13.230 --> 00:07:14.520

Town of Parish: it's not like him so.

61

00:07:17.100 --> 00:07:18.000

Town of Parish: Shall we.

62

00:07:19.500 --> 00:07:32.430

Town of Parish: go on to the committee reports, the arpa funds, so the arpa committee has not met until we had finished the process that you were doing with Okay, and where do we stand, specifically with that.

63

00:07:34.110 --> 00:07:47.610

Town of Parish: We stand now that all the electronic stuff is done now, what is the money available for us to start yes highway garage yes Monday night so whichever way your committee comes up.

64

00:07:48.900 --> 00:07:58.260

Town of Parish: hash it out come back if everybody agrees with that type of system, and we can work out monies or whatever and that's also going to help us because.

65

00:07:58.890 --> 00:08:06.120

Town of Parish: When Jay grasso comes in tonight discusses grants right, we can use some of that extra money to supplement these grants.

66

00:08:06.840 --> 00:08:17.250

Town of Parish: And so we can put in our book and put in in grant money can be pulled in, and we can go from there Okay, so we will um.

67

00:08:18.180 --> 00:08:26.220

Town of Parish: That way it'll all work out we're looking at spending it next year, we have till 2025 I think to spend the money.

68

00:08:26.610 --> 00:08:34.980

Town of Parish: So, by doing some of these projects, we can make a plan right and we can apply for grants for next year, and you know it could be a part grant it could be.

69

00:08:35.520 --> 00:08:44.070

Town of Parish: Anything or we may want us to put money towards this fall that we just purchased instead of going out 15 years you know we mean want to pay that off early it's all what.

70

00:08:44.850 --> 00:08:53.970

Town of Parish: You as a board want to do that's what I learned the other night was that is the hardest thing most towns are are having a hard time with with their money.

71

00:08:54.690 --> 00:09:08.340

Town of Parish: is deciding as a group of five how that money should be split up and nobody's really spent a lot of it, yet they're all kind of worried so they're all waiting to see what other people do and and Jay can explain that to I chatted with him for quite a while this afternoon.

72

00:09:09.600 --> 00:09:11.430

Town of Parish: But I saw laird Peter you walk in.

73

00:09:13.230 --> 00:09:19.380

Town of Parish: Because Doug is not here, so we have no highway committee report and we don't have a metropark committee report.

74

00:09:20.430 --> 00:09:24.840

Town of Parish: um so we'll do is we'll just move them down the list.

75

00:09:28.350 --> 00:09:29.400
Town of Parish: And maybe Doug will show.

76

00:09:31.830 --> 00:09:38.130
Town of Parish: Maybe he thought it was at 630 I don't know, but I did see laird petri walk in learn.

77

00:09:39.330 --> 00:09:40.380
Town of Parish: Are you prepared.

78

00:09:44.610 --> 00:09:56.940
Town of Parish: Well, I want to welcome you again to purse We appreciate all your time that you spend here and we're learning a lot from you, so our board is all here, except for Mr holton.

79

00:09:57.960 --> 00:10:09.870
Town of Parish: don't know where he is, but he will catch up, so if you want to give us your take and what we have to do to perform internal an internal audit, which is the way we want to go okay.

80

00:10:10.320 --> 00:10:18.570
Town of Parish: Then, at least we can get a background or something to assist us to start, because we really i've never performed one.

81

00:10:18.960 --> 00:10:30.030
Town of Parish: Is anybody here performed a internal audit, on the whole on anything in the town, I have in the Justice Department justin right now, which we've all done, the Justice Department this year, but other than that it wasn't.

82

00:10:30.900 --> 00:10:40.380
Town of Parish: So we're just looking for guidance laird like I you know explain to you so we're going to try to do an internal instead of going outside to an external source yeah.

83

00:10:40.980 --> 00:10:47.580
Town of Parish: If we get this question a ladder i've been getting likely to play with some other boards to so it's pretty good coverage actually I did a.

84

00:10:48.120 --> 00:10:59.190
Town of Parish: presentation is a local government conference in turning stone this year just on this, we talked about external audits, we talked about Boise audits and then we talked about internal audits and.

85

00:11:00.540 --> 00:11:14.940

Town of Parish: Usually, when we talk about an internal audit we're talking about the annual audit requirement to towns coming on 123 requires and it basically says that any how officer that.

86

00:11:16.110 --> 00:11:24.870

Town of Parish: received or disperses cash on behalf of the accounts test to present their records to the town board for audit so.

87

00:11:26.820 --> 00:11:30.120

Town of Parish: Where the question comes up a lot of times is what is it I.

88

00:11:42.600 --> 00:11:50.850

Town of Parish: Just kind of a formal examination of financial records of an individual or whatever, so it could be.

89

00:11:51.900 --> 00:12:02.130

Town of Parish: So it takes out a lot of different meanings and there's a different cost associated with them depending and what type of an audit that you want to do to satisfy.

90

00:12:03.210 --> 00:12:17.160

Town of Parish: Come on 123 so you've got three basic options to take care of or to consider to satisfy Tom I want 23 one would be that you could contract with a CPA firm.

91

00:12:17.880 --> 00:12:27.930

Town of Parish: And they could come in and do the annual audit of the various tongue records, it would be the town supervisor records that town clerk the town of justice.

92

00:12:29.250 --> 00:12:35.820

Town of Parish: If you have a recreation department, for instance, that receives money and disperses money, they would have to be audited.

93

00:12:36.870 --> 00:12:45.660

Town of Parish: Some counties have water and sewer departments and like that that they have water and sewer buildings, so they have to be audited as well, so.

94

00:12:47.370 --> 00:12:57.900

Town of Parish: So when if a CPA comes in, and does it that they're they're bound to have to stay to what they call the yellow book standards they have to perform what they call a gag is audit.

95

00:12:58.260 --> 00:13:14.610

Town of Parish: Which is generally accepted government auditing standards that's what ganga stands up though so because they have to state of those standards they have to charge a little bit more so that somebody knows that's what we did in.

96

00:13:15.960 --> 00:13:28.980

Town of Parish: 2021 for 2020 records that was the bottom do group that we hired them was like \$20,000 maybe I can't remember the exact amount, but that's what they did they came in.

97

00:13:29.400 --> 00:13:35.970

Town of Parish: We are books were audited in 19 through the comptroller's office, so we were out in 19 we did enough.

98

00:13:36.540 --> 00:13:48.930

Town of Parish: CPA audit and 20 and now we're looking to do 20 ones, but yeah typically when you when you engage the services of a CPA you've probably wouldn't have sent out request for proposals.

99

00:13:49.560 --> 00:13:57.150

Town of Parish: and engagement letter would be signed by both the parties and talking about what the scope of the audit is going to be.

100

00:13:57.870 --> 00:14:09.060

Town of Parish: Talk about payment terms and things like that, so a lot of towns and villages, especially smaller towns and villages that found that to be very expensive to do every year and.

101

00:14:09.540 --> 00:14:23.700

Town of Parish: So it depends upon how each board what their comfort level is and as to whether they feel they can do the audit themselves and state controllers office has prepared publications.

102

00:14:24.870 --> 00:14:33.240

Town of Parish: One i've got with me you guys got it got it, but I can leave it for you this fiscal responsibilities and the governing board.

103

00:14:33.870 --> 00:14:42.120

Town of Parish: there's a lot of discussion in here about how you could satisfy tell 123 to do your own internal audit.

104

00:14:42.570 --> 00:15:00.780

Town of Parish: And in the appendix sections in the back, they have a checklist approach and you may have, yes, I have to tell your talent justices right where there's there's a checklist for town clerk's there's a town a checklist for the town supervisor directors for departments and like that so.

105

00:15:02.190 --> 00:15:11.070

Town of Parish: that's one way that you could satisfy the requirements of is to use a checklist approach kind of like this here.

106

00:15:11.520 --> 00:15:19.530

Town of Parish: And kind of go through it, but some boards don't even feel like they're qualified to do that because they're not sure what records they might have looked at.

107

00:15:19.950 --> 00:15:29.760

Town of Parish: So the other option that you have is you can hire or or find a qualified person in the Community, maybe they were.

108

00:15:30.480 --> 00:15:45.540

Town of Parish: willing to volunteer their time and work with the board member to look at these records or you can hire a consultant to sit with a board member and or two Members or whatever and go through the various records.

109

00:15:46.260 --> 00:15:57.060

Town of Parish: The thing that you need to understand is that if you if if a board member does it with an individual guiding them whether it's a paid consultant or that.

110

00:15:57.630 --> 00:16:05.250

Town of Parish: Ultimately it's the Board has to accept the results of that it's not laying a CPA report where they're just going to hand you a report.

111

00:16:05.730 --> 00:16:14.970

Town of Parish: And then you would just accept that report, so if if the board member does it with individual or a consultant.

112

00:16:15.630 --> 00:16:21.960

Town of Parish: You would that board member would probably make a recommendation to the board communicate to the board and say that we.

113

00:16:22.530 --> 00:16:32.250

Town of Parish: That we review these records, we find to be fine or you could have a list of recommendations, you know different weaknesses internal control weaknesses that you found.

114

00:16:32.760 --> 00:16:47.460

Town of Parish: And you would make corrective action recommendations, so the same as a regular auditor, whether it be a CPA or a State controllers auditor that's typically what they're going to do is they're going to review your records.

115

00:16:48.570 --> 00:16:54.900

Town of Parish: And they're going to make recommendations or they might tell you that everything is fine and that you don't have to make any graph niche but.

116

00:16:55.320 --> 00:17:03.000

Town of Parish: Typically you'll find something and then you would talk about you know what you need to do to correct that So the first two options.

117

00:17:03.990 --> 00:17:08.760

Town of Parish: The Board doesn't have the responsibility to prove about if we get a board member like I said.

118

00:17:09.660 --> 00:17:19.470

Town of Parish: We have to prove their results right yeah so like if you yourself and and somebody else in the Community that wanted to work with if you had a qualified person or something that was.

119

00:17:19.770 --> 00:17:25.710

Town of Parish: comfortable with that you could sit down, you could go through this checklist approach ever look at the different records whatever.

120

00:17:25.950 --> 00:17:35.040

Town of Parish: And then you could go back and make to the entire Board and the recommendation that you know that you have reviewed the records, these are your file the file winning started following.

121

00:17:35.430 --> 00:17:46.890

Town of Parish: findings that you have and recommendations or whatever, and the board could accept that to that point now you satisfy Tom long 123 because you conducted on it um.

122

00:17:47.910 --> 00:17:58.560

Town of Parish: it's a possible or is it something that's also in practice and other towns to let's just say we have our five person board here We broke up into groups of two or three.

123

00:17:59.280 --> 00:18:16.260

Town of Parish: and worked with a consultant who essentially helped guide us through the process yeah um and then we all report back to the board, for example, maybe Gary and I audit gym and then Jim and Richard audit Kelly and.

124

00:18:17.400 --> 00:18:29.400

Town of Parish: me and Doug Austin we have yes yeah that's a that's a perfectly acceptable method to do it and some boards have qualified people rent on their board, I mean there's.

125

00:18:29.730 --> 00:18:37.680

Town of Parish: i've been to town with it, have GPS right on their town board, for instance, you know or have it just a public accountant we don't have.

126

00:18:38.580 --> 00:18:45.180

Town of Parish: But you don't have to have again it doesn't have to be a CPA you just want to find somebody that's comfortable.

127

00:18:45.570 --> 00:18:52.470

Town of Parish: With municipal accounting and Budgeting and has to be a little bit familiar with the various laws that you have to follow because.

128

00:18:53.370 --> 00:18:59.760

Town of Parish: local governments, the budget budgeting and accounting always has to follow the law it's not like private sector accounting.

129

00:19:00.210 --> 00:19:08.700

Town of Parish: Though with local government and school districts and everything but accounting and Budgeting has to follow the law so when you do an audit.

130

00:19:09.360 --> 00:19:20.340

Town of Parish: it's basically you're comparing the criteria, which is what you would expect to find normally what the law requires you compare the criteria to the condition.

131

00:19:20.760 --> 00:19:30.840

Town of Parish: So you know that's what I would do if I was there do it here on it, I would look to like get your budgeting practices, for instance, I would look to see what the law requires.

132

00:19:31.320 --> 00:19:41.040

Town of Parish: And then I would compare that to how you actually perform the budget procedures, and if there were discrepancies that would be noted in there be recommendation.

133

00:19:41.520 --> 00:19:52.110

Town of Parish: same thing with cash receipts and cash disbursement procedures and that's really what 123 is looking for you to do is they want you to.

134

00:19:52.470 --> 00:20:02.490

Town of Parish: get a good handle on the internal controls for collecting monies and dispersing monies and safeguarding town assets it's not really.

135

00:20:02.880 --> 00:20:13.890

Town of Parish: it's not intended to be like a financial audit that you would typically get where somebody just comes in and look at your accounting records and they regurgitate those records back into a financial report, you know.

136

00:20:14.400 --> 00:20:22.740

Town of Parish: it's not like we're a nickel off they're not going to find that that right there looking right, this is more looking for our your procedures and controls.

137

00:20:23.100 --> 00:20:38.040

Town of Parish: Such that you're safe guarding the taxpayer dollar so that's and I always recommend boards to take if they can possibly do it to do these internal audits themselves because that's how you learn about your operations you don't learn much when.

138

00:20:39.180 --> 00:20:45.870

Town of Parish: An external auditor comes in and just goes through your things in hand you back, have you know, a 50 page report, you know.

139

00:20:46.410 --> 00:20:58.740

Town of Parish: it's you can get think good things out of there, but you learn much more about your own operations just learn more from doing yeah you really do and just by reading those two past audits.

140

00:20:59.250 --> 00:21:11.670

Town of Parish: Most of that was procedural errors errors that we had that we need to improve on Procedurally, whether it be we don't have this policy or that policy and, if you read both audits you'll see.

141

00:21:12.150 --> 00:21:19.590

Town of Parish: Some of the things have been worked on in the past, which is good and some haven't but that's what they want and they're almost identical.

142

00:21:20.820 --> 00:21:29.310

Town of Parish: In what they're saying you know and that's it most of it is procedurally that we haven't been able to do yet and that we're going to work on in the future so.

143

00:21:30.330 --> 00:21:40.410

Town of Parish: Just so you know to see you know anybody has those audits Kelly has them I have copies of them, you can come read them and see where we're a little deficient in what we're doing.

144

00:21:41.700 --> 00:21:48.000

Town of Parish: yeah and like you know the difference between what you guys would do eternally versus like.

145

00:21:48.480 --> 00:22:03.840

Town of Parish: A state controllers audit, for instance, the state controllers on it is is more of what they call a performance on it, where they'll come in and they'll look at how you do different procedures which you guys are going to look at too, but they look at it, as to.

146

00:22:05.610 --> 00:22:17.520

Town of Parish: The compliance with the law, but also, are you making the most effective choices with the taxpayer dollars, you know or their cost saving opportunities and things like that so.

147

00:22:18.300 --> 00:22:28.350

Town of Parish: Very rarely will you get unless you're having a financial condition on it, but state controllers office, most of their audits are geared more towards performance and.

148

00:22:28.920 --> 00:22:38.610

Town of Parish: As to them and they'll picked up a particular area of your town government and usually, when the state comptroller's office first comes in.

149

00:22:39.090 --> 00:22:44.460

Town of Parish: They do what they call a risk assessment and they come in and eight they do a cursory review of.

150

00:22:44.940 --> 00:22:52.650

Town of Parish: All your departments down the key documents like bank reconciliations and they'll read through your minutes and things like that.

151

00:22:53.010 --> 00:22:57.780

Town of Parish: And they're trying to get a determination as to where the weaknesses and where the risk is.

152

00:22:58.470 --> 00:23:14.250

Town of Parish: And so they might come in and they might look at all of your stuff and say you know what everything looks it seems to be pretty good, but the payroll process has some weaknesses, so they may stay then and do an audit of payroll just the payroll.

153

00:23:15.390 --> 00:23:27.900

Town of Parish: They years ago we used to audit everything cash disbursements cash receipts payroll fixed assets everything those audits went away a long time ago now it's more.

154

00:23:28.320 --> 00:23:37.350

Town of Parish: Where they they come in and they do that risk assessment and then they select an objective based upon where they determine that you have the most weaknesses.

155

00:23:37.830 --> 00:23:46.380

Town of Parish: And where you need more recommendations to so you're going to kind of do the same thing yourself you're you're doing your own risk assessment, you know.

156

00:23:46.800 --> 00:23:56.100

Town of Parish: And when you get involved yourself that's when you're going to see the weaknesses and you're going to talk to beer department heads or whatever and and.

157

00:23:57.150 --> 00:23:58.950

Town of Parish: You know what can you do to change things.

158

00:24:00.390 --> 00:24:18.960

Town of Parish: So it's it's really a good learning experience I always recommend boards to try it out now there are going to be times that you're going to have to hire a CPA firm to do an audit if you get like federal funding if you expand more than \$750,000 a year in a calendar year.

159

00:24:20.460 --> 00:24:25.140

Town of Parish: of federal money then that's what they that triggers what they call a single audit requirement.

160

00:24:25.710 --> 00:24:35.460

Town of Parish: And then, they have to, then you have to hire a CPA firm and then they're going to have to put a request for proposals typically they'll be auditing the Program.

161

00:24:35.910 --> 00:24:50.250

Town of Parish: that the Federal funds came, for you know wait a bit of capital project or something, but sometimes it involves an entire audit of all time operations it all it all depends upon the monies and what triggers a single audit.

162

00:24:51.360 --> 00:25:03.270

Town of Parish: here's a question, seen as we've just had a comptroller's audit CPA audit how many years between CPA audits, do you recommend.

163

00:25:05.010 --> 00:25:15.300

Town of Parish: hard to say again, it goes back to your comfort level and what's going on in town like parish I mean we don't have a lot of our biggest is the highway departments, you know.

164

00:25:16.350 --> 00:25:35.010

Town of Parish: Sometimes, what triggers concerns and maybe more frequent on it would be if you got like a an official that was very involved in cash and like that that retires after so many years, or whatever and you're going to bring somebody else in know and.

165

00:25:36.570 --> 00:25:43.530

Town of Parish: The new person comes in, and you start to see things that don't appear to be right, or whatever, or sometimes that works.

166

00:25:44.460 --> 00:25:53.940

Town of Parish: At on it sometimes it just warrants a phone call to the State controllers office you know and sometimes the controller's office will feel.

167

00:25:54.300 --> 00:26:02.040

Town of Parish: Looking to something like that, especially if there's fraud concerns and like that so it's it's hard to say I mean some.

168

00:26:02.850 --> 00:26:14.490

Town of Parish: Some towns and villages have never had a CP and others that do it on a routine basis you know, sometimes it's every couple years I know talent at do them every year, you know.

169

00:26:15.300 --> 00:26:20.940

Town of Parish: I believe that a lot of times that that that is because they don't really understand that the that the.

170

00:26:21.270 --> 00:26:33.120

Town of Parish: term audit is defined in our an audit can mean a lot of things you know and the scope of the audit is going to depend on who's performing me on it, and what it is that you're looking for you know.

171

00:26:34.770 --> 00:26:35.430

Town of Parish: ever changing.

172

00:26:38.100 --> 00:26:45.540

Town of Parish: I think a few years ago, remember john they said they haven't done the annual required on it's really 10 years.

173

00:26:46.140 --> 00:27:00.270

Town of Parish: That varies as an another sentence like we were supposed to be, we found out oh geez responsibility with us every year, and now we're starting to get more into it yeah annual basis, you know what I mean Richard Have you ever been involved in an audit internally.

174

00:27:01.980 --> 00:27:13.620

Town of Parish: Now okay so let's start now well yeah there's always we can always get better that's for sure time like the present, we got done with it all and we never got into it okay it's it's you know I.

175

00:27:14.070 --> 00:27:18.450

Town of Parish: Prior to working with the state controllers office I worked as a circuit writer for a couple years for.

176

00:27:19.140 --> 00:27:27.510

Town of Parish: Some talents North and I used to attend their tongue board meetings and I used to watch him do the annual audit requirements, you know and.

177

00:27:28.260 --> 00:27:34.290

Town of Parish: Some of the ones that I sat through they were just kind of the back end and everybody had ledger books that would be for.

178

00:27:34.710 --> 00:27:53.790

Town of Parish: A lot of computers and they took the old ledger books and as they're conducting their town meeting they're passing the books around and somebody would kind of flip through a few pages and then they would initial it and they pass it to the next person that's not how 123 rick.

179

00:27:54.870 --> 00:28:00.330

Town of Parish: envisions that an audit supposed to be conducted, you know if if you're going to do it yourself.

180

00:28:01.290 --> 00:28:12.210

Town of Parish: You wouldn't just have the accounting record you got to have all the supporting documents you've got to have the cancelled checks, all the bank statements duplicate receipts things like that everything.

181

00:28:12.690 --> 00:28:19.890

Town of Parish: That you're used to generate those records and reports, they should be available to you and you should be.

182

00:28:20.550 --> 00:28:32.490

Town of Parish: sampling, you know and that's what this checklist will do it'll it'll kind of have you checked make make a sample like fake day okay pick a month bank statement you know you might pick.

183

00:28:33.450 --> 00:28:43.140

Town of Parish: november's banks date or whatever, and you indicate that you looked at november's bank statement and if there was any problems or whatever, that would be indicated.

184

00:28:44.190 --> 00:28:53.280

Town of Parish: In the way this is supposed to go is let's say, for instance, you look at november's bank statement and it doesn't reconcile there's problems with it whatever.

185

00:28:53.640 --> 00:29:01.530

Town of Parish: Then you might want to expand your sample Okay, you may be now you want to look at July, or something you know, is this a common problem or was just just.

186

00:29:03.060 --> 00:29:11.280

Town of Parish: A one time thing with November or whatever so that's what you would want to do is you want a cursory review will sampling and.

187

00:29:11.910 --> 00:29:18.900

Town of Parish: every once in a while you want to expand if you're finding issues you know until you're satisfied and it all comes down to your comfort level.

188

00:29:19.800 --> 00:29:37.830

Town of Parish: And really as an auditor, as I always had to do, I had to sample and if I ran into a problem I would expand my sample little bit until my comfort level were satisfied, you know because there's not enough time to look at 100% of the transactions.

189

00:29:38.880 --> 00:29:46.140

Town of Parish: Of course of a year, you know, so you have to sample and you have to speak to your own comfortable with it.

190

00:29:49.050 --> 00:29:51.210

Town of Parish: Any other questions from any of the board members.

191

00:29:52.350 --> 00:29:55.230

Town of Parish: Our timeline on doing the annual audit.

192

00:29:56.340 --> 00:30:03.870

Town of Parish: It should be done within the first 60 days of the close of the fiscal year that's what the law requires.

193

00:30:04.920 --> 00:30:15.060

Town of Parish: Unless you've already engaged the APP the services of a CPA firm, so if you've contracted with a CPA firm that's going to come in and do this annual audit for you.

194

00:30:15.570 --> 00:30:26.700

Town of Parish: Then you you don't have to have it within that first 60 days now, is it a hard and fast rule, they have to do it within 60 days.

195

00:30:27.600 --> 00:30:40.380

Town of Parish: You know yeah no I mean not currently not there's I think there's flexibility, I mean sometimes there's you know different people's schedules, or whatever, and sometimes maybe the book didn't get closed on time or whatever.

196

00:30:40.920 --> 00:30:56.280

Town of Parish: So I always encourage you to try to stay within that deadline, if you can, but the most important thing is that you do it, you know and we just filed our annual on is you know you know you're helping us so that was already late, we got an extension on it, so we couldn't be late.

197

00:30:57.330 --> 00:30:58.020

Town of Parish: And silly.

198

00:30:59.490 --> 00:31:05.070

Town of Parish: But so i'm sure that that goes as well, because you can't be doing both of them because you're not even.

199

00:31:06.120 --> 00:31:11.820

Town of Parish: married I know one thing you mentioned in the past is that you don't have to leave it to do it all at once.

200

00:31:12.240 --> 00:31:26.490

Town of Parish: You can get together several times into smaller pieces to share verse of the year, rather than doing a whole years worth I was going to suggest that are approachable that we attacked us this year, maybe late summer fall.

201

00:31:27.570 --> 00:31:40.410

Town of Parish: Granted we're months and months late but we'll all then have the experience so that next year within the first 60 days, God willing or 90 days will know what we're doing right.

202

00:31:41.820 --> 00:31:54.240

Town of Parish: Now we can definitely you know you got time we'll discuss it like I said he said some balance haven't done it in 10 years old we're doing our best that's all we can really do you don't have water and keep moving.

203

00:31:55.410 --> 00:32:13.920

Town of Parish: From from our state controllers perspective, they look at things like are you performing that and when are you doing it you go a lot of years without doing that to them that that represents risk to them right so it's part of their risk assessment procedure is.

204

00:32:14.940 --> 00:32:27.960

Town of Parish: How serious, are you taking your job, basically it's what they call the tone at the top, you know they they they look at the control environment that's why that's why auditors, a lot of times when they come through they'll read your minute books, you know.

205

00:32:29.070 --> 00:32:39.240

Town of Parish: Your minutes tell them an awful lot about the control at the top, they tell a lot about the controlled environment how involved is the board in oversight type of things you know.

206

00:32:39.600 --> 00:32:46.170

Town of Parish: So, you know that that was why years ago when we used to do towns and villages every three years.

207

00:32:47.010 --> 00:33:00.450

Town of Parish: The very first thing we did is, we had to sit down and read through three years, three years worth of minutes because you started, where the last examiner and then there are three years ago, so you started in the Minutes there, and you read forward.

208

00:33:01.110 --> 00:33:10.740

Town of Parish: To and then you may know, two different things that you want to look at during the audit, but the Minutes tell you an awful lot about it so anytime.

209

00:33:11.340 --> 00:33:28.530

Town of Parish: That a board has any type of discussion about you know that would reflect on the fact that you're really looking at things and and scrutinized and things things like that should get the Minutes, because that speaks volumes about you know the tone at the top.

210

00:33:30.480 --> 00:33:38.100

Town of Parish: I think there's other last time pros out there was a section in there that the board needed to step up its.

211

00:33:39.270 --> 00:33:53.760

Town of Parish: oversight of the finances and still else yeah because I think your last I think your last or where she was back when you were listed on the physical stress, and so it was that was more of a financial audit.

212

00:33:54.870 --> 00:34:02.430

Town of Parish: That talked about budgeting practices and and things like that, but it didn't I don't think I wasn't involved in the audit but.

213

00:34:03.690 --> 00:34:12.750

Town of Parish: I remember the audit because I came in and did a county board budget training during the idea for the board at that point, I don't know if any of you guys want to do or.

214

00:34:13.860 --> 00:34:26.730

Town of Parish: die, so I remember the audit and a little bit, and so it really wasn't a lot of cash controls, for instance, that you're going to be looking at and in your own internal you're going to be looking at some of the things but.

215

00:34:28.110 --> 00:34:32.250

Town of Parish: That last always see on it, you didn't really they didn't look at you know.

216

00:34:33.870 --> 00:34:47.760

Town of Parish: Claims auditing and your cash controls over receiving and depositing monies and things like that, but there's checklist approach, we will be looking at things like that you know how long is similar to the judges.

217

00:34:48.930 --> 00:35:07.290

Town of Parish: Sure yeah yeah the judges have saying control type of issues, you know, without how often to any deposit their monies are receipts being given things like that so everybody that receives and disperses cash should have the same internal control standards that you.

218

00:35:09.210 --> 00:35:09.360

Have.

219

00:35:11.100 --> 00:35:12.480

Town of Parish: Any other questions for.

220

00:35:13.860 --> 00:35:18.630

Town of Parish: I always have questions for learn So if I have no more to the new one.

221

00:35:20.220 --> 00:35:32.490

Town of Parish: Do you have made, you yourself work with board members in different times to yeah i've done that in the day to day I sat with a county board member recently and dinner justice.

222

00:35:33.480 --> 00:35:41.220

Town of Parish: You know, because that's one of the options that that's allowed you know the board wasn't comfortable themselves at that point.

223

00:35:42.000 --> 00:35:51.120

Town of Parish: The goal was that to get them to the point where they're weaning themselves away from having to be dependent on somebody else, and that should be your ultimate goal to.

224

00:35:51.660 --> 00:36:03.570

Town of Parish: You rotate your board members and get everybody involved a little bit and they're learning about it eventually if they're guided by somebody else eventually you won't need anybody else you know.

225

00:36:04.680 --> 00:36:07.350

Town of Parish: But yeah it's a number.

226

00:36:08.790 --> 00:36:10.080

Town of Parish: it's happening, which.

227

00:36:11.940 --> 00:36:23.610

Town of Parish: i'm seeing a lot of town boards that are getting more and more comfortable with their own internal audit, you know and i'm glad to see that, because it is a great learning experience for you you'll learn a lot about your government.

228

00:36:27.750 --> 00:36:31.440

Town of Parish: And we all sat willard Thank you very much, learn a daily and.

229

00:36:32.520 --> 00:36:33.630

Town of Parish: i'll leave this with you guys.

230

00:36:35.040 --> 00:36:36.150

Town of Parish: You might already have it, but.

231

00:36:38.250 --> 00:36:39.360

Town of Parish: They also have a.

232

00:36:40.500 --> 00:36:48.030

Town of Parish: I have a hand on my slides and I did it turning stone which is about the same topics Okay, so you might find that helpful to.

233

00:36:51.840 --> 00:36:57.150

Town of Parish: So if you don't have any need for me anything i'll let you get back to you and thank you again, thank you.

234

00:36:58.830 --> 00:37:12.510

Town of Parish: All right, I saw gentlemen walk in that I assume is J grotto and when we spoke to them on the phone so we're going to bring Jay Gospel and Next, I hope, her ears are so good will continue to learn yeah come on up Jamie we want me.

235

00:37:14.130 --> 00:37:17.370

Town of Parish: right there now will make you comfortable Thank you i'm Jim, by the way.

236

00:37:18.960 --> 00:37:19.770

Town of Parish: During when.

237

00:37:22.290 --> 00:37:24.630

Town of Parish: We talk weekly I swear sometimes we don't.

238

00:37:26.400 --> 00:37:28.140

Town of Parish: Have any Novak you're you're.

239

00:37:30.540 --> 00:37:31.110

Town of Parish: Making my way.

240

00:37:32.610 --> 00:37:33.240

i'm sure you.

241

00:37:37.770 --> 00:37:46.380

Town of Parish: know I appreciate you having me down, I know you have a very, very full agenda, so I promise not to just cut me off with a nice did you have to do is, I know, when you and I get on the phone.

242

00:37:48.630 --> 00:37:49.170

Town of Parish: A lot.

243

00:37:50.430 --> 00:37:55.290

Town of Parish: As some of you might know or might not know i've done previous grant work for the town.

244

00:37:56.460 --> 00:38:07.200

Town of Parish: Starting several years back, most recently we were able to obtain \$34,000 from the usda for the purchase of our.

245

00:38:08.250 --> 00:38:17.760

Town of Parish: New truck so that's a that's a good thing, and I know traction what do we have the waiting list now a year, where we, what are we looking at these days is supposed to be coming I don't know when.

246

00:38:18.540 --> 00:38:25.200

Town of Parish: it's nobody knows when nobody knows, nobody knows and it's coming and that's why we are content still working on our usda.

247

00:38:26.820 --> 00:38:34.020

Town of Parish: you're on this you all right well we're more than happy to help with that, and when we get past the The posting then.

248

00:38:34.800 --> 00:38:42.660

Town of Parish: we'll talk to renee from usda actually inside leave Cassandra that we have to deal with now yeah the laser boss, yes, so.

249

00:38:43.320 --> 00:38:51.390

Town of Parish: Because I just go she's she'll be helpful right but she's still sort of relatively new okay so we'll do whatever we have to do to make sure that that.

250

00:38:51.600 --> 00:38:59.070

Town of Parish: Money comes to the town it's a lot of money and really wanting \$34,000 so i'm happy about that, but we can kind of talk about that today.

251

00:39:01.050 --> 00:39:11.970

Town of Parish: And the good thing is, we opened up a satellite office section williamstown our regular office or main offices in an expense report outside of Rochester.

252

00:39:12.930 --> 00:39:19.050

Town of Parish: I now put heat in that office will be able to utilize it in winter because it's really cold up here so.

253

00:39:19.710 --> 00:39:25.620

Town of Parish: Now that we have heat and it will be able to utilize that so we'll be coming up here more as we do more central and one North country work so.

254

00:39:26.070 --> 00:39:33.690

Town of Parish: i'm 10 minutes away right that's so you know what I was hoping we could do and talking about some of the grants that are coming up and that'll be coming up in the future.

255

00:39:35.190 --> 00:39:43.950

Town of Parish: You know, maybe after that right now we're in the midst of the consolidated funding application or a period or see a bakery when most of the state's grants are written, not all but most.

256

00:39:44.460 --> 00:39:52.800

Town of Parish: So it's kind of hectic for us so i'm thinking after that i'd love to sit with the board at a work session and maybe put together a short term plan.

257

00:39:53.250 --> 00:39:57.120

Town of Parish: Maybe a year out top you, with your arpa and where that funding is going to be going.

258

00:39:58.110 --> 00:40:08.490

Town of Parish: On make sure that's administrative properly and make sure that the things you're spending it on our are the right things in the proper things glad to help with that and that way we can start planning little bit we didn't.

259

00:40:09.600 --> 00:40:12.510

Town of Parish: Do enough of that you know, in the last.

260

00:40:14.010 --> 00:40:18.930

Town of Parish: ministrations and there's a lot of funding out there and the feds are throwing money at the state.

261

00:40:19.860 --> 00:40:27.570

Town of Parish: We should be looking at it, but the priority has to come from this for you have to tell me what you want, you have to tell me what you think your constituents want.

262

00:40:27.870 --> 00:40:32.670

Town of Parish: And whether that's parks, whether that's your highway department which, as we all know, is your biggest expense.

263

00:40:33.570 --> 00:40:42.720

Town of Parish: There are things out there, so and make sure we're planning that and applying for you know the right things, and you know the supervisor and I have had a lot of discussion.

264

00:40:43.560 --> 00:40:53.460

Town of Parish: As to what you know because potentially out there, and you know, hopefully we can sit down then after that CFA period August, or so and.

265

00:40:54.120 --> 00:41:00.660

Town of Parish: Do work session plan plot, and obviously that plan can change, you know we're not we're not stuck to it hard and fast.

266

00:41:01.260 --> 00:41:08.910

Town of Parish: And we can move, you know say there's a different grant that comes along and I bring it out to you, you know you let me know there's a there's a grant right now there that's open.

267

00:41:09.990 --> 00:41:17.850

Town of Parish: And it's not a state grants private foundation grant we've had some you know we're starting to see some some municipalities in New York get money for it.

268

00:41:19.050 --> 00:41:29.310

Town of Parish: You know, think about a signature project i'm thinking your parks and they want to see it's a 50,070 \$5,000 grant a lot of municipalities are using it for parks.

269

00:41:29.820 --> 00:41:42.300

Town of Parish: We should be applying for this is that the team knows, as long as we talked about it, like so we talked a lot and that's that's a good one it's an easy grant for me to write and because of the history, I have with the town.

270

00:41:43.980 --> 00:41:47.100

Town of Parish: Not gonna charge you to write that if we get it i'll charge you to administer.

271

00:41:47.520 --> 00:41:55.620

Town of Parish: Probably three 400 bucks but i'm not going to charge you to write it we have enough staff now where, and you know this is a long standing relationship between my company in the town.

272

00:41:56.100 --> 00:42:05.700

Town of Parish: Let us write that one for you, but you guys have to think of the project, I mean I can send you the link I know if you looked at it, I didn't look at it, but it's it's crazy I know because we don't have a there's nothing you can even.

273

00:42:06.180 --> 00:42:13.410

Town of Parish: What you have to do, I what am I, one of my staff or sell it you got to register and then you can see some of the other awards that people have gotten so.

274

00:42:13.920 --> 00:42:26.070

Town of Parish: Somebody in my office is registered you know we have information just register and see you know what might be available point that out to you guys and then you guys tell me what you're looking for me to apply for more than happy to do it.

275

00:42:27.840 --> 00:42:36.720

Town of Parish: You know there's a whole bunch of things coming up, I know your your highway department, the building has issues you know, potentially, we could be looking at some funding for that.

276

00:42:38.640 --> 00:42:39.810

Town of Parish: You know, in the past.

277

00:42:41.820 --> 00:42:51.420

Town of Parish: The Board had passed a resolution we had gone out to bank a green county and looked at some funding to them and got some really low interest, but the kind of just sort of stalled out.

278

00:42:52.770 --> 00:43:00.480

Town of Parish: So if that's something you want me to look at again, I mean interest rates are up a little, but they're not crazy yet so if you're thinking of.

279

00:43:00.930 --> 00:43:08.310

Town of Parish: Funding that we need to look at that, but our money can be used for that so that's probably that's really what we're looking to do that second binary.

280

00:43:08.910 --> 00:43:22.410

Town of Parish: grants and maybe some fun balance if we have that that's a great use of our time, because we can justify it if anybody or another that that I think the feds are gonna look at it, because you and I talked about this done instead so much money I don't know how they could look at it.

281

00:43:24.330 --> 00:43:25.350

Town of Parish: Other than random on it.

282

00:43:26.910 --> 00:43:41.820

Town of Parish: You know how it departments are necessary, you know you gotta have it and you constituents demand it so and, in the age of you know, pandemics and Colin people have to be able to get places so that's how we would justify that nobody laboratory our time or that.

283

00:43:43.200 --> 00:43:56.610

Town of Parish: same thing with anything related to any kind of municipal building and we can even probably justify parks and Ada compliance in parks and there's there's money for that, I mean in the past, when I did the income study for the town, we proved hardship.

284

00:43:58.650 --> 00:44:11.640

Town of Parish: We could be looking at Community development block grant or CD big funding for Ada compliance for people with disabilities in your parks and that doesn't mean just restrooms which it does it also means.

285

00:44:12.690 --> 00:44:21.030

Town of Parish: parking lots and walkways that you go through the park and make playground equipment and playground, and these are all the things that we could be looking at.

286

00:44:21.630 --> 00:44:36.510

Town of Parish: For that, as well, this also covered this emergency services at the fire department, there are the unfortunately with your hardship, because we did the survey over when we look at four years, five years now.

287

00:44:38.040 --> 00:44:50.340

Town of Parish: it's too old, we can make an argument for well the parks, we can do, because there are obviously disabled people in the Community, there are senior citizens in the Community for the parks, yes for emergency services.

288

00:44:50.850 --> 00:44:55.590

Town of Parish: we'd have to stretch it we'd probably have to reserve a but that's for another discussion down the road.

289

00:44:56.490 --> 00:45:08.280

Town of Parish: emergency services there's female out there and they offer stuff we write a lot of female grants and the last thing last round we did a grass truck or somebody packs and bottles are usually but you guys just bought them a couple years ago.

290

00:45:09.990 --> 00:45:14.730

Town of Parish: You know, those are the types of grants that are out there, we do a lot of female there's a grant for recruitment and retention through fema.

291

00:45:15.900 --> 00:45:26.700

Town of Parish: But those grants are tough there's a lot of applicants the fema F G gets 22,000 applications, a year they funded maybe 18 1900 what we tell people is to just need to apply over.

292

00:45:28.830 --> 00:45:33.150

Town of Parish: The top You know, as you said, if you don't do it every year you're never going to get it.

293

00:45:34.200 --> 00:45:38.310

Town of Parish: And they've made that grant so complicated and they made the registration is so complicated.

294

00:45:39.120 --> 00:45:43.680

Town of Parish: With with federal Sam registrations and fema goal with a lot of apartments.

295

00:45:44.070 --> 00:45:51.330

Town of Parish: Just walk away because it's that complicated, even if you do everything right in the application, but miss the return on investment, you don't write in a little set and they don't tell you this.

296

00:45:51.570 --> 00:46:05.790

Town of Parish: Unless you go to webinar and they'll tell you how to do it, you just kind of have to know through experience you missed that little Roi section return on investment and you're you're out it goes it's it's I think they do it on purpose and that's why there's grant writers.

297

00:46:07.560 --> 00:46:13.620

Town of Parish: it's and you know, and you know we've grown over the years, but you know we've had a good working relationship with the town.

298

00:46:15.000 --> 00:46:22.800

Town of Parish: clerk's office we you know we talked fairly regularly and we've you know we've been able to get stuff done with some of these complicated things so i'd like to continue that with you.

299

00:46:23.610 --> 00:46:30.900

Town of Parish: And under your you know your sort of new board like I said i'm really want to sit down, I need you to put me together wishlist, what do you want.

300

00:46:31.440 --> 00:46:38.640

Town of Parish: The way we do it in our offices, we you know, we asked for a wish list, what are the things you're looking for we're writing grants for.

301

00:46:39.540 --> 00:46:50.310

Town of Parish: Dozens of towns and cities and villages so already doing that, but I also want to see like that T mobile and I see that I want to bring it to you and say hey I found this grant.

302

00:46:50.610 --> 00:46:54.450

Town of Parish: I think it might be worth applying for yay or nay, and then you guys tell me, you know.

303

00:46:54.750 --> 00:47:01.860

Town of Parish: go further, we don't i'm not going to bring you something that I don't think we have a chance of getting not gonna waste your time you don't have time for that you really don't I mean.

304

00:47:02.730 --> 00:47:07.320

Town of Parish: You know you're here essentially as volunteers, you know, I was a county legislator, I know what I was making doing that.

305

00:47:07.740 --> 00:47:10.230

Town of Parish: And you know the public thinks you make a lot of money.

306

00:47:10.440 --> 00:47:21.570

Town of Parish: serving on a board like this, I know for a fact that I didn't and most of what I made went to the boy scouts girl scouts and every other volunteer organization chicken dinner that was out there, I did it because I love my Community I wanted to do it.

307

00:47:23.700 --> 00:47:28.350

Town of Parish: Let me help you know I mean it's a you know we've helped before i'd like to continue that.

308

00:47:29.190 --> 00:47:35.550

Town of Parish: Previously during organizational meetings you guys have put me on as an official grant writer, but I think that got missed in this last.

309

00:47:36.420 --> 00:47:49.920

Town of Parish: It may have, but I don't know if it did or not we can't remember so i'd like to it's you know it's one of those things for insurance purposes for me it's nice to see a resolution, and when you do your organizational meeting that where your grant writer, the insurance people like that.

310

00:47:51.690 --> 00:48:01.410

Town of Parish: i'm not too worried about it, you know because I was always a per diem guy it's I bring the job to you this is the cost and you tell me, yes or no it's not like we write on a yearly contract or anything like that.

311

00:48:03.390 --> 00:48:10.140

Town of Parish: It may have gotten missed i'm not worried about it, as long as you know, and I drafted me the most of our salaries so yeah.

312

00:48:10.830 --> 00:48:21.750

Town of Parish: Lessons on that second I drafted a proposal, but I did not bring it because I thought to myself well that proposal is based on, are we going to apply for anything during this currency up a round I don't think we are.

313

00:48:22.590 --> 00:48:33.480

Town of Parish: I don't think you guys are ready for that unless there's some grant out there guess what you're on there, look at that awesome ensure so grant writer share that insurance company will be again.

314

00:48:34.500 --> 00:48:34.950

Town of Parish: See.

315

00:48:36.030 --> 00:48:51.300

Town of Parish: Every now and that I was listening to your audit talk and I was like oh boy it's that is no fun, but it is so necessary and no, I will not do an audit, can I do an audit Oh yes, I can it's quick and dirty but new new new new changes absolutely.

316

00:48:52.380 --> 00:48:56.580

Town of Parish: Can I do i'm sure they're better out there yeah find somebody that that's all you.

317

00:48:57.780 --> 00:49:01.200

Town of Parish: Can I look at their work and be your eyes and ears, yes, I can.

318

00:49:02.220 --> 00:49:11.730

Town of Parish: And i'll look at something I mean if I see something really obvious that I think is going to trigger like the controller's office and do an audit and i'll let you know, because you don't need a nasty surprise like that, when they come in and they.

319

00:49:11.910 --> 00:49:16.890

Town of Parish: take over the room and they spread the books out over the table, and then they sit here for in one scene that.

320

00:49:18.000 --> 00:49:18.510

Town of Parish: You know.

321

00:49:19.770 --> 00:49:28.680

Town of Parish: shop that around see what you can get is he doing them is learned during them for local municipalities like he said he assists local municipalities and it may be.

322

00:49:28.920 --> 00:49:37.260

Town of Parish: Because it'll be separate than the total Commission because he actually works for the Tokyo Tokyo now yeah so they employ him for to help towns in the toggle.

323

00:49:37.650 --> 00:49:50.490

Town of Parish: um I don't know if they let anybody does that his own has got say I thought you know, whatever the cost is if the board decides to go that way I can look into it further, and I don't think you have to rfp that he's a professional service heard who want.

324

00:49:52.050 --> 00:49:57.930

Town of Parish: The same thing with me, you know it's you know you can, or you don't have to like an appointment yes she's a professional.

325

00:50:00.690 --> 00:50:02.280

Town of Parish: But his reputation is pretty good.

326

00:50:03.330 --> 00:50:08.010

Town of Parish: And that was going to suggest that with regards to the association accounts utilize them.

327

00:50:08.580 --> 00:50:14.490

Town of Parish: And I know, sometimes it's you don't necessarily want to go to the training because of time or even price when.

328

00:50:15.090 --> 00:50:29.700

Town of Parish: You know, to travel, but if their offer other than other than in the New York City wants to access it, but when there are other trainings I would go and utilize whatever they're willing to offer you and call them, you know if you're paying that fee to be a member utilize now.

329

00:50:31.080 --> 00:50:35.790

Town of Parish: They know a lot same thing with you know the tub yell were you guys at the last.

330

00:50:36.600 --> 00:50:48.720

Town of Parish: time I was personally not yeah I was there with a booth there, but I was wandering around it was more it was so nice to be back at shows and talking to engineers and other vendors, I was Alan about that that's always a good show.

331

00:50:50.820 --> 00:50:54.870

Town of Parish: So if we could you know, think about setting up a time perhaps say.

332

00:50:55.980 --> 00:50:59.100

Town of Parish: Maybe mid late August I would love to come in.

333

00:51:00.390 --> 00:51:00.780

Town of Parish: Whenever.

334

00:51:02.010 --> 00:51:16.770

Town of Parish: August and whatever works, whatever works for you guys, you know I want to be missing any significant grants, between now and that well the windows open right now for the CFA, the only thing that potentially might work for you.

335

00:51:18.240 --> 00:51:19.770

Town of Parish: would be like a parks grant.

336

00:51:21.420 --> 00:51:30.660

Town of Parish: But understand that those grants have a 50% match, so you have to take that into account and we would have to do some quick running around to get.

337

00:51:33.720 --> 00:51:42.330

Town of Parish: quotes and estimates and things like that it's not out of the realm of possibility if we could put something together, or we could potentially I can look.

338

00:51:42.840 --> 00:51:53.010

Town of Parish: and see if they're offering any planning grants lot of the planning grants this year seem to be water sewer related flood mitigation downtown economic development things like that.

339

00:51:53.700 --> 00:52:09.180

Town of Parish: But I can take a look, one thing that might be pertinent to you, and that is when it comes to the park, the town already has budgeted some money for improvement of the park that could act as a match towards a grant but absolutely so they've already got the money, I never.

340

00:52:10.500 --> 00:52:11.460

Town of Parish: did get a couple.

341

00:52:13.020 --> 00:52:22.680

Town of Parish: got a couple estimates, like a favorite brass this matter every you know, replace the ballpark fields done, how would that be like say you want to do the parking lot.

342

00:52:23.520 --> 00:52:31.140

Town of Parish: it'd be like a grant for that now okay now remind you that we do it is by Simon and stuff it's a different one for each one it's typically well for the fire.

343

00:52:31.620 --> 00:52:37.470

Town of Parish: parking lots can be covered under a couple different things, it could be covered under flat out parks grant and they could be covered under.

344

00:52:37.920 --> 00:52:48.690

Town of Parish: Community development block grant there's a couple options for that if there's a drainage issue in the parking lot we can even covered under an ESC environmental grant that's another animal parkland is good for dreams, I think it's the whole park that.

345

00:52:51.060 --> 00:52:56.850

Town of Parish: Data we need what you are spot on with that, and you can also with a lot of these us in kind.

346

00:52:58.200 --> 00:53:07.050

Town of Parish: If you're a highway department is has the capability to assist with a project and that could be as something as simple as grading or hauling stone.

347

00:53:07.440 --> 00:53:16.740

Town of Parish: We can use in kind towards the match in most cases there's some hoops, we have to jump through to do it and somebody has to keep track of their time and.

348

00:53:18.270 --> 00:53:23.460

Town of Parish: You know, so I have something to put in there's a State formula for you know anything that's burning diesel.

349

00:53:24.030 --> 00:53:38.730

Town of Parish: You know per hour, that we can that we can claim but that's that's the usual thing The other thing that's out there, right now, there's a what they call a water quality improvement program wi fi or w quip or whatever people call it it's it's through the Dec.

350

00:53:40.200 --> 00:53:43.050

Town of Parish: And that, right now, as a grant for salt storage.

351

00:53:44.070 --> 00:53:46.470

Town of Parish: barns so if that's ever need.

352

00:53:47.610 --> 00:53:53.010

Town of Parish: or need now that grant is out there that's a 50% match, you can use in kind, you can use our.

353

00:53:54.840 --> 00:54:03.510

Town of Parish: And, but we have to prove that your salt is running into some kind of watershed or some kind of creek.

354

00:54:04.650 --> 00:54:12.720

Town of Parish: And the best way to do that is when there's a rainstorm or some runoff take a photo of a little real of salt going towards some kind of water.

355

00:54:13.170 --> 00:54:22.020

Town of Parish: that's i've always gotten those approved, we weren't in that grant successfully, but it is a 50% match and salt barns are and especially here, because you got your snow load.

356

00:54:22.560 --> 00:54:30.150

Town of Parish: you're not putting up something with a you know plastic sheeting I mean you're going to have to have something that's that's a massive you know that's going to be a permanent real snow load.

357

00:54:32.460 --> 00:54:47.430

Town of Parish: You know so that's something that is open, right now, the fema grants like for the fire department, does the town give any money to the fire department, we just contract or are you giving them, are you budgeting is money going from them to you or yes.

358

00:54:48.570 --> 00:55:01.170

Town of Parish: So the fema grants will open in well who knows 2022 grants i'm guessing fema afge will open i'm going to say anywhere between October and December for 2022.

359

00:55:02.010 --> 00:55:11.700

Town of Parish: Which thing you're thinking you still open in July anyways they're always running late the themis safer grant, which is a recruitment and retention, which is led signs.

360

00:55:12.030 --> 00:55:20.010

Town of Parish: marketing campaigns, the 2022 will probably open in i'm gonna say January, February 2023 so we have time for those we're good there.

361

00:55:21.390 --> 00:55:27.270

Town of Parish: you're not looking at any we have grants right now, which water that will be probably August September.

362

00:55:28.560 --> 00:55:35.940

Town of Parish: You know, other than like the things that are right now, you know I mean if you want me to look at putting a proposal together, I already have the proposal written.

363

00:55:36.300 --> 00:55:43.860

Town of Parish: If we think that we could put something together for parks and you think there's some proposals, I think we have time and i'll just i'll just tell you what it will cost.

364

00:55:44.640 --> 00:55:53.880

Town of Parish: you're probably looking at I don't know if you budgeted any money for grant writing this year I think he did so, you know just not sure how much.

365

00:55:57.390 --> 00:55:58.800

Town of Parish: Writing some notes for myself.

366

00:56:02.970 --> 00:56:12.000

Town of Parish: What is the T mobile cover again they like a signature type project they like you know when somebody comes into town, they want to see a pavilion they want to see something.

367

00:56:13.260 --> 00:56:15.270

Town of Parish: useful, but maybe a little flash here.

368

00:56:16.830 --> 00:56:17.220

Town of Parish: You know.

369

00:56:18.360 --> 00:56:23.700

Town of Parish: it's not like the team mobile pavilion it's it's going to have a placard in it.

370

00:56:25.980 --> 00:56:43.170

Town of Parish: My my suggestion, just like when the when the when the big politicians come in with a bit old check smile not take the money and then they'll leave something we do have money budgeted alright so that's one of the because I don't want to throw you off it's only \$1 but yeah.

371

00:56:44.700 --> 00:56:45.330

Town of Parish: don't worry about it.

372

00:56:46.620 --> 00:56:47.850

Town of Parish: we'd figure out a way it.

373

00:56:51.630 --> 00:57:06.810

Town of Parish: sounds really like that, if you guys could think of i'll try and get you into that T mobile, if not i'll see if I can get the system, the success list is the closest one they wanted to hear was probably Potsdam got some money with nothing to lose all right, the thing for free so.

374

00:57:08.280 --> 00:57:17.070

Town of Parish: They had \$1 so you know I mean I that's kind of one that I just like I said it's a long standing relationship to throw at you, and which are your theater boxing to get it to administer it no big deal.

375

00:57:18.180 --> 00:57:20.370

Town of Parish: bleachers something.

376

00:57:21.840 --> 00:57:35.010

Town of Parish: God bless it, you know I think like that think your communities you think you know things that can be utilized, for you know and there's a grant out there from mvp health.

377

00:57:36.600 --> 00:57:37.500

Town of Parish: That does.

378

00:57:38.910 --> 00:57:51.210

Town of Parish: These they're called like a fitness court and it's got exercise equipment that can be used by anybody from seniors to kids problem with that is it's only a \$30,000 grant you're probably talking to \$15,000 concrete pad.

379

00:57:52.320 --> 00:58:04.140

Town of Parish: and other probably \$15,000 and installation so great grand people love them closest one is this one in Rochester so I didn't know I just get once we got it.

380

00:58:04.590 --> 00:58:18.270

Town of Parish: yep you're right, it is it's a great grand and we were helping with one in Niagara county real gallon and but that sounds like losing their mind on the park and they got \$140,000 grant from their Senator and all kinds of craziness.

381

00:58:19.320 --> 00:58:32.610

Town of Parish: And that's another thing, even though your state Senator is currently in the minority, you should still we still need to put in this is what I want to planning meeting with the we should still have a letter on file with your Senator and your Assembly person saying hey.

382

00:58:34.800 --> 00:58:44.370

Town of Parish: We are, because they are not to be confused with the same number, this is a Sam state municipal aid request number right of money pork beer and wine, please don't put that in a minute size of that.

383

00:58:46.020 --> 00:58:46.770

Town of Parish: People hate that.

384

00:58:48.270 --> 00:58:59.910

Town of Parish: But it's a \$50,000 minimum mask there's certain things they will find certain things they won't but you should always always always have a letter on file with your Senator because sometimes even senators in the minority get money to spend.

385

00:59:01.620 --> 00:59:07.980

Town of Parish: And they I worked for the Senate for 11 years and you got to make it easy for me gotta hand it to my silver platter because, when that money comes.

386

00:59:08.580 --> 00:59:18.570

Town of Parish: The exam okay you got 24 hours we need responses, and so the Senator goes into their book and Okay, who said, a request and they look Okay, we got one from here here here and they just approve it.

387

00:59:19.860 --> 00:59:21.930

Town of Parish: So it's best to just have that ready to roll.

388

00:59:25.170 --> 00:59:33.090

Town of Parish: Are we losing her Senator and getting a new one, or something that's your congressperson kindness thanks yeah all the lines if you get that guy know him I.

389

00:59:34.620 --> 00:59:43.890

Town of Parish: Know for years and his district you'll stretch from like buffalo to north of here, I told him because I know i'm and i'm gonna need a helicopter.

390

00:59:48.690 --> 00:59:49.410

Town of Parish: Is decent guy.

391

00:59:51.000 --> 01:00:08.490

Town of Parish: He could be a touch more conservative for my take I won't get into politics, I want, but he's um he's a solid guy I know it's staffs not happy about that potential district it's massively like I said goes up to the side of work from it just just outside of Fort drum all the way to buffalo.

392

01:00:09.780 --> 01:00:16.350

Town of Parish: that's your congressman's the guy yes it's crazy a lot earlier from Claudia tenney about talent, if you.

393

01:00:17.460 --> 01:00:33.450

Town of Parish: Can over office, because she had a lot of these like you said these grants as well, but you had to apply for a quick that's Another thing I wanted to mention to you, they brought back Congress brought back the appropriations request which is pork, for lack of a better term.

394

01:00:34.470 --> 01:00:36.300
Town of Parish: And, but like you said.

395

01:00:37.440 --> 01:00:49.350
Town of Parish: It had like a 30 day window yeah and it had a letter like 28 yeah exactly well yeah you're not kidding and and it's actually it's it's not technically a grant.

396

01:00:49.830 --> 01:00:58.680
Town of Parish: it's actually a letter that goes in line that goes into the federal budget and each Congress person gets like 15 requests that they're allowed to submit yep.

397

01:00:59.490 --> 01:01:09.330
Town of Parish: I submitted several on behalf of different Congressional areas but it's really, really complicated, you have to like you can't just say I want \$500,000 for the sewer or something like that.

398

01:01:09.810 --> 01:01:23.100
Town of Parish: You have to have some specs you have to have some drawings You then have to find out what federal program will actually have a pot of money to fund that and you if you don't put that in the request you're out of luck i've been doing this, a while, since i've seen it before.

399

01:01:24.150 --> 01:01:32.310
Town of Parish: And I think once again they do that purposely to not get requests and they're one of the thing that caught my eye was instead for water improvement.

400

01:01:33.000 --> 01:01:41.700
Town of Parish: Yes, for people that need water does my suggestion would be in our meeting we think about that we talked about that, and then I will prepare that request.

401

01:01:42.600 --> 01:01:50.730
Town of Parish: it'll take me a couple hours they were probably about three hours to do it and then with the next federal budget which is October one.

402

01:01:51.420 --> 01:02:07.410
Town of Parish: they're going to ask for this again it's in probably i'm going to guess next February, we can go here oh yeah and before they even are asking you, we submitted and you want to think big with that grand because I was looking at the funding liners thing water is big.

403

01:02:08.460 --> 01:02:17.370

Town of Parish: In looking at those and you have a history in this town where where we can say yes, and then come survey was done, yes bonding was done, yes, engineering was done.

404

01:02:18.150 --> 01:02:25.290

Town of Parish: We need to show them that this was like as we walk in there with a plan on a napkin saying hey, we want a million dollars to think we want to do water you're never going to get it.

405

01:02:25.710 --> 01:02:41.760

Town of Parish: You have to think big with that grand I think there's a minimum amount of like 50 grand but as peanuts, you want to be looking at what you're talking for that at like maybe like 500 to 1,000,005 you should be asking for just as a line in the budget, and you know.

406

01:02:42.810 --> 01:02:45.360

Town of Parish: that's kind of what they're proving now.

407

01:02:46.920 --> 01:02:59.580

Town of Parish: The feds play favorites with who this and the majority minority with that too, like Jacobs, who I was just telling you about he's in the minority currently is a republican he got to have his 15 funded another Congressman that I didn't district for.

408

01:03:00.630 --> 01:03:04.290

Town of Parish: Who was in the majority, he all 15 of is funded.

409

01:03:05.580 --> 01:03:15.690

Town of Parish: I think things are going to switch in November, so I think it's important that we make sure we have a requested, because I think your Congressman is going to be in the majority in the next go around so let's make sure we have that.

410

01:03:16.620 --> 01:03:21.300

Town of Parish: I mean obviously this isn't the meeting to talk about because that's that's a discussion right and it's going to take some time.

411

01:03:22.050 --> 01:03:28.140

Town of Parish: yeah we've been down that road, I know you have and and i'm still here to hold your hand with it, I mean, I know I mean.

412

01:03:28.470 --> 01:03:38.880

Town of Parish: That was how many years ago, six one of the standard that I don't need it was not the supervisor before you, it was a supervisor before her that I started when I can't really yeah.

413

01:03:40.350 --> 01:03:43.020

Town of Parish: And you know so that's going back a ways.

414

01:03:44.850 --> 01:03:55.170

Town of Parish: And you know that one it hurts me a little, because that survey was successful and we got a hardship and it's like there was you know usda and you know, probably millions of dollars right now align with that, but you know it is what it is.

415

01:03:56.640 --> 01:04:01.470

Town of Parish: that's past is done, we move forward and i'll do i'll take it wherever you want me to take it, so you know that.

416

01:04:02.880 --> 01:04:05.820

Town of Parish: So I guess circling back, we want to set up a discussion.

417

01:04:06.960 --> 01:04:16.290

Town of Parish: You know little you know budget net budget meeting to sort of you know workshop just yeah it would be a workshop and that's all we we would discuss that.

418

01:04:16.800 --> 01:04:26.580

Town of Parish: And then i'll try and get you the T mobile some of the success stories, and if you guys and that comes out quarterly so just you know, think of something and just apply.

419

01:04:29.400 --> 01:04:32.190

Town of Parish: And then the Sam requests will talk about it, the other.

420

01:04:33.270 --> 01:04:40.740

Town of Parish: Right now, the parks grant if you want me to go with that I can have your proposal on what it'll cost by tomorrow, I already drafted it I just didn't put \$1 amount in.

421

01:04:40.920 --> 01:04:55.170

Town of Parish: place, I was going to bring it today, but I wasn't sure where we were right right yeah we weren't sure I don't think we are totally sure yet where we are so I want you guys to talk about that if you're going to do it, though i'd have to know relatively soon you're probably talking.

422

01:04:57.300 --> 01:05:03.870

Town of Parish: mean you guys we your small town, so we don't charge the full rate but you're still talking 25 our.

423

01:05:05.040 --> 01:05:05.460

Town of Parish: grant.

424

01:05:06.870 --> 01:05:07.290

Town of Parish: 30.

425

01:05:09.390 --> 01:05:18.960

Town of Parish: You probably talking 1500 bucks for me to write it, you know typically we'd be looking at about two for anybody else or 2200 but like I said long standing thing here.

426

01:05:20.700 --> 01:05:25.020

Town of Parish: If I write the parks grant for you're looking at about 1500 i'll get you the proposal tomorrow.

427

01:05:26.100 --> 01:05:29.040

Town of Parish: But we gotta have to I don't know when your next meeting is next month.

428

01:05:31.410 --> 01:05:42.600

Town of Parish: Because we do a special meaning so just let me know because it's it's not the only one we're writing and i've got to get those quotes together and I got to get the stuff in line, and I have to get.

429

01:05:44.520 --> 01:05:49.830

Town of Parish: Somebody can take well i'll be up there, and he was all the time now and I got I got doing a job up in.

430

01:05:51.210 --> 01:06:03.240

Town of Parish: The recent so i'll be up there, so i'm coming through, because we need photos I mean just right there's yeah it's gonna be I mean that's, all I can do it if you let me know because it's do July 29.

431

01:06:04.530 --> 01:06:12.510

Town of Parish: So here's My next question is this a yearly type of thing the CFA consolidated funding application comes.

432

01:06:14.160 --> 01:06:20.970

Town of Parish: Historically, comes every year is a guaranteed to come, every year, no, because during the pandemic it didn't happen in 19.

433

01:06:21.870 --> 01:06:37.470

Town of Parish: Which is the first time in a while, but as long as there is not a pandemic, they open here yeah I shouldn't say that monkey pox I just don't know like rush into this course, and next year, you know it's going to be a discussion you guys talk about that.

434

01:06:38.550 --> 01:06:54.450

Town of Parish: or no I don't either it's something even the arpa committee it was one of the things we all agreed on okay it doesn't mean we throw all of our arpa money there right no and you don't want to right right and because you've got a lot of needs and something we figured.

435

01:06:56.190 --> 01:06:56.790

Town of Parish: well funded.

436

01:06:58.860 --> 01:07:08.010

Town of Parish: We can phase that something that the people in the town, are going to see and be able to enjoy and be able to get us tantra, as you can touch it, you can change the air they take their kids there right.

437

01:07:08.520 --> 01:07:15.780

Town of Parish: At the parks are heavily utilized by every building from kids playing ball there to grandparents watch our kids right, this is a good thing.

438

01:07:16.800 --> 01:07:19.560

Town of Parish: Because you have some arpa that you'd be able to commit to it.

439

01:07:21.090 --> 01:07:32.730

Town of Parish: What the state likes to see in the grants when there's a match, they want to see if they like to see in the application, they don't just like to see vaguely language saying yeah will fund the 50% they like to see where's that money coming from where's it.

440

01:07:33.330 --> 01:07:41.310

Town of Parish: And I could say our bond, I mean it'll be more nap, but I can say and they're you know they're willing to you know the match is not an issue any money set aside as.

441

01:07:41.880 --> 01:07:50.940

Town of Parish: a starting point for housing me emotional stress relief from and we will talk about is because we want that that's what sells now.

442

01:07:51.720 --> 01:08:02.640

Town of Parish: In our narratives they want to see that they also want to see related to climate change mitigation, whether you believe in that or not i'm going to have something in that application talking about climate change, green do.

443

01:08:04.230 --> 01:08:08.280

Town of Parish: I don't know what that will be for your part, but actually what we related to his.

444

01:08:09.540 --> 01:08:15.450

Town of Parish: physical health and parks are actually also economic drivers as a whole range of things we do so, you guys.

445

01:08:16.470 --> 01:08:17.610

Town of Parish: Better late than never.

446

01:08:18.990 --> 01:08:25.290

Town of Parish: thought up another project always I thought you fell down and couldn't get up, I was worried about that.

447

01:08:26.700 --> 01:08:36.660

Town of Parish: So if you want to talk about it, I mean sorry well we'll put that proposal, it will put it at 1500 for the CFA for this year, if you want to do it, then we can talk about if you pass it now.

448

01:08:37.110 --> 01:08:53.910

Town of Parish: And then decide you don't want to do it i'm not gonna hold you to it well, Mr hogan now that he's here is our part, we put you in as everything liaison yes okay like that he's our chairs, are there some tight on their needs are.

449

01:08:55.140 --> 01:09:05.610

Town of Parish: he's in charge of our part, would you like to know what we were talking about right now the state has the consolidated funding application window open and one of the things that they'll fund.

450

01:09:06.510 --> 01:09:16.320

Town of Parish: Our improvements to parks and I know that's a big thing for the Community, it does have a 50% match, you can use in kind from your highway you can use our book.

451

01:09:18.450 --> 01:09:24.090

Town of Parish: You know so there's there's options that you have the problem is that that grant is do July 29.

452

01:09:25.170 --> 01:09:28.530

Town of Parish: While there's still time to do it without being rushed crazy.

453

01:09:29.580 --> 01:09:33.870

Town of Parish: So my staff doesn't strangle me we kind of try and set these things up now.

454

01:09:34.890 --> 01:09:36.600

Town of Parish: So it's something that you could talk about.

455

01:09:38.190 --> 01:09:40.410

Town of Parish: we've been talking park for last three months.

456

01:09:41.970 --> 01:09:48.570

Town of Parish: Whether we decide whatever amounts or how much we have approximately \$20,000 in our.

457

01:09:49.860 --> 01:09:58.140

Town of Parish: Budget for the park I believe use some of that up doing miscellaneous repairs, or whatever um I think we should just go for it.

458

01:10:00.090 --> 01:10:10.200

Town of Parish: And for that we've made up or my grandmother will just do the phase will do the parking lot first and then next year next year we'll worry about maybe new playground.

459

01:10:10.620 --> 01:10:14.160

Town of Parish: equipment ball fields and we'll do a little thing we.

460

01:10:14.550 --> 01:10:21.720

Town of Parish: Call it like ground yes we'll call it a phased project and the application, because they like to see that and that it's not a one off.

461

01:10:21.990 --> 01:10:27.900

Town of Parish: And we're going to say yes, this year we're asking for this, because we want to make sure in a parking lot that are that are you know.

462

01:10:28.200 --> 01:10:36.270

Town of Parish: That it's handicapped accessible that's a da compliant that you know we're reaching out to make sure all our citizens can use it because I love that language they love that narrative need engineers for that.

463

01:10:36.840 --> 01:10:49.320

Town of Parish: Not necessarily pro for the Ada it wouldn't hurt to have somebody do the compliance on it just to make sure that what we're proposing is in compliance, I am sure, but most of them actually most of the contractors.

464

01:10:49.980 --> 01:11:06.480

Town of Parish: are pretty good with the striping and and you know the distances and grade i'm sure, Mr Miller, I guess, I have not talked to him, and probably six months I miss it we've done a lot of work together fast yeah that should be fine.

465

01:11:07.590 --> 01:11:17.790

Town of Parish: I don't need I don't need Warren piece on that report I just basically need a cost estimate will some rough you know diagram.

466

01:11:19.140 --> 01:11:22.380

Town of Parish: And then you know we will talk about what.

467

01:11:23.640 --> 01:11:33.660

Town of Parish: You know who it's benefiting that comes from you guys and we'll have a zoom meeting and do it, and you know you guys tell me who's going to benefit from this park and how we want to do the phases, because I think it's important to talk about phases.

468

01:11:34.680 --> 01:11:44.070

Town of Parish: Because like I said they don't want to see a one off they want to see that were okay we're doing this, this year that next year, then they see a plan, they see it going somewhere they like that.

469

01:11:45.570 --> 01:11:59.280

Town of Parish: So that's that's what makes sense, you know and and if you're respecting your taxpayers dollars with that too you're not you know you're you're not abusing your constituents by saying we're gonna do it all now I borrow you're not doing that i've seen it.

470

01:12:00.510 --> 01:12:01.200

Town of Parish: doesn't fly.

471

01:12:03.510 --> 01:12:09.780

Town of Parish: I like that, and then you know we show that we're being proven fiscally and they'll like that as well.

472

01:12:10.860 --> 01:12:12.570

Town of Parish: Part our park market, I do.

473

01:12:16.740 --> 01:12:27.210

Town of Parish: That all kinds of discussion should we just make a motion to start applying for this grant and get it in gear, I mean we know, I mean dog had.

474

01:12:27.690 --> 01:12:43.620

Town of Parish: The estimate guesstimate because there's fences that have to be moved approximately \$75,000 for the bike that for the blacktop passed away another 25 for fencing prevented so it's not 100 we don't know until you get a cold, is it black chocolate striping.

475

01:12:47.010 --> 01:12:47.730

Town of Parish: So, yes.

476

01:12:51.330 --> 01:12:52.740

Town of Parish: parking lot and tennis court.

477

01:12:53.910 --> 01:13:03.540

Town of Parish: basketball courts and payment that that was including that so it's not only parking lot it's tennis courts in batch mode or his pencil and fencing.

478

01:13:04.350 --> 01:13:11.880

Town of Parish: fencing is a good thing they're not going to nobody's gonna fight with the fencing and while they are fencing has to be removed in order to repaid the tennis court okay.

479

01:13:13.470 --> 01:13:22.560

Town of Parish: A minor portion of it we hope so, it depends on the man is doing the black project is approximately \$100,000.

480

01:13:26.580 --> 01:13:31.860

Town of Parish: You know, like your laptop's expensive, yes, are you going to make that a priority.

481

01:13:33.660 --> 01:13:45.180

Town of Parish: Project and yeah because the grant is do the 29th we're going to pick something and we're if we're going to go for it this year and we've been talking about it forever there's a lot of other minor.

482

01:13:46.200 --> 01:13:47.160

Town of Parish: less cost.

483

01:13:48.180 --> 01:13:51.750

Town of Parish: projects, but we could call them the T mobile.

484

01:13:53.310 --> 01:13:56.100

Town of Parish: skating right that's another thing we're looking at a skating.

485

01:13:58.830 --> 01:14:16.050

Town of Parish: I was up in Louis county and Constable bill, and they put in a little things got out any that are singing them is fantastic yeah and it's I was there in a weekend, it was packed packed and you know it gets i'm just saying, these are things that.

486

01:14:17.160 --> 01:14:18.780

Town of Parish: We can discuss them that'll be in the.

487

01:14:19.980 --> 01:14:28.830

Town of Parish: In the team oh that we don't have the line or tomorrow, if you want to, we can it's a quarterly grant that they're doing right there's a there's a few other ones out there, like component does want to things like that, but they.

488

01:14:29.640 --> 01:14:35.700

Town of Parish: they're they're difficult there's a Gary sinise fire department and the actor Gary sinise lieutenant Dan.

489

01:14:36.090 --> 01:14:43.800

Town of Parish: we've written eight applications for them we've had five five approved \$50,000 well all for for them or 50,001 was like 30,000.

490

01:14:44.550 --> 01:14:51.690

Town of Parish: We need to talk about that and that's another one, where I for nothing we only because it's a charity no charge at three 400 bucks if you get it to cover the the admin.

491

01:14:52.080 --> 01:15:02.460

Town of Parish: And with that think about the money within a week never seen anything like it so that's yes or sorry, you have to do them, we have to have enough of discussion Somebody needs a motion.

492

01:15:03.510 --> 01:15:09.600

Town of Parish: To go forward with this grant and get this project started i'd make a motion to move forward with it.

493

01:15:11.310 --> 01:15:14.100

Town of Parish: that's a CFA I need it's hard I know.

494

01:15:15.600 --> 01:15:24.480

Town of Parish: That the CFA CFA your emotion is to you know move forward with a CFA grant or denied the grant.

495

01:15:25.500 --> 01:15:29.970

Town of Parish: Then the project would be on hold, is that my we attack it from another.

496

01:15:31.410 --> 01:15:38.820

Town of Parish: And that's funny we can put it in the next year and we could actually put this down, and I see if I see something come up in a month we're still going to apply for it under something else.

497

01:15:40.440 --> 01:15:44.010

Town of Parish: there's just never one way i'd love to tell you there's one way to do it.

498

01:15:45.240 --> 01:15:50.880

Town of Parish: You just got to hit it from multiple angles and see what and see what his soul sister way, it is, we have a motion on the floor.

499

01:15:52.650 --> 01:15:53.070

Town of Parish: Yes.

500

01:15:56.490 --> 01:16:13.410

Town of Parish: Other grants to don't lock it into just that right okay just make a motion to apply for a grant for the parking lot or grants yes

that's fine and then i'll give you an official What if you if i'm sorry to interrupt your life so that will be good right.

501

01:16:14.520 --> 01:16:18.360

Town of Parish: So, then, I just need a second to apply for grants Doug did second.

502

01:16:22.020 --> 01:16:30.990

Town of Parish: If this is positive, and we are awarded typically how long from beginning something great question I asked because.

503

01:16:31.350 --> 01:16:46.530

Town of Parish: When should we start actually getting meat and potatoes numbers, again I need the basics here's the way it would work with the applications are due by July 29, this is an election year, typically the grants and non election year.

504

01:16:47.700 --> 01:16:56.520

Town of Parish: awarded in December, sometimes an election years they they they award them pre election i'm not being cynical i'm just telling our leader.

505

01:16:57.960 --> 01:16:59.040

Town of Parish: Who knows this year he.

506

01:17:00.150 --> 01:17:00.690

Town of Parish: stay out of it.

507

01:17:02.700 --> 01:17:11.250

Town of Parish: So, by the end of the year let's say you by December they will they will announce who gets these by January or so the town would get a contract.

508

01:17:13.410 --> 01:17:17.280

Town of Parish: You get 45 days assignment you'd sign the contract you're in February.

509

01:17:18.390 --> 01:17:26.490

Town of Parish: We were that paving in February absolutely not so we got plenty of time, we would, though, and even putting out bits repaving in February they're gonna laugh at us.

510

01:17:27.600 --> 01:17:33.570

Town of Parish: Because they just don't know what the costs are going to be sometime in the spring, we would go to bid on it.

511

01:17:34.320 --> 01:17:44.310

Town of Parish: Because they have to go to bid on for that and or excuse me rfp and then you know you guys would choose that so, but you know, depending on blacktop availability and when the snow melts.

512

01:17:45.810 --> 01:17:58.800

Town of Parish: When they can pay you're looking at software which spam falls right into our plan anyway so that'll that'll work, so we have emotional, we have a second any more discussion before we do in vote.

513

01:18:00.690 --> 01:18:03.690

Town of Parish: Okay i'm going to ask for a roll call on this, please.

514

01:18:06.000 --> 01:18:06.570

Town of Parish: Yes.

515

01:18:08.130 --> 01:18:08.520

Town of Parish: Yes.

516

01:18:09.960 --> 01:18:10.560

Town of Parish: Yes.

517

01:18:12.450 --> 01:18:12.960

Town of Parish: Yes.

518

01:18:14.790 --> 01:18:15.390

Town of Parish: Yes.

519

01:18:19.590 --> 01:18:29.310

Town of Parish: Well we've got something accomplished tonight that's a thing and then we'll get the ball rolling on it actually probably tomorrow actually debbie who works remotely for me and she lives in.

520

01:18:31.890 --> 01:18:34.920

Town of Parish: My senior on she'll get started on it probably tomorrow.

521

01:18:36.120 --> 01:18:44.040

Town of Parish: So we have a lot of your stuff from the usc application so I shouldn't have to bother Kelly too much for the ends and Sam and things like that.

522

01:18:45.960 --> 01:18:50.670

Town of Parish: We should have pretty much a lot of what we need i'm going to have to bother problem you can call me on Tuesday.

523

01:18:51.120 --> 01:18:59.940

Town of Parish: And then i'll just I need to start getting some costs, and if we have to talk to Doug on the Ada compliance we'll get that ball rolling.

524

01:19:00.810 --> 01:19:09.930

Town of Parish: You call me Tuesday tell me what you need will make a list, and then we will get a lesson will start going through that as well okay my workshop.

525

01:19:10.590 --> 01:19:18.840

Town of Parish: And we can do, the thing and August it's tough to do it right now, because i'm buried i'd love to say yeah I can but we're chatting about it but let's say.

526

01:19:19.350 --> 01:19:27.780

Town of Parish: we're doing this project, we will concentrate on this and then continue moving forward you're gonna have to with this grant typically.

527

01:19:28.410 --> 01:19:39.600

Town of Parish: At your June meeting you're going to have to pass a resolution stating that if awarded you're going to move forward with the grant because what happened in the past, a lot of times people get a grant and they don't.

528

01:19:40.320 --> 01:19:50.070

Town of Parish: do anything with it and it's just basically saying you will you will find a way to make the match, so we already know that match dollar seminar been you know, for the most part, some in kind, and you may have to dig into your parks, but.

529

01:19:52.050 --> 01:20:06.060

Town of Parish: that's the way now we get the two most important things on the agenda is of the park and I leverage, those are really two most important things when we're working with our for that we you know wanted to see if we can get started at least get you know.

530

01:20:07.080 --> 01:20:21.240

Town of Parish: Going on some of them, what are you thinking in August, the first week is shot for me and the very last week is shot from executive my daughter back to college you the leverage, then the week before our meeting August 11 works for me that.

531

01:20:22.440 --> 01:20:24.660

Town of Parish: that's good, because then, at the very least I can.

532

01:20:26.010 --> 01:20:30.360

Town of Parish: I can, I can spend the weekend doesn't matter to me six o'clock works for me.

533

01:20:38.610 --> 01:20:43.890

Town of Parish: Fantastic and then you know you know prior to that time, think about some of the things.

534

01:20:44.940 --> 01:20:56.820

Town of Parish: where you want to take the town some things you might be looking for for funding just kind of you know, let me know it's it's your town, and you know you put the wish list together for me, and you know we move forward from and.

535

01:20:59.340 --> 01:21:03.480

Town of Parish: Since you guys, you know, going back to when I started the company were one of my first towns.

536

01:21:05.340 --> 01:21:07.260

Town of Parish: you'll get debbie but you're still going to get me.

537

01:21:08.910 --> 01:21:18.240

Town of Parish: As we've grown I can't always promise that with other towns, but you guys, are you guys were one of my one of my first as we, as we started to grow so soft spot for Parish.

538

01:21:19.260 --> 01:21:25.650

Town of Parish: So you know you'll you'll still get me all we always want anyways but maybe that's not a good.

539

01:21:27.510 --> 01:21:40.110

Town of Parish: But you know it's like to you know, to thank you, I will call you on Tuesday yep and I apologize I call you please call me know you, I have two cell phone numbers for you, which is the one.

540

01:21:41.400 --> 01:21:48.240

Town of Parish: You want me to I don't want to give that out in public, but it's out there when you want to use 960.

541

01:21:53.040 --> 01:21:56.820

Town of Parish: You know my own kids I don't even know their numbers, they just you can pass my.

542

01:21:59.550 --> 01:22:05.040

Town of Parish: Business card to handle snakes and you've got my soul, we talk, yes, so I just wanna make sure I call you on the right number.

543

01:22:11.760 --> 01:22:16.320

Town of Parish: Alright well thanks very much Jay Oh, this is good, like I said it's a.

544

01:22:18.030 --> 01:22:19.410

Town of Parish: lot to do right.

545

01:22:22.500 --> 01:22:30.090

Town of Parish: So, with that in mind, I see a lot of people still here what we're gonna do is i'm just going to switch the agenda a little bit.

546

01:22:30.690 --> 01:22:41.430

Town of Parish: i'm going to go into the department reports, because then we're done here we go into the garage repairs and moorpark after they get done so that, if they have other things to do i'm sure you've gotten longer than they.

547

01:22:42.240 --> 01:22:47.010

Town of Parish: Probably don't want to hear they might want to be here, I don't know so we're going by the Department.

548

01:22:49.320 --> 01:22:51.420

Town of Parish: I way report okay.

549

01:23:06.030 --> 01:23:08.280

Town of Parish: Good at that i'm trying to interrupt them.

550

01:23:09.960 --> 01:23:11.100

Town of Parish: Just do that no.

551

01:23:13.410 --> 01:23:14.250

Town of Parish: that's okay.

552

01:23:16.740 --> 01:23:33.780

Town of Parish: Okay we've been working with the town of Albion the tone of voice in the town of Orwell our trucks that are men is part of the shared service program we've also been managing our road morning I roadside in cemeteries in prep for this weekend memorial day's services.

553

01:23:34.950 --> 01:23:39.030

Town of Parish: The park call it had been replaced i'm sure Doug is aware of that.

554

01:23:41.520 --> 01:23:43.800

Town of Parish: It was starting to collapse on.

555

01:23:44.940 --> 01:23:57.630

Town of Parish: The Board that we put up the 1970 asked gosh Paul truck for sale at auction um, what do you have not been you watch them at least 10 years.

556

01:23:59.280 --> 01:23:59.700

Town of Parish: 20 years.

557

01:24:02.220 --> 01:24:05.850

Town of Parish: So she's pretty old the beautiful piece, but it's it's.

558

01:24:06.960 --> 01:24:10.260

Town of Parish: kind of an obsolete piece for us anybody have.

559

01:24:11.340 --> 01:24:12.600

Town of Parish: Any history.

560

01:24:13.950 --> 01:24:21.270

Town of Parish: On the ass cautious the wise been sitting there for so long it's a four wheel drive drive we haven't had any well you haven't had.

561

01:24:22.530 --> 01:24:34.650

Town of Parish: Time has been taken out to get inspected every year, and maybe you're around the block and answer it okay like I said I don't know what it is, oh no that's okay so it's it's a four wheel drive four wheel drive Hong Kong Toronto Sandra.

562

01:24:37.740 --> 01:24:39.060

Town of Parish: Work with us a room in the shop.

563

01:24:40.530 --> 01:24:42.450

Town of Parish: When is hurting or three miles would.

564

01:24:45.090 --> 01:24:51.810

Town of Parish: snowball shows you're asking for us to sell this at all you have to sell the shift auction.

565

01:24:58.350 --> 01:24:58.560

Right.

566

01:24:59.670 --> 01:25:01.740

Town of Parish: I spoke to a gentleman it down to the.

567

01:25:02.760 --> 01:25:05.040

Town of Parish: Turning stone meeting I spoke to the gallon when he was down there.

568

01:25:06.300 --> 01:25:10.500

Town of Parish: just asked him for permission to sell yeah i've got a couple other pieces also.

569

01:25:12.990 --> 01:25:16.500

642

01:35:06.990 --> 01:35:08.310

Town of Parish: I do want to bring this up.

643

Town of Parish: it's it's a very deck was you know what the last no way that we had there you're not already i'm saying this.

648

01:35:52.050 --> 01:36:03.000

Town of Parish: Little things like you may want to put more money into that account next year, just in case someone we can add a little bit more to our guns that were out of that budget, I mean I won't do it like I bought a lot of those.

653

01:36:34.440 --> 01:36:35.520

Town of Parish: circuit riders award.

654

01:36:39.750 --> 01:36:40.770

Town of Parish: don't bring that up.

655

01:36:43.320 --> 01:36:44.550

Town of Parish: There exercise.

656

01:36:46.290 --> 01:36:47.070

Town of Parish: Getting everybody.

657

01:36:48.930 --> 01:36:50.430

Town of Parish: I posted the.

658

01:36:51.750 --> 01:37:04.320

Town of Parish: into tax roll to the town website, as required by State law, the town axes assessor for the villages delegation to that real privilege so first I put notes on the village website as well, so all the village.

659

01:37:05.640 --> 01:37:16.770

Town of Parish: village property owners are aware of that, the 2022 together local government conference took place on April 19 that turning stone, it was successful received by those who attended.

660

01:37:17.490 --> 01:37:30.900

Town of Parish: we're already planning for next year's Conference and, additionally, I can tell you that it looks like we're returning to turning stone and it will be in early April so stay tuned we'll be letting you know as the program develops.

661

01:37:32.070 --> 01:37:42.690

Town of Parish: Let me know if you need additional covert test kits I have limited numbers still available and something off the report here, but you may have heard, if you want covert test kits the ones we have now run out in July.

662

01:37:43.740 --> 01:37:46.740

Town of Parish: If you do a Google search on te.

663

01:37:47.760 --> 01:37:57.570

Town of Parish: komen test kits usps which is us postal service, you can get a more from them and presumably they'll have a letter later date in July so viral I still got 90.

664

01:37:58.890 --> 01:38:01.710

Town of Parish: yeah we still have some listener or department as well, so.

665

01:38:03.870 --> 01:38:09.570

Town of Parish: As a target of times is reported a new round of the Tokyo Community recognition awards program is opened.

666

01:38:10.530 --> 01:38:17.460

Town of Parish: program is to recognize communities and groups that have gone above and beyond, on a project that has made a real impact on the area.

667

01:38:17.940 --> 01:38:27.720

Town of Parish: More details called that are available on the website I go.org and applications are due by June 1 link is under website i'm using publications on the press releases.

668

01:38:28.830 --> 01:38:32.820

Town of Parish: still in the process of determining a meeting date and time for the next seminar rooms Council.

669

01:38:33.330 --> 01:38:45.270

Town of Parish: meeting we put up solicitations i'm at and we haven't landed on a date yet if you have any dates and times to suggest that would help we typically only meet twice a year and we try to keep our meetings brief into the point.

670

01:38:46.500 --> 01:38:57.150

Town of Parish: The State edit amendments to the open meetings law as part of their 2022 2023 budgeted option current authorizations this is for not what we're doing tonight.

671

01:38:57.390 --> 01:39:04.350

Town of Parish: Which is just extending the meeting to the public, and we do have a member of the public gardens and I session, then we typically posted to the.

672

01:39:04.740 --> 01:39:11.400

Town of Parish: Town website afterwards so anybody who couldn't make it tonight because it's going to honor whatever cannot look in on it later if they were to.

673

01:39:12.420 --> 01:39:31.110

Town of Parish: This has to do with specifically with your being able to have a town board member not be physically present but still be able to be present and voting for the purposes of conducting the meeting so that's all of it that has to do it and that current authorization rounds on tonight.

674

01:39:32.310 --> 01:39:38.100

Town of Parish: As part of the budget process of they open things up, that if you pass a local law.

675

01:39:39.150 --> 01:39:45.420

Town of Parish: You will have authorization continuing on that through July 1 of 2024.

676

01:39:46.170 --> 01:40:00.120

Town of Parish: And I gave information on that to Bob and here's a copy for you that you can make copies of the Board there's some background information in it there's a simple one page law that you can pass that would extend that authorization.

677

01:40:01.290 --> 01:40:07.020

Town of Parish: Extended just through yourself, or you can extend it for yourself in all the other public bodies like the.

678

01:40:07.830 --> 01:40:28.770

Town of Parish: Planning board and zoning board and all your boards so Bob has information on how to do that sounds like I think it's really good However, I know it's really difficult and i'm sure Gary and other people that have tried to do it it's really hard to chime in yeah it can be but it's still.

679

01:40:30.330 --> 01:40:30.780

Town of Parish: it's.

680

01:40:31.890 --> 01:40:42.270

Town of Parish: it's building up the preferred way but it's good to have the option in in that emergency right, you know right, I have cold but i'm not going to sit there at the very least I can listen, no.

681

01:40:43.410 --> 01:40:56.430

Town of Parish: No it's hard but it's so we would have to be more no I don't want it to be the norm, you know that's what that's what i'm leery of thing is yeah it's much easier to sit at home on the couch with a laptop in front of you.

682

01:40:57.450 --> 01:41:05.520

Town of Parish: come here and I think a lot of people who abuse it q&a mentioned, it should be for exceptional circumstances, be a routine, you would have to almost.

683

01:41:05.970 --> 01:41:17.220

Town of Parish: tell me what you are doing and why you're doing it it's not every month it's yeah once in a while and that's that's part of a policy that you adopt as long with the law that explains.

684

01:41:17.670 --> 01:41:26.280

Town of Parish: The parameters that you operate under when you're when you're doing this okay and toggles coming up with a model that you can use modify as you see, to look at it.

685

01:41:26.700 --> 01:41:36.810

Town of Parish: We get it for June will put it all I said you don't have to worry about it right away because, like I said it doesn't have anything to do with whether you extend your meetings right Deism only has to do with other some other you can.

686

01:41:37.860 --> 01:41:46.500

Town of Parish: afford mess Oh, you know you can take Take your time on that there's no reason to rush on it, but something that you may want to have as an option.

687

01:41:48.540 --> 01:41:56.280

Town of Parish: I received information on the annual town village clean up data from Jim and it's been posted down anytime build websites.

688

01:41:57.030 --> 01:42:12.210

Town of Parish: Also i'd be working with the town and village to identify stuff that's upstairs on the balcony that is a no further use him can be cleared out as part of the electronics recycling part of that day so working on that.

689

01:42:14.340 --> 01:42:19.710

Town of Parish: there's no new developments, this time regarding the little salmon river and salmon access via the little sounder to parish.

690

01:42:20.250 --> 01:42:26.550

Town of Parish: And one thing I have here is the washing one more thing that's not on here but finding other report here is that the.

691

01:42:27.180 --> 01:42:39.540

Town of Parish: parish justice court extra assistance and being a good word for participation in a conference via Microsoft teams nine system to court with that, by setting up the the lawyer webcam while we get one on order for the Cork and.

692

01:42:40.380 --> 01:42:49.650

Town of Parish: Coming up, I came up to parish the day of the teams conference to help walk them through that thing that's not on here is, we are making progress on getting a replacement.

693

01:42:50.250 --> 01:43:04.350

Town of Parish: laptop for the town assessor when I have now is aging it's five years old and Jim and I met with the assessor just this week to talk about what the assessor needs and make sure that.

694

01:43:05.130 --> 01:43:18.360

Town of Parish: What we're ordering picture needs the best and where to put the money in terms of different things, you can change on water like that the good news is by talking to the assessor Gemini figured out a way that we can.

695

01:43:19.140 --> 01:43:28.170

Town of Parish: come up with a good new computer and keep it within the budget that you have established, because one of them's comparable the one the one that she has now.

696

01:43:28.740 --> 01:43:47.610

Town of Parish: come out with new prices online 20 \$500 per laptop laptop so one of the ways we'll be sending money is by going from the 70s and she has now down to a more standard 15.6 16 inch screen them a smaller but the difference in cost is huge.

697

01:43:49.470 --> 01:43:56.850

Town of Parish: yeah oh more than that because the ones that we were looking at online was very good excellent under under 1500 dollars so so yeah.

698

01:43:57.570 --> 01:44:09.270

Town of Parish: we'll be able to save the money and The thing is, is a lot of computers still are on long wait lists, but we can hopefully work around that as well, good things i'm going.

699

01:44:10.590 --> 01:44:14.490

Town of Parish: To get on the waitlist us they're not another matter, like the two monitors.

700

01:44:16.530 --> 01:44:28.590

Town of Parish: That was one of the things that Jim and I thought she could actually take that laptop plug it into a bigger not really buying some demon right yeah Denise hadn't talked about having to do that at this point.

701

01:44:30.300 --> 01:44:39.540

Town of Parish: yeah I think she's going to be happy, we will be seven that turns out to be a good development, later on, you can do that, you can still be under budget, which is a very good.

705

01:45:01.980 --> 01:45:23.280

Town of Parish: For cancer last 24 hours 11 oh \$5 million 6307 miles eight five weeks later required four times and C weekly given five times and C totally played five hours nine hours at minutes man hours, maybe for 17 miles something for who went to Haiti three times and plastic toys.

706

01:45:24.810 --> 01:45:38.700

728

01:48:13.080 --> 01:48:15.960

Town of Parish: I have failed to meet with the intuition.

729

01:48:17.400 --> 01:48:24.030

Town of Parish: it's probably up on the roof somewhere well, he is right now he is supposed to call me.

730

01:48:25.650 --> 01:48:28.830

Town of Parish: I have a feeling i'm just gonna have to step down again.

731

01:48:30.240 --> 01:48:33.090

Town of Parish: He missed me once I missed him, the last thing.

732

01:48:39.270 --> 01:48:41.760

Town of Parish: i'll figure out what what where he was born.

733

01:48:43.800 --> 01:48:46.290

Town of Parish: A new style insulation for the roof.

734

01:48:47.820 --> 01:48:50.490

Town of Parish: And it cost I would imagine so.

735

01:48:53.190 --> 01:48:57.990

Town of Parish: Knowing that should I just have one record it, yes, my opinion.

736

01:48:59.220 --> 01:49:02.460

Town of Parish: We agree yourself so long, I know that.

737

01:49:03.840 --> 01:49:05.370

Town of Parish: I know they're confused.

738

01:49:06.600 --> 01:49:09.600

Town of Parish: They didn't know they got the job.

739

01:49:12.090 --> 01:49:20.490

Town of Parish: And I was from last year to drag it out the last year, so yeah i'm there would be my do we have.

740

01:49:22.050 --> 01:49:26.280

Town of Parish: This out again to everybody, yes I think so.

741

01:49:31.980 --> 01:49:32.460

Town of Parish: i'm saying.

742

01:49:33.630 --> 01:49:35.670

Town of Parish: it's up to the board on what we want to do with this.

743

01:49:39.390 --> 01:49:41.850

Town of Parish: week that we well I.

744

01:49:44.790 --> 01:49:45.780

Town of Parish: don't know.

745

01:49:47.010 --> 01:50:06.390

Town of Parish: We can wait till after the veterans and their new proposal and see how much it jumped and then try to read it back out if if there's something that you're not happy with yeah okay let's yeah let's look and see what it comes in, and then we can hopefully um attack that in June.

746

01:50:10.110 --> 01:50:13.710

Town of Parish: I haven't pushed any of the other issues, because.

747

01:50:14.760 --> 01:50:18.390

Town of Parish: I don't know where the money is right to do anything.

748

01:50:22.230 --> 01:50:26.370

Town of Parish: New boiler wasn't that much but there's no real hurry.

749

01:50:30.300 --> 01:50:30.630

Okay.

750

01:50:32.700 --> 01:50:51.330

Town of Parish: grants to have this is all it's all starting to yes it's like we wait a little while to now it yeah it gets very and we have so many projects, now that we're looking at that's where it gets totally confusing and trying to accomplish anything but we're waiting on people to so.

751

01:50:52.680 --> 01:51:04.080

Town of Parish: that's the hard part when it, but we will wait and see what we can do some comes in, everybody in agreement with that emotion for that one stop down again yeah we'll just wait for that i'm metropark.

752

01:51:06.420 --> 01:51:09.210

Town of Parish: Your next Nice, yes, I know i've done there ones.

753

01:51:11.760 --> 01:51:12.240

Town of Parish: where you want to.

754

01:51:13.710 --> 01:51:20.760

Town of Parish: discuss the law, a lot of it tonight, but I understand that you put a pipe in did that go in, or do we just purchased the way.

755

01:51:22.410 --> 01:51:32.130

Town of Parish: That was the county put it in that was by the road right that was helped by the road that's in the county right away, but he had.

756

01:51:34.770 --> 01:51:38.670

Town of Parish: i'm not sure I think we bought the play, we can play today.

757

01:51:40.230 --> 01:51:47.850

Town of Parish: And that's normally what happens in any any any place on a county road race Am I correct without and Kelly normally the homeowner.

758

01:51:48.660 --> 01:52:00.360

Town of Parish: For a while we're the homeowner right yeah so so that's all good and that's why we bought the pipe and it's actually coming out of the park account is that they didn't black tap it.

759

01:52:01.410 --> 01:52:06.630

Town of Parish: So that if and when we black tap it cannot be all wannabes right.

760

01:52:07.650 --> 01:52:13.110

Town of Parish: So so it's just it is what it is right okay and it's Okay, yes, yes and.

761

01:52:14.190 --> 01:52:33.630

Town of Parish: We will continue our discussions on metropark as this whole thing progresses and stages and Doug missed a lot of the Jager also grant writing stuff we got a lot of grants and well availability for grants we don't I understand a lot of what he is doing yeah I talked with him before.

762

01:52:34.830 --> 01:52:35.400

Town of Parish: and

763

01:52:37.410 --> 01:52:40.860

Town of Parish: that's all good let him come back with whatever he finds i'll.

764

01:52:43.920 --> 01:52:52.050

Town of Parish: Do we still need to go with a some kind of a security system dollar, yes, we should and.

765

01:52:53.280 --> 01:52:57.930

Town of Parish: and T mobile security there you go.

766

01:52:59.160 --> 01:53:09.270

Town of Parish: Yes, did there was another one that was advertised on TV lt level has a great to see you didn't want him as a graph okay to do well think.

767

01:53:09.930 --> 01:53:17.040

Town of Parish: Whatever but they're gonna have their little plaque and there's a DEMO but they might have something available for security see and Max what they are.

768

01:53:17.730 --> 01:53:27.990

Town of Parish: You know what I mean here's here's my quick, did you get a quote from anybody on that what's the i'm waiting for the virgin's Okay, I will probably be waiting.

769

01:53:29.880 --> 01:53:39.210

Town of Parish: Once we have a guesstimate as to how much we can do it possibly tomorrow if we wanted to write, but until we know what we got you can't well.

770

01:53:40.350 --> 01:53:50.520

Town of Parish: This T mobile and there's I think through folder at him something there's this \$5,000 that's what they did down in.

771

01:53:52.320 --> 01:54:03.660

Town of Parish: Tampa Bay park it's it's through them and what they did is they bought the they bought the system which is on low 30 our loop, I want to say I might be wrong on that.

772

01:54:04.200 --> 01:54:14.670

Town of Parish: And they did it over a five year contract to pay off that five grand and as long as they were paying on it then adt was.

773

01:54:15.210 --> 01:54:36.030

Town of Parish: servicing next the camera broke course the minute it was paid off design you to service the park paid 5000 or 1000 a year yeah so whatever the yes and okay with us 5000 where their costs beyond that no not today okay well.

774

01:54:37.260 --> 01:54:43.260

Town of Parish: relax dollars a year right that's an easy one to place in there they're going to furnish everything right.

775

01:54:45.480 --> 01:54:53.820

Town of Parish: Right that's like I said that's easy to place into the budget we probably have \$1,000 within our \$20,000 for this year to as well.

776

01:54:54.300 --> 01:55:01.980

Town of Parish: That is available from the park in our budget and \$1,000 this year and then we budgeted for for the next four years after that, if we need.

777

01:55:02.820 --> 01:55:15.150

Town of Parish: let's make a deal, I will call ATT and get a quote not just what but to someone else pay you get a hold a new vision and find out what they say no, and what about do mobile.

778

01:55:16.050 --> 01:55:28.110

Town of Parish: I don't know that T mobile's going to do that to team almost one offering the grid they're offering a signature grants right right well yeah I don't know if they'd be interested in.

779

01:55:29.460 --> 01:55:31.290

Town of Parish: You know I think there was a.

780

01:55:32.520 --> 01:55:36.930

Town of Parish: grant to you know I mean so right soon you're going to use US can automate.

781

01:55:38.010 --> 01:55:39.210

Town of Parish: So while.

782

01:55:40.590 --> 01:55:45.180

Town of Parish: You guys do what you just discussed and bring it back to us in June.

783

01:55:46.260 --> 01:56:03.480

Town of Parish: was some confirm numbers and then we will make a vote on it, or whatever we decided to do at that time, but we will put that the security system, because it really needs to get up and put that on the agenda and we'll have some good numbers I don't know if that has to go out to bid it.

784

01:56:04.650 --> 01:56:06.930

Town of Parish: I know it shouldn't have been me.

785

01:56:08.160 --> 01:56:10.890

Town of Parish: Great if we don't have to put that up to bed correct.

786

01:56:13.050 --> 01:56:21.660

Town of Parish: smack talk to your vendor to do it you're not taking bit you're totally right and it may buy from somebody had a thing on.

787

01:56:22.740 --> 01:56:25.740

Town of Parish: TV about security systems yeah.

788

01:56:28.320 --> 01:56:30.120

Town of Parish: If you see anything, between now and you.

789

01:56:31.410 --> 01:56:39.360

Town of Parish: Take a look at it, you know I mean that's we got to get a movement, and all we got to protect that art we're going to start putting tons of cash and let's protect it.

790

01:56:40.740 --> 01:56:49.050

Town of Parish: And it's we've had issues before sound like this, you know never had any issues or needs to get done for to even address to the park.

791

01:56:50.700 --> 01:56:53.190

Town of Parish: At 634 double check that.

792

01:56:58.740 --> 01:57:00.510

Town of Parish: Working with belden another thing.

793

01:57:02.670 --> 01:57:13.950

Town of Parish: need to be done, referring to okay vandalism type right, let me know the costs associated with that because we have to make sure we have money to do it.

794

01:57:15.300 --> 01:57:20.790

Town of Parish: Okay, in his last bolger there were hours yep.

795

01:57:21.960 --> 01:57:28.440

Town of Parish: I don't know if we separated them or they're having a no army not but okay.

796

01:57:29.730 --> 01:57:31.770

Town of Parish: But I can.

797

01:57:33.210 --> 01:57:40.530

Town of Parish: i'll talk to you later and I got a good feeling for she turned in 20 hours, probably for was.

798

01:57:41.940 --> 01:58:00.990

Town of Parish: painting and even have a separate budget line for repairing and I think we have a personal services account that would cover in promoting on anything else he did it apart so i'm not worried about man hours i'm worried about materials and anything you decide to do to repair things.

799

01:58:02.490 --> 01:58:10.890

Town of Parish: Where, my concern is yeah so far dollars or labor's big thing dollars or.

800

01:58:12.810 --> 01:58:19.920

Town of Parish: Less you're talking lumber right well that's what I don't know what projects repairs translate to dollars.

801

01:58:21.060 --> 01:58:40.560

Town of Parish: I bought two boards 38 book right but Labor translates did hours, it does in like a say this last time, maybe four hours of it was related to repairing the Boards that get broken in the land.

802

01:58:42.180 --> 01:58:48.960

Town of Parish: amen amen yeah like I said, you know get an eye on it yeah just.

803

01:58:50.370 --> 01:58:53.040

Town of Parish: Because we can always give them a report to you know.

804

01:58:54.450 --> 01:59:11.070

Town of Parish: Just to let them know how much money is left in that account, and if we have to make transfers right or purchases after you come close to your goal, then the board, we have to approve pulling it out of contingency or you know, wherever we gotta trust building right now.

805

01:59:12.240 --> 01:59:13.200

Town of Parish: Like day or two.

806

01:59:14.340 --> 01:59:17.760

Town of Parish: Okay, find out where he is with things.

807

01:59:18.780 --> 01:59:20.220

Town of Parish: After the holiday Bradley.

808

01:59:21.540 --> 01:59:24.960

Town of Parish: Once again um are you done done i'm sorry.

809

01:59:27.930 --> 01:59:28.350

Town of Parish: I guess.

810

01:59:29.520 --> 01:59:32.490

Town of Parish: it's my all I know you will be better for half hour, the other ones.

811

01:59:35.010 --> 01:59:46.410

Town of Parish: You didn't do anything I wasn't ours, yes, I always try to keep it to eight but, unfortunately, with the great presentations we had tonight it's going to run later and I apologize now but.

812

01:59:47.040 --> 01:59:55.410

Town of Parish: i'm going to try to get us out of here by night that's my goal which used to be, we are monthly so let's go you want to go.

813

01:59:58.350 --> 02:00:01.740

Town of Parish: up at 4am all right here we go I need.

814

02:00:04.290 --> 02:00:12.660

Town of Parish: We messed up and our bond resolution again for the truck What do you mean we he I did it.

815

02:00:14.460 --> 02:00:20.520

Town of Parish: i'll take the plane i'm using like what happened was we advertise, for this is a Western snowball.

816

02:00:21.540 --> 02:00:22.890

Town of Parish: And it's an international.

817

02:00:24.930 --> 02:00:26.880

Town of Parish: So when somebody found it.

818

02:00:28.020 --> 02:00:29.400

Town of Parish: And alerted Kelly.

819

02:00:30.480 --> 02:00:40.830

Town of Parish: Kelly alerted me and I had to call Joe Russell up and I said, Joe I go, we didn't order a Western Blot, and this is the second time we did not, I was caught.

820

02:00:42.660 --> 02:00:48.870

Town of Parish: The what type of vehicle was well we thought you know why I thought that's the way.

821

02:00:50.220 --> 02:01:07.890

Town of Parish: yeah so needless to say, because it is an international truck, we have to advertise it as such, to make sure that it's all legal and i'm glad somebody caught it so what I need is I need a motion to resend the previous motion again move.

822

02:01:09.690 --> 02:01:10.680

Town of Parish: On may 11.

823

02:01:11.700 --> 02:01:18.750

Town of Parish: Theresa may allow us to resend the may 11 vote for the plow truck and the bond resolution.

824

02:01:20.430 --> 02:01:27.240

Town of Parish: And we have our first, we have a second, can I have should I do, that a roll roll call to make it easy.

825

02:01:29.640 --> 02:01:30.210

Town of Parish: No go.

826

02:01:31.980 --> 02:01:32.280

Town of Parish: here.

827

02:01:34.440 --> 02:01:38.490

Town of Parish: And I apologize, once again, but it wasn't caught by anybody until it was in the paper.

828

02:01:40.170 --> 02:01:40.920

Town of Parish: Yes.

829

02:01:42.720 --> 02:01:43.170

Town of Parish: Right.

830

02:01:45.450 --> 02:01:45.930

Town of Parish: Yes.

831

02:01:47.700 --> 02:01:48.120

Town of Parish: Yes.

832

02:01:49.560 --> 02:01:50.160

Town of Parish: Yes.

833

02:01:51.720 --> 02:02:00.570

Town of Parish: Fantastic Thank you very much what I need now is I need a motion to approve the international foul truck on it.

834

02:02:03.840 --> 02:02:07.920

Town of Parish: All right, it's your turn you guys want to fight over it, you guys don't even know that.

835

02:02:12.210 --> 02:02:21.090

Town of Parish: I wasn't aware of what the manufacturer was to begin with, I I wasn't I don't think he ever said anything about it, I think back when.

836

02:02:21.990 --> 02:02:34.200

Town of Parish: God it was to the company, three years ago and Greg yeah yeah well, I mean it's been so long, but like I said it went through the same way twice before and i'm like you know Western star with the price of international goal for it yeah right.

837

02:02:35.580 --> 02:02:42.570

Town of Parish: yeah Western stairs down the line so With that in mind, we need a roll call, please Kelly.

838

02:02:47.580 --> 02:02:48.060

Town of Parish: Yes.

839

02:02:53.100 --> 02:02:53.640

Town of Parish: Yes.

840

02:02:56.880 --> 02:02:57.360

Town of Parish: Yes.

841

02:02:59.850 --> 02:03:00.480

Town of Parish: Yes.

842

02:03:01.620 --> 02:03:05.010

Town of Parish: Thank you very much, we needed four out of five and we got five out of five.

843

02:03:06.720 --> 02:03:18.780

Town of Parish: Okay, that ends that let's move on to continue the old business, we have the banners any word on banners any not not via the.

844

02:03:21.300 --> 02:03:27.240

Town of Parish: The discussion to the chalet Clark show we do know that Neil must be having some of.

845

02:03:28.920 --> 02:03:36.660

Town of Parish: them up the village purchase them and that's everybody just loves the ones right so it's a good thing.

846

02:03:38.040 --> 02:03:41.010

Town of Parish: But until we get our own going.

847

02:03:42.270 --> 02:03:51.480

Town of Parish: and find out how we can place them up and how did, how did you get through, because it's a small area they borrowed I believe Williams towns.

848

02:03:52.530 --> 02:04:04.650

Town of Parish: Williams talent helps them it's one of the shared services so williamstown came in with their truck and helped them put them up right and that's The thing is, because it's.

849

02:04:05.610 --> 02:04:13.410

Town of Parish: Only once in a while it's easy to do if we get every other holiday it's going to be very tough because we don't own our own.

850

02:04:14.490 --> 02:04:24.990

Town of Parish: And we can't ask them to come in put one take one down how much so that may be difficult, but let's look at it and see what we can do, because they are well received.

851

02:04:26.040 --> 02:04:33.990

Town of Parish: it's just somebody would have to decide a committee would I would probably put a committee on it figure out where you want to put them, for your information back.

852

02:04:37.110 --> 02:04:52.680

Town of Parish: yeah them to do our my house almost like it's going to take and get approval launch the poll like if I wanted to put one in for miles and then you had a level of approval right from line don't know about those.

853

02:04:53.790 --> 02:04:55.950

Town of Parish: Christmas decorations was different.

854

02:04:57.180 --> 02:04:59.820

Town of Parish: Because they had to have an electrical drop.

855

02:05:01.740 --> 02:05:08.910

Town of Parish: We paid that I mean, I think you need permission to hang anything on utility pole but i'm not sure I could be.

856

02:05:09.810 --> 02:05:24.990

Town of Parish: going to be easy to do right, I mean i'm not saying it's just have to tell him what he needs to do, how many probably the poll numbers and they sign off on it, but needless to say, we're going to continue moving on we saw with banners we just.

857

02:05:26.370 --> 02:05:30.060

Town of Parish: table it till it'll be unfinished business for a while.

858

02:05:31.110 --> 02:05:40.770

Town of Parish: we're going to move on to dog enumeration Kelly has been working hard on the dog enumeration and we actually have an estimate.

859

02:05:42.240 --> 02:05:57.960

Town of Parish: From dog enumeration COM Member we approved \$600 last time well this estimate came in at \$819 and 84 cents and after they looked at our property and stop me if i'm wrong anywhere Kelly.

860

02:05:58.740 --> 02:06:07.230

Town of Parish: um they came up with the quantity of 1708 people they were going to send this postcard out to so they didn't do it by.

861

02:06:08.310 --> 02:06:26.880

Town of Parish: properties, but actually people, so if there's an apartment building I believe they're going to hit everybody in that apartment building, instead of just hitting you know one to that building, which will help us so it's 1708 of these that will go out for that \$819.

862

02:06:27.990 --> 02:06:44.370

Town of Parish: And 84 cents, so what i'm going to ask for is I need a motion to approve this new them out like I said we previously approved 600 This is more than that, so I just need a motion to approve this and get this rolling and we're going to do this in August as well Kelly.

863

02:06:45.930 --> 02:06:48.750

Town of Parish: Yes, I thought it was August to um.

864

02:06:50.580 --> 02:07:00.150

Town of Parish: So I need a motion to approve this normal motion to approve the deal, no debate under \$19 at a person's second.

865

02:07:02.250 --> 02:07:12.540

Town of Parish: Yuri one second all those in favor Aye opposed abstain motion passes for this dog enumeration while or i'm dog enumeration.

866

02:07:13.980 --> 02:07:14.370

Town of Parish: um.

867

02:07:15.720 --> 02:07:19.200

Town of Parish: we'd have to set a fee for not complying.

868

02:07:24.450 --> 02:07:25.050

Town of Parish: guttenberg.

869

02:07:26.070 --> 02:07:27.360

Town of Parish: Normally one but.

870

02:07:28.860 --> 02:07:34.770

Town of Parish: Normally it's about um well it's currently what What did we do last time 10.

871

02:07:37.290 --> 02:07:49.080

Town of Parish: yeah so after the dawn enumeration when the dog control officer goes knocks on your door and finds out, you have a dog and you didn't follow this or you don't respond or you don't or whatever the case.

872

02:07:50.250 --> 02:07:59.190

Town of Parish: And what this dog enumeration person I can't remember his name Kelly, Joe Joel he suggested like \$25 as.

873

02:07:59.940 --> 02:08:09.210

Town of Parish: Well, in today's money in today's money, because that will now they get this little card say if I don't do it it's going to cost me 25 bucks extra above and beyond.

874

02:08:09.870 --> 02:08:19.140

Town of Parish: So, but that is up to us to set that fee, and so, with that in mind i'm going to ask for some discussion as to what they think the fee should be.

875

02:08:20.850 --> 02:08:25.980

Town of Parish: You said 20 I think 25.

876

02:08:28.080 --> 02:08:39.270

Town of Parish: right if they come in later, they were on vacation yeah whatever excuse hardship, as long as they're trying, we can deal with that as a you know municipality um.

877

02:08:40.500 --> 02:08:51.750

Town of Parish: But we got to be consistent, so if everybody agrees to \$25 I need a motion to approve that fee we don't need a lawyer or anything like that do we can.

878

02:08:53.700 --> 02:08:59.340

Town of Parish: it's just a fee it's a levy, so I just need a motion for \$25 to.

879

02:09:01.110 --> 02:09:02.880

Town of Parish: Add for anybody who does not.

880

02:09:04.080 --> 02:09:06.990

Town of Parish: look good do their dog, so we have Gary would.

881

02:09:08.520 --> 02:09:08.820

Town of Parish: Go.

882

02:09:10.200 --> 02:09:13.290

Town of Parish: And can I just ask for a vote all those in favor.

883

02:09:15.180 --> 02:09:19.170

Town of Parish: bows and abstain motion passes for \$25.

884

02:09:20.550 --> 02:09:22.470

Town of Parish: Okay, good.

885

02:09:26.850 --> 02:09:29.550

Town of Parish: And Kelly has also been looking at her.

886

02:09:31.230 --> 02:09:31.830

Town of Parish: um.

887

02:09:33.270 --> 02:09:45.990

Town of Parish: tags her dog tags she's running out she's going to have to order, some of them, but i'm going to wait a little bit and we'll

figure out more cost regularly yeah the prices have gone up substantially and began material.

888

02:09:47.220 --> 02:09:58.170

Town of Parish: So we'll look at upping our fees as far as how much it costs to license a dog next month that would require local law amending the law okay.

889

02:09:59.190 --> 02:10:01.770

Town of Parish: To get more tags to raise.

890

02:10:04.140 --> 02:10:05.880

Town of Parish: Right right well, what do we charge Kelly.

891

02:10:08.700 --> 02:10:09.750

Town of Parish: vacation.

892

02:10:11.520 --> 02:10:12.900

Town of Parish: And then, if they don't do a.

893

02:10:14.280 --> 02:10:16.380

monthly charge a \$2 charge.

894

02:10:17.460 --> 02:10:21.750

Town of Parish: So we will have to have a local law and we'll have to figure out how to do that.

895

02:10:23.190 --> 02:10:29.310

Town of Parish: And we'll do that for next month, but then i'm going to take so prices aren't going to go down any.

896

02:10:30.510 --> 02:10:33.060

Town of Parish: One of the few of you to spend a few dollars now.

897

02:10:35.490 --> 02:10:39.660

Town of Parish: In order to license dogs, the way things are going out and not only that.

898

02:10:41.430 --> 02:10:46.380

Town of Parish: They come to license the dogs we don't want to run out of tags right.

899

02:10:47.430 --> 02:10:49.500

Town of Parish: So right we're going to order them.

900

02:10:50.910 --> 02:11:02.820

Town of Parish: And we do, and we might have to transfer funds another Kelly goes down more but that'll be one of the reasons why she went low you know why she went over budget right but Sir minimum volume yeah there's.

901

02:11:04.350 --> 02:11:09.180

Town of Parish: there's different allowance and obviously more quantity and they are.

902

02:11:10.890 --> 02:11:21.630

Town of Parish: When I originally did probably 10 years ago or four boxes and each box was 1000 i'm just to my last box, so they lasted quite a while well if you bought 1000.

903

02:11:24.690 --> 02:11:26.280

Town of Parish: i'm a doctor we haven't finished.

904

02:11:28.770 --> 02:11:30.240

Town of Parish: Anybody get more than one box.

905

02:11:31.290 --> 02:11:36.480

Town of Parish: Well, some people don't need new tags so only get it, some people don't do it gotcha.

906

02:11:38.010 --> 02:11:43.050

Town of Parish: So that will look at that um but i'll work with Kelly over.

907

02:11:44.490 --> 02:11:47.880

Town of Parish: The next month on the local law to raise our fees.

908

02:11:50.400 --> 02:11:55.770

Town of Parish: tag you want to renew it where you want to replace it is \$3 you may want to consider.

909

02:11:57.390 --> 02:11:58.230

Town of Parish: device.

910

02:12:04.830 --> 02:12:09.270

Town of Parish: yeah we'll work on Kelly remind me that way it's gonna be in the Minutes.

911

02:12:11.190 --> 02:12:12.510

Town of Parish: Because I i'm.

912

02:12:13.560 --> 02:12:13.860

Town of Parish: Giving.

913

02:12:15.720 --> 02:12:26.370

Town of Parish: You another piece paper yes i'm just my mind, is this fall i'm sure i'm the annual cleanup day as we discussed earlier, this was the flyer that went into the.

914

02:12:27.390 --> 02:12:32.220

Town of Parish: websites the Facebook page it's hanging up in in town.

915

02:12:33.360 --> 02:12:38.670

Town of Parish: And it just it's on my agenda to just remind people to use it.

916

02:12:39.870 --> 02:12:47.070

Town of Parish: Because it's you can bring all your stuff that you normally that the paper and the talent will pay for it, because we're cleaning up the Community so.

917

02:12:47.460 --> 02:12:59.280

Town of Parish: We split the cost, with the village, and it is reduced by the county I sent a letter to the county and they reduce it by half of our normal fee so it's done 3750 at a time.

918

02:13:01.980 --> 02:13:15.450

Town of Parish: So, with that in mind, please show up on the fourth last year, we had a lot of people and we had a lot of stuff so we're dealt well so that'll be good landlord item on the agenda.

919

02:13:18.210 --> 02:13:24.690

Town of Parish: The cali morning agreement and George is gone he didn't see sign anything yet.

920

02:13:26.490 --> 02:13:37.230

Town of Parish: I have it here is unfinished unfinished because we haven't sought he hasn't signed anything so I don't know where he is with that, but I will ask George next week.

921

02:13:41.430 --> 02:13:43.530

Town of Parish: So we're going to move past that because we can't approve.

922

02:13:46.140 --> 02:13:51.660

Town of Parish: The next anything off the floor anybody wants to talk about unfinished and knowing we forgot.

923

02:13:53.340 --> 02:14:06.150

Town of Parish: This is what happens after eight o'clock everybody gets crazy i'm moving on the news this we had during the month the New York state team service health audit they came in and the actually audited.

924

02:14:07.590 --> 02:14:16.830

Town of Parish: All our books and all our employee records from 2015 15 to 21.

925

02:14:18.030 --> 02:14:34.050

Town of Parish: So he sat out in the balcony all day he was here, and he I think he left around five when I left he completed his audit and after all those years he found one instance that we did not pay for health insurance, because we had an employee.

926

02:14:35.160 --> 02:14:42.060

Town of Parish: That retired came back seasonal and then came back full time and we missed them for two months.

927

02:14:43.110 --> 02:14:47.790

Town of Parish: Now that two months, we did not pay for and that amount.

928

02:14:49.140 --> 02:14:59.190

Town of Parish: Was \$2,067 and 26 cents that was in January of 2017 so that is what we all done.

929

02:15:00.570 --> 02:15:01.320

Town of Parish: I sent.

930

02:15:02.790 --> 02:15:10.140

Town of Parish: \$2,067 and 26 cents was the insured done.

931

02:15:12.450 --> 02:15:26.910

Town of Parish: Well, as well right so fuzzy later we don't know but they just come in, so let me, let me continue so what I did was I sent them an email, stating that it was before my time.

932

02:15:28.080 --> 02:15:37.560

Town of Parish: I don't feel it was necessarily we should be charged that far back and after all the yada yada has the agreed to it and we don't know them the \$2,000.

933

02:15:39.870 --> 02:15:40.830

Town of Parish: So you're my boy.

934

02:15:42.390 --> 02:15:54.720

Town of Parish: that's all right, yes, look that's what they did they looked such good and that's Okay, no it's taking care of it took a while, but just so you're aware of that aware aware, I feel so much rather.

935

02:15:56.010 --> 02:16:06.900

Town of Parish: Believe it was worried about it, it was opinion about getting all the records together so it's good to say the least, so the next item, I have like how should have just once i'm done with this arm.

936

02:16:08.580 --> 02:16:20.100

Town of Parish: But I didn't it's it's in the park, if you read your agenda the library is asking to place a reader boards in metropark the last week of June call we said it was okay.

937

02:16:22.230 --> 02:16:34.350

Town of Parish: I just need order it little stand science well I wanted your approval, but I just not the board to be aware that we're going to allow the park if we choose to I mean I don't know what they want their little.

938

02:16:36.000 --> 02:16:41.400

Town of Parish: pain like Burma shave right, you know, so you probably don't know I do actually I.

939

02:16:42.840 --> 02:16:58.710

Town of Parish: I did want to tell them after marriage, yes, and before I brought it to the board, the only thing I would ask is they put different cards up yeah like every other week or every week years one side of the road one week, the other side of the road, the next week.

940

02:17:00.210 --> 02:17:03.150

Town of Parish: alton I had our time on here.

941

02:17:04.830 --> 02:17:09.090

Town of Parish: And they're going to move on, they want to move them when I talked to Linda to the road.

942

02:17:10.110 --> 02:17:14.970

Town of Parish: After the gate So it goes towards you know that's really, really increase our they were okay.

943

02:17:16.140 --> 02:17:19.860

Town of Parish: So alternate side of the road, like you put them anywhere early what really.

944

02:17:21.240 --> 02:17:28.620

Town of Parish: Right and I just wanted to make sure with you, and because I knew, you did it and I had to put it on the agenda alternate sides of road.

945

02:17:29.640 --> 02:17:32.430

Town of Parish: weekly a new whatever security system.

946

02:17:33.780 --> 02:17:40.050

Town of Parish: So we will I will, if nobody has a problem with it really need emotion we're just going to long.

947

02:17:41.820 --> 02:17:45.570

Town of Parish: Island up just so I I wanted to make sure everybody was aware of what we're doing there.

948

02:17:46.740 --> 02:17:51.690

Town of Parish: OK, the next item on the agenda under new business is the cemeteries and no moly.

949

02:17:52.860 --> 02:18:01.800

Town of Parish: Although it's done um, but we need some discussion Okay, as do because and he's not here of course i'm.

950

02:18:02.790 --> 02:18:10.170

Town of Parish: As do who does it what was done in the past, Richard can probably confirm everything, and you can probably confirm everything.

951

02:18:11.010 --> 02:18:24.240

Town of Parish: Because George originally I think wanted belden to do these is that my understanding, it takes more than one guy we already sent to the town employees one up and other.

952

02:18:25.500 --> 02:18:36.090

Town of Parish: So Greg guys God i'm enjoying before him and going coaches and then the town employees, so this time before Memorial Day George came to me on Monday.

953

02:18:37.260 --> 02:18:43.620

Town of Parish: And I said look you guys just go do it and get it done before Memorial Day, the meeting is Thursday.

954

02:18:44.190 --> 02:18:50.580

Town of Parish: And if they want belden to do it will change it, but if not, you guys will do it and that's we just want to make sure that we're all.

955

02:18:50.940 --> 02:19:02.850

Town of Parish: You want that county highway employees to continue to do is everybody's understanding the town town i'm sorry but it's a lot of work for bellman to be doing a very.

956

02:19:03.930 --> 02:19:09.120

Town of Parish: Good job for him, yes, it would it would you take all the cemeteries.

957

02:19:10.440 --> 02:19:18.780

Town of Parish: Times X amount of hours well you got, and this is not just writing the lawn mower you get trim and you get a new got tree limbs, and every other thing.

958

02:19:20.010 --> 02:19:36.930

Town of Parish: Right, so the states of town has to have at least three times yes certain laws we can as a board just put that job duty and I wake up, correct and that's why I just want to make sure that we want me to do it town our town.

959

02:19:40.050 --> 02:19:42.810

Town of Parish: All right, especially the coc guys she don't correct me.

960

02:19:45.510 --> 02:19:47.580

Town of Parish: If i'm high on the county lately, it seems.

961

02:19:48.780 --> 02:19:53.070

Town of Parish: So the town, the town takes care of it, we will continue to do that.

962

02:19:54.150 --> 02:19:56.580

Town of Parish: everybody's disagreement do any emotion for that.

963

02:19:58.650 --> 02:19:59.100

Town of Parish: Well, now.

964

02:20:00.210 --> 02:20:00.900

Town of Parish: let's practice.

965

02:20:02.820 --> 02:20:05.670

Town of Parish: let's make an emotion so it's official okay i'm okay.

966

02:20:07.170 --> 02:20:08.490

Town of Parish: I I.

967

02:20:10.980 --> 02:20:15.810

Town of Parish: Just because that way it'll be in the record, you know I mean, I will be going to get them.

968

02:20:17.610 --> 02:20:18.270

Town of Parish: What are you doing.

969

02:20:19.410 --> 02:20:26.310

Town of Parish: Come on i'm ocean, the second I I I we also the.

970

02:20:27.870 --> 02:20:40.320

Town of Parish: Continued yes, you that way it's written doing a fine job now let's not ruin it correct just so we understand that continue maintaining the cemeteries, the town centres, yes.

971

02:20:44.370 --> 02:20:47.940

Town of Parish: Are we to catch up Kelly, let me know okay cool well.

972

02:20:49.740 --> 02:20:50.130

Town of Parish: I will.

973

02:20:51.510 --> 02:20:55.080

Town of Parish: see what else after eight o'clock we're going to spend 1000 out know.

974

02:20:56.580 --> 02:20:59.700

Town of Parish: we're going to approve joshua joshua crawl.

975

02:21:01.110 --> 02:21:03.630

Town of Parish: To the fire department and ran.

976

02:21:04.680 --> 02:21:13.200

Town of Parish: And well let's do one, at a time let's okay so i'm asking for a motion to approve joshua crawl a move a second.

977

02:21:14.370 --> 02:21:16.860

Town of Parish: All those in favor Aye opposed.

978

02:21:18.450 --> 02:21:25.350

Town of Parish: joshua crawl okay we're gonna move on to Miranda who shall grambling.

979

02:21:27.810 --> 02:21:28.470

Town of Parish: department is.

980

02:21:31.140 --> 02:21:33.720

Town of Parish: Holding second house, I can.

981

02:21:35.070 --> 02:21:38.910

Town of Parish: Carry all those in favor Aye opposed.

982

02:21:40.260 --> 02:21:43.290

Town of Parish: And testing two new Members to the fire department that's awesome.

983

02:21:45.390 --> 02:21:53.550

Town of Parish: Next, new business item was the highway clothing, and this was brought to me by concert woods, so I will let counselor would.

984

02:21:55.080 --> 02:21:56.430

Town of Parish: describe what he's looking for.

985

02:21:58.050 --> 02:22:03.120

Town of Parish: there's been a lot of confusion there in the past, I guess, about what the town baseball, for I wake levels.

986

02:22:03.960 --> 02:22:13.410

Town of Parish: um that's just My opinion is that, as a one board member that I think it should be narrowed down to seeing it for the highways it's for safety.

987

02:22:14.280 --> 02:22:21.870

Town of Parish: Then from there, you know, to get their third James and stuff, but I think I don't believe that the town should be paying for.

988

02:22:22.350 --> 02:22:34.260

Town of Parish: casual wear or anything that has any kind of name or label or return advertisement soliciting a business, I think we should probably even if we have to wait.

989

02:22:34.710 --> 02:22:58.050

Town of Parish: till maybe next year, but in the future, think of making a resolution or a change in the contract state that it has to be dlp approval orange or yellow shirts reflective ah mattering vast hoodies whatever you want to use a contract to say your dog is very, very it's very what it is.

990

02:23:01.680 --> 02:23:04.890

Town of Parish: yeah board approved vendor, these are the ones that are not more to group and.

991

02:23:05.940 --> 02:23:13.500

Town of Parish: That there's two there's two separate paragraphs right, so all right So what did you what I got a.

992

02:23:14.640 --> 02:23:24.720

Town of Parish: copy of the contract here when does the year third man that the problem is this contract is currently in the fact till three years 2023 years.

993

02:23:26.250 --> 02:23:30.960

Town of Parish: But I still go to still paying for these regardless.

994

02:23:32.070 --> 02:23:40.950

Town of Parish: It still has to be approved by the board pay every single bucket it comes to pass this Dave and I personally don't want to throw vouchers that.

995

02:23:41.790 --> 02:23:50.760

Town of Parish: said that my favorite restaurant or my favorite bar, I want to buy their boutique hotel very she's gonna pay for that yeah no right no it's not highway.

996

02:23:51.870 --> 02:24:08.640

Town of Parish: it's not high way up work Where are you right exactly I mean nothing against what do you want to buy a hoodie same by one from granger or Bangkok or somebody that's deal D approved that does safety because that's what it's all about in the long run, but to me.

997

02:24:10.770 --> 02:24:21.360

Town of Parish: It doesn't really indicate what it is right and the thing is it's a copies, or are we supposed to have original receipts, yes, I like I said I took care of.

998

02:24:21.900 --> 02:24:33.390

Town of Parish: I allowed this person, this time, when we received this after this I sent out a memo in their paychecks stating that, after this date.

999

02:24:34.050 --> 02:24:44.070

Town of Parish: All receipts must be original but question yo do you have the authority to approve this has to be approved by the board you can't say.

1000

02:24:44.430 --> 02:24:54.810

Town of Parish: I just accepted this one, and then afterwards this, it has to be approved by the whole board well you know what i'm doing nothing because break right, you know what it was was.

1001

02:24:55.410 --> 02:25:07.740

Town of Parish: it's an internal it's not like it was anything different, it is more of an internal but it's still a Boston whether it's myself and trudy and Kelly, to involve.

1002

02:25:08.340 --> 02:25:21.960

Town of Parish: pursuing what we're doing and how we do it legally, this was just it, it says a black hoodie on the receipt it's a beach on he had other items on there that he didn't claim off that black, but he is my.

1003

02:25:23.250 --> 02:25:35.490

Town of Parish: My spoke with this gentleman, he said, this is what he bought and like said, I met receipt there's an item that we are not

paying for so right, so you know he's not he's on the up and up as far as I, I was telling right i'm not.

1004

02:25:36.210 --> 02:25:40.140

Town of Parish: right but panic, but i'm just saying we should not be getting in the.

1005

02:25:41.220 --> 02:25:48.630

Town of Parish: pattern of purchasing and bye bye you could be in some legal things as far as listening businesses.

1006

02:25:49.440 --> 02:26:04.860

Town of Parish: You know domain, which make it black money right, so if it's just a plain black or whatever you know I mean, I think the only thing you could get along get away with just said parish highway Department on you know something like that, but other than that, and I know cyber.

1007

02:26:07.350 --> 02:26:08.280

Town of Parish: yeah I agree with that.

1008

02:26:09.420 --> 02:26:18.720

Town of Parish: But here's my next question Bob can because this contract is very vague as to what they can and cannot purchase.

1009

02:26:19.470 --> 02:26:33.150

Town of Parish: It doesn't say you know you can't purchase shorts you did it doesn't say any of that right do we have to wait until the contract comes across to change this, or can we institute this now, and let them play that.

1010

02:26:34.860 --> 02:26:43.470

Town of Parish: Well, I think any changes to the contract, you have to wait until it comes to revision, but you could enter into the fight it consensual.

1011

02:26:45.510 --> 02:26:49.320

Town of Parish: will see right yeah and I don't think it's going to be consensual.

1012

02:26:50.340 --> 02:27:00.720

Town of Parish: Because these guys have allowed have been allowed to purchase whatever they wish for many, many moons well one in there is at one time for polo shirt very.

1013

02:27:01.740 --> 02:27:05.610

Town of Parish: casual pair I mean i'm saying right right which didn't get to, but it was like.

1014

02:27:06.810 --> 02:27:17.610

Town of Parish: The Titanic no cable waistband right, but I think it really should be brought the people's attention that this is what we're going to pay for our highway department mass casualty well.

1015

02:27:19.980 --> 02:27:29.520

Town of Parish: contract, they can either right correct what it doesn't say it doesn't say and so it's very vague and so what I was going on, was passed practice.

1016

02:27:30.270 --> 02:27:41.640

Town of Parish: of many knows like I said I mean it was many years that they've allowed been allowed to wear whatever they wish and maybe a letter in with jack and and write the letter states only to the.

1017

02:27:43.860 --> 02:27:45.270

Town of Parish: receipt I can you know.

1018

02:27:46.410 --> 02:28:04.740

Town of Parish: I can call up john horning Tuesday for Hamilton sorry George morning and discuss it with them um I can try my best to take care of that, but I can guarantee it because it's been ongoing for many years.

1019

02:28:06.120 --> 02:28:09.210

Town of Parish: The throw line that they will fight it, you know um.

1020

02:28:10.380 --> 02:28:21.390

Town of Parish: But I will have i'm a designer developer 23 for it to be in the right that's called changes me there's no I mean you can go to uniforms, you can you know.

1021

02:28:22.770 --> 02:28:28.710

Town of Parish: I mean it oh yeah and that's I mean that's another way to solve the whole thing because it's not like we got 25 guys.

1022

02:28:29.490 --> 02:28:37.320

Town of Parish: We got a supervisor, we got four guys okay universe come in here here you go here's your uniforms parish highway department, no.

1023

02:28:37.710 --> 02:28:50.820

Town of Parish: that's it and amanda and watched everything stuff we're furnishing you were first place what in the hell, they want to wear something like you're wearing a golf course anyway, why to help this this item was only a black hoodie.

1024

02:28:51.840 --> 02:28:56.640

Town of Parish: um but it's just in the future, and you know we got to be aware of what they're purchasing and make sure that they.

1025

02:28:58.650 --> 02:29:02.760

Town of Parish: In your advertising a bar right yeah yeah go.

1026

02:29:03.840 --> 02:29:11.130

Town of Parish: Well, that wasn't fast enough but it's been done in the past but it's actually up to the superintendent to enforce it, I was saying.

1027

02:29:12.150 --> 02:29:17.940

Town of Parish: You know it'd be up to George to tell us guys hey yeah it wouldn't be but, in the past in your in your old.

1028

02:29:18.990 --> 02:29:28.140

Town of Parish: Contracts it wasn't a society so right nobody had any authority to do it right, we still don't have authority to do it right, I saw.

1029

02:29:29.970 --> 02:29:30.540

Town of Parish: like it.

1030

02:29:32.130 --> 02:29:32.670

Town of Parish: can be.

1031

02:29:34.920 --> 02:29:36.990

A lot sweatshirts we call them.

1032

02:29:38.460 --> 02:29:39.240

For anything.

1033

02:29:40.320 --> 02:29:50.790

Town of Parish: From bars advertising when you get the push back that's right well that's you know that's another way around getting contracts.

1034

02:29:51.600 --> 02:30:02.340

Town of Parish: Explain and worked out is you know it's like a new law goes according be taken and dealt with the definition of it is variable very well with this and the contract.

1035

02:30:02.700 --> 02:30:12.600

Town of Parish: Unless we said no we're not paying for that one purchase that a Gray bar and somebody grieved they got the vision on that they're worried will be.

1036

02:30:13.110 --> 02:30:23.430

Town of Parish: corrected right one way or the other right, you know what i'm saying yes, not the month it's not the mouth that it's you know it's it's 35 bucks it's not the point right.

1037

02:30:24.540 --> 02:30:31.500

Town of Parish: can lead we just can't let them thinking that you can go and hey you know I went to Alex bay and I bought Elliot bearish you're going to pay for it.

1038

02:30:31.980 --> 02:30:40.350

Town of Parish: You know what i'm saying you can't you shouldn't get into that because i'm i'm just speaking from my constituents I don't think the people out there it'd be good, in fact.

1039

02:30:43.560 --> 02:30:44.010

Town of Parish: I know.

1040

02:30:45.210 --> 02:30:46.230

Town of Parish: that's why they're doing.

1041

02:30:47.640 --> 02:30:54.630

Town of Parish: It yeah born yesterday, no, I understand it's just nothing is in the contract that's clear and.

1042

02:30:55.740 --> 02:31:05.340

Town of Parish: yeah I can I can I mean, because I can talk with George I can talk Johnny Hamilton and see what he has to say.

1043

02:31:06.660 --> 02:31:13.980

Town of Parish: push back a little bit right and see what they say we haven't all next contract, where we when we write a new contract with a Union.

1044

02:31:14.370 --> 02:31:20.100

Town of Parish: will be much more specific and how specific do you want us to get right in these people.

1045

02:31:20.970 --> 02:31:39.150

Town of Parish: All right, oh, I agree, I mean we can do that it's just what's the maximum dollar for your for 50 per person we're here we're here, which is this pretty it pretty healthy I don't think if you got four people okay for 50 times, for I don't know if I have a.

1046

02:31:40.260 --> 02:31:43.710

Town of Parish: Uniform company for three or four people would be charging you that.

1047

02:31:45.210 --> 02:31:51.660

Town of Parish: But you gotta remember that for 15 i've been in this case before that includes laundering you know.

1048

02:31:53.460 --> 02:32:01.980

Town of Parish: All that stuff is, including that for 50 in typically like a clothing allowance is what you call it, so you got to remember those guys are working for for the town.

1049

02:32:02.580 --> 02:32:12.750

Town of Parish: Getting dirty going home cleaning these items socks shoes, you know, whatever they were and they're cleaning it and so all those that's why that for 50 really isn't a lot.

1050

02:32:13.650 --> 02:32:22.980

Town of Parish: When when you look at the cost to maintain four days worth of work and some of the famous safety right world for sure right right.

1051

02:32:23.760 --> 02:32:37.230

Town of Parish: As well like is not safety, though right well correct you're right there it goes against me, but he may wear this you know they may wear hoodies underneath or safety bass I oh that's.

1052

02:32:38.280 --> 02:32:38.880

Town of Parish: right because.

1053

02:32:40.230 --> 02:32:40.560

Town of Parish: He.

1054

02:32:41.850 --> 02:32:48.750

Town of Parish: Just flexible nation, you know to where what we're looking at right yeah yeah.

1055

02:32:50.610 --> 02:32:52.440

Town of Parish: let's get it done I gotta.

1056

02:32:54.420 --> 02:32:54.900

Town of Parish: watch it.

1057

02:32:56.250 --> 02:32:57.420

Town of Parish: Okay, so.

1058

02:32:58.500 --> 02:33:09.360

Town of Parish: What do we want to do with that just table a thrill to hear you Okay, you know what you gotta do next item and i'm sorry it's taken so long people but.

1059

02:33:10.410 --> 02:33:13.500

Town of Parish: Past discrepancy in the Court clerks payroll.

1060

02:33:15.360 --> 02:33:17.100

Town of Parish: This came to me.

1061

02:33:18.210 --> 02:33:28.440

Town of Parish: i'm just this week, I believe it was last week on Friday or Thursday or one of those days I didn't have a chance to look at it from now our Court clerk.

1062

02:33:30.090 --> 02:33:30.660

Town of Parish: In.

1063

02:33:31.920 --> 02:33:34.380

Town of Parish: 2017 and 18.

1064

02:33:35.820 --> 02:33:36.900

Town of Parish: was approved.

1065

02:33:38.010 --> 02:33:53.010

Town of Parish: A \$10,000 I looked in the budget, it says \$10,000 we looked in the Minutes, it was \$10,000 and the Court clerk gave me her w tues both of those years she only received \$9,000.

1066

02:33:54.270 --> 02:34:00.210

Town of Parish: So she was shorted by \$1,000 in 17 and 18 posted the look back.

1067

02:34:01.260 --> 02:34:07.200

Town of Parish: I don't know what prompted it um that's why it is up for discussion.

1068

02:34:08.370 --> 02:34:13.530

Town of Parish: Right, then how we want to deal with this, but I have to bring it before you.

1069

02:34:14.910 --> 02:34:17.490

Town of Parish: Because they want me to ask.

1070

02:34:19.860 --> 02:34:22.110

Town of Parish: So there was a court clerk.

1071

02:34:23.370 --> 02:34:29.430

Town of Parish: So, like I said I mean it's up to you guys, I have the information here.

1072

02:34:32.580 --> 02:34:32.880

Town of Parish: What is.

1073

02:34:33.900 --> 02:34:34.410

Town of Parish: legally.

1074

02:34:36.690 --> 02:34:39.510

Town of Parish: promise we'll do better from starting today.

1075

02:34:40.530 --> 02:34:52.920

Town of Parish: And that's like I said it's it's, what do you guys want to do it, I was totally I got my opinion, but I don't know what people think well what's your what's your opinion, my opinion is if it's black and white.

1076

02:34:54.360 --> 02:34:59.220

Town of Parish: we'll issue, all you gotta do you gotta say I said I don't care if it's.

1077

02:35:00.450 --> 02:35:12.150

Town of Parish: 2010 yeah you have to prove and you have a budget, well, I have the budget and me and Kelly went back and looked in the Minutes okay in America, who says land thousand dollars.

1078

02:35:13.200 --> 02:35:30.720

Town of Parish: to Japan sure we all know, thousand dollars for your access to the taxes commodity just gets put into this year's doesn't mean it's not gonna go get it we're going to decide what accounts take it out what we're gonna do we're gonna have to move funds.

1079

02:35:31.980 --> 02:35:40.590

Town of Parish: \$2,000 from either contingency or somewhere and we can do it, you know, in the budgetary transfer for next month because we won't pay him.

1080

02:35:41.730 --> 02:36:00.270

Town of Parish: Our yeah we'll have to do it next month, I mean they've already waited five years what's it going to be honestly what we'll do it next month, but if you guys um I just need a motion and a second, and then we can vote to pay back the Court or \$1,000 for 17.

1081

02:36:01.770 --> 02:36:11.550

Town of Parish: Years there we go Richard Mr horning made the motion to pay the Court clerk \$1,000 from 2017 and \$1,000 from.

1082

02:36:13.080 --> 02:36:13.800

Town of Parish: affecting.

1083

02:36:17.700 --> 02:36:21.240

Town of Parish: All those in favor Aye opposed.

1084

02:36:24.240 --> 02:36:34.530

Town of Parish: Motion passes to pay the Court clerk \$2,000 next month on we can discuss it now and then we'll just transfer next month and pay or after the transfer come available.

1085

02:36:35.400 --> 02:36:44.130

Town of Parish: Because i'm not going to, or we could do it today, but when we play your next paycheck I would really do it next paycheck that we were not doubling our skills get.

1086

02:36:45.480 --> 02:36:50.730

Town of Parish: see what i'm saying alright sounds like a month or two separate okay so then.

1087

02:36:52.800 --> 02:36:58.740

Town of Parish: yeah next papers can solo Do I need a motion to take to make that transfer I do.

1088

02:37:02.010 --> 02:37:10.980

Town of Parish: Yes, we'll add it to our listeners the transfers for the month yeah we'll just add it will just print out another one from the transfers we currently have yeah okay.

1089

02:37:12.060 --> 02:37:13.590

Town of Parish: And guess what we're on to.

1090

02:37:20.550 --> 02:37:25.110

Town of Parish: Anything off the floor for new I know it's been a lengthy meeting but we're getting a lot done.

1091

02:37:27.930 --> 02:37:40.260

Town of Parish: highway equipment highway equipment George mentioned that he wants to put up to auction, is there any discussion on those items being sold.

1092

02:37:43.080 --> 02:37:52.890

1093

02:37:54.030 --> 02:38:06.510

Town of Parish: Last last 20 years until they put the sandbox on it, and then they did use it yeah where they said they were never going to use it yeah but but I don't know if they have the original backs.

1094

02:38:07.980 --> 02:38:08.340

Town of Parish: probably know.

1095

02:38:09.630 --> 02:38:15.210

Town of Parish: Well that's why it's good for discussion, because I am not aware of these items I don't know how they're used I don't even.

1096

02:38:16.320 --> 02:38:21.240

Town of Parish: don't know when the last time they were using a lot of years, since that is gosh now I mean I didn't get money for them.

1097

02:38:22.680 --> 02:38:23.790

Town of Parish: Well, what what.

1098

02:38:26.610 --> 02:38:41.160

Town of Parish: We don't get enough not them centenary there sorry we don't have the weather, that we used to know so we really don't need it, the old beater I know that truck and it's a beater.

1099

02:38:43.140 --> 02:38:43.800
