114

00:15:34.970 --> 00:15:37.309

Town of Parish: We have to approve some minutes.

115

00:15:37.440 --> 00:15:47.110

Town of Parish: Everybody received the one from the organizational meeting and the regular meeting. Did anybody find any issues with either one of those.

116

00:15:47.210 --> 00:15:50.929

Town of Parish: I need a motion to approve the minutes for both of them

117

00:15:51.230 --> 00:16:12.439

Town of Parish: wooden and holden, all those in favor opposed abstain motion carries to approve the Minutes department reports the Assessor is not with us this evening. The CEO placed one in all of your mailboxes. I will read it cause he cannot be here due to an animal issue he was having.

118

00:16:12.990 --> 00:16:18.149

Town of Parish: So for the month of January it has been slow with building permits and property maintenance violations.

119

00:16:18.340 --> 00:16:44.420

Town of Parish: So throughout the month of January I've been receiving some building plans, returning phone calls, answering complaints, doing permit inspections dealing with the violation. And I've had several meetings with residents about building permits. I also have been in contact with Dss. Child Protective Services and the New York State building codes wrap regarding an issue in the bill in the village. I've taken a training on grants, and I've also taken training for the New York State energy codes, and I have

120

00:16:45.120 --> 00:16:52.379

Town of Parish: to be working on the census Report and the New York State 1203 year end report. It's got one violation in

121

00:16:52.420 --> 00:16:58.059

Town of Parish: for last month. 14 inspections, one temporary see and all and one zoning permit.

122

00:16:58.170 --> 00:17:02.830

Town of Parish: This was given by William Hamacher, our code Enforcement officer.

123

00:17:03.310 --> 00:17:05.719

With that we will move on.

124

00:17:08.079 --> 00:17:12.149

Town of Parish: and we will move on. Dog control officer.

125

00:17:12.530 --> 00:17:22.780

Town of Parish: You're either fire company report. And actually, I take that back. I forgot that I spoke with Steve Pratt. He also was having some family issues and could not make it tonight.

126

00:17:22.990 --> 00:17:26.829

Town of Parish: So that is why he is not here. Go ahead, chief. Sorry.

127

00:17:34.370 --> 00:17:52.130

Town of Parish: 40 miles, 32

128

00:17:52.240 --> 00:17:56.109

Town of Parish: free time. 4 calls from up 36,

129

00:17:56.200 --> 00:18:01.640

Town of Parish: company hours, 2029, 3, 26 miles, 2 33

130

00:18:01.710 --> 00:18:06.259

Town of Parish: 20 h per month is 8 and hours 152

131

00:18:07.870 --> 00:18:12.130

Town of Parish: fantastic any questions for the chief.

132

00:18:12.390 --> 00:18:15.290

Town of Parish: Great. Thank you, Jean.

133

00:18:15.310 --> 00:18:17.710

Town of Parish: We'll move now. Move on

134

00:18:18.880 --> 00:18:21.750

Town of Parish: to the highway.

135

00:18:22.960 --> 00:18:26.339

Town of Parish: I didn't get these passed out beforehand.

136

00:18:26.850 --> 00:18:29.780

It's okay. We're doing good.

137

00:18:30.650 --> 00:18:33.829

Town of Parish: We'll have now have a report for you monthly.

138

00:18:34.510 --> 00:18:41.739

Town of Parish: It's gonna be a month behind now, cause I do full months in report last month we get

139

00:18:41.990 --> 00:18:53.660

Town of Parish: machinery maintenance. We had a hundred 6 and a quarter regular hours on snow removal. We had 679 and a half regular hours 152 and a quarter overtime hours.

140

00:18:54.460 --> 00:18:59.510

Town of Parish: During the month we plowed roads 19 out of 31 days.

141

00:18:59.550 --> 00:19:07.520

Town of Parish: 71 truck trips in total, 45 mile average truck trip for approximately 31 95 total truck miles.

142

00:19:07.800 --> 00:19:23.809

Town of Parish: I attended training, or I attended superintendents associating meeting. I also attended a flagrant training tutorial webinar I also went to to running highway department workshop held at Lewis County.

143

00:19:24.250 --> 00:19:32.489

Town of Parish: and Bill John and Danielle had a tour in training on snowflow operations at Viking sites in Harrisville.

144

00:19:33.750 --> 00:19:49.079

Town of Parish: Great! Great! Also, while I'm giving my report. I don't know when you wanna get something like this, but this is a request a proposal for disposal of a piece of equipment. This is a maintainer

145

00:19:49.610 --> 00:19:50.680

Town of Parish: that

146

00:19:50.920 --> 00:20:01.190

Town of Parish: literally is set in Carl Dagger's side yard for the last 15 years, if not longer right, and he request us to remove it.

147

00:20:01.790 --> 00:20:22.959

Town of Parish: So we managed to somehow get it back to the garage. Kind of it's sideways on us and went into someone's lawn at 1 point time, and

we managed to get it back to the garage anyway. But it's just an eyesore a damaged piece of equipment, that's all steel, so we can cut it up, put it in a dump, truck and scrap it ourselves rather, and try and sell it.

148

00:20:24.100 --> 00:20:27.569

You're only gonna sell it for scrap costs, anyway.

149

00:20:28.910 --> 00:20:46.300

Town of Parish: But it's approximately, I mean, it's a 30 and 1940. This thing was produced. John Hamilton, he said, in all his years at the highway department. It's never been used. Nope.

150

00:20:46.470 --> 00:20:50.269

Town of Parish: so scrap scale.

151

00:20:50.330 --> 00:20:54.030

Town of Parish: Okay, so I'll add that into your

152

00:20:55.490 --> 00:21:04.050

Town of Parish: Excellent! Let's just do it now, so I won't forget it if I had something writing. Yeah, I'll check with you tomorrow on when you want me to give you something like that in the future.

153

00:21:04.080 --> 00:21:08.609

Town of Parish: Yeah, we'll just put it on the agenda, but we can deal with that tonight, I believe.

154

00:21:08.730 --> 00:21:16.779

Town of Parish: So let me make a motion to do something with that piece of equipment. Oh, like a motion to scrap it.

155

00:21:17.900 --> 00:21:26.480

Town of Parish: Morning. And what is that item called again? It's a Highway Maintainer, Highway Maintainer.

156

00:21:27.070 --> 00:21:28.840

Town of Parish: Any discussion on that.

157

00:21:30.120 --> 00:21:33.250

Town of Parish: All those in favor aye, opposed.

158

00:21:34.350 --> 00:21:37.370

Town of Parish: perfect highway Maintainer.

159

00:21:37.390 --> 00:21:53.530

Town of Parish: perfect. Okay, we will move on then. And just a little piece of of extra knowledge. Looking at this board report, if you remember, when we did the budget, we started adding more money to lines in the highway, such as maintenance and flooding erosion.

160

00:21:54.010 --> 00:21:58.370

Town of Parish: Well, we are now starting this year. We are keeping track of every hour

161

00:21:58.500 --> 00:22:10.740

Town of Parish: so that we can actually pull from those, whereas in before we just took it da for 6 months and dB. For 6 months, and sometimes, if they did some of these other other items we would pull from that account. This will give us more

162

00:22:11.280 --> 00:22:25.919

Town of Parish: accountability, basically and so this is good. And that's why we will now get reports like these, and we started doing them pulling from reports beginning of January, and the other good thing in case anybody doesn't know

163

00:22:26.560 --> 00:22:31.290

Town of Parish: is that there was one week where the highway department was actually out

164

00:22:31.600 --> 00:22:33.010

patch and potholes.

165

00:22:33.920 --> 00:22:49.549

Town of Parish: Okay, so normally, it would only be taken out of snow plown. You know. We would only have da account for snow blown throughout the whole winter. They actually went out and patched. When the weather was good. They were actually out there, taking care of some of the paddles early. So I wanna applaud Nate for doing that and taking, you know.

166

00:22:49.820 --> 00:22:55.799

Town of Parish: doing what was good when the weather was so well, yeah, so that's good, and that will be, you know, written, not beer

167

00:22:56.600 --> 00:23:00.150

Town of Parish: in next month's report. Okay.

168

00:23:00.230 --> 00:23:03.389

Town of Parish: thank you. Any other questions for Nate. So far.

169

00:23:03.470 --> 00:23:05.080

Town of Parish: Alright, that's good.

170

00:23:05.530 --> 00:23:15.810

Town of Parish: We will move on. Then the tax collector didn't come downstairs yet. So we will move on to Paul Baxter. The Talk Hill circuit writer, report, please.

171

00:23:15.940 --> 00:23:25.170

Town of Parish: In front of you there, couple of things.

172

00:23:25.190 --> 00:23:40.210

Town of Parish: Registration is required. Registration can be

173

00:23:40.370 --> 00:23:43.969

Town of Parish: online at the link I gave you there or by phone.

174

00:23:44.110 --> 00:23:48.300

Town of Parish: That's open. Anybody who's interested in attending.

175

00:23:49.210 --> 00:24:04.340

Town of Parish: the line is approaching for the best registration rate for the 2024 total government conferences to get that on your agenda that Kelly wants him so belabor that except to let you know that I've got more copies of registration forms and program description, or they're accurate.

176

00:24:04.580 --> 00:24:13.739

Town of Parish: We're blessed. We're currently in the process of scheduling first Seminar Council Governments meeting for this year. We're looking at dates on the second half of March

177

00:24:14.800 --> 00:24:25.500

Town of Parish: wanted to mention that the last Guy, on Monday, March eighteenth, at 10 Am. And Central Square Monday

178

00:24:25.840 --> 00:24:31.079

Town of Parish: somebody wanted to mention to you and to to Nate that

179

00:24:31.330 --> 00:24:41.170

Town of Parish: couple of towns. Recently I provided base maps to the highway department for them to use in their planning process, just market up, to plan to do under row conditions or sign whatever they want to do with them.

180

00:24:41.220 --> 00:24:53.030

Town of Parish: I want to let Nick know that I can get you some base maps if that would be helpful for you. It certainly would if you need multiple ones or something. How many want just one grant.

181

00:24:54.070 --> 00:25:07.049

Town of Parish: Yeah. Well, I can let me give you a couple of, I'm sure.

182

00:25:07.880 --> 00:25:21.090

Town of Parish: and I also wanted to mention that the Commission has the traffic counter again. Let me know, and we can set things up for you to talk to

183

00:25:21.110 --> 00:25:26.129

Town of Parish: find out what's involved. And see you some additional traffic

184

00:25:26.730 --> 00:25:56.650

Town of Parish: nothing new to report about the status of wildlife, engineering legislation. And what other thought came to mind. You know, West Monroe has a new superintendent of highways as well, and they also use the winds and software, and they're both. They're new to it as I don't. I don't know if you're thinking about doing any training on that. But I was thinking it might be an opportunity to do a joint training session cost on it rather than one community or the other

185

00:25:56.750 --> 00:26:12.669

Town of Parish: paying for twice or paying for the full full load. So it's fun to mention that you you got a lot invested in the software, and I'm sure you'll get a lot more out of it if you get next train like, I said, what's the most thing about same thing? So I just wanted to mention it to you in case you want to do some coordination.

186

00:26:12.770 --> 00:26:20.429

Town of Parish: Sure, I mean, Nick can even contact their highway superintendent. And you guys can set it up and

187

00:26:20.520 --> 00:26:34.509

Town of Parish: have you even contacted William? Have you opened up the program? Can you open up the program? So I opened up the program. I have not had time to

188

00:26:34.610 --> 00:26:57.539

Town of Parish: really dive into the program. It's not something that you just open up. Correct. It's it's an extensive program. And I'm guessing that until mid-march I'm not really gonna have the time to dedicate to getting into it right? Right so. And I'll let you deal with. You know that you guys want to get together. You wanna do it, you know.

189

00:26:57.540 --> 00:27:04.699

Town of Parish: that's up to you, and I think that'll be good time for having free time.

190

00:27:13.860 --> 00:27:29.899

Town of Parish: Alright, thank you. And just a side note. If anybody is interested in this red flags. I took that probably approximately a year ago, I think, or even in my first year. It's very informative, and it just allows you to know, to look for those red flags that so

191

00:27:30.260 --> 00:27:38.610

Town of Parish: you 2 would look somewhere else when you're having problems. So it's a good thing. Definitely good course, and I was just everybody

192

00:27:38.900 --> 00:27:42.770

Town of Parish: councillors looking to taking it, seeing as it's on zoom.

193

00:27:45.510 --> 00:27:55.049

Town of Parish: Alright, we will move forward again. Kevin comes in. We'll just come in if he wants to come in so we'll move on. Old business.

194

00:27:56.170 --> 00:28:02.429

Town of Parish: the highway, Moore. We will. He's here. He's gonna tell you about that

195

00:28:03.130 --> 00:28:15.980

Town of Parish: Go ahead, Nate, I'll just let you speak. Yeah. So based on based on what I talked to Gary about considering the transmission issues and stuff like that went back.

196

00:28:16.230 --> 00:28:22.720

Town of Parish: I check the more over that the more is pressure wash every time it comes back.

197

00:28:23.140 --> 00:28:35.500

Town of Parish: So I had him go into the service reports that specific service has not been done on that piece of equipment. So I'd like to, based on all of that. I'd like to withdraw that proposal for that arm.

198

00:28:36.570 --> 00:28:47.190

Town of Parish: I don't think that into considering the hours on it and the the amount of work that's included with doing that.

199

00:28:47.880 --> 00:28:55.800

Town of Parish: I have been to everybody around. So my feelers are out there. So I actually have

200

00:28:55.930 --> 00:28:57.769

Town of Parish: another or more

201

00:28:57.960 --> 00:29:07.880

Town of Parish: from whites. They called me. They brought it in last week. It came from the town of Remson, and it's only been in the town of Remson.

202

00:29:08.310 --> 00:29:11.339

It has 840 h on it.

203

00:29:11.850 --> 00:29:17.939

Town of Parish: and the price is considerably less, and it also includes

204

00:29:18.320 --> 00:29:20.190

Town of Parish: a broom on the front of it

205

00:29:20.240 --> 00:29:30.509

Town of Parish: which is removable another piece of equipment which we own a broom. It's a 1960 broom, and it doesn't operate.

206

00:29:30.680 --> 00:29:37.810

Town of Parish: You can get the motor to start, but that's all you can get to work. It won't. It doesn't function at all.

207

00:29:38.400 --> 00:29:54.909

Town of Parish: so this mower would almost kill 2 birds with one stone. I went out. I looked at it. The piece of equipment does have a dead in the

hood. They ran into a tree branch while they were mowing. It happens other than that.

208

00:29:55.060 --> 00:30:06.750

Town of Parish: it looks good. It will be completely serviced. I found 3 things that I didn't like. I didn't like the fact that I had to monkey with the key a little bit to get it start. They agreed to replace the key switch. If we

209

00:30:07.290 --> 00:30:27.720

Town of Parish: I didn't care for the front tires on it. They agreed to put brand new front tires on it and new blades on it, as well as completely serviced piece of equipment. It is 2 wheel drive. They have advertised for 75,000, with everything. I got the salesman to bring it down to 71 5,

210

00:30:28.050 --> 00:30:31.010

Town of Parish: with everything.

211

00:30:31.140 --> 00:30:33.769

even with the repairs. And that's delivered as well.

212

00:30:35.250 --> 00:30:38.580

Town of Parish: John. It's a

213

00:30:38.720 --> 00:30:53.719

Town of Parish: the the Tractors at Ih International. Go ahead, John. Did you find anything out? 40 h on it since our last meeting? Where to stay, way with what?

214

00:30:54.010 --> 00:30:59.300

Town of Parish: Find any other equipment or anything? John, iphone a couple. But it's not.

215

00:30:59.470 --> 00:31:01.470

Town of Parish: That's way. Overpriced

216

00:31:01.900 --> 00:31:27.710

Town of Parish: rental equipment. 4,000 h on this one. Since it's entire life.

217

00:31:27.740 --> 00:31:39.439

Town of Parish: It's got 840 h on it. I mean, the hours are way less than the other one. It is only 2 wheel drive, but we don't need 4 wheel drive.

218

00:31:39.470 --> 00:31:40.800

Town of Parish: They don't want to go

219

00:31:41.280 --> 00:31:58.440

Town of Parish: that far off the road. The only difference in the arm Mors this arm more the time there is the manufacturer still in business. They'll fit parts very easily, for it's a 12 foot arm instead of a 16 foot arm, which, from what I understand from 4. Well, when I talk to them.

220

00:31:58.930 --> 00:32:03.449

Town of Parish: It's better to have the 12 foot arm, because it doesn't wear the bushings out as fast.

221

00:32:20.820 --> 00:32:34.260

Town of Parish: So this is. This is 42,000 cheaper. It's 2 years older, but it's got a lot less hours, and another attachment, and another attachment which that attachment is about 11,000 attachment.

222

00:32:34.570 --> 00:32:42.480

Town of Parish: That might be something that they would use a lot. The room we borrow. We borrow envoys room constantly.

223

00:32:44.140 --> 00:32:48.790

Town of Parish: How many horse tractor, you know. I didn't check the horsepower.

224

00:32:49.050 --> 00:32:52.819

Town of Parish: It's that size. There, it's gotta be around a hundred, but 1,200.

225

00:32:54.170 --> 00:33:00.650

Town of Parish: It's definitely yeah.

226

00:33:01.040 --> 00:33:02.949

Town of Parish: right?

227

00:33:03.540 --> 00:33:09.619

Town of Parish: Any any other questions on this? What are you looking to do with this, Nate, are we

228

00:33:09.770 --> 00:33:23.800

Town of Parish: it? It's up to. It's up to the board. I I'd like to move forward and and let this. This came in last week, and he called me, and I drove right out there today came in.

229

00:33:23.910 --> 00:33:24.750

Town of Parish: So

230

00:33:26.960 --> 00:33:35.750

Town of Parish: I highly doubt it's gonna last long time if John John's been looking so he knows when you do find them at a reasonable price. They don't last. No.

231

00:33:42.590 --> 00:33:45.200

Town of Parish: Oh, somebody!

232

00:33:45.220 --> 00:33:48.329

Town of Parish: Hey! What do you? What does the Board wish to do?

233

00:33:48.510 --> 00:33:51.900

Town of Parish: Come, make a motion, move forward with a purchase. What do you think?

234

00:33:52.270 --> 00:34:08.700

Town of Parish: I'll I'll second that.

235

00:34:09.900 --> 00:34:28.169

Town of Parish: Yeah. Luckily this one came in and I got that phone call. I had already made the determination that I was gonna withdraw that original proposal, because what Gary said, and then you had some concerns with it, and when I went out, looked at it. I mean, the thing is spotless, because it's pressure was every time it comes back again. So.

236

00:34:28.280 --> 00:34:35.949

Town of Parish: and then, when I looked up the service reports. Jay looked up the service he's like. No, it's never had anything done like that. I'm like. Well.

237

00:34:36.060 --> 00:34:48.459

Town of Parish: it's it's coming just to fix one little part. It's not something that I wanted us to get into. Alright. Well, we have a motion on the floor. We have a second any more discussion.

238

00:34:50.480 --> 00:34:52.650

Town of Parish: Alright, then, let's take a vote.

239

00:34:52.840 --> 00:34:56.069

All those in favor of purchasing the mower

240

00:34:56.330 --> 00:34:59.229

Town of Parish: say, aye, aye, opposed.

241

00:34:59.590 --> 00:35:21.540

Town of Parish: abstained motion carries to purchase the whatever model. This is international 2,013, international more. 71 5. That's the advertised price. Okay, 71, 5.

242

00:35:21.540 --> 00:35:39.359

Town of Parish: Okay, motion is done. I saw Kevin walk in. So let's go to the tax collector report. He's probably out there doing Texas.

243

00:35:41.160 --> 00:35:50.659

Town of Parish: Okay? What's coming on? My I'll say report as of when I close my records on Tuesday, after tax questions.

244

00:35:51.020 --> 00:36:11.879

Town of Parish: Nothing's much changed. There is no warrant. So same with the adjustment. There's an extra copy

245

00:36:11.990 --> 00:36:20.399

Town of Parish: per county requirement I'm required to. Even if it's into March, I have to send that new new land owner a bill.

246

00:36:20.660 --> 00:36:22.030

Town of Parish: the corrected bill.

247

00:36:22.910 --> 00:36:31.670

Town of Parish: bill with their updated address on it. So that's what those adjustments are. And I went back and looked at my records. I had one adjustment

248

00:36:31.770 --> 00:36:36.630

Town of Parish: on the bill, but because I skipped the line. I missed the line. When I was when I was editing

249

00:36:36.750 --> 00:36:55.420

Town of Parish: I went back and thought I could. I had fixed it, it turns out, made it duplicate entry on this. So that's why there's so you split

that in half would be the adjustment so far, and I've got 2 more on my desktop. I'm trying to work on right now. So anyway, okay, so that brings the original warrant. 2000006870310 adjustments.

250

00:36:55.460 --> 00:36:57.510

Town of Parish: So 3, 98, 47

251

00:36:57.770 --> 00:37:01.680

Town of Parish: brings the adjusted board up to 2 lane 6810157.

252

00:37:01.840 --> 00:37:08.309

Town of Parish: Now this is all the change stuff. So as of 2, 13. We had first installment payments of

253

00:37:08.770 --> 00:37:13.110

Town of Parish: 16,094 and 56 cents.

254

00:37:13.280 --> 00:37:17.829

Town of Parish: second installment payments of \$2,072 and 71 cents.

255

00:37:18.390 --> 00:37:28.229

Town of Parish: full payments, 1,000,005, 89, 9, 9, 1485 penalty, because we are now into February \$159 and 75 cents.

256

00:37:28.590 --> 00:37:42.899

Town of Parish: and therefore total tax collection. So far, 10000060915187 taxes outstanding is 1,079,001, 2945. Which brings me to my next business.

257

00:37:43.050 --> 00:37:48.799

Town of Parish: Prior. I have already given the town supervisor check for 350,000,

258

00:37:48.830 --> 00:37:51.380

Town of Parish: an additional check for 700,000.

259

00:37:51.710 --> 00:38:02.999

Town of Parish: He also received direct deposit from the 4 county reforestation last in the town of 3,555 27, which he now knows are coming in every year.

260

00:38:03.570 --> 00:38:05.139

Town of Parish: I'm just gonna get that.

261

00:38:05.290 --> 00:38:21.280

Town of Parish: Yes. Angie made a note of that. So we know when it comes in to notify you. So by my records, I show. The town has already seen 1,053,555, 27. And when I do my mass, subtracting that from the warrant amount of 1,000,374, 42, 86.

262

00:38:21.370 --> 00:38:30.409

Town of Parish: There's an outstanding balance of 320,92759 cents, and therefore here is your check for that amount. Thank you, sir.

263

00:38:31.100 --> 00:38:32.030

Perfect.

264

00:38:32.320 --> 00:38:38.789

Town of Parish: So that makes the town pull paid in full right? And then. Now I get to work on county correct

265

00:38:38.990 --> 00:38:56.590

Town of Parish: and

266

00:38:57.520 --> 00:38:59.749

Town of Parish: and go lock that up.

267

00:38:59.880 --> 00:39:01.710

Town of Parish: Okay.

268

00:39:02.480 --> 00:39:06.359

Town of Parish: That being done, we will move on again.

269

00:39:09.170 --> 00:39:10.440

So

270

00:39:11.090 --> 00:39:21.419

Town of Parish: make sure the number was correct. But, Warren, I have in front of me. So we move on to the judicial audit

271

00:39:21.730 --> 00:39:23.750

Town of Parish: myself. Gary.

272

00:39:23.930 --> 00:39:27.290

Town of Parish: our bookkeeper, Angie Skeleton.

273

00:39:27.330 --> 00:39:34.399

Town of Parish: Justice Corpus, and the justice Clerk. Sheila Deega were present during this.

274

00:39:34.560 --> 00:39:38.280

audit. I have it here before you

275

00:39:39.340 --> 00:39:43.620

Town of Parish: and you guys can take a quick look at our audit.

276

00:39:44.440 --> 00:39:49.149

Town of Parish: This was only of Justice Conroy's records.

277

00:39:49.700 --> 00:39:53.330

Town of Parish: and because he was not here.

278

00:39:53.440 --> 00:40:08.259

Town of Parish: or the justice clerk was not here. There are some questions on that audit that remain unknown as to how they stored records at the time where what they did with checks we don't know the answers to those, so we mark them unknown.

279

00:40:08.340 --> 00:40:09.860

Town of Parish: I can see this.

280

00:40:10.030 --> 00:40:12.470

that it was

281

00:40:12.720 --> 00:40:13.560

Town of Parish: not

282

00:40:13.740 --> 00:40:18.080

Town of Parish: as well done as the way Sheila keeps her records.

283

00:40:18.910 --> 00:40:23.779

Town of Parish: So sometimes it was difficult to determine what was going on.

284

00:40:24.340 --> 00:40:34.590

Town of Parish: But, after all, we looked at. There was nothing really monetarily that stuck out to us, and for a red flag there was, you know, not millions of dollars missing, not thousands of dollars missing. It was

285

00:40:34.870 --> 00:40:39.270

Town of Parish: kind of poor record keeping but it was there, so so

286

00:40:39.960 --> 00:40:49.509

Town of Parish: Sheila would do it, and we can't ask ask the questions as though what was going on. We did do Carl daggers

287

00:40:49.840 --> 00:40:51.560

Town of Parish: earlier before it

288

00:40:51.750 --> 00:41:00.369

Town of Parish: they left, cause they wanna make sure everything was good. So we did that prior to January first. And now we're just catching up because it's done annually. We're catching up with

289

00:41:00.430 --> 00:41:03.820

Justice Conroy's and his clerk's records.

290

00:41:06.110 --> 00:41:08.380

Town of Parish: That is what we we had done.

291

00:41:08.430 --> 00:41:12.100

We get those reports right out of the from the comptroller.

292

00:41:12.320 --> 00:41:22.159

Town of Parish: and we perform that audit. And like, I said, just for those that don't understand these type of audits. It is not looking for penny for penny.

293

00:41:22.300 --> 00:41:35.039

Town of Parish: This is looking mainly at procedures like when the cap pros come in and do an audit they don't look at, or any company you hire. They don't look to make sure the money's monies. They will pick a month out or 2 months out.

294

00:41:35.050 --> 00:41:40.719

Town of Parish: and they will make sure that your procedures are done and you're documenting it well, and then they will look at numbers. If anything falls

295

00:41:40.890 --> 00:41:46.599

Town of Parish: out of whack. In one month they'll pull another one and then another one in comparable.

296

00:41:46.740 --> 00:41:51.930

Town of Parish: And it's so. That's the way these type of audits work that are internal audits.

297

00:41:52.460 --> 00:42:02.699

Town of Parish: We follow the comptrollers records, and those are sent to the Fifth Judicial District chair, and I had. I couldn't even remember his name. But.

298

00:42:05.330 --> 00:42:07.509

Town of Parish: needless to say, Gary was there.

299

00:42:11.540 --> 00:42:18.489

Town of Parish: Yes, David Gideon probably gets one in Karen. Brant Brown also gets one. So what I'm gonna need

300

00:42:18.730 --> 00:42:20.030

Town of Parish: is an

301

00:42:20.110 --> 00:42:27.280

Town of Parish: approval of this audit. If I could have a motion to approve our audit of the judiciary system.

302

00:42:27.490 --> 00:42:35.630

Town of Parish: For justice. Conroy, January first till July 30 first or June 30. First. Sorry. I'm awful

303

00:42:35.760 --> 00:42:37.949

Town of Parish: wood. Can I have a second

304

00:42:38.920 --> 00:42:39.950

Town of Parish: for a second?

305

00:42:41.280 --> 00:42:57.690

Town of Parish: It's just hard to understand.

306

00:42:58.250 --> 00:43:03.770

Town of Parish: Yeah, there's a lot of unknown, unanswered stuff there. Yeah. Well, there, most like, I said,

307

00:43:03.820 --> 00:43:16.420

Town of Parish: And without anybody here our undeposited cash receives safeguarded. They're not here to answer that question, so it's very difficult to perform. Some of these questions

308

00:43:16.950 --> 00:43:25.709

Town of Parish: are all unused checks properly controlled. Anything, you know. Are they locked? I don't know if they locked them. There's a non. Those are the type of questions that remain unknown.

309

00:43:25.880 --> 00:43:29.979

Town of Parish: is accountability.

310

00:43:30.400 --> 00:43:37.130

Town of Parish: Determine at the end of each month. This is a comparison of cash to liabilities that's unknown because he didn't have any paperwork.

311

00:43:37.610 --> 00:43:45.899

Town of Parish: So this goes off to them, and if they find a real issue, I'm sure they will come in as a judicial system, and check a look and take a look

312

00:43:46.010 --> 00:43:50.339

Town of Parish: what may or may not. That's up to them. Once we did what we could do.

313

00:43:51.970 --> 00:43:59.660

Town of Parish: so we have the motion, we have a second. All those in favor. Aye, aye, opposed.

314

00:43:59.850 --> 00:44:03.340

Town of Parish: abstained. Okay, motion carries.

315

00:44:03.580 --> 00:44:11.120

Town of Parish: that is the core audit, and we will do the same further down, and you'll see and we'll discuss some of that.

316

00:44:13.480 --> 00:44:14.410

I'm just.

317

00:44:15.200 --> 00:44:22.760

Town of Parish: It's still an old business just to remind everybody is that Tug Hill Conference. Kelly needs the reply by March first.

318

00:44:23.080 --> 00:44:26.349

Town of Parish: So that is your reminder. Please get them in

319

00:44:27.520 --> 00:44:31.779

Town of Parish: if you wish to attend. Next item is the Kills property lease.

320

00:44:31.960 --> 00:44:36.029

Town of Parish: As we discussed last month we talked about given

321

00:44:38.020 --> 00:44:41.080

Town of Parish: Marilyn kilts of \$500.

322

00:44:41.240 --> 00:44:53.889

Town of Parish: I presented the check tour in person. I didn't mail it out to her. I thought I would just explain why and what was going on, and she was quite thrilled, to say the least. Because she kind of let it go too.

323

00:44:54.000 --> 00:44:58.759

Town of Parish: and I told her that she would be receiving \$100 a year

324

00:44:58.930 --> 00:45:07.599

Town of Parish: and that because it is a contract that was signed. I don't feel it neat. She needs to come in and sign a voucher for it. It's similar to what we pay the fire chief.

325

00:45:07.780 --> 00:45:14.370

Town of Parish: or we we take the contract with it. and we stable it to the voucher, and I sign off, and we give

326

00:45:14.560 --> 00:45:16.620

\$100 every year for the lease.

327

00:45:17.240 --> 00:45:20.950

Town of Parish: So that's that's where that was. But I did meet with her, and that was given to her.

328

00:45:21.290 --> 00:45:30.639

Town of Parish: Just so I'd let you guys know what happened with that on to the next. Any other questions about that, then. Okay. The Gatman cemetery accident.

329

00:45:31.210 --> 00:45:33.650

Town of Parish: I've been in contact with the troopers.

330

00:45:34.200 --> 00:45:38.589

Town of Parish: And went kind of back and forth. I spoke with the insurance company.

331

00:45:38.730 --> 00:45:51.780

Town of Parish: Our cemeteries are not covered at all. as far as accidents go. It happened before, and when I spoke with Rhonda, she said, yeah, we talked about it before, but by the time you put your cost in for offense.

332

00:45:52.060 --> 00:45:59.950

Town of Parish: or the cemetery headstones are normally covered under the homeowner's insurance is what Branda told me. And but this is a

333

00:46:00.110 --> 00:46:08.630

Town of Parish: you're never going to know who the who owns that head stone any more, cause. They're old. and normally it's a vehicle that does this damage.

334

00:46:08.750 --> 00:46:17.860

Town of Parish: so sh! It relies upon the driver to pick up the to pick up the money. So I spoke with the trooper again. He finally gave me the accident information, exchange form.

335

00:46:18.680 --> 00:46:20.980

Town of Parish: which only says that he was

336

00:46:22.450 --> 00:46:27.340

Town of Parish: supposedly had insurance through a company.

337

00:46:27.630 --> 00:46:32.539

Town of Parish: Just so happens. I called my buddy up, who is my insurance agent.

338

00:46:32.700 --> 00:46:39.379

Town of Parish: and he says, Well, Jim, he's not in my system. I only have him in in the system that's here. But here's the number.

339

00:46:39.640 --> 00:46:41.550

Town of Parish: So I call the number.

340

00:46:41.750 --> 00:46:44.869

Town of Parish: I spoke with a lady there who's very helpful.

341

00:46:45.110 --> 00:46:52.549

Town of Parish: and she, with all this information I have on this she was actually able to give us a clean number that will go back to the driver of this.

342

00:46:52.890 --> 00:47:02.560

Town of Parish: So Bob doesn't have to send out because Bob was. Gonna send a letter to the driver. Tell him you owes us money. Try to get his information. We don't have to do any of that.

343

00:47:02.760 --> 00:47:09.110

Town of Parish: we will be taking care of it. We now have a claim number for this, and we will see where it goes. I talked to her the other day

344

00:47:09.300 --> 00:47:11.669

she still had to speak to the driver

345

00:47:11.960 --> 00:47:16.520

Town of Parish: and get back to me, she said. Sometimes I can get hold in an hour.

346

00:47:16.530 --> 00:47:18.340

Town of Parish: Sometimes it could be a week.

347

00:47:18.630 --> 00:47:27.030

Town of Parish: so I don't know where that is, but we're working at. Just so you guys are aware what's going on. But there is a clean number, so that his insurance we'll be taking care of it.

348

00:47:28.100 --> 00:47:29.919

Town of Parish: Any questions on that.

349

00:47:30.550 --> 00:47:33.989

Town of Parish: Alright, you guys informed on that one

350

00:47:36.050 --> 00:47:44.900

Town of Parish: volunteer firefighters, Texas, which is local law number one of 2024. We did heavy public caring. Let me at that time nobody showed

351

00:47:44.960 --> 00:47:50.040

Town of Parish: does anybody have any other questions concerning local law number one, you guys had this meeting

352

00:47:50.120 --> 00:47:55.280

Town of Parish: your mailbox for a while? Hopefully, you looked it over any questions on it. Yeah.

353

00:47:55.680 --> 00:47:58.700

Town of Parish: okay. Alright. Then I need a motion.

354

00:47:59.040 --> 00:48:02.359

Town of Parish: I'll just make the motion to approve

355

00:48:02.740 --> 00:48:17.609

Town of Parish: local law number one of 2024. And this law allows eligible volunteer firefighters and volunteer ambulance workers to receive a real property tax exemption under real property tax law. Section 4, 6, 6, a.

356

00:48:18.510 --> 00:48:23.070

Town of Parish: So I made the motion. Can I have a second on that second, Mister Houghton.

357

00:48:23.210 --> 00:48:24.820

Town of Parish: Any discussion more?

358

00:48:25.340 --> 00:48:30.359

Town of Parish: All those in favor. What's that? 10?

359

00:48:30.480 --> 00:48:34.800

Town of Parish: Yup? It was 10.

360

00:48:35.050 --> 00:48:51.140

Town of Parish: Just so. You're also aware, then, that they have to live in the town. They have to own their property. They have to be with the

Volunteer or Volunteer Ambulance Company, which we don't have they have to be with the fire company, or that for 2 years.

361

00:48:51.280 --> 00:48:53.360

And this also covers

362

00:48:54.010 --> 00:49:01.900

Town of Parish: basically, if you're here for 20 years, I believe.

363

00:49:02.000 --> 00:49:10.840

Town of Parish: let me just confirm that is that correct? Yeah, I think so, too. So 20 years you get it. After you've served 20 years, you get this 10% discount

364

00:49:10.890 --> 00:49:13.399

Town of Parish: for the rest of your life.

365

00:49:14.980 --> 00:49:16.799

Town of Parish: Just everybody else, chief.

366

00:49:18.650 --> 00:49:21.700

Town of Parish: And like I said, there is

367

00:49:22.330 --> 00:49:34.550

Town of Parish: 7 people in the town and 2 in the village that this would have would give them. So it's not a huge number, but it's good for them. And hopefully we get more volunteers coming in because they get a little something more than the normal 200 that they've been getting.

368

00:49:35.040 --> 00:49:36.730

So with that being said.

369

00:49:36.890 --> 00:49:39.100

Town of Parish: we have a motion, and a second.

370

00:49:39.670 --> 00:49:42.769

Town of Parish: all those in favor. Aye, opposed

371

00:49:43.050 --> 00:49:44.080

Town of Parish: abstain.

372

00:49:44.150 --> 00:49:46.710

Town of Parish: Local law number one passes.

373

00:49:46.790 --> 00:49:48.119

Town of Parish: Thank you.

374

00:49:49.230 --> 00:49:51.269

Town of Parish: Okay, we will move on.

375

00:49:52.110 --> 00:49:53.800

Town of Parish: Have you caught up, Kelly?

376

00:49:53.820 --> 00:49:55.190

Okay, great.

377

00:49:56.810 --> 00:50:00.419

Town of Parish: The planning board vacancy. As we know, we have a planning board vacancy

378

00:50:00.610 --> 00:50:03.890

Town of Parish: on the planning board and Zba vacancy.

379

00:50:03.940 --> 00:50:10.509

Town of Parish: and what I would need now is a motion to enter into executive dis session. To discuss this

380

00:50:11.300 --> 00:50:12.140

Town of Parish: most

381

00:50:13.130 --> 00:50:17.320

Town of Parish: can I have a second please to enter into executive session 1 s

382

00:50:18.220 --> 00:50:22.359

Town of Parish: morning seconds all those in favor aye, opposed.

383

00:50:22.420 --> 00:50:25.949

Town of Parish: abstained motion carries to enter into executive session.

[Executive session]

{Exit from executive session}

547

01:05:28.750 --> 01:05:33.430

Town of Parish: Kelly, we left exec at 7, 19.

548

01:05:37.590 --> 01:05:40.609

Town of Parish: Do I have to make a motion to open the meeting, or just

549

01:05:40.800 --> 01:05:44.520

Town of Parish: yeah, who made promotion to come out of executives? I did.

550

01:05:44.590 --> 01:05:46.120

Town of Parish: Gary, what?

551

01:05:46.150 --> 01:05:47.200

Yeah?

552

01:05:47.600 --> 01:05:51.949

Town of Parish: Who seconded Mr. Holton? All in favor of that.

553

01:05:52.290 --> 01:06:07.850

Town of Parish: So now we don't have to open the meeting again. Right? That's why I just I do that every single time, I think, and I can't remember which way it goes. Nope, to make sure we're doing things as best as we can. Okay, we're back in open session.

554

01:06:08.590 --> 01:06:16.719

Town of Parish: You're okay, Mr. Baxter, fantastic we are now going to.

555

01:06:16.770 --> 01:06:22.649

Town of Parish: We have 3 positions that are open. The first one is on the zoning Board of Appeals.

556

01:06:22.840 --> 01:06:25.189

Town of Parish: We had 3 people apply.

557

01:06:25.800 --> 01:06:29.949

Town of Parish: and so what I will do is I will read out their name.

558

01:06:30.610 --> 01:06:39.279

Town of Parish: and then we will vote on who we wish, because we have 3 people. The first one would be Chief Harvey as the Zba member.

559

01:06:39.880 --> 01:06:43.579

Town of Parish: Let's do a roll call for that one, will you? Please, Kelly?

560

01:06:44.190 --> 01:06:45.150

Town of Parish: Hmm.

561

01:06:45.790 --> 01:06:49.369

Town of Parish: For Cba. Member to appoint

562

01:06:49.480 --> 01:06:55.120

Town of Parish: LJ. Harvey a zda member. Okay? So we can make a motion right?

563

01:06:56.080 --> 01:07:03.090

Town of Parish: Yes, I'll make a motion to appoint Lj. Rvs is Zba. Member. Okay?

564

01:07:03.260 --> 01:07:07.000

Town of Parish: Now we'll do a roll call. Vote, please. Okay, I'm sorry.

565

01:07:07.100 --> 01:07:09.020

Town of Parish: Yes.

566

01:07:11.010 --> 01:07:12.990

Town of Parish: Good morning. No.

567

01:07:17.810 --> 01:07:20.720

Town of Parish: Councillor Woods. Yes.

568

01:07:23.270 --> 01:07:25.440

Town of Parish: Supervisor Burns. Yes.

569

01:07:26.960 --> 01:07:30.380

Town of Parish: So the motion carries to higher algae.

570

01:07:30.410 --> 01:07:32.710

Town of Parish: Harvey is a Cba member.

571

01:07:34.430 --> 01:07:38.650

Town of Parish: Okay. Now, the other 2 people that were involved.

572

01:07:39.170 --> 01:07:42.050

Town of Parish: or Marianne Phillips and Paul Gage.

573

01:07:42.840 --> 01:07:46.629

Town of Parish: It was requested an exec that I mentioned them up.

574

01:07:46.970 --> 01:07:48.050

So

575

01:07:48.100 --> 01:07:52.309

Town of Parish: do you want to hold a vote, John, for the or just mention their names.

576

01:07:52.380 --> 01:07:56.510

Town of Parish: That work? Okay. Fantastic. Thank you.

577

01:07:57.090 --> 01:07:59.890

Town of Parish: The next is the planning board member.

578

01:08:01.320 --> 01:08:04.999

Town of Parish: and I will make a motion to appoint Craig Patitt

579

01:08:05.420 --> 01:08:07.459

as the planning board member.

580

01:08:07.960 --> 01:08:16.029

Town of Parish: Do. I have a second second Mister Holton seconds. Craig Pettit, as planning board member. Can I have a roll call on that, please?

581

01:08:17.560 --> 01:08:19.750

Town of Parish: Yes.

582

01:08:21.520 --> 01:08:22.549

Town of Parish: Councillor Honey.

583

01:08:22.750 --> 01:08:23.620

no

584

01:08:26.149 --> 01:08:28.350

Town of Parish: wood. Yes.

585

01:08:29.649 --> 01:08:31.090
Town of Parish: Supervisor Burns.

586

01:08:31.430 --> 01:08:32.279
Yes.

587

01:08:33.590 --> 01:08:35.290
Town of Parish: that motion carries

588

01:08:37.080 --> 01:08:39.330
Town of Parish: the other 2 members that placed

589

01:08:39.569 --> 01:08:42.370
Town of Parish: their name were Mary Ann Phillips

590

01:08:42.680 --> 01:08:43.910
and Paul Gage.

591

01:08:45.720 --> 01:08:48.090
We will move on to the planning board alternate.

592

01:08:48.770 --> 01:08:53.590
Town of Parish: We're going to. I need. I'll make the motion

593

01:08:53.740 --> 01:08:58.550
Town of Parish: to appoint Mr. Paul Henson as the planning board
alternate.

594

01:08:59.870 --> 01:09:05.599
Town of Parish: I'll second Gary Wood seconds any. We discuss this in
Exec. So

595

01:09:05.810 --> 01:09:12.350
Town of Parish: if somebody else wants to say anything more. I'll ask for
a roll call, and Paul Hanson is planning board alternate.

596

01:09:14.069 --> 01:09:15.640
Town of Parish: Okay

597

01:09:18.460 --> 01:09:21.060

Town of Parish: under hope. Yes.

598

01:09:22.200 --> 01:09:24.170

Once in the morning. No.

599

01:09:28.540 --> 01:09:30.630

Town of Parish: Councillor Wood. Yes.

600

01:09:31.210 --> 01:09:34.069

Town of Parish: yes.

601

01:09:34.720 --> 01:09:36.800

Town of Parish: that motion carries

602

01:09:38.390 --> 01:09:41.150

the other 2 individuals that place. Their name

603

01:09:42.120 --> 01:09:45.319

Town of Parish: was Maryanne Phillips and Paul Gage.

604

01:09:46.560 --> 01:09:47.670

Town of Parish: That

605

01:09:48.100 --> 01:09:50.929

Town of Parish: that closes that order of business.

606

01:09:51.370 --> 01:09:53.410

Town of Parish: Anybody else have anything on that.

607

01:09:55.230 --> 01:09:57.229

Town of Parish: hey? We will move forward.

608

01:09:58.650 --> 01:10:00.620

Town of Parish: Thank you very much.

609

01:10:02.660 --> 01:10:14.810

Town of Parish: New business, or actually, I'm sorry, right right over that old business off the floor. Does anybody have anything to discuss off the floor that I did not remember or put on the agenda.

610

01:10:16.330 --> 01:10:18.810

Town of Parish: hearing none, seeing none, we will move on

611

01:10:19.020 --> 01:10:20.740

Town of Parish: to our foil policy.

612

01:10:20.910 --> 01:10:24.840

Everybody should have received a foil post policy in their mailbox.

613

01:10:25.790 --> 01:10:38.740

Town of Parish: You can see policy that actually, we ran into a foil that was presented to us.

614

01:10:40.020 --> 01:10:45.760

Town of Parish: And so I I realize that we did not have a foil policy in place.

615

01:10:46.470 --> 01:10:49.470

Town of Parish: and this allows our residents

616

01:10:49.700 --> 01:10:51.679

Town of Parish: to know exactly how to

617

01:10:51.850 --> 01:10:56.390

Town of Parish: place a foil who gets the foil, how it's responded to.

618

01:10:56.510 --> 01:10:58.900

Town of Parish: and if they don't agree, if they're denied

619

01:10:58.940 --> 01:11:06.969

Town of Parish: who the appellant or who the appellant is that the right word? Yeah. Appeler is

620

01:11:06.990 --> 01:11:09.049

that's also written in there.

621

01:11:09.410 --> 01:11:10.710

Town of Parish: and

622

01:11:11.590 --> 01:11:13.049

it pretty much shows

623

01:11:14.350 --> 01:11:15.979
Town of Parish: all of the rules

624
01:11:16.420 --> 01:11:18.019
Town of Parish: which we've never had.

625
01:11:18.400 --> 01:11:19.320
Town of Parish: so

626
01:11:19.720 --> 01:11:21.609
tells you how much they are.

627
01:11:22.600 --> 01:11:24.360
Town of Parish: how it could be higher.

628
01:11:24.830 --> 01:11:29.269
Town of Parish: Did anybody have any questions on this?

629
01:11:34.080 --> 01:11:48.529
Town of Parish: It's it's kind of likely, but it's pretty much

630
01:11:48.800 --> 01:11:49.840
towels.

631
01:11:50.580 --> 01:11:52.449
Town of Parish: This is

632
01:11:52.480 --> 01:11:55.049
Town of Parish: what I did. Was I obtained

633
01:11:55.830 --> 01:11:59.530
Town of Parish: this. II had Bob approve it. He looked it over.

634
01:11:59.720 --> 01:12:04.979
Town of Parish: I looked at another town. I gathered some of it I looked
at actually,

635
01:12:05.400 --> 01:12:13.330
Town of Parish: the county also has one right, and it's state rules. Most
of these are state rules.

636

01:12:16.000 --> 01:12:22.560

Town of Parish: And it's just your Foyle law, basically written down in a policy because you have to pretty much state who you're

637

01:12:22.790 --> 01:12:29.969

Town of Parish: who's in charge of it. And what was happening before some of these foils, and I could speak for my own office.

638

01:12:30.100 --> 01:12:32.220

Town of Parish: Kelly would get a foil request

639

01:12:32.750 --> 01:12:36.520

Town of Parish: I would get on the same exact. They'd CC. Both of us.

640

01:12:36.730 --> 01:12:44.699

It's actually supposed to probably go to Kelly first, and then she questions myself or the Code Enforcement officer or the assessor, for those records being record.

641

01:12:44.760 --> 01:12:55.879

Town of Parish: turns to access officer, and we just appointed Kelly is the records access officer also on the budget. So she is now in charge of the foils. She is the one that will respond to the foils.

642

01:12:56.000 --> 01:13:04.300

Town of Parish: She may be able to go like I said, come to my office and say, Jim, are these records available? Do you have them? Because I don't.

643

01:13:04.430 --> 01:13:08.280

Town of Parish: You know some of the monetary things? And so

644

01:13:08.620 --> 01:13:15.940

Town of Parish: that's how we kind of work it. But right now this will simply spell out the contact, Kelly. So we 2 of us don't have to reply.

645

01:13:16.300 --> 01:13:23.980

Town of Parish: because we may have different items and collect 2 different ways. She's just collecting it as a records access officer.

646

01:13:28.990 --> 01:13:30.930

Town of Parish: Any more questions I can answer

647

01:13:37.060 --> 01:13:40.060

Town of Parish: like I said, just sums up along.

648

01:13:40.070 --> 01:13:57.050

Town of Parish: What's the timeframe timeframe is written in there. We have to respond within 5 days business days. So if you ask for it on Friday, we don't get it till we're already, you know, nobody's here. Right?

649

01:13:57.720 --> 01:14:00.130

Town of Parish: We open up Monday. We open up our email.

650

01:14:00.340 --> 01:14:02.460

We have 5 days to respond.

651

01:14:03.020 --> 01:14:12.250

Town of Parish: So if we don't respond. Within 5 days. It tells you what to do in here. Is there a time? And okay, we respond. And then, when we have to actually respond

652

01:14:12.600 --> 01:14:15.479

Town of Parish: and say, Yes, we will look for these records.

653

01:14:16.070 --> 01:14:23.639

Town of Parish: We have 20 days to give them those records. 20 business days now there's certain circumstances where

654

01:14:24.450 --> 01:14:28.799

Town of Parish: it could take longer than 20 days. If you ask for every single

655

01:14:28.940 --> 01:14:35.999

Town of Parish: zba over the last. You know any issue over the Cba for 10 years, and it takes us a long time to copy them and push them on.

656

01:14:36.790 --> 01:14:44.050

Town of Parish: Now it's right, it's 20 days unless you give them. I'm sorry it's gonna take longer. We will

657

01:14:44.310 --> 01:14:45.629

Town of Parish: have it done

658

01:14:45.660 --> 01:14:54.010

Town of Parish: by this date, and you could be 30 days longer. It could be 60 days longer. I've been like in the city of swigo. If they get swamped.

659

01:14:54.150 --> 01:14:55.010

Town of Parish: then

660

01:14:55.240 --> 01:15:08.000

Town of Parish: they do their best, and they will get the information. But it's not going to be within 20 days. Right? It depends what they're looking for, what they're asking for. I've also heard rumors that there's a local town

661

01:15:08.150 --> 01:15:16.100

Town of Parish: that had to hire somebody because people were foiling so much that they had to hire a separate clerk to take care of this foil.

662

01:15:16.900 --> 01:15:33.320

Town of Parish: And it it does happen, and that's that's where the actual cost of the foil comes in where you pay your lowest employee. Whatever your lowest employee that's able to handle it. For example, here in Paris it would be the clerk or 8 deputy clerk at an hour.

663

01:15:33.560 --> 01:15:36.160

Town of Parish: So then we start changing, charging them.

664

01:15:36.380 --> 01:15:39.580

Town of Parish: It's \$16 an hour. If it's more than 2 h worth of work.

665

01:15:39.810 --> 01:15:48.540

Town of Parish: You start charging them \$16 an hour to make copies depend, you know, and that's huge foils that are just. It's gonna cost a lot of money. But

666

01:15:49.000 --> 01:15:54.149

Town of Parish: the records are there for people. They're able to get them. They can foil any time.

667

01:15:54.460 --> 01:16:04.480

Town of Parish: which is great. It's open, you know. Here it is. Just ask me what you want. Ask any department what you want. We get the. We've been pretty good since I've been in an office. We have

668

01:16:04.750 --> 01:16:12.310

Town of Parish: 22, we answered, probably 5 or 6 foils. Last year we had none, and this year we had one, and the first year I was still trying

669

01:16:12.850 --> 01:16:24.240

Town of Parish: get out from underneath everything. So I didn't realize we didn't have one of these. And that's why it it came up just this month. Good idea. So any other questions on

670

01:16:24.450 --> 01:16:25.360

Town of Parish: look

671

01:16:26.710 --> 01:16:30.019

rules pertaining to public access record records.

672

01:16:31.680 --> 01:16:41.040

Town of Parish: Okay, do we have to move to accept this? Or do we? Because it's a policy just like all our other policies, they can be updated annually. So if we find something that is a mistake.

673

01:16:41.290 --> 01:16:58.529

Town of Parish: we just updated annually, we correct it just like all the other policies that we just went through at the beginning of the year. This will be another policy that has to be, you know, technically updated every year. No new laws change, too. If a new law comes in, we add it to our policy, and that's why we're supposed to do it annually. Come up to accept it.

674

01:16:59.110 --> 01:17:02.160

Town of Parish: Oh, sorry. Wood, and Holden!

675

01:17:02.250 --> 01:17:07.819

Town of Parish: All those in favor opposed, abstain, fantastic. We just

676

01:17:08.890 --> 01:17:09.770

it was

677

01:17:10.460 --> 01:17:15.380

Town of Parish: quite a bit of looking into like I said Bob did it. So thank you, Bob. We'll move on

678

01:17:15.660 --> 01:17:18.780

Town of Parish: the 2023 yearly audits

679

01:17:19.340 --> 01:17:21.420
of the Supervisor's office.

680

01:17:22.170 --> 01:17:33.929
Town of Parish: The clerk and the tax collector. I have this on the agenda, because in the past we have been doing this. and Laird Petrie has helped us a ton. He normally comes in.

681

01:17:34.330 --> 01:17:40.290
and because my office is so big we can hire him again, which is what I suggest.

682

01:17:40.890 --> 01:17:56.250
Town of Parish: And we normally have him. The other people do the other 2 s. Things. But if you feel that being the first first time the tax collector would be done by Larry, we could have laird do that one as well. We have a thousand dollars in our budget to handle this and

683

01:17:56.260 --> 01:18:08.260
Town of Parish: Lared is already done my office, and he did Kelly's last year, I believe so the only one that has not been done, and he's done the judicial one, I believe, too, I think one of those years.

684

01:18:08.270 --> 01:18:12.759
Town of Parish: the tax collector, I would suggest. We bring him in with 2 counselors

685

01:18:12.930 --> 01:18:20.919
Town of Parish: that wish to do it. But we have to divide this up because Larry can't come in and do my office or any position

686

01:18:21.190 --> 01:18:27.619
Town of Parish: without a member of the Council being there, because these are supposed to be done by the Council. Yearly audits are supposed to be done by counsel.

687

01:18:27.860 --> 01:18:38.450
Town of Parish: Larry to assist us, because he has way. More knowledge than any of us do. I do the tax collector last year you did the tax collector last year. Yes.

688

01:18:38.930 --> 01:18:57.660
Town of Parish: Would you like to do it again? No, would you? So what I'm asking for? Then I need people to step up. I know Robin isn't here, and

we can. You did mine with Lared right? So we had to do mine with Laird.
The clerk was done by Laird, and

689

01:18:57.940 --> 01:19:00.370

Town of Parish: you have to do them every year. Yes, annual.

690

01:19:00.590 --> 01:19:21.170

Town of Parish: just similar to just the same. Almost checklist. You just saw for the cord audit, and by doing this, John, it gives not only the counselors more knowledge as to what's going on behind the scenes. Once you start doing. You look and see how things are done. It helps. You guys look at even some of these format numbers.

691

01:19:21.310 --> 01:19:38.059

Town of Parish: The board members recommended the Controller.

692

01:19:38.530 --> 01:19:43.189

Town of Parish: Yeah. And you can do. I mean, it's supposed to be done annually. It was never done annually

693

01:19:43.380 --> 01:19:48.919

Town of Parish: before. And speaking with Larry, we started doing it, and your Dad did a lot of em, cause

694

01:19:50.320 --> 01:19:52.019

Town of Parish: he was retired.

695

01:19:52.030 --> 01:20:06.699

Town of Parish: and they're available during the day, which is, and you're not during the day. But we could have some night. We're like, even just the could have done it like we did the port at night, because it was just the 2 of us, because you don't need Lared once, you

696

01:20:06.780 --> 01:20:09.289

Town of Parish: understand. I don't think you need.

697

01:20:10.500 --> 01:20:13.540

Well, you want him to come in and do mine.

698

01:20:15.630 --> 01:20:27.350

Town of Parish: or do you said you do think we need them. I thought you said you didn't need them. Well, I don't think you gotta hire him for no, no, no like, I said. The only one he hasn't helped us with yet is the tax collectors.

699

01:20:27.680 --> 01:20:29.279

Town of Parish: I think I had

700

01:20:29.990 --> 01:20:33.299

Judy look over the first year.

701

01:20:34.220 --> 01:20:35.440

Town of Parish: and

702

01:20:35.480 --> 01:20:41.600

Town of Parish: that's where we kinda we didn't have somebody with her, and I didn't realize that. And so we we accepted it

703

01:20:42.080 --> 01:20:46.170

Town of Parish: because she was really good with numbers and understood what she was looking at.

704

01:20:46.660 --> 01:20:55.160

Town of Parish: Well, we need somebody there, whether and I can't remember somebody was or not. We didn't get in trouble. But Larry has never done the tax collector. Yeah, is is what I'm saying.

705

01:20:55.770 --> 01:21:00.040

Town of Parish: So if you would, I mean and we spent my goodness.

706

01:21:00.770 --> 01:21:01.470

hold on.

707

01:21:01.600 --> 01:21:07.160

Town of Parish: what's that? I think? Yeah, the text that we spent 250,

708

01:21:07.270 --> 01:21:11.590

Town of Parish: or I can tell you what we spent last year.

709

01:21:11.660 --> 01:21:13.650

I'm looking at the

710

01:21:14.840 --> 01:21:17.360

Town of Parish: Give me an external auditor line.

711

01:21:18.630 --> 01:21:28.170

Town of Parish: yeah. \$1,000 at the most. That's what we have. So I think we only spent 7 50 last year.

712

01:21:29.870 --> 01:21:31.590

or it could have been up to a thousand.

713

01:21:33.940 --> 01:21:35.800

Town of Parish: I don't have the voucher in front of me.

714

01:21:37.190 --> 01:21:49.639

Town of Parish: but we did budget for \$1,000. That's where that external auditor comes in. You know. We're not spending that 20 or 25,000 every 5 years. We keep up on it instead of waiting.

715

01:21:50.630 --> 01:21:54.220

Town of Parish: which is supposed to be done anyway, at least by Lehman

716

01:21:54.230 --> 01:21:59.210

Town of Parish: counselors, one of them, whichever

717

01:21:59.990 --> 01:22:02.380

Town of Parish: you know. and depending on when

718

01:22:02.510 --> 01:22:12.420

Town of Parish: you know again I work during the day, too. Right? So then, what we'll do. What I'm asking for then is for you guys to approve lair to come in.

719

01:22:13.090 --> 01:22:17.070

Town of Parish: And I'm saying, Do mine and the tax collector, do you guys agree with that

720

01:22:18.010 --> 01:22:31.389

Town of Parish: cause. Mine is kind of pretty right. You have to do it every year, but for somebody who may have done it once a year, it's very hard to remember way I like, I said. This is the third time I've done a judicial.

721

01:22:31.430 --> 01:22:44.880

Town of Parish: and even then you have to look back and go jeez once a year I can't remember. Robin will come in Yup. So last year, if you guys give me permission, then I can start rolling, and then.

722

01:22:45.140 --> 01:22:52.320

Town of Parish: if if next meeting you guys want to choose on which one you want to do and get together with a couple of members like I said, I can. I can help with the clerk

723

01:22:52.630 --> 01:22:55.090

Town of Parish: so myself and somebody else can do the clerk

724

01:22:55.610 --> 01:22:59.120

Town of Parish: or I can help with a tax collector.

725

01:22:59.410 --> 01:23:03.040

Town of Parish: Either way. I just can't do my own. So II can be there.

726

01:23:03.450 --> 01:23:13.309

Town of Parish: It's just happened. You guys approve, Laird, coming in for those 2 possessions, cause what I will do is I will get a hold of him, and then

727

01:23:13.780 --> 01:23:15.899

Town of Parish: before next month, when Robin is here.

728

01:23:15.990 --> 01:23:18.140

Town of Parish: we'll do it. We'll we'll figure it out

729

01:23:18.780 --> 01:23:28.120

Town of Parish: as we know.

730

01:23:28.840 --> 01:23:41.260

Town of Parish: just because we got the money doesn't mean we have to. Well, it saved like I said. It's I mean. Our last audit was done by John Donovan was here.

731

01:23:41.310 --> 01:23:44.700

Town of Parish: and it was 20,000 or more, I believe.

732

01:23:45.010 --> 01:23:53.439

Town of Parish: 3 years ago, 3 years ago. So and we only need. I mean, it's great to have a company come in every 5 years or so. Yes, but

733

01:23:53.490 --> 01:23:56.120

Town of Parish: until then I wait for it.

734

01:23:56.610 --> 01:23:59.460

Town of Parish: and and we can actually look

735

01:24:00.200 --> 01:24:07.100

Town of Parish: if somebody were to.

736

01:24:07.220 --> 01:24:21.049

Town of Parish: You know the red flag thing. That's why that is good. They will tell you some of the red flags, and Laird will tell you some of the red flags when you sit down with them, but once you see the red flag, if we catch it yearly, it's better than catching it. 10 years down the road, and there's some times that don't even do it every 10 years.

737

01:24:21.560 --> 01:24:26.789

Town of Parish: There's sometimes they're waiting 15 and 20 years to do an audit. So just as a

738

01:24:26.840 --> 01:24:41.340

Town of Parish: as an information we are, you know. It's informational, but I will definitely contact Larry and tell me. Wish him to do 2. I 2 of those things, and it will work on getting the things together, even at next meeting, when Robin is here, and she can commit to something

739

01:24:41.470 --> 01:24:42.810

alright. So good.

740

01:24:43.170 --> 01:24:44.289

Town of Parish: Alright good!

741

01:24:44.760 --> 01:24:56.430

Town of Parish: We'll hire Larry. It's in the it's in the thing, and we'll be all right as long as everybody knows about it. We have it. The next item is the Swigo County bosses. Cooperative purchasing resolution

742

01:24:56.940 --> 01:24:59.929

Town of Parish: didn't leave and didn't leave didney heal.

743

01:25:00.570 --> 01:25:01.380

Town of Parish: Okay.

744

01:25:03.010 --> 01:25:08.880

Town of Parish: So this is cooperative purchasing

745

01:25:09.630 --> 01:25:13.059

Town of Parish: under the boces that we get our

746

01:25:13.420 --> 01:25:15.610

fuel from, I believe, for.

747

01:25:16.040 --> 01:25:25.110

Town of Parish: yeah, the garage.

748

01:25:25.760 --> 01:25:41.090

Town of Parish: This is what the resolution is is just asking to appoint swig accounting to advertise for bids except bids, tabulate bids. In other words, for fuel. We don't have to go through the competitive process because Bothis does it for us. We just hop on. There's

749

01:25:41.110 --> 01:25:44.319

Town of Parish: and that's what this resolution states.

750

01:25:44.400 --> 01:25:50.240

Town of Parish: If you guys would like, I can read it, and then we can approve it or disapprove it. But then we have to do our own bidding.

751

01:25:53.050 --> 01:26:03.650

Town of Parish: You guys want to read it real quick that, like we've always done, I guess in the town it's just now they ask for a resolution. So I have to read the whereas

752

01:26:03.860 --> 01:26:09.040

Town of Parish: and that similar stuff, you guys want me to read it, and then we'll discuss it.

753

01:26:09.430 --> 01:26:10.439

Town of Parish: Let's do that.

754

01:26:10.610 --> 01:26:29.559

Town of Parish: I think it's pretty simple, but I still have to read it, cause it is a resolution, whereas the cooperative purchasing service is a plan of a number of public school districts in the Sugraw County Board of Cooperative Educational Services Oses area in New York to bid jointly equipment supplies and contract items, and where is the town

755

01:26:29.690 --> 01:26:31.719

Town of Parish: or village of parish.

756

01:26:32.060 --> 01:26:53.599

Town of Parish: is desirous of participating with school districts in Swigo County. Both sees are in the joint bidding of transportation fuels as authorized by general municipal law. Section 1, 1, 9, 0. And where is the town of parish wishes to appoint swing county Bocce to advertise for bids, accept, bids, tabulate, bids, and award bids for transportation fuels on their behalf.

757

01:26:53.740 --> 01:27:11.030

Town of Parish: Therefore, be it resolved, That the town of parish hereby appoints the Swigner County Bol sees to represent it in all matters relating to transportation fuels and designates the Swigo county bosses, designated newspapers as illegal publications for transportation fuel, bid notifications.

758

01:27:11.030 --> 01:27:24.079

Town of Parish: And be it further resolved, that the town of parish authorizes these economy's to represent it in all matters leading up to the enter. Entering into a contract for the purchase of transportation fuels. And be it further resolved.

759

01:27:24.140 --> 01:27:38.879

Town of Parish: that the town of parish agrees to one abide by majority decisions of the participating districts. 2 abide by the word of the Swigo County boces 3, and that after the word of the bid, it will conduct all negotiations directly with the successful bill bidders.

760

01:27:39.170 --> 01:27:41.720

Town of Parish: That is the long, lengthy resolution.

761

01:27:42.010 --> 01:27:51.240

Town of Parish: Yeah, everybody understand it. Anybody have any questions on that only pertains to fuel right? Just fuel. We don't do anything else with them. But the way we

762

01:27:51.270 --> 01:27:53.930

Town of Parish: always done it. Yes, yeah.

763

01:27:54.120 --> 01:28:07.300

Town of Parish: Yup, they're just asking for a resolution. Yeah, that's all they're doing. We just used to just hop on board, and the controllers would probably say, Yup, here, how do you get your fuel? We'll see if they bid, but now it's in writing.

764

01:28:07.860 --> 01:28:10.630

Town of Parish: I moved to prove it. We got a

765

01:28:11.070 --> 01:28:13.879

Town of Parish: motion by Wood. You'll second it.

766

01:28:14.550 --> 01:28:24.260

Town of Parish: John Horning. All those in favor opposed abstain motion carries on that resolution. Thank you. Guys.

767

01:28:24.590 --> 01:28:25.710

Town of Parish: Okay.

768

01:28:28.190 --> 01:28:29.430

Town of Parish: The next one

769

01:28:30.580 --> 01:28:35.629

Town of Parish: on new business councilors to visit the highway department and set a date.

770

01:28:36.260 --> 01:28:39.360

Town of Parish: we have a bunch of new counselors.

771

01:28:39.560 --> 01:28:58.449

Town of Parish: some counselors that probably have never been to the highway garage, some that have worked in the highway garage, but we have a whole wrath of people now. Robin, I don't know her experience. I don't know if she's ever been in it. I've been in it, but I don't, Robin, you know, or anybody else. Has Gary, have you ever been in the highway garage? Yes. Okay.

772

01:28:58.500 --> 01:29:06.350

Town of Parish: So what I was hoping to do is to set up a date where we go down there we can look at the equipment we have cause. We just sit here

773

01:29:06.840 --> 01:29:08.579

Town of Parish: and guesstimate. You know.

774

01:29:09.150 --> 01:29:11.869

Town of Parish: we hear in 1960, whatever.

775

01:29:12.150 --> 01:29:27.280

Town of Parish: and we don't know really what we have. We've done it in the past, right? So we're gonna do it again. I hope if you guys want to go down and see what we have. See the new truck, see the new loader see anything else we have purchased?

776

01:29:27.400 --> 01:29:31.169

Town of Parish: I thought maybe going down there, but we go down and check everything out

777

01:29:31.770 --> 01:29:37.559

Town of Parish: and make arrangements for neat. We'll line up the new equipment stuff in front of graduate to a picture

778

01:29:37.990 --> 01:29:45.679

Town of Parish: put out there just to let people see the new equipment and stuff. Hmm. you know, same as like we'd like to do in the Park once, that's all done.

779

01:29:46.330 --> 01:30:12.010

Town of Parish: you know, antiquities and some of the newer stuff.

780

01:30:12.340 --> 01:30:20.070

Town of Parish: And so we'll better understand when we see these bills, what's going on

781

01:30:20.080 --> 01:30:26.290

Town of Parish: first wicket and a murder. Second. we can set it first week April, if you guys want to, but what we will have to do

782

01:30:26.570 --> 01:30:29.320

Town of Parish: we can set it the first Thursday, April.

783

01:30:30.460 --> 01:30:33.240

We're actually the second Thursday, April March

784

01:30:33.950 --> 01:30:36.550

Town of Parish: the second Thursday. And what about this?

785

01:30:36.770 --> 01:30:42.070

Town of Parish: What if I don't know everybody what everybody's doing? But would anybody be

786

01:30:42.320 --> 01:30:44.500
an agreement to do it like.

787

01:30:44.510 --> 01:30:47.400
Town of Parish: take an hour, 2 h on a Saturday morning.

788

01:30:48.630 --> 01:30:51.839
Town of Parish: so we know nobody's working. Everybody's here.

789

01:30:53.040 --> 01:31:06.779
Town of Parish: you know we can. I mean, nobody will be working in there. Nobody's working at night, either. But it's up to you guys, you guys wanna waste the Saturday

790

01:31:08.330 --> 01:31:18.240
Town of Parish: you wanna line the trucks up. Take a picture. They gotta be there. That's overtime. No, not necessarily. Why do they have to be there?

791

01:31:18.550 --> 01:31:24.630
Town of Parish: You want to bring trucks outside. Line them up. Yeah.

792

01:31:26.650 --> 01:31:27.440
they have to.

793

01:31:28.740 --> 01:31:31.629
Town of Parish: Yeah. You actually have to offer them to come in.

794

01:31:32.500 --> 01:31:43.100
Town of Parish: I see where he's going on this one. We didn't give that much thought like Nate can't go down and just move the equipment. I don't think without the mask, and somebody overtime to move the equipment on

795

01:32:04.210 --> 01:32:17.189
Town of Parish: like, I said. I don't know what at the most, at the most, it would cost us 4 h. Take it back 4 and a half hours of overtime. See if they can get a we only need one right? And so

796

01:32:17.800 --> 01:32:20.790
Town of Parish: we'd have to advertise for it, too, because we are meeting.

797

01:32:20.900 --> 01:32:29.000

Town of Parish: But we already did, because we're yeah. But it's at a different place. So we would have to advertise a different place similar. When we went to the park.

798

01:32:29.670 --> 01:32:33.289

we had to advertise that because it's technically a meeting, and people.

799

01:32:33.590 --> 01:32:37.140

Town of Parish: if they wish to know that we're meeting, they want to know

800

01:32:37.150 --> 01:32:38.849

in the summertime.

801

01:32:39.420 --> 01:32:46.130

Town of Parish: So snow season's over Friday afternoon. They can park everything outside and go home

802

01:32:47.000 --> 01:32:51.839

Town of Parish: down there and take a picture if you want, or whatever you want to do.

803

01:32:52.630 --> 01:32:58.500

Town of Parish: it's no rush on it. No, it's no rush, absolutely no rush. It's just the way to Yup.

804

01:32:59.060 --> 01:33:07.500

Town of Parish: It was in discussions we want, you know, a lot of people don't even know what's there, depending on what time of the year or Thursday I don't care whatever.

805

01:33:09.350 --> 01:33:11.210

Town of Parish: I will put this

806

01:33:11.880 --> 01:33:13.279

into old business.

807

01:33:15.370 --> 01:33:22.120

Town of Parish: Cause we won't set a date because we don't don't know what Robin is. But yeah, I've run a couple of meetings here to when the weather's done right.

808

01:33:22.230 --> 01:33:30.810

Town of Parish: You gotta pay a guy. You gotta pay. A guy doesn't matter, you know. Just make it convenient for Yup. And like, I said, if they all refuse.

809

01:33:31.090 --> 01:33:32.950

Town of Parish: and technically, then Naep can move it.

810

01:33:36.020 --> 01:33:39.150

Town of Parish: Once you get to Friday, once you get to March.

811

01:33:39.270 --> 01:33:55.709

Town of Parish: they don't work Fridays.

812

01:33:55.750 --> 01:34:00.090

Town of Parish: We done it in the past. So that's a good thing we will continue moving on then.

813

01:34:00.250 --> 01:34:07.230

Town of Parish: Any new business off the floor? Something that we haven't thought of.

814

01:34:07.400 --> 01:34:08.429

Town of Parish: Yeah, I guess.

815

01:34:08.490 --> 01:34:15.029

Town of Parish: suggesting I don't know so early for Nate, but for the board do cause they get to approve it. But we got.

816

01:34:15.730 --> 01:34:18.040

Town of Parish: how do I work at this day? We? Yeah.

817

01:34:18.310 --> 01:34:21.180

Town of Parish: First, we weren't going to get many trucks. So we got

818

01:34:21.330 --> 01:34:32.129

Town of Parish: some jeeps and everything and stuff. And we had a committee get together to see if we could extend the leases on the trucks we had that we're supposed to turn in. So

819

01:34:32.140 --> 01:34:34.910

Town of Parish: then we turn around some of the newer ones.

820

01:34:34.960 --> 01:34:40.979

Town of Parish: Then we turn around all of a sudden, GM. Says, Hey, we got all these trucks. Boom! Here you go. But then

821

01:34:41.090 --> 01:34:46.280

Town of Parish: committee said, oh, we got the leases extended for 2 years. So now we got Tom's drugs.

822

01:34:46.980 --> 01:34:51.989

Town of Parish: But we have cause we go through them, and we decide what's jumped and what's good.

823

01:34:52.460 --> 01:34:58.190

Town of Parish: and we have probably 4 or 5 dodge 4 wheel, drive, 3 quarter tons.

824

01:34:58.290 --> 01:35:02.579

Town of Parish: 3 of them got plows in very, very good shape.

825

01:35:03.200 --> 01:35:06.589

Town of Parish: and with the state like I mentioned before

826

01:35:06.900 --> 01:35:15.160

Town of Parish: any local municipality, or anybody can come out and look at what we have. and then call what they can call og, yeah.

827

01:35:15.260 --> 01:35:21.899

Town of Parish: that's done at all, because that's who handles our equipment and get them at a cheap, cheap discount rate.

828

01:35:23.550 --> 01:35:24.520

Town of Parish: Okay.

829

01:35:25.380 --> 01:35:39.960

Town of Parish: I didn't know. You said that F. 250 was getting pretty shot. II just can't afford it. Do you want me now? You might be able to pick one of these up for 5 s right, and I would have to talk with Nate on that because Nate may have other plans for his

830

01:35:40.200 --> 01:35:44.320

Town of Parish: his money. I just say a lot of these trucks from the last auctions.

831

01:35:44.360 --> 01:35:47.400
3 wheel guys with plow. We just had a dodge.

832
01:35:47.760 --> 01:35:52.219
Town of Parish: It was in great shape and a plowed a dump body onto a stub one for 9,000 h.

833
01:35:52.600 --> 01:36:13.459
Town of Parish: So I'm just leaving that out there that instead of paying 50 60 for a new right, you might be able to pick one up for said 7, 8,000 and get you buy a couple more years. Right? Well, let's let's put that a little bit on hold, and and I can tell neat to contact you. I'm not sure when the option is coming up, but I think it's next month

834
01:36:17.040 --> 01:36:19.530
Town of Parish: the trade on a dam pro. That's where they hold it. So

835
01:36:21.300 --> 01:36:25.250
Town of Parish: okay, yeah. Cause I know that the highway superintendents struck the blue one

836
01:36:25.610 --> 01:36:28.209
Town of Parish: that's getting pretty worn.

837
01:36:28.700 --> 01:36:39.079
Town of Parish: you know. George drove it around, and he's been driving around, but I don't know neat. I don't know what Nate's plans are. He is working on a

838
01:36:39.300 --> 01:36:41.040
5 Year plan for us.

839
01:36:42.130 --> 01:36:47.760
Town of Parish: and he's only been in there a month. So he's yeah. Do we have a a greater grade off?

840
01:36:48.100 --> 01:36:49.989
Town of Parish: We have a grade. All

841
01:36:50.380 --> 01:36:52.000
looked at an old one, or

842
01:36:52.450 --> 01:37:00.619

Town of Parish: we don't use it when it was not new. But it ain't in antique, either. No, we we picked one up out of Michigan

843

01:37:13.760 --> 01:37:15.260
on occasion. Correct?

844

01:37:15.740 --> 01:37:26.980
Town of Parish: Great. So that's some of its use. But we do have one.

845

01:37:27.160 --> 01:37:35.619
Town of Parish: Okay, like I said, I wish Nate was here to continue that conversation, but I will definitely let him know to contact you.

846

01:37:35.800 --> 01:37:39.359
Town of Parish: And thank you, because right now,

847

01:37:39.850 --> 01:37:51.709
Town of Parish: as you will see, we're going to get into some transferring some monies, and we'll discuss that. I wish Neat was here. But I do have a request out anyways, further down, before we approve the bills

848

01:37:51.900 --> 01:38:00.220
Town of Parish: I would like to put into the next meeting on the agenda. We need to look up the contract on mowing the county.

849

01:38:01.690 --> 01:38:09.149
Town of Parish: Actually, I just received research on that

850

01:38:11.540 --> 01:38:12.840
so add

851

01:38:14.310 --> 01:38:18.130
you won't add to next month's agenda

852

01:38:21.200 --> 01:38:29.000
Town of Parish: road plowing or road mowing. See what it says for the town roads

853

01:38:30.040 --> 01:38:34.579
Town of Parish: as far as staying with them the right way.

854

01:38:36.350 --> 01:38:38.390

Town of Parish: There was an issue that we talked

855

01:38:38.530 --> 01:38:51.110

Town of Parish: about a few weeks ago back when I was on before. We bring bring it out years ago. They didn't worry about it, because, you know, they

856

01:38:51.140 --> 01:38:59.730

Town of Parish: they did a good job. They didn't have the best equipment, but I know we were having complaints. That's why we bring it up.

857

01:39:00.140 --> 01:39:07.470

Town of Parish: It was seem to be mowing your friend's fields.

858

01:39:08.680 --> 01:39:12.209

Town of Parish: Alright, we will, we will, I will add,

859

01:39:12.750 --> 01:39:14.360

Town of Parish: mowing county roads

860

01:39:14.510 --> 01:39:23.170

Town of Parish: or roads in general to the March agenda. Right? Yeah, we'll add that. And hopefully, Nate will be here. To discuss that at that time.

861

01:39:23.510 --> 01:39:28.679

Town of Parish: so we'll deal with that in March, but I do know that the county just presented

862

01:39:29.680 --> 01:39:31.600

meet yesterday

863

01:39:31.950 --> 01:39:38.210

Town of Parish: with a packet concerning road mowing and a couple of other items.

864

01:39:38.240 --> 01:39:39.289

Town of Parish: so

865

01:39:39.450 --> 01:39:52.430

Town of Parish: we didn't bring it to you yet. It will be in next month's meeting, anyways, before we approve that 80% of the tones do not mobilize roads because it could. It wasn't profitable.

866

01:39:52.490 --> 01:39:56.699

Town of Parish: Exactly. Alright. That's what I've heard. Yeah.

867

01:39:57.060 --> 01:39:58.910

Town of Parish: we will. I've already talked

868

01:39:58.940 --> 01:40:00.660

Town of Parish: right. Yeah

869

01:40:01.280 --> 01:40:05.479

Town of Parish: with Nate here. I think we should do that next month, and it'll be on the agenda.

870

01:40:05.660 --> 01:40:06.899

Town of Parish: Everybody. Okay with that

871

01:40:06.920 --> 01:40:22.540

Town of Parish: Umhm. Alright, you guys should have received my supervisors report, and you came down any questions on my monthly report. I'm actually glad we have one in January normally takes us a couple of months to get a hold of. She worked hard and was able to get it done.

872

01:40:23.190 --> 01:40:36.140

Town of Parish: It's just tough closing out a year. You can't do anything until you close out a year. So any questions on my report for that supervisors financial report? Alright. The next thing these transfers for highway

873

01:40:37.430 --> 01:40:40.390

Town of Parish: giving this out to you guys.

874

01:40:44.300 --> 01:40:47.940

Town of Parish: these are 2 requests. Okay.

875

01:40:48.130 --> 01:40:54.560

Town of Parish: I'm gonna go do them one at a time. This is a request by the highway superintendent.

876

01:40:55.120 --> 01:41:05.749

888

01:42:14.900 --> 01:42:15.700

Town of Parish: No.

889

01:42:15.880 --> 01:42:17.350

the second sheet. Yeah.

890

01:42:17.750 --> 01:42:19.459

Town of Parish: I'm reading this one

891

01:42:19.480 --> 01:42:22.200

at the end of 2023,

892

01:42:25.060 --> 01:42:26.270

in the

893

01:42:26.960 --> 01:42:30.279

Town of Parish: 51 30.4 line.

894

01:42:30.870 --> 01:42:40.699

Town of Parish: If you go over to unencumbered balance. We had \$55,000 left at the end of December 2023. This was just printed out today. So she closed out

895

01:42:40.800 --> 01:42:46.120

Town of Parish: 2023. So we had \$55,000 in there available.

896

01:42:46.510 --> 01:42:48.309

If we don't move it

897

01:42:49.380 --> 01:43:02.200

Town of Parish: from here, it goes into fund balance our fund balance, according to our policy, is probably still full, might need a little bit of adjustment. Because the fund balance is allowed by appropriations. So, in other words, the expenditures for this year.

898

01:43:02.660 --> 01:43:07.049

Town of Parish: So it would go into into our vehicle

899

01:43:07.500 --> 01:43:10.030

Town of Parish: reserve, anyways. Okay?

900

01:43:10.160 --> 01:43:15.330

Town of Parish: And while we're looking at the same page. the machinery, the equipment line

901

01:43:16.070 --> 01:43:30.409

Town of Parish: that an access of 73,000, which is where we were going to buy the grader. Now the greater bill didn't come until January. So if you look at this year's budget in line, he needs that money to purchase them more.

902

01:43:31.970 --> 01:43:38.800

Town of Parish: So we had 73 there and 55 there, and so in all actuality, if you turn to the next page.

903

01:43:40.980 --> 01:43:43.969

see where our expenditures are unencumbered. Balance

904

01:43:47.230 --> 01:43:52.749

240,000 extra from last year.

905

01:43:54.740 --> 01:43:59.170

Town of Parish: Okay. But what you also have to look at on that following page

906

01:43:59.360 --> 01:44:00.709

Town of Parish: is the revenues.

907

01:44:01.050 --> 01:44:05.639

Town of Parish: because if our revenues in our da account went over what we budgeted

908

01:44:06.190 --> 01:44:11.499

Town of Parish: we'd be in the hole. Just say, you know something, I rep. We were planning on a revenue, and we didn't get it.

909

01:44:12.520 --> 01:44:14.109

Town of Parish: It would be down that money.

910

01:44:14.130 --> 01:44:20.050

Town of Parish: We need 35,000 more in revenues than we budgeted. So I'm just trying to show show you that we have the money.

911

01:44:21.250 --> 01:44:30.520

Town of Parish: because number one. We didn't use it, and number 2, we had it covered, as far as revenues goes, as well.

912

01:44:31.210 --> 01:44:37.280

Town of Parish: If you understand that, for instance, interest and earnings, we only budgeted 600. Well, when we put the money into the

913

01:44:37.660 --> 01:44:43.260

Town of Parish: into the high interest account, we made 21,000 last year.

914

01:44:44.270 --> 01:44:50.620

Town of Parish: Okay, so we over. That's why we're \$35,000 over and extra as well as the snow removal.

915

01:44:50.840 --> 01:45:02.500

Town of Parish: We they raised the rate on snow removal last year. and so we need an extra 15 from what we budgeted. Okay, so the revenue state, we have 35 over, cause you want to check that.

916

01:45:02.740 --> 01:45:04.350

Town of Parish: and that we were actually.

917

01:45:04.390 --> 01:45:18.979

Town of Parish: you know, lowering each each of these account lines, if you understand what I'm saying, you know what I mean. So he had money. At the end of December. We just it got pushed over this year. So it messes up his because our big item, you know, big money items. It throws off his accounts.

918

01:45:19.280 --> 01:45:23.990

Town of Parish: So we was looking to replace \$12,000 to the machinery contractual.

919

01:45:24.190 --> 01:45:38.660

Town of Parish: and the equipment line, which is the purchase of the grader, was 68,000. He's looking to add that to this year's Budget Fund balance, which is where it's gonna go. Eventually, we just haven't moved it over because we just closed last year's books.

920

01:45:39.210 --> 01:45:51.960

Town of Parish: But it does show what we have not like, we're digging into the fund balance. It's going to go over there. 73, right? Yeah. So we had. You know, it's not like it's going over his budget. That's we had that budget for, you know.

921

01:45:52.820 --> 01:45:58.769

Town of Parish: the superintendent last year. It's just he. It kind of encompass at this year. What are you gonna put into

922

01:45:59.200 --> 01:46:07.890

Town of Parish: equipment? The 68,000 that we have to buy the grade that we got the greater. Well.

923

01:46:08.190 --> 01:46:11.839

well, there's already money in there. There's already money in this year's budget for

924

01:46:12.260 --> 01:46:15.260

Town of Parish: see? And I mean, this was from last year.

925

01:46:15.860 --> 01:46:16.710

Listen.

926

01:46:17.090 --> 01:46:20.800

Town of Parish: that's last year's numbers. Yes.

927

01:46:22.160 --> 01:46:28.169

Town of Parish: I think he had a hundred 30

928

01:46:29.110 --> 01:46:39.129

Town of Parish: 68 out of the fund balance put back in to make that whole, to make his account whole at 1 30 cause. That's what we bought the greater.

929

01:46:52.460 --> 01:46:54.780

Town of Parish: If this happened 2 months from now

930

01:46:56.370 --> 01:47:15.410

Town of Parish: our fund balance, it would have gone into equipment. We'd have to take it out of equipment line from our from our reserves, cause we're gonna move that money event. We haven't done that yet. So we take the extra money cause. Our fund balance is full. We have, like 30. Just saying between 20 and 30 is what our fund balance does. And so what we do is we take that money. If that's full.

931

01:47:15.480 --> 01:47:29.830

Town of Parish: we put it into our equipment reserve, which can only use for equipment, not this year, because we just closed out the box and so I didn't even like I said she was working on getting me the monthly thing

932

01:47:30.100 --> 01:47:37.540

Town of Parish: we haven't even, that's all on the adu. She hasn't put that in yet which is now called Efa, or Efr

933

01:47:37.650 --> 01:47:42.230

Town of Parish: so that comes within the next month. and so.

934

01:47:42.620 --> 01:47:44.489

if we don't do this.

935

01:47:45.020 --> 01:47:49.430

Town of Parish: What happens is is we have to put it into that reserve account.

936

01:47:49.770 --> 01:47:52.370

Town of Parish: and in order to spend money from a reserve account.

937

01:47:52.610 --> 01:48:03.500

Town of Parish: you have to have a public referendum referendum this way. It doesn't go into fund balance, which it's there now, but it's not in that reserve account yet.

938

01:48:04.230 --> 01:48:07.819

Town of Parish: cause it was extra. That's all. The extra goals is fun balance

939

01:48:08.600 --> 01:48:11.749

Town of Parish: until we move it to the reserve.

940

01:48:12.870 --> 01:48:15.160

Town of Parish: So that's why it is up to you guys.

941

01:48:15.770 --> 01:48:21.279

Town of Parish: If you believe in this well, if it's the right way to do it, I can make it so.

942

01:48:21.590 --> 01:48:35.359

Town of Parish: you know, like I said, I'm showing you that we have the money in each account. We had it from last year. And I'm showing you that

we we were over in our pluses, basically in our. You know we had money and expenditures left, and we were over in our revenues.

943

01:48:36.740 --> 01:48:59.200

Town of Parish: So it's not, you know, if you're mining revenues like I said. Now you're 50 in the whole equipment. Oh, sure, right, absolutely. That will end up when we tally all these up. We'll put the money because it's all only in the da account that we're talking about. We're not talking about moving anything else from our a account yet.

944

01:48:59.460 --> 01:49:00.980

but it only affects these.

945

01:49:01.570 --> 01:49:06.400

Town of Parish: So with that. Is there any questions. concerns or comments?

946

01:49:07.890 --> 01:49:08.670

You

947

01:49:09.380 --> 01:49:12.580

Town of Parish: the right. If it's the right thing to do

948

01:49:12.950 --> 01:49:21.719

Town of Parish: any questions, John. Okay. Agreement, disagreement done all right with it.

949

01:49:21.800 --> 01:49:29.150

Town of Parish: Try very hard to make sure everybody's aware of what's going on, which is why it's in writing before you.

950

01:49:29.180 --> 01:49:36.179

Town of Parish: so you can understand it as well. I hope it's just hard sometimes I should deal with this on a daily basis. With that in mind

951

01:49:37.290 --> 01:49:41.020

Town of Parish: I need a motion to move both of these transfers.

952

01:49:41.390 --> 01:49:48.899

Town of Parish: or if you want to do one on the others, then we'll divide it up together. So the quote makes a motion to move both funds.

953

01:49:49.120 --> 01:49:53.020

Town of Parish: both transfers, and we have Gary Wood seconding it.

954

01:49:53.890 --> 01:49:57.170

Town of Parish: all those in favor aye, opposed

955

01:49:57.590 --> 01:49:59.080

Town of Parish: motion carries.

956

01:49:59.440 --> 01:50:09.309

Town of Parish: Okay, we'll give this to our bookkeeper, and if you notice now when I'll transfer requests. Maybe John doesn't know, but anytime we transfer monies. I have the board approved date.

957

01:50:09.460 --> 01:50:16.360

Town of Parish: so we can look in the minutes and make sure that it's approved, and anybody else look at these afterwards and the date. The bookkeeper actually transfers the money.

958

01:50:16.520 --> 01:50:19.590

because I've seen in the past where we approve it, and then it doesn't get moved.

959

01:50:20.070 --> 01:50:23.949

Town of Parish: Now, there, anything else that you have to catch up on?

960

01:50:24.390 --> 01:50:27.890

Town of Parish: And how long do you have to do it are

961

01:50:28.250 --> 01:50:31.820

Town of Parish: right now are

962

01:50:31.840 --> 01:50:36.750

Town of Parish: odd, or the numbers they have to go in. They have to be in by the end of this month.

963

01:50:37.160 --> 01:50:48.849

Town of Parish: We can file for an extension, as we have probably over the last 5 years, we always file for another 30 or 60 days extension. It's easier now. It's actually online. I can actually apply for it online.

964

01:50:48.960 --> 01:50:51.669

Town of Parish: Angie is going to start working on that next week.

965

01:50:51.780 --> 01:51:02.909

Town of Parish: and we have 2 weeks to get it in. She's got the information in front of her now, cause she's got Williamson done as far as closing out the year we close out the year, which sometimes is really Castle cause things don't match. I don't know why, but it's just the way the

966

01:51:02.930 --> 01:51:14.819

Town of Parish: the program runs. Well, these desk that you occur last year does that get pushed forward into the technically. And this is a technically, you're supposed to encumber those.

967

01:51:15.750 --> 01:51:16.690

and

968

01:51:17.220 --> 01:51:30.059

Town of Parish: it's never been done in parish to encumber funds into the next month and make sure you're closing out that you're even worse. But we're supposed to. We're supposed to encumber funds. We just don't know how as it's it's

969

01:51:30.560 --> 01:51:36.199

Town of Parish: it's it's difficult with a new bookkeeper that just started last year

970

01:51:36.390 --> 01:51:53.880

Town of Parish: and trying to learn how I don't even know how to encumber funds, let alone put it in the program as the program that really throws you off. You can try to encumber and call Larry, but he doesn't know the program. So it's we're gonna try to get that in the future where we can encumber some of these. But then you you start encumbering salaries that you're supposed to do

971

01:51:54.400 --> 01:52:22.290

Town of Parish: like the highway workers work last week of, you know, last year. Well, they didn't get paid. It's just it's it's a hard thing to understand. Yes, right now, absolutely the best way for what we know, for what we know, because the small things like I said, if my office. If if I'm 300 something from last year. It's just the way Paris is always done. I'm sure a lot of other towns do that, Paul, do you know that answer? Do you know how many towns actually encumber?

972

01:52:22.360 --> 01:52:36.599

Town of Parish: As far as I know. in this area? Well, that's what I it's it's it it. It's and I talk. I spoke with Larry about it, and it becomes kinda like I said, if if I ordered something from Staples

973

01:52:36.720 --> 01:52:37.940

Town of Parish: and I get it

974

01:52:38.270 --> 01:52:44.469

Town of Parish: off my 2023 budget. But the bill doesn't come in till January 2024

975

01:52:44.530 --> 01:52:56.290

Town of Parish: to me. \$300 isn't gonna affect my budget much. So it's it's not like a big deal. But when you're talking this much we're just gonna transfer the money because it is such a big number, and we'll try to work on it like I said. It's like everything else. Nothing.

976

01:53:07.540 --> 01:53:10.600

Town of Parish: So I thank you for.

977

01:53:12.380 --> 01:53:14.290

Town of Parish: The

978

01:53:15.400 --> 01:53:22.719

Town of Parish: request for Nate and I will make sure he knows that those are good cause. He was kind of trying to figure out where else to get money from

979

01:53:24.600 --> 01:53:26.630

the annual reserve accounts.

980

01:53:29.500 --> 01:53:33.529

Town of Parish: I'm supposed to report these to you on a yearly basis.

981

01:53:34.630 --> 01:53:42.820

Town of Parish: They're up in my office

982

01:53:45.470 --> 01:53:50.609

Town of Parish: table for next month. Yeah, I can table for next month or less. I find it real quick.

983

01:53:51.850 --> 01:53:53.840

984

01:53:55.540 --> 01:54:00.020

Town of Parish: Okay. it's on there. I'll probably find it in 2 min. But

985

01:54:00.450 --> 01:54:03.819

just give me another second, please.

986

01:54:03.910 --> 01:54:05.340

Town of Parish: I just I had it.

987

01:54:05.880 --> 01:54:07.020

Armors.

988

01:54:07.380 --> 01:54:17.189

Town of Parish: Alright. We can do this. Yeah, alright without it. Table that I will. We will do it next month.

989

01:54:17.840 --> 01:54:22.330

Anybody wishes to see him like I said, I have the reserve book. It's actually a whole book up there.

990

01:54:29.030 --> 01:54:29.780

Town of Parish: Alright.

991

01:54:31.400 --> 01:54:43.550

Town of Parish: Now we will do our bills that you guys already looked through and signed. I need a motion to approve vouchers 24, through 41 for \$22,432, and 97 cents.

992

01:54:44.280 --> 01:54:45.340

I'll move

993

01:54:48.360 --> 01:55:03.750

Town of Parish: all those in favor. Aye, opposed, abstain motion carries. I now need a motion to approve vouchers, 15. Through 27 for \$29,770 and 46 cents.

994

01:55:04.960 --> 01:55:07.080

Town of Parish: All those in favor

995

01:55:07.260 --> 01:55:17.160

Town of Parish: opposed abstain motion carries again, finally, the motion to approve voucher number one for \$241,980

996

01:55:17.230 --> 01:55:20.000

Town of Parish: for the fire fund. Sf.

997

01:55:22.360 --> 01:55:28.219

Town of Parish: all those in favor wait. Something needs a motion. I'm sorry

998

01:55:30.000 --> 01:55:39.960

Town of Parish: all those in favor post obscene motion carries. Before we do that I did find that I know I had it right here.

999

01:55:40.110 --> 01:55:49.800

Town of Parish: hang on the building reserve fund. The Building Reserve fund currently has \$441,401 and 7 cents.

1000

01:55:50.380 --> 01:55:54.529

Town of Parish: and that is here. You can see everything that's added or subtracted.

1001

01:55:55.060 --> 01:56:03.169

Town of Parish: Our next is the highway Equipment reserve fund that has \$208,522 and 28 cents.

1002

01:56:03.370 --> 01:56:09.600

Town of Parish: Everybody wishes they could see all the interest that has added to that account with nothing taken out. Just so you're aware.

1003

01:56:10.870 --> 01:56:18.350

Town of Parish: finally, the acquisition of Land Fund. which has \$50,619 and 38 cents.

1004

01:56:19.410 --> 01:56:34.970

Town of Parish: You guys look at it. That's where your reserves are and the money is reserved. If you guys would like copies of that. You certainly can have them. Okay, just has to be done annually. So you guys know that

1005

01:56:35.080 --> 01:56:48.670

Town of Parish: cause we're in charge of those funds, and we're not supposed to take anything out of it unless it's used for that. No, the

counselors are in charge of it, believe it or not, and only way we can spend money out of it is with a resolution.

1006

01:56:49.320 --> 01:56:50.520

Town of Parish: So

1007

01:56:50.660 --> 01:57:00.849

Town of Parish: with that being said, our next regular meeting is March 20, first, 24 at 6 30. Unless you guys decide you want a meeting before or after that.

1008

01:57:01.740 --> 01:57:06.840

Town of Parish: the one before the week before we have reserved anybody wanna talk about anything you think we need one or not.

1009

01:57:08.470 --> 01:57:23.610

Town of Parish: So John advertising

1010

01:57:24.410 --> 01:57:34.929

Town of Parish: before, or the second Thursday and the last Thursday of the month or the fourth Thursday, if needed. So it's already been advertised. So we need them. We just meet.

1011

01:57:35.030 --> 01:57:55.219

Town of Parish: and it's there. And people can see that we're gonna meet. We'll put it up on the bullet and board, but it's been advertised, so we don't need them. We don't need them, and when we do we do, which is why I said, right? Well, yes, we do, because it's in different locations. So once we do that

1012

01:57:55.460 --> 01:58:01.810

Town of Parish: well, we can meet here. But you still have to tell them that you're going somewhere. Right?

1013

01:58:02.470 --> 01:58:08.370

Town of Parish: I it just be easier just to advertise one meeting that we have. It just makes the public aware that we're meeting

1014

01:58:08.760 --> 01:58:21.979

Town of Parish: so with that I need a motion to adjourn. If everybody's happy opposed, abstain, motion carried. Thank you, gentlemen.

1015

01:58:22.010 --> 01:58:27.410

Town of Parish: they didn't come back in. So

1016

01:58:27.800 --> 01:58:29.579

that's probably why you went out.
