

WEBVTT

1

00:00:17.110 --> 00:00:18.970

Town of Parish: Please stand for the pledge.

2

00:00:35.290 --> 00:00:38.510

Thank you. Natasha. Hey? I'm here.

3

00:00:38.580 --> 00:00:40.519

Town of Parish: They do an elementary school.

4

00:00:40.760 --> 00:00:43.120

What's that pledge?

5

00:00:45.450 --> 00:00:46.489

Town of Parish: Okay, girls.

6

00:00:47.630 --> 00:01:01.420

Town of Parish: this goes with that. That's the actual receipt. So you can. You know you can look at it, put it with alright.

7

00:01:01.500 --> 00:01:03.529

Town of Parish: Can I have the roll call? Please

8

00:01:05.990 --> 00:01:06.850

present

9

00:01:06.960 --> 00:01:08.780

Town of Parish: Councillor horny present.

10

00:01:08.980 --> 00:01:11.209

Town of Parish: I'm here.

11

00:01:11.300 --> 00:01:13.600

Town of Parish: Supervisor Burns, President

12

00:01:15.090 --> 00:01:16.560

fantastic.

13

00:01:18.570 --> 00:01:20.360

We will move on

14

00:01:21.430 --> 00:01:32.449

Town of Parish: to the public comment period. I know we only have one visitor, so I'm not even gonna grab the list. Mr. Rezinski, please

15

00:01:42.260 --> 00:01:44.680

Town of Parish: give give one to the

16

00:01:45.260 --> 00:01:52.530

Town of Parish: thank you. Big writing. Thank you.

17

00:01:52.640 --> 00:02:08.500

Town of Parish: Reason they haven't been around lately is because they can't stand to sit there and not be able to say anything. Okay, I got a couple of things here to deal with veterans. Anyways, my first one is is that when we passed the town wall

18

00:02:08.520 --> 00:02:15.670

Town of Parish: relative to senior exemption we only opted for point a

19

00:02:15.840 --> 00:02:20.280

Town of Parish: point d allows

20

00:02:20.960 --> 00:02:27.300

Town of Parish: veterans who are receiving disability benefits to not count that towards

21

00:02:27.350 --> 00:02:30.790

Town of Parish: their their wages or their or their income.

22

00:02:31.020 --> 00:02:52.749

Town of Parish: And I'm asking the Board to look at that, and to look at implementing section D, I'm gonna tell you what it's gonna involve next to nothing, because the threshold so low. Anyways, that's really, you know, it's really not gonna have any effect on other people having to pay taxes. So I'm asking you to look at that.

23

00:02:53.110 --> 00:02:56.600

Okay, second thing.

24

00:02:58.130 --> 00:03:03.429

Town of Parish: we're looking at the board to look at renaming Meryl Park.

25

00:03:03.820 --> 00:03:19.020

Town of Parish: You know Dr. Merrill was a respected pillar of the town, and this request is not through sight of his accomplices or his dedication to the community. We're researching the reason Mark was named after him. There was no record that could be probably outstanding why or when.

26

00:03:19.080 --> 00:03:33.339

Town of Parish: Now I've been trying to deal with the Town Historical Society, and they keep telling me they're gonna get back to me, cause I was trying to find out if Dr. Merle was a veteran, or whatever the case may be. So

27

00:03:33.520 --> 00:03:45.239

Town of Parish: the fact that someone said that he Dedic that he donated the property is not sold. The property was the property was bought by the Jcs.

28

00:03:45.560 --> 00:03:55.840

Town of Parish: Donated to the town, and then, for some reason, the town sent it to the county. Send it back to us when he was a town goes on it. Now

29

00:03:56.100 --> 00:03:58.850

Town of Parish: I've got 2 suggestions. One is.

30

00:03:58.880 --> 00:04:07.069

Town of Parish: keep Dr. Meryl in there. Meryl veterans, Memorial Park, or the town of Paris veterans, Memorial Park.

31

00:04:07.240 --> 00:04:12.849

Town of Parish: I just think it would be appropriate to honor our background. This community, with

32

00:04:13.430 --> 00:04:27.119

Town of Parish: the park being named after veterans and possibly keeping Dr. Merrill's on there. In fact, I wouldn't even call it Merle if I was gonna do it. I call it, you know, I think the slate against him would just have, you know, just have that back there.

33

00:04:27.310 --> 00:04:41.260

Town of Parish: Okay, so that's there. The next thing is is that we Robin and I have looked at this military banners overground, and it sort of fell through the cracks. So

34

00:04:41.390 --> 00:04:44.449

Town of Parish: I'd be willing to take the task on

35

00:04:44.530 --> 00:04:47.260

Town of Parish: the thing is, you have to have at least 30 people

36

00:04:47.470 --> 00:04:52.119

Town of Parish: to sign up for it, and there was some controversy about the polls and everything else.

37

00:04:52.300 --> 00:05:13.110

Town of Parish: My suggestion is this, the tone gives me approval to pursue it, that once we do it, that I would hang the posters down at the park on the fence, plenty of room, a place to honor all veterans in one place, and then I think it might also draw people. So, anyway.

38

00:05:13.170 --> 00:05:36.400

Town of Parish: having said that I've given you a copy of the program. Manners program. It pretty much explains it. Probably the biggest hurdle is to get 30 people, you know. But if you do that and you get 30 people, I plan on our Facebook page getting people to come to me and tell me if they're interested or not. So.

39

00:05:38.440 --> 00:06:03.340

Town of Parish: Mr. Supervisor, thank you for your long use to speak with this. All spirit group. Mexico is another place. These things are really nice, you know. They they show a picture of the veteran and then their timeframe.

40

00:06:03.340 --> 00:06:20.649

Town of Parish: But they were in the military. It's it's very. It's very nice one over Mexico is very, very well done. The one on the sort of like the one in the swigo is 2 years behind you can't. You can't get in on it. My dad's a World war 2 veteran. I'm trying to get him over there

41

00:06:21.190 --> 00:06:41.899

Town of Parish: 2 years before you can even apply again. Alright, so what I suggest we do is we look at this stuff cause there's numerous items in here. We bring it back next month. We'll give everybody time to think about it, and then I can put some of those things on the agenda, and we can discuss what Mr. Rezinski is brought before us.

42

00:06:43.310 --> 00:06:55.290

Town of Parish: That's all I'm asking for. I'll give a copy of this Kelly, too. Alright, thank you. Okay, so

43

00:06:55.480 --> 00:07:01.710

Town of Parish: yes, sir, we will do that, and that will give everybody time, and we'll place it on the agenda.

44

00:07:02.710 --> 00:07:08.309

Town of Parish: We move on to the supervisors, comments, I do have some this evening.

45

00:07:08.550 --> 00:07:12.129

Town of Parish: Oh, I did not last.

46

00:07:13.500 --> 00:07:16.420

This is big work.

47

00:07:16.540 --> 00:07:18.570

Town of Parish: Alright. So

48

00:07:18.620 --> 00:07:43.759

Town of Parish: since our last meeting I attended a budget roundtable webinar given by Aot, and I've been busy working on a 2024 budget, I will discuss this later on. In the agenda, Angie has been busy working with a New York State retirement system on upgrading us to the enhanced reporting system which is a requirement as of 1231 23. She completed this upgrade this month.

49

00:07:44.350 --> 00:07:51.549

Town of Parish: along with her normal duties. She is currently working on assisting the court clerk with going over the past Justice Court records.

50

00:07:52.300 --> 00:07:57.450

Town of Parish: I want to take this time now to thank our town attorney, Bob Gannett and his staff

51

00:07:57.610 --> 00:08:00.350

for all our hard work in the past couple of months.

52

00:08:01.080 --> 00:08:04.089

Town of Parish: Kelly, reader, also put in a lot of time as well.

53

00:08:05.250 --> 00:08:12.680

Town of Parish: but with Bob I was able to see Bob work in person, and I want to say that I was impressed. So thanks again, Bob.

54

00:08:12.700 --> 00:08:15.280

Town of Parish: Finally. I am proud to say

55

00:08:15.450 --> 00:08:24.519

Town of Parish: that the town of Paris has won the case against the past supervisor, and await the payment of monies that are due back to the town of Paris. Taxpayers

56

00:08:26.020 --> 00:08:29.949

Town of Parish: that ends my supervisor's comments. Any councilor comments.

57

00:08:31.500 --> 00:08:32.820

Town of Parish: but it's like the

58

00:08:33.059 --> 00:08:39.490

Town of Parish: Oh, so thank Bob and Kelly and you for the time put in and go on to the deal, and the town board

59

00:08:39.590 --> 00:08:42.560

pursuing this and maybe setting a precedence, that

60

00:08:43.480 --> 00:08:47.950

Town of Parish: it's our constituents money. And it's there's and

61

00:08:48.070 --> 00:08:53.089

Town of Parish: great job. Everybody. Thank you. Any other councilors.

62

00:08:54.030 --> 00:08:54.880

Okay.

63

00:08:56.640 --> 00:09:02.970

Town of Parish: okay, thank you. Then I'm gonna move on on the agenda. Then

64

00:09:03.770 --> 00:09:05.490

to approve the minutes.

65

00:09:06.500 --> 00:09:07.349

Move

66

00:09:08.480 --> 00:09:11.879

Town of Parish: of the 1720 23 regular meeting

67

00:09:12.080 --> 00:09:14.509

Town of Parish: Robin and Gary

68

00:09:14.720 --> 00:09:16.510

Town of Parish: any discussion on that.

69

00:09:16.760 --> 00:09:22.059

Town of Parish: All those in favor aye, opposed and abstain. Fantastic

70

00:09:22.160 --> 00:09:35.790

Town of Parish: department reports. I did not have time for the CEO Zeo, but it is probably in my box. I forgot to look in it before I came in. It's in there, thank you.

71

00:09:36.240 --> 00:09:37.460

Town of Parish: I will read it.

72

00:09:37.760 --> 00:09:43.380

I asked for it the other day, but, like I said, we were busy. In court. So here it goes.

73

00:09:43.660 --> 00:09:54.370

Town of Parish: Building permits year to date. 60 building permits were 8 fire inspections, 2 violations year to date, 35 violations is one.

74

00:09:54.540 --> 00:09:58.300

Town of Parish: The building and property maintenance inspections are 22

75

00:09:58.490 --> 00:10:03.420

Town of Parish: C. And O's are 7 condemned property one and one permit renewal.

76

00:10:03.590 --> 00:10:18.890

Town of Parish: For the month of August I've been busy with building inspections and complaints. I also spoke with a judge, and would be setting up a setting up a time to meet for properties to go to court. I've spoken to dollar Dollar General, several times regarding a water issue. They are now going to address it.

77

00:10:19.520 --> 00:10:26.029

Town of Parish: I will be attending training classes on September 20, sixth and twenty-seventh in Syracuse. Regarding code enforcement.

78

00:10:26.180 --> 00:10:31.049

Town of Parish: I also have been busy with the Marabido gas station and the contractors

79

00:10:31.080 --> 00:10:44.250

Town of Parish: with inspections. This project is progressing nicely. I've spoke with several realtor re real regarding properties and also interested buyers for property.

80

00:10:44.870 --> 00:10:47.979

Town of Parish: That is the code Enforcement officer. Sorry, for

81

00:10:48.510 --> 00:11:08.259

Town of Parish: I believe it's either March or April, but I can't confirm. That would be a good question for all. I think that's what the original estimate was at the beginning. And maybe John Dunham could answer that being on the planning board.

82

00:11:09.400 --> 00:11:13.279

Town of Parish: So.

83

00:11:14.320 --> 00:11:19.190

Town of Parish: okay, we will we will move on. Then. Chief.

84

00:11:20.740 --> 00:11:23.760

Town of Parish: 19 of us calls

85

00:11:23.780 --> 00:11:28.870

Town of Parish: 33,

86

00:11:29.510 --> 00:11:38.700

Town of Parish: 1458, and our 72, 41, 1 92. We played required one stand by twice

87

00:11:38.740 --> 00:11:43.000

0. Stand by twice the zoom. We play for

88

00:11:43.300 --> 00:11:47.949  
Town of Parish: 26 min, 4 h, 26 min.

89  
00:11:48.160 --> 00:11:59.029  
Town of Parish: mileage 24 went to Hastings twice 4 calls for a month,  
35, 1624, and 7707

90  
00:12:00.360 --> 00:12:12.880  
Town of Parish: miles, 2 16 training hours per month, 8, 545 miles is 0  
22 calls behind. Last year

91  
00:12:14.660 --> 00:12:20.040  
Town of Parish: 77 calls ahead of our most calls every night.

92  
00:12:20.170 --> 00:12:24.659  
Town of Parish: Our most call 2021 is 40, 39. So

93  
00:12:24.720 --> 00:12:29.190  
Town of Parish: 20 end of September. So you've been busy is what you're  
saying.

94  
00:12:29.280 --> 00:12:33.169  
Town of Parish: But we're a little behind. That's good. Isn't it? Better  
to be ahead of the week?

95  
00:12:33.480 --> 00:12:43.749  
Town of Parish: Oh, well, no, that just means we're we already got. 22  
more calls will be tied for next middle of next month. Right?

96  
00:12:43.790 --> 00:12:49.840  
Town of Parish: Any questions for the chief.

97  
00:12:50.150 --> 00:13:01.220  
Town of Parish: Thank you. Thank you. Thank you once again for you and  
all your members work. We will move on to the highway.

98  
00:13:01.560 --> 00:13:03.170  
Town of Parish: George. Yes.

99  
00:13:03.350 --> 00:13:04.550  
Town of Parish: go ahead.

100

00:13:05.440 --> 00:13:11.929

Town of Parish: We've been working on finishing up all the washouts and all the replacement paving from

101

00:13:12.610 --> 00:13:42.159

Town of Parish: July storms that we had, and we lost the callers, and so forth and washouts, and we got them about buttoned up. Wind it down, I guess, for a lack of a better phrase, getting ready to get ready towards wintertime. Button up. It's just very thought by mind. Also, I'm not ready for it rather. I have a little bit. But did we ever get the tally on how close we were to Chips.

102

00:14:02.380 --> 00:14:30.009

Town of Parish: do we have to do an amendment on this? So there's a record of it. We should and I discuss it, and but without knowing the numbers that we can't do like, I said. Just so. I know we talked about it, and I just gotta get it. The other thing I did. I work with me, and make Mac on our new budget, and that seems to go pretty well, I thought.

103

00:14:31.410 --> 00:14:36.279

Town of Parish: Yes, we we had a few good suggestions, and Jim had a few good ones, and I think it's all gonna work out. Well.

104

00:14:37.240 --> 00:14:39.689

Town of Parish: we will see where it hopes

105

00:14:39.880 --> 00:14:41.510

Town of Parish: everything will be good

106

00:14:41.530 --> 00:14:43.290

Town of Parish: someday

107

00:14:43.610 --> 00:14:45.099

Town of Parish: anything else for George.

108

00:14:45.700 --> 00:14:53.179

Town of Parish: anybody have any questions. And we also receive delivery. You guys sign the vouchers for the new truck, and that's in there.

109

00:14:53.380 --> 00:15:01.709

Town of Parish: Okay, so we have a new plow truck, which is something great for parish. We don't get a lot of new equipment.

110

00:15:01.870 --> 00:15:11.569

Town of Parish: And so it's something good that we're starting to start buying things for the highway department where it's desperately needed.

111

00:15:11.670 --> 00:15:13.600

Proposition

112

00:15:13.980 --> 00:15:25.440

Town of Parish: tires. I don't know. Very 7. We can't get tires, and we cannot get tires. and we've ordered a bunch of them, and I'll bring them in Buffalo, Albany. Gary's probably kind of further outreach than I do.

113

00:15:25.470 --> 00:15:28.150

and they're just not available for our drugs.

114

00:15:29.120 --> 00:15:31.860

Town of Parish: not available. And they claim it's gonna get worse.

115

00:15:41.650 --> 00:15:44.349

The supply chain oil

116

00:15:53.310 --> 00:16:00.920

Town of Parish: plants are in the same position as everyone else, and

117

00:16:02.570 --> 00:16:03.450

Town of Parish: hmm

118

00:16:04.020 --> 00:16:14.550

Town of Parish: alright. Well, keep trying, that's all we can do. We don't have many other things out there that you just can't get amazing.

119

00:16:14.850 --> 00:16:22.620

Town of Parish: I would've never believed it my life that we would be in the position. We are alright any other anything else.

120

00:16:23.350 --> 00:16:24.740

Alright, thanks, George!

121

00:16:25.560 --> 00:16:29.800

Town of Parish: We'll move on to the Tug Hill Circuit writer. Report with Paul Baxter.

122

00:16:30.150 --> 00:16:33.379

Town of Parish: Got my report in front of you there.

123

00:16:34.000 --> 00:16:42.750

Town of Parish: Nothing new to wildlife management area, even when you were here.

124

00:16:43.300 --> 00:17:07.469

Town of Parish: there's nothing else. So you do report on 7 restoration, for the

125

00:17:07.470 --> 00:17:13.950

Town of Parish: that's the

126

00:17:14.740 --> 00:17:42.530

Town of Parish: results are now out on this brings Local leader survey which is something that Jim filled out and Kelly filled out is Tom Supervisor and copy that. Basically the key people like that. And Tom, get those surveys. And it's basically, a report card is created by our local officials on how we're doing copy of the Whole Times. It gives you all the results there, and some of them sheet here is to

127

00:17:43.000 --> 00:17:54.970

Town of Parish: we're rated well for our programs being important to the area and being effective for the area. And more extensive results are available on the Tug Hill website.

128

00:17:55.070 --> 00:18:05.890

Town of Parish: Invitations went out recently for the Commission annual dinner on Thursday, October nineteenth, at around the region for the different years we've added

129

00:18:33.480 --> 00:19:03.019

Town of Parish: all our, I think

130

00:19:03.290 --> 00:19:13.779

Town of Parish: later. Usda

131

00:19:13.940 --> 00:19:24.799

Town of Parish: funder for your capital projects, including construction and equipment. Well, they're having an open forum on Usda.

132

00:19:25.000 --> 00:19:30.299

Town of Parish: If you're interested, it will be right through it. Jccc, and that's all.

133

00:19:30.340 --> 00:19:32.669

Town of Parish: Any questions for Paul.

134

00:19:33.780 --> 00:19:37.980

Town of Parish: Okay, we move on. Thanks, Paul. Thank you.

135

00:19:40.220 --> 00:19:41.340

Town of Parish: Okay.

136

00:19:41.860 --> 00:19:43.940

Town of Parish: we move on to old business.

137

00:19:44.360 --> 00:19:53.090

Town of Parish: The first item is the Meryl Park fencing, as you guys receive the vouchers and are signing them. Now the Meryl Park fencing is complete.

138

00:19:53.340 --> 00:19:58.130

Town of Parish: They put in a couple of new pieces

139

00:19:58.150 --> 00:20:02.700

Town of Parish: the horizontal pieces, one up top couple on the sides.

140

00:20:02.720 --> 00:20:05.679

Town of Parish: They came in with their estimates, and it

141

00:20:05.690 --> 00:20:18.000

Town of Parish: was right on. So it's exactly what they said they were gonna charge us. And and I think it was a 20 foot point, but I'm not sure but it was exact. So it's all done and complete. And so that fence project

142

00:20:18.530 --> 00:20:21.330

Town of Parish: is done. And now everybody playing tennis

143

00:20:21.820 --> 00:20:24.840

Town of Parish: and pickleball will no longer have to chase.

144

00:20:25.090 --> 00:20:39.429

Town of Parish: Their balls are on, because that one fence wasn't there. So maybe we'll get some more people using it. So that ended that any

questions on the fencing. Alright. We'll move on to the park playground equipment with Gearwood and

145

00:20:40.810 --> 00:20:48.919

Town of Parish: Gary. Any. Well, we got it. We got. It's ordered. It's coming, you know the dates when it's coming. Yes,

146

00:20:48.960 --> 00:21:04.300

Town of Parish: Doug, have not put out yet. I have not had a chance to go out and buy

147

00:21:04.370 --> 00:21:12.780

Town of Parish: lengths of. I know I will. Yeah, I just. I said, I haven't had enough chat.

148

00:21:13.080 --> 00:21:16.020

Town of Parish: You want to change it on the hardware. Okay.

149

00:21:16.440 --> 00:21:18.299

Town of Parish: If if you'd like to do that.

150

00:21:18.310 --> 00:21:27.709

Town of Parish: go red ahead, get 2 locks. If you can get the locks with the same key, then we will have those done? And that is good

151

00:21:27.730 --> 00:21:43.399

Town of Parish: the first week of October, someways around there. They're shipping it the first week of October, the second week or so, and in fact, I checked my email today. and they confirm that as well. Again, it hasn't changed. It's in between October second and Sixth. I don't know how long it takes to get here

152

00:21:43.480 --> 00:21:51.279

Town of Parish: so close when we.

153

00:21:51.630 --> 00:21:57.160

Town of Parish: Dana, I am going to. I was hoping once they gave me a shipping date.

154

00:21:57.300 --> 00:22:11.139

Town of Parish: but I may just order it, cause it's you know I called the verity up, and they are cheaper than the company. I was going within swiggle so a verity, they just need 3 days to bring it up.

155

00:22:11.240 --> 00:22:30.040

Town of Parish: and so I was hoping to get it close, because it's only good for a month. I don't want to go 2 months. We don't need over 2 months, so I'm trying to get it as close as we can. and I may. It may next week, take a call to them and see how long it normally takes to ship, and when they plan on installing it, because just because they ship it does not mean it's going to get here, not sit here for 2 weeks.

156

00:22:30.460 --> 00:22:36.149

Town of Parish: So I really gotta get it here if you want to get to. Maybe when you pick up the chain, Doug, do you think you could grab

157

00:22:36.590 --> 00:22:39.319

Town of Parish: roll of caution tape, and a couple of those

158

00:22:40.020 --> 00:22:43.009

Town of Parish: you know small tin steel fence post

159

00:22:43.340 --> 00:22:48.180

Town of Parish: that we'd be able to pound in to take off that playground when we once we do the grading.

160

00:22:48.180 --> 00:23:03.600

Town of Parish: I probably have got them that you can take. There may be those stakes in that in the park.

161

00:23:03.600 --> 00:23:19.660

Town of Parish: Where they store that could be. I haven't looked for that. I have the key to the park.

162

00:23:19.750 --> 00:23:32.110

Town of Parish: Okay, I couldn't remember where they came from, but I knew I had.

163

00:23:32.170 --> 00:23:47.570

Town of Parish: I did, but it was all worn. It was all worn out this morning I barked in Meryl Parks, so I knew what they went to. So hey, there's hope.

164

00:23:48.280 --> 00:24:00.990

Town of Parish: Yeah. Basketball backboards and stuff. Right they are. They were delivered. They are in my garage. I know. Doug Houghton once again was going to

165

00:24:02.310 --> 00:24:04.169

Town of Parish: come up with a mounting program.

166

00:24:04.580 --> 00:24:06.240

Town of Parish: Nobody say anything to me.

167

00:24:07.230 --> 00:24:08.160

Town of Parish: Okay.

168

00:24:08.620 --> 00:24:21.850

Town of Parish: did you take your preferences? Wow! I just anyways hiring, working with you all guys. I tell you the dog we need. We need mounting place.

169

00:24:22.620 --> 00:24:29.389

Town of Parish: Well, why don't you guys put your heads together and figure out what you want? And then tell me, and I'll get them.

170

00:24:30.170 --> 00:24:33.160

Town of Parish: Well, that's what we were. We don't know what you can make

171

00:24:34.150 --> 00:24:43.880

Town of Parish: you were talking about. Well, we don't know what's there, you know.

172

00:24:44.470 --> 00:24:46.840

Town of Parish: but they're all they're all pipes coming out right

173

00:24:47.130 --> 00:25:08.980

Town of Parish: coming out. We can share all those pipes out right as well.

174

00:25:08.980 --> 00:25:28.490

Town of Parish: Well, that's that's why I have the hoops, not we have the hoops and the backboards so if I give somebody one of them, they can look at it and tell me what they want to build with it

175

00:25:28.910 --> 00:25:37.439

Town of Parish: the invoice at 5, when we ordered them.

176

00:25:37.470 --> 00:25:40.770

Town of Parish: They let us know that the the hoops that I originally ordered.

177

00:25:40.880 --> 00:25:53.740

Town of Parish: they said, would not match would not go with those backboards, so they give us the hoops that would go with them. So the salesman was good enough to catch that, and he said, I'll send you the hoops that go with those backboards. So they are a matching set.

178

00:25:54.010 --> 00:25:57.619

Town of Parish: as is, as he said, and when when they arrived

179

00:25:57.920 --> 00:26:02.310

Town of Parish: it was a mess, because it was originally sent to Doug's house.

180

00:26:02.520 --> 00:26:14.770

Town of Parish: It didn't go to Doug's house because they couldn't find it. So they ended up Meryl Park, and I just happened to get the phone call, saying, Hey, I'm here with a delivery.

181

00:26:15.040 --> 00:26:35.299

Town of Parish: And luckily Doug was here at the office, and I said, I'll be right down. Luckily I was here in the opposite 20'clock in the afternoon. No prior phone call nothing. Just a call. Come, get it, because once again it's a trucking company, and the trucking company leaves it on the truck. They if they if it, if they use their lip gate, it's \$175.

182

00:26:35.800 --> 00:26:52.149

Town of Parish: So we had to take unpackage, but they were from the, you know, unpackaged them, put them into my truck, and I just took them home because I had to be somewhere else that day at 30'clock, and Doug had somewhere to go as well, so luckily it worked out, but it was a hectic mess.

183

00:27:02.740 --> 00:27:18.990

Town of Parish: Craig

184

00:27:19.130 --> 00:27:21.850

Town of Parish: and the Waldor. They're gonna well.

185

00:27:22.250 --> 00:27:25.389

Town of Parish: some do, aren't they? But that's what he came up with.

186

00:27:27.460 --> 00:27:29.350

Town of Parish: If it's a full program, then

187

00:27:29.970 --> 00:27:33.120

Town of Parish: right? Well, if we need a welder, they offered a welder correct?

188

00:27:33.550 --> 00:27:34.270

Town of Parish: Yep.

189

00:27:35.710 --> 00:27:40.820

Town of Parish: and everything. So if if that's still true, good Yup.

190

00:27:41.040 --> 00:27:43.580

Town of Parish: okay. Anything else on that.

191

00:27:45.060 --> 00:27:49.319

Town of Parish: All right, we'll move on to the Merrill Park Security cameras, I know. At last meeting.

192

00:27:49.430 --> 00:28:05.110

Town of Parish: we discussed it, and somebody was going to look it up. So getting a hold of this company directly without going through a chat. Feature is proven to bit. Be a bit of a challenge. So I went directly to the

193

00:28:05.120 --> 00:28:08.919

Town of Parish: distributor which would be best buy

194

00:28:09.120 --> 00:28:13.330

Town of Parish: who told me they don't have them. They didn't, in fact, have them.

195

00:28:14.350 --> 00:28:23.579

Town of Parish: It's just not an item that anybody's ever ordered, because we have Wi-fi locally, and II mean, just like parish. But

196

00:28:23.730 --> 00:28:28.800

Town of Parish: waters, I was up in Watertown. So there's not a huge call for this locally.

197

00:28:28.810 --> 00:28:33.870

Town of Parish: These are. These are similar to a trail cam. They're really meant for farmland

198

00:28:33.890 --> 00:28:41.650

Town of Parish: for places that are far away from the house, for the Wi-fi is that gonna reach ie. Our park. They do come with

199

00:28:42.990 --> 00:28:46.869

Town of Parish: multiple ways to access the data. You can

200

00:28:47.410 --> 00:28:58.309

Town of Parish: program these to come on at 6 pm. And turn off at 6 Am. Or, however, we want to to run them. They can be accessed by a cell phone app

201

00:28:58.480 --> 00:29:04.049

Town of Parish: that we can also acquire, I think, for \$10 a month. 10 photographs per month.

202

00:29:04.250 --> 00:29:07.859

Town of Parish: They have different tiered packages.

203

00:29:08.980 --> 00:29:25.749

Town of Parish: what else their battery operated, and they do come with their own SIM card, so you do not have to go through Verizon, or whomever

204

00:29:25.770 --> 00:29:36.180

Town of Parish: So it's it's a pretty nice little unit. They only had one in stock, and I sort of checked it out. They're expensive. They're 3 \$299 piece.

205

00:29:36.380 --> 00:29:37.700

Town of Parish: I'm not good.

206

00:29:37.880 --> 00:29:52.739

Town of Parish: it it isn't. And I'm I didn't go searching the Internet for a better price. I just like, let's get the information. And I'm sure if we held off until you know the day after Thanksgiving. We could probably get them for a song.

207

00:29:53.220 --> 00:29:55.929

Town of Parish: Let's just set that stuff up right.

208

00:29:57.490 --> 00:30:06.280

Town of Parish: But I do. Okay, very well. You just get a little so that that is just one example, one brand

209

00:30:06.430 --> 00:30:16.869

Town of Parish: there, there are a couple of them out there, pretty much a similar type thing that are. So there's no Wi-fi necessary. So yeah, you can download them with an app.

210

00:30:17.240 --> 00:30:18.740

Town of Parish: What I did like

211

00:30:18.920 --> 00:30:28.290

Town of Parish: is that I could go to best buy and order them if we have a problem, there's the geek squad, and there's handing the box back to them and saying, This isn't working right

212

00:30:28.330 --> 00:30:43.690

Town of Parish: versus going through the Internet. I mean, I've returned plenty of items to the Internet. II you really don't have that many problems anymore. But still having a physical place to go back to is

213

00:30:44.250 --> 00:30:47.400

Town of Parish: reassuring. I think that's a good.

214

00:30:47.940 --> 00:30:52.889

What you're saying is this, all has to go through a company

215

00:30:53.280 --> 00:30:58.469

Town of Parish: to get your dog and 10 pictures.

216

00:30:59.210 --> 00:31:02.980

Town of Parish: Can we do all of our viewing without them?

217

00:31:03.080 --> 00:31:04.460

Town of Parish: I believe so. Yes.

218

00:31:04.760 --> 00:31:11.700

Town of Parish: II didn't print off work right. II don't have access to a printer. That's why I printed that off for me.

219

00:31:11.780 --> 00:31:15.360

Town of Parish: But on the web page they have all the different plans.

220

00:31:15.450 --> 00:31:22.790

Town of Parish: Then I can go to the library up at Fort Drum. If if you're serious, if we're serious about this one, and I can print off

221

00:31:23.000 --> 00:31:28.710

Town of Parish: the instructions that you know you can always come to my, you can come to my office and do it, man.

222

00:31:29.850 --> 00:31:38.239

Town of Parish: that's the company name upside down. It's bolster. Yeah, bolster. Thank you.

223

00:31:41.130 --> 00:31:47.249

Town of Parish: Well, how many were we planning on? Get 3, 2. I was thinking. 3, one towards the bathrooms.

224

00:31:47.300 --> 00:32:08.590

Town of Parish: Yeah. One at the first pole out in the parking lot. So you catch anybody coming in, or whatever, and one at the towards the playground equipment. Correct. That's that's I believe we discussed that, and and we could have it one non stop all day long and use up the SIM card, for we could just turn it on through

225

00:32:09.020 --> 00:32:21.769

Town of Parish: through specific times of the day, because we're looking for people breaking the rules. We're not there to get catch a kid falling off a slide which brings me to my next question with the our lawyer here

226

00:32:22.030 --> 00:32:24.140

now we have security cameras up.

227

00:32:25.370 --> 00:32:42.590

Town of Parish: and something bad happens where the security cameras should be on, even though they're only on, let's say, from 6 6 pm. To 6 am. But it happens at 5. A young girl is, you know, raped, or something terrible happens, and it's not caught on camera. Are we

228

00:32:42.940 --> 00:32:47.659

Town of Parish: liable? Because we have security cameras on this public property

229

00:32:47.700 --> 00:32:50.209

Town of Parish: for public safety?

230

00:32:51.550 --> 00:32:56.319

Town of Parish: I can research it. But I don't think so. I mean,

231

00:32:56.690 --> 00:33:03.989

Town of Parish: there's security cameras everywhere. And you know, something happens. They're gonna be soon.

232

00:33:04.000 --> 00:33:30.699

Town of Parish: you know, 30 different polls. So I don't think so. But I'll make sure. Yeah, they might work like the one. I just got some for the house. And I gather actually on my phone now. But you can get them for the recording part that they only record. So you only want to record it, or you only record when there's an event and it's got they could be motion activated, human, activated.

233

00:33:30.820 --> 00:33:36.599

Town of Parish: or just a vehicle activate. There's 3 that will trigger them

234

00:33:36.610 --> 00:33:38.860

Town of Parish: and they will. And they actually have tracking.

235

00:33:39.280 --> 00:33:45.369

Town of Parish: They will find big enough we could probably put them up with

236

00:33:45.790 --> 00:34:04.480

Town of Parish: motion. They kind of follow what

237

00:34:04.540 --> 00:34:11.500

Town of Parish: we didn't for at home, but I do know they make them. And I, as I recall, wasn't that much more if you get that option?

238

00:34:12.020 --> 00:34:25.110

Town of Parish: But again, if you got people coming in and out of the park all the time stuff.

239

00:34:25.449 --> 00:34:30.389

Town of Parish: but and if they're motion sensitive. then

240

00:34:30.520 --> 00:34:35.189

Town of Parish: you can run 24 HA day, and they're just sitting there sleeping

241

00:34:35.480 --> 00:34:51.880

Town of Parish: right

242

00:34:52.780 --> 00:35:02.100

Town of Parish: well. But these I don't know. What are you suggesting we do, Robin. If if this is something that we're in in agreement

243

00:35:02.130 --> 00:35:09.789

Town of Parish: that we like to go down the path. I will go and print off much more information and make

244

00:35:10.510 --> 00:35:16.929

Town of Parish: sit in my office on the stupid chat feature with somebody and see if they can't email me

245

00:35:16.940 --> 00:35:19.550

Town of Parish: questions like motion.

246

00:35:19.690 --> 00:35:35.170

Town of Parish: although that should be on the one we probably don't need motion, because there'll be when it's working right. We don't need to follow.

247

00:35:35.320 --> 00:35:37.849

Town of Parish: If you look at that focal length.

248

00:35:38.230 --> 00:35:55.589

Town of Parish: it is so broad. Yeah, so this you're talking about 600 bucks, maybe 30 bucks a month, 20 bucks a month whatever if it's for each camera, if you wanted pictures, if you don't have pictures, don't cost, you know. Just download the app on the town phones.

249

00:35:55.830 --> 00:36:03.929

Town of Parish: The the questions I have and best bite didn't have. So the cameras on and somebody goes and turn. You know there's motion.

250

00:36:04.030 --> 00:36:08.840

Town of Parish: and I have the app on my phone. Am I getting a notification?

251

00:36:08.850 --> 00:36:37.780

Town of Parish: I mean, I pretty sure you can write mine. You can't do as you could turn on or off right if you want a notification event and you can go back and look at the event.

252

00:36:37.790 --> 00:36:40.099

Town of Parish: My current at home.

253

00:36:40.760 --> 00:37:08.319

Town of Parish: It's blank, and but it's the first blank system through Amazon, and it will record little 10, s, 30, s clips all day long, and at the end of the day there's only so much storage at the end of the day I look like. Oh, look! No one robbed my house, Delete and I delete them all. I don't know that the system works the same way, and that's a question. I mean, you go 3 days or 2 weeks, and then you can go in and delete.

254

00:37:08.320 --> 00:37:11.090

Town of Parish: and what our thing is. If we got the cameras up there.

255

00:37:11.170 --> 00:37:32.830

Town of Parish: we're not gonna want to go back and check every event unless we go down there. And hey, somebody spray paint at the building or this. Now we see damage. Okay, go back and look and see. Get a license plate number.

256

00:37:32.830 --> 00:37:55.410

Town of Parish: Put the camera up there, and I'll drive in with my car. Can you see Robin's license? But I'll go back with my soda can and throw it outside of the bathroom. Could we see that? Right? Yeah, we have to go to cameras where they can, where they're useful. 700 bucks mostly. And no, you're gonna be underground. You could be

257

00:37:55.610 --> 00:38:01.999

Town of Parish: security for what we're talking, buying them for 300 P. So there's a grand to say

258

00:38:02.130 --> 00:38:05.440

Town of Parish: 900 bucks. And then you're gonna spend another grand.

259

00:38:06.260 --> 00:38:20.989

Town of Parish: What's it cost a month, did you say? Oh, 10 months, if you wanted pictures right? So if you don't want pictures, not if it doesn't cost you a thing. You got the app downloaded on your phone. It don't cost you nothing.

260

00:38:21.420 --> 00:38:27.229

Town of Parish: but if if you would, if you can check to see if we can get it out. The tone computer.

261

00:38:28.120 --> 00:38:31.790

Town of Parish: having it on individual phones is good.

262

00:38:32.740 --> 00:38:35.860

Town of Parish: But you're gonna want a central viewing

263

00:38:35.870 --> 00:38:56.590

Town of Parish: somewhere. And even if we can't have it on the computer, can I like on mine? My neighbors dog always comes and poops right in front of my door. It's cracks me up. So I send her pictures. Get your dog pooping in front of my door again, so I can send her my clips. Can I do that with this system, because then I can send it to the computer

264

00:38:56.760 --> 00:39:06.800

Town of Parish: stuff. I don't know if I can.

265

00:39:08.830 --> 00:39:10.910

Town of Parish: Good idea good deal.

266

00:39:11.530 --> 00:39:14.240

Alright. I will come prepared next week

267

00:39:15.180 --> 00:39:20.330

Town of Parish: with far more information. This seems to be what we're looking for.

268

00:39:20.590 --> 00:39:21.280

Okay.

269

00:39:22.070 --> 00:39:30.000

Town of Parish: yes, we're all in agreement with that. Continue your research and bring it back again will do.

270

00:39:30.150 --> 00:39:32.959

Town of Parish: Thank you. Thanks. Welcome for your work.

271

00:39:33.910 --> 00:39:35.640

Town of Parish: Okay. Next item.

272

00:39:36.290 --> 00:39:46.529

Town of Parish: everybody should have received the audit of the supervisors. 2022 records that was performed by Laird Petrie, Robin, and Gary.

273

00:39:46.940 --> 00:39:52.579

Town of Parish: Did you receive them in? Yeah, I don't have my lights at home.

274

00:39:52.710 --> 00:39:58.529

Town of Parish: What I need is a motion to accept the audit of my records done by

275

00:39:59.240 --> 00:40:06.280

Town of Parish: Leard Robin and Gary Wood. Can I have a motion for that? I'll second that right. Any discussion on that

276

00:40:07.370 --> 00:40:13.219

Town of Parish: hearing none, seeing none, can we vote to accept that all those in favor

277

00:40:13.240 --> 00:40:14.310

Town of Parish: opposed

278

00:40:14.370 --> 00:40:18.210

Town of Parish: abstained motion carries unanimously thank you.

279

00:40:19.630 --> 00:40:31.550

Town of Parish: The next item was the update of the hazard mitigation local plan. I put this on the agenda. hoping that I would hear something from them. I have not. We're all all. We're in attendance.

280

00:40:32.000 --> 00:40:57.469

Town of Parish: And I apologize, cause it was very lengthy. It was long, but I think we're close. It was tiring. You know.

281

00:40:57.610 --> 00:41:06.409

Town of Parish: You're gonna have fema type disasters with, it's more or less things that are happening are going to be happening more than just perishes, gonna be

282

00:41:06.630 --> 00:41:11.809

Town of Parish: it's just more small event. Yes.

283

00:41:12.320 --> 00:41:19.870

Town of Parish: I agree with that mostly everything. And I think the biggest thing out of that that I got was we really need to discuss concentrate.

284

00:41:20.130 --> 00:41:28.679

Town of Parish: Maybe this year's budget and stuff about reserve budget or something toward the for the fire department for generator.

285

00:41:28.830 --> 00:41:33.460

Town of Parish: Well, they're gonna work on that. I believe

286

00:41:33.530 --> 00:41:52.260

Town of Parish: I don't know.

287

00:41:52.300 --> 00:41:59.380

Town of Parish: No, it's okay. It's not. Yeah. So it's kind of yeah, it's it's independent. Okay? Yes, so.

288

00:41:59.820 --> 00:42:14.470

Town of Parish: But we need some pancake breakfast. Any other questions like I said, as soon as I hear something I will let everybody know. But I appreciate your guys time because we did have

289

00:42:14.510 --> 00:42:16.050

Town of Parish: an awesome

290

00:42:17.040 --> 00:42:30.240

Town of Parish: number of people there. Sometimes may only have one or 2. So they were actually impressed with that. If you guys didn't notice that they were, they were really glad that. And they've been through half the towns already. So we did good. We're always doing good here, so

291

00:42:30.300 --> 00:42:36.119

awesome. Anything else on that. all right. The 2024 Constable

292

00:42:36.390 --> 00:42:43.560

Town of Parish: employment Agreement. I have copy story. I didn't want to throw me in a box because I knew what would happen.

293

00:42:45.430 --> 00:42:48.350

Town of Parish: Yes.

294

00:42:48.900 --> 00:42:51.290

now that we all have access to the place.

295

00:42:52.590 --> 00:42:55.490

Town of Parish: Nothing has changed.

296

00:42:56.050 --> 00:43:02.850

Town of Parish: The pay rate is the same. 2250 an hour, and so none of this has changed at all.

297

00:43:03.160 --> 00:43:07.300

Town of Parish: it's the same thing as last year, except the date changed.

298

00:43:08.650 --> 00:43:11.130

Town of Parish: spoke with Mike Wood, and

299

00:43:11.980 --> 00:43:15.020

Town of Parish: it looks really good like the last one.

300

00:43:16.380 --> 00:43:23.210

Town of Parish: You wanna have time to look it over. I will give you that time. I don't think it's necessary.

301

00:43:24.420 --> 00:43:52.200

Town of Parish: Is there any questions on? It? Looks like the quote is going to read it, which is good. Take your time and look it over right. And and you you should. I mean you really. I mean they could have slipped something in. I doubt it, but it's good. I didn't find anything that was

302

00:43:52.370 --> 00:43:54.090

out of the ordinary.

303

00:44:16.930 --> 00:44:21.220

Town of Parish: Let me know when everybody's done. I'm done done. Yeah.

304

00:44:21.990 --> 00:44:22.960

Town of Parish: sure.

305

00:44:24.070 --> 00:44:32.689

Town of Parish: That didn't sound right. But yes, okay. Can I have a motion? Then, if there's no discussion.

306

00:44:34.800 --> 00:44:47.000

Town of Parish: what do you motion into.

307

00:44:47.360 --> 00:44:53.379

She's paying it, though. She took her privacy this morning. Yeah, she was in the same boat I was in all day.

308

00:44:54.420 --> 00:44:57.809

Town of Parish: You can accept that as presented right? Yes.

309

00:44:58.960 --> 00:45:01.880

Town of Parish: so it was, Robin and Gary. I believe

310

00:45:03.060 --> 00:45:08.429

Town of Parish: all those in favor opposed and abstained motion carries unanimously.

311

00:45:08.780 --> 00:45:10.990

Town of Parish: Thank you. I will sign that

312

00:45:11.730 --> 00:45:13.909

and send it back to Michael.

313

00:45:16.330 --> 00:45:24.739

Town of Parish: Thank you very much. Is there any old biz off the floor? I did not add on to the agenda that somebody wishes to bring up at this time.

314

00:45:27.510 --> 00:45:28.729

hearing none

315

00:45:29.310 --> 00:45:30.170

Town of Parish: go ahead

316

00:45:30.890 --> 00:45:55.150

Town of Parish: where we anything more come about the the bank in the Historical Society. That meeting is on Tuesday next week. Tuesday next week. Yes, yes, Yup, I will be meeting with them. They've sent over some information. Doug Hill is sent over some information, and I will present to that to you. Actually, probably during our budget meetings.

317

00:45:56.670 --> 00:45:58.480

Town of Parish: Anything else in old business.

318

00:45:59.970 --> 00:46:01.210

Okay, great.

319

00:46:03.440 --> 00:46:08.450

Town of Parish: Alright. Let's move on to new business. Just so, everybody's aware.

320

00:46:08.500 --> 00:46:11.490

Town of Parish: I have been speaking with Pathfinder Bank.

321

00:46:11.810 --> 00:46:14.880

Town of Parish: and they have a new account.

322

00:46:15.660 --> 00:46:20.690

Town of Parish: That is higher interest still. The same Rover, still the same flexibility.

323

00:46:21.120 --> 00:46:39.210

Town of Parish: I've been doing that with my money right? And so that's what they're doing. They're gonna do for me. I'm just letting you know, because it's with the same bank. Still with Path Finder, it will be up to 4 instead of 4. So that's where it will stay, and we will continue to make more money for the town.

324

00:46:39.620 --> 00:46:52.749

Town of Parish: Great, we just completed. Well, I almost completed today. That transaction, except I was gone. So you know how much interest we've earned so far. I do not have that with me at this time.

325

00:46:52.880 --> 00:46:56.250

Town of Parish: And actually, when it comes to next year's budget.

326

00:46:56.630 --> 00:47:05.010

Town of Parish: What we have to remember when we set up reserve accounts. The money that are in each reserve account earns that interest instead of the general fund

327

00:47:05.360 --> 00:47:11.820

Town of Parish: cause. That's where the money would be. We'll take it from our fund balance and move it over to just say we develop

328

00:47:12.110 --> 00:47:13.930

Town of Parish: this reserve account.

329

00:47:14.060 --> 00:47:24.989

Town of Parish: So if that had 500,000 in reserve account. That interest stays in that reserve account, and that continues to go there instead of our general fund. So it takes away

330

00:47:25.490 --> 00:47:34.690

Town of Parish: W. When you look at our revenues, but because we've jumped from point 0 one, or whatever number it is, up to 4, you know almost 5.

331

00:47:35.220 --> 00:47:46.019

Town of Parish: It will almost be the same in that. We just have to watch our revenue account as it comes in in the general fund and the highway fund. It won't be this big number, because it will have to be moved with the reserves.

332

00:47:46.080 --> 00:47:48.949

Town of Parish: And so that's where it will have to stay. Yup.

333

00:47:49.150 --> 00:48:02.320

Town of Parish: okay. So when we get to the budget, I'll explain. You know. We'll redo that as well. But that was just let you know that I'm always trying to work with it, and keep our money local as well as make money at the same time.

334

00:48:03.380 --> 00:48:05.950

Town of Parish: Any other questions on that

335

00:48:06.300 --> 00:48:10.229

Town of Parish: great? The next one is the Tug Hill Commission annual dinner.

336

00:48:10.450 --> 00:48:18.869

Town of Parish: I didn't realize everybody else got an invitation. I haven't gotten one yet. You probably won't. You live on board East Road that's probably lost in the mail.

337

00:48:18.910 --> 00:48:21.209

Town of Parish: But I didn't either, didn't you.

338

00:48:21.740 --> 00:48:23.389

Paul? You getting all that?

339

00:48:23.730 --> 00:48:40.599

Town of Parish: I have mine right here? Yes, per person you did, and it includes a commemorative gift, according to this, did not receive the invitation.

340

00:48:40.670 --> 00:48:45.799

Town of Parish: It is, it is on the same night as our meeting.

341

00:48:45.880 --> 00:48:48.899

Town of Parish: so when we go to our meeting minutes.

342

00:48:50.750 --> 00:49:01.000

Town of Parish: let me know if you guys want to change the meeting date or keep it. I mean, if nobody's going to go, we will keep our meeting, and the thing I have to remind you is we got lots of budget. It happens

343

00:49:01.400 --> 00:49:10.760

Town of Parish: at a bad time as well. If we want to move meetings. We can't move it to a Thursday because I have got budget budget budget, you know, 3 meetings around it.

344

00:49:11.940 --> 00:49:12.750

so just

345

00:49:13.610 --> 00:49:14.970

Town of Parish: keep that in mind.

346

00:49:15.630 --> 00:49:18.480

Anybody wants to go. They don't have to tell me. Now

347

00:49:18.930 --> 00:49:21.779

Town of Parish: think about it till I get to the end of the thing.

348

00:49:21.790 --> 00:49:24.399

We'll figure it out I'd love to go, but

349

00:49:25.490 --> 00:49:34.480

Town of Parish: if it's on a meeting like I can't I believe the town would pay for your

350

00:49:35.140 --> 00:49:36.830

Town of Parish: you're correct

351

00:49:37.360 --> 00:49:44.110

Town of Parish: right? You can get reimbursed.

352

00:49:44.530 --> 00:49:55.390

Town of Parish: So that's like I said. That's something. Give it some thought. By the time we get to the end. If we have to change a meeting, we will. But when you look at them it's gonna be hard

353

00:49:55.400 --> 00:49:57.100

what time?

354

00:49:58.530 --> 00:49:59.240

It's not

355

00:50:00.270 --> 00:50:02.300

5 starts at 5.

356

00:50:03.350 --> 00:50:19.870

Town of Parish: So Paul says it doesn't have the time. Yeah, there's a video, then a social hour, and dinner starts at 7. When we get to the end, let me know what you think.

357

00:50:20.650 --> 00:50:23.659

Any other anything else on that

358

00:50:24.020 --> 00:50:39.469

Town of Parish: great, the 2024 budget news just to keep you guys aware I've been working on the budget? Very, huh! Not the last couple of days, but I have been doing a lot of it. Looking at things, looking at ways

359

00:50:39.710 --> 00:50:43.730

Town of Parish: to keep the numbers down and still continue Paris, moving forward.

360

00:50:48.180 --> 00:50:58.250

Town of Parish: Just so, you know, we will be working. I am working on my goal. And I'm gonna say this out loud. My goal is to have a 0% increase this year.

361

00:50:59.030 --> 00:51:04.770

Town of Parish: Are we gonna have budget meetings? Yes, every Thursday.

362

00:51:05.570 --> 00:51:11.170

Town of Parish: Yeah. Well, there's it's on the sheet as well in your agenda. Yeah.

363

00:51:11.320 --> 00:51:30.090

Town of Parish: and it should start our budget. I have to present the budget my tentative budget to Kelly. By the twenty-ninth, which is a Friday. So I'm trying to get it to her by the 28. If not, I'm sure she'll be glad to come in and accept the budget from me. So.

364

00:51:31.060 --> 00:51:37.409

Town of Parish: October fifth, October twelfth. We have a regular meeting the nineteenth, and then I have the 20 sixth

365

00:51:37.900 --> 00:51:44.050

Town of Parish: with a if needed, one, November second. So the whole month of October is those meetings.

366

00:51:44.090 --> 00:51:46.819

Town of Parish: and what I will attempt to do

367

00:51:46.840 --> 00:51:56.160

Town of Parish: is do like we did last year. Do the a account one night, if we can. I will try to stop anything we do by 90'clock at the latest.

368

00:51:56.200 --> 00:52:01.030

Town of Parish: and we'll just continue last week of October. You're out of town the last week.

369

00:52:01.780 --> 00:52:05.659

Town of Parish: Well, like, I said, if if we can get it done like we did last year.

370

00:52:06.390 --> 00:52:27.960

Town of Parish: we will be good and if you miss the public hearing, or whatever you, you would have already been involved in it, and put your little stamp on it like I said, my main goal offended my main goal. Thank

you. I'm just put your big stamp on it. My goal is be at 0 this year, and I will do as much as I can

371

00:52:28.220 --> 00:52:30.679

Town of Parish: to get us to 0 with no increase

372

00:52:31.010 --> 00:52:41.689

Town of Parish: or a half a percent at the most. I really wanna be at 0 just for the simple fact that I think over the previous 4 years

373

00:52:42.830 --> 00:52:45.529

Town of Parish: we, the taxpayers, were overtaxed

374

00:52:45.710 --> 00:52:50.629

Town of Parish: quite honestly. I mean, 30% over 4 years was a lot, and we're still

375

00:52:50.850 --> 00:52:55.889

Town of Parish: as a town as of last year's budget, and this year's budget, and when we get it you'll see it

376

00:52:56.110 --> 00:52:57.170

that

377

00:52:58.690 --> 00:53:00.100

Town of Parish: we had a lot of money.

378

00:53:00.300 --> 00:53:07.350

Town of Parish: Our fund balance continues to grow at a rate, and instead of the fund balance growing, we put it over here instead.

379

00:53:07.410 --> 00:53:14.120

Town of Parish: You know, I mean Paris needs items. I mean, that's plain and simple. We need a lot of highway equipment we haven't bought.

380

00:53:14.190 --> 00:53:17.149

Town of Parish: Well, we bought more highway equipment in last year.

381

00:53:17.370 --> 00:53:20.919

Town of Parish: Umhm, than they have in the last, maybe 10 years.

382

00:53:21.320 --> 00:53:30.990

Town of Parish: So if if I can get us to 0 and it's a goal, I mean, sometimes goals aren't achieved. But if I can get us to 0, I will certainly try to do that. And that is my goal.

383

00:53:31.340 --> 00:53:34.670

Town of Parish: Personal goal. So once I get done with the tenant budget.

384

00:53:34.940 --> 00:53:41.060

Town of Parish: We'll move on. But I just wanted you guys to know that that's what I'm attempting to do. And over next week I will attempt to get it done.

385

00:53:41.320 --> 00:53:44.740

Town of Parish: I've talked to all the department heads already, so

386

00:53:44.970 --> 00:53:50.789

Town of Parish: I know where the numbers are. I just gotta put them in there and make sure that everything is copacetic, and

387

00:53:51.020 --> 00:53:53.900

Town of Parish: try not to, you know, mess up.

388

00:53:54.920 --> 00:54:10.829

Town of Parish: but it will take some time you got this. Yes, we will try and then, like I said, we will go over line by line, so if I hopefully make a mistake, somebody catches it from me. Alright. I'll set with that any other questions on my budget. Great

389

00:54:12.440 --> 00:54:13.980

Town of Parish: standard work day.

390

00:54:15.640 --> 00:54:40.909

Town of Parish: We have a standard workday resolution once again. We are with with Angie going over for the through the New York State enhanced which we are now we're done. Everybody left. Towns haven't even come close to getting it done, but we're done and complete. But sometimes we run into these standard workdays, and it's just the simple resolution that she has to post for 30 days, which means Kelly had to redo her stuff

391

00:54:41.370 --> 00:54:44.730

Town of Parish: because her she did not have a

392

00:54:45.280 --> 00:54:51.389

Town of Parish: What's the word I'm looking for? Ro away. You have to do it every 8 years, every 8 years. Record of

393

00:54:51.500 --> 00:54:53.829

Town of Parish: activities, I believe, is what it is.

394

00:54:54.250 --> 00:55:06.159

Town of Parish: You have to keep a calendar for 3 months, 3 months. Calendar. So it knows how many hours. If you're an hourly employee, you have to write it down. You have to keep that so right, even if your salary

395

00:55:06.330 --> 00:55:09.619

Town of Parish: so you have to keep how many hours. And so Kelly's

396

00:55:09.660 --> 00:55:12.910

Town of Parish: and this on resolution is 7.5.

397

00:55:12.920 --> 00:55:28.659

Town of Parish: And it's just for the retirement system. It means nothing more than that, but she kept a record when she was here for 3 months. Just so we wanna look at that before they. I know you've seen enough of these lately. So and you may be seeing more depends on how Angie works it out. Who needs it.

398

00:55:28.760 --> 00:55:29.780

So

399

00:55:30.490 --> 00:55:34.950

Town of Parish: I need to. I'm gonna make this motion.

400

00:55:35.530 --> 00:55:48.700

Town of Parish: I just need a second, and then I'll read it. It's just gonna say that 7 5. So so I'll read it, and then we'll do that. Sorry cause it's really kinda messed up here. Be resolved at the town of Parish

401

00:55:49.030 --> 00:55:54.530

Town of Parish: 3, 0 1 9 5. Hereby establishes the following standard work days for these titles.

402

00:55:54.600 --> 00:56:12.530

Town of Parish: and we'll report the officials to New York State local retirement based on the record of activities. This is for Kelly, Reader,

Pettit town clerk 7.5, and the her record of activities result was 18.8, and you would know more what that means.

403

00:56:12.840 --> 00:56:18.640

Town of Parish: But that's what it is. Can I have a motion to accept that resolution? A move?

404

00:56:19.270 --> 00:56:28.820

Town of Parish: So we have. Gary, I just I'll second it. All those in favor opposed abstained. Just a matter of record.

405

00:56:29.370 --> 00:56:32.099

Town of Parish: Thank you very much. We will move on.

406

00:56:34.150 --> 00:56:35.060

Oh.

407

00:56:36.460 --> 00:56:46.789

Town of Parish: new business off the floor. Is there something somebody else wishes to bring up at this time. New business, anything. We haven't put on the agenda. Anything they wanna talk about.

408

00:56:50.230 --> 00:56:52.439

Town of Parish: Karen none seeing none.

409

00:56:53.010 --> 00:56:56.720

Town of Parish: We will move on then. Alright, everybody good with that. Yep.

410

00:56:56.790 --> 00:56:59.299

Town of Parish: Informational items.

411

00:56:59.880 --> 00:57:07.719

Town of Parish: I received a letter from national grid. I thought everybody should be aware, especially the people in the community.

412

00:57:07.910 --> 00:57:18.339

Town of Parish: National get grid will be replacing 1.7 million electric meters and 600,000 gas modules across upstate New York.

413

00:57:18.480 --> 00:57:20.639

Town of Parish: They're gonna replace them with smart meters.

414

00:57:21.250 --> 00:57:31.029

Town of Parish: So these meter deployments will begin in eastern and northern New York in 2024, and end in Western New York, beginning of 2027

415

00:57:31.870 --> 00:57:46.350

Town of Parish: we also let customers know that this gas module installation there should be no disruption in service, and most electric meter installations will require an interruption and power, usually for less than 10 min.

416

00:57:46.390 --> 00:57:59.730

Town of Parish: Just so, everybody's aware. And that's why it's informational item, anybody else. No, but they send that to everybody so, Meter. I'm not a fan of that. But

417

00:58:24.280 --> 00:58:27.930

any questions on that. Okay, great.

418

00:58:28.760 --> 00:58:36.770

Town of Parish: We will move on to the supervisors. Report. Everybody should have received this in their mail. Is there any questions on that

419

00:58:38.310 --> 00:58:39.250

Town of Parish: after Paul

420

00:58:41.590 --> 00:58:43.479

Town of Parish: Darn mailboxes?

421

00:58:43.580 --> 00:58:57.850

Town of Parish: Would you like to see it, Doug? Or did you have any questions at home? Okay, can I have a motion to accept my Robin Richard? All those in favor

422

00:58:58.020 --> 00:58:59.200

abstained

423

00:58:59.690 --> 00:59:00.950

Town of Parish: motion carries

424

00:59:01.290 --> 00:59:06.609

Town of Parish: next thing we have on here is the transfers. I have one transfer this month.

425

00:59:07.040 --> 00:59:09.510

You guys already, approved the voucher.

426

00:59:10.610 --> 00:59:16.040

Town of Parish: These are the forms that we currently use for transfers. And if you notice.

427

00:59:16.710 --> 00:59:33.400

Town of Parish: we'll keep a little better track of it. I have a board approved date on the bottom. When we do transfers any bookkeeper when she actually moves them to. Sometimes, even though we approve it. Sometimes I don't tell her move it, or she doesn't do it. So now we will keep track of that as well. So

428

00:59:33.570 --> 00:59:44.180

Town of Parish: when you look at this is this is going from our contingency account to our transportation other, and that carries the amount for Craig that we agreed last month

429

00:59:44.320 --> 00:59:48.450

Town of Parish: to move over to him with Bob Bob's approval.

430

00:59:48.820 --> 00:59:55.310

Town of Parish: and I got his approval, and everything is good with that for the past monies that were due him

431

00:59:55.350 --> 00:59:57.940

Town of Parish: save a tree. It's already spent.

432

00:59:58.540 --> 01:00:00.440

I've got pictures on it.

433

01:00:00.910 --> 01:00:15.369

Town of Parish: Yes, it's good. But like I said, I just wanted people to, you know, to see what we're doing. And there it is. So can I have a motion to transfer from?

434

01:00:17.470 --> 01:00:20.539

Town of Parish: I'm gonna give you this paper.

435

01:00:20.690 --> 01:00:28.610

Town of Parish: That's what they're approving is transferring those funds. Okay. all those in favor, aye, opposed.

436

01:00:29.070 --> 01:00:30.890

Town of Parish: abstained motion carries.

437

01:00:31.020 --> 01:00:32.579

Thank you very much.

438

01:00:34.140 --> 01:00:37.739

Town of Parish: Now I'm gonna ask for a motion

439

01:00:40.020 --> 01:00:49.430

Town of Parish: for the general fund a to approve the vouchers. You guys, awesome and signed vouchers number 1 62, through 189 for 28,000,

440

01:00:49.980 --> 01:00:51.400

24,000,

441

01:00:52.320 --> 01:01:01.350

Town of Parish: 28,054, 47. Richard MOS Robin. Seconds. Yes. Where did you come up? Gary? Up with it?

442

01:01:01.490 --> 01:01:06.039

Town of Parish: It's right there. \$20,054.

443

01:01:08.610 --> 01:01:10.270

Town of Parish: Yes, okay.

444

01:01:20.700 --> 01:01:34.100

Town of Parish: just so.

445

01:01:34.710 --> 01:01:54.150

Town of Parish: You must have got an old one somehow, and I have no idea how old I have an old one, too. So the motion holder. the motion works was for \$28,054 and 47 cents. Rich Richard made it who second it. Robin. All those in favor

446

01:01:54.760 --> 01:01:57.500

Town of Parish: opposed abstain motion carries.

447

01:01:57.720 --> 01:02:14.600

Town of Parish: Now I need a motion for the Highway Fund da to approve vouchers 103 through 109 for 10,380 and 91 cents? Does everybody have that amount. Robin and Doug. All those in favor Hi

448

01:02:14.640 --> 01:02:15.740

Town of Parish: opposed

449

01:02:16.210 --> 01:02:29.450

Town of Parish: abstain. Motion carries next, one is motion for the highway fund. dB. To approve vouchers 110, through 114 for \$16,895 and 53 cents.

450

01:02:29.660 --> 01:02:42.840

Town of Parish: Richard, who's who's who's gonna second Doug? All those in favor opposed abstain the next one, and I am sorry if

451

01:02:43.090 --> 01:03:11.300

Town of Parish: it's gonna be voucher number one. If somebody has a 1 15, we had to move it because it's a new capital project. So I know II need the motion for the Capital Project fund to approve. Voucher one for 200 thirty-fourty, or 234,004 hang on one more time, 234,043 and 56 cents.

452

01:03:11.330 --> 01:03:15.999

Town of Parish: Doug and Gary. All those in favor opposed.

453

01:03:16.180 --> 01:03:30.030

Town of Parish: abstain. Thank you that 0 threw me up, and I was trying to read it. On your agenda. There was a motion to enter into exact.

454

01:03:30.080 --> 01:03:47.129

Town of Parish: We do not need to enter into exec that has been resolved. So we will continue moving forward. Any anybody else need anything going to exec for we're gonna move on, then future meetings.

455

01:03:47.180 --> 01:03:57.300

Town of Parish: The Historical Society meeting is on here September 20 sixth, at the old Bank building at 10'clock. Anybody would like if they're off, can attend Mr. Houghton

456

01:03:57.310 --> 01:04:03.219

Town of Parish: and Richard, if you would like to attend. I know I'm sure Robin and Gary are working, but if they're not. They can attend as well.

457

01:04:03.440 --> 01:04:09.829

Town of Parish: And then we get into our workshops next week. September 28. Is our reserves.

458

01:04:10.080 --> 01:04:21.880

Town of Parish: Okay? Remember, we talked about reserve. Now we actually have to set them up and put money in it, or at least put money in it and see which reserves I want to make, and then I will come back and make write up those motions. You know what I'm saying. So the following meeting I can

459

01:04:22.560 --> 01:04:37.950

Town of Parish: make resolved, you know, if we decide this, put in 5 different reserves, I have to have 5 separate motions written up, and everyone's a little different in the back of the Controllers book. So once we do that the meeting on that day should not take that long.

460

01:04:38.170 --> 01:04:42.979

But it could be discussed. As we're put monies cause we have monies. We have to move.

461

01:04:43.350 --> 01:04:47.270

Town of Parish: but that is all hopefully discussed, that now is reserves.

462

01:04:47.430 --> 01:05:00.810

Town of Parish: Then, October fifth starts our budget season. Everybody should have received a budget. I wrote a list up about what my plan is to discuss it. So the first one is should be the 8 accounts. Second, one should be the highway accounts.

463

01:05:00.850 --> 01:05:02.319

Town of Parish: DA. And dB.

464

01:05:02.520 --> 01:05:11.359

Town of Parish: I'm sure George will hopefully attend, as well as nate as neat will be the next highly super tenant, unless somebody beats them

465

01:05:11.530 --> 01:05:12.909

Town of Parish: with a right invoke

466

01:05:12.920 --> 01:05:25.109

Town of Parish: which could happen. But yes, and so that is that. And then we have our regular meeting on the twenty-nineteenth, and then October 20 sixth.

467

01:05:25.460 --> 01:05:29.109

Town of Parish: we have the final budget considerations. If everything goes well.

468

01:05:29.430 --> 01:05:32.120

we will do any changes if we need to.

469

01:05:32.520 --> 01:05:37.359

Town of Parish: for a half hour. I mean, it's just saying, Hey, I need to move it here. Here. It shouldn't take that long.

470

01:05:37.600 --> 01:05:45.010

Town of Parish: And finally 70'clock. We will have our public hearing, and after the public hearing we will adopt the final budget.

471

01:05:45.030 --> 01:05:46.960

Town of Parish: and as a last course.

472

01:05:47.240 --> 01:05:51.580

Town of Parish: additional date. If something goes wrong. I have November second

473

01:05:51.690 --> 01:06:03.980

Town of Parish: we can always cancel the you know, public hearing and move it to that date, or whatever. It's just a fill in date. Any questions on the schedule. It's very hard in October, but we have to do it to get our budget done.

474

01:06:05.820 --> 01:06:07.060

Any questions.

475

01:06:08.020 --> 01:06:10.610

Town of Parish: Anything else. Good luck with that!

476

01:06:10.680 --> 01:06:23.120

Town of Parish: Oh, thank you. Trust me. I just need a motion to adjourn all them

477

01:06:23.120 --> 01:06:50.159

Town of Parish: all those in favor. That's my goal. I'm gonna try my best.

478

01:06:50.160 --> 01:07:01.039

Town of Parish: I was hoping he was. Gonna find me one out of your barn out there. Put up the option. We can't get them.

479

01:07:01.240 --> 01:07:18.540

Town of Parish: There's nothing. Thanks, Bob.

480

01:07:18.820 --> 01:07:32.919

Town of Parish: I was amazed when I started pricing.
