00:03:42.000 --> 00:03:57.540

30

00:03:59.070 --> 00:03:59.310

Town of Parish: Be.

31

00:04:01.500 --> 00:04:05.430

Town of Parish: I believe this was the last year for electronics as day you know I.

32

00:04:06.540 --> 00:04:17.100

Town of Parish: mean the transfer stations, I still believe are accepting them so they can take them there, but I think this will be the last time to do this, but i'm not sure until next year.

33

00:04:19.170 --> 00:04:23.130

Town of Parish: they're going to have to pay to dispose of them I believe places like very.

34

00:04:27.270 --> 00:04:28.860

Town of Parish: very, very good.

35

00:04:30.900 --> 00:04:35.520

Town of Parish: So there's avenues for people to be a reasonable level on her back down road where.

36

00:04:40.080 --> 00:04:47.190

Town of Parish: We are going to move on, on our agenda, trying to make this on the two hour mark will hold me to that.

37

00:04:49.050 --> 00:04:51.690

Town of Parish: we're going to try to will try to move through this.

38

00:04:52.800 --> 00:04:55.830

Town of Parish: I need to approve the Minutes from the regular meeting of.

39

00:04:59.580 --> 00:05:02.400

Town of Parish: Anybody anybody have any problems with them.

40

00:05:05.070 --> 00:05:06.870

Town of Parish: And so Gary made the motion.

41

00:05:08.190 --> 00:05:09.330

Town of Parish: seconded by Robin.

42

00:05:10.500 --> 00:05:11.370

Town of Parish: All those in favor.

43

00:05:12.960 --> 00:05:13.590

Town of Parish: host.

44

00:05:14.730 --> 00:05:15.480

Town of Parish: Steve.

45

00:05:17.490 --> 00:05:18.120

Town of Parish: Improved.

46

00:05:19.800 --> 00:05:21.960

Town of Parish: move on to the committee reports.

47

00:05:25.590 --> 00:05:27.060

Town of Parish: let's start with the article phones.

48

00:05:29.370 --> 00:05:35.100

Town of Parish: At the questions has changed, there are you ready for that I would garage.

49

00:05:36.570 --> 00:05:42.630

Town of Parish: repairs, I do have some information on security or that goes here go someplace else let's.

50

00:05:43.800 --> 00:05:53.520

Town of Parish: Do you plan on taking that long, I mean no I mean i'm not talking time, are you going to bring that up off the floor, did you modify something that they are just like.

51

00:05:55.380 --> 00:06:04.230

Town of Parish: I should go ahead, doing not under marketing so that'll be part of the fun slashed maybe there'll i'm sorry, so what i'm learning is that.

52

00:06:05.670 --> 00:06:14.580

Town of Parish: Security companies are somewhat limited I spoke with Eastern security bread boy what he informed me was.

53

00:06:15.780 --> 00:06:16.650

Town of Parish: information.

54

00:06:19.320 --> 00:06:24.570

Town of Parish: That there isn't a lot that they can do to help us, because what a security company.

55

00:06:26.100 --> 00:06:34.620

Town of Parish: need a building that is electrified all year long and temperature control that will how's the drive and all that sort of stuff.

56

00:06:36.000 --> 00:06:38.280

Town of Parish: And we don't even know that we have Internet but up.

57

00:06:40.050 --> 00:06:43.590

Town of Parish: So, as I was waiting to hear back from the right.

58

00:06:50.010 --> 00:06:53.190

Town of Parish: Security and has Internet and Thomas Perez.

59

00:06:55.200 --> 00:07:02.040

Town of Parish: And boy that's been a trip since Monday I was told spectrum, no longer does security.

60

00:07:02.670 --> 00:07:15.090

Town of Parish: So I dropped it and then I researched and they do do security, so I called him back and spoke with a nice lady who gave me a little bit of information, but once they said I was there she's like Oh, you have to speak with well.

61

00:07:16.110 --> 00:07:22.530

Town of Parish: I started writing stuff down at this point, spoke with rob isn't all my information home parish park.

62

00:07:23.820 --> 00:07:25.140

Town of Parish: We accept government.

63

00:07:35.310 --> 00:07:46.590

Town of Parish: hours a day, and I still had the Russell I was pushed off to and violently apart regimens we spoke with that later today, I have to do it anyway.

64

00:07:47.100 --> 00:08:08.490

Town of Parish: um, so this is what I know, and this is what I need a lot of what the first gentleman said is true you do traditional security system and out of Arc really do building that is sheltered and roll it can't be 20 below zero and operate south.

65

00:08:10.830 --> 00:08:12.180

Town of Parish: And there's there are ways.

66

00:08:15.240 --> 00:08:17.610

Town of Parish: is how this is a salesperson is.

67

00:08:19.140 --> 00:08:19.530

mine.

68

00:08:20.970 --> 00:08:21.540

Town of Parish: So I.

69

00:08:22.890 --> 00:08:25.170

Town of Parish: survey and all that means is.

70

00:08:26.310 --> 00:08:27.810

Town of Parish: A survey the address.

71

00:08:29.340 --> 00:08:37.110

Town of Parish: To make sure that there's in fact Internet access there the pole if you had to build independence there.

72

00:08:38.160 --> 00:08:41.490

Town of Parish: And we go from there, because if it's not down that are.

73

00:08:42.510 --> 00:08:43.260

Town of Parish: available.

74

00:08:44.850 --> 00:08:45.330

Town of Parish: More than.

75

00:08:48.600 --> 00:08:54.540

Town of Parish: She did have a couple positions that I didn't know the answer to who supplies the town of Parish.

76

00:08:56.100 --> 00:08:57.000

Town of Parish: With Internet.

77

00:08:58.980 --> 00:09:00.780

Town of Parish: provider is it new.

78

00:09:03.510 --> 00:09:05.250

Town of Parish: versions here okay.

79

00:09:08.280 --> 00:09:11.190

Town of Parish: And with ambitions to be have a cell phone.

80

00:09:12.480 --> 00:09:13.410

Town of Parish: Yes, yeah.

81

00:09:16.770 --> 00:09:21.510

Town of Parish: She tried before and not thinking about that which we weren't sure because that's.

82

00:09:27.810 --> 00:09:28.620

Town of Parish: All we.

83

00:09:32.700 --> 00:09:44.130

Town of Parish: Ever that could be one of the same if we had been using spectrum, but she will sell that package and feature day of the best where we stand with that she will get back to me by Friday perhaps Monday.

84

00:09:45.510 --> 00:09:48.540

Town of Parish: Meeting come back and let us know what you found out okay.

85

00:09:51.060 --> 00:09:51.870

Town of Parish: fantastic.

86

00:09:53.160 --> 00:09:55.440

Town of Parish: and your committee report, which is okay.

87

00:09:58.500 --> 00:10:11.370

Town of Parish: I know we're as long as we're still on our big funds know we've been talking about money, one of the biggest things i've found many towns are having a hard time trying to figure out what to spend the money.

88

00:10:12.750 --> 00:10:26.850

Town of Parish: Because they have three want to go this way to the end it's just a very and i'm sure we have the same thing, and maybe next meeting you could break it down for us if you know you know highway repairs, or something you may want to look.

89

00:10:29.040 --> 00:10:29.610

Town of Parish: Upon.

90

00:10:30.720 --> 00:10:40.740

Town of Parish: These part you know all these things still a guideline that we can improve as to where the buck, you know where the money should getting another check in July.

91

00:10:42.090 --> 00:10:51.300

Town of Parish: So that would make a total of over \$4,000 and then we can really that will be the last check and then we can you know we have a couple years to do it right.

92

00:10:52.470 --> 00:10:52.770

Town of Parish: mark.

93

00:10:56.580 --> 00:10:58.590

Town of Parish: yeah wait you're going to need as.

94

00:11:01.170 --> 00:11:13.110

Town of Parish: Much as before we can allocate money each one's or seven yes so grants and stuff so heavily from George horning about.

95

00:11:14.820 --> 00:11:19.110

Town of Parish: His priority, please for repairs down there you know.

96

00:11:20.310 --> 00:11:25.530

Town of Parish: The Doug was in charge that I was done this here and that's why he's under highway garage repairs.

97

00:11:26.970 --> 00:11:30.090

Town of Parish: mainly the roof, because he is not here.

98

00:11:31.950 --> 00:11:33.090

Town of Parish: we're going to.

99

00:11:34.410 --> 00:11:36.330

Town of Parish: Close out the article funds committed.

100

00:11:38.190 --> 00:11:38.730

Town of Parish: For.

101

00:11:41.580 --> 00:11:56.070

Town of Parish: That way garage your current board because he's not here, the only thing Doug and I spoke about over the last couple weeks is that he believes, and I believe that we should put that back out to bed angry and concentrate on the roof.

102

00:11:57.660 --> 00:12:15.030

Town of Parish: And so that was part of that wasn't done to bring that up, but I can bring it up or yeah In fact I can make a motion to rebuild the highway garage repairs, can we do that Bob you're just read that because it's been so long a period of time okay so.

103

00:12:16.290 --> 00:12:17.580

Town of Parish: We just have to repost it.

104

00:12:19.170 --> 00:12:23.970

Town of Parish: advertise it So where do we advertise we ever ties in the camden.

105

00:12:25.290 --> 00:12:31.740

Town of Parish: If you guys wish we always have the option of going to the Mexico paper, I think that would be a good idea to get up.

106

00:12:33.030 --> 00:12:43.050

Town of Parish: and work it's it's going to be like camden is normally I wish Kelly was here, maybe what what is he doing Kevin normally charges for one of our.

107

00:12:47.070 --> 00:13:02.580

Town of Parish: So it's about 30 to \$40 I think through the Queen central and it's going to be upwards of like \$80, I believe, if I can remember in the paper in Mexico, I think it's money well spent, because not a lot of people have asked.

108

00:13:03.780 --> 00:13:12.750

Town of Parish: And boy get that paper easily and readily Vegas down here and there are losses, but we'll get right.

109

00:13:13.860 --> 00:13:23.400

Town of Parish: So something this big maybe we should take that and in that soul, I didn't even get a second on that first motion but I can.

110

00:13:24.390 --> 00:13:36.330

Town of Parish: amend my motion originally and I can put it, I would like to make a motion and a second after this I need oh i'm going to make the motion to rebuild the highway garage roof.

111

00:13:37.440 --> 00:13:40.770

Town of Parish: and include the Mexico newspapers, as well as the clean Center.

112

00:13:42.690 --> 00:13:50.970

Town of Parish: Here in a second of that i've won all those in favor Aye opposed i'm saying motion carries.

113

00:13:53.880 --> 00:13:56.880

Town of Parish: To which people don't think about right now, though gonna have to.

114

00:13:58.110 --> 00:13:59.100

Town of Parish: take the time to put.

115

00:14:00.330 --> 00:14:05.070

Yes, we like number, you cannot eat their policy.

116

00:14:08.250 --> 00:14:11.040

Town of Parish: Nice, it does that we asked George what is.

117

00:14:12.390 --> 00:14:16.530

Town of Parish: The guy that's down there operator, I mean even just your.

118

00:14:17.730 --> 00:14:23.340

Town of Parish: Brain dump knows all about that looked at that, and I believe he's got a call and.

119

00:14:24.600 --> 00:14:26.520

Town of Parish: He will company.

120

00:14:28.080 --> 00:14:30.570

Town of Parish: And so we can look at that as well.

121

00:14:32.550 --> 00:14:45.900

Town of Parish: Because we do have some money like we said in our budget to be Paris on that not totally in there, but we can definitely look at that are announced, yes, so there's little bit of you know that's where actors going to come in big.

122

00:14:47.460 --> 00:14:50.550

Town of Parish: To use some of that and talking to them.

123

00:14:59.010 --> 00:14:59.280

Town of Parish: Right.

124

00:15:01.620 --> 00:15:06.810

Town of Parish: So the roof definitely needs to be done without in France know.

125

00:15:08.370 --> 00:15:13.200

Town of Parish: Right so anybody else have anything to the top of the highway garage repairs.

126

00:15:14.400 --> 00:15:18.390

Town of Parish: wisdom that Merrill part once again Doug.

127

00:15:20.160 --> 00:15:26.430

Town of Parish: sorry that committee, I can tell you that i've just been in contact with jake Rasul.

128

00:15:27.510 --> 00:15:35.970

Town of Parish: As well as past couple weeks we're going to be working out to do a video conference and make sure that we're on the same page.

129

00:15:37.320 --> 00:15:49.170

Town of Parish: as to where we want to go because right now we're just talking about the payment and then that would be the first phase, if we're going to make it another phase will go to the next one, but I still have to have that discussion with Jay and.

130

00:15:49.800 --> 00:16:02.040

Town of Parish: before July 29 so we're we plan on doing that, before the end of this month we're going to have and make sure that everything's on that with that in mind on the middle part Community 40 hour week.

131

00:16:04.680 --> 00:16:09.240

Town of Parish: Well done here I don't believe there's anything else, we need to know Romero higher esteem mode.

132

00:16:10.560 --> 00:16:16.410

Town of Parish: believe the garbage has been picked up last I knew just need to do you heard improvement move forward.

133

00:16:18.600 --> 00:16:19.050

So.

134

00:16:29.100 --> 00:16:38.760

Town of Parish: Anybody who hasn't been there, I suggest we go down and take a look and see you know what really you everybody will in the future have to look at see what we want to improve it, that part.

135

00:16:39.960 --> 00:16:45.990

Town of Parish: Two girls would be great if everybody, not there before so anything else on our part.

136

00:16:47.430 --> 00:16:59.520

Town of Parish: Fantastic we're going to move on, I we weren't George is not here this evening on to to family illness, he did give me his report, and I will leave it to you.

137

00:17:00.660 --> 00:17:07.590

Town of Parish: I will department has been more intelligent county roads ditching and doing shoulder work along with some road repair and happy Valley.

138

00:17:08.850 --> 00:17:15.720

183

00:23:02.640 --> 00:23:09.900

Town of Parish: That was a big issue that we're dishing feed this job I didn't I didn't get that part of the day, the doctor that but.

184

00:23:10.770 --> 00:23:28.560

Town of Parish: He wants to adopt a dog and, and again I got a little bit ahead of his tail probably called tri county called me and professional dog grammar all the bugs me to hurt me like no that's not only the contractor, but he does is create a part of that.

185

00:23:29.700 --> 00:23:30.270

Town of Parish: And he said.

186

00:23:33.030 --> 00:23:35.490

Town of Parish: before me only to donate.

187

00:23:37.140 --> 00:23:39.960

Town of Parish: boggling several times people don't think.

188

00:23:43.140 --> 00:23:56.430

Town of Parish: Everything else After talking when I am offered to an alternate on board here now to give up my mind we've done the dog, and you know I got a lot of miles back for you, but my mom is get him to check the monitor come back.

189

00:23:58.020 --> 00:24:17.880

Town of Parish: Again, so much for coming on traffic okay my mileage for this dog good again what we would have to do is, we would have to probably give you a check for mileage because he's not an employee you do what you wish, with your mileage songs whatever works and that's that's really.

190

00:24:19.440 --> 00:24:20.400

Town of Parish: The best way, I believe.

191

00:24:23.910 --> 00:24:24.570

Town of Parish: He was.

192

00:24:26.430 --> 00:24:27.330

Town of Parish: not afraid.

193

00:24:28.530 --> 00:24:30.630

Town of Parish: To get put down all.

194

00:24:32.250 --> 00:24:34.380

Town of Parish: About like he, like.

195

00:24:54.750 --> 00:24:56.250

Not to you.

196

00:25:00.510 --> 00:25:00.750

Town of Parish: know.

197

00:25:02.100 --> 00:25:05.070

Town of Parish: To reiterate, on that the board knows.

198

00:25:06.420 --> 00:25:18.360

Town of Parish: Steve down the bill came in, it was 9494 Kelly did was Kelly sent dog owner.

199

00:25:19.440 --> 00:25:19.710

The.

200

00:25:21.180 --> 00:25:29.460

Town of Parish: letter stating that he is because we follow the dog or a fairly substances dog we're trying to get the money from him, but because the towel.

201

00:25:30.690 --> 00:25:32.220

Town of Parish: God did.

202

00:25:38.370 --> 00:25:38.640

Not.

203

00:25:43.740 --> 00:25:44.250

Town of Parish: So.

204

00:25:45.480 --> 00:25:47.970

Town of Parish: The town will have to pay for it and then.

205

00:25:57.300 --> 00:25:57.840

Town of Parish: bob's.

206

00:26:19.260 --> 00:26:20.280

Town of Parish: having to be put down.

207

00:26:21.330 --> 00:26:24.480

Town of Parish: So the town Center down.

208

00:26:25.560 --> 00:26:26.070

Town of Parish: there.

209

00:26:28.170 --> 00:26:32.160

Town of Parish: And then, so the sounds of bill were going to pay the go.

210

00:26:33.210 --> 00:26:36.600

Town of Parish: To get the money on the order of the top yeah.

211

00:26:38.550 --> 00:26:42.480

Town of Parish: That sounds normal I mean they really can't go the guy that.

212

00:26:43.650 --> 00:26:44.220

Town of Parish: didn't do it.

213

00:26:45.270 --> 00:26:51.750

Town of Parish: So now we're in the process of trying to attain the 9494 living letter and that we.

214

00:26:53.340 --> 00:27:00.150

Town of Parish: might not have covered myself, but I want you guys to be on the phone who murdered my dog he killed me.

215

00:27:01.980 --> 00:27:18.630

Town of Parish: stuff me on the phone and he says well i've never blank blank places my dog and 14 years I don't have to buy a dog in Quito Kelly, the same thing, so if the board do something like that, and you know get your money recovered, that would be the same for.

216

00:27:20.970 --> 00:27:23.580

Town of Parish: You actually a great point blank.

217

00:27:25.140 --> 00:27:25.890

Town of Parish: working here.

218

00:27:28.440 --> 00:27:35.100

Town of Parish: Hopefully this gentleman understands that it was his dog is responsible to pay back the.

219

00:27:36.780 --> 00:27:41.790

Town of Parish: Big donor all right i'm just trying to ya know the short we know.

220

00:27:44.010 --> 00:27:44.280

Town of Parish: What.

221

00:27:48.360 --> 00:27:49.020

Town of Parish: My job is.

222

00:27:53.970 --> 00:27:58.830

Town of Parish: buying the buck down yep you know what you're.

223

00:28:00.240 --> 00:28:01.560

Town of Parish: Saying that that we went.

224

00:28:02.880 --> 00:28:03.210

back.

225

00:28:05.070 --> 00:28:05.580

Town of Parish: and

226

00:28:07.350 --> 00:28:08.790

Town of Parish: forth, so I called.

227

00:28:10.440 --> 00:28:11.310

All problems.

228

00:28:14.400 --> 00:28:16.020

Town of Parish: pick apart for the club back to that.

229

00:28:18.210 --> 00:28:25.920

Town of Parish: To that told me they tend to report ready to go then she did they did they did, and they can kelly's got all the report.

230

00:28:26.940 --> 00:28:28.080

Town of Parish: So I majored in basic.

231

00:28:30.180 --> 00:28:31.140

Town of Parish: coverage on so.

232

00:28:33.240 --> 00:28:33.960

Town of Parish: You don't miss.

233

00:28:35.580 --> 00:28:41.730

Town of Parish: A weird stuff in there i've got at least encrypt over here for this brown dog and say you know I didn't put down.

234

00:28:42.630 --> 00:28:51.810

Town of Parish: done my job I have caught him I can't, even though I got a trapper comment to it so don't know i'd like to see him get reversed my money or helped in some way or whatever it takes.

235

00:28:53.550 --> 00:29:01.950

Town of Parish: You probably maybe you want, except that I don't know try to make it better and you ready, you know what do you think you want to get.

236

00:29:05.220 --> 00:29:10.350

Town of Parish: angry that's the best way because we can't we can't we can't give mileage to like.

237

00:29:11.490 --> 00:29:24.870

Town of Parish: A tomboy and on your other issues on Monday, maybe you know more about at night over in my past eight years down the line owner effects are built so keep that in mind.

238

00:29:26.010 --> 00:29:26.730

Town of Parish: yeah.

239

00:29:27.810 --> 00:29:32.460

Town of Parish: That i'm not sure we can do anymore kind of well, maybe the one trying to add another.

240

00:29:34.140 --> 00:29:37.050

Town of Parish: there's a weird there's all kinds of legalities with that.

241

00:29:38.130 --> 00:29:38.490

Town of Parish: But.

242

00:29:39.810 --> 00:29:42.150

Town of Parish: get this number he gone, but I know what dog.

243

00:29:44.310 --> 00:29:49.680

Town of Parish: I haven't given them like 14 years long up at all right yeah right so.

244

00:29:51.180 --> 00:30:02.520

Town of Parish: Once again, if the owner had come in the dog would have been tagged we would have known whose dog, it was right from the get go make sure you get a phone call right it.

245

00:30:04.050 --> 00:30:06.420

Town of Parish: Does that mean for your meeting started the call me a thumbs.

246

00:30:07.500 --> 00:30:10.410

Town of Parish: up not going to go junkyard won't be.

247

00:30:12.660 --> 00:30:20.640

Town of Parish: dissolved from Rachel and with you guys moved away from rich last name tag both number, if you want to answer the phone, so I don't get an anchor turn it over to Eric cartman.

248

00:30:22.710 --> 00:30:23.910

Town of Parish: How easy it is a day.

249

00:30:26.520 --> 00:30:27.360

Town of Parish: off right.

250

00:30:29.730 --> 00:30:30.540

Town of Parish: yep take care.

251

00:30:43.770 --> 00:30:51.270

Town of Parish: We are going to answer all the questions concerning that we're going to move on to the.

252

00:30:52.530 --> 00:30:53.670

Town of Parish: Certified report.

253

00:30:57.360 --> 00:30:59.910

Town of Parish: Well kind of quite a list for you tonight.

254

00:31:00.960 --> 00:31:07.440

Town of Parish: Jim mentioned, I worked with the town, the village to identify computers printers and accessories that.

255

00:31:07.920 --> 00:31:14.130

Town of Parish: should no longer be retained inventory, since they had no further user usefulness for the Community.

256

00:31:14.760 --> 00:31:26.760

Town of Parish: A lot of it was because it was somewhat was on the balcony because it was broken, and it would take more money than it was worth to fix it, partly because a lot of that broken stuff puzzled or.

257

00:31:28.050 --> 00:31:34.710

Town of Parish: In some cases, it was just unusable are obsolete to the age, for example, we got rid of some parallel printer cables.

258

00:31:35.340 --> 00:31:43.350

Town of Parish: We haven't had a computer connection to a parallel printer for probably over a decade so and nobody's making.

259

00:31:43.980 --> 00:31:50.010

Town of Parish: printers these days that connect up via parallel printers for all basically either wireless or USB so.

260

00:31:50.370 --> 00:31:59.400

Town of Parish: Those parallel printer cables were probably useful to somebody wants but they're no longer useful to parish and I couldn't even think of anybody to give them to that would be of use to them.

261

00:31:59.790 --> 00:32:07.170

Town of Parish: because, obviously, the best thing to do if you've got something you can't use anymore, is for somebody else to use it before you throw it out, you keep it out of the landfill, but now.

262

00:32:08.490 --> 00:32:23.280

Town of Parish: So we we balcony up there, looks a lot better if you go up there, and take a look around looks much better than a dead end what remains is more likely to be potentially useful, should there arise, a use for it.

263

00:32:24.630 --> 00:32:36.600

Town of Parish: I placed an order for computers for the town clerk and the assessor and I worked with Jim on figuring out the assessors needs so we could come up with something that would surfaces and still be within the budget that we had, and that was a good.

264

00:32:37.020 --> 00:32:42.690

Town of Parish: cooperative venture between the assessor and Jim and he came up with a good Speck of the computer.

265

00:32:44.340 --> 00:32:54.690

Town of Parish: The entire order has been or has arrived be working with those officials in the next month to get all the things that we ordered in service.

266

00:32:55.260 --> 00:33:06.750

Town of Parish: The only thing I will mention to you is I prepared a bell and I got it to Kelly, when the expectation that was too close to this meeting actually I place the meeting this Monday and, to my astonishment.

267

00:33:07.230 --> 00:33:13.320

Town of Parish: It was showing up Tuesday and Wednesday, I think the last piece showed up today, according to the shipping information I got.

268

00:33:14.550 --> 00:33:23.310

Town of Parish: So it's not in time for this month's meeting, but what we're running into his new oriented on net terms of net 30 which means you pay 30 days after you get it.

269

00:33:24.030 --> 00:33:41.820

Town of Parish: And the next town board meeting is 35 days away before the meeting happens because tonight is the 16 The next meeting is July 21st the third Thursday and if you had to check cut the next day, it would take a day or two to get.

270

00:33:43.320 --> 00:33:49.350

Town of Parish: So i'm not sure how that net 30 is going to work out, I have an inquiry into them explaining what the circumstances are and see.

271

00:33:50.490 --> 00:34:01.380

Town of Parish: If there's a problem with getting a couple days late, and if there is i'll let you know and we'll see we can figure out something I don't know exactly what you would do you have a special meeting to.

272

00:34:03.720 --> 00:34:11.970

Town of Parish: pay the bill from one down or something yeah so i'll i'm checking into it i'll let you know most companies when they say that 30.

273

00:34:12.750 --> 00:34:20.070

Town of Parish: is probably a little flexibility we guarantee and you know, maybe, give us an extension of five or 10 days yeah hopefully they you know.

274

00:34:20.700 --> 00:34:26.670

Town of Parish: we've done business with the customers are there to you to do business with them so hopefully they understand that yeah.

275

00:34:27.510 --> 00:34:40.860

Town of Parish: You know, we five days, so I will let you know what answer I get from that, but I just wanted to make you aware of that, if they do want to have their money within three days of delivery, then it might be need to.

276

00:34:42.060 --> 00:34:46.800

Town of Parish: The town board to take action before my next meeting, we will do our best.

277

00:34:47.850 --> 00:35:01.290

Town of Parish: Another bill to the town, I submitted a bill to the town for the renewal of the town and village email addresses and this year was different that used to be, that I split it right down the middle, because the pool of email addresses was a fixed amount.

278

00:35:01.680 --> 00:35:10.020

Town of Parish: And it didn't matter how many we all had as many it was all you can eat basically we had 100 email addresses and he never came close to us in all those.

279

00:35:10.410 --> 00:35:16.950

Town of Parish: Costs anymore, to get fewer any didn't we never exceeded that so didn't worry about getting more.

280

00:35:17.490 --> 00:35:28.260

Town of Parish: Of the the change the basis of the email plan to a per user basis and would that change we change the billing so that the billing reflects.

281

00:35:28.650 --> 00:35:39.060

Town of Parish: The number of users, that are being used by the down and the number that are being used by the village so that's for next month, but I just want to let you know that that renewal and the transition that we went through.

282

00:35:39.690 --> 00:35:45.450

Town of Parish: I think it was in March or April, the bill is came do and that bill has been submitted.

283

00:35:47.040 --> 00:35:58.410

Town of Parish: planning for the 2023 together local government conferences underway and plans are to return to turning stone in early April we did consider both turning stone and.

284

00:35:59.040 --> 00:36:12.840

Town of Parish: JC see as we've had a JC see in the past, the date when we normally have it, as it turns out wasn't available in 2023 and we did have a date that was close to our usual date available at JC see.

285

00:36:13.380 --> 00:36:22.020

Town of Parish: Something that's not in the report here i'll mention to you is that we are going to be looking into something that some of our communities did this year.

286

00:36:22.350 --> 00:36:33.390

Town of Parish: And maybe we can do a little bit more systematically next year, and that is some people chose to stay at or near turning stone The night before the conference to save themselves a travel time in the morning.

287

00:36:34.260 --> 00:36:40.770

Town of Parish: And, given the weather, that that was probably a good decision, I know some people made the last minute decision when they saw the forecast.

288

00:36:41.160 --> 00:36:53.580

Town of Parish: To take a room nearby The night before so we're going to be looking into whether or not there will be possibility for those that are interested, whether they'd be ability for them to get a room at a perhaps at a reduced rate.

289

00:36:54.630 --> 00:37:11.520

Town of Parish: The other thing we're looking at is we're looking at possibly doing again keying into that possibly with people there, the night before we're talking about whether we can enhance our program to do things the latter part of the day, the day before our Conference so stay tuned for developments.

290

00:37:13.980 --> 00:37:20.760

Town of Parish: We continue to plan for the next seminar was Council of governments meetings, the current plans are for meeting early July and we're considering.

291

00:37:21.180 --> 00:37:28.320

Town of Parish: A dinner meeting meeting with speakers as the other Councils that governments in the region do at least once a year.

292

00:37:29.040 --> 00:37:40.200

Town of Parish: The way things look now we'd be meeting on Thursday July 7 the tail water lodge it would be a dinner meeting and seminars would be covering dinner for the two representatives from each Member municipality.

293

00:37:41.220 --> 00:37:46.680

Town of Parish: In addition to our team colleague business, we do have a speaker Dave Turner who will be speaking about county initiatives.

294

00:37:47.670 --> 00:37:55.080

Town of Parish: Possible nurture economic development, studies and implementation of seminars plans more information to come on that, but at this point.

295

00:37:55.770 --> 00:38:03.990

Town of Parish: I need to emphasize that we need to know whether we have at least one, and preferably two representatives and they should say town parish not villager Parish.

296

00:38:05.070 --> 00:38:21.000

Town of Parish: We need at least one person in the representative is the supervisor and the second representative can be anybody that the town or the town board designate so it could be a town board member, but it could be somebody else no member of the Tom word wants to be that representative.

297

00:38:22.080 --> 00:38:30.690

Town of Parish: john Donne them used to represent us at a lot of those meetings in the past and john was a good representative for the for the municipality so.

298

00:38:32.190 --> 00:38:41.880

Town of Parish: We really do need to know in advance if we do have somebody attending from parish because we need all the municipalities there to conduct the meeting and.

299

00:38:42.600 --> 00:38:51.450

Town of Parish: This one's going to cost us I won't sugarcoat it in the past we've had the meetings that municipal buildings and I brought cookies and juice and it was good.

300

00:38:51.930 --> 00:38:56.850

Town of Parish: But having the meeting at turning stone, the way the other cogs do there's going to be a charge for the room.

301

00:38:57.210 --> 00:39:11.940

Town of Parish: And there's going to be a charge for the dinner it's in the console governments will pick it up, but we want to spend that money well we don't want to waste it if we're not going to have people attending the meeting, and we need to know that in advance, so we want that commitment i'm.

302

00:39:14.130 --> 00:39:14.760

Town of Parish: probably doing.

303

00:39:16.530 --> 00:39:17.430

Town of Parish: into German.

304

00:39:18.540 --> 00:39:27.450

Town of Parish: me now I got that I can forward it on and see what else we got somebody else's interested we'd love to have a second person there as well.

305

00:39:28.470 --> 00:39:28.800

Town of Parish: and

306

00:39:30.180 --> 00:39:39.690

Town of Parish: Having that commitment that probably be about is saved a few can make it and if we can't if nobody for me to camp.

307

00:39:40.110 --> 00:39:43.560

Town of Parish: But let us know that as well, so we can figure out if we need to try, yet another day and then.

308

00:39:43.860 --> 00:39:54.450

Town of Parish: there's like the third or fourth time i've tried to schedule a date from Sam nervous so far and we're hoping, this one is going to work with the change in format sent me the email very good, I appreciate that.

309

00:39:55.770 --> 00:40:13.890

Town of Parish: county's made plans for the next shared services meeting on Thursday June 23 it's going to be from six to 7:30pm next next Thursday at sitting in Mexico and one of the topics plan for the agenda is going to be a broadband deployment and as we go county and that plan.

310

00:40:16.410 --> 00:40:17.460

Town of Parish: is an interesting.

311

00:40:19.290 --> 00:40:22.890

Town of Parish: i've received information about mission to the town village websites.

312

00:40:23.760 --> 00:40:36.240

Town of Parish: There are no new developments at this time regarding a little salmon river in salmon access to be that little salmon river in

Parish, there is nothing new to report regarding state payments on area wildlife management areas.

313

00:40:37.260 --> 00:40:43.860

Town of Parish: Last month I provided information on legislation and local action needed to keep the option of meeting via teleconference open.

314

00:40:44.400 --> 00:40:54.930

Town of Parish: This month, I have the sample policy to go along with that I gave you the sample the information within the Association of towns last month and the sample local law and gave a copy of that to the town attorney.

315

00:40:55.560 --> 00:41:04.650

Town of Parish: But you're required to have a policy to go along with it and how you're going to implement the local law and that's what this other piece of paper was that I gave you that says.

316

00:41:05.610 --> 00:41:17.580

Town of Parish: Co JI not on fantasy oh gee is the Council on open government, so this is the state model on that and I gave a copy of that to Bob as well, so that we can help you Should you decide on.

317

00:41:18.480 --> 00:41:25.410

Town of Parish: Adopting a local lot nothing that you have to adapt what this does is, if you do adopted it provides you with the option to have.

318

00:41:27.990 --> 00:41:33.870

Town of Parish: Members or if you expand to all the planning board member Bruce or whoever.

319

00:41:35.250 --> 00:41:43.920

Town of Parish: location, under certain conditions, so that is an option you'd need to pass that local law if you don't, then you don't need to pass a law.

320

00:41:44.430 --> 00:41:51.720

Town of Parish: But if you do pass local I need a policy along with it and i've been looking i've been talking to Jim about how i've been looking for a policy for this.

321

00:41:53.880 --> 00:42:11.520

Town of Parish: Business and people just receive it very good i'd be happy to be of any help I can chew on this, but hopefully having this

example of the policy will actually me tongue hill condition video conferencing policy yeah that's probably shorter and less expensive than this one here, yes.

322

00:42:12.990 --> 00:42:21.630

Town of Parish: But but yeah there are there is a toggle toggle being a State Agency didn't pass by law blockers they don't pass northam was.

323

00:42:22.440 --> 00:42:27.780

Town of Parish: Just there was there was a policy went along with Resolution a past is getting back to my point.

324

00:42:28.140 --> 00:42:39.930

Town of Parish: They couldn't pass a law, the law if you can't get a law passed a resolution, but in the case of the town, the town needs to do a local law, and then they did they did do a policy and how they're going to implement it so.

325

00:42:41.070 --> 00:42:59.700

Town of Parish: and actually one or two more things I think I didn't include on here first is a lot of my communities and talking about cyber insurance and I came across an interesting article recently that i'll give to the supervisor and the.

326

00:43:00.840 --> 00:43:09.780

Town of Parish: Turn about what insurance companies are doing these days when they do offer cyber insurance and how sometimes if we haven't implemented things.

327

00:43:10.410 --> 00:43:21.810

Town of Parish: And done your cyber security properly that gives them an out for not paying you when you have an incident so kind of comes back to my point that I don't know if you have cyber insurance or not, we might not.

328

00:43:22.380 --> 00:43:33.540

Town of Parish: And my my point would be and i've talked about this in the past, the most crucial thing is to get your house in order before you get in if you're going to get it at all.

329

00:43:33.960 --> 00:43:39.930

Town of Parish: Because if you don't have it, you open the door for having exclusions, that the insurance company can say well.

330

00:43:40.800 --> 00:44:00.060

Town of Parish: Yes, you had something happened but yes, you bear some of your own liability because of things you should have done that you did so it's important to to make sure you have all your ducks in order for you insurance coverage at the.

331

00:44:01.080 --> 00:44:06.150

Town of Parish: army our policy is something to look at yeah that's that's an important thing.

332

00:44:07.140 --> 00:44:20.910

Town of Parish: The other thing is a bearing on something that I talked to Jim with several weeks ago and I think you're all aware of the parish town role that's being turned into an on ramp yeah probably were not aware ISM yeah yeah.

333

00:44:22.080 --> 00:44:33.600

Town of Parish: yeah you, you and I talked about that, and it was kind of surprising that when Jim was notified via the highway superintendent because I was thinking, this process has to have gone back away.

334

00:44:34.050 --> 00:44:40.950

Town of Parish: And normally there are notification requirements well, as it turns out, there is the what this is about is.

335

00:44:42.600 --> 00:44:50.910

Town of Parish: there going to be shipping when German planes leads into the port in the sweet girl and they're going to be transporting overwhelmed for and then down south of here.

336

00:44:51.780 --> 00:45:07.680

Town of Parish: On routine one sounds and so just seen them change it, because 342 I think it is a process at what effect for crumbs for them to take those wind turbine blades around the can make the turn right it's it's that's exactly.

337

00:45:08.850 --> 00:45:15.330

Town of Parish: And that's where the road you have works out perfectly so pretty close to being the right radius Indeed it was there's a Gate in there, that you can close.

338

00:45:15.600 --> 00:45:25.740

Town of Parish: to transport and on there, and actually in some ways parish winds up a little bit better because you'll be town road the time to be improved, you carry more weight than it did.

339

00:45:26.520 --> 00:45:38.790

Town of Parish: Before so you don't come out of bed in the deal, but we did look into it and it appears that, based on the there's a project summary that the whole thing, this is the printed out parts and pertinent part.

340

00:45:39.240 --> 00:45:49.590

Town of Parish: There was a pre construction meeting that was held on January 25 of 2021 and the town supervisor and highway department was to be notified that not.

341

00:45:50.790 --> 00:45:59.250

Town of Parish: sure whether anybody participated in that, but this is from the longer report on the whole process of establishing.

342

00:46:00.300 --> 00:46:11.280

Town of Parish: So it's possible that the past highway superintendent or past supervisor or boss was notified of this may have known something about it but it's possible, that being that was.

343

00:46:11.610 --> 00:46:20.010

Town of Parish: Over a year ago, the information didn't get transferred forward to the new administration is understand yeah which happens yeah.

344

00:46:20.790 --> 00:46:36.630

Town of Parish: So just one pass that along that's additional information we give you some light on this happening within the last month, it wasn't something that just started now it's quite a while ago when it was my understanding that they plan on taking the regular at one self.

345

00:46:38.430 --> 00:46:53.460

Town of Parish: offer him, you know, to get an on ramp sorry and somebody they plan on widening it and then according to George and George told me was that, when they went to widen it knows.

346

00:46:54.420 --> 00:47:10.500

Town of Parish: It was now a wetland coder because they did not clean out I guess Department of Transportation or somebody didn't actually know where they should have put it back up and now where the term current turn those on if they were going to live this initial.

347

00:47:11.910 --> 00:47:16.140

Town of Parish: They couldn't do it, he developed this plan as a last.

348

00:47:17.730 --> 00:47:18.300

Town of Parish: minute.

349

00:47:22.050 --> 00:47:26.160

Town of Parish: SOS foreigners, even on the.

350

00:47:27.180 --> 00:47:40.860

Town of Parish: On the road time and road and we only owned homes and big huge place on night around that is in Paris, most of it is in Mexico, Mexico, yes, so.

351

00:47:42.060 --> 00:47:45.120

Town of Parish: What Paris does is, we aim.

352

00:47:46.260 --> 00:47:51.540

Town of Parish: they're going to come down and snow.

353

00:47:59.100 --> 00:48:04.620

Town of Parish: Later this gentleman called me so what's going on, I go I just heard about it, you know Thursday um.

354

00:48:05.820 --> 00:48:08.340

Town of Parish: Well, he didn't have the plans upstairs.

355

00:48:10.110 --> 00:48:16.590

Town of Parish: Urgency type feel because he wanted federal highway as well, he got through.

356

00:48:38.490 --> 00:48:40.410

Town of Parish: there's always something that you know nobody's.

357

00:48:51.630 --> 00:48:54.540

Town of Parish: So we'll hear more and more than.

358

00:48:55.800 --> 00:49:13.080

Town of Parish: Once again, I was notified so George wasn't notified or Georgia nothing monetarily called George and then George came to me that same day, so this is what they want to do and we can't stop it right, and so I called Mr baxter I said look what have you ever heard of this.

359

00:49:17.040 --> 00:49:17.400

yeah.

360

00:49:19.080 --> 00:49:25.740

Town of Parish: So yeah they're they're going to do whatever they're going to do, but the only thing allow down.

361

00:49:27.180 --> 00:49:38.430

Town of Parish: That road and on the ED one via that way is these windmill bleeds it's not going to be forever on ramp or anything like that it's just the temporary until they get these one main ones.

362

00:49:39.630 --> 00:49:50.640

Town of Parish: You want to use it to another user guys got a laughable yep sister or a lockable gate to get on anyone able offense and.

363

00:49:52.470 --> 00:50:01.020

Town of Parish: So on they're done they're going to repair the you know it's their job to repair everything of DC knows, so we have to do whatever they have to do, and a lot of this like I said.

364

00:50:01.500 --> 00:50:12.180

Town of Parish: From my understanding they actually purchased the land in the triangle, opposite the homes on diamond our own agent that's what I heard now when I looked online.

365

00:50:12.660 --> 00:50:21.240

Town of Parish: was told for sales yeah so I don't know what they did or not going to do, but a lot of their area was area owned.

366

00:50:21.990 --> 00:50:32.940

Town of Parish: by the state, for you know the room, or whoever owns it him um so we didn't we didn't really include a lot of parish you know we're gonna we're going again because, although to be done so yeah.

367

00:50:33.870 --> 00:50:47.460

Town of Parish: it'll be good, I guess, in London, except for except unfortunately for the two you know Homeowners that are on that road, but Mr Isabel with a big pretty loving it, because now he's able to get his cranes are.

368

00:50:48.690 --> 00:51:00.450

Town of Parish: So it's a given take you know, firstly, for the two owns you know it's once or twice the only run a Monday through Friday takes about 10 minutes we're going to get through, I think.

369

00:51:01.350 --> 00:51:08.580

Town of Parish: Amazon because get people have done much to the porch going to be growing and how much it's going to grow up and that's.

370

00:51:09.960 --> 00:51:12.390

Town of Parish: One of the only war, they would accept them.

371

00:51:13.740 --> 00:51:22.200

Town of Parish: that's pretty interesting well for is a nightmare, I cannot imagine trying to get through the sweet go to Paris for behind one of those.

372

00:51:23.010 --> 00:51:33.240

Town of Parish: it's bad enough, well, I need is like one tractor trailer you can pass along that right well you can't pass these on I was heading towards us we go the other day, and one of the blades was coming.

373

00:51:34.320 --> 00:51:44.190

Town of Parish: Back right and they take both lanes up so they have troopers in front that even though you're heading West the blades had Nice, you have to get off the room.

374

00:51:46.320 --> 00:51:47.040

Town of Parish: Before you buy.

375

00:51:49.680 --> 00:52:01.320

Town of Parish: It right and so there's nothing behind it, people are actually going around them unable to make the side, roads and being in front right yeah so but I guess we gotta do we gotta do and.

376

00:52:03.180 --> 00:52:04.770

Town of Parish: yeah you can.

377

00:52:06.210 --> 00:52:13.740

Town of Parish: You know, you can try, but it doesn't work very well so with that, thank you very much anybody have any other questions for Paul.

378

00:52:14.970 --> 00:52:16.830

Town of Parish: Thank you you're welcome.

379

00:52:18.360 --> 00:52:19.740

Town of Parish: Alright we're going to move on.

380

00:52:20.760 --> 00:52:23.010

Town of Parish: To the fire company report.

381

00:52:24.390 --> 00:52:28.380

Town of Parish: dms release 2530 minutes.

382

00:52:30.600 --> 00:52:38.970

Town of Parish: Well, you learn certain things they fired one scene by scene together no standbys for new seat, or do you play for.

383

00:52:39.990 --> 00:52:45.390

Town of Parish: one hour 30 minutes or an hour to be about 19 he's been placed Mexico I.

384

00:52:46.920 --> 00:52:57.930

Town of Parish: was also in London 29 company are 21 way know what 25 all right well 130 to 40 hours \$610 and well.

385

00:53:02.070 --> 00:53:03.480

Town of Parish: Thank you very much, cheap.

386

00:53:05.160 --> 00:53:05.490

question.

387

00:53:07.140 --> 00:53:07.770

Town of Parish: How long.

388

00:53:09.540 --> 00:53:09.840

Town of Parish: People.

389

00:53:11.490 --> 00:53:14.970

Town of Parish: Have 38 by just technical buyer that she knew their stuff.

390

00:53:16.080 --> 00:53:19.590

Town of Parish: Laying down stuff today can I know your little.

391

00:53:25.380 --> 00:53:28.410

Town of Parish: brochure he got thrown over but buddy.

392

00:53:34.200 --> 00:53:35.100

Town of Parish: Central park.

393

00:53:36.270 --> 00:53:37.050

Town of Parish: On the trailer.

394

00:53:43.500 --> 00:53:50.430

Town of Parish: grew up very low performing and we'll see about to learn, no, no, my graph is where those.

395

00:53:51.510 --> 00:53:52.440

Will region.

396

00:53:56.460 --> 00:53:57.030

Town of Parish: Okay.

397

00:53:59.070 --> 00:54:03.570

Town of Parish: Moving on tax collector and leave his job was to please.

398

00:54:07.230 --> 00:54:16.710

Town of Parish: i'm going to move on to unfinished business the county county morning agreements, I spoke with George today.

399

00:54:17.940 --> 00:54:25.200

Town of Parish: i'm supposed to be signing the agreement on Monday, they did raise the rates, the county did the pain.

400

00:54:26.040 --> 00:54:32.640

Town of Parish: And he's just got to sign it on Monday, whatever this new rate, they all agreed upon, I will get you that as soon as I get the information.

401

00:54:33.390 --> 00:54:46.410

Town of Parish: But I know they did raise it like I said they had raised it in over 17 years, so they finally raised it so that's that's good George is it okay to do the mall and he's going to continue to do it so he's like I said that will take care of that.

402

00:54:49.110 --> 00:54:53.550

Town of Parish: The next one finishes business is banners did we haven't heard anything from banners.

403

00:54:54.870 --> 00:55:05.940

Town of Parish: Now we're just going to at the tail it's table it for now let's do you want to just take it off on third do you want to keep bringing it up every month, you want to wait till it move it off.

404

00:55:07.860 --> 00:55:13.320

Town of Parish: We can move it right thank them we're going to take it off, and it can always become new businesses.

405

00:55:14.400 --> 00:55:21.360

Town of Parish: You know becomes back up we'll we'll deal with it um The next item is dog enumeration.

406

00:55:23.040 --> 00:55:25.710

Town of Parish: Kelly has been working on this, as I said earlier.

407

00:55:26.970 --> 00:55:28.920

Town of Parish: And she did prepare a letter for me.

408

00:55:30.240 --> 00:55:42.690

Town of Parish: Because what we have to talk about is the new fees, I know we discussed that last month, and we agreed to do the \$25 if you're caught without a dog that isn't licensed, but when Kelly had to start.

409

00:55:43.740 --> 00:55:53.520

Town of Parish: looking into getting tags because we're almost out of tags that prices increase since last time we did it um and everything else, of course, has gone up.

410

00:55:54.540 --> 00:56:02.940

Town of Parish: So I can read this letter to you or you can just give us the floor, I can give you the quick version of it i'm.

411

00:56:04.560 --> 00:56:05.400

Town of Parish: Real Estate that.

412

00:56:06.660 --> 00:56:11.970

Town of Parish: 819 84 which you already approved for dog enumeration to perform.

413

00:56:17.010 --> 00:56:21.990

Town of Parish: The costume tags around \$850 and I think she's looking.

414

00:56:24.120 --> 00:56:25.530

Town of Parish: at changing that.

415

00:56:27.330 --> 00:56:28.680

Town of Parish: Are that could be the new one.

416

00:56:29.730 --> 00:56:38.190

Town of Parish: Because what happened was we used to give all the stainless steel tags and what happens, a lot of times people don't put them on a dog and put them.

417

00:56:39.210 --> 00:56:47.340

Town of Parish: In the drawer and there's no reason I don't believe unless you guys decided to go differently to go with the stainless steel.

418

00:56:47.820 --> 00:57:01.620

Town of Parish: let's just do one of the moment damn yeah whatever whatever and she said that would lower that or that could be the price book we're going to do a little bit more work um as far as the tags because it's still going to be covered, probably.

419

00:57:03.270 --> 00:57:11.910

Town of Parish: we're going to fund it somehow i'm not sure where we take it out of the budget, yet we'll look at that, too, because it wasn't you know wasn't in the budget to do it, but it needs to be done.

420

00:57:14.010 --> 00:57:21.540

Town of Parish: So it says here because of all these expenses if the Board is considering raising thought license fees, this would be the time to do it.

421

00:57:25.350 --> 00:57:39.840

Town of Parish: It says that I did research, the dog license law, we can raise fees without amending the local law, I was we needed as a majority of the board to raise the fee, and that was a lot correct Bob that's what the dogs yeah the dog.

422

00:57:40.560 --> 00:57:47.670

Town of Parish: fees, we can raise it anytime because I believe it says it in that law that we fast, yes, correct, but a little other towns charge.

423

00:57:48.750 --> 00:57:54.120

Town of Parish: i'm that i'm not sure it might be things just sort of stay in the same ballpark well.

424

00:57:55.710 --> 00:58:04.650

Town of Parish: Current currently our fees for state spayed neutered dogs are \$6 on spayed and neutered or 18 and tag replacements are three.

425

00:58:05.910 --> 00:58:06.480

Town of Parish: Okay.

426

00:58:07.710 --> 00:58:16.410

Town of Parish: And what she considered going up to this is under consideration, of course, she would like spayed neutered dogs at 10.

427

00:58:17.760 --> 00:58:29.850

Town of Parish: unneutered i'm on spayed and neutered at 20 and dog replacements that four or five so we're not increasing it by a ton but they had been \$6 and the team probably.

428

00:58:30.750 --> 00:58:39.270

Town of Parish: 15 years I betcha I mean I can't I don't know that for sure, but we're only going to go off right, I mean that's what she suggested, if you guys have some effort on them.

429

00:58:41.190 --> 00:58:44.220

Town of Parish: Right, I mean that's what we're going to pay, and this will, this will cover.

430

00:58:45.630 --> 00:58:54.240

Town of Parish: You know our new tags, because once you are some she orders like 500 to 1000 like the class i'm sure to thousand last year, almost 10 years.

431

00:58:55.800 --> 00:59:11.490

Town of Parish: So what are we do now, it will last you know um but once again we would just have to me I just need a motion to or actually let's have some discussion as to what those fields should be there's only those three fees.

432

00:59:13.230 --> 00:59:18.300

Town of Parish: And the late charge of \$2 which we could keep if you wish to keep to or you can raise that too.

433

00:59:25.080 --> 00:59:34.890

Town of Parish: So it's just you know he leaves if you raise a late fee might give people more of an incentive to get in there on time and maybe that was raised, and I wish.

434

00:59:35.580 --> 00:59:48.480

Town of Parish: Kelly, you were here because I believe that these leak fees they go on and on for years and years and they don't do it, we just keep going, and I wish, she was here to ensure that I don't know if we want to take the lead charge and bumping.

435

00:59:49.680 --> 00:59:55.980

Town of Parish: That high because they're already thrown off for them, and if they're not being fair enough now they're really not going to make this is way too much.

436

00:59:57.300 --> 00:59:59.130

Town of Parish: that's kind of the way she explained it to me.

437

01:00:01.080 --> 01:00:01.590

Town of Parish: So.

438

01:00:02.970 --> 01:00:16.050

Town of Parish: Many other places, some reasonable increase yeah from six to 10 from 18 to 20 and last a couple of major dog tag replacements, you know let's keep it on the at the five.

439

01:00:18.600 --> 01:00:27.600

Town of Parish: right but what's causing the talent more corrupt for the test absolutely you have to cover yes, it was a long time so.

440

01:00:28.950 --> 01:00:30.210

Town of Parish: I make a change.

441

01:00:32.070 --> 01:00:33.180

Town of Parish: You just read off there and.

442

01:00:34.590 --> 01:00:48.270

Town of Parish: You want to keep charging to do you want to poke you that you two or three now with it \$5 for the for for the tagline retired yet for them from 18 to 23rd yeah no one's gonna replace your case I don't even know my counter I know.

443

01:00:49.380 --> 01:00:53.250

Town of Parish: So it is whether it is any questions on that Richard enough.

444

01:00:54.810 --> 01:00:59.010

Town of Parish: Okay, so we have a motion to your you're ready up.

445

01:01:00.360 --> 01:01:04.170

Town of Parish: don't mean emotion, to increase character here are very.

446

01:01:05.250 --> 01:01:17.940

Town of Parish: Sorry, that was days ago um to increase the bs of the spayed neutered dogs up to 10 we're going to take the unpaid and unneutered dog fees up to 20.

447

01:01:18.990 --> 01:01:22.140

Town of Parish: we're going to do the dog tag replacements that five.

448

01:01:23.340 --> 01:01:25.950

Town of Parish: We will keep the late charge at \$10.

449

01:01:27.990 --> 01:01:34.260

Town of Parish: And I believe that is, it is that correct very good to we do have a second on that motion.

450

01:01:35.640 --> 01:01:37.800

Town of Parish: Robin second that thing I didn't call her dog.

451

01:01:41.280 --> 01:01:54.180

Town of Parish: So yes, can I have a vote on that please all those in favor Aye opposed abstained fantastic, thank you very much, we took care dog enumeration the.

452

01:01:56.490 --> 01:02:01.170

Town of Parish: Any, what do you have any unfair unfinished business off the floor.

453

01:02:03.480 --> 01:02:07.110

Town of Parish: See not and hearing on we will move on the new business.

454

01:02:08.460 --> 01:02:13.650

Town of Parish: On the agenda it's the internal audit I know we had where people come in last month.

455

01:02:15.240 --> 01:02:17.640

Town of Parish: And he spoke a lot about it.

456

01:02:18.990 --> 01:02:21.210

Town of Parish: We have to do something about it.

457

01:02:22.440 --> 01:02:31.140

Town of Parish: And one of the things that I had considered is up for discussion we have trudy who can do the Clerk.

458

01:02:32.790 --> 01:02:46.560

Town of Parish: i'm the tax collector and leave anybody else who isn't in our office she can do we can pay to be at a lower prices, low as one other member of the board, I think, should go do this as well.

459

01:02:47.400 --> 01:02:54.480

Town of Parish: But that would save us money and for my office and trudy I believe we could hot probably hired layered to come.

460

01:02:55.200 --> 01:03:12.690

Town of Parish: Just as an idea and that's why it's up to discuss and i've had four Members as well, yes, correct and always another you know anytime we do something like that i'd like a board member they're going to layer it, you know and that way we can get the internal audit done that will pay trudy.

461

01:03:14.460 --> 01:03:17.370

Town of Parish: we'd have to discuss rate for you.

462

01:03:18.600 --> 01:03:20.580

Town of Parish: But it's just for discussion.

463

01:03:24.990 --> 01:03:36.630

Town of Parish: Anything less than that right, so we can you know we can pay her rate that she gets don't do in the bookkeepers pay, which i'd have to divide it out, but I think you.

464

01:03:37.620 --> 01:03:43.140

Town of Parish: Because it's the salaries so hard she doesn't work by the hour, but everybody else in the town it's \$15 an hour.

465

01:03:43.950 --> 01:03:55.350

Town of Parish: no matter where they work, except for I think the highway when people when they first start at 14 then they get bumped up the 15th so we're currently paying everybody happy yeah okay so \$15 an hour.

466

01:03:56.460 --> 01:04:01.350

Town of Parish: And what I what we can do, then, if we all agree to that, and put it into motion afterwards.

467

01:04:03.450 --> 01:04:10.200

Town of Parish: Excellence just take care of today now right so because we have \$20,000 in our budget for an odd.

468

01:04:11.820 --> 01:04:21.690

Town of Parish: So we're going to save all kinds of money by not going to another company, especially since we just spend that money last year over 20,000 last year, the same thing so um.

469

01:04:23.130 --> 01:04:26.400

Town of Parish: Is there any discussion against haven't truly do something like that.

470

01:04:27.540 --> 01:04:33.420

Town of Parish: So it's pretty much an agreement, then what i'm going to ask those emotions are turning to do that, so we can just come up with one.

471

01:04:36.720 --> 01:04:39.510

Town of Parish: or \$15 not minimum wage.

472

01:04:40.800 --> 01:04:42.450

Town of Parish: yeah for \$15 around.

473

01:04:43.470 --> 01:04:46.230

Town of Parish: Can I have a second to pay tuning to do the honors.

474

01:04:49.620 --> 01:04:56.190

Town of Parish: Richard second and that all those in favor Aye opposed abstain motion passes.

475

01:04:57.210 --> 01:05:02.880

Town of Parish: And what I will do with my office and trudy's office is I will call their it up.

476

01:05:04.230 --> 01:05:13.050

Town of Parish: and speak with him, of course, he's going to be way more money than matt but it's only going to be my office and trudy's and he can come in the only as look at a year's worth.

477

01:05:15.090 --> 01:05:32.460

Town of Parish: Of a board member to the teaching part of that is what's going to be key because next year, it would be nice tonight have to hire anybody and just do it as the law and tons the board right take a look, I mean it's always nice to.

478

01:05:33.870 --> 01:05:34.800

Town of Parish: have somebody.

479

01:05:35.970 --> 01:05:43.020

Town of Parish: that's good with numbers do it, you you you gotta have right right, I mean because it's been done forever word.

480

01:05:43.890 --> 01:05:51.300

Town of Parish: You know, be looking at sign off on it and we're trying to make that a little you know much better, for you know awesome in the town as well, so.

481

01:05:51.690 --> 01:06:01.740

Town of Parish: i'm i'm sure you know, by one person even to be able to go in for these audits and as learned said it's really that the numbers it's the process right and so that's where you know.

482

01:06:03.240 --> 01:06:06.870

Town of Parish: somebody wants to step up to do it with trudy on these.

483

01:06:09.060 --> 01:06:18.750

Town of Parish: Is anybody interested that i'm very interested because i'd like to learn how to do it it's really going to depend on when because I work a full time job.

484

01:06:21.450 --> 01:06:28.290

Town of Parish: Although we could do it on the weekend you're getting paid either way, so you guys, I mean anybody else wanted the system.

485

01:06:33.420 --> 01:06:40.080

Town of Parish: Maybe Duncan is somebody I mean you're gonna you know, an email when it's going to have the right, and then, if anybody didn't attend but.

486

01:06:41.520 --> 01:06:47.670

Town of Parish: You know, Robin guaranteed do a sister that will get the ball rolling, and then you know, once you.

487

01:06:50.520 --> 01:07:00.180

Town of Parish: Learn into me the economy right oh yeah everybody can learn absolutely um, and I mean I can be there, too, I just don't want I want other people to get involved in.

488

01:07:00.780 --> 01:07:08.160

Town of Parish: So that we all understand it over time, you know, everybody somebody new comes in, once a year, we continue this and I know that.

489

01:07:10.890 --> 01:07:13.500

Town of Parish: When when when we should we go.

490

01:07:14.910 --> 01:07:26.940

Town of Parish: It was supposed to be done after 60 days 90 something, but once again is as laird said, there are towns that have never done i'm done with solar right so.

491

01:07:28.470 --> 01:07:39.630

Town of Parish: And we're just going to look at last year's we're not going to go back we're just going to look at last year's numbers and trudy will get paid to do that um she's never done one herself.

492

01:07:40.890 --> 01:07:49.200

Town of Parish: But with those forms we write down him and and you guys can do it together it's going to take longer the first time, but the second year should be easier so.

493

01:07:50.040 --> 01:08:00.330

Town of Parish: um we will do that and I can call her and if layered is a no goal, then we will look at other avenues to do my office, you know as well as the bookkeepers at the same time.

494

01:08:01.350 --> 01:08:01.920

So.

495

01:08:03.360 --> 01:08:07.470

Town of Parish: We will look at that i'm just let me know.

496

01:08:08.700 --> 01:08:12.420

Town of Parish: When to start looking at those forms that listen.

497

01:08:13.590 --> 01:08:23.130

Town of Parish: any questions you can always go in there, too, so that's good that's a good thing now that laird is retired and Doug hill Thank goodness for tequila because.

498

01:08:23.790 --> 01:08:39.060

Town of Parish: he's under them as well, and so available continued availability, yes, so that's a good thing, so that we're done with internal audit we're going to move on to the video conference policy.

499

01:08:41.520 --> 01:08:43.890

Town of Parish: I like I said, I have one from tuck hill.

500

01:08:46.980 --> 01:08:48.000

Town of Parish: Because this one is.

501

01:08:49.230 --> 01:08:50.670

Town of Parish: Yes, you can I was waiting for.

502

01:08:52.800 --> 01:09:07.200

Town of Parish: As Paul said it's not mandatory, you don't have to do it my suggestion is and since he's provided us with a model policy and what this does is it incorporates all the amendments that were contained in the government's law that was amended.

503

01:09:08.190 --> 01:09:15.660

Town of Parish: My suggestion is go ahead and set it for public hearing, if you think you might want to do it so because there is a time constraint in here.

504

01:09:16.260 --> 01:09:25.620

Town of Parish: Center for public hearing but take the policy home look it over and see if you want to once you pass it okay you got to have a policy, and you have to follow the policy.

505

01:09:26.070 --> 01:09:37.140

Town of Parish: The policy gets a lot of stuff in there things that you have to do you have to hit the this one oh yeah yeah the Member this one I haven't seen that one yet.

506

01:09:38.100 --> 01:09:50.340

Town of Parish: I will get this to everybody i'm Richard I will put it in your mailbox On Monday I will scan this and get it to everybody on Monday, you know, making a male.

507

01:09:52.110 --> 01:09:54.180
Town of Parish: or female, to you yeah.

508
01:09:56.820 --> 01:10:00.690
Town of Parish: Unless you guys want a coffee I love coffee, then I can just mark it up again.

509
01:10:03.000 --> 01:10:04.260
Town of Parish: And this is from the thug hill.

510
01:10:06.780 --> 01:10:11.100
Town of Parish: And then the law be working on the law we do the law we send it over.

511
01:10:12.210 --> 01:10:15.840
Town of Parish: We sent a proposal to them today yeah what time.

512
01:10:18.570 --> 01:10:19.170
Town of Parish: I didn't get it.

513
01:10:21.270 --> 01:10:25.770
Town of Parish: yeah let's call it out, maybe what to Kelly could be because Kelly was yeah yeah.

514
01:10:26.790 --> 01:10:29.970
Town of Parish: Okay yeah cuz I know I didn't receive the saffron.

515
01:10:34.230 --> 01:10:42.420
Town of Parish: What I would do is look at the policy that all day like I say it's got all the requirements of the law sets for this to how it works.

516
01:10:42.870 --> 01:10:50.370
Town of Parish: what it takes to have the video conference Member ample vote, whether it be a video conference Member can count on a quorum.

517
01:10:51.180 --> 01:11:09.780
Town of Parish: it's got some American Disabilities Act provisions in there as well, and if you if you both to have the Lord began to follow the law with your policy, so you may not want to do it it's up to you, because when to say it ends in 24 ball yes yeah.

518
01:11:11.130 --> 01:11:14.940

Town of Parish: July 1 yes, so you get another year and a half.

519

01:11:16.230 --> 01:11:22.530

Town of Parish: If you see if you know live without it may be what it is that you know I really like having zoom available.

520

01:11:26.070 --> 01:11:35.550

Town of Parish: And that would be you know up for discussion, I mean we can discuss it right now want to see which way we want to go and vote count, but you can.

521

01:11:36.240 --> 01:11:45.810

Town of Parish: You know, can be yeah tiring a very typical you gotta be greatly that has to be a quorum here right there has to be a quorum here, so we can't have five of us out.

522

01:11:46.260 --> 01:11:53.880

Town of Parish: Right right right to drink or at least have a quorum right, the only two could be all the time, I think I mean this is this is necessary.

523

01:11:54.570 --> 01:11:57.510

Town of Parish: I think if the way it's been going and the way we've gone through the.

524

01:11:58.440 --> 01:12:00.690

Town of Parish: virus, and all this golden everything.

525

01:12:01.080 --> 01:12:12.180

Town of Parish: We didn't really have that many people out today to do it, I mean I was out a couple of times right me but there's only five of us right you're really bad, it was only five before me so but I mean there was only we still got to participate.

526

01:12:12.810 --> 01:12:20.070

Town of Parish: You don't have to say and everything it's like he says it's a big bunch of stuff you want to go through just for another year, or can we just get by.

527

01:12:20.670 --> 01:12:28.590

Town of Parish: Some ways you're going to be out of them joined us by a video like they had before, so we just can't take them both you know what I mean yeah.

528

01:12:29.400 --> 01:12:49.410

Town of Parish: we're liable to Constantine that there are multiple posts and and no matter, but just don't need to speak another country right, so I can still speak, they just their vote on it, just like anything else typically and and the captain being able to get a vote isn't that.

529

01:12:50.700 --> 01:12:55.440

Town of Parish: I mean, there are some things in here that I question I don't know if they need to be here.

530

01:12:57.420 --> 01:13:04.920

Town of Parish: it's like the thanks for having to have like four days notice to the public that i'm going to be out.

531

01:13:05.850 --> 01:13:15.450

Town of Parish: let's just suppose empathetic way I catch cold or get a positive covert testing this morning i'm not going to be here and i'm not going to have four days notice to the.

532

01:13:16.410 --> 01:13:30.210

Town of Parish: I don't know is that there might be an emergency 30 writer, is, I mean and maybe Town of Parish how many other towns have done this law there you're all turning from the same starting nobody else has done it yeah you know.

533

01:13:34.110 --> 01:13:43.770

Town of Parish: i'm good I have all my counterparts who are not aware of anybody who has done okay so here's a suggestion.

534

01:13:45.330 --> 01:13:45.990

Town of Parish: Why don't we.

535

01:13:47.310 --> 01:13:58.980

Town of Parish: table this as well as the public hearing, because we don't need a public hearing if we're not going to do it so let's table it till next month, you guys have a month to look over the policy, I will.

536

01:14:00.390 --> 01:14:02.190

Town of Parish: You know, send this out.

537

01:14:03.450 --> 01:14:13.380

Town of Parish: And I will take the law that Bob is written up, I will send that out to you um so the next meeting, we can address it.

538

01:14:16.500 --> 01:14:21.720

Town of Parish: So we have the total admissions policy they're not a governing body right.

539

01:14:22.740 --> 01:14:29.460

Town of Parish: So they didn't have to have a law, and this is a model for a policy that follows the law right.

540

01:14:31.530 --> 01:14:43.530

Town of Parish: So we highlight things within the US, for example, the five days notice kind of business is that something that you'd be able to review and say we're still upheld upholding the.

541

01:14:44.640 --> 01:14:46.680

Town of Parish: Upholding the law as reading.

542

01:14:47.820 --> 01:14:51.600

Town of Parish: Media to cancel the past, a lot of except.

543

01:14:54.210 --> 01:15:04.290

Town of Parish: If we were to pull certain like placards we would also they need to have name tags in front of us that the law or is that just good practice, will you have the.

544

01:15:05.040 --> 01:15:17.070

Town of Parish: municipality has to follow the Community and open government legislation right good it's been a vendor so I believe that together all of those investments in their correct.

545

01:15:18.150 --> 01:15:24.540

Town of Parish: are going to are you talking about the the palace yeah they came up with that title.

546

01:15:25.800 --> 01:15:30.510

Town of Parish: So, but the Council on open governance is just ate my priority.

547

01:15:31.530 --> 01:15:48.000

Town of Parish: For the meeting, so they probably put in there, what needs to be in there and I love the one that you ended hours, so what we really wanted somebody stay home, all of us absolutely have to have been tags and we have to have a separate TV with like based on it in my name of the.

548

01:15:49.050 --> 01:16:00.540

Town of Parish: Most a totally separate like look on you that, right now, whoever appeared would have to have their name showing right as matter of fact, one of the interesting provisions of.

549

01:16:00.960 --> 01:16:19.170

Town of Parish: The amendment to the law is that if you were to participate via teleconference, it has to be via video conference it can't just be voice, it has to be you're right as well, I guess, make sure you're staying awake and paying attention well and that is actually you.

550

01:16:20.310 --> 01:16:20.760

Town of Parish: Actually, you.

551

01:16:22.740 --> 01:16:33.420

Town of Parish: Know there's a lot in there yeah they said to kill seem to be a little bit shorter on their policy and the law doesn't state what has to be in your policy on.

552

01:16:35.010 --> 01:16:48.300

Town of Parish: Your local law does have to speak, a lot of those things that sent over to me so let's take a month okay does everybody agree the table this to take her i'll come back next month angry.

553

01:16:49.980 --> 01:16:59.550

Town of Parish: Okay, so I need a motion to the table the video conference policy and the low block here and rather lose a second, so the.

554

01:17:01.260 --> 01:17:08.400

Town of Parish: First, and the second all those in favor I suppose i'm saying motion passes to table.

555

01:17:11.820 --> 01:17:14.850

Town of Parish: Okay, also a new business.

556

01:17:16.530 --> 01:17:19.350

Town of Parish: We all home day is returning.

557

01:17:21.150 --> 01:17:28.080

Town of Parish: i've been speaking pretty much since our last meeting to shana masters about it all on day.

558

01:17:29.520 --> 01:17:40.260

Town of Parish: It has been posted on our website it's been posted on the village website it's been posted on Facebook, it is just a great thing, I believe, and I believe everybody believes the same thing.

559

01:17:41.460 --> 01:17:49.950

Town of Parish: That is going to be Saturday August 16 in some sense, right at the corner part of the crushing the last role is pizza there.

560

01:17:51.750 --> 01:17:55.170

Town of Parish: In the, there is the flyer out if anybody would like a flyer I have one.

561

01:17:56.520 --> 01:18:00.300

Town of Parish: But it's a positive thing and it does not.

562

01:18:01.620 --> 01:18:04.500

Town of Parish: do anything thing we would have to pay for is the electricity.

563

01:18:06.360 --> 01:18:07.440

Town of Parish: That they may use.

564

01:18:09.750 --> 01:18:12.030

Town of Parish: And it's in our park we own that corner part.

565

01:18:13.680 --> 01:18:25.440

Town of Parish: And she's require an extra tables from Merrill park the picnic tables i've already spoken to George and they will move them for us, as they have in the past and other than that.

566

01:18:26.940 --> 01:18:36.540

Town of Parish: Basically, just has to be more prior and the parks have been molded pretty much belden Dolly taking care of them lately so everything is looking good is are.

567

01:18:37.650 --> 01:18:39.180

Town of Parish: needed need emotional truth.

568

01:18:42.180 --> 01:18:55.560

Town of Parish: Right right as Doug already approved that Doug said yeah let's put it in the park he's in charge of the heart, so you don't even need anything so that is all home day returning in 2022 and it will be a great thing, she has many.

569

01:18:57.570 --> 01:19:04.830

Town of Parish: vendors come in fact when I spoke to last one they had they had quite a few and, in fact, she you know inquired about.

570

01:19:06.060 --> 01:19:12.510

Town of Parish: Enlarging it a little bit was looking for a road, possibly to close off and I asked her to contact the village because it's a village.

571

01:19:13.380 --> 01:19:24.150

Town of Parish: Road it's not our relevance only our cars so Hopefully she made out with that she has been in constant contact with me and we will continue to work to.

572

01:19:24.780 --> 01:19:36.090

Town of Parish: make our Community have something to do and get people together so number five building make sure that we know the truth, I mean like I said I she's got to get the villages permission.

573

01:19:38.190 --> 01:19:48.930

Town of Parish: Fire company yeah the road that we use, yes, so I will take me to county road and you're gonna have North first street clothes right.

574

01:19:50.400 --> 01:19:59.880

Town of Parish: wouldn't hold solver oh sweet presents the only rule that trade for TRIMs can go down through the case right so and like I said yes, yes and but that's just in the working stages that would be.

575

01:20:00.510 --> 01:20:07.020

Town of Parish: You know, like, I said that town has no power over streets um if they wish, maybe they can just close up that.

576

01:20:07.830 --> 01:20:24.450

Town of Parish: Short one between the church and we only do they not know okay so like I said channel or she was just questioning about it sent me an email and I gave her the marriage number and email and said contact fireman's bill yeah.

577

01:20:28.440 --> 01:20:29.100

Town of Parish: Big lab.

578

01:20:30.690 --> 01:20:31.080

Town of Parish: see these.

579

01:20:35.520 --> 01:20:36.330

Town of Parish: viral like.

580

01:20:39.480 --> 01:20:48.240

Town of Parish: The offer day the current show our first order for our show is called the more the monkey monkey.

581

01:20:49.890 --> 01:20:50.880

Town of Parish: monkey under section.

582

01:20:52.860 --> 01:20:53.490

Town of Parish: 69.

583

01:20:56.580 --> 01:20:59.100

Town of Parish: Either reach out here right.

584

01:21:00.690 --> 01:21:05.670

Town of Parish: now resume oh yeah oh yeah and being in the right spot i'm sure there'll be a signer.

585

01:21:06.960 --> 01:21:14.340

Town of Parish: On, especially if they want to expand my room and I know i'm putting the court in lockdown very great spot.

586

01:21:15.000 --> 01:21:32.610

Town of Parish: But it's been pretty productive for us good idea I just don't know how she's gonna feel and i'm like a little further away from 69 graphic and stuff no I think it's a great business did not a lot of barking in our corner lot I think it's a fantastic idea right right just.

587

01:21:33.780 --> 01:21:34.500

Town of Parish: vendors.

588

01:21:38.400 --> 01:21:41.760

Town of Parish: We were to offer i'm not saying you have to another but.

589

01:21:42.840 --> 01:21:46.740

Town of Parish: I will double she may be totally happy with us.

590

01:21:51.030 --> 01:21:54.150

Town of Parish: But yeah without discussing it with her and.

591

01:21:55.680 --> 01:22:11.520

Town of Parish: Alex dices also involved with it once again, so we do power alternative for a car show better hey wait wait a little bit over announcements, I will DJ yeah cuz she she has a band or a.

592

01:22:13.350 --> 01:22:16.140

Town of Parish: I can't remember his name from the health fish.

593

01:22:19.170 --> 01:22:28.290

Town of Parish: And we're at work man hank Cooper correct a Cooper is going to be playing some music there as well, so this is so, this is all on.

594

01:22:29.310 --> 01:22:32.430

Town of Parish: Jan and I will call her on Monday.

595

01:22:34.620 --> 01:22:44.640

Town of Parish: And I know we appreciate it, because I think it's a good idea, but upgrade we'll see what they want to do, and I will get back i'll have her contact you.

596

01:22:45.750 --> 01:22:47.190

Town of Parish: Can I give out your cell phone number door.

597

01:22:50.070 --> 01:22:51.060

Town of Parish: I just want to make sure.

598

01:22:56.250 --> 01:23:04.410

Town of Parish: We appreciate it, and I think it's a great idea, so we will move on um new business off the floor.

599

01:23:06.570 --> 01:23:07.890

Town of Parish: Does anybody have anything.

600

01:23:09.780 --> 01:23:10.800

Town of Parish: Because I do if you don't.

601

01:23:13.230 --> 01:23:15.240

Town of Parish: Okay, we talked about the mileage.

602

01:23:16.860 --> 01:23:25.260

Town of Parish: I just found out actually yesterday and solving for today, the irs is increasing the mileage rate come July 1.

603

01:23:26.820 --> 01:23:41.580

Town of Parish: The old was 58.5 cents and the new July 1 through 1231 and 22 is 62.5 cents, what I am looking for is discussion as to whether we should raise our.

604

01:23:42.600 --> 01:24:03.870

Town of Parish: mileage fees to reflect the irs question if you pay mileage it's a it's a bit mileage do you write that often our taxes is that may or may not even sure how that business works That way we don't write off on town taxes, because we're actually paid right.

605

01:24:04.980 --> 01:24:06.090

Town of Parish: yeah and expense.

606

01:24:07.170 --> 01:24:21.540

Town of Parish: In the time doesn't pay taxes right so, then I agree, so we just basically because of the you know the code enforcement officer running 200 miles on the dog control officer.

607

01:24:22.200 --> 01:24:29.400

Town of Parish: doing what he does those two are the two biggest mileage ravages that may add to speeding, and I was right, I was just curious and.

608

01:24:30.360 --> 01:24:41.730

Town of Parish: I totally support us following whatever the irs expecting okay and that's what we've done that's where we come up with the fees every year and we approve it, you know, in January meeting.

609

01:24:43.140 --> 01:24:52.680

Town of Parish: The organizational meeting so With that in mind, is there any anybody else have any questions or discussion on it for against the pricing guys caught up in it.

610

01:24:54.390 --> 01:24:54.570

Town of Parish: So.

611

01:24:55.590 --> 01:25:01.320

Town of Parish: Richard years ago okay so, then I just need a i'll make the motion to make it simple.

612

01:25:01.860 --> 01:25:24.660

Town of Parish: I would like to make the motion to increase the mileage rate for all town employees that currently get the mileage from 58.5 to 62.5 cents beginning January or July 1 2022 through December 31 2022 can I have a second on that motion.

613

01:25:25.860 --> 01:25:33.210

Town of Parish: seconded Richard seconds all those in favor Aye Aye opposed abstaining abstain motion passes.

614

01:25:35.820 --> 01:25:41.700

Town of Parish: All right, I have one more item and I just threw these in here, as I found out today.

615

01:25:43.230 --> 01:25:45.690

Town of Parish: or yesterday all right, we discussed.

616

01:25:46.830 --> 01:25:54.420

Town of Parish: jake Rasul i'm just when I reread the Minutes again today, we never made a motion to page eight Rasul.

617

01:25:55.590 --> 01:26:02.700

Town of Parish: To nothing was in the minutes instead we are going to page eight Rasul to the park.

618

01:26:04.830 --> 01:26:12.120

Town of Parish: I couldn't I didn't see the Minutes and I didn't have time to actually go back and look at the actual but if somebody would have made a motion to AJ.

619

01:26:13.980 --> 01:26:21.750

Town of Parish: We all discussed it, but I don't think emotion was me because I couldn't find one of the methods and that was just a question I had there's motions paying for stuff.

620

01:26:23.250 --> 01:26:24.690

Town of Parish: that's right you.

621

01:26:26.370 --> 01:26:30.690

Town of Parish: see what I would overtake also thing and I love that and i'm like.

622

01:26:33.630 --> 01:26:47.460

Town of Parish: And then, when I looked at my notes from last night and it said, make motion and I didn't I didn't finish me the most, and so I was like maybe we didn't do it does anybody remember because it's not in the minutes to kind of pick I believe it was 1500 dollars.

623

01:26:49.200 --> 01:26:53.610

Town of Parish: yeah it was you know thinking is, I think we did too i'm.

624

01:26:54.750 --> 01:27:06.060

Town of Parish: So emotional AJ yeah I need a motion to you know I mean he's got money in his budget yeah um what 1500 dollars, I believe was discussed.

625

01:27:08.550 --> 01:27:19.650

Town of Parish: And we can always be motion that to exceed 1500 dollars for the paving of the park project is what we could call it, and then that way it only includes that part of it not.

626

01:27:20.430 --> 01:27:32.760

Town of Parish: For the great because it's a \$30,000 so grant that he's applying for so the 1500 dollars and J is normally really good and I tell them, we need a little break on that will see Jay did you hear that.

627

01:27:36.600 --> 01:27:40.020

Town of Parish: Yes, and so he's he's always like I said i'm on the whole world and.

628

01:27:41.160 --> 01:27:47.160

Town of Parish: Trying to move forward, so I just need somebody to make that motion so it's emotional thing that grid.

629

01:27:48.660 --> 01:27:52.560

Town of Parish: Payment of marijuana market a second.

630

01:27:53.640 --> 01:27:55.680

Town of Parish: Okay, any more discussion on that item.

631

01:27:57.060 --> 01:28:02.100

Town of Parish: Here, and on CNN can I all those in favor of that motion as.

632

01:28:03.180 --> 01:28:10.170

Town of Parish: opposed staying motion passes okay that took care of that off the floor.

633

01:28:11.700 --> 01:28:13.260

Town of Parish: Approval of the bills.

634

01:28:14.670 --> 01:28:17.490

Town of Parish: The transfers and we should have received your transfers.

635

01:28:19.680 --> 01:28:21.300

Town of Parish: Any questions on the transfers.

636

01:28:45.750 --> 01:28:46.650

Town of Parish: First, one.

637

01:28:49.980 --> 01:28:54.930

Town of Parish: We agreed to give the justice clerk arrays and that was the \$2,000.

638

01:28:56.970 --> 01:29:09.120

Town of Parish: We said we would take care of it we move it from contingencies into the clerks that because we didn't bear and 17 and 18 that's it was wondering, it was good enough for two years okay.

639

01:29:11.040 --> 01:29:11.580

Town of Parish: um.

640

01:29:12.900 --> 01:29:16.320

Town of Parish: Any other questions on that transfer of \$2,000.

641

01:29:19.530 --> 01:29:25.140

Town of Parish: Just takes care of her pay and we're taking out of contingency until contingency.

642

01:29:26.220 --> 01:29:29.850

Town of Parish: runs out and then we'll look at moving something into the contingency and I.

643

01:29:33.330 --> 01:29:44.280

Town of Parish: believe I might be alerted question, instead of take it out of fun balance, you know just because we have \$25,000 in contingency starting the year for this this type of thing.

644

01:29:44.850 --> 01:30:06.240

Town of Parish: And that's you know that's a great thing, because then you don't have to keep on our fund balance, you know you might something might run over so that's it no other questions on the \$2,000 trying to move on to the next one that's 3709 and it went from the da 908 9.8 1.8.

645

01:30:07.890 --> 01:30:15.570

Town of Parish: To the point eight one because we just we didn't catch that second decimal and it's \$37 and nine cents.

646

01:30:16.890 --> 01:30:28.170

Town of Parish: Still, the same account the DEA nine 0.9 yeah it's under employee benefits, but if we look at your sheets it comes up as a minus and we're trying to get rid of all those minuses on my.

647

01:30:28.980 --> 01:30:48.210

Town of Parish: On my reports so that we have you know, we should have had money the documents as much the Hamas great 30 somehow any problems with that no okay next transfer this is going to what happened was we had the da 745 point one out for flood erosion.

648

01:30:49.320 --> 01:30:55.110

Town of Parish: And it got missed put into that and it's going to it's got to come out of snow removal.

649

01:30:56.130 --> 01:31:11.820

Town of Parish: We just caught this in the records things got to go to the da 514 2.1 account, because once again once I look over the reports and they see minuses It gives me the opportunity, when we do and we took a wingman and somehow without putting the wrong account.

650

01:31:13.470 --> 01:31:18.360

Town of Parish: So we just need to move it to where it was actually pulled from or should have been pulled from was still real.

651

01:31:18.900 --> 01:31:30.810

Town of Parish: And it happened, what January, February February, so we think nobody caught it until now, so we just need to move that \$266 and that was for a wingman that just needs to be put in the right code.

652

01:31:32.460 --> 01:31:38.430

Town of Parish: Any question on that one, no, no okay The next item is to close out the waterfront.

653

01:31:39.540 --> 01:31:51.690

Town of Parish: hey we currently have money in our waterfront it still sets in its separate fun you no longer have any water district one we've collected the money from everybody paying the extra that was in district one.

654

01:31:52.800 --> 01:32:00.330

Town of Parish: I can't remember how much it was per person, but there was 3848 \$48,000.

655

01:32:01.410 --> 01:32:07.890

Town of Parish: And so what we need to do is, we need to transfer and close out the water fund we're just going to transfer to the.

656

01:32:09.090 --> 01:32:13.320

Town of Parish: General the general fund so it just goes back in the general where it should have been paid.

657

01:32:14.730 --> 01:32:16.740

Town of Parish: And that's what they did to pay the.

658

01:32:18.120 --> 01:32:23.580

Town of Parish: Closer water yeah close out because that, like, I said that was all for all the attorneys.

659

01:32:24.150 --> 01:32:38.130

Town of Parish: And all those other fees that they might have been charged on her taxes for they've already been we've already been paid for it, but it sits in that account, we just need to move in so we get rid of that account in its entirety, until we need open up another water account.

660

01:32:42.870 --> 01:32:53.190

Town of Parish: So anybody have a problem with that no great Okay, just so you're all aware, can I have a motion to accept these transfers those written.

661

01:32:54.780 --> 01:32:55.410

Town of Parish: A second.

662

01:32:56.520 --> 01:32:57.450

Town of Parish: All those in favor.

663

01:32:59.250 --> 01:33:02.850

Town of Parish: boast abstained motion passes.

664

Town of Parish: Everybody should have received my supervisors reports any questions on that.

665

01:33:13.590 --> 01:33:17.250

Town of Parish: No questions can I have a motion to accept my supervisors report.

Town of Parish: We combine the funding there's two separate funds.

670

01:33:46.620 --> 01:33:48.960

Town of Parish: So the general fund day.

671

01:33:50.460 --> 01:34:05.130

Town of Parish: Instead of saying 110 to 124 it should read 111 and, if you look on your sheets, you can follow me OK, so the 110 will pull next but for right now it's going to be.

672

01:34:08.190 --> 01:34:15.960

Town of Parish: And \$9,282 and 18 cents, as it says on the top of your on otter to voucher report.

673

01:34:17.460 --> 01:34:18.030

Town of Parish: Okay.

674

01:34:19.230 --> 01:34:20.490
