1

00:00:04.610 --> 00:00:09.870

Town of Parish: So they're they. They're broadcasting It' Be a zoom.  
Yeah,

2

00:00:10.490 --> 00:00:13.350

Town of Parish: that for the pledge, please.

3

00:00:23.630 --> 00:00:25.609

Town of Parish: Formation. Oh, my God!

4

00:00:28.800 --> 00:00:29.789

Town of Parish: You have rather than your

5

00:00:29.800 --> 00:00:38.089

Town of Parish: he's here, hey? We're just getting ready to call you, but I didn't have a phone and Gary didn't have a phone

6

00:00:38.100 --> 00:00:39.190

for here.

7

00:00:39.200 --> 00:00:41.889

Town of Parish: There's an I guess if you have Rabbit's number.

8

00:00:41.900 --> 00:00:48.739

Town of Parish: I don't I wanted the phone. Now what do you want?  
Everything?

9

00:00:59.200 --> 00:01:04.390

Town of Parish: I don't see anybody in the audience, but you never know

10

00:01:04.400 --> 00:01:05.789

It's not of you.

11

00:01:18.520 --> 00:01:20.410  
Town of Parish: Okay, Great

12  
00:01:20.420 --> 00:01:22.069  
Town of Parish: one. I'll be graduate.

13  
00:01:22.390 --> 00:01:32.629  
Town of Parish: Nobody signed on the public comment. Is there anybody out there that wishes to speak at this time? Nobody for public comment.  
Supervisor comments.

14  
00:01:33.570 --> 00:01:36.050  
Town of Parish: Oh, Roll call Good point!

15  
00:01:37.500 --> 00:01:43.790  
Town of Parish: It's been one of those weeks people. Sorry for that. Can I? Either? All call Kelly, please

16  
00:01:43.800 --> 00:01:45.490  
Town of Parish: here.

17  
00:01:48.470 --> 00:01:50.190  
Town of Parish: How's your eating all that?

18  
00:01:50.200 --> 00:01:51.740  
Town of Parish: Finally, here,

19  
00:01:55.470 --> 00:02:06.300  
Town of Parish: like I said, nobody signed up for the public comment period. So we'll move on to my comments. Basically all they have to tell you this month is that we've been working beginning work on the Budget

20  
00:02:06.310 --> 00:02:17.630  
Town of Parish: myself, and Trudy attended a budget webinar on September the first, and we've been just taking care of issues that we find on a weekly basis that

21  
00:02:23.930 --> 00:02:28.690  
Town of Parish: you're an unseen, and we'll move on to counselor comments. Any counselors wish to comment on anything.

22  
00:02:28.700 --> 00:02:29.589  
Town of Parish: Yes, Robin.

23

00:02:29.600 --> 00:02:44.190

Town of Parish: Um i'm wondering since that I race here like a maniac, every meeting, if perhaps we could return to the hold time of seven Pm. For this meeting, or compromise with a six, thirty

24

00:02:44.330 --> 00:02:46.020

Town of Parish: home

25

00:02:46.740 --> 00:02:52.240

Town of Parish: eating dinner at ten o'clock at night isn't healthy, and I don't focus well about food.

26

00:02:53.800 --> 00:02:57.770

Town of Parish: Um, That could be up to discussion. Okay,

27

00:02:58.300 --> 00:03:00.299

Town of Parish: that's fair.

28

00:03:00.810 --> 00:03:03.089

Town of Parish: Um: yeah.

29

00:03:03.100 --> 00:03:11.160

Town of Parish: I mean, I fully understand the logic. Sooner we start the sooner we're out of here. But, boy, for people to work. It's hard to

30

00:03:11.170 --> 00:03:25.720

Town of Parish: um. Yeah. I mean, we can certainly bring it up for a discussion, and we can do that right now I won't even I'm going to worry about being on the agenda. The new business oldness, whatever. Um! The only reason we started at six is what I've seen in the past.

31

00:03:25.760 --> 00:03:38.589

Town of Parish: It still happens to this day. People get cranky after being here. I'm rather late,

32

00:03:38.600 --> 00:03:56.469

Town of Parish: so I mean, if you guys all would like it. The The only problem is that sometimes it's tough for people to work in this office to go home and then come back.

33

00:03:56.480 --> 00:04:07.089

Town of Parish: Now it delays them even more, and so I moved it to six, and everybody agreed at the time. Like, I said simply, for the reason that we get out of here early,

34

00:04:07.100 --> 00:04:19.839

Town of Parish: and I try to keep the meetings at about two hours, so everybody can go home at eight o'clock. Um! I don't know what other people think so. I'm open to any comments you have as as to what you want to do.

35

00:04:19.970 --> 00:04:28.439

Town of Parish: Got it Six, six, thirty, I I don't have an issue with each if you quit picking on me.

36

00:04:28.450 --> 00:04:33.530

Town of Parish: No, I mean I don't. I don't really have an issue with each. But you know I I I work at three, so

37

00:04:33.590 --> 00:04:36.769

Town of Parish: you know, long as you don't get a speed and take it.

38

00:04:36.790 --> 00:04:44.889

Town of Parish: I can understand in a way, you know. I mean she's, you know, just getting here now right sunny day in the winter, when you guys smell it ain't gonna happen.

39

00:04:44.900 --> 00:04:56.250

Town of Parish: So what do you have? You don't care, Richard. I don't care, Robin, you care

40

00:04:56.590 --> 00:05:07.690

Town of Parish: right, I mean like I said. I know Kelly leaves work at five o'clock. Let's try it. We can go to six, thirty, and give it a Ch: Right? Yeah,

41

00:05:07.700 --> 00:05:11.420

Town of Parish: I'm: sure he won't, because that's not

42

00:05:11.430 --> 00:05:13.210

Town of Parish: so far to go for that one.

43

00:05:13.220 --> 00:05:18.769

Town of Parish: Um. We can start at six, thirty, and try to end by eight thirty I mean that's you know.

44

00:05:18.780 --> 00:05:21.049

Town of Parish: By then the Yankees won't be playing, and

45

00:05:24.200 --> 00:05:40.180

Town of Parish: but but as you will start playing basketball, so we'll start playing basketball, so we'll start playing basketball so we can still be a son of eight. Oh, sure, we move it right a lot. Yeah, we move it to Wednesday.

46

00:05:43.400 --> 00:05:46.490

Town of Parish: Okay, there you go.

47

00:05:46.500 --> 00:05:57.269

Town of Parish: Yeah, We're gonna we're somebody. Somebody needs to make a motion to switch the meeting meeting time from six o'clock to six thirty.

48

00:05:57.500 --> 00:05:59.309

Town of Parish: Alright,

49

00:06:01.250 --> 00:06:02.990

Town of Parish: You just let it move along.

50

00:06:03.000 --> 00:06:11.090

Town of Parish: Sure I I might be wrong by my people with me on it. Don't you have to give a public notice on changing the hours in your meeting and stuff like that.

51

00:06:11.100 --> 00:06:23.789

Town of Parish: What? What? We do not sure like right, we don't, we we we advertise it. Um, and we will do the same, and it's Every meeting is advertised correctly. It's also on our website.

52

00:06:23.800 --> 00:06:25.490

Town of Parish: Nope. Covering that base.

53

00:06:25.500 --> 00:06:28.390

Town of Parish: We are good, we will. We will cover that when we get

54

00:06:28.400 --> 00:06:29.890

Town of Parish: okay,

55

00:06:29.900 --> 00:06:34.690

Town of Parish: right if it passes. Um. Did somebody second that?

56

00:06:34.700 --> 00:06:36.290

Town of Parish: Okay, Where? Where have you been?

57

00:06:36.300 --> 00:06:37.929

Town of Parish: And Then he said, I

58

00:06:37.970 --> 00:06:41.899

Town of Parish: okay, all those in favor Aye, opposed

59

00:06:42.370 --> 00:06:47.289

Town of Parish: motion passes to move the meeting to six thirty. That's correct. I have a comment.

60

00:06:47.300 --> 00:06:54.590

Town of Parish: You don't go ahead. Not very easy. I'm not for nothing. I'm off the subject here, but I've been approached by a few people

61

00:06:54.710 --> 00:06:58.580

Town of Parish: I know we turn the water project over to the village to handle,

62

00:06:58.930 --> 00:07:08.290

Town of Parish: and the people who have been questioning what's going on, and this and that, and that we're working against is we're working with them if we could if they come up with something for us.

63

00:07:08.300 --> 00:07:09.290

Town of Parish: Okay.

64

00:07:09.300 --> 00:07:17.899

Town of Parish: But I think maybe we should be bringing that water project because we all have, you know, decent water.

65

00:07:17.910 --> 00:07:32.290

Town of Parish: There's still people out there that can't even jump. So it's a water project, I think maybe we you know top of the village and stuff. Maybe that should be brought back to front and center again, because it's just

66

00:07:32.300 --> 00:07:34.680  
Town of Parish: they did. And what was the outcome?

67  
00:07:35.070 --> 00:07:41.690  
Town of Parish: They're currently working on it. I don't know to what extent they're at, so they're still

68  
00:07:41.700 --> 00:07:42.790  
Town of Parish: actor. So

69  
00:07:42.800 --> 00:07:44.489  
So we're third to the next week.

70  
00:07:44.500 --> 00:07:51.889  
Town of Parish: They also they're still working almost under there, because the village is on its own. It's not working with the town. They split from that

71  
00:07:51.900 --> 00:07:54.489  
Town of Parish: right. They They took it up for themselves.

72  
00:07:54.500 --> 00:07:58.190  
Town of Parish: They took it up themselves. Well, the last I heard they were.

73  
00:08:22.630 --> 00:08:26.659  
Town of Parish: The town needs a step. On October third the neat lay on

74  
00:08:32.100 --> 00:08:33.820  
Town of Parish: right right, because

75  
00:08:33.909 --> 00:08:40.719  
Town of Parish: your back, with waters on three different parts of the town, sitting there around the town line

76  
00:08:41.380 --> 00:08:52.419  
Town of Parish: for the village to go over Mexico, and the idea was well. It's going to be a lot cheaper. Well, at that dryer. It's like a couple a million, or do a million dollars cheaper. But but Mexico, once they put it in It's our baby.

77  
00:08:52.570 --> 00:09:00.289

Town of Parish: Aqua puts it in because you app where they will help you work and maintain. You can take it on it in separate places, too, As a town.

78

00:09:00.300 --> 00:09:01.589

You have two different districts.

79

00:09:01.600 --> 00:09:18.390

Town of Parish: Yes, you can like a fuck do you want? And I didn't want to get in a big discussion with it right now. But do you want me to put some in and then say, Okay, perish! It breaks down. You get a watermaker. Whatever you happens with your baby. We're all you want to put it in and say we'll maintain and take care of it later,

80

00:09:18.400 --> 00:09:27.990

Town of Parish: and that that's what we can get into a discussion with water saving a million dollars in Mexico. You can eat a million dollars in repairs in no time at all, so you're not really saving over the long run.

81

00:09:28.000 --> 00:09:44.589

Town of Parish: But that's that's just my opinion, right? I just want to say which you know. Is that going to be something that I don't have my time on the board we are. We'll work with the village when we find out stuff and whatever and and whenever they need, or why we can work with them, for It's one or from although frustrating, or I didn't know what was going on.

82

00:09:44.600 --> 00:09:57.319

Town of Parish: Yeah, yes, it's our two miles. That's just what water is on everybody's mind. Yeah, um. But what I have been telling people, and I still can tell people My personal opinion

83

00:09:57.880 --> 00:10:22.590

Town of Parish: is, we just went through with this twice right one time. The voters voted to have it, and it just didn't didn't get through bonding right um the second time. Those people in the same water district One they voted not to pay those fees, and because I don't because it almost done, which killed killed the water and it killed District one, to my knowledge. Right? Okay,

84

00:10:27.880 --> 00:10:43.539

Town of Parish: right. So how many times do you want to? And I had a lot of complaints in the spring, when the tax bills came out that people had to pay that seventy dollars again for nothing.

85

00:10:43.550 --> 00:10:48.189

Town of Parish: There was a lot of people that called me, and they were really upset that they had to pay that

86

00:10:48.200 --> 00:10:52.510

Town of Parish: correct. So so and this like, I said, this is my opinion.

87

00:10:53.370 --> 00:11:06.589

Town of Parish: The village is working on it now, in order to get through the village. It's got to come into the town. Okay, it's got to come through the town to get to the village. Let's see if the village can do anything with it. If they don't do anything with it,

88

00:11:06.600 --> 00:11:16.690

Town of Parish: then we can start again. And because we have to start from square one, all those tests and everything else we've done. We did. You know basically what we're trying to find out what information we can use? What information

89

00:11:16.700 --> 00:11:19.089

Are you absolutely sure about that, You know?

90

00:11:19.100 --> 00:11:38.130

Town of Parish: Yeah, it is outdated. Um! When I spoke with Jay Grossell, a lot of those tasks are outdated, and the thing is, I don't have the I don't have the exact people voted for the war correct? Okay. What shut it down

91

00:11:38.140 --> 00:11:45.349

Town of Parish: was not going for the money to do the five tests for the we agreed to get the We agree.

92

00:11:46.390 --> 00:11:51.590

Town of Parish: Far as I know, we still have the water. Is you being okay?

93

00:11:53.360 --> 00:12:05.259

Town of Parish: Because there is a claim on that. I think we're still within that timeline. I think so. Um! And once again the

94

00:12:05.270 --> 00:12:13.589

Town of Parish: my knowledge from last year, and even this year paying the tax bills. I know the school does not want to be in any water district.

95

00:12:13.600 --> 00:12:18.290

Town of Parish: We're not looking at you

96

00:12:18.300 --> 00:12:21.760

Town of Parish: correct, so we almost have to take this project.

97

00:12:21.880 --> 00:12:34.569

Town of Parish: Bring it back to square one, because if they don't want in, we don't need them indoor funnels can be changed, but that's what that's a big

98

00:12:34.580 --> 00:12:53.599

Town of Parish: we need to, instead of going through everything right now, just to bring it up. And I think we can do that right.

99

00:12:53.770 --> 00:12:57.070

Town of Parish: Let's get all the correct information

100

00:12:57.430 --> 00:13:14.289

Town of Parish: as we are here today, so that we're talking real information, not what it was two years ago, right? And that's what the village should have by now,

101

00:13:20.100 --> 00:13:28.289

Town of Parish: Right So and this and Johnny especially Google, the people who are going to get the same information. No, they're using that as c twod he's doing Mexico's

102

00:13:28.300 --> 00:13:33.960

Town of Parish: see to a Yeah. He's going to a couple of things. The ones push him up two years ago

103

00:13:34.350 --> 00:13:36.190

Town of Parish: as he is, He's working for Mexico.

104

00:13:36.200 --> 00:13:40.790

Oh, yeah, but I That's also down the road discussion that we don't need

105

00:13:40.800 --> 00:13:41.790

Town of Parish: right. Discuss.

106

00:13:41.800 --> 00:14:04.150

Town of Parish: Yes, that's but it's on everybody's mind. It's been on there for four years, five or six years, twenty years.

107

00:14:04.710 --> 00:14:07.290

Town of Parish: Oh, well, we certainly can't.

108

00:14:07.300 --> 00:14:11.470

Town of Parish: We got to know the real facts before you start talking, and the

109

00:14:12.050 --> 00:14:15.840

Town of Parish: that's correct. We need the facts. Um,

110

00:14:16.250 --> 00:14:17.490

Town of Parish: I will.

111

00:14:17.570 --> 00:14:18.670

Town of Parish: So

112

00:14:18.840 --> 00:14:23.190

Town of Parish: would you like to form a water committee right now? Would you like to have it?

113

00:14:24.160 --> 00:14:37.399

Town of Parish: I don't think we should do a thing because we voted to hand it over to the village. We can't do. Yes, we did, and we cannot go back and do anything now until we meet with them In October.

114

00:14:37.410 --> 00:14:51.989

Town of Parish: The village took it, so we got to find out what they're doing first, John. We can't just sit there and start taking over, and we got to find out. Meet with them, find out what they're doing, and then maybe we can form a committee involving the town and the village. Well, we got everybody here,

115

00:14:52.000 --> 00:14:53.990

Town of Parish: not the village who

116

00:14:54.620 --> 00:14:56.390

we have to know.

117

00:14:56.400 --> 00:15:12.140

Town of Parish: We got to know where we are to start well. Great. So that's what we got. Talk to them and see where they are.

118

00:15:12.150 --> 00:15:31.470

Town of Parish: We're like, i'm telling people we're here willing to work with, assist or do anything we can with the village. We got to find out what the village is doing right now where they are in the race, so we can either assist, get a root or whatever to help whatever we got to do. But you know right now,

119

00:15:31.670 --> 00:15:41.490

Town of Parish: without having any input or knowledge of where they are what they're doing. I just want We're kind of

120

00:15:41.500 --> 00:15:45.700

Town of Parish: yeah, If we need to know If we got, we will gather the fact what we need.

121

00:15:45.830 --> 00:15:48.890

Town of Parish: You know

122

00:15:48.900 --> 00:15:51.209

Town of Parish: he doesn't do anything else all day.

123

00:15:52.470 --> 00:15:55.340

Town of Parish: Thank you, sir, and you do have that money

124

00:15:55.450 --> 00:15:59.279

Town of Parish: in that line. I don't that you put back to general phone

125

00:15:59.660 --> 00:16:02.190

Town of Parish: that lemon never grows away.

126

00:16:03.700 --> 00:16:11.589

Town of Parish: What's there? You can put it back in that line. That water, some kind of capital project thing.

127

00:16:11.600 --> 00:16:19.529

Town of Parish: Well, that was zeroed out. I'll have to find out that I don't know anybody else on that. We get all kinds of money.

128

00:16:19.860 --> 00:16:23.389

Town of Parish: We don't have all kinds of money. You're saying that during Budget process.

129

00:16:25.910 --> 00:16:30.600

Town of Parish: Well, you can't charge for it again, because you're re charged it for this year

130

00:16:30.660 --> 00:16:31.950

Town of Parish: right?

131

00:16:31.960 --> 00:16:42.760

Town of Parish: That's why I said. You can put it back on that line. That line doesn't Go away. You may ser well it out because you put it in the general fund, but you can take it allergy, and if I put it back in that line

132

00:16:45.510 --> 00:16:47.190

Town of Parish: food for Zach,

133

00:16:47.200 --> 00:16:50.219

Town of Parish: correct food for thought. It is already September,

134

00:16:51.930 --> 00:16:54.589

Town of Parish: I think quite honestly. We're

135

00:16:54.680 --> 00:16:56.320

Town of Parish: Daca next year.

136

00:16:56.330 --> 00:16:58.190

Town of Parish: We're not breaking crown tomorrow. So

137

00:16:58.200 --> 00:17:08.889

Town of Parish: right, that's what i'm saying. I mean It's going to be another lengthy process once again, because I really believe we have to start over um. When I spoke with Jay Grasso. Some of those tests and stuff are no longer valid,

138

00:17:09.000 --> 00:17:10.589

Town of Parish: and that's just

139

00:17:11.069 --> 00:17:14.020

Town of Parish: if I can remember that correctly, and maybe John can

140

00:17:14.680 --> 00:17:33.989

Town of Parish: probably what the ball is. We use them from the other one and the other one, because the State or somebody has granted another five years on.

141

00:17:34.000 --> 00:17:37.659

Oh, okay, all right, And that's like, I said. This is the knowledge you don't have

142

00:17:43.900 --> 00:17:54.259

Town of Parish: right? Yeah, The census is now twenty, twenty, that we'll be using. The income may be different, too. So all those things have changed. But we will look into it like I said, I can't guarantee you

143

00:17:54.500 --> 00:17:57.690

Town of Parish: until we form a committee to look into these.

144

00:17:57.700 --> 00:18:01.740

Town of Parish: I certainly can't do it myself. I'm not afraid to say that. Um,

145

00:18:01.870 --> 00:18:03.919

Town of Parish: because we've got a lot going on,

146

00:18:04.230 --> 00:18:18.690

Town of Parish: but we will continue to work with water. It's like I said. It's It's in our minds and his stuff, so

147

00:18:18.750 --> 00:18:24.960

Town of Parish: it's not like reinventing the wheel. No, no, it's not reinventing the wheel. It's just how we want to approach it.

148

00:18:25.360 --> 00:18:29.289

Town of Parish: The hurdles will have to. We never come to get that? Everything has changed.

149

00:18:29.300 --> 00:18:30.590

Town of Parish: Yes, for sure,

150

00:18:30.600 --> 00:18:34.690

Town of Parish: Any other. Thank you, Gary, for your counselor's.

151

00:18:34.700 --> 00:18:38.879  
That was more than a comment. But, hey, we let it go.

152  
00:18:39.800 --> 00:18:43.170  
Any other counselors which to speak about anything

153  
00:18:43.830 --> 00:18:52.290  
Town of Parish: fantastic. Thank you. I need to now a motion to approve the minutes from the regular meeting of eight hundred and eighteen of twenty two, the

154  
00:18:52.300 --> 00:18:53.430  
Town of Parish: camouflage

155  
00:18:53.440 --> 00:18:54.600  
Town of Parish: Sorry.

156  
00:19:00.140 --> 00:19:03.560  
Town of Parish: All those in favor aye opposed

157  
00:19:03.680 --> 00:19:05.050  
Town of Parish: abstained.

158  
00:19:05.350 --> 00:19:07.829  
Town of Parish: Regular minutes are approved.

159  
00:19:08.600 --> 00:19:11.860  
Town of Parish: Department reports. We're going to start off with the assessor.

160  
00:19:12.470 --> 00:19:14.050  
Town of Parish: Um,

161  
00:19:14.110 --> 00:19:16.329  
Town of Parish: she is going to speak.

162  
00:19:17.120 --> 00:19:19.180  
Town of Parish: We have an issue that

163  
00:19:19.190 --> 00:19:37.510  
Town of Parish: Um! I don't know if you saw it in the paper on the news recently, but our illustrious,

164

00:19:37.520 --> 00:19:49.049

Town of Parish: the sliding scale of twenty-nine thousand to thirty, seven thousand four hundred. She changed that sliding scale to starting at fifty thousand, and going to fifty eight thousand four hundred.

165

00:19:49.060 --> 00:19:54.300

Town of Parish: Well, the average income in the town of parish, according to the twenty

166

00:19:54.480 --> 00:20:02.580

Town of Parish: twenty census, is fifty, eight thousand, so I wouldn't definitely not go to that limit.

167

00:20:02.960 --> 00:20:11.989

Town of Parish: I wanted to let you know that the county this year has passed a resolution to change

168

00:20:12.260 --> 00:20:14.710

Town of Parish: their limit to

169

00:20:20.170 --> 00:20:22.469

Town of Parish: um twenty-nine thousand

170

00:20:23.000 --> 00:20:32.459

Town of Parish: and a sliding scale, going out to thirty, seven thousand four hundred. So if your income was under twenty-nine thousand, you get fifty percent off your county Bill,

171

00:20:32.540 --> 00:20:43.110

Town of Parish: if it was twenty-nine. If it was thirty thousand. You get forty-five percent off, and it goes down by three thousand, and then it starts both changing by nine hundred.

172

00:20:43.540 --> 00:20:47.189

Town of Parish: Um! They go all the way out to five percent.

173

00:20:47.240 --> 00:20:57.379

Town of Parish: If If your income is between thirty, six, five, and thirty, seven, four, you get five percent off your tax.

174

00:20:57.390 --> 00:21:02.739

Town of Parish: Right Now, currently, the town of parish does not have a sliding scale.

175

00:21:02.970 --> 00:21:11.519

Town of Parish: They have a one-set limit, and if your income is less than twelve thousand five hundred. You get fifty percent on your account. That

176

00:21:11.840 --> 00:21:15.590

Town of Parish: currently, we have in the town six people

177

00:21:15.600 --> 00:21:21.960

Town of Parish: who qualify for the senior citizen exemption. I don't know how they live.

178

00:21:21.970 --> 00:21:25.169

Town of Parish: I I can't imagine women on a thousand dollars a month,

179

00:21:28.940 --> 00:21:36.090

Town of Parish: so Denise, can you? What is the impact?

180

00:21:36.760 --> 00:21:48.090

Town of Parish: I am? That's why I said it was a leading. The current impact to the town of parish is zero point eleven percent.

181

00:21:48.800 --> 00:21:50.260

Town of Parish: So

182

00:21:50.280 --> 00:21:55.939

Town of Parish: it's it's not even one percent that we have off the roles for those six people. So

183

00:21:56.380 --> 00:21:57.540

Town of Parish: so

184

00:21:57.890 --> 00:22:05.410

Town of Parish: I would like to see the town vote to change their income limits. And if you look at page two

185

00:22:12.690 --> 00:22:17.529

Town of Parish: two towns that have less than you. One is Boylston,

186

00:22:18.220 --> 00:22:21.970

Town of Parish: and the other one is Um. Mexico

187

00:22:23.210 --> 00:22:27.069

Town of Parish: boils in this eight thousand Mexico's ten thousand five hundred

188

00:22:27.150 --> 00:22:41.609

Town of Parish: um. If you look down towards the bottom. I highlighted the school district. The school district starts on a sliding scale of thirteen thousand five hundred, and goes out to nineteen thousand two hundred.

189

00:22:41.930 --> 00:22:45.980

Town of Parish: I look to see how many people in the town of parish

190

00:22:46.770 --> 00:22:51.530

Town of Parish: in the Apw School district qualify for that, and there's nineteen,

191

00:22:51.960 --> 00:22:54.479

Town of Parish: and most of them are on

192

00:22:55.010 --> 00:22:57.780

Town of Parish: the like twenty percent off.

193

00:22:58.770 --> 00:23:03.189

Town of Parish: And what is that impact? You know, you went two thousand and eleven.

194

00:23:03.200 --> 00:23:09.389

Town of Parish: Yeah, I can't I can't. I can't figure that out, because there's more than one town in the school district

195

00:23:09.400 --> 00:23:11.260

alright, Good point.

196

00:23:11.860 --> 00:23:21.190

Town of Parish: So what is your recommendation that the town of Paris in as you are our assessor. What is your recommendation for parish?

197

00:23:21.200 --> 00:23:29.089

Town of Parish: My recommendation is, no matter what number you want to start with. My recommendation is to implement the sliding scale,

198

00:23:29.100 --> 00:23:36.630

Town of Parish: because right now, if somebody makes twelve thousand four hundred and ninety nine dollars, they get fifty percent off their taxes.

199

00:23:36.800 --> 00:23:40.699

Town of Parish: They make twelve thousand five hundred and one. They get nothing.

200

00:23:43.580 --> 00:23:44.760

Town of Parish: So

201

00:23:44.820 --> 00:23:49.359

Town of Parish: you know, if you want to stay at the twelve five for the fifty percent,

202

00:23:50.270 --> 00:24:00.040

Town of Parish: you still only get six people in town, but if you carry that out and adopt the sliding scale, you can. You cannot.

203

00:24:00.190 --> 00:24:07.030

Town of Parish: You have the option of doing the sliding scale to twenty percent, ten percent, or five percent.

204

00:24:09.560 --> 00:24:19.819

Town of Parish: So what I mean? If you look at Apw, they start at one thousand three hundred and one to one thousand nine hundred and two, they cap it at twenty percent.

205

00:24:22.200 --> 00:24:26.410

Town of Parish: So if we went from like twelve thousand five hundred to

206

00:24:27.050 --> 00:24:32.300

Town of Parish: twenty thousand, i'm just making a number and capping it at twenty percent.

207

00:24:32.560 --> 00:24:35.090

Town of Parish: Yeah. One deciding scale for the town.

208

00:24:35.100 --> 00:24:49.969

Town of Parish: Well, you you don't. You don't set the second number. It's governed by law. So if you like, for instance, on Apw. If you start at thirteen five, it goes to fourteen, five, fifteen, five, sixteen, five,

209

00:24:51.730 --> 00:24:55.709

Town of Parish: and then it goes down by nine hundred,

210

00:24:55.890 --> 00:24:57.409

Town of Parish: three times. I think

211

00:25:01.500 --> 00:25:06.750

Town of Parish: so. What might it look like then, for the town of parish? So if you

212

00:25:07.920 --> 00:25:11.879

Town of Parish: we have, there's nineteen people in the town of parish,

213

00:25:12.570 --> 00:25:18.209

Town of Parish: the Apw School district that received some type of an example.

214

00:25:19.760 --> 00:25:23.830

Town of Parish: Nineteen P. Nineteen properties out of

215

00:25:24.130 --> 00:25:25.380

Town of Parish: it's

216

00:25:26.440 --> 00:25:33.120

Town of Parish: one thousand six hundred. That's not a lot right. And the impact that we have right now is less than a percent.

217

00:25:33.720 --> 00:25:38.209

Town of Parish: So my recommendation would be to follow along with the Apw School district

218

00:25:38.220 --> 00:25:41.540

Town of Parish: and adopt their their sliding scale

219

00:25:41.890 --> 00:25:49.980

Town of Parish: from thirteen to one thousand nine hundred and two. Okay, because originally you sent me an email. You wanted to go

220

00:25:50.330 --> 00:25:55.390

Town of Parish: twenty to twenty, five, seven. Is that correct? Were you? So you're changing?

221

00:25:55.920 --> 00:25:57.679

Town of Parish: Well, it it

222

00:25:57.690 --> 00:26:09.420

Town of Parish: because you want to be even with them. Is that my understanding right. I think it's easier to stay with the same income as the school district. It makes my job a little bit easier. I don't have to follow. I don't have to do three different levels.

223

00:26:09.440 --> 00:26:11.730

Town of Parish: Um, but

224

00:26:12.420 --> 00:26:29.009

Town of Parish: i'm not sure that we should go to the twenty-nine. The The counties level the counties level, because they're going out to thirty-seven for. And the census says that the average household income in the town of parish was fifty eight thousand;

225

00:26:29.660 --> 00:26:45.299

Town of Parish: that it's too close to fifty-eight. Yeah to me. I mean, you've got young people trying to, you know. Maintain a home, and pay your taxes, or you know, make a house, payment, a car payment, and pay babysitters. And in all this that's costly

226

00:26:45.650 --> 00:26:48.379

Town of Parish: and and so, and

227

00:26:48.410 --> 00:26:52.890

Town of Parish: it is my understanding, then, that when these people get these exemptions

228

00:26:53.520 --> 00:27:01.189

Town of Parish: that they paid last, you know. I'm. According to the citing scale, and everybody else picks up the tab from those exemptions.

229

00:27:01.200 --> 00:27:03.990

Right? That is why that's what the impact is.

230

00:27:04.000 --> 00:27:08.190

Town of Parish: So right now your impact is less than it's. It's point eleven percent,

231

00:27:08.200 --> 00:27:16.490

Town of Parish: and maybe at nineteen people, according to apw. Then we could go up to zero point five, possibly zero point. Three percent from

232

00:27:16.500 --> 00:27:19.990

It's still less than a percent Is your estimation at this time.

233

00:27:20.000 --> 00:27:20.980

Town of Parish: Yes,

234

00:27:22.000 --> 00:27:30.139

Town of Parish: Okay, it's hard. One of the things that's hard to determine is okay. Is that person that's going to get that exemption? Do they live in a

235

00:27:30.490 --> 00:27:40.929

Town of Parish: fifty thousand dollars house or one hundred thousand dollars house, because there's a big difference between a fifty percent exemption on fifty thousand and a fifty percent exemption on one hundred thousand.

236

00:27:41.160 --> 00:27:53.079

Town of Parish: It's all in their assessed value. Right? So it's hard for me to determine. I'm only going by what I found in the school, you know. So we don't have. We do have an aging community.

237

00:27:53.280 --> 00:27:54.790

Town of Parish: Um!

238

00:27:54.830 --> 00:27:57.690

Town of Parish: But we also have a low-income community

239

00:27:57.700 --> 00:28:04.790

Town of Parish: right wouldn't you say it'd be hard to see someone living in a hundred thousand dollars home, making twelve thousand dollars.

240

00:28:04.800 --> 00:28:06.290

It's all relative. But I think

241

00:28:06.300 --> 00:28:08.389

Town of Parish: yeah, but nineteen thousand two hundred.

242

00:28:08.400 --> 00:28:12.070

Town of Parish: So stay there making nineteen thousand, I mean I

243

00:28:13.430 --> 00:28:26.420

Town of Parish: I better not name names, but there's There's a recently deceased person in the town who lives in one hundred and twenty thousand dollar house, and her income was nineteen thousand one hundred dollars,

244

00:28:27.320 --> 00:28:30.310

Town of Parish: just because they could be simply on the

245

00:28:30.520 --> 00:28:34.389

Town of Parish: retirement, and but that their house is paid off.

246

00:28:34.400 --> 00:28:35.190

Town of Parish: Hey, Doc,

247

00:28:35.200 --> 00:28:39.190

Town of Parish: You know all they're paying is taxes right? They're elderly, and you're living, not, you know,

248

00:28:39.200 --> 00:28:41.559

Town of Parish: in chance Our children are helping them.

249

00:28:45.720 --> 00:28:48.039

Town of Parish: I think it's definitely something

250

00:28:48.790 --> 00:28:57.150

Town of Parish: to take care of the people in parish that need the help as long as it's. Not that big of an impact on. You know

251

00:28:57.370 --> 00:29:15.589

Town of Parish: that that impact is very low. I would like to follow what apw does, and start a sliding scale, so that we can help some of the people in parish, and it's not that much of a um impact. If you say you're you know you're at Point Four that that goes up for everybody else.

252

00:29:15.600 --> 00:29:25.579

Town of Parish: If everybody pitched in a little bit to help these people that really need it. I think it's a good thing to do. So if you're going

from twelve, five to thirteen, five to the people that are given. Now on twelve, five.

253

00:29:25.610 --> 00:29:29.589

Town of Parish: They're gonna get It's fifty percent. Most you can get is fifty.

254

00:29:29.810 --> 00:29:32.129

Town of Parish: That is the most you can get his app off.

255

00:29:32.160 --> 00:29:43.490

Town of Parish: You're going. You're going with abw scale, which starts at thirteen times. So i'm writing below thirteen everything below thirty, five. It's fifty percent.

256

00:29:43.500 --> 00:29:47.420

Town of Parish: Yeah. And that's this was I mean when I looked at her initial

257

00:29:47.870 --> 00:29:52.259

Town of Parish: email. It's easier to understand because it goes zero to that first number. So

258

00:29:52.470 --> 00:30:05.390

Town of Parish: okay, All right. So zero to, you know.

259

00:30:05.400 --> 00:30:09.060

Town of Parish: Yeah, it's from zero or twenty-nine thousand. It's fifty percent off

260

00:30:09.070 --> 00:30:12.480

Town of Parish: that down to um

261

00:30:12.950 --> 00:30:18.900

Town of Parish: thirty, six thousand five hundred to thirty, seven thousand four hundred gets five percent off.

262

00:30:22.350 --> 00:30:26.930

Town of Parish: It's a local law, so you'll have to have your attorney.

263

00:30:28.160 --> 00:30:35.239

Town of Parish: Well, you have to look to see if the last time you voted for it. Did you do it as a resolution or a local block?

264

00:30:37.210 --> 00:30:40.269

Town of Parish: Then it's a I had to be a public referendum, and

265

00:30:41.250 --> 00:30:42.789

Town of Parish: on top Is that your turn?

266

00:30:42.800 --> 00:30:44.419

Yes,

267

00:30:44.560 --> 00:30:48.879

that's that's Mom, our attorney, that's the neo.

268

00:30:50.970 --> 00:30:54.870

Town of Parish: So we would have to have a public hearing. And then the resolution is,

269

00:30:55.070 --> 00:30:58.000

Town of Parish: I think so. Yeah. Yeah,

270

00:30:58.180 --> 00:31:02.090

Town of Parish: yeah, Because it's an impact on taxpayers. So they have to know that

271

00:31:02.100 --> 00:31:05.559

public hearing has to be scheduled in October so we can.

272

00:31:05.880 --> 00:31:07.290

Town of Parish: What is the dates on this?

273

00:31:07.300 --> 00:31:12.889

Town of Parish: Yeah, you need to do it right away because you're going to have me behind the baseball trying to get everybody's exemptions done

274

00:31:12.900 --> 00:31:14.760

Town of Parish: perfect. Let's make it

275

00:31:14.770 --> 00:31:18.709

Town of Parish: December. Then Does that help you?

276

00:31:22.600 --> 00:31:27.080

Town of Parish: You mean the other way. So so you'd like this done as soon as possible.

277

00:31:27.100 --> 00:31:29.989

Town of Parish: Um! October's meeting, but That' be too later.

278

00:31:30.000 --> 00:31:31.290

Kelly is talking

279

00:31:31.300 --> 00:31:33.939

Town of Parish: before the meeting in October.

280

00:31:33.950 --> 00:31:38.940

Town of Parish: Yes, I think we should.

281

00:31:39.210 --> 00:31:40.680

Oh, we can't do this

282

00:31:42.810 --> 00:31:46.160

Town of Parish: six, fifteen to six-thirty. We we could.

283

00:31:46.930 --> 00:31:48.609

Town of Parish: I meet it here today. I can make you

284

00:31:48.730 --> 00:31:49.390

the next month.

285

00:31:49.400 --> 00:31:50.290

Okay,

286

00:31:51.150 --> 00:31:54.290

Town of Parish: Well, even if it's just the public hearing. I mean she right?

287

00:31:54.300 --> 00:31:56.590

So so

288

00:31:57.400 --> 00:32:03.029

Town of Parish: we need a motion. Then I have to excuse my ignorance. We need a motion

289

00:32:03.560 --> 00:32:06.470

Town of Parish: to set this scale now correct,

290

00:32:06.890 --> 00:32:09.989

Town of Parish: and then we need a motion to hold a public hearing.  
That's correct.

291

00:32:10.000 --> 00:32:17.690

Town of Parish: Okay. So does anybody wish to make the motion to accept  
the sliding scale that the Assessor

292

00:32:17.700 --> 00:32:20.049

Town of Parish: has put before. You.

293

00:32:21.500 --> 00:32:23.629

Town of Parish: Do that for a public hearing.

294

00:32:23.640 --> 00:32:30.130

Town of Parish: It's to set it to to set it for the public hearing Right?  
Right? It's they're not. They're just setting them.

295

00:32:30.350 --> 00:32:33.389

Town of Parish: Yeah, maybe Bob

296

00:32:33.400 --> 00:32:43.890

Town of Parish: sit up kind of. I think he has. They have to vote on what  
scale they want to adopt before they can have a public hearing to say  
what scale They're going to it out because you're going to have

297

00:32:43.900 --> 00:32:49.049

Town of Parish: The public hearing is going to have to be based on what  
the Board is recommending. Right? Right?

298

00:32:49.130 --> 00:32:53.220

Town of Parish: So this is a motion to recommend your recommendations.  
Right?

299

00:32:53.230 --> 00:32:54.490

Town of Parish: I'll. Second.

300

00:32:54.500 --> 00:33:00.509

Town of Parish: It's right kind of thought that where we were does our  
clerk have your recommendations?

301  
00:33:00.600 --> 00:33:02.090  
Town of Parish: She has a copy of what I did

302  
00:33:02.100 --> 00:33:04.440  
Town of Parish: It's the uh

303  
00:33:04.750 --> 00:33:10.270  
Town of Parish: the Apw. Mine. I highlighted it. Museum

304  
00:33:11.330 --> 00:33:15.049  
we can. Yeah, I just want to make sure she has the information for her

305  
00:33:15.410 --> 00:33:17.060  
Town of Parish: minutes.

306  
00:33:17.070 --> 00:33:18.389  
Town of Parish: No, that's not it.

307  
00:33:18.400 --> 00:33:20.260  
Town of Parish: The next page.

308  
00:33:20.730 --> 00:33:26.979  
Town of Parish: Okay. So this is where we are right now, and this is  
where we're voting to go to

309  
00:33:27.140 --> 00:33:28.300  
all right.

310  
00:33:28.520 --> 00:33:37.669  
Town of Parish: So there is a motion on the floor that the board  
recommends the recommendations of the Assessor,

311  
00:33:37.970 --> 00:33:39.780  
Town of Parish: Mr. Hulton,

312  
00:33:39.790 --> 00:33:41.579  
Town of Parish: seconded by Robin

313  
00:33:42.010 --> 00:33:45.319  
Town of Parish: all those in favor. Bye bye,

314

00:33:45.460 --> 00:33:47.770

Town of Parish: passes unanimously, Kelly.

315

00:33:49.690 --> 00:33:52.799

Town of Parish: So what else we have to have to get this rolling.

316

00:33:52.810 --> 00:33:55.390

Town of Parish: That's it. Here you have to have the public hearing

317

00:33:55.400 --> 00:34:01.390

Town of Parish: so, and we can work on the wording before we advertise for that with Kelly.

318

00:34:01.400 --> 00:34:02.300

Town of Parish: Yeah,

319

00:34:02.310 --> 00:34:08.789

Town of Parish: I will be out of the office Monday and Tuesday. I'm going to be in training so. Um. But

320

00:34:08.800 --> 00:34:12.219

Town of Parish: we just need a couple of weeks notice before the meeting,

321

00:34:12.310 --> 00:34:15.980

Town of Parish: so we can put it in the paper um get it on the website,

322

00:34:16.900 --> 00:34:18.939

Town of Parish: and if there's any other

323

00:34:19.429 --> 00:34:21.889

Town of Parish: things that Kelly may need to put in there we will.

324

00:34:21.900 --> 00:34:25.790

Town of Parish: I actually have the the I have it all at once,

325

00:34:25.800 --> 00:34:30.390

Town of Parish: do you? The county just did it. And so, if we just changed our numbers,

326

00:34:30.400 --> 00:34:32.290

the counties, numbers to our numbers,

327

00:34:32.300 --> 00:34:33.189

Town of Parish: and it's all that.

328

00:34:33.199 --> 00:34:35.990

Town of Parish: And what we will do is if you could email me that,

329

00:34:36.000 --> 00:34:36.590

Town of Parish: I will

330

00:34:36.600 --> 00:34:43.989

Town of Parish: email Mr. Gannett, and you can look at that real quick, you know, if it is a if it is a local law,

331

00:34:44.000 --> 00:34:48.900

Town of Parish: the only the only thing in what the county adopted in A.

332

00:34:52.630 --> 00:34:54.689

Town of Parish: I hate to bring it up, but you can.

333

00:34:55.150 --> 00:35:03.870

Town of Parish: The county also adopted to allow senior citizens to use any unreimbursed medical expenses to offset their income.

334

00:35:06.000 --> 00:35:07.290

Town of Parish: It's a nightmare.

335

00:35:07.300 --> 00:35:10.899

Town of Parish: It sounds like that, but I already have to do it for the county.

336

00:35:11.980 --> 00:35:27.749

Town of Parish: So any, if you go to to get your prescription, and it's a five hundred dollar prescription. But you pay twenty-five that twenty-five can be used to offset your income. Anything that's your out of Soc: adjustment.

337

00:35:27.760 --> 00:35:28.390

Town of Parish: Yeah,

338

00:35:28.400 --> 00:35:32.989

Town of Parish: Your and your premiums, your insurance premiums. Dental.

339

00:35:33.000 --> 00:35:35.629

Town of Parish: Yeah. Difficult Hearing a

340

00:35:35.760 --> 00:35:37.189

Town of Parish: um

341

00:35:37.260 --> 00:35:39.860

doctor's office surgeries

342

00:35:39.940 --> 00:35:47.789

Town of Parish: and prescriptions are on as a deduction off from their income to move their income down to get a better exemptions

343

00:35:47.800 --> 00:35:50.810

on the

344

00:35:50.990 --> 00:35:53.049

Town of Parish: onus of the

345

00:35:53.500 --> 00:36:05.760

Town of Parish: the person. Oh, yeah, they have to bring it to you. But I had never been subjected that until I took the job out in the city, and the guy brought in a grocery bag

346

00:36:06.250 --> 00:36:08.059

Town of Parish: full of receipts.

347

00:36:10.060 --> 00:36:11.410

Town of Parish: It's not ready

348

00:36:11.420 --> 00:36:18.259

Town of Parish: right, and this would be approximately twenty people come to your office. Yeah, So it might be.

349

00:36:19.410 --> 00:36:21.190

Town of Parish: Let's. I mean,

350

00:36:22.420 --> 00:36:28.789

Town of Parish: I would like to see you just do this first, and then we'll. We'll see if we can get that.

351

00:36:28.800 --> 00:36:34.090

Okay, let's stay with the school. Then I mean, that's my first opinion. But we've got to start summer.

352

00:36:34.100 --> 00:36:46.790

Town of Parish: I thought that was a good place to start, you know, and it hasn't been changed in many, many years, so I mean, I think it's. It shows your senior citizens in your town that you're looking out for them. Correct, and I,

353

00:36:46.800 --> 00:36:48.959

Town of Parish: that's a good thing that we should be doing

354

00:36:49.720 --> 00:36:54.680

Town of Parish: so we will keep it like the schools. Currently. Everybody's still in agreement with that.

355

00:36:56.040 --> 00:37:09.240

Town of Parish: Uh, I see no objection to that. So we're just going to follow Denise's recommendations as as the motion stated. Um, So that works out well anything else, or Denise or Denise for us.

356

00:37:10.760 --> 00:37:16.439

Town of Parish: You're an unseen on fantastic. Thank you, Dennis.

357

00:37:16.650 --> 00:37:21.590

Town of Parish: We will move on to the Ceo Zo reports.

358

00:37:21.600 --> 00:37:22.990

Thank you.

359

00:37:23.000 --> 00:37:24.529

Town of Parish: Okay, I will.

360

00:37:24.540 --> 00:37:25.790

Town of Parish: Um.

361

00:37:25.800 --> 00:37:41.860

Town of Parish: Will is not here this evening, but he gave me his reports. I will read it for the month of August I've been doing building with permits, building inspections, property, maintenance violations, and

re inspections. I've been in contact with Dss. Regarding some property issues in the Health Department.

362

00:37:41.870 --> 00:37:57.689

Town of Parish: I also have been in contact with the Zba about a property and some setbacks. I spoke with the Health Department regarding a septic system going over some drawings with them. I've been meeting residents and contractors at my office and in the field. I also was working on expired building.

363

00:37:57.700 --> 00:38:04.250

Town of Parish: I'm. Also all working on the violation list and trying to close out what violations there are, so I can start a new list.

364

00:38:04.410 --> 00:38:24.279

Town of Parish: In the month he did three building permits one permit, renewal, eleven building property inspections, eight letters sent for expired permits to stop work, orders for property, maintenance violations he took in building permit fees of two hundred and fifteen dollars and twenty cents.

365

00:38:24.300 --> 00:38:29.809

Town of Parish: If anybody would like to see this report, I have it, or you may have placed it in your boxes. I believe

366

00:38:30.370 --> 00:38:33.360

Town of Parish: I have one. If anybody would like to see it

367

00:38:33.820 --> 00:38:34.879

all

368

00:38:36.330 --> 00:38:39.589

Town of Parish: can't ask for questions on that, because he's not here. So

369

00:38:39.650 --> 00:38:47.830

Town of Parish: with that that will close out. The Ceo Zo reports. Next up is the Dog Control officer to record Steve:

370

00:38:47.950 --> 00:38:50.839

Town of Parish: Okay, those uh

371

00:38:51.290 --> 00:38:59.679

Town of Parish: a couple of things for it, like those dogs that had to purchase signals, and the next that your dog were left here to help. They got taken away after the wire.

372

00:39:04.760 --> 00:39:06.139

They're dirty.

373

00:39:06.570 --> 00:39:13.020

Town of Parish: The only of the dogs told him that. Get hold of me. I would take the dog to take care of him, and I. He was to do that,

374

00:39:13.270 --> 00:39:20.289

Town of Parish: and they're not in our town, or you're telling that they want to call it and they're in. I've

375

00:39:39.500 --> 00:39:44.170

Town of Parish: I heard later on that the dog went out of on the doggy county someplace. So it

376

00:39:44.260 --> 00:39:48.319

Town of Parish: I don't know, but we're not digging them back.

377

00:39:48.860 --> 00:39:49.919

Town of Parish: It's a

378

00:39:50.160 --> 00:39:52.710

it's done. It works.

379

00:39:52.820 --> 00:39:54.339

Town of Parish: They're over here.

380

00:39:54.970 --> 00:39:57.449

Town of Parish: The other thing is, I got a call.

381

00:39:57.600 --> 00:39:59.549

Town of Parish: I'm tell you briefly about it.

382

00:40:01.370 --> 00:40:03.560

Town of Parish: Red House down the road here

383

00:40:03.790 --> 00:40:10.040

Town of Parish: when we was living in the solar, the owner to him out of the cellar, and they went to ten out behind the the dog in the tent

384

00:40:10.520 --> 00:40:13.609

Town of Parish: contractor that's working on the hells called me.

385

00:40:27.760 --> 00:40:33.920

Town of Parish: Well, I said to her, I can't go on the property without you know the owner being there. Why should I know the owner. I'm working for it,

386

00:40:40.210 --> 00:40:42.949

Town of Parish: and the guy got real black, and I mean he got

387

00:40:43.620 --> 00:40:49.829

Town of Parish: figure out even with me, not wanting to go over there at that time, and then what I don't know from Kelly who the owner was.

388

00:40:50.440 --> 00:40:56.209

Town of Parish: You don't want to run that proper because you got everything covered so, and it turned out to be.

389

00:40:56.670 --> 00:41:01.270

Town of Parish: We're got none of this getting a blow on the troopers. It's already been there, and the sheriff has already been there,

390

00:41:03.010 --> 00:41:13.640

Town of Parish: and the bottom line is, they told to call me Well, it's that's their problem now. When they go there, and it's that situation. It's not hard. It's a misdemeanor problem. Now it's beyond, above and down my duties,

391

00:41:14.130 --> 00:41:28.909

Town of Parish: and I I talked to the deputy Well, I didn't know I Nobody's ever supposed to wait a minute, you know. Where are we getting here? And the other thing I want to buy my even all about this one in the northern County to Dogchester, when i'm somebody's gravity

392

00:41:28.990 --> 00:41:31.040

Town of Parish: unexpected,

393

00:41:31.680 --> 00:41:43.649

Town of Parish: and he kind of thought he was a dress manager, and he had to have the guy written. The guy beat the case because he was on the

nonst on his property. I mean you don't know John Average out over his that. But he said he's got anybody that's heading, but

394

00:41:43.770 --> 00:41:48.140

Town of Parish: and I believe it was Franklin Johnny you ever heard about it by the da got involved in it.

395

00:41:48.270 --> 00:41:57.240

Town of Parish: Your way to quite a that's half a day for all. Third, I think it was when it's what I read on it. So I you know it just goes to show you what could happen,

396

00:41:57.870 --> 00:42:00.939

Town of Parish: and this in particular order. This place down here.

397

00:42:00.950 --> 00:42:03.659

Town of Parish: You never know what he's gonna do.

398

00:42:04.480 --> 00:42:15.510

Town of Parish: I mean, you got bribery over next to me. He sent me a letter and suing me for fifty dollars.

399

00:42:15.680 --> 00:42:27.649

Town of Parish: Basically, if you get these calls that it's not going. It's a reason i'm not going to hold anything. I can go for a dog that i'm not supposed to pick up.

400

00:42:29.200 --> 00:42:33.829

Town of Parish: And then we had the one while I was on vacation that Mike handled, and uh

401

00:42:35.040 --> 00:42:36.140

Town of Parish: he's.

402

00:42:36.690 --> 00:42:51.049

Town of Parish: If I was two doors down this, I was saying, You know any dog who wander once in a while you can't say too much about it, and I see the license. You got to talk back. I'm not even going to write a report up on it because it was so simple. It wasn't.

403

00:42:51.480 --> 00:42:53.869

Town of Parish: Okay, all right.

404

00:42:53.880 --> 00:42:55.839  
Town of Parish: Any questions for Steve

405

00:42:56.790 --> 00:43:06.490  
Town of Parish: and Kelly. I'm sorry for you. One day this week or next. I'll come in and give you my vileage and everything else and get it caught up the date for this.

406

00:43:06.500 --> 00:43:09.120  
Town of Parish: Then you can bring it more next month or something. But

407

00:43:09.730 --> 00:43:13.089  
Town of Parish: fantastic. Thank you, Steve.

408

00:43:13.100 --> 00:43:14.390  
Nobody had anything.

409

00:43:14.400 --> 00:43:15.620  
Town of Parish: Thank you.

410

00:43:15.630 --> 00:43:21.490  
Town of Parish: And the all the Board members have my number. If you. If you get a call to a dog I can. I can take calls for you guys,

411

00:43:22.380 --> 00:43:23.439  
Town of Parish: what is it?

412

00:43:24.020 --> 00:43:25.529  
Town of Parish: All right?

413

00:43:25.540 --> 00:43:30.489  
Town of Parish: Appreciate it? Thank you.

414

00:43:30.500 --> 00:43:34.520  
Town of Parish: Saturday is our last meeting of the year for the Atv Club,

415

00:43:34.640 --> 00:43:42.039  
Town of Parish: and I went to the Republican Committee meeting last night. I got called on the way up five, ten is going to attend our meetings, Ira,

416

00:43:42.150 --> 00:43:53.390

Town of Parish: and and has issues with with with atvs and stuff. That's an in her category. And also fox news may be doing a life.

417

00:43:57.550 --> 00:44:07.889

Town of Parish: The meeting starts at eleven, but we're going to be set up about ten o'clock. Now i'm not guaranteed.

418

00:44:07.900 --> 00:44:14.090

Town of Parish: Yeah. One thousand nine hundred and Thirty-nine Mexico Street. I feel much great if you go into the village from that way.

419

00:44:14.100 --> 00:44:16.060

Town of Parish: Yep. Uh, what will work.

420

00:44:16.070 --> 00:44:17.480

Town of Parish: And the thing is,

421

00:44:17.890 --> 00:44:18.990

Town of Parish: is

422

00:44:19.810 --> 00:44:34.989

Town of Parish: She's done a lot with us already. You?

423

00:44:35.000 --> 00:44:35.589

Town of Parish: Yeah.

424

00:44:45.500 --> 00:44:46.389

Town of Parish: So. But

425

00:44:46.400 --> 00:44:47.699

Town of Parish: where you come

426

00:44:47.740 --> 00:44:52.669

Town of Parish: to you later. Thank you. Okay. How are you? Good now? Usually she's right

427

00:44:53.070 --> 00:45:11.560

Town of Parish: okay onto the fire company before

428

00:45:11.630 --> 00:45:14.519

Town of Parish: forty-four minutes miles Two hundred and sixteen

429

00:45:14.700 --> 00:45:23.730

Town of Parish: actually required one to stand by four times in the scene you'd say, given zero stand lies four times in the scene.

430

00:45:23.750 --> 00:45:27.800

Town of Parish: Total calls from our yeah to we're usually eight dollars, four

431

00:45:28.230 --> 00:45:33.810

Town of Parish: for four hours and sixteen minutes, an hour and fifty, four hundred and eight. My, i'm. So he's very

432

00:45:33.820 --> 00:45:37.190

Town of Parish: twice the hasty it was to Alvaro And's been West Dan boy,

433

00:45:37.270 --> 00:45:41.529

Town of Parish: two thousand and thirty, two company ours twenty, five, twenty, five

434

00:45:41.760 --> 00:45:47.180

Town of Parish: man or two hundred and fifty, five, fifty, two by Alex, two hundred and sixty, nine.

435

00:45:47.250 --> 00:45:51.709

Town of Parish: I'm. Training for a month of eight hours, miles, a hundred and sixty, eight and four miles.

436

00:45:53.170 --> 00:45:55.990

Town of Parish: Fantastic Any questions for the Chief?

437

00:45:57.320 --> 00:45:59.179

Town of Parish: Thank you again

438

00:45:59.840 --> 00:46:10.489

Town of Parish: very much. The chiefs report is complete. It move on to the highway report. I wasn't expecting George here, but he is here. Go ahead, George,

439

00:46:10.500 --> 00:46:15.390

Town of Parish: I would like to thank the Board um, and everyone, Burnham loaded with that coming

440

00:46:15.700 --> 00:46:18.099

Town of Parish: something. We definitely need it, and I I I

441

00:46:18.160 --> 00:46:20.280

I truly appreciate it. I'm sure that

442

00:46:34.460 --> 00:46:39.339

Town of Parish: other than that we've been hauling some sand with a few other town. It was a trade-offs

443

00:46:39.360 --> 00:46:42.549

Town of Parish: homes and stone different things.

444

00:46:42.570 --> 00:46:45.140

Town of Parish: Um mowing

445

00:46:45.200 --> 00:46:48.849

Town of Parish: rebuilding Sanders. We've got a lot going on

446

00:46:49.050 --> 00:46:50.489

Town of Parish: for being short-handed.

447

00:46:50.500 --> 00:46:53.890

Town of Parish: I want to thank Doug for working on a roof project

448

00:46:54.530 --> 00:46:55.999

Town of Parish: who we spoke of.

449

00:46:56.260 --> 00:46:58.890

Town of Parish: Well, Jim, whoever was involved.

450

00:46:58.900 --> 00:47:01.289

Town of Parish: It wasn't me.

451

00:47:01.300 --> 00:47:06.309

Town of Parish: Well, this is something to do, in my personal opinion, to be brought up.

452

00:47:06.780 --> 00:47:09.289

Town of Parish: We could see that it's been a long time coming in,

453

00:47:28.150 --> 00:47:41.889

Town of Parish: Emily, and possibly the town of Williams, Tom, and Orwell, some of the other side

454

00:47:42.680 --> 00:47:49.539

Town of Parish: That is one of our more recent votes per se, that I don't believe it meets the ten-year criteria. Yeah.

455

00:47:50.040 --> 00:47:54.489

Town of Parish: The last time I asked I was told I had to wait five years. Well, I will look into that.

456

00:47:54.500 --> 00:47:55.189

Thank you.

457

00:47:55.200 --> 00:47:56.729

Town of Parish: That's all I have to say.

458

00:47:56.940 --> 00:47:59.120

Town of Parish: Any questions for George.

459

00:47:59.130 --> 00:48:01.390

Town of Parish: Here he's got one.

460

00:48:01.400 --> 00:48:04.290

Town of Parish: I just found out today. We had an auction out there

461

00:48:04.300 --> 00:48:06.370

Town of Parish: for the two way equipment

462

00:48:06.380 --> 00:48:15.630

Town of Parish: that that to have dropped out of the State, and I was out there running that, and my manager told me that with a state auction.

463

00:48:16.300 --> 00:48:26.230

Town of Parish: Say you wanted. You need a motor, or you need an over the rail, or you need a loader, a greater dump truck or plow truck, whatever you might need. Stay, Rack,

464

00:48:26.590 --> 00:48:31.539

Town of Parish: you come out and look at the stuff that the State is going to put in the auction,

465

00:48:31.990 --> 00:48:35.079

Town of Parish: and you say i'd like that. I could use that.

466

00:48:35.510 --> 00:48:39.039

Town of Parish: You can get that from the State free of charge.

467

00:48:39.470 --> 00:48:54.689

Town of Parish: They'll pull it from the auction and give it to any municipality they need.

468

00:49:10.020 --> 00:49:24.660

Town of Parish: Yes, stuff like that municipality State equipment, because our money goes to Albany when we sell stuff can be pulled out of the auction with permission from Ogs, who sells the stuff and given to municipalities to use as long as they want

469

00:49:25.050 --> 00:49:30.290

Town of Parish: well You can't do it with two-way stuff, because it's a separate entity, and they get their money from their own.

470

00:49:30.300 --> 00:49:33.689

Town of Parish: But I just thought that we don't use anyway, and i'm going to check more into it, too.

471

00:49:33.700 --> 00:49:35.790

Send me an email or something.

472

00:49:35.800 --> 00:49:39.290

Town of Parish: Yeah, Because I can. Uh, I'll I'll start looking at and do it tomorrow.

473

00:49:39.300 --> 00:49:46.390

Town of Parish: Yeah, the why, i'm saying if we have any attachments for a donor or anything like that. But you mentioned them over. We are in feet of a more

474

00:49:46.400 --> 00:49:53.789

Town of Parish: yeah, I mean. And we put some tractors and Mors out there that with flowers and stuff, and we put a tractor in there. They had a brand new engine and black and stuff.

475

00:49:53.800 --> 00:50:02.089

Town of Parish: You know what i'm saying. So. Yeah. Well, I didn't know either. Absolutely I was not. We had to bid on it by it. No, that was my impression.

476

00:50:02.100 --> 00:50:13.310

Town of Parish: Yeah, Yeah, that would be a wonderful thing. Yeah. So that's it. That. Yeah, I think that was a great view. If you can give me some information that's after man. No, I yeah, I will just let you know.

477

00:50:13.470 --> 00:50:16.030

Town of Parish: Have a wonderful evening. Thank you for the weekend.

478

00:50:16.040 --> 00:50:17.480

Town of Parish: Thank you. Thanks.

479

00:50:18.430 --> 00:50:24.080

Town of Parish: All right. We're gonna continue out with the Tug Hills circuit writer. Report, please.

480

00:50:25.180 --> 00:50:30.809

Town of Parish: Evening. We have my report in front of you. I'll recap the notes here,

481

00:50:30.820 --> 00:50:54.160

Town of Parish: and why I. Just so. You have an idea of the environment you're operating within as your towns from the process of during their calendar year, two thousand and twenty three budgets. Your tax payment will be two percent next year. Ah, you love it, Levy Limited that two percent or the rate of inflation, whichever is less. And I think we all roll at the rate of inflation has been more than two percent in recent times.

482

00:50:54.170 --> 00:51:08.249

Town of Parish: Ah, i'm! In the process of preparing these Speaker County towns budget comparison. Ah! That was interrupted by the pandemic in last year, and my goal is to have that to you soon. I could I use forward and tools for you during the budget process.

483

00:51:08.510 --> 00:51:22.189

Town of Parish: My, Your commission's next meeting will be next Monday in Trenton, at ten o'clock, at the kind of Municipal building, the physical location and the zoom link you are available on your website, if you're interested, was at Times Last Friday

484

00:51:22.200 --> 00:51:33.130

Town of Parish: the Governor allowed the Covid state of emergency to expire at midnight on September the twelfth. So any provisions of town has been operating under, pursuant to those continuing provisions, that's no longer an effect.

485

00:51:33.140 --> 00:51:51.090

Town of Parish: What does that mean? I mean it does Well, specifically. The one that most immediately comes to mind is Ah, there was a thing where you could have remote participation by board members, and there was a change in the State law that kicked in once the

486

00:51:51.100 --> 00:51:54.180

Town of Parish: ah emergency provisions were no longer applicable.

487

00:51:54.190 --> 00:52:13.900

Town of Parish: That means that now, if you want the due to remote participation, you're going to have to pass the law right? I've never had a happens in our procedures. We you all decided that that was not something you wanted to get into at this point, so you can do any point in the future if you want to. But for now it seemed like more hassle than it was worth. And what we're doing tonight

488

00:52:13.910 --> 00:52:29.490

Town of Parish: is not remote participation by board members. You're all here all this is doing is broadcasting the meeting, basically right? So there's no limits that i'm aware of that prevents you from extending the meeting for greater public viewing

489

00:52:29.500 --> 00:52:39.080

Town of Parish: the law changes were primarily having to do with you, being able to stay in some of the location and still have your vote, count right. So

490

00:52:39.190 --> 00:52:53.839

Town of Parish: in case in the case of what you're doing, there is no impact that i'm aware of. If you wanted to have a remote participation for voting. It would mean that from this point forward that's no longer an option for you. But until you take further actions,

491

00:52:53.850 --> 00:53:08.729

Town of Parish: I think there might be some other small ah provisions that i'm aware of having to do with record keeping. I I don't know all the all the details on that, but I just want to throw that out. The general thing that we're no longer operating under the governor's

492

00:53:08.740 --> 00:53:16.209

Town of Parish: the continuing state of emergencies for Covid. She declined to renew it after the time that they expired. This more.

493

00:53:16.880 --> 00:53:20.429

Town of Parish: That's just the operating environment We're in right now.

494

00:53:22.880 --> 00:53:38.590

Town of Parish: The Commission's Annual dinner has been scheduled for Thursday, October Twentieth at Bureau Dock Street in the carpage. I invited you to mail that on that last week, and I hope some of you can make that. I think That's the night of your Tom Board meeting. So probably not.

495

00:53:38.600 --> 00:53:42.910

I saw that date. And you have a Thursday.

496

00:53:42.990 --> 00:53:44.890

It's a me, sir. No.

497

00:53:44.900 --> 00:53:55.190

Town of Parish: Ah, we're in the process of scheduling the next North Shores Salmon or risk councils. A government's fall meeting. Ah, let me know of any suggestions on date, location, and any agenda items.

498

00:53:55.390 --> 00:54:08.760

Town of Parish: The big thing that came up in the last month is the Supervisor's computer, which first started serving under Steve Stelmachuck's administration worked for four years of Marian. And now, as Jim's

499

00:54:08.770 --> 00:54:26.890

Town of Parish: ah, it started having intermittent problems with startup, it's always easier to change to a new computer while the old one is still working. So we got a new computer out of order and replaced Jim's computer. And I think Jim's was the oldest computer in-house, because all the other computers either have been replaced

500

00:54:26.900 --> 00:54:29.910

Town of Parish: are in the process of being replaced.

501

00:54:29.920 --> 00:54:52.989

Town of Parish: The only one that's older is one that's used incidentally down at the highway garage they use for looking up parts and stuff like that. But the highway superintendent's computer itself is newer than the last year. Ah, Kelly has a new one sitting there that I need to plug in

for her. Ah! The codes officer was placed at the end of last year. Tax Collector was, I think, your own same time

502

00:54:53.000 --> 00:55:12.800

Town of Parish: earlier. But so you're in pretty good shape right now across the board in terms of computer replace full windows program when you use it. It was, it was adequately. There was nothing about its performance that,

503

00:55:12.810 --> 00:55:27.590

Town of Parish: let us to say, Oh, that man! It's so slow that we've got to replace it. But it was getting less and less reliable, as it would actually start up when you turn it on. It was so tender. Ten you around ten years old, I mean, Yeah.

504

00:55:27.600 --> 00:55:35.989

Town of Parish: So uh. So yeah, it was. It was due for. And that is a computer that does the payroll of the accounting all that. But

505

00:55:36.000 --> 00:55:49.840

Town of Parish: it was covered under my contractual account line, so we didn't have to take any more money on anywhere else.

506

00:55:50.010 --> 00:56:04.109

Town of Parish: So I I helped for doing that award, And I hope we're getting that computer transition to the new computer in terms of the programs and data and all that as much as I could. And there were a couple of things that had to be done by Williams to themselves, but

507

00:56:04.690 --> 00:56:06.290

Town of Parish: as I understand it so

508

00:56:06.860 --> 00:56:08.229

Town of Parish: oh,

509

00:56:08.390 --> 00:56:21.650

Town of Parish: there is nothing new to report regarding a reimbursing status to parish, and over and Eastern and Eastern Oaswega county towns and villages regarding the wildlife management areas they contain. And I actually have two more things to

510

00:56:22.050 --> 00:56:35.560

Town of Parish: I'll take you off, and I didn't have this report, one of which Trudy can attest to. We got the Justice's office moved to a newer,

larger amount. We had a larger monitor upstairs than the one that the Justice office was.

511

00:56:35.570 --> 00:56:46.859

Town of Parish: They were on a fairly small monitor, and that one was sitting upstairs as a spare, and he said, Why not make the best use of it? So we moved

512

00:56:47.050 --> 00:56:59.330

Town of Parish: that one in the year, the whole or smaller one. It still taxes a spare upstairs. Ah, but the one that's inactive use is one that's much more useful for the for the justice clerk. So

513

00:57:05.900 --> 00:57:21.239

Town of Parish: But this is Jim. That's something that came as an outgrowth of what you suggested like. Ah, we are looking at doing a workshop by Larry Petri, Municipal, counting and tentatively, it's ah!

514

00:57:22.110 --> 00:57:27.650

Town of Parish: Tuesday, November the twenty ninth and Wednesday, November the thirtieth at Tailwater.

515

00:57:28.110 --> 00:57:29.859

Town of Parish: So it's convenient for you

516

00:57:29.980 --> 00:57:34.870

Town of Parish: and as I said that's an oper of discussions that Jim and I had about

517

00:57:35.580 --> 00:57:42.809

Town of Parish: useful technical assistance to municipalities on the specifics of municipal economy.

518

00:57:42.970 --> 00:58:00.289

Town of Parish: It is a specialty, and we also had that discussion to move there down how that was something that he would like to be able to offer. So we said it's not official at this point, but I got the word today that it looks like That's what we're doing. So watch for an official notice on that,

519

00:58:00.300 --> 00:58:02.849

Town of Parish: and I probably want to mention it to you in case

520

00:58:03.250 --> 00:58:07.640

Town of Parish: you wanted to. You know. Kind of hold those dates open, for

521

00:58:08.390 --> 00:58:16.550

Town of Parish: I don't know it does come through. I'm sure truly will appreciate it.

522

00:58:16.560 --> 00:58:18.390

Town of Parish: Should we go there on the next one instructor?

523

00:58:18.400 --> 00:58:18.990

Town of Parish: Yes,

524

00:58:19.000 --> 00:58:19.789

it's a that way,

525

00:58:19.800 --> 00:58:33.980

Town of Parish: and the the big thing about that that they've mentioned is when the State teaches the courses on accounting. They teach it for schools, for villages, for schools, for fire, districts, for

526

00:58:34.210 --> 00:58:52.000

Town of Parish: authorities. They they do a broad range of topics, most of which is an applicable to municipal. So this let's layered focus his time on the things that make the most difference for municipalities, and not some of those other municipalities.

527

00:58:52.340 --> 00:58:57.400

Town of Parish: Well, thank you very much. Thank you. Thank you.

528

00:58:57.940 --> 00:58:59.029

Town of Parish: Probably

529

00:59:00.370 --> 00:59:04.909

Town of Parish: All right. That being said, we're gonna move on to

530

00:59:05.080 --> 00:59:21.059

Town of Parish: committee reports anything from Arpa at this time we won't have any report to Marpa Highway garage repairs. We discussed all of those at length on Tuesday night, or we got some things done

531

00:59:21.300 --> 00:59:24.060

Town of Parish: um anything else from you, Mr. Olden?

532

00:59:24.190 --> 00:59:27.180

Town of Parish: Don't ask me

533

00:59:27.800 --> 00:59:29.029

Town of Parish: there are

534

00:59:29.280 --> 00:59:34.619

Town of Parish: don't ask me how about Meryl Park? Oh, that's me. I just did

535

00:59:35.530 --> 00:59:39.280

um wait. Actually you um

536

00:59:40.340 --> 00:59:43.160

Town of Parish: The Marrow Park, you and Mr.

537

00:59:43.720 --> 00:59:48.949

Town of Parish: And I did remove the Calvert

538

00:59:50.610 --> 00:59:55.540

Town of Parish: was probably at least forty feet of it, if not fifty,

539

00:59:56.340 --> 00:59:59.339

Town of Parish: and we've found that much of it.

540

00:59:59.810 --> 01:00:03.529

Town of Parish: It was all righted, all gone, filled in.

541

01:00:04.680 --> 01:00:10.790

Town of Parish: So that channel is open and water froze, flows freely.

542

01:00:11.380 --> 01:00:19.419

Town of Parish: So there won't be any backups anymore. So do you need to put a pipe in it and cover it back up at all, or just going to leave it the way it sets

543

01:00:20.160 --> 01:00:21.290

Town of Parish: works for me.

544

01:00:21.300 --> 01:00:23.660

Town of Parish: You're happy. I'm happy.

545

01:00:24.510 --> 01:00:26.439

Town of Parish: Any other questions about

546

01:00:27.000 --> 01:00:31.390

Town of Parish: that. Did we have more information on security cameras?

547

01:00:31.760 --> 01:00:33.189

Town of Parish: I didn't look yet.

548

01:00:33.200 --> 01:00:34.859

Town of Parish: Okay, I.

549

01:00:35.070 --> 01:00:37.479

Town of Parish: I had a pretty full plate lately.

550

01:00:39.010 --> 01:00:45.000

Town of Parish: Yes, we will be looking into the the ones we discussed on Tuesday.

551

01:00:45.370 --> 01:00:47.520

Town of Parish: We'll hopefully have it by next meeting.

552

01:00:47.620 --> 01:00:50.590

Town of Parish: I even look for a couple more. There is this: We can.

553

01:00:50.600 --> 01:00:52.089

Town of Parish: Okay, everything means

554

01:00:52.100 --> 01:01:06.570

Town of Parish: i'm gonna look at the one that I have. Right. It's the biggest problem. It's just gonna be cost. We just got to figure out cost and see where it wants to go and see how many we need. You gotta. You know It's It's That's why it's a committee, so

555

01:01:07.490 --> 01:01:13.339

Town of Parish: I would say, probably in all honesty, you only need the one

556

01:01:14.410 --> 01:01:15.939

Town of Parish: to

557

01:01:16.160 --> 01:01:18.680

Town of Parish: focus on the building

558

01:01:20.380 --> 01:01:22.959

Town of Parish: on the from the roadside.

559

01:01:22.970 --> 01:01:24.859

Town of Parish: That's where all the

560

01:01:25.380 --> 01:01:29.100

Town of Parish: the things start all the damage,

561

01:01:29.200 --> 01:01:31.949

Town of Parish: I think one at the entrance way to as well.

562

01:01:32.510 --> 01:01:41.500

Town of Parish: Well, the gate will be closed over the winter. So you really don't have to right. But i'm typing gate in the summer, Do we? You know that type of thing you guys may want to

563

01:01:46.680 --> 01:01:49.839

Town of Parish: give it some. Yeah, not yeah. But

564

01:01:52.020 --> 01:01:56.810

Town of Parish: what i'm thinking over the winter tank two is, you know, you got to at least to one

565

01:01:56.950 --> 01:02:06.800

Town of Parish: where the damage was done. Most of the damage is that done on the building? Most of it's in the spring. Is it in the winter, as in the spring.

566

01:02:07.100 --> 01:02:11.370

Town of Parish: Well, it doesn't I i'm not sure the cost.

567

01:02:13.170 --> 01:02:16.369

Town of Parish: We'll figure that out. Yeah, maybe two,

568

01:02:18.290 --> 01:02:21.229

Town of Parish: one to guard the parking lot and

569

01:02:21.430 --> 01:02:25.359

Town of Parish: touch people coming in, and well, if you got one at the main gate,

570

01:02:25.630 --> 01:02:27.230

Town of Parish: you at least get

571

01:02:28.080 --> 01:02:42.499

Town of Parish: because all the car is a lot of them park. And yeah, I know. Yeah, and they don't go down there. But it's the four wheelers coming in from the backside

572

01:02:42.600 --> 01:02:48.799

Town of Parish: the to the swamp. Technically. Yeah, the answer don't you okay through the back of the field there, right?

573

01:02:49.210 --> 01:02:54.960

Town of Parish: So it still may be hard to pinpoint a person

574

01:02:57.150 --> 01:03:00.009

Town of Parish: all right. I'll give it some more thoughts.

575

01:03:00.590 --> 01:03:02.580

Town of Parish: We'll work on that as well.

576

01:03:02.890 --> 01:03:11.539

Town of Parish: Anything else about Meryl Park? Anybody got any questions about it? Okay, we'll move on. Then i'm unfinished business.

577

01:03:11.550 --> 01:03:23.850

Town of Parish: The internal audits that uh Trudy and Mr. Holt still have with the tax collector. Trudy, Would you like to report on that? Yeah, I did a report and make copies of everything for everybody.

578

01:03:23.860 --> 01:03:43.470

Town of Parish: Um, the Times collector to give that to me the twenty fourth his responses in here. Um! And then my response to his. I did up this today. I don't know if you guys just take time to read to it real quick. But I would like to ask the Board to require the debt collector to in the future.

579

01:03:43.480 --> 01:03:50.979

Town of Parish: It was some of the reports that are carried by the tax law and to turn over to the

580

01:03:51.340 --> 01:04:06.299

Town of Parish: Um town supervisor on a weekly basis. The taxes that are owed the money that's owed to equipment accounts. Currently he does not have a check, and account. He has a savings account, and in the past it's always been done. Money is transferred.

581

01:04:06.310 --> 01:04:20.850

Town of Parish: I'm not comfortable with that, and it's been advised to me by layered Petri. We shouldn't be doing it that way, Anyways, there should be a check and account, an actual written check paper trail given to the town supervisor, and then deposit the proper accounts.

582

01:04:21.210 --> 01:04:32.479

Town of Parish: So when that was brought to his attention, he squawked about it his responses in here, so I would like the Board asking the board to advise him that he needs to start doing this

583

01:04:34.380 --> 01:04:37.059

Town of Parish: on

584

01:04:37.070 --> 01:04:40.289

Town of Parish: required by law, which it was because we said that there was

585

01:04:40.300 --> 01:04:43.159

Yeah,

586

01:04:43.220 --> 01:04:45.489

Town of Parish: it's really not an option you don't have,

587

01:04:46.760 --> 01:05:01.190

Town of Parish: and he says in his response that he can't obtain the reports that i'm requesting. But I spoke with Williamson myself, and I said that his tax collector program does have the ability to produce those reports. Now,

588

01:05:01.200 --> 01:05:10.290

Town of Parish: he might not be able to get those reports once he's closed out the month just like. Thus we would print out the reports before we close out the

589

01:05:10.300 --> 01:05:14.629

Town of Parish: so they are obtainable. He just has to take the time to do it.

590

01:05:14.790 --> 01:05:21.509

Town of Parish: And yes, obviously he's not going to have any cash disbursements or cash receipts April through December.

591

01:05:21.920 --> 01:05:24.269

Town of Parish: But we need them for the months that they are,

592

01:05:24.850 --> 01:05:25.910

it's.

593

01:05:26.990 --> 01:05:43.189

Town of Parish: And then next year, when we do this audit again hopefully, it will be easier. We'll be able to understand things better. One of my other comments to him was to He's not He's balancing the bank statements, but he's not dating them. His response is, I don't need to. Well,

594

01:05:43.550 --> 01:05:49.830

Town of Parish: for all we know we balanced all the statements at the end of the year. That's not a really good bookkeeping practice.

595

01:05:49.940 --> 01:06:01.150

Town of Parish: If you date when you balanced it, we can look at it and say, Oh, okay. He balanced it on this date. We look through it ourselves. Yuck, he's right. It balances. He's doing his job the way he's supposed to be doing

596

01:06:03.260 --> 01:06:04.590

Town of Parish: simple request.

597

01:06:04.600 --> 01:06:06.459

Town of Parish: Yes, so where was its response?

598

01:06:06.830 --> 01:06:08.160

Town of Parish: Um!

599

01:06:10.020 --> 01:06:13.419

Town of Parish: Oh, because he got me the town booking for he couldn't even use my name.

600

01:06:16.030 --> 01:06:16.689

It's helpful.

601

01:06:16.700 --> 01:06:18.170

Town of Parish: Yes, thank you for calling that

602

01:06:19.530 --> 01:06:32.459

Town of Parish: this is the key group, and I I put a copy of his email again, because I didn't know if you guys have seen it from the time before. But this was the email that I sent to him my last page for you. So you can refer back to it.

603

01:06:35.770 --> 01:06:40.580

Town of Parish: And I did not respond to this email myself. I decided to wait till the Board meeting

604

01:06:40.970 --> 01:06:42.709

Town of Parish: to bring it up.

605

01:06:51.600 --> 01:06:54.380

Town of Parish: What we can do as a board is remind them of the

606

01:06:54.410 --> 01:07:00.889

Town of Parish: Hmm. It's statutory duties that he has by law to perform as a tax collector

607

01:07:00.970 --> 01:07:02.229

Town of Parish: in.

608

01:07:02.280 --> 01:07:18.090

Town of Parish: We refuses to comply, and then the Board would do what they have to do to any other elected official or out of the officer that refuses to do what they're like mandatory and data to do. That's all we can do like the only power we have. I Um, I understand.

609

01:07:22.920 --> 01:07:34.150

Town of Parish: Confident we can get him to do these. It's not that difficult. He just has to change a little bit of some things that he's been doing,

610

01:07:35.140 --> 01:07:36.980

Town of Parish: and I can even

611

01:07:37.960 --> 01:07:41.670

Town of Parish: speak to him personally. Um,

612

01:07:42.450 --> 01:07:54.259

Town of Parish: and see where I get. The problem is, I've been working mornings lately, and I don't get to see Kevin, as he said his other. You know his his real paying job. Basically but I can certainly

613

01:07:54.410 --> 01:07:58.199

Town of Parish: speak to him concerning these items. He.

614

01:07:58.580 --> 01:08:03.799

Town of Parish: I could even have a sit down with

615

01:08:04.420 --> 01:08:12.079

Town of Parish: him and Trudy in the same room, because I want to make sure that I understand what she's asking for and what

616

01:08:12.210 --> 01:08:14.370

Town of Parish: his responses are.

617

01:08:14.380 --> 01:08:17.469

Town of Parish: And then, like I said. I'm almost positive people.

618

01:08:17.510 --> 01:08:20.589

Town of Parish: He will do these items. I mean he might.

619

01:08:20.910 --> 01:08:26.419

Town of Parish: I have to change a couple little things, but that's all I can do,

620

01:08:29.260 --> 01:08:31.379

Town of Parish: and I will write it down

621

01:08:31.790 --> 01:08:36.219

Town of Parish: to try to catch up with him before the next moon

622

01:08:36.370 --> 01:08:46.490

Town of Parish: before tax collecting season. Even, you know, four months to set up a checking account. All right. Get that, and we will see what happens. I mean, that's all he can do.

623

01:08:46.500 --> 01:08:49.480

Town of Parish: Yeah, okay,

624

01:08:49.490 --> 01:08:56.390

Town of Parish: Got two things we can do diplomatically because you're asking the more for a response.

625

01:08:56.399 --> 01:09:07.349

Town of Parish: I mean, It's because it's a coming clemency. We can do it diplomatically, and which we know in the try, or we can do it regulatorially. By what the law requires.

626

01:09:07.660 --> 01:09:09.309

Town of Parish: Twenty two options

627

01:09:09.470 --> 01:09:14.310

Town of Parish: he'll go with Jims. Just bear in mind there are three. I will not,

628

01:09:14.700 --> 01:09:15.840

Town of Parish: except

629

01:09:15.850 --> 01:09:17.689

Town of Parish: I've done it before,

630

01:09:17.700 --> 01:09:19.590

because that's just not

631

01:09:19.600 --> 01:09:22.700

Town of Parish: down the road. So yeah, that's right.

632

01:09:23.069 --> 01:09:26.619

Town of Parish: So yeah, hopefully, like you said, you can solve it.

633

01:09:26.859 --> 01:09:30.140

Town of Parish: Take care of it. Yes, I will work with him, and um

634

01:09:30.950 --> 01:09:32.559

Town of Parish: see where it goes,

635

01:09:33.740 --> 01:09:35.660

Town of Parish: so we can do

636

01:09:35.670 --> 01:09:38.819

Town of Parish: That's it, is not it? And the audit is to

637

01:09:39.439 --> 01:09:45.180

Town of Parish: make things run smoother and better. And these items don't come on these audits,

638

01:09:45.189 --> 01:10:01.679

Town of Parish: except to the State controllers. They come up with a list of items to check off, as as you know, and Doug knows, and everybody knows not. We've done like the court audits. There's items you have to check off and say yes or no. So all these items came for that type of audit, and we're trying to improve,

639

01:10:01.790 --> 01:10:09.989

Town of Parish: and he's he's asking for a State law of proof that he has to write the date he balance that this is common sense.

640

01:10:10.000 --> 01:10:19.089

Town of Parish: It's not a state, but it's it's on that checklist. It's on that checklist. Yes, it's on the checklist. So it's not something.

641

01:10:19.100 --> 01:10:19.690

Town of Parish: Yeah.

642

01:10:19.700 --> 01:10:39.279

Town of Parish: But we will. We will work. I mean, everybody does their job for twenty years, or However, the number is um change is difficult to do something that you've been doing forever right now, and this is something simply doesn't have to change this process. It just has to initial some things, or possibly get a checking account, or we will work.

643

01:10:39.290 --> 01:10:41.229

Town of Parish: I'll sit down with him and um

644

01:10:41.350 --> 01:10:43.350

Town of Parish: hopefully have a positive outcome.

645

01:10:47.500 --> 01:10:50.679

Town of Parish: Anything else? Any other questions for Trudy?

646

01:10:50.690 --> 01:10:57.730

Town of Parish: That's the only one we have left to audit is the attack, so we will move on with that.

647

01:10:58.500 --> 01:11:02.049

Town of Parish: So that's unfinished business. Anything off the floor.

648

01:11:02.510 --> 01:11:04.260

Town of Parish: I have one item,

649

01:11:04.820 --> 01:11:07.810

Town of Parish: and that is the dog enumeration.

650

01:11:07.820 --> 01:11:08.830

Town of Parish: Kelly,

651

01:11:09.100 --> 01:11:23.130

Town of Parish: Would you like to let everybody know about the dog enumeration, please

652

01:11:23.980 --> 01:11:25.090

Town of Parish: multiple.

653

01:11:25.390 --> 01:11:30.180

Town of Parish: But to date Copenhagen more than one

654

01:11:30.210 --> 01:11:33.430

Town of Parish: um, one hundred and thirty new dogs.

655

01:11:36.820 --> 01:11:38.719

Town of Parish: We have

656

01:11:39.510 --> 01:11:43.789

Town of Parish: one hundred and thirty renewals, and some of them.

657

01:11:44.210 --> 01:11:46.010

Town of Parish: We're in multiple

658

01:11:46.050 --> 01:11:49.609

Town of Parish: renewals where they were behind, so they caught up.

659

01:11:49.790 --> 01:11:59.409

Town of Parish: I know we said. We set a date to start charging a twenty five dollars enumeration fee if they didn't come in, and we

660

01:11:59.800 --> 01:12:03.179

Town of Parish: i'm suggesting that we

661

01:12:03.950 --> 01:12:08.179

Town of Parish: delay that until after the last ravy clique

662

01:12:08.770 --> 01:12:12.340

Town of Parish: to give them the opportunity to get the ravy shots.

663

01:12:13.010 --> 01:12:14.720

Town of Parish: I believe that that's

664

01:12:14.780 --> 01:12:20.159

Town of Parish: the last one, and then October. So maybe begin that

665

01:12:20.210 --> 01:12:23.770

Town of Parish: after that. But that's up to the board. I just thought

666

01:12:24.130 --> 01:12:27.699

Town of Parish: you don't want to make it hard. We want to make it easier.

667

01:12:27.800 --> 01:12:30.530

Yeah. I only want to have a rainy shop

668

01:12:30.660 --> 01:12:32.370

Town of Parish: the goal of it, but they can't license it.

669

01:12:32.480 --> 01:12:35.400

Town of Parish: The goal is to get them licensed.

670

01:12:36.570 --> 01:12:48.719

Town of Parish: Um! After that, if they're not coming in, and I guess the board has to, and Steve has to do what they feel is correct, but that's entirely up to you. It's just a suggestion.

671

01:12:51.270 --> 01:12:59.610

Town of Parish: Any questions or comments on extending what was our what we had October the first telling.

672

01:13:01.800 --> 01:13:09.040

Town of Parish: So when do you want to extend it to? I don't have the camera right here, but I think the last.

673

01:13:14.000 --> 01:13:17.060

Town of Parish: So do you want to extend this to like October thirty first.

674

01:13:17.200 --> 01:13:18.789

That's entirely what three guys were.

675

01:13:18.800 --> 01:13:22.080

Town of Parish: I mean, would that be good with you? Think that's a good day.

676

01:13:23.850 --> 01:13:25.019

Town of Parish: Okay,

677

01:13:25.510 --> 01:13:28.490

Town of Parish: And we're just talking about the penalties on this. Correct?

678

01:13:28.500 --> 01:13:29.389

Yes.

679

01:13:29.640 --> 01:13:36.790

Town of Parish: Okay. Any discussion on something like that, everybody.

680

01:13:36.800 --> 01:13:39.060

Town of Parish: Then you're going to have to send Steve out.

681

01:13:39.120 --> 01:13:41.890

Town of Parish: The more we can get in Then that's the less

682

01:13:41.900 --> 01:13:44.189

Town of Parish: my original. I don't stop there

683

01:13:49.940 --> 01:13:51.450

Town of Parish: right, and we're almost

684

01:13:51.520 --> 01:13:58.329

Town of Parish: out of this contractual account, due to the couple animals that were injured, and we had to pay for it the vats. So we

685

01:13:58.500 --> 01:13:59.670

Town of Parish: um

686

01:14:00.010 --> 01:14:06.289

Town of Parish: all right. So you're looking for a motion. Then, Kelly.

687

01:14:06.300 --> 01:14:10.029

Town of Parish: Well, I don't think we extended it. If you're looking for an extension.

688

01:14:10.040 --> 01:14:11.309

Well, we shouldn't.

689

01:14:11.320 --> 01:14:14.499

Town of Parish: We should probably make a motion to extend it as a board,

690

01:14:17.230 --> 01:14:24.589

Town of Parish: I make a motion to extend the enforcement of the dog in immigration till October thirty First,

691

01:14:25.080 --> 01:14:27.799

Town of Parish: the panel. These are the penalties right With that,

692

01:14:28.090 --> 01:14:31.059

Town of Parish: my second,

693

01:14:32.260 --> 01:14:44.060

Town of Parish: any discussion at all about that anymore. No, we got it first. We got a second. All those in favor, all right, opposed. Abstain motion carries Kelly to extend that to October Thirty first.

694

01:14:45.510 --> 01:14:51.479

Town of Parish: Okay, We're going to move on to new business. We have one bar position that we

695

01:14:51.660 --> 01:14:54.899

Town of Parish: expires at the end of

696

01:14:55.090 --> 01:14:56.290

i'm a thirty

697

01:14:56.300 --> 01:14:59.970

Town of Parish: September the thirtieth, and that is Kevin.

698

01:15:00.250 --> 01:15:18.709

Town of Parish: Um. He's currently on the bar. I spoke with him. He is interested in keeping it in that position, and I know the Board in the past, from my understanding, has issues on whether we put it out in the papers. Do we ask the person to come back. They're still happy.

699

01:15:18.750 --> 01:15:30.869

Town of Parish: I don't know how you guys want to handle all these appointments that run out there's. You know It's supposed to be done by September thirtieth, because they it takes a back October first and the five year term.

700

01:15:30.890 --> 01:15:32.460

You're kind of late

701

01:15:32.670 --> 01:15:36.889

Town of Parish: to advertise it. Unfortunately,

702

01:15:36.900 --> 01:15:42.320

Town of Parish: I thought most of those weren't we well, Richard would know where we, if the person wanted to continue.

703

01:15:42.500 --> 01:15:43.689

We used to do it like,

704

01:15:43.700 --> 01:15:46.989

Town of Parish: let time continue that. That's what we used to do.

705

01:15:47.000 --> 01:15:55.389

Town of Parish: Okay, So then it changed a little bit in the middle, there somewhere, and and that's why I thought it would be good to discuss what we want to do as this,

706

01:15:55.400 --> 01:15:56.619

Town of Parish: you know.

707

01:15:56.630 --> 01:15:58.830

Town of Parish: What does it tell Long side?

708

01:15:59.150 --> 01:16:00.189

Come on,

709

01:16:00.200 --> 01:16:02.790

Town of Parish: just as we have the

710

01:16:02.800 --> 01:16:05.760

Town of Parish: You don't have to advertise it. It's up to you guys.

711

01:16:07.950 --> 01:16:10.690

It's difficult to find anybody to sort of need.

712

01:16:10.700 --> 01:16:14.590

Town of Parish: Yeah, but I would love to see somebody ask them,

713

01:16:14.600 --> 01:16:16.240

Town of Parish: but their name in the

714

01:16:16.520 --> 01:16:18.090

Town of Parish: well to be in

715

01:16:18.100 --> 01:16:19.050

Town of Parish: right.

716

01:16:28.910 --> 01:16:46.560

Town of Parish: But the problem is, you're going to get some. Some people are going to like them some paper or not Right? That's the Board of Assessment Review that we're talking about this position to me. But there's going to be more in the future that will run out that we're going to have to do the same thing, and unfortunately, now I just

717

01:16:46.570 --> 01:17:03.160

Town of Parish: we found out about it. It was like, Oh, well, um! So I mean we can appoint Kevin. It's not going to do us well, because the position will run out.

718

01:17:03.580 --> 01:17:07.940

Town of Parish: Um! We had that situation where two people quit,

719

01:17:08.210 --> 01:17:25.179

Town of Parish: and the next day was grievance, and the real property director called us and said, Find somebody. Now, yeah, and we had to grab people because it's so hard to fill these positions, planning more, doing more of appeals. Nobody wants to do it.

720

01:17:25.500 --> 01:17:26.999

Town of Parish: Does it pay?

721

01:17:27.010 --> 01:17:29.650

Town of Parish: It pays, but not enough to

722

01:17:29.670 --> 01:17:32.989

Town of Parish: it. Is it? For what Is it like here?

723

01:17:33.000 --> 01:17:34.539

Town of Parish: Right? People just

724

01:17:34.610 --> 01:17:44.830

Town of Parish: not come to it because they don't get enough reimbursement for it. So they're not interested. I say we make a decide if we want to vote on whether just

725

01:17:45.310 --> 01:18:02.959

Town of Parish: they have the first option to maintain a retain their appointment position if they don't till we advertise for Yeah, yeah. But I think we should make a resolution deciding that so that in the future we don't need

726

01:18:03.010 --> 01:18:09.820

Town of Parish: name it. The only question that you may have to put in that motion

727

01:18:09.910 --> 01:18:18.989

Town of Parish: is that if the Board is not happy with their service right? Right? That the board Yes,

728

01:18:19.000 --> 01:18:19.989

there's a penny.

729

01:18:20.000 --> 01:18:21.689

Town of Parish: I mean the true funding. Right?

730

01:18:21.700 --> 01:18:22.740

Town of Parish: Yeah, that's right.

731

01:18:23.220 --> 01:18:35.279

Town of Parish: But there's not a requirement for an advertisement. No, unless tomorrow it says, Hey, we don't like what you're doing. We're going to advertise it. You can throw your name in, but we're going to advertise, and what I over my experience with it.

732

01:18:36.010 --> 01:18:46.190

Town of Parish: I've only went to agree with board once, but I I knew what was going on all well, but I was satisfied we never had anyone that I wasn't satisfied.

733

01:18:46.200 --> 01:18:48.580

Town of Parish: It was all reasonable people.

734

01:18:49.580 --> 01:18:54.100

Town of Parish: And again, like Kelly said, you don't have people knock in the door down to the one right

735

01:18:54.290 --> 01:18:58.090

Town of Parish: for any of the appointment positions? That's the biggest problem we got right.

736

01:18:58.100 --> 01:19:04.369

Town of Parish: Oh, yeah, for everybody who wants to be, and it doesn't pay. I can't remember what it means to you the truth. I'd have to.

737

01:19:04.450 --> 01:19:05.730

It's like

738

01:19:05.740 --> 01:19:07.020

Town of Parish: two hundred bucks,

739

01:19:07.030 --> 01:19:08.780

Town of Parish: you know.

740

01:19:08.890 --> 01:19:14.490

Town of Parish: Then with all the school, and they got this going. Yeah, I think it's two hundred.

741

01:19:14.500 --> 01:19:16.880

Town of Parish: I gotta go cut ten go to award.

742

01:19:16.940 --> 01:19:17.889

Town of Parish: We're not

743

01:19:17.900 --> 01:19:19.139

well.

744

01:19:19.240 --> 01:19:22.200

Town of Parish: He's already trained Right? Yeah,

745

01:19:22.230 --> 01:19:24.189

Town of Parish: They already know the jet.

746

01:19:24.200 --> 01:19:26.740

Town of Parish: Oh, yes, we're like in the

747

01:19:27.050 --> 01:19:30.009

Town of Parish: and we're We're pretty close to

748

01:19:30.020 --> 01:19:31.760

Town of Parish: the end of our first October,

749

01:19:31.770 --> 01:19:33.749

and he was

750

01:19:33.980 --> 01:19:36.330

Town of Parish: Yeah, there's four reasons.

751

01:19:37.290 --> 01:19:45.040

Town of Parish: I'll make a motion for a resolution to reappoint any appointee that wants to look by funding approval of the Board

752

01:19:45.390 --> 01:19:46.590

Town of Parish: people.

753

01:19:49.240 --> 01:19:52.489

Town of Parish: I mean the approval of the board here to be a point.

754

01:19:52.500 --> 01:19:53.300

Yeah,

755

01:19:53.450 --> 01:19:54.730

Town of Parish: okay,

756

01:19:55.110 --> 01:19:58.889

Town of Parish: you Second, I will. If that was a motion.

757

01:19:58.900 --> 01:20:02.389

Town of Parish: The motion was by Gary: Yeah. Second by John,

758

01:20:02.400 --> 01:20:04.080

Town of Parish: seconded by Doug.

759

01:20:04.210 --> 01:20:06.010

Town of Parish: Any more discussion,

760

01:20:06.220 --> 01:20:09.189

Town of Parish: hearing on seeing none. Let's have a vote. All those in favor

761

01:20:09.200 --> 01:20:11.630

Town of Parish: opposed,

762

01:20:11.730 --> 01:20:15.039

Town of Parish: abstained motion carries unanimously.

763

01:20:15.460 --> 01:20:17.569

Town of Parish: Thank you. What is being said?

764

01:20:17.800 --> 01:20:23.829

Town of Parish: I make a motion to appoint Kevin to continue the position as

765

01:20:24.070 --> 01:20:24.990

Town of Parish: her.

766

01:20:25.000 --> 01:20:30.189

Town of Parish: I can't I don't if you do,

767

01:20:30.200 --> 01:20:35.689

You're not paying attention for a five-year term. Is that correct? Kelly

768

01:20:35.700 --> 01:20:38.609

Town of Parish: speak up that

769

01:20:38.890 --> 01:20:41.790

one hundred and twenty-two whatever five users

770

01:20:42.690 --> 01:20:49.139

Town of Parish: and we have to do it like that, because we have to go by the real property law in this instance,

771

01:20:49.390 --> 01:20:52.529

Town of Parish: if they don't, follow January.

772

01:20:55.000 --> 01:21:00.390

Town of Parish: Okay. So we have a motion on the floor, second seconded by Robin,

773

01:21:01.180 --> 01:21:06.610

Town of Parish: all those in favor All right here. We already did it, and don't already. Second, that.

774

01:21:06.620 --> 01:21:12.130

Town of Parish: No, this was the point. Kevin Wasn't it? Yeah, Okay, I'm: Sorry.

775

01:21:13.300 --> 01:21:17.340

Town of Parish: We still all are all in favor. I just didn't get the second one.

776

01:21:17.350 --> 01:21:18.849

Town of Parish: We're well covered,

777

01:21:20.600 --> 01:21:23.349

Town of Parish: Are we? Good? Cal? Okay,

778

01:21:23.370 --> 01:21:28.100

Town of Parish: we're gonna move on with our new business. Let's do the shelving for the Records Room,

779

01:21:28.830 --> 01:21:30.070

Town of Parish: Kelly.

780

01:21:30.500 --> 01:21:32.589

Town of Parish: What about the shelving?

781

01:21:33.550 --> 01:21:38.040

Well, it came in. He measured just for our shelves,

782

01:21:38.290 --> 01:21:49.590

Town of Parish: and I've got a check for another fender that wants to be achieved, and I contacted them today. And he said, he has not heard back, and just going to contact him again.

783

01:21:49.600 --> 01:21:52.559

Town of Parish: Um! The original one where the

784

01:21:52.730 --> 01:22:04.069

Town of Parish: the village was involved with the shelving in their room, too, was like six thousand dollars, and, like seventeen hundred of that, was for delivery and installation, which we don't

785

01:22:04.460 --> 01:22:06.849

Town of Parish: that we don't need the installation.

786

01:22:07.370 --> 01:22:09.679

Town of Parish: So I,

787

01:22:09.810 --> 01:22:13.590

Town of Parish: It's going to be less than

788

01:22:13.600 --> 01:22:25.350

Town of Parish: it's good. Basically, it's one shelf that the village took out of our current room. We have room for one more shelf. We have to buy that shelf, and I told Kelly

789

01:22:25.500 --> 01:22:40.469

Town of Parish: she gets it. What we plan on doing is probably the justice, because it is for the justice records. We will split it with them because they can't use the whole shelf for justice records. We could use half of it, and we'll pull it out of um.

790

01:22:41.260 --> 01:22:50.740

Town of Parish: I don't even remember where we said. But when the when the bill comes in, or she looks at it, she approves what we need, some from justice, some from justice, and some from

791

01:22:50.750 --> 01:22:51.789

Town of Parish: on it.

792

01:22:51.800 --> 01:23:03.589

Town of Parish: Oh, right, we have that audit account in this year's budget we weren't planning on the shelf, so it's not enough in Kelly's budget, so we can pull it out of the audit account.

793

01:23:03.600 --> 01:23:13.989

Town of Parish: We don't know yet, like probably seven hundred and fifty dollars. I mean they're they're big, heavy gauge sales around that. That's why I was. I was still going with what was gold-plated.

794

01:23:14.000 --> 01:23:26.389

Town of Parish: If you've never been down in the Records room. It holds many, many boxes. You know how many it's about. What is that? About fifteen or twenty feet long belly?

795

01:23:26.400 --> 01:23:28.499

Town of Parish: It's all to fifteen feet long,

796

01:23:28.560 --> 01:23:47.440

Town of Parish: probably about four shelves, and it pulls those big boxes almost like paper rain boxes right, and it holds them on both sides, so it's wide enough to hold two of those boxes, so there's a ton of weed up there. Um! And according to the Kelly, when we got the grant from the state. We have to maintain that same type of shelving

797

01:23:47.450 --> 01:23:52.019

Town of Parish: to please the State record keeping.

798

01:23:52.160 --> 01:23:53.189

Okay? Well, now, I know

799

01:23:53.200 --> 01:23:55.289

Town of Parish: for Grants right

800

01:23:55.300 --> 01:23:56.190

Town of Parish: from that.

801

01:23:56.200 --> 01:24:00.490

Town of Parish: So what's the total costs going to be. We don't, he doesn't know. I mean you.

802

01:24:00.710 --> 01:24:04.969

Town of Parish: You have a guess. Well, first of all, you can go with a different vendor

803

01:24:04.980 --> 01:24:07.790

Town of Parish: because six thousand dollars is insane.

804

01:24:07.800 --> 01:24:08.790

Town of Parish: Yeah.

805

01:24:08.800 --> 01:24:16.190

Town of Parish: Well, that that was for three of those shelves and removing the old ones moving at three three shows. Oh, Yeah, it's crazy.

806

01:24:16.200 --> 01:24:17.809

Well, at the time,

807

01:24:17.820 --> 01:24:25.310

Jackie working at five for a grant, we were hoping to get a grants and then hurry up and get the stocks and the price

808

01:24:26.390 --> 01:24:27.959

we didn't get the graph.

809

01:24:28.270 --> 01:24:31.179

So we do. They took their shelf.

810

01:24:31.940 --> 01:24:35.609

They want to buy more shells that's up to them. We need to shell.

811

01:24:35.620 --> 01:24:37.609

Town of Parish: What's that in there? Tell

812

01:24:39.190 --> 01:24:41.189

the skate off the shelves.

813

01:24:41.200 --> 01:24:42.890

Town of Parish: Okay, We went, and

814

01:24:42.900 --> 01:24:44.200  
i'm from.

815

01:24:44.620 --> 01:24:48.489  
Town of Parish: We were left with two shelves. They took one shot.

816

01:24:48.500 --> 01:24:51.189  
Town of Parish: Okay. Worst case is six grand.

817

01:24:51.200 --> 01:24:53.349  
Town of Parish: No, no, no, no, no,

818

01:24:53.910 --> 01:24:54.989  
Town of Parish: it's not going to be such

819

01:24:55.000 --> 01:24:57.639  
Town of Parish: that six grand was for three shelves.

820

01:24:57.820 --> 01:25:04.669  
Town of Parish: It's the and installation and labor. And what do we really need? One job?

821

01:25:04.990 --> 01:25:07.009  
Town of Parish: Okay, that's two thousand,

822

01:25:07.330 --> 01:25:09.989  
Town of Parish: possibly at the most.

823

01:25:10.000 --> 01:25:14.570  
Town of Parish: Yes, that's what I would say.

824

01:25:14.680 --> 01:25:17.690  
Town of Parish: Does he return to one thousand seven hundred for Delaware. And

825

01:25:17.700 --> 01:25:27.489  
Town of Parish: Oh, no, I Yeah, yes, we're gonna we'll. We'll get it when it comes in. She'll get the price. We just I put it on here because I thought we'd have the information,

826

01:25:27.500 --> 01:25:33.290

Town of Parish: and we did. We just didn't get the information out of time.

827

01:25:33.300 --> 01:25:35.590

Town of Parish: We'll get there for next month and

828

01:25:42.230 --> 01:25:45.209

Town of Parish: anything else, Kelly. On that issue

829

01:25:47.000 --> 01:25:57.959

Town of Parish: We're gonna move on. We. I need a motion to approve Cameron Graham to the Parish Volunteer Fire Company.

830

01:25:59.870 --> 01:26:00.990

He speaks

831

01:26:03.450 --> 01:26:08.999

Town of Parish: a little boy to be seen, and not heard any discussion on that

832

01:26:09.610 --> 01:26:17.150

Town of Parish: great. All those in favor, all right, opposed, abstained motion carries to approve the

833

01:26:17.570 --> 01:26:26.930

Town of Parish: Cameron Graham to the Parish Volunteer Fire Company,

834

01:26:27.360 --> 01:26:29.379

Town of Parish: so he's really interested

835

01:26:30.220 --> 01:26:30.790

to

836

01:26:30.800 --> 01:26:38.759

Town of Parish: hey. The more members you can get the better. It's hard to find

837

01:26:39.250 --> 01:26:41.879

Town of Parish: that's even better class. But it's losing my life

838

01:26:41.930 --> 01:26:43.130  
closer.

839

01:26:49.560 --> 01:27:03.940  
Town of Parish: Any. Is there any new business off the floor? Anything that you want to bring up? Anything new, Gary?

840

01:27:04.990 --> 01:27:06.769  
Town of Parish: I thought we did that.

841

01:27:06.780 --> 01:27:10.980  
Town of Parish: We said October, but we didn't set it. Oh, for

842

01:27:11.050 --> 01:27:13.890  
Town of Parish: we got to advertise right?

843

01:27:14.480 --> 01:27:18.740  
Town of Parish: Oh, no. Oh, yeah, we do have to advertise right for a public hearing. Yeah, yeah,

844

01:27:18.750 --> 01:27:23.329  
Town of Parish: how long do you have to advertise before the actual period? Five days?

845

01:27:23.940 --> 01:27:25.860  
Town of Parish: So we could.

846

01:27:26.960 --> 01:27:28.100  
Town of Parish: Did he have it?

847

01:27:28.250 --> 01:27:36.700  
Town of Parish: Yeah. So I mean, I thought we talked about doing it fifteen minutes before the next board meeting. We didn't we had it up. Somebody got.

848

01:27:36.930 --> 01:27:40.279  
Town of Parish: I don't know we lost it.

849

01:27:40.290 --> 01:27:42.790  
Town of Parish: So i'm tomorrow.

850

01:27:42.800 --> 01:27:47.310

Town of Parish: So five days before the next meeting, we need a motion then to

851

01:27:47.650 --> 01:27:49.379

Town of Parish: set up, or,

852

01:27:49.430 --> 01:28:01.919

Town of Parish: yeah approve of public hearing. I mean, I want to say that I moved.

853

01:28:02.420 --> 01:28:07.989

Town of Parish: You are probably moved by the idea.

854

01:28:13.100 --> 01:28:15.439

Town of Parish: So when when is our next meeting

855

01:28:15.450 --> 01:28:24.619

Town of Parish: on the twentieth at six thirty. We had talked about doing this town the the talent thing at six o'clock that night before the meeting.

856

01:28:24.630 --> 01:28:29.700

Town of Parish: You mean six, fifteen, yeah, six, six, fifteen. It doesn't matter. Let's do it. Six, fifteen.

857

01:28:30.000 --> 01:28:33.920

Town of Parish: Okay. So then I need a motion to hold a public hearing.

858

01:28:34.410 --> 01:28:48.089

Town of Parish: That. Would that be a local law, Bob? Or if it's approved,

859

01:28:48.100 --> 01:28:54.039

Town of Parish: the county had a local lock. According to Denise, we have something on a pile already.

860

01:28:54.050 --> 01:29:00.389

Town of Parish: Yeah, because yeah, she said, it was a local law, and that's just would be an amendment. Well, it's stayed in their way to either

861

01:29:00.400 --> 01:29:02.739

create it or amend it.

862

01:29:02.750 --> 01:29:05.719

Town of Parish: I don't know yet which one it does

863

01:29:05.730 --> 01:29:10.479

Town of Parish: probably an amendment. I think it's rather better to be covered.

864

01:29:10.600 --> 01:29:18.090

Town of Parish: The twelfth five. Yeah. So yeah, that had to be approved by a local law. So this would just be an amendment to the local law.

865

01:29:18.100 --> 01:29:23.110

Town of Parish: So cover on both. Then can we? Can we make a motion to cover it both ways?

866

01:29:23.690 --> 01:29:28.589

Town of Parish: Go ahead, Mr. Holt, and you said it nicely

867

01:29:28.600 --> 01:29:31.449

Town of Parish: the way you talk. I think well

868

01:29:32.570 --> 01:29:34.459

Town of Parish: make the motion to do it.

869

01:29:34.930 --> 01:29:37.389

Town of Parish: Yeah, but

870

01:29:37.400 --> 01:29:47.989

Town of Parish: you had so nicely you said either one that's a fleeting moment.

871

01:29:48.000 --> 01:29:52.589

Town of Parish: Wow. Okay. But maybe they're completed or amended.

872

01:29:52.600 --> 01:29:56.689

Town of Parish: Okay, the exemption.

873

01:29:56.700 --> 01:29:57.660

Okay.

874

01:29:57.870 --> 01:30:03.589  
Town of Parish: So take action. Move that

875  
01:30:03.600 --> 01:30:06.590  
Town of Parish: correct.

876  
01:30:06.600 --> 01:30:09.889  
Yes,

877  
01:30:09.900 --> 01:30:13.590  
Town of Parish: Doug made the motion. Do I have a second?

878  
01:30:13.600 --> 01:30:16.389  
Town of Parish: Nope. Come with that. Give it to Richard.

879  
01:30:16.400 --> 01:30:26.619  
Town of Parish: We go, seconded by Richard all those in favor

880  
01:30:26.760 --> 01:30:31.380  
Town of Parish: I've seen. Thank you, Kelly, for bringing that to our attention. Yes,

881  
01:30:32.770 --> 01:30:51.690  
Town of Parish: I'm gonna miss more stuff any other new business off the floor that we haven't. Oh, Algae, I can hear from you.

882  
01:30:51.980 --> 01:30:55.590  
Town of Parish: We've got a couple of loop driving. It's very really successful,

883  
01:30:56.700 --> 01:30:58.250  
Town of Parish: and everything is

884  
01:30:58.350 --> 01:31:12.379  
Town of Parish: Ah! We refurbished our old bell from the fire station. It's out in front by the car. Wash on two posts. Not done yet. I got to get another flag.

885  
01:31:12.590 --> 01:31:16.080  
Town of Parish: So right you sign that we had made made up.

886  
01:31:16.130 --> 01:31:23.560

Town of Parish: They're still trying to figure out how we can get them like either inside of that or around it. So we do run power to it. So,

887

01:31:23.810 --> 01:31:29.849

Town of Parish: working out our little bell project or president. I've been working on it for a couple of years. Something to be health there.

888

01:31:30.110 --> 01:31:33.610

Town of Parish: It's just coming through.

889

01:31:33.710 --> 01:31:35.429

Town of Parish: Check out the nouvelle.

890

01:31:35.760 --> 01:31:50.730

Town of Parish: I did see it

891

01:31:50.740 --> 01:32:04.589

Town of Parish: um sunlight out there, so it's pretty dark in our parking lots. We're going to run power to that. We're going to put an outline on it, so we do hire deep double. J again. We plug the loader into the winter time.

892

01:32:04.640 --> 01:32:07.949

Town of Parish: In other words, i'm not continuing to power it up to that sign

893

01:32:08.090 --> 01:32:11.799

Town of Parish: Don't Progress. But we're working on it. If anybody wants to check it out,

894

01:32:12.060 --> 01:32:18.689

Town of Parish: do a very nice job, and it's a very nice looking right out, I mean, for a lot of work. They're not.

895

01:32:19.580 --> 01:32:21.469

Town of Parish: No, it's nice.

896

01:32:21.530 --> 01:32:27.469

Town of Parish: It's It's been a we to be on the firehouse of it which it has for years Cool, Nice. I remember that.

897

01:32:27.920 --> 01:32:31.690

Town of Parish: Okay. Anything else from anybody.

898

01:32:31.810 --> 01:32:41.329

Town of Parish: We're gonna move on to approval in the bills, but he should have received. My supervisor's report any questions on that.

899

01:32:46.920 --> 01:32:55.309

Town of Parish: If you do in the future, my door is always open, and hopefully Trudy is there to assist me

900

01:32:56.350 --> 01:32:57.860

Town of Parish: of it

901

01:32:59.000 --> 01:33:05.190

Town of Parish: transfers. We have one transfer. You guys should have received a transfer sheets.

902

01:33:05.200 --> 01:33:11.179

Town of Parish: So you're aware what we're trying to move is from our audit account,

903

01:33:12.350 --> 01:33:20.470

Town of Parish: the insurance account, and the reason we have to move it to the insurance accounts. When the budget was set up

904

01:33:21.410 --> 01:33:27.620

Town of Parish: you set the set. Price was twenty, seven, ten,

905

01:33:28.130 --> 01:33:39.999

Town of Parish: and in each budget it was thirteen thousand five hundred and fifty dollars to the general account, to cover some of the insurance, and thirteen thousand five hundred and fifty dollars to the highway account.

906

01:33:40.480 --> 01:33:53.869

Town of Parish: Well, when myself and actually Kelly did, we took it down and broke it down, instead of just doing halves with a budget amount. We put the monies where it came out of,

907

01:33:53.900 --> 01:33:57.759

Town of Parish: so there was no reason to charge the highway more

908

01:33:57.780 --> 01:34:12.329

Town of Parish: when some of the things were for the building, which is under the general account. I mean. It was easier just to do fifty fifty, but it's not a fifty fifty split when we break down all the accounts of the insurance. So when we did that, we didn't have enough money in the budget

909

01:34:12.540 --> 01:34:22.709

Town of Parish: to cover the general account, which was sixteen thousand nine hundred and forty, and you'll see that on the vultures we only had one thousand five hundred and fifty.

910

01:34:24.300 --> 01:34:25.410

Town of Parish: Okay,

911

01:34:25.680 --> 01:34:29.309

Town of Parish: We were over on the highway from, you know, the

912

01:34:29.480 --> 01:34:42.659

Town of Parish: because the budget amount was exceeded the actual price. But once the money's in that da account, it can't come out of the da account, so I couldn't just say what would just transfer what's over the budget amount was

913

01:34:42.670 --> 01:35:01.380

Town of Parish: within the eighty dollars, and it wasn't it was low, you know, lower than the budget and amount, but I just can't do it to correct it. So I knew that there was money still left over in the audit account instead of moving it from fund balance. Let's burn up the money in that account, so we don't have to go back and forth to the fund balance with just

914

01:35:01.520 --> 01:35:05.719

Town of Parish: drives are crazy. So that's why i'm asking it to go from

915

01:35:06.440 --> 01:35:11.299

Town of Parish: the audit account line, which we know we have extra money in to the insurance line

916

01:35:11.400 --> 01:35:14.980

Town of Parish: of the three thousand three hundred and ninety dollars and eighty cents.

917

01:35:15.650 --> 01:35:18.490

Town of Parish: Is there any questions on that transfer?

918

01:35:19.940 --> 01:35:29.830

Town of Parish: No, okay, great. I explained it all right. Then I was waiting to see if somebody fully understood it. So that's great. Can I have a motion to approve the transfer

919

01:35:33.160 --> 01:35:41.799

Town of Parish: Robin seconds all in favor. Aye opposed abstain. Thank you to transfer those money between accounts.

920

01:35:43.870 --> 01:35:46.530

Town of Parish: We will now move on to the

921

01:35:47.830 --> 01:36:01.039

Town of Parish: of vouchers. I need a motion for the general aphon to remove vouchers, one hundred and seventy through one hundred and eighty-six for thirty two thousand dollars, four hundred and sixty six dollars and fourteen cents

922

01:36:03.710 --> 01:36:05.889

Town of Parish: now a second. There,

923

01:36:05.900 --> 01:36:07.010

Town of Parish: Richard,

924

01:36:07.040 --> 01:36:12.460

Town of Parish: all those in favor aye opposed, abstained.

925

01:36:12.670 --> 01:36:25.499

Town of Parish: I now need a motion for the highway fund. The da fond of group vouchers, ninety-seven through one hundred and six, at twenty two thousand five hundred and sixty, four dollars, and seventy three cents don't go on a second.

926

01:36:26.630 --> 01:36:29.860

Town of Parish: Richard need the motion. Robin seconded

927

01:36:29.970 --> 01:36:36.099

Town of Parish: all those in favor Aye, opposed, abstained motion carries

928

01:36:37.180 --> 01:36:48.229

Town of Parish: back, setting the motion for the highway fund, the Db. Fund to approve vouchers one hundred and seven and one hundred and eight

at eight thousand eight hundred and fifty, two dollars and seventy two cents

929

01:36:48.250 --> 01:36:57.470

Town of Parish: I'll. Second. Robin made the motion seconded by Gary, all those in favor aye opposed abstain. Motion carried

930

01:36:58.910 --> 01:37:11.019

Town of Parish: next item on the agenda. I need a motion to enter into executive session to discuss the appointment of personnel, and to discuss the litigation of pastown officials.

931

01:37:11.280 --> 01:37:14.450

Town of Parish: Can I have that motion, please?

932

01:37:14.460 --> 01:37:26.640

Town of Parish: Gary, seconded by Doug, all those in favor opposed staying. We will now go into executive session. Remember, we're still being reported until Paul says we are not

933

01:37:26.650 --> 01:37:28.660

okay. I'd like to uh

934

01:37:37.690 --> 01:37:40.360

the waiting rooms. And Now

935

01:37:57.600 --> 01:38:00.639

Town of Parish: I am we admitting, Eleanor,

936

01:38:03.540 --> 01:38:11.420

Town of Parish: and you want to make a motion to exit executive session. We already did it. It's not on the recording. So, all right.

937

01:38:11.530 --> 01:38:16.690

Town of Parish: Make a motion to executive the accent executive session, and I second it,

938

01:38:16.700 --> 01:38:18.050

Town of Parish: I

939

01:38:19.820 --> 01:38:29.589

Town of Parish: Okay, we're out of Exact here all all those in favor.

940

01:38:32.070 --> 01:38:41.649

Town of Parish: All right. We're gonna be back in regular session. The first thing we need to do is to appoint the court clerk, the

941

01:38:42.250 --> 01:38:45.750

Town of Parish: Kelly. Do we have to make a motion to read. Zoom.

942

01:38:46.050 --> 01:38:54.089

Town of Parish: No? Okay. All right. I had that one straight.

943

01:38:54.100 --> 01:39:02.450

Town of Parish: Yes, So I just need a motion to point to the angst as the court clerk Effect of nine, one of two thousand and twenty two. I'll move. Second,

944

01:39:03.620 --> 01:39:19.260

Town of Parish: you got those Kelly. All those in favor aye opposed. Abstain Motion carries unanimously. We also accept the resignation of Sheila deega dagger. But we don't need a motion to accept her resignation, do we, Kelly?

945

01:39:19.600 --> 01:39:21.290

No, I have a choice as Well,

946

01:39:21.300 --> 01:39:24.089

Town of Parish: you don't have a choice, right? So she's coming back and we say, No,

947

01:39:24.100 --> 01:39:24.590

yeah,

948

01:39:24.600 --> 01:39:25.389

Town of Parish: okay.

949

01:39:29.960 --> 01:39:36.240

Town of Parish: The next thing we need to do is we missed a transfer,

950

01:39:36.920 --> 01:39:39.170

Town of Parish: and so we need a motion

951

01:39:39.920 --> 01:39:43.260

Town of Parish: to transfer three thousand five hundred dollars

952

01:39:43.420 --> 01:39:45.150

Town of Parish: from our

953

01:39:45.860 --> 01:39:48.050

Town of Parish: contingency account

954

01:39:48.580 --> 01:39:50.900

Town of Parish: to the deputy

955

01:39:51.580 --> 01:39:53.279

Town of Parish: clerk account.

956
