70

00:08:14.970 --> 00:08:17.010

So well as a CEO.

71

00:08:25.680 --> 00:08:29.370

Town of Parish: Okay, you guys have the floor okay i'm just.

72

00:08:30.780 --> 00:08:35.640

Town of Parish: I know we got budgets coming off and everything for everybody, so we want to start the.

73

00:08:36.720 --> 00:08:39.480

Town of Parish: start the year again So here we are.

74

00:08:42.060 --> 00:08:51.810

Town of Parish: I discussed a couple things with your own little earlier and everything we're looking at figures from 32 for contract this year.

75

00:08:53.700 --> 00:08:55.470

Town of Parish: we're willing to work with it we're just.

76

00:08:57.360 --> 00:09:02.730

Town of Parish: This preliminary budget, so what we wanted to do is get it off and go from there.

77

00:09:04.800 --> 00:09:14.490

Town of Parish: Any talking points any questions or anything that anybody has do we can the answer tonight and go from there.

78

00:09:17.400 --> 00:09:17.580

yeah.

79

00:09:19.470 --> 00:09:24.090

Town of Parish: yeah this one Mary and all sit down and have a discussion about it.

80

00:09:25.170 --> 00:09:39.990

Town of Parish: or definitely do that well yeah I can get you other towns their numbers, I can do some of that tonight um yeah well, I just have a question what was your price last year.

81

00:09:42.000 --> 00:09:45.060
27,578.

82

00:09:47.400 --> 00:09:49.920
Town of Parish: That extra quarter curtis yeah yeah.

83

00:09:51.330 --> 00:09:52.980
Town of Parish: I don't know how we ever come up with a quarter.

84

00:09:56.190 --> 00:10:00.030
So um why that person is.

85

00:10:02.370 --> 00:10:04.530
really about just the dollar and.

86

00:10:12.210 --> 00:10:13.290
So it was just random.

87

00:10:14.670 --> 00:10:21.420
Town of Parish: I know not random that speed just catch up to where we were going to go.

88

00:10:22.890 --> 00:10:25.290
Town of Parish: A couple years ago, I think we talked about.

89

00:10:26.310 --> 00:10:28.560
Town of Parish: 33,000 and then there was.

90

00:10:29.760 --> 00:10:32.520
Town of Parish: Discussion back for the prospect of what's up.

91

00:10:33.900 --> 00:10:36.630
Town of Parish: And then actually at the end of the year here.

92

00:10:37.710 --> 00:10:45.240
Town of Parish: There was discussion of life for a 32 33,000 yes, that is excellent.

93

00:10:50.370 --> 00:11:00.180

Town of Parish: So why I don't know about you guys that came like to see a budget breakdown well and that's like an absolutely we can get everything for you as far as I.

94

00:11:00.960 --> 00:11:12.000

Town of Parish: Remember, I so we're eliminating Facebook you look weak, we can finish anything you would like it's not an issue at all right, and we can do it well in advance, before the next week.

95

00:11:13.800 --> 00:11:16.290

Town of Parish: i'm just money also you said goes toward.

96

00:11:17.610 --> 00:11:17.880

Town of Parish: i'm.

97

00:11:19.020 --> 00:11:23.070

Town of Parish: saying the calls you get where you get no money or Nice.

98

00:11:24.300 --> 00:11:26.790

Town of Parish: You know what i'm trying to cover there's a lot of calls we.

99

00:11:28.230 --> 00:11:44.490

Town of Parish: Say someone's on medicare or something like that do you take and keep track of how much a year or per townsville Gloria Cape Town, you can cost you to go for it down now by town, because it goes by zip code can.

100

00:11:46.350 --> 00:11:56.640

Town of Parish: be difficult because have like you have parishes and some of it i'm 131 you know 13131 is Mexico and boy.

101

00:11:57.840 --> 00:12:15.810

Town of Parish: that's why because you know even actually add 32,000 this parish what's our and I was just wanting to 32,000 this parish it's not 13131 it's it's apparently so I was wondering how much of that 31 3131 you know.

102

00:12:17.760 --> 00:12:23.970

Town of Parish: How much parish to 32,008 but for unpaid calls all.

103

00:12:25.830 --> 00:12:31.980

Town of Parish: filled out last year 2.2 million and we only receive 900 something thousand.

104

00:12:35.520 --> 00:12:42.450

Town of Parish: Everything way to medicare and through that we get barely enough to cover the call.

105

00:12:43.620 --> 00:12:49.290

Town of Parish: fairly and we get less than or less than 50% return on what we fill out.

106

00:12:52.350 --> 00:13:10.440

Town of Parish: And that's every villains extra stopping the documentary So if you guys could come up with a presentation for next month include all the towns that you service um how many calls you do a year, you know all that other stuff.

107

00:13:12.180 --> 00:13:25.350

Town of Parish: Okay, I know you've done it in the past, so and we definitely I mean no sense going on tonight if we're going to have all these questions answered next time i'm So what we will do you know we appreciate the preliminary figure.

108

00:13:26.460 --> 00:13:28.530

Town of Parish: And we can definitely discuss more next month.

109

00:13:30.630 --> 00:13:43.350

Town of Parish: absolutely sure just tell you know new haven is our closest as far as population new haven seems to be one of the ones that are real close and do you guys service new haven as well, yes, Sir um so.

110

00:13:44.880 --> 00:13:52.410

Town of Parish: yeah albion's the other one so it's new haven Albion most the time when we look at comparisons um so we can just look and see what we have and.

111

00:13:53.010 --> 00:14:02.400

Town of Parish: Maybe you could tell us you know something to that effect, and I know lj is always said he appreciate you guys a lot um and i'm sure you're gonna say that again lj.

112

00:14:10.020 --> 00:14:12.060

Town of Parish: What absolutely yeah right, yes, and everything.

113

00:14:13.530 --> 00:14:21.270

Town of Parish: that everybody can look for more than would be a better question, I will make an educated, you know discussion on.

114

00:14:22.650 --> 00:14:23.940

Friday electronically.

115

00:14:25.410 --> 00:14:30.000

Town of Parish: Or maybe, both because I know me I just can't get to my mailbox so that.

116

00:14:31.230 --> 00:14:38.190

Town of Parish: I can check my supervisor if you send it to me i'll send it to the counselors and we'll take care of that way because.

117

00:14:40.560 --> 00:14:43.410

Town of Parish: If you can think of anything else feel free to call.

118

00:14:46.260 --> 00:14:57.060

Town of Parish: me, Sir, I appreciate it chuck and Mike so we look forward to talking to you next month alright alright alright, thank you, thank you, thank you guys much quicker.

119

00:14:59.310 --> 00:15:01.050

Town of Parish: Okay it's good to get that.

120

00:15:02.340 --> 00:15:05.880

Town of Parish: started anyways we're going to move on our agenda.

140

00:18:09.780 --> 00:18:14.880

Town of Parish: Training for eight hours now our part and 54 hours total back.

141

00:18:16.770 --> 00:18:19.170

Town of Parish: To where honors \$79.

142

00:18:21.480 --> 00:18:23.490

Town of Parish: that's your \$50 fine.

143

00:18:26.730 --> 00:18:29.760

Town of Parish: Great great any questions for chief.

144

00:18:31.320 --> 00:18:33.540

Town of Parish: Fantastic thanks chief appreciate your time.

145

00:18:34.800 --> 00:18:36.240

Town of Parish: wander the highway report.

146

00:18:40.140 --> 00:18:49.020

I don't have time to read for others, working with some of the other down get some rest up there, but I think we have some things to address.

147

00:18:50.340 --> 00:18:56.100

One of these, we only have to change our 284 agreements to the fact that are not Al Qaeda.

148

00:18:57.420 --> 00:19:00.840

And the rising cost of materials skyrocket.

149

00:19:02.100 --> 00:19:15.000

Town of Parish: So That being said, oh the intelligent is to do some painting Charles road which we had listed at 1.8 miles, which is actually 1.6 miles we're only able to do one month.

150

00:19:16.140 --> 00:19:25.260

Town of Parish: This is not just a downer bearish is happening in many times on what something I have to address this for me during the week or agreement.

151

00:19:27.180 --> 00:19:35.070

Town of Parish: is signed it done site there's also a lot of this took place today to get number today well That being said, with that.

152

00:19:36.270 --> 00:19:46.800

Town of Parish: Do any of the board members have a problem if between now and the next board meeting if I get when I get this together, which will be this week first week addressing them and having them sign take a look at it site.

153

00:19:48.480 --> 00:19:51.030

Town of Parish: We did that, with the last one it's not a you know.

154

00:19:52.290 --> 00:19:53.370

Town of Parish: I won't come at midnight.

155

00:19:54.510 --> 00:20:12.090

Town of Parish: Or what, what is your plan on doing with the 284 agreement towards, we have to there's a couple of numbers that have to be changed in it and the mileage just so you're going shorter, but are you spending more money on the Sabbath on white, but we're going short okay.

156

00:20:13.440 --> 00:20:19.470

And I don't know, I guess, I could probably finish your your flight got one.

157

00:20:23.160 --> 00:20:27.120

Town of Parish: Oh, we have previous to be also they have been.

158

00:20:28.170 --> 00:20:30.630

Town of Parish: basically doing this agreement wrong.

159

00:20:31.920 --> 00:20:45.060

Town of Parish: number in the wrong spot on the sheet okay so we're addressing and to get that straight down that's been going on for a long time nobody's fault right an oversight and it was brought to my attention and all the numbers are going to be changed.

160

00:20:51.090 --> 00:20:52.500

like to see this, this is.

161

00:20:54.600 --> 00:21:08.850

Town of Parish: Basically word, want to see it now i'm Gary knows about the price constant bro yeah it's based on what i'm looking at this number here should have been reversed, with the other number, you see what i'm saying and.

162

00:21:11.250 --> 00:21:20.100

Town of Parish: This some should be up here basically games basically reverse and ash and actual ality when we spend this amount of money.

163

00:21:20.550 --> 00:21:31.080

Town of Parish: It is an ad it is actually 40 that is left okay and that's going to be changed, you know just this this number is for the whole town is basically done as we can work on all the telephone right.

164

00:21:32.430 --> 00:21:38.880

Town of Parish: This is the county agreement The other thing is we've had we had a separate agreement and it shouldn't be the same for the same one your turn into account.

165

00:21:42.720 --> 00:21:49.530

Town of Parish: yeah yeah Do you understand where i'm coming from where they should both be the same, we have it right, I mean because one.

166

00:21:49.890 --> 00:21:58.350

Town of Parish: One agreement you signed with the county to do their roads know whatever no no it's all without it all goes through back in the 1800s where this all control.

167

00:21:59.070 --> 00:22:07.740

Town of Parish: When the counties were in charge ago, so this agreement with role, not just particular one right or are you aware of anything like that Bob.

168

00:22:09.600 --> 00:22:20.910

Town of Parish: right we just want to make sure that everything is it really we're not changing the agreement, other than and it's not going to this one's not going to get changed to say when we signed with account The difference is for the most part.

169

00:22:22.350 --> 00:22:28.050

Town of Parish: Like I said it, I want to see both them and see what the differences and and i'll do a little bit of research okay.

170

00:22:30.870 --> 00:22:32.670

Town of Parish: The other thing along that line.

171

00:22:36.270 --> 00:22:49.890

Town of Parish: um most towns use what they call an open agreement they don't state what roads are going to repair due to the fact, similar to what we've got going on, they can shorten the distance and just get it done dumps probably more familiar than anyone on.

172

00:22:51.090 --> 00:22:54.420

Town of Parish: Your budget you've got to work your budget and slow the index for this is.

173

00:22:56.190 --> 00:23:07.110

Town of Parish: When I did it, I went off of previous agreements and I went by pricing fits well this increased a little more than that that's why the numbers off a little bit.

174

00:23:08.220 --> 00:23:13.890

Town of Parish: You see what i'm saying so that's why I went up I preach them all, what the percentages work it through the numbers off.

175

00:23:15.240 --> 00:23:17.850

Town of Parish: Not realizing it being in this position before.

176

00:23:19.050 --> 00:23:35.970

Town of Parish: With one of these debts how that got, which is a simple very simple, as I showed it's just moving money it's not spending any more, it just moved it from just account to that account basically um The other thing like you said, most of us is open account all the towns around us that way.

177

00:23:36.990 --> 00:23:47.010

Town of Parish: If something like this and I don't have to come to the board and say hey we're done we're going to make this change it's not a financial Jane ever a financial jake right it's just what you do.

178

00:23:47.670 --> 00:23:55.470

Town of Parish: or shame and how you do it like like I said we're supposed to have a catastrophe out road and a culvert washes that robo.

179

00:23:57.390 --> 00:24:04.740

Town of Parish: it that way, I don't have to come to the board to ask to put the golden back ends and people get to the hours you see what i'm saying it to use an open agree.

180

00:24:05.790 --> 00:24:19.230

Town of Parish: that's a repair and it's the basic thing is this is how much money you got yes and every response, are responsible for it, where do I find it right, and if you spend it out, cutting dandelions i'm.

181

00:24:20.520 --> 00:24:33.330

Town of Parish: The only thing I can see right now absolutely one of the things I can see why parish me have had you do this in the past, or have the superintendent do this in the past is, if you want to go Pave.

182

00:24:34.650 --> 00:24:45.870

Town of Parish: i'm your friend axes road, it was just done, five years ago and we got five other you know somebody down there that one that needs a road is worse.

183

00:24:47.130 --> 00:24:51.570

Town of Parish: It limits you to take care of this, which I think is going.

184

00:24:52.740 --> 00:24:52.950

Town of Parish: To.

185

00:24:54.570 --> 00:24:54.900

Town of Parish: help.

186

00:24:56.220 --> 00:25:00.090

Town of Parish: In the respect that, like I said I don't have to keep coming to the board and.

187

00:25:02.250 --> 00:25:06.240

Town of Parish: it's timeline this time, when you see what i'm trying to make sure you're In fact the chips.

188

00:25:07.500 --> 00:25:07.710

Town of Parish: chips.

189

00:25:08.970 --> 00:25:17.160

Town of Parish: doesn't put any once you see what i'm saying I mean this way, we know we were going to do, cereals road and we knew and that's why we signed it, we know that sales road is bad.

190

00:25:17.730 --> 00:25:34.860

Town of Parish: You know, you could look at another road, and you will be doing this, but the only thing is to exactly which is which i'm curious about maybe five can answer that same same saying he did do is grab and drill twice.

191

00:25:36.960 --> 00:25:44.190

Town of Parish: To town, do we hold any legal authority to tell the highway superintendent what repairs, is doing and which ones you.

192

00:25:45.570 --> 00:25:54.840

Town of Parish: Know that's The thing that so this having this paper saying it's a good idea of knowing what is going to be done, but do we have any recourse.

193

00:25:55.470 --> 00:26:10.290

Town of Parish: Well yeah I mean yeah because he sign that agreement Well he right, but it does that agreement carry any weight if he's elected official maybe I could have different another cows Richard you've done this, many years what, why has Paris always.

194

00:26:11.550 --> 00:26:14.820

Town of Parish: Had the roads put in their agreements, do you know.

195

00:26:16.830 --> 00:26:18.900

Town of Parish: Actually pass practice because.

196

00:26:20.460 --> 00:26:23.370

Town of Parish: He come ashore started that way before him.

197

00:26:26.040 --> 00:26:26.430

and

198

00:26:28.020 --> 00:26:46.560

Town of Parish: When they first started they call it their own plan and you had to put this plan in with the state and after the original plan got done it was about have a plan and they had to be signed up with the state and the okay at all, but it was still left up to the highway super data.

199

00:26:48.450 --> 00:26:54.810

Town of Parish: Along with the board right to tell him what road should be done first and now many miles.

200

00:26:57.330 --> 00:27:03.240

Town of Parish: So had practice over the last while i've been here wanting to speak.

201

00:27:04.410 --> 00:27:05.100

Town of Parish: On the board.

202

00:27:07.380 --> 00:27:18.540

Town of Parish: was never a resolution wasn't ever know number was a resolution, though right, and let me tell you, we always had a board that work together with the highway and the Supervisor.

203

00:27:19.980 --> 00:27:30.540

Town of Parish: that's all we got things done, and I can also see the church needs to get something done next week, he doesn't have time doing total next month that's basically.

204

00:27:31.680 --> 00:27:45.540

Town of Parish: What in that agreement there's a spot for repairs all over all roads that's written in there, you can repair all over if you wish, but it's in a different light, this is where what and I don't have that right well that's that's what maybe.

205

00:27:46.770 --> 00:27:52.680

Town of Parish: Like I said basically we've got to transfer some money because you have your 25 room, it has to match.

206

00:27:55.080 --> 00:27:55.440

Town of Parish: The.

207

00:27:56.700 --> 00:28:00.840

Town of Parish: chips money, no, no, no wow the chips money and i'm.

208

00:28:04.440 --> 00:28:07.170

Town of Parish: watching and who are you speaking with that.

209

00:28:08.430 --> 00:28:18.870

Town of Parish: I spoke to the people from chips Okay, and at the highway superintendents association all the towns around that's how they do it, they leave it open.

210

00:28:19.350 --> 00:28:26.760

Town of Parish: That gives us an opportunity to the highway superintendent an opportunity like Robinson they don't have to get approval.

211

00:28:27.180 --> 00:28:38.100

Town of Parish: And it's not approved with to get more money or any of that it's if there's a slight change in something or like I say if we have a road somebody something happens to a roll right and that's a repair though it's not a.

212

00:28:38.700 --> 00:28:51.000

Town of Parish: it's not a receiving correct what's it even in this painting resurfacing and there's some things that we've been doing in the past called spray patch we shouldn't be doing under chips.

213

00:28:52.110 --> 00:28:54.120

Town of Parish: it's not included in the chip budget.

214

00:28:55.770 --> 00:28:56.730

Town of Parish: So it's.

215

00:28:58.440 --> 00:29:01.290

Town of Parish: kind of lacking information and some of the guys have gotten the past.

216

00:29:02.310 --> 00:29:05.400

Town of Parish: And past practice how things have changed and economic right.

217

00:29:06.930 --> 00:29:07.260

Town of Parish: well.

218

00:29:08.880 --> 00:29:10.020

Town of Parish: get your stuff together.

219

00:29:11.370 --> 00:29:22.440

Town of Parish: Come back next month, and I can I can honestly do that, for we want to change that agreement for next time, but we need to get just addressed, because otherwise we're not going to get our roads fixed.

220

00:29:23.130 --> 00:29:28.140

Town of Parish: Right and we've got several road we're going to lose that road and has to be done.

221

00:29:28.890 --> 00:29:34.080

Town of Parish: At least the section if I cut it back to the end it's the same along you've been done soon i'm sure.

222

00:29:34.530 --> 00:29:40.950

Town of Parish: Jeff a clause in the work for the state for his houses or it the whole road is that section, all the way to Carl they will lose that role.

223

00:29:41.370 --> 00:29:49.500

Town of Parish: it's got to be done that's, why is it the word Members I brand I have to look at it well i'll show you what we got to do a simple just changing right this.

224

00:29:50.370 --> 00:30:00.480

Town of Parish: Science, we can get get on them because, once again I can't get on the schedule to do this, we were all young staff who wants to do it and things like into we dropped, it can save you need to do circles.

225

00:30:01.650 --> 00:30:10.260

Town of Parish: Within circles know yeah that's it's just like and why does nothing else to prove it's your job at the people don't do.

226

00:30:11.550 --> 00:30:22.740

Town of Parish: that you would like to say you are like to do to take care of the roads and highways down the parish so you decide what you think well it's like you said turtles no one's gonna be lost and you take care of it.

227

00:30:24.360 --> 00:30:28.620

Town of Parish: Like a SEC oh absolutely The only thing is, it has to be signed in that three four.

228

00:30:29.640 --> 00:30:34.980

Town of Parish: Even though I say that it's got to be done it's a legality, you know it absolutely is.

229

00:30:36.090 --> 00:30:48.870

Town of Parish: The numbers have to manage right right because it what i've read in the past two is, if you go over that hundred whatever thousand you could be legally responsible for going over that amount that's right so so I.

230

00:30:50.370 --> 00:30:58.410

Town of Parish: had to change it and it's not even rather I go over that amount if what was in our right because it's a very light.

231

00:30:59.490 --> 00:31:03.030

Town of Parish: Basically yeah so you got it, you know so.

232

00:31:04.560 --> 00:31:05.490

Town of Parish: watch what happens here.

233

00:31:08.700 --> 00:31:17.580

Town of Parish: To here to one agreement know every town does seeing is the rest of the town's stuff sake sake i'm telling you what to do, sheryl crow.

234

00:31:19.260 --> 00:31:28.620

Town of Parish: You know even tell you what they are limited, this this to know the only limited to the budget so that's where we want to be.

235

00:31:29.430 --> 00:31:37.860

Town of Parish: We want to be limited to the budget over there what's that can we get we can I got it okay take care of this like I said I decided.

236

00:31:38.580 --> 00:31:47.730

Town of Parish: It was only brought to my attention today someone was brought last week a little bit today on, and so I want to address them right.

237

00:31:48.360 --> 00:31:58.320

Town of Parish: They said you got just come back next month we got to do it before next month, you if you're not understanding it's going to be too late to do that road that's why i'm saying what am I want to go around.

238

00:31:59.970 --> 00:32:10.530

Town of Parish: Your House maybe meet me at the restaurant if you don't want me at your House and I just say you know, can give us give us all copy of it yeah everybody will get a copy of Georgia and explain what we do, I mean if.

239

00:32:11.730 --> 00:32:28.890

Town of Parish: If there's some discussion that i'm just trying to think about issues that may arise if there is any issues we may have to have a special meeting, so we can push this forward as our mission to come over and do it yeah there's only so much time you could pay correct, so we can.

240

00:32:30.540 --> 00:32:30.810

Town of Parish: Make.

241

00:32:34.620 --> 00:32:38.040

Town of Parish: It work right yeah, we need to We really do you.

242

00:32:41.490 --> 00:32:41.670

Think.

243

00:32:45.090 --> 00:32:47.520

Town of Parish: These things all along, I was hoping, not to add.

244

00:32:48.660 --> 00:32:55.260

Town of Parish: there's I just noticed that you know highway has mentioned a few times and i'll be mentioning it i'll shake I.

245

00:33:00.030 --> 00:33:01.020

Town of Parish: Just started because.

246

00:33:04.500 --> 00:33:07.620

Town of Parish: I started working on a document in 1964 here.

247

00:33:09.450 --> 00:33:15.630

Town of Parish: And I can name every supervisor highway superintendent we had every supervisor yet.

248

00:33:17.790 --> 00:33:21.870

Town of Parish: They always left it up to the highway superintendent to.

249

00:33:23.340 --> 00:33:26.010

Town of Parish: find out what Roche, to be done first.

250

00:33:28.620 --> 00:33:36.420

Town of Parish: which you had to go by what the budget, how much money we had right that's the way it was always done in every board always work with the highway.

251

00:33:37.020 --> 00:33:54.450

Town of Parish: I mean, yes, it might be some discussion I want while you should do my road first well the highway superintendent is the guy that really determines which roads don't worry don't tread on me either agree, because I know I disagree, when I am working copy this week.

252

00:33:56.880 --> 00:34:06.510

Town of Parish: Well, your son your desire which I take my wrote this book does first i'm not gonna make your name I think my road to be done before to grow right.

253

00:34:08.250 --> 00:34:08.340

I.

254

00:34:09.480 --> 00:34:28.140

Town of Parish: don't talk to me about I am i'm just a town board Council member come to the town board and tell him right if you're not satisfied it's all like it daya okay so Okay, so if there's any questions on this.

255

00:34:29.790 --> 00:34:40.740

Town of Parish: call me up, we will hold a special meeting if someone's really upset about things, and nobody you know yeah because it'll be tomorrow, I know people are going to talk to other people and.

256

00:34:41.820 --> 00:34:55.260

Town of Parish: get a little bit of something ago so it's really a simple thing it didn't really it sound more complex than it is we're can do things in here like I said forget about the open agreement will work on it for next year right.

257

00:34:57.390 --> 00:35:04.560

Town of Parish: The thing is, is just moving these numbers, due to the fact of the rising costs and stuff like you said it holds me liable i'm not going to be live.

258

00:35:05.250 --> 00:35:11.820

Town of Parish: Data like I said, if you have to only do two miles and you're supposed to do, then that's all you're gonna do i'm sorry that's where the money and.

259

00:35:13.470 --> 00:35:14.580

Town of Parish: It has to be part of that agree.

260

00:35:15.930 --> 00:35:19.560

Town of Parish: that's all I mean you can always shorten that agreement, because you couldn't get there, because it costs.

261

00:35:19.950 --> 00:35:28.170

Town of Parish: yeah, but it still has to be right, when we have to have that in writing that's right and we can agree to that, after you cut it short, you know if you're going to do rolodex like.

262

00:35:29.160 --> 00:35:36.750

Town of Parish: five miles are going from 1.6 to one mile ready to keep it at the same amount of money, we have to like I said i'll show you what right yeah.

263

00:35:37.170 --> 00:35:52.230

Town of Parish: everybody else will see it, and you know it's simple when I it and, like I said, if anybody has any problems call me up and then we will have a special meeting and discussing sounds like the perfect plan to be all right okay next I got a whole list here so i'm.

264

00:35:55.020 --> 00:36:04.110

Town of Parish: Here okay we've got 2009 pick up that we use down there and I don't know if you're familiar with it white truck with a utility box on it.

265

00:36:06.660 --> 00:36:23.910

Town of Parish: That truck needs \$5,000 worth of repair wow the truck is only worth three felt would be paid for the job that I couldn't tell you that was before my time I should know, but even I can remember that another say it's well, that being said.

266

00:36:25.530 --> 00:36:35.520

Town of Parish: Well that's The other thing, so we want to go there before i'm done with some things i've got going on here and i'm assessing a lot of things i've only been there, six months.

267

00:36:36.810 --> 00:36:39.930

Town of Parish: To a lot of this stuff has been snowballing for years prior.

268

00:36:41.010 --> 00:36:46.260

Town of Parish: Corrupt you know we're in our roads in bad shape and the tunnel compared to the other towns, but we're not going to look at.

269

00:36:47.550 --> 00:36:53.820

Town of Parish: It so a lot of this has been snowball now blaming the board down linemen the superintendent i'm just saying that whatever.

270

00:36:55.530 --> 00:36:59.100

Town of Parish: So anyways this truck it's got 170 5000 miles on.

271

00:37:02.850 --> 00:37:07.650

Town of Parish: It we use it, but we don't drive it from the town bar but minimal.

272

00:37:08.760 --> 00:37:14.220

Town of Parish: And it's been this way for to just after the last board meeting so that being said, we've been driving the truck that is supposed to be driving.

273

00:37:14.940 --> 00:37:27.960

Town of Parish: That truck also needs about 20 \$500 between dyer's in front tires your shot there about 1200 dollar for new set of data is that true that truck is a 2017 a 350.

274

00:37:30.030 --> 00:37:34.140

Town of Parish: With That being said, as long as we're on all of this at 90,000 miles on.

275

00:37:35.340 --> 00:37:38.100

Town of Parish: All the other towns around once again.

276

00:37:39.390 --> 00:37:43.560

Town of Parish: They trade these trucks in at three years.

277

00:37:44.970 --> 00:38:00.540

Town of Parish: And three years we buy them on a State did we buy a cheap enough that it three years we trade that truck in it is far cheaper we get it back out of it is cheaper than trying to maintain their truck dumped shaky Does he know what i'm talking about I know all about it's a personal level.

278

00:38:01.770 --> 00:38:15.270

Town of Parish: And it's even better for loss, we should be take these trucks in every three years that'd be upset when we get ready to do this, it may be advantageous to keep that truck rather than trading because it's got so many miles now to replace the waiter.

279

00:38:16.980 --> 00:38:26.820

Town of Parish: So that along those lines, all I got like Nick can you put all this stuff into writing.

280

00:38:28.020 --> 00:38:43.170

Town of Parish: so that we know exactly what you're looking for absolutely get i'm just prepare basically preparing the board tonight for what what's coming up it we are we're in a rush right now um why we're else up.

281

00:38:48.360 --> 00:38:50.970

Town of Parish: The loader 2013 case loader.

282

00:38:53.370 --> 00:39:03.150

Town of Parish: To replace that loader with our trade is going to cost the town approximately \$200,000 and needs to be done, that should have been replaced that years ago.

283

00:39:04.230 --> 00:39:14.130

Town of Parish: And that is a piece of equipment that needs to be replaced every few years the other thing i'm looking into on that this stuff that i'm getting together is.

284

00:39:15.240 --> 00:39:15.990

Town of Parish: ELISE again.

285

00:39:17.250 --> 00:39:20.940

Town of Parish: least program you get a new one every three years you don't have to worry about it right now.

286

00:39:22.230 --> 00:39:31.830

Town of Parish: We just put approximately 60 \$500 worth of tires on it, it was an emergency, we shoved a soldier one we had no choice to tigers look like introduced the rewards are bad.

287

00:39:32.880 --> 00:39:40.980

Town of Parish: And it should we should well, you see a Gary that Doug I seen it on tires when we've just gone through that's how bad the arm.

288

00:39:41.850 --> 00:39:49.080

Town of Parish: So, which were dead in the water, that is the most peaceful planet, the Donna parish homes, we were dead without that thing.

289

00:39:49.590 --> 00:40:10.380

Town of Parish: It wasn't worth it got repaired, but, that being said, we had to repair the wheels on the wheels on that machine are 25 to 20 \$800 a piece, if you can find them, we could find them, then you can find us, we had to make do with what we had don't go well, the dual credit.

290

00:40:11.400 --> 00:40:18.330

Town of Parish: Repair we've got one is still see open air, we have to air it off every two three days we can't even find the weeds they're not available.

291

00:40:20.670 --> 00:40:25.500

Town of Parish: Once again, like you say this word every other towns around the three years they got it.

292

00:40:26.970 --> 00:40:38.850

Town of Parish: This is what other towns do Yes, this is what the other dogs are doing three years because part of the problem with a loader is once again she was she was piece of equipment, secondly it's in the salt all the time to teach them up once again.

293

00:40:39.450 --> 00:40:50.070

Town of Parish: my fingers to you because you understand you know Robin might not understand other board members might not or people, the only other question I would have without his equipment can be you know be on time.

294

00:40:51.240 --> 00:40:52.680

Town of Parish: i'd like a copy of see what.

295

00:40:53.730 --> 00:41:03.750

Town of Parish: PM system that's town has in place for their equipment as there should be a preventative preventative maintenance program which which state is.

296

00:41:04.170 --> 00:41:10.050

Town of Parish: Military has everybody that I would have to look into it, I just don't like the hour to type out there well you know what I mean to.

297

00:41:10.920 --> 00:41:19.110

Town of Parish: Greece and every time we use it because I totally get what I found a virus on the seven stages, the PM system, and there should be one implemented in the town that.

298

00:41:20.700 --> 00:41:30.600

Town of Parish: I have not seen one myself like I said i'm a recent every time that they leave tomorrow right that, while this change by the most a lot of this stuff is done.

299

00:41:31.830 --> 00:41:43.410

Town of Parish: Through case through where it came from due to the fact of warranties and there's a lot of stuff that's being included one when our victims are computerized we can't work right.

300

00:41:45.060 --> 00:41:53.970

Town of Parish: Like we have Bam sees me once a year, we get to pmc because it's every single filter and i've had a chance to parent some of this is done in long.

301

00:41:54.570 --> 00:42:02.460

Town of Parish: beach or inspections you write him up things that you might see are going bad no, you know what I mean DMA oil changes and fill those gaps in Greece.

302

00:42:02.790 --> 00:42:11.400

Town of Parish: You know I mean just things that this is what it is i'm like okay it's it's do first dmv is doing for us to PNC up you know and i'm going to i'm going to.

303

00:42:12.810 --> 00:42:20.910

Town of Parish: This element taught me a long time ago, when I got into the construction trade well in Greece is way cheaper than metal well yeah you replace the oil the.

304

00:42:22.410 --> 00:42:26.490

Town of Parish: Last you a long time everything owners trump's whenever everything everything.

305

00:42:26.940 --> 00:42:37.290

Town of Parish: But anyway, it's just we this water is really the next piece of equipment, we need to push it isn't rough shape, we need to get it something before before we lose.

306

00:42:38.040 --> 00:42:45.450

Town of Parish: People you see what i'm saying I didn't want to put tires on it, even though they look like introduced, knowing that it needed to be replaced but that's what happened.

307

00:42:48.720 --> 00:42:59.970

Town of Parish: And like I said once again back to the pickup the 2017 that guys are using I am driving my own vehicle on my own gas my own dollar I have not checked the time one time one day.

308

00:43:00.990 --> 00:43:02.670

Town of Parish: Last month and a half for using my own via.

309

00:43:04.590 --> 00:43:08.910

Town of Parish: i'm supposed to be driving mantra the guys are using it because we don't have anything more for you.

310

00:43:12.330 --> 00:43:15.270

Town of Parish: So I will prepare a little better than.

311

00:43:16.620 --> 00:43:30.330

Town of Parish: This is snowball than a verbal thing i'll have something written, but it has been snowballing and i've only been there, six months i've been gathering information learning office not realizing how bad a shape everything was it.

312

00:43:31.980 --> 00:43:48.450

Town of Parish: So unfortunately um we've let things go in the town of parish over many, many years and now we're we're gonna have to buy all we're paying now we're paying um well used to be driving to it used to be the theory.

313

00:43:49.890 --> 00:44:02.580

Town of Parish: yeah I learned this a long time, the first where is the best where yeah yeah you buy a vehicle the first word is the best, and this is something that ain't gonna be able to be we're not gonna be able to qualify.

314

00:44:06.750 --> 00:44:16.800

Town of Parish: The Board needs to start planning consideration y'all take into consideration and thinking about financing and so forth, because we are in that that she poured some.

315

00:44:18.300 --> 00:44:23.340

Town of Parish: accounts or whatever, and on top of every call that we.

316

00:44:24.570 --> 00:44:36.540

Town of Parish: Like you, and I discussed before you can even get a drop by is a lot of things out there you're at yet yeah um and the prices, just when astronomical in the last year and a half year.

317

00:44:36.870 --> 00:44:41.220

Town of Parish: or last month you saying 20 550 sounds like a lot of money, but it's.

318

00:44:41.670 --> 00:44:51.630

Town of Parish: not really that he didn't realize you're not going to replace said I like I said that truck it's been too long to do through your plan on what it would be a good truck to replace the 2008 nine right and buy a new one.

319

00:44:52.110 --> 00:45:00.360

Town of Parish: Right do I want a new one and one, no one in that one down line and that's what a lot of the other towns do rather than do the three year everything they actually buy one every three.

320

00:45:00.720 --> 00:45:08.700

Town of Parish: new ones are getting their personnel carriers today for doors, and that is where that's where I think the township be eventually instead of.

321

00:45:09.360 --> 00:45:18.180

Town of Parish: pickups that we have just a single gap, they should be a double dip for our doors it's we got you're not driving the dump truck to fall it to go to do the work it should be a one.

322

00:45:18.780 --> 00:45:32.760

Town of Parish: This one with the utility box realistically should be a four door, this is what in all the nouns that just didn't swig of bouncing around you get time with a dump X and you can buy a cheap and you can pick up the plow on the front end for doors so in a.

323

00:45:34.110 --> 00:45:38.700

Town of Parish: box and so when you're doing small repairs you're not taking a great big hammer brush and stuff like that yeah.

324

00:45:39.300 --> 00:45:49.320

Town of Parish: Absolutely so that's that's that's where i'm at with what I got going on i'm just preparing everybody that you know tell me we've got a lot of washed up stuff down there and i've been assessing this.

325

00:45:49.950 --> 00:46:00.120

Town of Parish: Since I got there but it wasn't something I can assess overnight and to see how it works what where we went with it see what i'm saying oh it wasn't like I was handed and then we'll take this is where all this.

326

00:46:01.260 --> 00:46:01.620

Town of Parish: Time.

327

00:46:02.790 --> 00:46:07.740

Town of Parish: trying to get that new a new dump right yeah cloud, and that is that is Jim debate.

328

00:46:11.070 --> 00:46:20.070

Town of Parish: Yes, um as far as the one goes it's supposed to be coming sometime soon don't know when i'm going to space they told me in the fall.

329

00:46:21.000 --> 00:46:38.670

Town of Parish: fall October big everything is in, we are waiting for Cassandra I mean emailed her last week with all our stop almost all the things we just did she just emailed me two days ago and said she will look at it, let me know she needs.

330

00:46:40.350 --> 00:46:40.650

Town of Parish: And you're.

331

00:46:41.730 --> 00:46:45.420

Town of Parish: going to do a truck inspection before received, yes, we go on.

332

00:46:46.800 --> 00:46:52.320

Town of Parish: After I can tell you a whole lot about this new stuff well we're looking at it see what the screws are falling out of it that's really.

333

00:46:52.680 --> 00:47:03.030

Town of Parish: Well, if you need some assistance, I mean I do talk in special kind of staying up to Henderson at Viking and yeah yeah international stadium stuff on the TRIPS before.

334

00:47:03.750 --> 00:47:10.470

Town of Parish: I am going to be good, I actually have the guys are going to be running that trucker order to that it also they know what they need.

335

00:47:11.130 --> 00:47:22.170

Town of Parish: More than you or I know a lot of ways, just simple little things I mean yeah there's things and I get overwhelmed you'll see if there's things that you can overlook I would see So yes, I will get with you to go with it when we do that.

336

00:47:24.240 --> 00:47:31.500

Town of Parish: that's still coming supposedly hopefully everything works out so damn it is only July, and you know how these things work.

337

00:47:32.490 --> 00:47:39.810

Town of Parish: it'll probably yeah who knows who knows what like like there is that they had to cancel get rid of some of those because you don't get down to this year.

338

00:47:40.770 --> 00:47:50.220

Town of Parish: Every state has been canceled on their trust see what i'm saying this, some international so a bunch of amount of our hopefully we get ours, yes that'd be great I.

339

00:47:51.090 --> 00:48:04.230

Town of Parish: feel brown one good thing what we've got we can get by with it we don't get it all it's not like like the loader they could go down and put us in a bad spot they have something we really need that goes down in the wintertime well we can't load salted spam or junk.

340

00:48:05.250 --> 00:48:05.490

So.

341

00:48:08.100 --> 00:48:13.710

Town of Parish: Anything else from George that anybody would like to discuss on highway items, now that he gave us all the bad news.

342

00:48:15.390 --> 00:48:28.590

Town of Parish: it's being mentioned a couple more times i'm doing harper funds, and I will arrive fer fer either beers that's really not me, but it has a knowing and highly put the soul that.

343

00:48:29.550 --> 00:48:38.160

Town of Parish: county morning agreement, I can take care of some of this while george's here we'll just jump down a little bit um Can you see George.

344

00:48:39.840 --> 00:48:44.520

Town of Parish: George is that all week trying to get this agreement straightened out that the.

345

00:48:46.740 --> 00:48:56.760

Town of Parish: i'm not we're not the only time they finally signed it gave us a raised in the amount so it's \$400 we're just waiting for an official agreement i've got about three of them that were.

346

00:48:57.750 --> 00:49:04.350

Town of Parish: horrible but how many pages of you that game blight it's all 10 and they're all like an agreement.

347

00:49:05.190 --> 00:49:10.350

Town of Parish: To be three times I mean they're not totally blank there's just missing wording and they give you like this.

348

00:49:11.190 --> 00:49:23.880

Town of Parish: One that they give every time, but the blanks aren't filled in another yes that's a big you know so so i've been on we're working on that, let me get back on this is the equipment to while George is still here we're going to jump a little bit here i'm.

349

00:49:25.170 --> 00:49:34.830

Town of Parish: The highway equipment soul George correct yes one just to drop just the truck One the one that you called scrap correct, yes, we had was.

350

00:49:35.250 --> 00:49:41.970

Town of Parish: Okay yeah sort of professionally going to get it, but they accepted it, they accepted it, and you turn down the bid on one.

351

00:49:42.720 --> 00:49:52.710

Town of Parish: down on the I turn the bid on everything, and only thing it's always one right and what I wrote this discussion on future items he's going to reapply these in the future.

352

00:49:53.430 --> 00:50:01.380

Town of Parish: But what I told him is is that to me, we made a mistake and just gave him free rein and there's nothing wrong with free rein.

353

00:50:01.860 --> 00:50:10.440

Town of Parish: But if that four wheel drive truck if we decide is of town board that it's worth \$20,000 and he lets it go for six.

354

00:50:10.920 --> 00:50:17.880

Town of Parish: I think we're in trouble we didn't put any minimums on any of that stuff so in the future when anything goes out to bed what I like to do.

355

00:50:18.450 --> 00:50:30.960

Town of Parish: We should sit down as a town board and decide that minimum so that it doesn't just you know because George may say, I just want to get out of the garage were six grand were like effort will drive truck could be worth 10 here you just been out with a reserved and that's.

356

00:50:32.250 --> 00:50:37.290

Town of Parish: We we as a town board would set that reserve with discussion with George.

357

00:50:40.050 --> 00:50:55.290

Town of Parish: we've got that up and running, there was on that list several things to go so we'll some different things, there is a valley scraper down there you and I spoke up that it is junk the only reason I put it up for auction was hoping somebody else had one like the goose.

358

00:50:56.880 --> 00:51:00.960

Town of Parish: That ain't gonna happen or what have happened that really probably will should go.

359

00:51:02.250 --> 00:51:02.370

Town of Parish: To.

360

00:51:03.450 --> 00:51:06.900

Town of Parish: addictive strap, why do you do whatever you get bored fields that live.

361

00:51:09.600 --> 00:51:16.350

Town of Parish: On whatsapp yeah imagine that well you got you can take it home what are on your journey is light green.

362

00:51:18.060 --> 00:51:20.850

Town of Parish: So George when we run out of these other items in the fall.

363

00:51:21.870 --> 00:51:38.460

Town of Parish: Could we just put that scraper in there, then, and if it doesn't go, then we scrap it is a job, your job, I hope, somebody needed a couple of teeth often it would pick up crisis not going to ask her What about the last lecture it's anybody that ever evolving.

364

00:51:42.240 --> 00:51:52.500

Town of Parish: They just want to go well let's let's wait a month, because if somebody if all of a sudden, we see yes tonight and.

365

00:51:53.070 --> 00:52:00.150

Town of Parish: Somebody telling resident comes to me and says hey Jim, why did you just scrap that at least, it will give us a month to.

366

00:52:00.990 --> 00:52:11.160

Town of Parish: throw it out there, so if anybody knows now they're going to see it, you know you're gonna watch it and then to be a little more informed, instead of just saying junk well it's truly like don't check it.

367

00:52:12.780 --> 00:52:19.890

Town of Parish: But it's not gonna hurt sitting there for another month is what i'm saying no everybody in agreement with that we're just gonna know not eat any.

368

00:52:21.060 --> 00:52:23.340

Right, you can mention it.

369

00:52:24.540 --> 00:52:25.680

Town of Parish: That, for me, you know.

370

00:52:28.590 --> 00:52:30.000

Town of Parish: throw it away correct, we can do that.

371

00:52:32.040 --> 00:52:33.600

Town of Parish: Alright alright.

372

00:52:34.770 --> 00:52:44.820

Town of Parish: Possible J, because in part of our five minutes one of some of the money that we want to spend is amazing authors, the towel bars great and I wanted your feedback on what.

373

00:52:45.390 --> 00:52:52.680

Town of Parish: Parts of the talent bar works there the number one thing that needs to happen in that bar is a real fast to be fixed yeah.

374

00:52:53.490 --> 00:52:59.910

Town of Parish: it's a number one thing I know we've spoke of the furnace and different things, I spoke to the first fellow the last time we worked on.

375

00:53:00.600 --> 00:53:07.560

Town of Parish: He says that it is not, and then, can you just asked to replace that first yeah not that it shouldn't be because it's all.

376

00:53:07.920 --> 00:53:19.530

Town of Parish: But we have other things that are more important, such as the roof, such as the high beams it structurally hold that building up those are the two most important things that need to be repaired first he says that the.

377

00:53:20.760 --> 00:53:27.870

Town of Parish: furnace ever replace it with a new heat efficiency furnace it's going to take 25 to 30 years to recruit to differentiate.

378

00:53:30.540 --> 00:53:30.990

Town of Parish: The building.

379

00:53:32.550 --> 00:53:33.120

Town of Parish: Is not.

380

00:53:36.420 --> 00:53:37.320

Town of Parish: Amsterdam sorry.

381

00:53:37.590 --> 00:53:38.070

So.

382

00:53:41.460 --> 00:53:43.260

iPhone: We agreed that the.

383

00:53:43.410 --> 00:53:49.740

Town of Parish: trough issue, you can have I can handle the truck with that being tapped to be fixed version something wrong with.

384

00:53:51.360 --> 00:53:52.320

Town of Parish: You look at the bottom up.

385

00:53:55.410 --> 00:54:01.230

Town of Parish: let's have our building inspector with Doug and i'm not trying to be like go for it, but then you're off.

386

00:54:03.870 --> 00:54:08.430

Town of Parish: The bag The thing is, you gotta wait for the bus catch up.

387

00:54:09.600 --> 00:54:11.250

Town of Parish: We don't have the money, right now.

388

00:54:12.750 --> 00:54:19.800

Town of Parish: If we were going to hold off on one thing, it would be the draw have to be they might, in my opinion they hold the bill will never.

389

00:54:20.820 --> 00:54:33.330

Town of Parish: know if that's just my opinion, the roof, we, the roof in rebuilding took the roof is out to bid as we speak loudly put to bed out to it went in this county weeklies and I went in the Queen central.

390

00:54:34.590 --> 00:54:45.840

Town of Parish: And once again and I spoke with this in the past, you really should look into find out what we got to do, and I know as a time pretty sure as a talent, we can, is it should be go to the what they call the dodgers.

391

00:54:46.890 --> 00:54:55.800

Town of Parish: Now report goes to every construction company that long so which is 99% of New York state from what I actually I talked to one outfit already.

392

00:54:57.210 --> 00:55:03.630

Town of Parish: They didn't have enough information and, I think, maybe we have to.

393

00:55:05.460 --> 00:55:06.810
Town of Parish: Put a paper again.

394
00:55:08.580 --> 00:55:11.250
Town of Parish: And let that be known because.

395
00:55:12.480 --> 00:55:24.540
Town of Parish: All the specs and everything in that building in the newspaper that they have a man Brian they're going to have to get here and look at so absolutely what what at least expect, we expect time.

396
00:55:26.940 --> 00:55:48.210
Town of Parish: For what little there are I don't know what was advertised as the first time I am I wish Kelly was here she would be able to confirm, she put the same thing as the last time I believe, yes, so and we got bids last time well we're supposed to.

397
00:55:49.530 --> 00:55:53.490
Town of Parish: I don't know when the business wants to be in like maybe today.

398
00:55:54.570 --> 00:56:01.650
Town of Parish: Very important place you're talking about what's at the place very large report it's called construction 90% of.

399
00:56:02.820 --> 00:56:04.770
Town of Parish: You reading a little bit about that report, Sonia.

400
00:56:06.030 --> 00:56:12.300
Town of Parish: visit your office Okay, but anyway, when they put a bit out for a job that is where all the construction companies, you know that's where they bid from.

401
00:56:13.530 --> 00:56:15.570
Town of Parish: Is an entity.

402
00:56:21.090 --> 00:56:32.460
Town of Parish: Every building municipalities factories anything out there, so it's I don't get picked my work, I can't say for sure if the disability as to.

403
00:56:33.240 --> 00:56:44.400

Town of Parish: pay for that it is a thing, and maybe nobody there's putting it up for bid does the town or construction company paid that be able to be part of this gotcha.

404

00:56:44.700 --> 00:56:51.870

Town of Parish: So I might be able to put it in there for free they're paying their birthday, yes, yes, they pay to be able to bid on everything that's out there.

405

00:56:52.860 --> 00:57:01.140

Town of Parish: And again that's where they get their work drop it isn't going to look at the big construction companies, as opposed to Tom Paris call or Joe vocals or grammar problems beans or.

406

00:57:02.010 --> 00:57:16.140

Town of Parish: Ford motor company they got it off the BAT that's where all the construction companies around yes, Sir excuse the big bridges they're tearing down and that'll all be on the we build our sewer plant down here here's a goal that was on the dashboard.

Town of Parish: committee reports.

451

01:01:53.430 --> 01:01:59.640

Town of Parish: 28 at Merrill parts that people have met with myself Gary and jack.

452

01:02:01.500 --> 01:02:03.960

Town of Parish: Absolutely shelly Clark, the committee.

453

01:02:05.340 --> 01:02:15.930

Town of Parish: On the trail and looked at the bathrooms at the tennis basketball courts our current recommendations for the purple funds are as follows, for the park.

454

01:02:16.590 --> 01:02:30.090

Town of Parish: He thought bathrooms were needed prepare to move from the regular lights to LED lights, all the way around a few the lights need replacement ball field lights additive courts area in regards to.

455

01:02:31.200 --> 01:02:36.750

Town of Parish: The particle and the courts natural place them the to resurface thumb.

456

01:02:37.770 --> 01:02:44.490

Town of Parish: We thought soccer goals might be a good idea, and even adding still cookers near the covered picnic table area.

457

01:02:45.570 --> 01:02:54.810

Town of Parish: Perhaps adding a box and playground filled with rubber bullets and added also three and four, below which i'll get to.

458

01:02:55.830 --> 01:02:58.950

Town of Parish: Another thing with the arpu funds you'd like to find.

459

01:03:00.600 --> 01:03:17.010

Town of Parish: Plus, with some grant money sound videos system for the meeting area import area that would be here them back to the park security lights and cameras for Merrill park and on that note I did hear back from representative from.

460

01:03:18.150 --> 01:03:18.870

Town of Parish: spectrum.

461

01:03:20.100 --> 01:03:34.260

Town of Parish: She and I spoke again, then they send somebody out to Maryland park to check it out and i'm awaiting still feedback from that

most recent visit from us back from that was last week I got a call from the guy oh.

462

01:03:37.290 --> 01:03:48.390

Town of Parish: We also talked a little bit about wouldn't it be possible to put a new town building under park that we already owned property re emphasizing how nice that would be.

463

01:03:49.560 --> 01:03:55.050

Town of Parish: A permanent Christmas tree planted in small part in the village and then of course the talent barn.

464

01:03:56.280 --> 01:04:06.540

Town of Parish: And I want add it up my my report here that wanted feedback from George but about the roof, the drains the oil or doors and ideas.

465

01:04:09.330 --> 01:04:14.400

Town of Parish: Okay, so you guys have been busy um I see you don't have a loader on there at all, do you.

466

01:04:16.260 --> 01:04:28.200

Town of Parish: do not have a loader okay um and I appreciate all your all your hard work um there's a lot here there is and it's a great wish list.

467

01:04:28.830 --> 01:04:46.290

Town of Parish: um you guys put some thought into it, some of these things we could almost do tomorrow, such as the permanent Christmas tree tree, I mean you just there's probably 100 bucks sitting around that we could find to do that that should be a single somebody's willing to donate.

468

01:04:48.450 --> 01:05:05.190

Town of Parish: Correct so some of these are great um, the problem is going to be how we implement them and how much money we have for each one of these, remember, we only got one check for 103,000 we should be getting another check for 103,000 which equals 206 of our funds.

469

01:05:06.660 --> 01:05:14.640

Town of Parish: With that grant that we are currently working on that is due to be placed in by the end of this month that's you know we're looking at doing the.

470

01:05:15.870 --> 01:05:16.410

Town of Parish: pavement.

471

01:05:17.730 --> 01:05:28.800

Town of Parish: To repaved the park on the surface similar between resurfacing repaving resurfacing two inches is what was if i'm correct and remembering.

472

01:05:29.940 --> 01:05:30.870

Town of Parish: What was suggested.

473

01:05:33.420 --> 01:05:36.630

Town of Parish: And that was going to be \$75 not including fence were.

474

01:05:38.970 --> 01:05:54.540

Town of Parish: Registered fence, other than taking down the section my jack and I were looking at thunder maybe get some equipment goes here the fences solid and just might need some spraying painting what you might do before you resurface but.

475

01:05:56.010 --> 01:05:58.950

Town of Parish: The fence itself is a good, solid shape right jack.

476

01:06:01.230 --> 01:06:10.500

Town of Parish: So, like I said that's that's we got all these ideas now it's just the hard part is going to be to implement them and carry them forward.

477

01:06:11.250 --> 01:06:22.230

Town of Parish: Over the amount of time let's you know I said with this \$30,000 grant if we don't get the grant and we need a lower price personally my own opinion right.

478

01:06:24.180 --> 01:06:38.280

Town of Parish: off the get go, I mean i'd love to do something in the park, but if we need a loader, we need a loader um so we can use our money for the loader under 1000 grams for what for for repaving that's what we're attempting to get as a grant.

479

01:06:39.660 --> 01:06:42.570

Town of Parish: To assist so that we can take some.

480

01:06:44.880 --> 01:06:45.240

Town of Parish: money.

481

01:06:46.470 --> 01:06:49.320

Town of Parish: You know from our budget saw me from veterans.

482

01:06:50.820 --> 01:06:51.660

veterans are.

483

01:06:55.560 --> 01:06:58.500

Town of Parish: Where the cannon balls are right cannonballs or it yep.

484

01:07:00.390 --> 01:07:00.510

He.

485

01:07:04.320 --> 01:07:05.760

said lady.

486

01:07:07.050 --> 01:07:11.250

Town of Parish: That was noted last year, your current committee.

487

01:07:12.630 --> 01:07:15.180

Trying to replace your way.

488

01:07:23.520 --> 01:07:27.840

Town of Parish: home, I have a bunch of i'm going to donate and.

489

01:07:29.910 --> 01:07:31.770

Town of Parish: i'm going to try and three.

490

01:07:35.430 --> 01:07:37.260

Town of Parish: Letters here we go.

491

01:07:38.370 --> 01:07:39.480

Town of Parish: we're gonna drink.

492

01:07:41.190 --> 01:07:41.460

Town of Parish: Some.

493

01:07:44.790 --> 01:07:45.510

Town of Parish: thanksgiving dinner.

494

01:07:49.440 --> 01:07:53.310

Town of Parish: The offer or delete something that we as well yeah.

495

01:07:54.690 --> 01:08:11.820

Town of Parish: I, I have three or three extension cords that they left behind, and there are probably five or six threat strands of light they gotta be torn on the more have been overwhelmed it's just got to get rid of the tree is girl so much.

496

01:08:14.850 --> 01:08:19.200

Town of Parish: But I don't know what your current people are doing so.

497

01:08:20.280 --> 01:08:25.950

Town of Parish: If they can't handle it, then we should get some volunteers became.

498

01:08:28.080 --> 01:08:35.730

Town of Parish: Usually, a work for looks pretty good, well, I can tell you I don't know if carp is still or carp um.

499

01:08:37.080 --> 01:08:45.660

Town of Parish: With That being said, i've been dealing with Shannon masters on this old home day she's really good.

500

01:08:46.200 --> 01:08:56.040

Town of Parish: she's got all kinds of visions and trying to make cold home day good and i'm sure that she will continue to carry that into the you know holiday season and.

501

01:08:56.490 --> 01:09:05.580

Town of Parish: i'm sure we can between now and then we can discuss that after whole old one day and I get some you know some veterans Christmas tree that was but they're.

502

01:09:06.750 --> 01:09:13.230

Town of Parish: Not Christmas trees in the park in veterans park I just take it because I.

503

01:09:14.610 --> 01:09:15.270

Town of Parish: mentioned at the.

504

01:09:17.010 --> 01:09:24.420

Town of Parish: Bottom there's really what they call can feel Park, no, no, it comes from, I am OK OK.

505

01:09:26.040 --> 01:09:29.790

Town of Parish: Lead garmo originally donated tree.

506

01:09:31.320 --> 01:09:34.860

Town of Parish: And it got up there 1516 feet.

507

01:09:36.900 --> 01:09:38.580

Town of Parish: This other one was pulling in.

508

01:09:39.600 --> 01:09:39.960

Town of Parish: Please.

509

01:09:43.320 --> 01:09:43.710

Town of Parish: Be.

510

01:09:48.600 --> 01:09:51.630

Town of Parish: Sure, to leave caramels tree so.

511

01:09:53.280 --> 01:09:55.470

Town of Parish: I have a bar we're.

512

01:09:56.580 --> 01:09:58.230

Town of Parish: Free Google treat.

513

01:10:00.420 --> 01:10:00.840

trisha.

514

01:10:03.810 --> 01:10:20.160

Town of Parish: Subject to change so many of these items on the arpa lists etc are really good I just don't know where to drive this machine now like there's no monies attached to them as far as our monies.

515

01:10:21.270 --> 01:10:35.760

Town of Parish: We have to decide as a board like this has always been one of the biggest problems in every town is how many words yeah same exact that well, one of the things that you went through with our events is that right, no.

516

01:10:36.930 --> 01:10:37.380

speak.

517

01:10:38.970 --> 01:10:40.590
Town of Parish: With belden he wants.

518
01:10:45.840 --> 01:10:50.700
Town of Parish: To repaint the building the back part of it and replace events.

519
01:10:52.080 --> 01:10:55.410
Town of Parish: The bathrooms are what they are they're not.

520
01:10:57.330 --> 01:11:03.240
Town of Parish: paying for now of course you don't need replacing yeah well one day Program.

521
01:11:05.940 --> 01:11:07.170
Once Bradley multiple.

522
01:11:08.430 --> 01:11:16.260
Town of Parish: So so we're right back into the middle part committee report well just I didn't think we know there.

523
01:11:17.310 --> 01:11:25.530
Town of Parish: are still harbor so they're all kind of combined, which is okay perfect so in order to go forward anything that needs to make a motion.

524
01:11:26.550 --> 01:11:33.690
Town of Parish: it's taken get \$500 for paint to paint this make a motion to approve it, so that.

525
01:11:34.860 --> 01:11:45.540
Town of Parish: let's Sue me advisory already issue, it was yeah or you know i'm saying yeah and we need to move forward, but then you have to budget for it, and maybe the next year.

526
01:11:47.400 --> 01:11:49.770
Town of Parish: which seems to be the problem.

527
01:11:51.000 --> 01:11:51.990
Everything we do.

528
01:11:53.550 --> 01:12:01.410

Town of Parish: We don't have money right and that's the thing the thing we haven't got the money well the deal, the only question I have with repeating that building.

529

01:12:02.460 --> 01:12:10.950

Town of Parish: Is if we repaint it and we don't have security, then it becomes graffiti again and we're wasting money yeah it.

530

01:12:11.640 --> 01:12:20.220

Town of Parish: If it's not being secured properly so most of the improvements in the park or on hold until has a security system so.

531

01:12:20.730 --> 01:12:30.600

Town of Parish: Once we find out what kind of security system, we can get that we need to make emotion I just met and get that working I before we do any improvement, I believe, so yeah and.

532

01:12:31.920 --> 01:12:34.200

Town of Parish: It fills against the water it's.

533

01:12:36.270 --> 01:12:53.820

Town of Parish: Okay, we were I talked to the local guy you've met each other and know each cycle, he said it would be very expensive the way they do things, and there are a lot like adt.

534

01:12:55.410 --> 01:12:57.870

Town of Parish: Protecting I did call at.

535

01:12:59.190 --> 01:13:09.300

Town of Parish: Those people out there on what adt had to say and I had your here last month, but adt could come and give a security cameras, but we would need to have.

536

01:13:10.800 --> 01:13:23.910

Town of Parish: Electricity turned on 12 months out of the year, Internet on the property and a and a room a climate controlled room that would maintain the equipment.

537

01:13:32.550 --> 01:13:41.460

Town of Parish: We turn them more have lights, which is on the big leagues it really was a big lake but the LED lights friction there.

538

01:13:42.480 --> 01:13:48.690

Town of Parish: are just make them they come on or off with the well there's a way you can do that, and it was.

539

01:13:50.160 --> 01:13:53.010

Town of Parish: wintertime they don't need to be on like.

540

01:13:54.240 --> 01:13:55.350

Town of Parish: To have a filament can be.

541

01:13:57.900 --> 01:14:09.780

Town of Parish: Just to be a building it just needs to be doing, you know how my double how's the equipment, but to be heated or whatever just it is that you can be right, it just can't be.

542

01:14:11.490 --> 01:14:13.920

Town of Parish: yeah but you only need like.

543

01:14:15.810 --> 01:14:19.980

Town of Parish: A big savings there yeah I mean currently are.

544

01:14:21.300 --> 01:14:21.660

Town of Parish: park.

545

01:14:24.210 --> 01:14:24.840

Town of Parish: city.

546

01:14:26.220 --> 01:14:33.000

Town of Parish: Is it broken down on her and vultures this this month Harvey electricity I don't think so i'd have to look at.

547

01:14:33.900 --> 01:14:49.830

Town of Parish: Spending a ton we're not be much off it's not much now I don't think I would mercury likes, but if you put led says it's not been heard you realize those switches that are gone there's one, at least at least one that stays on all day really.

548

01:14:51.510 --> 01:14:53.760

Town of Parish: And i've mentioned it before yeah.

549

01:14:55.350 --> 01:15:04.920

Town of Parish: And instead of having you know, like a light shining down, you can get the LED lights to light shine out so you don't have to put up more polls to light up every single thing.

550

01:15:06.060 --> 01:15:06.930

Town of Parish: is doing.

551

01:15:16.830 --> 01:15:18.030

Town of Parish: Now you'd be promoters.

552

01:15:19.050 --> 01:15:41.220

Town of Parish: Right just kneel just so we're aware of the an affiliate programs for me oh yeah hello, how are you great ball, we have budgeted \$800 for the parks for electricity for the whole year, so far we have used at the end of June \$187 and 98.

553

01:15:43.230 --> 01:15:45.990

Town of Parish: So, like I said we're not talking hundreds.

554

01:15:47.040 --> 01:15:53.730

Town of Parish: But the thing is true amen right direction, right and that's halfway through the year we were expecting okay.

555

01:15:55.290 --> 01:16:02.670

Town of Parish: there's also if we were ever to be able to get it ready for new lights the lights that for about like fusion.

556

01:16:03.840 --> 01:16:08.910

Town of Parish: You know that they're not setting late to the neighbors it's just right in their exact area.

557

01:16:11.340 --> 01:16:14.040

Town of Parish: How how many legs, are at the park currently.

558

01:16:16.740 --> 01:16:22.770

Town of Parish: For yeah right now with the lights and one of them's busted and just read maybe for.

559

01:16:24.930 --> 01:16:26.670

Town of Parish: Building both.

560

01:16:27.900 --> 01:16:28.950

Town of Parish: The motion sensor.

561

01:16:30.090 --> 01:16:30.540

Town of Parish: alright.

562

01:16:32.010 --> 01:16:32.490

Town of Parish: um.

563

01:16:33.990 --> 01:16:35.940

Town of Parish: There is, there is a grant.

564

01:16:37.920 --> 01:16:42.390

Town of Parish: When you switch over to led I spoke with amanda missoni.

565

01:16:43.830 --> 01:16:46.530

Town of Parish: Oh, two weeks ago um.

566

01:16:47.640 --> 01:16:49.380

Town of Parish: For the village did it to the.

567

01:16:54.930 --> 01:17:10.830

Town of Parish: streetlights led but discussion regarding trying to get a grant but I didn't know if the park would even longer yeah because it's just so small, and we had this discussion and I didn't know a number, how many park bites.

568

01:17:12.030 --> 01:17:16.590

Town of Parish: around their neck think I mentioned, if you want more like.

569

01:17:18.030 --> 01:17:28.260

Town of Parish: Having more lights, that means you would have to have a full set while you're doing ready, you know that's a cost but you got a grant my family once again it's.

570

01:17:29.910 --> 01:17:36.420

Town of Parish: Then again, the cost will make a wish list right our ties.

571

01:17:39.390 --> 01:17:42.480

Town of Parish: It to your grant stuff and work on that.

572

01:17:44.010 --> 01:17:45.300

Town of Parish: So sweet your cell phone.

573

01:17:46.620 --> 01:17:47.310

Town of Parish: Your email.

574

01:17:48.690 --> 01:17:54.810

Town of Parish: You can have heard a lot of things in that hour and a half, two hours Oh yes, the trails are like what is.

575

01:17:56.580 --> 01:17:58.320

Town of Parish: This frisbee game, thank you.

576

01:17:59.580 --> 01:18:02.010

Town of Parish: For safety purposes and really.

577

01:18:03.330 --> 01:18:03.810

Town of Parish: cut off.

578

01:18:04.980 --> 01:18:11.010

Town of Parish: Just one lane and swap out for a long time ago, but everybody enjoyed it.

579

01:18:12.120 --> 01:18:14.760

Town of Parish: enjoyed it the birds are not really.

580

01:18:17.820 --> 01:18:26.190

Town of Parish: used to be three more on the golf course field for shooters all right let's let's.

581

01:18:27.210 --> 01:18:30.090

Town of Parish: Get back somewhere on track the Roi.

582

01:18:32.040 --> 01:18:44.250

Town of Parish: that it was a lot it's just we can have discussions, I already here the system, then lady right, then the payment and stuff and improvements like that, but first you need the first two things security system like.

583

01:18:44.880 --> 01:18:49.650

Town of Parish: Those are the first two main things that we need to catch Turner and the rest of the stuff paul's.

584

01:18:51.360 --> 01:18:55.620

Town of Parish: got a protector you're going to put it right great let's see what the security costs.

585

01:18:59.460 --> 01:19:01.680

Town of Parish: And so we need somebody to really start.

586

01:19:03.840 --> 01:19:17.940

Town of Parish: Hopefully, I can't possibly get something accomplished, you know it's hard to continue to discuss and nothing right, I mean it's nobody's fault but it's just hard to write get moving on anything without.

587

01:19:19.320 --> 01:19:23.100

Town of Parish: At least now we know we need security before we spend any more money in that bar yeah.

588

01:19:25.800 --> 01:19:26.550

Town of Parish: We knew that.

589

01:19:30.150 --> 01:19:32.220

Town of Parish: We can make a motion believe the power on here wrong.

590

01:19:33.450 --> 01:19:36.120

Town of Parish: If you would like to make yeah we can do it once we get the lighting.

591

01:19:37.830 --> 01:19:39.660

Town of Parish: Right well if you can see.

592

01:19:41.760 --> 01:19:45.360

Town of Parish: there's no sense in having like samples might not turn out to where.

593

01:19:48.630 --> 01:19:52.380

Town of Parish: people get in there, get in there and easily was first appeared.

594

01:19:54.030 --> 01:19:54.780

Town of Parish: and need to be lit up.

595

01:19:56.430 --> 01:20:08.730

Town of Parish: I don't 10 it's not going to like I said I mean we have budgeted \$800 right and we've only spent 200 and it's halfway through the year right and I make a motion to leave a power at be around.

596

01:20:10.110 --> 01:20:12.510

Town of Parish: To I have a Mr.

597

01:20:14.010 --> 01:20:21.540

Town of Parish: Gary what is made a motion if the firepower at the park power on all your all your long do I have a second on that.

598

01:20:23.340 --> 01:20:23.790

Town of Parish: Second.

599

01:20:24.870 --> 01:20:36.900

Town of Parish: robbins going to second that can I have some discussion on leaving the park electricity on all year long I think it's premature think it's pretty much should we go find the security stuff for.

600

01:20:38.460 --> 01:20:40.740

Town of Parish: I think it's it's a movement that we need.

601

01:20:43.410 --> 01:21:00.450

Town of Parish: For this now because teacher wait, because we know we're going to be a security system, we know what's gonna have to be into a climate control villain but not mindful enough LED lights and stuff anything so long hours done customer has their own journey and where.

602

01:21:02.790 --> 01:21:04.110

Town of Parish: I think it's not gonna hurt.

603

01:21:05.520 --> 01:21:06.810

Town of Parish: Any other discussion.

604

01:21:08.550 --> 01:21:09.120

Town of Parish: Richard REACH.

605

01:21:10.380 --> 01:21:11.490

Town of Parish: forward tomorrow.

606

01:21:14.070 --> 01:21:15.390

Town of Parish: Good phone number on the white.

607

01:21:18.300 --> 01:21:18.660

Okay.

608

01:21:21.510 --> 01:21:25.890

Town of Parish: Any other discussion on leaving the power on 12 months a year.

609

01:21:27.300 --> 01:21:28.650

Town of Parish: How do you feel on that Richard.

610

01:21:31.890 --> 01:21:35.040

Town of Parish: I, personally, I know I don't think we should but.

611

01:21:36.360 --> 01:21:41.370

Town of Parish: i'm just one person right and so why, why do you feel that we shouldn't.

612

01:21:42.480 --> 01:21:45.930

Town of Parish: Because why what is the use of habit is.

613

01:21:48.810 --> 01:21:51.450

Town of Parish: good to have an order.

614

01:21:52.470 --> 01:21:54.090

And all I say is from the industry.

615

01:21:56.430 --> 01:22:00.180

Town of Parish: Any vandalism and if it's after the snow is.

616

01:22:01.410 --> 01:22:06.600

Town of Parish: Okay, every year and that's because the industry so so that's all I speak.

617

01:22:09.420 --> 01:22:12.390

Town of Parish: I mean i'll go with the flow for the ellie's.

618

01:22:14.160 --> 01:22:29.070

Town of Parish: If you spent \$200 for the year next time try it for your tree if it does any so wait until we get our ladies Oh well, those are really high wattage bulbs over there are.

619

01:22:30.270 --> 01:22:33.540

At least mercury vapor baby yeah.

620

01:22:38.250 --> 01:22:45.990

Town of Parish: Okay, and like I said right now we probably only had it on for two months, maybe, and we use \$200 that they should all year.

621

01:22:46.650 --> 01:23:00.030

Town of Parish: it's \$200 every two months or four months ago my dad sent me probably may right now that i'm thinking I it says all year but I didn't realize that we shut it off so so it's about \$100 tomorrow.

622

01:23:03.810 --> 01:23:06.000

Town of Parish: I just send them another email.

623

01:23:07.980 --> 01:23:12.300

Town of Parish: shift, because it really is not a high use area.

624

01:23:14.940 --> 01:23:15.210

Right.

625

01:23:16.800 --> 01:23:18.000

Town of Parish: Right any.

626

01:23:19.950 --> 01:23:21.030

Town of Parish: Any more discussion.

627

01:23:23.310 --> 01:23:26.850

Town of Parish: I guess we'll have the votes, can I have a roll call vote.

628

01:23:29.670 --> 01:23:30.270

Town of Parish: Yes.

629

01:23:34.260 --> 01:23:36.180

Town of Parish: or no yes.

630

01:23:43.080 --> 01:23:43.530

Town of Parish: No.

631

01:23:45.090 --> 01:23:46.050

Town of Parish: Just because of the history.

632

01:23:49.500 --> 01:24:01.890

Town of Parish: you're gonna sell \$200 for three months already so let's think about with you let's wait and and that that was nice oh that's all i'm saying like let's get a life right so.

633

01:24:03.540 --> 01:24:04.500

Town of Parish: We will move on.

634

01:24:08.280 --> 01:24:15.180

Town of Parish: I think that was our first That was our first to say some folders and then electricity is not America it's overwhelming here.

635

01:24:18.150 --> 01:24:28.800

Town of Parish: Alright, we are going to move on um so we've talked about national park again we'll have a committee report, whatever we've done all the committee reports, we will continue to keep it on the agenda.

636

01:24:29.250 --> 01:24:34.650

Town of Parish: Because there's a lot of discussion going on and just will do it we're going to go on the unfinished business.

637

01:24:35.610 --> 01:24:47.550

Town of Parish: county Mon agreement was talked about the highway and printing was talked about dog enumeration is currently ongoing everybody should have received a green card in the mail type of you did not really.

638

01:24:48.960 --> 01:24:49.260

Town of Parish: I.

639

01:24:51.000 --> 01:25:00.690

Town of Parish: I pay taxes here, but rather I owe the last row oh right they probably only hit the 1313 that's what we were talking about so maybe they don't you know they're not yeah because.

640

01:25:01.770 --> 01:25:11.430

Town of Parish: I know some people live in Mexico right because it's 13131 is their post and that's all these people do is go by the zip code yeah i'm.

641

01:25:12.330 --> 01:25:23.610

Town of Parish: In that same problem over the water but know that he would tell me anything for the writing committee sounds a customer right and so with this dog enumeration, at least if.

642

01:25:24.660 --> 01:25:31.680

Town of Parish: More people get at least we know the areas that won't turn it in i've seen a lot of them come in through Evelyn correct.

643

01:25:34.500 --> 01:25:34.950

one.

644

01:25:39.420 --> 01:25:45.150

Town of Parish: To the one that they don't and that was something different, we did this year was even if you don't own a dog we wanted it to come in.

645

01:25:45.480 --> 01:25:58.350

Town of Parish: Because it stopped Steve or whoever, to go to their house yeah tactically um so we're doing good with that we'll we'll see where it goes when everything gets turned in and and it's got a whole this whole.

646

01:25:59.430 --> 01:25:59.820

Town of Parish: thing.

647

01:26:10.140 --> 01:26:19.680

Town of Parish: So you get those in great because, after the deadline they're going to start in find and camp and we'll deal with it, so, unfortunately, I think.

648

01:26:20.910 --> 01:26:26.940

Town of Parish: Some people might be a little angry, but it's you know it's good for the Community to and it's fair have every dog.

649

01:26:27.330 --> 01:26:36.090

Town of Parish: license which means they have the rabies shot, so if I do get out they don't fight anybody and somebody gets rabies and has to go our Community Members feel safer, you know.

650

01:26:36.750 --> 01:26:47.460

Town of Parish: Even if they do get bit so to license your dog is a good thing, as far as i'm concerned um we will move on to our internal audit um.

651

01:26:48.450 --> 01:26:58.770

Town of Parish: I know that trudy has been working on this and that they ran into some scheduling conflicts last Thursday.

652

01:26:59.640 --> 01:27:16.860

Town of Parish: Somebody leave thursday's whenever whenever whenever it was I just I can't guarantee it can be here before six o'clock right it's very hard with your schedule and hers I think we're going to wait, I still really want to learn how to do this, I think it's important right happy.

653

01:27:17.970 --> 01:27:24.750

Town of Parish: counseling knows how to do right and we will, next year will be another year and we just need to get were already late.

654

01:27:26.190 --> 01:27:31.740

Town of Parish: But I believe she has found somebody else to do it next week, possibly Mr Horton Is that correct.

655

01:27:33.180 --> 01:27:34.200

Town of Parish: Because he's on a good.

656

01:27:35.820 --> 01:27:50.820

Town of Parish: Unfortunately, today, now is busy Tuesday nights with courts she's not in town on Fridays now i'm so it's just a scheduling mess, but we will get there i'm, at least if you guys are going to do.

657

01:27:52.860 --> 01:28:07.470

Town of Parish: The clerk the test collector I need somebody knew I had to know here, I need somebody to work with laird petri because he agreed to do my office in the bookkeeper um so.

658

01:28:08.940 --> 01:28:13.020

Town of Parish: I have two people well that's it I said I need one or one or two counselors.

659

01:28:14.220 --> 01:28:19.710

Town of Parish: i'm i'm happy to do that I know Gary was supposed to So if you guys would.

660

01:28:21.270 --> 01:28:30.720

Town of Parish: need a disaster step one yeah to have a date to be a Thursday I Thursdays, I try to set aside for the town okay.

661

01:28:32.490 --> 01:28:36.270

Town of Parish: So you're talking Thursday six o'clock and i'm for you.

662

01:28:38.070 --> 01:28:52.620

Town of Parish: And is that good for you Okay, because what I will do, I told laird when I spoke with him last was the last week we talked I don't remember the days anymore, I guess i'm that I would get back to him and come up with a time, so we will do it a Thursday.

663

01:28:54.300 --> 01:28:55.230

Town of Parish: Six o'clock.

664

01:28:57.780 --> 01:29:01.260

Town of Parish: Six o'clock till whenever i'm.

665

01:29:02.550 --> 01:29:04.110

Town of Parish: And he will come in early.

666

01:29:05.250 --> 01:29:14.820

Town of Parish: On that Thursday Yes, he will do all the work pre work that he's going to need, and then you guys can watch him.

667

01:29:15.390 --> 01:29:24.360

Town of Parish: and assist him in doing it, but he will pull what he needs to pull out of our records Thursday, you know, a couple hours before six o'clock.

668

01:29:24.810 --> 01:29:35.790

Town of Parish: So we'll be here to give them my records that we have and you guys could go about your business and it shouldn't take more than a couple hours that's what he said more than a couple hours because he isn't going to go through a whole year.

669

01:29:36.150 --> 01:29:42.690

Town of Parish: he's going to pull a couple months and just and he's not looking for numbers, to be exact he's looking at.

670

01:29:43.170 --> 01:29:48.900

Town of Parish: Just like the other artists if you've ever if you've read them previously, he will look at processes.

671

01:29:49.350 --> 01:30:06.750

Town of Parish: And things of that nature he's not going to go penny for penny because it nobody even does that hardly it on can can we try to not do August 4 it's the fourth not August 4 okay how about the second.

672

01:30:07.800 --> 01:30:09.840

Town of Parish: The second Thursday and August that's.

673

01:30:11.670 --> 01:30:12.420

Town of Parish: That could we do.

674

01:30:14.460 --> 01:30:16.530

Town of Parish: I will see if he's available.

675

01:30:18.000 --> 01:30:27.630

Town of Parish: And what if it doesn't work out what I will do is I will give him your number and your number and then he can text you both the same time and i'll be out of the middle and.

676

01:30:28.590 --> 01:30:35.040

Town of Parish: Then you guys, let me know what day and I can get the records out whatever whenever I need to okay well that's good.

677

01:30:36.870 --> 01:30:37.560

Town of Parish: Moving on them.

678

01:30:39.300 --> 01:30:39.900

Town of Parish: Yes.

679

01:30:41.340 --> 01:30:41.610

Yes.

680

01:30:43.620 --> 01:30:48.210

Town of Parish: You certainly can thank you, yes, the only thing was the.

681

01:30:49.530 --> 01:31:01.140

Town of Parish: video conferencing yeah you know my position on that, yes, and that is up next, so we are going to discuss that right now video conferencing everybody got the conferencing.

682

01:31:02.730 --> 01:31:03.450

Town of Parish: stuff.

683

01:31:05.010 --> 01:31:24.030

Town of Parish: I read through it and I am taking advice from Bob and i'm taking advice from myself and I will see this that I do not believe we need video conferencing, to follow all those rules i'm hearing her about that you know so yeah.

684

01:31:25.140 --> 01:31:26.490

Town of Parish: What it's going to last it's my way.

685

01:31:28.440 --> 01:31:39.420

Town of Parish: to your second question, what for words go master it's not worth it, it means it's not affirmative i'm actually you got we got it last month didn't right yeah yeah.

686

01:31:40.530 --> 01:31:43.500

Town of Parish: yeah Paul baxter gave it to us last month we did.

687

01:31:48.510 --> 01:31:55.050

Town of Parish: It is extensive, a lot has their own thing um.

688

01:31:56.940 --> 01:32:01.350

Town of Parish: there's a cod model committee on an open government model and.

689

01:32:02.730 --> 01:32:12.150

Town of Parish: To me personally, because you still have to have a quorum here so you'd have to have three of us here so two guys could be out sick.

690

01:32:13.320 --> 01:32:21.360

Town of Parish: And it was only extenuating circumstances, and we would have to determine what that could be you know you might just be sick, but if you're sick I don't want to sit on a.

691

01:32:22.590 --> 01:32:34.650

Town of Parish: On a conference call anyways you don't want to be on the conference call if you're sick i'm so me personally, I believe that we should not even do it right now it's extended Paul correct.

692

01:32:35.760 --> 01:32:54.090

Town of Parish: till August 13 13th I believe is yeah as the date that's in my head, so we are good and so probably extend it again because it's going to ramp up in the fall yeah um and that's just a personal opinion um anybody else have a personal opinion on video conferencing.

693

01:32:55.410 --> 01:33:07.020

Town of Parish: I agree, I don't think it's worth and under those circumstances they make it very difficult, particularly for small town, the cars to follow comply with.

694

01:33:08.340 --> 01:33:25.230

Town of Parish: And in the same vein, it is the way of the future, at some point we will end up going and I and i'm hoping that, when that day comes it's with far fewer of those crazy parameters, I believe that would happen, but maybe ball has a little more insight.

695

01:33:27.570 --> 01:33:30.780

Town of Parish: evolving yeah and what are the other towns doing.

696

01:33:32.550 --> 01:33:34.440

don't believe any of my other towns.

697

01:33:35.550 --> 01:33:36.630

Town of Parish: jumped on board yeah.

698

01:33:37.860 --> 01:33:39.900

Town of Parish: Because of all the extra terrestrial.

699

01:33:41.220 --> 01:33:44.280

Town of Parish: video conferencing, I want the most is.

700

01:33:45.660 --> 01:33:52.890

That video conferencing, basically, has to do with authorized board members to participate in all.

701

01:33:54.300 --> 01:34:12.570

Town of Parish: Right I don't think it expands to your broadcast in your real right having board members, such as salesmen lawyers lawyers correct, just like it is turned on your meeting remotely this to do with just your purchase.

702

01:34:13.590 --> 01:34:23.880

Town of Parish: Right that's what I said, can you still have to have a cormier I could still watch from home sick if I wanted to I just couldn't vote right right, I mean you could be involved in discussions.

703

01:34:25.500 --> 01:34:36.000

Town of Parish: Your vote to me just wouldn't count right correct, so you can tell me, yes i'm for it, but when we go to the theater good your absence so.

704

01:34:37.080 --> 01:34:44.400

Town of Parish: it's just like like I said I mean it's just like a tour of you weren't here tonight we're still conduct business it's the same way, because you have to have a quorum.

705

01:34:46.830 --> 01:34:47.460

Town of Parish: yeah yeah.

706

01:34:52.980 --> 01:34:54.840

ready just not apply.

707

01:34:56.880 --> 01:35:01.650

Town of Parish: Right is there anybody for doing video conferencing currently with all these regulations.

708

01:35:03.420 --> 01:35:10.530

Town of Parish: That we can hold off for now, then I guess what we're not even going to make a motion to accept it, or deny it we're just going to cancel it.

709

01:35:12.810 --> 01:35:14.910

Town of Parish: that's right um.

710

01:35:15.930 --> 01:35:17.670

Town of Parish: Okay, this Miller park grant.

711

01:35:18.960 --> 01:35:21.180

Town of Parish: Merrill sorry i'm.

712

01:35:22.560 --> 01:35:25.800

Town of Parish: Doug miller's name the same time Doug Miller, I need.

713

01:35:27.090 --> 01:35:35.340

Town of Parish: A motion to approve paying Doug Miller or \$900 to do a schematic site plan and there's more to it.

714

01:35:36.570 --> 01:35:40.770

Town of Parish: This is for the grant um I spoke to some of you on the phone, but we need the official.

715

01:35:42.780 --> 01:35:53.760

Town of Parish: Approval there is \$10,000 in engineering in the budget, this would fall underneath that so it's not like, we have to make up the money there's \$10,000 for engineering.

716

01:35:55.770 --> 01:36:00.120

Town of Parish: And I just need somebody to make a motion so that we can continue with the grant as.

717

01:36:01.980 --> 01:36:02.640

Town of Parish: Out of the grant.

718

01:36:04.080 --> 01:36:12.540

Town of Parish: That money come out at \$10,000 right so that's \$30,000 but its budget it's all right, it really doesn't make.

719

01:36:13.800 --> 01:36:15.060

Town of Parish: up words.

720

01:36:16.260 --> 01:36:17.850

Town of Parish: Words words money in the budget.

721

01:36:18.990 --> 01:36:22.860

Town of Parish: it's under engineering it's it's labeled in the budget as engineering.

722

01:36:24.000 --> 01:36:28.110

Town of Parish: We have sufficient funds yeah we have \$10,000.

723

01:36:32.640 --> 01:36:41.580

Town of Parish: So robbins make an emotion, to pay Doug Miller engineering \$900 for a schematic site plan for Merrill park grants.

724

01:36:42.690 --> 01:36:56.010

Town of Parish: I second and Gary seconded all those in favor Aye opposed sustained, thank you very much, any unfinished unfinished business off the floor.

725

01:36:58.260 --> 01:37:00.630

Town of Parish: Nobody have anything that I may have forgotten.

726

01:37:01.980 --> 01:37:02.400

Town of Parish: Okay.

727

01:37:04.410 --> 01:37:16.290

Town of Parish: With all this other stuff I had no new business to put down because it's all kind of it's been floating around for a while anything new off the floor that we haven't discussed tonight if somebody wishes to bring up.

728

01:37:18.660 --> 01:37:27.960

Town of Parish: hearing and seeing none, we will move on to approval of the bill transfers everybody should have seen a transfer sheet.

729

01:37:32.490 --> 01:37:36.150

Town of Parish: Is there any questions on these transfers.

730

01:37:40.380 --> 01:37:43.950

Town of Parish: Most of these are, I was explaining the Gary little bit earlier.

731

01:37:46.080 --> 01:37:49.110

Town of Parish: yeah we agreed at the beginning of your arm.

732

01:37:53.400 --> 01:38:05.670

Town of Parish: Sean unfortunately in that in our payroll account john dunham was paid for the planning board but it came out of the town board because it still reverted back.

733

01:38:06.330 --> 01:38:17.010

Town of Parish: So we had to fix that Okay, so all these are just corrections, we see as we go through it i'm Kevin Dwyer extra pay Member, we were approved to pay Kevin Dwyer.

734

01:38:17.550 --> 01:38:28.050

Town of Parish: Well, when we pay Kevin Dwyer we didn't do any transfers, so now the planning board personal services account was low because, like I said now we're through halfway.

735

01:38:28.530 --> 01:38:38.280

Town of Parish: And I could you know some of these are salaried and it just throws off a number and you're like, why is that and found that's why i'm the next one.

736

01:38:39.270 --> 01:38:55.980

Town of Parish: Extra pay from previous year, this at 333, that is, the monthly pay for a planning board member, but what happened in the previous administration is she waited till you went to a meeting and then paid you so in december's meeting some of these people were paid.

737

01:38:58.710 --> 01:39:06.450

Town of Parish: At in January, so now it's on this year's budget didn't come out of last year's budget so we're just trying to make sure I didn't see that happen.

738

01:39:08.130 --> 01:39:16.500

Town of Parish: Yes, yeah yeah and so we're trying to correct them all um because we're able to we sat down and went through the whole thing.

739

01:39:17.340 --> 01:39:30.120

Town of Parish: Our hospital medical insurance came out of the wrong account it was coming out of the da account, which is a highway and it should have come out or one particular right for the it should have come out for Carl degas.

740

01:39:34.410 --> 01:39:39.210

Town of Parish: A lot of money, yes, I agree, but that's what we've already agreed to pay him.

741

01:39:40.020 --> 01:39:55.290

Town of Parish: And that's what we did pay him we just came out of the wrong account, so it actually put our da hospital and medical footnote close to be close to being or minus yes out yeah health insurance okay um, the next item, to correct a code.

742

01:39:56.310 --> 01:39:59.910

Town of Parish: That was at 333 it went out.

743

01:40:01.710 --> 01:40:14.940

Town of Parish: From the planning board chair it somehow took it out of there and it should have been into the planning board members columns to paper okay well it's a payroll same thing with Mr scriber.

744

01:40:16.500 --> 01:40:26.820

Town of Parish: It came out of the membership personal services, instead of the Chair, so we had to correct that that's \$1,000 that just is just moving it, so the other one isn't.

745

01:40:29.490 --> 01:40:37.830

Town of Parish: It so we don't have any minuses coming up same thing with a Z BA somehow some got quarter wrong and they went to Barnes studies bba.

746

01:40:39.300 --> 01:40:39.780

Town of Parish: Okay.

747

01:40:41.340 --> 01:40:47.520

Town of Parish: So lens lens came out of CBS she's not others EBS she's on the bar right simple mistake.

748

01:40:50.130 --> 01:40:56.490

Town of Parish: Before, and this was before right, so that is why so results in a program and never got your history.

749

01:40:57.870 --> 01:41:08.820

Town of Parish: And the next sheet the \$25 we agreed to pay Lynn Lynn and we didn't say where was going to come on, and those are just mistakes that kind of.

750

01:41:09.750 --> 01:41:20.580

Town of Parish: The bar and the Z BA In it we ended up taking out a contingency the 25 bucks because the same issue happened, where it should have been in the year before it should have been here.

751

01:41:23.310 --> 01:41:23.700

Not.

752

01:41:25.320 --> 01:41:30.240

Town of Parish: Just for the previous year we didn't pay but it went to come out as aba.

753

01:41:32.010 --> 01:41:42.150

Town of Parish: program yes, and then it should have come out of contingency because we agreed to pay it, but we didn't have enough money in the account to pay, I mean we did, but at the end of the year we won't because what i'm.

754

01:41:43.980 --> 01:41:51.180

Town of Parish: i'm gonna tell you yeah we're trying to avoid doing 200 million transfers at the end of the year so we're trying to do a monthly.

755

01:41:52.350 --> 01:41:59.490

Town of Parish: And when we find them and this time we found them because June we just started this year, paying all our employees halfway through the season.

756

01:42:00.330 --> 01:42:13.590

Town of Parish: So, if your salary for \$1,000 you get \$500 now and then 500 in December I don't know how we did that we'd have to write checks monthly for a small little amount right Well, this is how we're able to catch it is that.

757

01:42:14.310 --> 01:42:22.200

Town of Parish: If that doesn't see 50% personal services, for you know, whereas zero now for bar right because buyers done it's like oh.

758

01:42:23.040 --> 01:42:34.620

Town of Parish: Now we have to go back and find out what we did same thing with planning board and that's how we caught these mistakes, because the numbers were not at 50 and they should have been any questions on those.

759

01:42:36.450 --> 01:42:41.550

Town of Parish: Fantastic thanks guys um can I have a motion to approve the transfers.

760

01:42:42.780 --> 01:42:57.180

Town of Parish: Second robbins the the motion seconded usually you're right on top of that, oh you guys all those in favor and I all those opposed abstain motion carries.

761

01:42:58.350 --> 01:43:07.140

Town of Parish: Thank you um next on supervisors report anybody should have received that questions on my report.

762

01:43:10.380 --> 01:43:10.740

Okay.

763

01:43:12.360 --> 01:43:13.350

Town of Parish: I don't even know if we have to.

764

01:43:15.420 --> 01:43:16.380

Town of Parish: prove to them.

765

01:43:20.130 --> 01:43:22.620

Town of Parish: Normally approve this or I.

766

01:43:24.060 --> 01:43:34.680

Town of Parish: should have received that has mailbox correct fantastic where you're probably the only one that we have to and I try and like, how do we put that in the mailbox that you know, did I send it out email.

767

01:43:35.730 --> 01:43:36.930

Town of Parish: Yesterday, did you.

768
