**IN THE MATTER**

**OF**

**TOWN OF PARISH ESTABLISHING ENERGY  
BENCHMARKING REQUIREMENTS FOR  
CERTAIN MUNICIPAL BUILDINGS**

**RESOLUTION**

---

The **TOWN BOARD OF TRUSTEES OF THE TOWN OF PARISH**, in the County of Oswego, State of New York, met in regular session at the Municipal Building, located at 2938 E. Main Street, in the Town of Parish, County of Oswego, State of New York, on the 16<sup>th</sup> of February 2023 at 6:30pm.

The meeting was called to order by Supervisor James Bernys, and the following were present, namely: James Bernys, Supervisor  
Doug Houghton, Councilor  
Gary Wood, Councilor  
Robin Eaton-Novak

Also Present: Robert Genant, Town Attorney, and Kelly Reader-Petit, Town Clerk

Absent: G. Richard Horning, Councilor

The following resolutions were moved, seconded and adopted:

**WHEREAS**, buildings are the single largest user of energy in the State of New York; the poorest performing buildings typically use several times the energy of the highest performing buildings—for the exact same building use; and

**WHEREAS**, collecting, reporting, and sharing building energy data on a regular basis allows municipal officials and the public to understand the energy performance of municipal buildings relative to similar buildings nationwide, and equipped with this information the Town Of Parish is able to make smarter, more cost-effective operational and capital investment decisions, reward efficiency, and drive widespread, continuous improvement; and

**WHEREAS**, the Parish Board of Trustees desires to use Building Energy Benchmarking, a process of measuring a building's energy use, tracking that use over time, and comparing performance to similar buildings, to promote the public health, safety, and welfare by making available good, actionable information on municipal building energy use to help identify opportunities to cut costs and reduce pollution in the Town of Parish; and

**WHEREAS**, as such the Parish Town Board desires to establish procedure or guideline for Town of Parish staff to conduct such Building Energy Benchmarking; and

**NOW THEREFORE, IT IS HEREBY RESOLVED AND DETERMINED**, that the following specific policies and procedures are hereby adopted and imposed as active and affirmative financial internal control procedures of the Town of Parish:

## **BUILDING ENERGY BENCHMARKING POLICY/PROCEDURES**

(7) "Energy Performance Score" shall mean the numeric rating generated by Portfolio Manager that compares the Energy usage of the building to that of similar buildings.

(8) "Energy Use Intensity (EUI)" shall mean the kBtUs (1,000 British Thermal Units) used per square foot of gross floor area.

(9) "Gross Floor Area" shall mean the total number of enclosed square feet measured between the exterior surfaces of the fixed walls within any structure used or intended for supporting or sheltering any use or occupancy.
