

WEBVTT

1

00:00:08.013 --> 00:00:19.170

Town of Parish: To the flag for the United States of America, to the republic for which it stands. One nation, under God, indivisible with liberty and justice for all.

2

00:00:25.580 --> 00:00:27.430

Town of Parish: Can I have the roll call, please.

3

00:00:29.380 --> 00:00:30.510

Town of Parish: I'm here

4

00:00:31.820 --> 00:00:32.610

Town of Parish: present

5

00:00:34.340 --> 00:00:34.860

Town of Parish: here.

6

00:00:35.980 --> 00:00:37.520

Town of Parish: frozen

7

00:00:40.930 --> 00:00:41.670

Town of Parish: alright.

8

00:00:43.550 --> 00:00:44.899

Town of Parish: we will move on.

9

00:00:44.990 --> 00:00:48.209

Town of Parish: Gary did call me and tell me did not make the meeting tonight.

10

00:00:49.480 --> 00:00:53.170

Town of Parish: Okay, and we will move on to my comments.

11

00:00:53.820 --> 00:00:54.570

Town of Parish: Good week

12

00:00:55.660 --> 00:00:57.250

Town of Parish: signature on that footwork.

13

00:00:57.560 --> 00:00:59.980

Town of Parish: What's that? Is? There?

14

00:01:01.650 --> 00:01:04.664

Town of Parish: Would anybody like to speak.

15

00:01:06.399 --> 00:01:10.460

Town of Parish: I'm so used to you being here that I didn't even.

16

00:01:10.560 --> 00:01:15.920

Town of Parish: It's just an informational thing. I want to bring it up. Yeah, not against anybody or anything.

17

00:01:16.110 --> 00:01:18.399

Town of Parish: But I want the board to be aware

18

00:01:20.110 --> 00:01:20.870

Town of Parish: the debt

19

00:01:21.490 --> 00:01:23.740

Town of Parish: have road. Happy Valley

20

00:01:24.810 --> 00:01:25.999

Town of Parish: need to be

21

00:01:26.200 --> 00:01:27.589

Town of Parish: paid attention to it.

22

00:01:27.770 --> 00:01:29.030

Town of Parish: Computer curve

23

00:01:30.280 --> 00:01:33.320

Town of Parish: shorttill Road is very rare

24

00:01:33.640 --> 00:01:35.190

Town of Parish: one was a beautiful wire

25

00:01:35.890 --> 00:01:38.890

Town of Parish: as Whitehill Road spot, like 2 miles back.

26

00:01:39.290 --> 00:01:41.969

Town of Parish: and I thought I was looking for my radiator out of like

27

00:01:42.080 --> 00:01:43.370

Town of Parish: on my fire truck.

28

00:01:43.530 --> 00:01:46.539

Town of Parish: Some of the bracks are picking up some paddles.

29

00:01:46.780 --> 00:01:47.610

Town of Parish: 9.

30

00:01:47.740 --> 00:01:52.170

Town of Parish: 2 weeks later we have a pretty serious Atv accident up there.

31

00:01:52.900 --> 00:01:55.899

Town of Parish: We've got a hard tank, getting able to back there.

32

00:01:57.040 --> 00:01:58.620

Town of Parish: We've got a little rough road

33

00:01:59.160 --> 00:02:00.330

Town of Parish: we haven't got.

34

00:02:00.470 --> 00:02:02.369

Town of Parish: Add more time to it.

35

00:02:02.580 --> 00:02:10.810

Town of Parish: Call. We ended up going straight through instead of turning around and coming back through the parish, we ended, going straight through going to town Bellium.

36

00:02:11.190 --> 00:02:12.209

Town of Parish: They're robust.

37

00:02:13.520 --> 00:02:15.499

Town of Parish: perfect, but they're a lot smoother.

38

00:02:15.620 --> 00:02:18.050

Town of Parish: Go ahead and like Miles, possibly.

39

00:02:18.870 --> 00:02:21.649

Town of Parish: and look for response to the end for the hospital pay.

40

00:02:22.150 --> 00:02:29.400

Town of Parish: I know if I plugged in this year, for I need work to be in there, but I just wanna bring it to the Board's attention

41

00:02:29.640 --> 00:02:30.360

Town of Parish: left

42

00:02:30.920 --> 00:02:33.150

Town of Parish: future thoughts, maybe

43

00:02:34.390 --> 00:02:40.910

Town of Parish: keep that in the back of your mind. Just so you're aware, I I did speak with Nate. Nate is aware.

44

00:02:41.483 --> 00:02:49.056

Town of Parish: We're gonna look at it in our budget and we will be working on that item.

45

00:02:49.850 --> 00:03:04.719

Town of Parish: Yeah, I I hear you cause I've been through Grand 4 Wheeler, and I've been through my truck across the road down there, Chartfill, and somebody is making side by side.

46

00:03:04.740 --> 00:03:06.300

Town of Parish: little Path Tree.

47

00:03:06.760 --> 00:03:08.900

Town of Parish: We'll lock the other half still in a row.

48

00:03:09.560 --> 00:03:14.269

Town of Parish: So when you're flying down to there, this is like 9 o'clock, so dark out

49

00:03:14.310 --> 00:03:19.849

Town of Parish: they hit the part of the window. Why, they wouldn't take the extra few minutes to remove the whole tree.

50

00:03:20.530 --> 00:03:34.730

Town of Parish: That's a problem we run into in the belly is the Atv clubs. There's always somebody kind of side by side with chains on the

back, and rather than pick up the phone and call us and tell us there's a tree down.

51

00:03:35.250 --> 00:03:38.560

Town of Parish: They'll just cut part of the tree up and open up path.

52

00:03:38.740 --> 00:03:43.295

Town of Parish: but then, until a truck goes down in there and can't get through. I won't know.

53

00:03:44.090 --> 00:03:58.969

Town of Parish: Wasn't 6 o'clock in the morning you have to call me. I told him. He's like, Yeah, that's that's the day. Every call, Jim, that couldn't get anyone to come in

54

00:03:59.730 --> 00:04:03.130

Town of Parish: myself. I don't hear, so I'm not

55

00:04:03.250 --> 00:04:12.681

Town of Parish: playing with anybody or anything at this point on the board. Mind what? What is our legal responsibility to the upkeep?

56

00:04:13.609 --> 00:04:23.319

Town of Parish: It is the main thing of roads. They have to remain passable, I was told one or 2 the State stopped that and told Parish.

57

00:04:23.330 --> 00:04:26.299

Town of Parish: Then you did maintain it, for like years ago

58

00:04:26.330 --> 00:04:28.800

Town of Parish: hearsay, I don't right right

59

00:04:28.850 --> 00:04:38.170

Town of Parish: great. I can tell you that 6 years ago I believe it was 6 years ago. I have to look at my paperwork. Somebody build a bunch work in the belly to chips

60

00:04:38.380 --> 00:04:41.949

Town of Parish: and closed it out so I can't use chips money back in the valley.

61

00:04:42.050 --> 00:04:46.749

Town of Parish: so any money we use back in the valley has to come from this. The the town.

62

00:04:46.760 --> 00:04:49.549

Town of Parish: So what Jim and I discussed is

63

00:04:49.600 --> 00:04:57.840

Town of Parish: starting next year. We'd like to try to get like \$1520,000 to start with above and beyond chips for

64

00:04:58.080 --> 00:04:59.720

Town of Parish: permanent improvements.

65

00:04:59.930 --> 00:05:13.749

Town of Parish: and then I'd be able to go in and make some repairs to them. Bro, you're not gonna repair all. I think there's 7.3 miles. You're not gonna repair all 7.3 miles in one year, but I could certainly get the bad ones done.

66

00:05:13.830 --> 00:05:24.390

Town of Parish: Have you seen if any of the other towns are doing anything with theirs, and Williamstown's been in there.

67

00:05:24.470 --> 00:05:28.569

Town of Parish: So what does it mean by they did theirs? They just went and graded it.

68

00:05:29.049 --> 00:05:37.919

Town of Parish: Actually, Williamstown has modal paved some with pickers. Yeah, I heard that. Yeah. They modal paved one of the main lines into the valley.

69

00:05:38.625 --> 00:05:45.010

Town of Parish: Alan is. Yeah, they're grading it and bringing gravel, in which we can certainly do.

70

00:05:45.130 --> 00:05:55.599

Town of Parish: Now, this year, as long as we're on the topic, we may have money in in the fund balance for that, like 10 grand, 20 grand. So if there's something really really bad.

71

00:05:56.413 --> 00:06:03.370

Town of Parish: you know what I mean. So maybe 10 Grand

72

00:06:05.110 --> 00:06:07.740

Town of Parish: would get us to repair some of these.

73

00:06:07.780 --> 00:06:11.939

Town of Parish: Okay, if if you have time, so I'll definitely look into that, and I'll figure out.

74

00:06:11.980 --> 00:06:21.209

Town of Parish: you know where we where we don't mess with Chips. We just take it from fund balance, and you can't mess with Chips right? That's what I mean. We wouldn't touch it. Well, we can

75

00:06:21.250 --> 00:06:27.930

Town of Parish: right. It's locked right so. And in order to get chips I have to sign off on that, and I'm not risking

76

00:06:28.520 --> 00:06:35.609

Town of Parish: signing up on something that was done sick. That was billed to the town 6 years ago on Chips. I don't know.

77

00:06:36.290 --> 00:06:39.330

Town of Parish: the guy said. We never did the working.

78

00:06:41.880 --> 00:06:42.690

Town of Parish: but

79

00:06:43.240 --> 00:06:45.310

Town of Parish: it was built to the town.

80

00:06:45.400 --> 00:06:47.680

Town of Parish: They said they never did any work in.

81

00:06:47.960 --> 00:06:56.110

Town of Parish: so that I don't know if they, if they use them roads to do a different road that needed to be done before the 10 years was up.

82

00:06:57.650 --> 00:06:59.249

Town of Parish: So I don't know right.

83

00:06:59.760 --> 00:07:00.700

Town of Parish: would know.

84

00:07:01.460 --> 00:07:04.262

Town of Parish: Nobody here would even know. So

85

00:07:04.950 --> 00:07:11.509

Town of Parish: not in the town. It would be the highway department would be the record. There are no records prior to

86

00:07:12.320 --> 00:07:15.180

Town of Parish: prior to last year on what was done.

87

00:07:15.300 --> 00:07:18.719

Town of Parish: I was given a blank slate. There are records now

88

00:07:18.750 --> 00:07:25.319

Town of Parish: moving forward. There are plenty of records, you know. i i i've documented how many votes of

89

00:07:25.370 --> 00:07:35.639

Town of Parish: material I use the paper road, and how many I use to to chip Seal road. So I'm starting to document that so that in the future

90

00:07:35.880 --> 00:07:47.149

Town of Parish: whoever takes over after me. They at least have some sort of guideline now they won't, you know. They might say. Well, I'm gonna do this road. But he did this road, and it's the exact same length. So this is how many trucks we're gonna need to do it.

91

00:07:47.900 --> 00:07:53.917

Town of Parish: I only brought it up. It's bad.

92

00:07:54.680 --> 00:07:57.899

Town of Parish: There are chips down the basement box

93

00:08:00.870 --> 00:08:02.199

Town of Parish: 2, 84 s.

94

00:08:03.210 --> 00:08:05.040

Town of Parish: Happy to enforce.

95

00:08:08.420 --> 00:08:13.960

Town of Parish: There we go learn something new today, too. We have a pet. Is there a vocal pet.

96

00:08:14.390 --> 00:08:18.420

Town of Parish: I'm going to backers. I get item 2 for backers. Okay.

97

00:08:18.450 --> 00:08:21.127

Town of Parish: County used to have a couple of

98

00:08:21.540 --> 00:08:28.596

Town of Parish: they. They've spent so much time and energy on that drum plant this year. They have. They haven't got a lot up. They wouldn't even sell us coal patch.

99

00:08:29.010 --> 00:08:30.390

Town of Parish: It wasn't hurt to ask him.

100

00:08:30.670 --> 00:08:31.689

Town of Parish: I could check

101

00:08:32.049 --> 00:08:35.240

Town of Parish: it worked for me. I can call Sean

102

00:08:35.755 --> 00:08:39.315

Town of Parish: Brian Gardner's got a pit week, so so

103

00:08:40.570 --> 00:08:42.300

Town of Parish: 2 screens at all.

104

00:08:42.659 --> 00:08:49.579

Town of Parish: I I'm looking for closer, shorter holes. Yup, yup, yup.

105

00:08:50.760 --> 00:08:52.000

Town of Parish: alright. Well.

106

00:08:52.110 --> 00:08:53.810

Town of Parish: thanks everybody.

107

00:08:53.840 --> 00:08:55.829

Town of Parish: Yeah, all good with that so far, then.

108

00:08:56.400 --> 00:09:01.669

Town of Parish: Thank you. Sorry I missed your name on the list. I just didn't see anybody new.

109

00:09:02.060 --> 00:09:04.932

Town of Parish: Hey? Throw me all off here to go. Lyg. Thanks.

110

00:09:05.470 --> 00:09:15.793

Town of Parish: alright. I have my supervisor comments. Since our last meeting I attended a meeting with myself, the village mayor, and Amen Mustafa, the President, and CEO of Biosphere

111

00:09:16.670 --> 00:09:21.930

Town of Parish: during this meeting we discussed many ways that we can start to help each other and parish in a positive direction.

112

00:09:22.030 --> 00:09:27.550

Town of Parish: I believe that this meeting has started a bond between us, and I look forward to meetings like this in the future.

113

00:09:28.120 --> 00:09:43.559

Town of Parish: During the last month, the annual clean up they occur. It was a great success, and I believe it was the most debris and electronics we have ever had want to thank those that volunteer their time for the community that day. They were counselors Doug Hodden and Robin, neat Novak

114

00:09:43.870 --> 00:09:45.890

Town of Parish: planning board Member John Dunham.

115

00:09:46.130 --> 00:09:58.339

Town of Parish: my clerk, Jack Rasinski, highway superintendent, neat Batcap, the village mayor, Jackie Murphy, and village clerk, Rosemary Eldred, highway employee Brian Haywood operated the loader for us.

116

00:09:58.930 --> 00:10:14.320

Town of Parish: A lot of work has also occurred at Merrill Park during the past month. The new basketball backwards noops were installed, thanks. Go out to Counselors Doug Houghton and Gary Wood. We're assisted by Craig Pettit and Greg Porter, as well as the Oswego County highway department.

117

00:10:14.510 --> 00:10:21.459

Town of Parish: This was not an easy task, as each backward had to be reworked and welded, and the heavy backwards had to be raised with a lip.

118

00:10:23.160 --> 00:10:32.520

Town of Parish: Also Amera Park. The new playground equipment was installed. It took longer than I had hoped, but the ground was extremely saturated, and it made for a difficult installation.

119

00:10:32.610 --> 00:10:42.599

Town of Parish: After it was installed. Craig Pattern and his son Jake from Jp. Enterprises Incorporated, volunteered their time and equipment and installed the State safety stones around the new equipment.

120

00:10:42.870 --> 00:10:46.560

Town of Parish: I hope all the our families enjoy the new updates to Merrill Park.

121

00:10:46.630 --> 00:10:52.069

Town of Parish: Once again I say, thank you to everyone who volunteered their time and energy for the betterment of parish

122

00:10:52.370 --> 00:10:56.620

Town of Parish: that ends my comments. Do any counselors have any comments at this time?

123

00:10:57.030 --> 00:10:58.020

Town of Parish: The

124

00:10:58.120 --> 00:10:59.730

Town of Parish: the park, the stone?

125

00:11:00.200 --> 00:11:03.929

Town of Parish: We might want to look into, something a little different to cover that

126

00:11:04.500 --> 00:11:06.670

Town of Parish: I I go to a playground

127

00:11:07.420 --> 00:11:08.390

Town of Parish: to wait

128

00:11:08.730 --> 00:11:10.050

Town of Parish: ran side of my way.

129

00:11:10.940 --> 00:11:14.950

Town of Parish: That's the only one I see with stone, and I'm always saying it because it's it's soft.

130

00:11:15.280 --> 00:11:16.140

Town of Parish: Maybe

131

00:11:16.300 --> 00:11:18.449

Town of Parish: he stumbles a lot in that stone.

132

00:11:18.590 --> 00:11:22.000

Town of Parish: Imminent contracts right? Most of my see.

133

00:11:22.410 --> 00:11:25.030

Town of Parish: that had that song that caught him with woodchucks.

134

00:11:25.560 --> 00:11:27.830

Town of Parish: There's some. I don't know where they get it.

135

00:11:29.110 --> 00:11:34.547

Town of Parish: If the rubber that's what I see that a lot of last guy wanted.

136

00:11:35.368 --> 00:11:40.631

Town of Parish: And I could tell you this, we decided to go with stone, cause it was cheap.

137

00:11:41.360 --> 00:11:47.410

Town of Parish: and people were saying we spent too much money at the Park, and there was already stone there. So we just

138

00:11:47.560 --> 00:11:48.830

Town of Parish: mean it wider.

139

00:11:49.100 --> 00:11:54.560

Town of Parish: We continue with stone and wood chips tend to leave splinters.

140

00:11:54.590 --> 00:12:01.460

Town of Parish: It deteriorates it. All kinds of rubber is way expensive, and then you also have to corral it. So that's a cost.

141

00:12:01.490 --> 00:12:11.450

Town of Parish: And that is why we chose to go with Stone at the time, because it was already there. Well, yeah, it's already there. No, I understand that. I'm just saying down the road the the wood chips I'm seeing there

142

00:12:12.140 --> 00:12:16.639

Town of Parish: apw high schools covered with them, and I love it. The kids love it.

143

00:12:17.080 --> 00:12:21.100

Town of Parish: and I have. That's when I say the woodchips are slippers. I haven't heard anybody.

144

00:12:22.063 --> 00:12:31.159

Town of Parish: but I'm saying down the road. Maybe. Is it possible, I mean, now that we've got it filled in with stone that we could just but a layer of

145

00:12:31.260 --> 00:12:32.639

Town of Parish: rubber on top of it.

146

00:12:33.740 --> 00:12:41.999

Town of Parish: Deborah will will sick sink right down, and that disappear fast, but it's just it's I don't know enough about it, and it's so wet there, too.

147

00:12:42.750 --> 00:12:54.940

Town of Parish: It's it's not wood chips that they grind here. It's that I don't know. It's a different type of a woodchipper. How they grind it. I know it's very costly. I know that we didn't have too much money left.

148

00:12:55.511 --> 00:13:06.349

Town of Parish: What we did moving forward when that when that stone settles I have a relationship with Dave or all Britain when they order theirs.

149

00:13:06.400 --> 00:13:14.910

Town of Parish: I can see where they order. Maybe we can order together in a shared services type thing and get a better price. And right now.

150

00:13:14.980 --> 00:13:19.020

Town of Parish: with the way that ground is, there's 8 to 10 inches of that stone

151

00:13:19.230 --> 00:13:29.929

Town of Parish: at the very end. It'll settle, I understand, just just getting it going absolutely. And it was deep at that one end where we just put the new equipment where it's so wet.

152

00:13:30.000 --> 00:13:35.239

Town of Parish: and it is going to like, I said, if we have to put that much there to level that out.

153

00:13:35.630 --> 00:13:39.699

Town of Parish: it's gonna be costly, I mean, I don't know how else. You know you could leave some of it there, but

154

00:13:39.780 --> 00:13:42.809

Town of Parish: put over the time. No, we struggle something in the future

155

00:13:43.020 --> 00:13:45.790

Town of Parish: that's not feel we struggle a lot with as well

156

00:13:46.760 --> 00:13:48.240

Town of Parish: dry right now.

157

00:13:48.590 --> 00:13:49.420

Town of Parish: Yeah.

158

00:13:49.590 --> 00:13:51.410

Town of Parish: Finds on the right spot.

159

00:13:52.130 --> 00:13:53.809

Town of Parish: I would like to come in.

160

00:13:53.890 --> 00:13:58.040

Town of Parish: I don't know. Sometime when I I could make it available. I'd like to put French drinks in.

161

00:13:58.160 --> 00:14:00.930

Town of Parish: and I would goate my equipment time to do that.

162

00:14:02.100 --> 00:14:04.589

Town of Parish: That's something we definitely have to get permits, for.

163

00:14:04.860 --> 00:14:08.460

Town of Parish: You have to go through DC. To get permit to put those in. Yep.

164

00:14:12.490 --> 00:14:16.410

Town of Parish: but I'm all for whatever helps drive that deal. Oh, absolutely

165

00:14:16.580 --> 00:14:22.219

Town of Parish: in the future, you know. Send that way since that back when I coach

166

00:14:22.450 --> 00:14:33.040

Town of Parish: 30 years ago, and you need you need good deep trenches, full stone with a good metaphysite over the top

167

00:14:33.820 --> 00:14:34.880

Town of Parish: and reply for them

168

00:14:35.140 --> 00:14:42.099

Town of Parish: can't just bury a pipe to go cause the the one that's the greatest view. I believe that was just a pipe bearing.

169

00:14:43.290 --> 00:14:48.770

Town of Parish: Yeah, I don't know where any of the drains are. Yeah, there's there's 1 no semantics. There's no nothing

170

00:14:49.000 --> 00:14:52.339

Town of Parish: in the future. I'd like to, you know, working

171

00:14:53.290 --> 00:14:55.510

Town of Parish: right now. Yeah, no.

172

00:14:56.250 --> 00:14:58.750

Town of Parish: Any other counselors have any other comments

173

00:14:59.600 --> 00:15:04.780

Town of Parish: over the past month. Okay, we'll move on then. If you're done all good. Good. Alright, we'll move on. Then

174

00:15:04.800 --> 00:15:09.309

Town of Parish: I need a motion to approve the minutes from live. 16.

175

00:15:11.220 --> 00:15:12.210

Town of Parish: Robin.

176

00:15:13.500 --> 00:15:14.310

Town of Parish: second

177

00:15:14.850 --> 00:15:20.579

Town of Parish: John. All those in favor opposed abstain motion carries

178

00:15:20.780 --> 00:15:24.920

Town of Parish: that's approved. We now have added to our agenda

179

00:15:24.950 --> 00:15:27.579

Town of Parish: a presentation from Matt Johnson

180

00:15:27.750 --> 00:15:29.160

Town of Parish: concerning

181

00:15:29.430 --> 00:15:45.195

Town of Parish: the updated comprehensive plan that has been sitting on desks for a month or yeah, maybe a year. Hey, man, how are you? Yeah, I'm thinking it's a year, too. I was trying to be nice.

182

00:15:45.870 --> 00:15:48.849

Town of Parish: so I've got a copy of the latest.

183

00:15:51.560 --> 00:15:57.699

Town of Parish: Thank you. There's a empty seat here or there, isn't.

We'll put it in Gary's mailbox.

184

00:15:58.200 --> 00:16:00.229

Town of Parish: Yep. So the the the

185

00:16:01.240 --> 00:16:06.520

Town of Parish: planning board did a a comprehensive update of the comprehensive plan

186

00:16:06.900 --> 00:16:07.900

Town of Parish: and

187

00:16:08.180 --> 00:16:12.120

Town of Parish: the last version, and is what I just handed out to you.

188

00:16:13.155 --> 00:16:17.059

Town of Parish: So this is a plan. That's the the village and the town.

189

00:16:17.340 --> 00:16:19.200

Town of Parish: It's a

190

00:16:19.360 --> 00:16:23.260

Town of Parish: combined effort, so it's it covers the village of the town.

191

00:16:25.110 --> 00:16:30.919

Town of Parish: and I believe the planning board held a public hearing on it.

192

00:16:31.414 --> 00:16:40.410

Town of Parish: And I believe that was about a year ago that I think the date was June 26th to 23. That's the date. I

193

00:16:40.900 --> 00:16:43.300

Town of Parish: if we could get confirmation of that

194

00:16:44.029 --> 00:16:46.900

Town of Parish: that should be as a planning board. Then it's

195

00:16:49.237 --> 00:16:54.662

Town of Parish: So I yeah, that's that was the last part of the adoption process.

196

00:16:55.290 --> 00:16:56.409

Town of Parish: that happened.

197

00:16:56.590 --> 00:17:01.629

Town of Parish: The the next part of the process is that

198

00:17:01.940 --> 00:17:09.550

Town of Parish: the town and village board each get copies, and if if it's something you like or agree with.

199

00:17:10.279 --> 00:17:14.470

Town of Parish: It gets sent to the Asugo County Planning Board for their review.

200

00:17:15.900 --> 00:17:19.260

Town of Parish: They review it, send it back, maybe with some comments.

201

00:17:20.187 --> 00:17:27.339

Town of Parish: And then the town and village boards hold the public here, the final public hearing and then adopt.

202

00:17:27.470 --> 00:17:30.469

Town of Parish: So that's kind of where those are the next steps.

203

00:17:30.560 --> 00:17:33.139

Town of Parish: So yeah. Village already held their public hearing.

204

00:17:33.200 --> 00:17:34.670

Town of Parish: and they liked it.

205

00:17:35.170 --> 00:17:37.830

Town of Parish: Yes, no, I don't think it's been sent to county

206

00:17:38.990 --> 00:17:44.089

Town of Parish: because of a typographical error. They approved it in the public hearing. But, however.

207

00:17:44.420 --> 00:17:48.280

Town of Parish: they held their board meeting this Monday, because Wednesday was a holiday

208

00:17:48.380 --> 00:17:49.319

Town of Parish: and yep

209

00:17:49.720 --> 00:17:52.050

Town of Parish: their minutes reflect that they approved it.

210

00:17:52.340 --> 00:17:53.080

Town of Parish: Okay.

211

00:17:53.530 --> 00:17:59.103

Town of Parish: yeah, this. Now they have to send it to account. Yes.

212

00:18:00.630 --> 00:18:10.140

Town of Parish: So our next step, then, Matt, is basically

213

00:18:10.270 --> 00:18:11.860

Town of Parish: look this over

214

00:18:13.690 --> 00:18:15.190

Town of Parish: next month.

215

00:18:16.130 --> 00:18:18.029

Town of Parish: We either approve it or disapprove it.

216

00:18:18.130 --> 00:18:27.470

Town of Parish: Basically you you don't adopt it. But you, if you decide that you want to move forward with adopting it, then you then it gets sent to the county.

217

00:18:27.500 --> 00:18:32.080

Town of Parish: so we would send it to the either the village or the village, or the

218

00:18:32.550 --> 00:18:55.169

Town of Parish: you could send it on behalf of you and the village board, or vice versa in the village. There's a village has already approved it. So yeah, as long as you, as long as the village board and the town board are both an agreement that it gets should be moved on and sent to the county. One of the other of you can do it on behalf of the other, we'll probably do it. So if they've already approved it. We're last

219

00:18:55.200 --> 00:19:00.310

Town of Parish: Yup, and just yeah, let you know. Let them know it's being sent to the county.

220

00:19:00.850 --> 00:19:12.940

Town of Parish: and before we send it to the county, do we have to do seeker or anything like that? You you can do seeker when you adopt it. So that's a pretty simple process. So basically, you

221

00:19:13.070 --> 00:19:17.889

Town of Parish: on the what typically happens with these is you, you could hold a joint

222

00:19:18.060 --> 00:19:19.190

Town of Parish: public hearing.

223

00:19:20.614 --> 00:19:27.120

Town of Parish: Although if if the village has held their public hearing date, yeah, technically.

224

00:19:27.860 --> 00:19:29.349

Town of Parish: you just having one.

225

00:19:29.690 --> 00:19:30.520

Town of Parish: you only

226

00:19:30.750 --> 00:19:38.059

Town of Parish: the only wrench in the system there would be if the county had a bunch of comments, and we changed a bunch of stuff.

227

00:19:38.920 --> 00:19:43.709

Town of Parish: Then maybe the village would want to hold another public hearing. But we're we're due to join.

228

00:19:44.130 --> 00:19:46.689

Town of Parish: Yeah, you can hold a joint public hearing.

229

00:19:46.780 --> 00:19:49.620

Town of Parish: maybe your joint if you're still doing jointly

230

00:19:50.380 --> 00:19:54.390

Town of Parish: monthly. Yeah, we wouldn't do that till September. But yeah, we can do that.

231

00:19:56.120 --> 00:20:05.579

Town of Parish: Well, that's probably a good timeline. Think about you could do. Yeah. You could then do jointly joint meeting, you could hold a joint public hearing, and then

232

00:20:05.800 --> 00:20:09.069

Town of Parish: both officially adopted right after the year.

233

00:20:09.505 --> 00:20:15.870

Town of Parish: Right, if we get a quorum from each side. Absolutely, typically very few people come to those hearings.

234

00:20:16.250 --> 00:20:18.760

Town of Parish: unfortunately. But that's just the way it is.

235

00:20:19.030 --> 00:20:24.830

Town of Parish: Alright. So yeah. Paul also gave me the adoption checklist any.

236

00:20:25.070 --> 00:20:33.312

Town of Parish: gave me the adopting and amending zoning by local law. That was by the Tellgil, the technical paper. So I have both of them with me.

237

00:20:33.830 --> 00:20:39.120

Town of Parish: yeah, this is a little different than a than a local law. Right? Well, this is for zoning. So it's yeah.

238

00:20:39.250 --> 00:20:44.209

Town of Parish: Yeah. So we will deal with that for sure. And so

239

00:20:44.900 --> 00:20:48.840

Town of Parish: the next step. Then we take this all home. We come back

240

00:20:48.960 --> 00:20:52.230

Town of Parish: next month, and if we all agree with, we vote on it then.

241

00:20:52.410 --> 00:20:54.600

Town of Parish: or did just have a public hearing

242

00:20:54.680 --> 00:21:01.129

Town of Parish: you would you would send it to the county? That would be the next thing. So so send to the county next. Yes.

243

00:21:01.250 --> 00:21:15.699

Town of Parish: look at it over the next month. If it's something that everybody likes, then you send it to the county. If there's stuff in there that you don't like. Then we'll, you know, contact me, and we'll make those changes.

244

00:21:18.820 --> 00:21:19.560

Town of Parish: okay.

245

00:21:20.070 --> 00:21:21.969

Town of Parish: but it's if it's yeah. You

246

00:21:21.990 --> 00:21:26.830

Town of Parish: you get it into a form that you think is something you would adopt, and then you send it to the calendar.

247

00:21:27.140 --> 00:21:40.329

Town of Parish: Yeah, we've already done all the work, you know. The plan boards done a good job. So we just have to see if we find anything squarely or anybody has any questions about.

248

00:21:40.440 --> 00:21:48.589

Town of Parish: And then then you sent to the county and wait to hear back, but they and then we'll go through the other steps, and I can always contact you if we have questions. Yes. Yup.

249

00:21:49.030 --> 00:21:54.599

Town of Parish: yeah. And and I can come to the public hearing if you like, and help you through the final steps.

250

00:21:54.750 --> 00:21:57.130

Town of Parish: Typically, the seeker is done

251

00:21:57.180 --> 00:22:02.380

Town of Parish: on the night when you've adopted, you just go through the secret form.

252

00:22:02.670 --> 00:22:04.970

Town of Parish: And it's basically

253

00:22:05.060 --> 00:22:09.789

Town of Parish: pretty cut dry that this, you know, adopting the plans not gonna have a negative

254

00:22:09.850 --> 00:22:13.830

Town of Parish: impact on the environment. So you would, you would do the negative declaration

255

00:22:14.170 --> 00:22:17.309

Town of Parish: and that short form. That's Hr secret. Yeah.

256

00:22:19.130 --> 00:22:22.029

Town of Parish: any questions from the counselors for Matt.

257

00:22:24.790 --> 00:22:30.480

Town of Parish: Okay, I'm sure I'll have them later. So that's the thing. We just gotta look at it now and then

258

00:22:30.710 --> 00:22:42.330

Town of Parish: we'll deal with it from there. Yup, and if you have questions in the meantime, Jim, if you want to email me, forward that information to me. And yes, yeah.

259

00:22:42.530 --> 00:22:43.509

Town of Parish: how are they

260

00:22:44.360 --> 00:22:50.570

Town of Parish: sounds good, Matt. I appreciate it. Okay, no problem. You're good to good to get back on track with you.

261

00:22:50.900 --> 00:22:52.830

Town of Parish: I'll take part of the blame for that

262

00:22:53.220 --> 00:23:00.129

Town of Parish: because I thought the village was going to look at it first, st make their amendments, and the town wasn't going to make any amendments.

263

00:23:00.200 --> 00:23:04.319

Town of Parish: If the village was gonna make something that we'd have to make it on the villages. And so it kinda

264

00:23:04.460 --> 00:23:13.960

Town of Parish: it's a little trickier when you guys were waiting. Yes, so we were waiting, and I didn't realize we could just adopt it. So we will push it and we will work hard on it, and we'll get it done.

265

00:23:15.650 --> 00:23:21.287

Town of Parish: Okay. Alright, thank you. Thank you, Matt. Appreciate thanks for calling.

266

00:23:25.970 --> 00:23:26.810

Town of Parish: Okay.

267

00:23:27.210 --> 00:23:34.759

Town of Parish: thank you, Matt. We will move on to the department reports. The assessor is not here. The CEO

268

00:23:35.130 --> 00:23:37.359

Town of Parish: did leave me a report.

269

00:23:40.190 --> 00:23:41.530

Town of Parish: Did everybody get it?

270

00:23:42.220 --> 00:23:56.209

Town of Parish: I'll just read it. It's awful short. During the month of May I've been busy with building inspection plan reviews, final inspections, returning phone calls and meeting with contractors and residents. I've been in contact with my deputy and starting fire inspection soon

271

00:23:56.250 --> 00:23:59.649

Town of Parish: or 8 building permits 4 building permits closed.

272

00:23:59.870 --> 00:24:06.620

Town of Parish: 27 building permits here today, 18 property maintenance violations here today, and 19 inspections

273

00:24:07.280 --> 00:24:11.339

Town of Parish: that ends his report. Any questions on that

274

00:24:11.360 --> 00:24:13.099

Town of Parish: please speak as well.

275

00:24:13.490 --> 00:24:15.930

Town of Parish: Dog control officer is not here.

276

00:24:16.260 --> 00:24:18.319

Town of Parish: We'll move on to the fire company then.

277

00:24:19.260 --> 00:24:26.409

Town of Parish: right once it's may one vehicle wire 15 ems called springboard reflection

278

00:24:27.070 --> 00:24:32.580

Town of Parish: 4,000 must 22. Company R. Fourte. 4. Man, R. 8, 1 0. 5.

279

00:24:32.790 --> 00:24:37.989

Town of Parish: Mileage, 1, 37. So it required stand by not to see. Twice they given.

280

00:24:38.840 --> 00:24:42.740

Town of Parish: and by 0 5 pack and C. Total 5,

281

00:24:43.409 --> 00:24:51.310

Town of Parish: 1 h, 37 min, main auto, 4, 17 miles. 15 pays me 3,000 Mexico points total calls per month in May

282

00:24:51.320 --> 00:24:53.780

Town of Parish: 27. So we are 1611,

283

00:24:53.830 --> 00:25:01.630

Town of Parish: man or 85.2 miles, 1 52 training per month, 8 h, 46 manor 10 miles.

284

00:25:01.830 --> 00:25:04.760

Town of Parish: And that's the end of May. It's basically for

285

00:25:05.180 --> 00:25:07.879

Town of Parish: \$68 English

286

00:25:08.640 --> 00:25:09.970

Town of Parish: behind last night.

287

00:25:12.269 --> 00:25:22.460

Town of Parish: Wow! That's after seeing such increases over the past couple of years interesting to see a drop drop off.

288

00:25:22.900 --> 00:25:24.859

Town of Parish: Any other questions for the chief.

289

00:25:25.800 --> 00:25:31.030

Town of Parish: Thank you very much, chief. Appreciate it. Under the highway Slash park. Nate

290

00:25:31.300 --> 00:25:37.729

Town of Parish: Yup. Sorry I didn't do a report. We've been busy paving my 284 agreement is complete.

291

00:25:38.390 --> 00:25:43.249

Town of Parish: The 4 miles of road that we were gonna do is done in the town of Parish.

292

00:25:45.720 --> 00:25:50.770

Town of Parish: I do have. We have some monies that are through pay New York

293

00:25:50.840 --> 00:25:54.079

Town of Parish: or pave your cowboy New York that

294

00:25:54.110 --> 00:25:59.559

Town of Parish: I don't want to leave setting the table. It's a user news, so I will probably get in touch.

295

00:25:59.890 --> 00:26:14.889

Town of Parish: cause you can only use that to pay. You can't use it for resurfacing, so any of the resurfacing we did. We'll go to Chips, so I'll have money left over in my paving, so I will probably get a hold of my sales then, and find a couple of small roads that we can do

296

00:26:14.930 --> 00:26:20.229

Town of Parish: to spend that pay the ark money, because that's not like chips. It doesn't roll over.

297

00:26:20.990 --> 00:26:23.109

Town of Parish: I don't want to leave it on the table

298

00:26:24.460 --> 00:26:31.720

Town of Parish: if it's very rarely possible paying a quarter of a mile. Yeah, exactly. I know a certain hell that would really be halfway.

299

00:26:32.200 --> 00:26:41.569

Town of Parish: I know I was gonna put that plug in there. I I know. I wish I could do, or easily.

300

00:26:41.680 --> 00:26:42.530

Town of Parish: but I can't.

301

00:26:42.980 --> 00:26:45.559

Town of Parish: You're not even allowed to use some of the paving money on it.

302

00:26:46.260 --> 00:26:46.950

Town of Parish: Nope.

303

00:26:47.300 --> 00:26:56.769

Town of Parish: No, once the road is closed on chips or paid me, or can't touch it for 10 years. However, I did just get an email from Miranda yesterday

304

00:26:56.910 --> 00:27:01.889

Town of Parish: that said, when the new guidelines come out for the chips program.

305

00:27:02.140 --> 00:27:06.099

Town of Parish: They're gonna allow surface treatments in 5 years.

306

00:27:06.620 --> 00:27:10.770

Town of Parish: So that means we could ship seal the road at 5 years and make it last long.

307

00:27:11.470 --> 00:27:14.840

Town of Parish: But at this point in time it's not the fact.

308

00:27:15.330 --> 00:27:18.459

Town of Parish: So 10 years on a road. And

309

00:27:18.920 --> 00:27:27.970

Town of Parish: you know I've discussed with the chief Churchill I've discussed with Jim Churchill. I also discussed with Jim the fact that, you know, starting next year. We need to budget.

310

00:27:28.170 --> 00:27:35.229

Town of Parish: You know, we could start with \$20,000 of pound money that goes to permanent improvements that we're not going to get back.

311

00:27:35.350 --> 00:27:42.580

Town of Parish: We're not gonna recoup from the State right now. The only money I have to spend on roads just what is given to me by the State.

312

00:27:42.730 --> 00:27:48.229

Town of Parish: So, and and if a road is close, because 6 years ago somebody wanted

313

00:27:48.500 --> 00:28:02.440

Town of Parish: to close the road. My predecessor might wanted to close the road, and I can't touch that road with chips money, so I need to have a little bit of a slush fund so that I can buy, you know, 20 loads of

314

00:28:02.450 --> 00:28:18.039

Town of Parish: item 2, and get up there and graded into all the potholes and and put, you know, bank Run, and all the ditches where you know the 4 wheelers and Atvs up there have ran through the mud and the ditches and collapse pipes, and

315

00:28:18.110 --> 00:28:30.923

Town of Parish: and it's just so wet. There. Now, if I don't fill up with some bank run, they're just gonna keep running through. They're pushing out into the road. Once the water's on the road, Pop will start.

316

00:28:32.095 --> 00:28:37.739

Town of Parish: The State really needs to be the phone

317

00:28:38.320 --> 00:28:42.239

Town of Parish: over this. They they needed a token, I thought, look what this

318

00:28:42.300 --> 00:28:57.459

Town of Parish: you know atv things you're doing. I I don't knock them because I have one right, but we can't close the roads. You've got people that abuse them, and the State don't want to give you money to take care of right. And it's been suggested to me in the past that you know we can buy them

319

00:28:57.840 --> 00:28:59.820

Town of Parish: 2 by 4

320

00:29:00.030 --> 00:29:03.100

Town of Parish: by 2 blocks to put in front of them.

321

00:29:03.120 --> 00:29:11.849

Town of Parish: but the minute I do that in the middle of the night Lj. Is going to get a call with somebody who slammed into one of them. And now oh, our! Is it town liable.

322

00:29:12.610 --> 00:29:15.679

Town of Parish: you know. So you have to be careful what you do.

323

00:29:15.840 --> 00:29:19.860

Town of Parish: You know, we put a delineier, a delinier in at the end of a pipe.

324

00:29:20.380 --> 00:29:26.620

Town of Parish: and 2 days later we drive by there, and the Deliners gone, and the pipe end is crushed again because they've been driving through there.

325

00:29:31.370 --> 00:29:38.849

Town of Parish: and the smoother I make the roads the more they'll use those little ditches because they like to run through the mud.

326

00:29:40.550 --> 00:29:46.550

Town of Parish: could take smoother those roads up, but it could be a bad thing. So right? So they're gonna go fast. They're gonna go faster through there.

327

00:29:46.790 --> 00:30:02.671

Town of Parish: But I have dealt with the sheriffs back there, too, you know stolen vehicles like to find their way to Happy Valley. So we've talked to the sheriff several times, and they've they've mentioned to me this condition of the roads, too.

328

00:30:03.470 --> 00:30:06.520

Town of Parish: It dumped out. It's still happening in back there.

329

00:30:10.450 --> 00:30:11.970

Town of Parish: Park. Wise.

330

00:30:12.370 --> 00:30:14.560

Town of Parish: I mean. The playground looks great.

331

00:30:14.640 --> 00:30:26.460

Town of Parish: Driveway looks great. I see the cameras are up. I gotta download that and get it all set up. I hung the signs and say that that it's under 24 h surveillance, so that's all done

332

00:30:27.510 --> 00:30:38.839

Town of Parish: other than that. Everything's going good lawn care in the bathroom. Well, just so. You're aware, too. I I did receive a complaint about the grass in the parking lot.

333

00:30:38.950 --> 00:30:40.649

Town of Parish: I don't know if we

334

00:30:41.990 --> 00:30:43.790

Town of Parish: could weed whack it.

335

00:30:45.420 --> 00:31:02.329

Town of Parish: A complaint about the grass in the parking, rolling up, growing up to yeah. So okay, but I don't know if we could be whacking or understand what kind of complaint you could get for that. Just it. It looks it. It look, it looked bad. Okay, now I get it. See what I mean. Cause it's about.

336

00:31:02.450 --> 00:31:04.450

Town of Parish: So, Tom, maybe it was

337

00:31:04.540 --> 00:31:32.070

Town of Parish: so it was on. It was on social media, was it? I couldn't believe it. Yeah, okay. So I'll take care of the grass. Well, here's the thing, either we we can. We have what I need. We can call a company to come in and do it too, if we have to do. You can't get caught doing that green way of doing it.

338

00:31:32.080 --> 00:32:00.259

Town of Parish: Yup, that don't have chemicals. That will, I will. I will take care of the grass. So I have. I have a sprayer after you said mentioned it. I actually went and looked it up, and I tried it in my house, and it works little longer to kill the grass that the roundup does. The roundup is 2 days. And it's that right that took almost 4 days. But I tell you what works, yeah, my neighbor does that. And it works very well. Yeah.

339

00:32:00.710 --> 00:32:25.860

Town of Parish: So I I will take care of the grass, just like I said. And I hear things. It's it's because it was so nice, and it's never been striped in the 50 years it's been there. It's finally striped. And now grass is going up to it.

340

00:32:25.940 --> 00:32:28.370

Town of Parish: People are always gonna have things to complain about.

341

00:32:28.680 --> 00:32:31.399

Town of Parish: and it is what it is. But

342

00:32:31.410 --> 00:32:38.370

Town of Parish: you've got to try to make it look nice. Thank you. Not a problem. Thank you. It just it came into my head is I didn't even have it in my notes.

343

00:32:38.806 --> 00:32:42.843

Town of Parish: So we'll move on then. Thanks. Nate. Tax collector Kevin.

344

00:32:45.100 --> 00:32:45.770

Town of Parish: It

345

00:32:49.310 --> 00:32:50.360

Town of Parish: range to

346

00:32:51.470 --> 00:32:55.360

Town of Parish: hey? Reconciled with county. But I did that in April. But this is my final

347

00:32:56.050 --> 00:32:59.340

Town of Parish: report, because, even though we're not collecting.

348

00:32:59.680 --> 00:33:03.789

Town of Parish: I still have to respond to any I can get my tax bill. Can I get a receipt

349

00:33:04.220 --> 00:33:07.149

Town of Parish: or text searches and whatnotes is

350

00:33:07.490 --> 00:33:08.950

Town of Parish: this is for Gary.

351

00:33:10.520 --> 00:33:16.658

Town of Parish: and we still have \$283,000 and 66.

352

00:33:17.350 --> 00:33:20.980

Town of Parish: So they're the ones now that collect on that. Yes, they are.

353

00:33:22.230 --> 00:33:23.179

Town of Parish: Yeah. I saw.

354

00:33:23.450 --> 00:33:24.200

Town of Parish: Yes.

355

00:33:24.640 --> 00:33:25.850

Town of Parish: So

356

00:33:25.880 --> 00:33:32.790

Town of Parish: basically, this is my report as of last night as I reconciled my bank statement. Okay, so the original warrant was 2,

357

00:33:32.890 --> 00:33:39.789

Town of Parish: 2,000,006, 87, 7, 0, 3, 10. Those adjustments were. When I get doing the tax collection period I get

358

00:33:40.790 --> 00:33:42.290

Town of Parish: weekly

359

00:33:42.737 --> 00:33:52.120

Town of Parish: changes from county that I am required to send the tax bill to. Well, one of the one of those those adjustments was a 1 tax bill

360

00:33:53.184 --> 00:34:01.370

Town of Parish: an exemption was removed, so I had to go in and make a new bill. But I didn't. I skipped the line, and it was in fine print. I missed the line, so I had to go back in and

361

00:34:01.560 --> 00:34:06.959

Town of Parish: fix that error. That's what those adjustments are was for one tax bill, for an increase in

362

00:34:07.650 --> 00:34:15.349

Town of Parish: the increase in the assessment, because it was a veteran property, and the veterans no longer around. So the veterans exemption died away.

363

00:34:15.440 --> 00:34:16.970

Town of Parish: so I had to adjust

364

00:34:17.020 --> 00:34:20.649

Town of Parish: for information. I was given by county. So that's what that adjustment was.

365

00:34:20.949 --> 00:34:31.589

Town of Parish: So, therefore the adjusted warrant was 2, 6, 88, 1, 1, 57. I had 1st installments of 18 9, 0. 3, 17, second installments, 18, 4, 65, 75,

366

00:34:32.320 --> 00:34:36.099

Town of Parish: 2,000,003, 6, 7, 6, 66, 41 in full payments.

367

00:34:36.120 --> 00:34:43.950

Town of Parish: I collected 2,007, 31, 91 in penalties, late notice fees, because in about March 13th I send out late notice to say, Hey.

368

00:34:44.679 --> 00:34:45.800

Town of Parish: make a textbook.

369

00:34:46.260 --> 00:34:51.949

Town of Parish: So I collected late notice fees of \$122. That's 2 bucks a piece.

370

00:34:52.739 --> 00:35:03.360

Town of Parish: and somebody decided to write a bad check. So they got tagged for 20 bucks so total collections 2,000,004 0, 7, 9 0. 9, 24, leaving outstanding taxes

371

00:35:03.400 --> 00:35:05.720

Town of Parish: at the time I quote in. When I

372

00:35:05.780 --> 00:35:10.089

Town of Parish: did all my reconciliation with the county was 2, 83, so 6, 6, 24.

373

00:35:10.590 --> 00:35:12.900

Town of Parish: So when I reconcile the county.

374

00:35:13.010 --> 00:35:24.330

Town of Parish: the county got what was, do them on my adjustment sheets that I submitted and verified with branch was at the county treasurer's office. We agreed on our numbers, he his numbers, matched up with mine.

375

00:35:24.650 --> 00:35:31.719

Town of Parish: so I gave them the amount that was required to give the county and a separate check for the franchise fees

376

00:35:31.820 --> 00:35:41.510

Town of Parish: of 7, 2690, because every time the utility companies like National create Csa. The time Warner intel fibers.

377

00:35:43.025 --> 00:35:44.340

Town of Parish: Verizon

378

00:35:45.010 --> 00:35:51.090

Town of Parish: and any other those utility type people they pay those directly to County county sends me the information backwards.

379

00:35:51.210 --> 00:35:52.969

Town of Parish: I put in my computer program. And then

380

00:35:53.010 --> 00:35:57.100

Town of Parish: time. Warner is basically the one that gets the franchise fee that gets docked off

381

00:35:57.330 --> 00:36:01.599

Town of Parish: at the time of payment. But then I turn on give accounting check. Why does it work that way? I don't know.

382

00:36:02.150 --> 00:36:06.609

Town of Parish: I didn't set the rules. County says, give me check for franchise. Okay.

383

00:36:07.593 --> 00:36:14.060

Town of Parish: so I did that. So anyway, as of when I reconciled my bank statement from as of 5, 31, I had

384

00:36:14.100 --> 00:36:17.440

Town of Parish: 47, \$52, and 32 cents in there.

385

00:36:17.850 --> 00:36:23.919

Town of Parish: I need to have 3 or 100 300 \$304 to keep the account open, because I have

386

00:36:24.480 --> 00:36:33.130

Town of Parish: 2 people overpaid their taxes by 2 bucks apiece, and have not yet guessed check, so I need to keep 4 bucks in there to keep cover those 2 checks.

387

00:36:33.880 --> 00:36:36.010

Town of Parish: so therefore I have

388

00:36:36.680 --> 00:36:39.529

Town of Parish: an excess amount of I'll call it excess amount

389

00:36:39.670 --> 00:36:41.099

Town of Parish: might be a bad term, but

390

00:36:42.050 --> 00:36:47.609

Town of Parish: I have additional funds. Let's say I need to turn over to the town. So 44, 48, 32. Well, how does that break out?

391

00:36:47.940 --> 00:36:54.649

Town of Parish: Well, let's see, that's \$760 and 84 cents of interest which you can see up the left hand side. There.

392

00:36:55.120 --> 00:36:56.800

Town of Parish: That's January to March.

393

00:36:56.960 --> 00:36:58.660

Town of Parish: which means

394

00:36:59.570 --> 00:37:03.350

Town of Parish: Bookkeeper Angie will probably need to know that information

395

00:37:04.596 --> 00:37:12.659

Town of Parish: real property and penalties. It's just. I'm rehashing that from above the 2731, 91, the late notice fees rehash for above 1 22.

396

00:37:13.130 --> 00:37:16.980

Town of Parish: We know a bad check fee, so by the time I subtract all those numbers out I've got

397

00:37:17.810 --> 00:37:22.129

Town of Parish: a magical number of \$813 and 57 cents leftovers.

398

00:37:22.150 --> 00:37:23.560

Town of Parish: I can't hang on to it.

399

00:37:24.500 --> 00:37:25.210

Town of Parish: I've

400

00:37:25.530 --> 00:37:34.030

Town of Parish: and I know the county did. When the county put the warrant together, they did something screwed with the town. They gave them an extra 1,000 bucks. Part of the tax collection system.

401

00:37:34.130 --> 00:37:39.620

Town of Parish: Yeah, it was a weird yeah. It was weird. So could that 800 to be left over as some sort of

402

00:37:39.830 --> 00:37:45.359

Town of Parish: remnant from that, when I couldn't. By the time all the taxes got collected and got turned over because the town got everything

403

00:37:45.370 --> 00:37:46.769

Town of Parish: for for the warrant

404

00:37:46.820 --> 00:37:47.970

Town of Parish: they're not short.

405

00:37:48.330 --> 00:37:57.749

Town of Parish: so I'll bring over the town, and therefore, Mr. Supervisor, is your check. 4,448 and 32 cents. Thank you, sir.

406

00:38:00.130 --> 00:38:03.369

Town of Parish: thanks, Kev. You're welcome any questions for Kevin

407

00:38:07.570 --> 00:38:08.240

Town of Parish: isn't.

408

00:38:09.080 --> 00:38:10.129

Town of Parish: I'll let you work.

409

00:38:11.520 --> 00:38:12.380

Town of Parish: Oh, I got

410

00:38:13.630 --> 00:38:16.470

Town of Parish: I can't prepare. I just couldn't find it@firstst

411

00:38:17.750 --> 00:38:22.240

Town of Parish: Alright, no questions. We will move on then to Paul Baxter with the Doug Hill

412

00:38:24.760 --> 00:38:40.189

Town of Parish: evening and my report in front of you. There is disgusted. Last month's meeting. I scheduled Matt Johnson's next Town board meeting regarding status and provision of the town and village conference plan. The next stops for adoption.

413

00:38:40.850 --> 00:38:48.759

Town of Parish: Give you the paper on Mending Zoning. Well, this isn't zoning a lot of the procedures to go through. Many of our are pretty simple. So I thought that might be.

414

00:38:49.850 --> 00:38:59.940

Town of Parish: No data has been set yet for the next meeting of the Santa River Council of Governments. So I got a commission meeting scheduled for this last Monday in Denmark, and rescheduled Monday, July 15.th

415

00:39:00.580 --> 00:39:03.780

Town of Parish: Additional copies of the next edition of the Tuggero Recreation.

416

00:39:03.810 --> 00:39:05.019

Town of Parish: Okay for you

417

00:39:06.600 --> 00:39:10.189

Town of Parish: and the initial version of guide is available at the

418

00:39:10.860 --> 00:39:12.610

Town of Parish: Tug hill.com.

419

00:39:13.260 --> 00:39:18.860

Town of Parish: As request is required by the State. I post a copy of the attended 2024 assessment

420

00:39:19.840 --> 00:39:20.600

Town of Parish: site.

421

00:39:20.950 --> 00:39:27.159

Town of Parish: and there's nothing new to report on the status of wildlife management, area payment, legislation or salmon restoration

422

00:39:27.610 --> 00:39:28.610

Town of Parish: down the river

423

00:39:30.000 --> 00:39:30.750

Town of Parish: night.

424

00:39:31.570 --> 00:39:33.500

Town of Parish: Great any questions for Paul.

425

00:39:35.020 --> 00:39:37.209

Town of Parish: Thank you, Paul. Thank you, Paul.

426

00:39:37.790 --> 00:39:41.159

Town of Parish: Very nice. We will move on

427

00:39:41.410 --> 00:39:45.809

Town of Parish: to old business, the Getman Cemetery accident.

428

00:39:47.810 --> 00:39:51.579

Town of Parish: So everybody's aware. I did receive a check from State Farm.

429

00:39:52.370 --> 00:39:53.340

Town of Parish: or

430

00:39:53.690 --> 00:39:56.949

Town of Parish: \$4,945.

431

00:39:57.530 --> 00:40:02.710

Town of Parish: And what we decided to do I have as we go.

432

00:40:02.830 --> 00:40:06.230

Town of Parish: Take that back. I have Kellogg memorials coming

433

00:40:06.400 --> 00:40:08.390

Town of Parish: to fix the headstones

434

00:40:08.570 --> 00:40:10.950

Town of Parish: had a total of 1795.

435

00:40:11.420 --> 00:40:15.429

Town of Parish: The rest of the money was going to be for a fence.

436

00:40:16.280 --> 00:40:21.000

Town of Parish: but when I talked with Nate, Nate said he couldn't install the fence for much cheaper.

437

00:40:21.290 --> 00:40:23.799

Town of Parish: so his guys or girls

438

00:40:23.870 --> 00:40:26.590

Town of Parish: are going to install and paint the fence.

439

00:40:26.620 --> 00:40:30.650

Town of Parish: he will buy the materials, we will pull it out of our cemetery line.

440

00:40:32.770 --> 00:40:33.830

Town of Parish: And

441

00:40:33.950 --> 00:40:37.409

Town of Parish: we will put the extras into the town's commerce.

442

00:40:37.620 --> 00:40:42.930

Town of Parish: What I've heard is sometimes don't even do anything with them. They take the insurance money and run. But

443

00:40:42.990 --> 00:40:47.720

Town of Parish: I don't want to do that. So we're gonna fix what we can, and they will take care of the rest.

444

00:40:47.800 --> 00:40:50.810

Town of Parish: and it will all be taken care of as soon as we can get to it.

445

00:40:52.730 --> 00:40:55.590

Town of Parish: Any questions on the captain and cemetery action.

446

00:40:58.270 --> 00:40:59.430

Town of Parish: Fantastic.

447

00:41:00.110 --> 00:41:04.539

Town of Parish: Get at it. So yeah, it's it's working. It took a while. But

448

00:41:05.130 --> 00:41:12.150

Town of Parish: yeah, luckily, most of the time you don't. And what I've also learned through the cemetery stuff is, the headstones

449

00:41:12.530 --> 00:41:15.830

Town of Parish: are normally covered under people's homeowners. Insurance.

450

00:41:16.430 --> 00:41:18.529

Town of Parish: Half of these people are past

451

00:41:18.660 --> 00:41:20.470

Town of Parish: many, many years ago. So

452

00:41:20.540 --> 00:41:31.369

Town of Parish: nobody's actually responsible for we, as a town, are responsible to fence in most abandoned cemeteries, and so we will put the fence back up. We will maintain it. Make it look good.

453

00:41:32.881 --> 00:41:38.168

Town of Parish: Captain is owned by the town

454

00:41:40.097 --> 00:41:46.340

Town of Parish: county. We have some old W. Guard rail behind the garage.

455

00:41:46.380 --> 00:41:50.099

Town of Parish: If they'll drive the stakes we can put the W. Guard rail

456

00:41:50.150 --> 00:41:53.480

Town of Parish: something in that one path where everybody drinks

457

00:41:53.500 --> 00:41:56.370

Town of Parish: right at the end of the road. You have it, I mean.

458

00:41:56.470 --> 00:42:07.710

Town of Parish: it can be W. Because there's no water beyond it. If there's water beyond it, then it's gotta be like at the end of 26. It's gotta be the double Barrier channel. But this it's just old W. Guard rail

459

00:42:07.720 --> 00:42:09.899

Town of Parish: that we could just put in front of that

460

00:42:10.460 --> 00:42:11.950

Town of Parish: right across the screen.

461

00:42:12.270 --> 00:42:18.689

Town of Parish: and that'll save it in the future, because I guess we spent lots of money on that. It's that cemetery over the years. So

462

00:42:18.890 --> 00:42:21.609

Town of Parish: that's the 3rd tent I've heard since I've been.

463

00:42:22.810 --> 00:42:23.680

Town of Parish: Really.

464

00:42:24.590 --> 00:42:34.970

Town of Parish: they've been tagging that, I think, for years. Somebody told me. Oh, yeah, right? Right. We got lucky with this one. Caught him in the insurance company paid us, so

465

00:42:35.100 --> 00:42:38.380

Town of Parish: put something there, it'll stop them, and you will catch them correct.

466

00:42:39.280 --> 00:42:48.619

Town of Parish: Alright. So we'll work on that in the future as well. So that's doing. Well. We're back to Meryl Park. I know we got there a little bit like I said. The playground equipment stones are done.

467

00:42:49.370 --> 00:42:52.260

Town of Parish: Just wanted everybody to know. And once again, thank

468

00:42:52.370 --> 00:42:56.879

Town of Parish: Craig. When I did this up I didn't do my wording yet. There's a lot of people thank

469

00:42:57.440 --> 00:42:59.200

Town of Parish: but it is complete.

470

00:42:59.330 --> 00:43:03.999

Town of Parish: There's some touching up to do a little bit. He's Craig said. He might have to look at, so

471

00:43:05.080 --> 00:43:11.309

Town of Parish: we'll continue to work on a little bit at a time. If there is any rough areas. The walkway that Gary.

472

00:43:12.010 --> 00:43:15.260

Town of Parish: who's talking about, too, I forgot to mention, was done as well.

473

00:43:16.180 --> 00:43:18.999

Town of Parish: Doug Holden gave us pipe, I believe.

474

00:43:19.240 --> 00:43:25.300

Town of Parish: and they put a little walkway all the way up to the wood line, so that you can now cross from where it's normally wet

475

00:43:25.470 --> 00:43:27.255

Town of Parish: from the one

476

00:43:28.030 --> 00:43:31.059

Town of Parish: field right to the playground, so nobody has to get

477

00:43:31.230 --> 00:43:32.779

Town of Parish: mud up to their ankles.

478

00:43:32.870 --> 00:43:36.019

Town of Parish: So that's taken care of. It's it looks pretty nice over there.

479

00:43:36.460 --> 00:43:39.829

Town of Parish: So if anybody hasn't seen it, want over there and please take a look.

480

00:43:39.950 --> 00:43:42.570

Town of Parish: I'm gonna move on to the shed with Mr. Oton

481

00:43:44.170 --> 00:43:45.750

Town of Parish: just thinking about

482

00:43:46.830 --> 00:43:48.669

Town of Parish: Luciano case. Sutland

483

00:43:48.740 --> 00:43:50.200

Town of Parish: respond to

484

00:43:51.950 --> 00:43:55.500

Town of Parish: give the hot dogs away 10 months, whatever you get.

485

00:43:57.350 --> 00:44:01.530

Town of Parish: I stopped and talked with an Amish fellow

486

00:44:02.440 --> 00:44:03.380

Town of Parish: with

487

00:44:04.310 --> 00:44:05.490

Town of Parish: accounts up.

488

00:44:07.310 --> 00:44:08.479

Town of Parish: It's like A.

489

00:44:08.620 --> 00:44:11.289

Town of Parish: They make lots of them for their fruit stands.

490

00:44:11.630 --> 00:44:13.490

Town of Parish: They do it all the time. Yup.

491

00:44:13.660 --> 00:44:15.440

Town of Parish: okay. 4 by 8.

492

00:44:16.780 --> 00:44:18.380

Town of Parish: All done very in that.

493

00:44:19.670 --> 00:44:21.480

Town of Parish: I thought it was a bit much, but

494

00:44:22.950 --> 00:44:26.490

Town of Parish: Jim says, talk about maybe something bigger.

495

00:44:27.450 --> 00:44:28.649

Town of Parish: What do you want to do?

496

00:44:30.170 --> 00:44:33.864

Town of Parish: This was my thought I, I like the 4 by 8

497

00:44:34.980 --> 00:44:36.390
Town of Parish: 4 feet is this big?

498
00:44:37.050 --> 00:44:41.249
Town of Parish: I'd like to go to an 8 by 12 if we're gonna do it something that

499
00:44:41.610 --> 00:44:44.780
Town of Parish: instead of putting money into something little where we have to expand later.

500
00:44:45.110 --> 00:44:47.070
Town of Parish: even if we doubled the price

501
00:44:47.770 --> 00:44:50.819
Town of Parish: for \$2,000, we can get a shed for them, and

502
00:44:51.280 --> 00:44:54.180
Town of Parish: he'll also need a foundation to put the shed on.

503
00:44:54.430 --> 00:44:59.659
Town of Parish: They'll set it up. You don't really need a foundation. It'll sit on Block. It's just a temporary

504
00:45:00.230 --> 00:45:04.600
Town of Parish: termite box, or whatever it it'll set on something. You'll need a permit.

505
00:45:04.860 --> 00:45:18.996
Town of Parish: No cause. It's not over 8 by 8 by 12. 0, 8 by 12. Yes. So anything over 12 by 12, you know. You need a permit. You don't need a permit for that.

506
00:45:19.640 --> 00:45:25.820
Town of Parish: Well, and it's just a thought like I said, Let's I don't want to go too small, and then say, Oh, boy, we really could use another 4 feet.

507
00:45:26.160 --> 00:45:28.219
Town of Parish: He already bought the free. What do you do with it?

508
00:45:29.640 --> 00:45:32.259
Town of Parish: And the question now remains.

509

00:45:32.620 --> 00:45:38.450

Town of Parish: we had \$25,000 in our basically our line for park

510

00:45:38.470 --> 00:45:42.570

Town of Parish: material equipment, or whatever the line is called this 25,000,

511

00:45:44.120 --> 00:45:47.390

Town of Parish: we plan on doing maybe a walk around.

512

00:45:47.850 --> 00:45:51.500

Town of Parish: I'd like to take that money from that line.

513

00:45:51.590 --> 00:45:56.540

Town of Parish: And so, even if we spent 10 grand on on that walk around to to clean it up

514

00:45:56.610 --> 00:46:02.590

Town of Parish: next year because we're need permits. It's just we have that money. I don't think we're going to get to it this year, may we may not?

515

00:46:02.890 --> 00:46:03.630

Town of Parish: But

516

00:46:03.800 --> 00:46:05.929

Town of Parish: we have 25,000 sitting there

517

00:46:06.770 --> 00:46:08.159

Town of Parish: for the park and for

518

00:46:08.410 --> 00:46:09.320

Town of Parish: movements.

519

00:46:10.920 --> 00:46:17.910

Town of Parish: it's up to you guys what you want to do with it. But it even if it cost us 1,500 to go a little bigger, even 2 grand at the highest.

520

00:46:19.830 --> 00:46:21.280

Town of Parish: And then there's another

521

00:46:21.680 --> 00:46:25.169

Town of Parish: \$1,000 we have to prove later on, because I'll explain that

522

00:46:26.550 --> 00:46:34.390

Town of Parish: But that's what we have. You know we had 25. Any comments on going bigger, or I agree, I go bigger. I agree, too.

523

00:46:34.420 --> 00:46:35.760

Town of Parish: It don't.

524

00:46:35.890 --> 00:46:42.440

Town of Parish: 12 by 12. 0, 8 by 8 by 12. Sounds like a nice number. Yeah.

525

00:46:42.480 --> 00:46:44.459

Town of Parish: Now, where do you want to put it?

526

00:46:45.570 --> 00:46:49.649

Town of Parish: You gotta find a place that'll handle that site right?

527

00:46:50.040 --> 00:46:51.010

Town of Parish: This

528

00:46:51.670 --> 00:46:53.220

Town of Parish: would have been at the

529

00:46:53.900 --> 00:46:57.090

Town of Parish: beginning of the trailhead there, or the

530

00:46:57.520 --> 00:46:59.180

Town of Parish: the building existing

531

00:46:59.530 --> 00:47:01.390

Town of Parish: kind of a suggestion for you

532

00:47:02.520 --> 00:47:11.760

Town of Parish: after you told me to remove the horseshoe. That's where I was just gonna go. Could we put it there? I went up there on a Thursday night

533

00:47:12.230 --> 00:47:13.699

Town of Parish: when the girls were there.

534

00:47:13.730 --> 00:47:18.130

Town of Parish: Do you know how many foul balls hit the horseshoe pits?

535

00:47:19.350 --> 00:47:28.530

Town of Parish: Oh, cause we're so close to the back of the fence there, over the dugout, and right by the horseshoe. Piss good answer.

536

00:47:28.550 --> 00:47:37.049

Town of Parish: So I didn't remove them, because I wanted to discuss that with you guys, because if we make that parking lot and then cars are parking there.

537

00:47:37.330 --> 00:47:38.430

Town of Parish: Wind chills.

538

00:47:38.550 --> 00:47:39.370

Town of Parish: Yeah.

539

00:47:39.700 --> 00:47:42.679

Town of Parish: you're gonna have to say something, Kelly. Yeah.

540

00:47:42.750 --> 00:47:44.869

Town of Parish: And everything's getting

541

00:47:45.460 --> 00:47:46.929

Town of Parish: would stand where

542

00:47:47.090 --> 00:47:50.560

Town of Parish: it was on the south side of the pavilion.

543

00:47:52.360 --> 00:47:57.520

Town of Parish: He's actually down on the curve behind the curve. Out on that field

544

00:47:58.479 --> 00:48:06.660

Town of Parish: little little grassy area, right where the the whatever it ain't in the field, but it used to be

545

00:48:07.590 --> 00:48:20.810

Town of Parish: on the corner. Yeah, it was literally out on part of the field cause they weren't using a little that was more of a key ball field where?

546

00:48:21.560 --> 00:48:31.490

Town of Parish: Yeah, it's called seated. There's a food stand and a store storage to keep it near water and electricity. That is okay

547

00:48:31.710 --> 00:48:32.790

Town of Parish: import.

548

00:48:32.810 --> 00:48:36.249

Town of Parish: So could we put such a thing?

549

00:48:36.870 --> 00:48:38.710

Town of Parish: And the

550

00:48:38.760 --> 00:48:40.860

Town of Parish: across near the bathrooms.

551

00:48:42.139 --> 00:48:47.229

Town of Parish: right where the alarm is similar, could we put something? I mean, you're only talking 8 feet.

552

00:48:47.600 --> 00:48:56.140

Town of Parish: We have an 8 feet there, right? You could go to the south side of the alarm. Yeah, south side of the alarm. I don't know where the plumbing is there, though, to dig the water line.

553

00:48:56.160 --> 00:49:09.969

Town of Parish: It's gotta be near the bathroom. It's gotta be close right. It's it's close. But you gotta understand. You go to where that alarm is, and then you go up to up on the hill behind the softball field. Right? That's where

554

00:49:10.290 --> 00:49:12.199

Town of Parish: and it's where your raised bed is

555

00:49:12.320 --> 00:49:13.840

Town of Parish: right. So

556

00:49:14.290 --> 00:49:18.439

Town of Parish: whoever digs in there they're gonna have to know where they're yeah.

557

00:49:19.150 --> 00:49:25.383

Town of Parish: I don't know if we can dig anything if it comes down to water in the concession stand

558

00:49:26.320 --> 00:49:27.270

Town of Parish: fetch

559

00:49:27.550 --> 00:49:32.410

Town of Parish: depends on what the Health department tells you. You're not. You're not. Gonna you're not gonna make it

560

00:49:32.620 --> 00:49:56.299

Town of Parish: a concession stand. They're just giving away some hot dogs right now. If in the future we're gonna make it a concession stand, then obviously, we're gonna have to go with the help, and it's gonna be bigger than that. Anyways, it's gonna be bigger than that. Quite honestly, it's a concession stand. Now. You're gonna have to have sinks. You're gonna have to have all that right? Well, you know. Just a place to sell so hot.

561

00:49:56.370 --> 00:49:57.989

Town of Parish: How do you keep the hot dogs hot.

562

00:49:58.530 --> 00:50:04.230

Town of Parish: They have a crack bat and or something. So we also need to have electricity.

563

00:50:04.570 --> 00:50:06.460

Town of Parish: Yeah, okay. And

564

00:50:06.560 --> 00:50:08.990

Town of Parish: where they were doing it out of the pavilion

565

00:50:09.330 --> 00:50:17.710

Town of Parish: they had everything there, and all I'm saying is across from the pavilion. Something like this would have been good for them. But

566

00:50:19.340 --> 00:50:21.070

Town of Parish: depending on what you want to do.

567

00:50:21.670 --> 00:50:25.509

Town of Parish: We could even go 6 by 10, I mean, if they're just handing out hot dogs through there.

568

00:50:25.760 --> 00:50:32.990

Town of Parish: Well, they haven't drinks and chips, or whatever. Well, you don't want to make it so much time.

569

00:50:33.970 --> 00:50:35.359

Town of Parish: Yeah, that's, you know.

570

00:50:36.290 --> 00:50:37.709

Town of Parish: Take a little bit of room in it.

571

00:50:37.760 --> 00:50:41.920

Town of Parish: Yeah, instead of 4, you know, 4 feet or not. You're running over yourself, really.

572

00:50:42.600 --> 00:50:44.849

Town of Parish: Well, there ain't gonna have a dance in there yet.

573

00:50:45.150 --> 00:50:50.709

Town of Parish: huh? We could. So just tell me what you want. Let's make a motion, then

574

00:50:52.970 --> 00:50:55.019

Town of Parish: to I'll make a motion.

575

00:50:55.260 --> 00:50:56.430

Town of Parish: 2,

576

00:50:56.620 --> 00:50:58.370

Town of Parish: purchase a

577

00:50:58.540 --> 00:51:00.140

Town of Parish: 6 by 10.

578

00:51:00.870 --> 00:51:02.039

Town of Parish: I'm a shed

579

00:51:02.650 --> 00:51:04.789

Town of Parish: not to exceed \$2,000.

580

00:51:05.250 --> 00:51:07.740

Town of Parish: It's more than that you'll have to come back. It should be.

581

00:51:07.770 --> 00:51:09.050

Town of Parish: It shouldn't. But

582

00:51:09.610 --> 00:51:13.399

Town of Parish: I I got a quote of a of a 12 by 20,

583

00:51:13.670 --> 00:51:14.870

Town of Parish: 2,900

584

00:51:15.030 --> 00:51:15.690

Town of Parish: hired.

585

00:51:16.370 --> 00:51:18.999

Town of Parish: and that's what I was we were talking about before.

586

00:51:19.140 --> 00:51:25.380

Town of Parish: The bigger you go from the 4 by 8. It's really progressively cheap. So

587

00:51:26.110 --> 00:51:28.059

Town of Parish: so 2 grand should cover you.

588

00:51:28.700 --> 00:51:30.550

Town of Parish: So I made the motion right?

589

00:51:30.560 --> 00:51:34.249

Town of Parish: Yeah, too. Green. Good. I made the motion. Do I have a second for that motion?

590

00:51:34.940 --> 00:51:36.390

Town of Parish: Alright. Discussion

591

00:51:38.150 --> 00:51:39.670

Town of Parish: 6 6 by 10.

592

00:51:40.920 --> 00:51:41.880

Town of Parish: Correct.

593

00:51:42.050 --> 00:51:44.050

Town of Parish: Do I have any other discussion on that?

594

00:51:44.540 --> 00:51:47.214

Town of Parish: Alright! All those in favor

595

00:51:48.000 --> 00:51:49.050

Town of Parish: opposed

596

00:51:49.510 --> 00:51:57.720

Town of Parish: abstained motion carries 2, 5, the 6 by 10 shed whatever money you got it it we could keep it bank.

597

00:51:58.140 --> 00:51:59.349

Town of Parish: Oh, right there.

598

00:51:59.899 --> 00:52:06.789

Town of Parish: right there's gonna be more improvements. And and so with that in mind.

599

00:52:07.330 --> 00:52:09.210

Town of Parish: the next item on there.

600

00:52:10.181 --> 00:52:11.989

Town of Parish: When I was over at the

601

00:52:12.820 --> 00:52:15.949

Town of Parish: at the Park one of the many times I was over there.

602

00:52:16.620 --> 00:52:20.780

Town of Parish: I noticed there's still wooden benches over there, and so we have 2 brand new

603

00:52:21.120 --> 00:52:23.450

Town of Parish: batches such as these.

604

00:52:24.370 --> 00:52:28.979

Town of Parish: Yup, one sits on the basketball court, and one sits on the tennis court.

605

00:52:29.020 --> 00:52:30.950

Town of Parish: I would like to buy 2 more.

606

00:52:31.110 --> 00:52:48.359

Town of Parish: the one opposite side of the tennis court and opposite side of the basketball court to make 4. Dump those wooden benches right out of there. Get rid of the wooden benches. Is there a local provider that that carries these versus having these things shipped from Tim up to where we got the playground.

607

00:52:48.710 --> 00:52:49.640

Town of Parish: Possibly

608

00:52:50.380 --> 00:52:52.359

Town of Parish: and that's what I'll look at.

609

00:52:52.710 --> 00:52:56.529

Town of Parish: But these were \$791

610

00:52:56.820 --> 00:53:02.189

Town of Parish: for Joe for each one that we bought the last time we got 2 for free. Remember that.

611

00:53:02.744 --> 00:53:05.170

Town of Parish: So this would be 2 more.

612

00:53:06.210 --> 00:53:08.300

Town of Parish: and if they be red and blue.

613

00:53:08.880 --> 00:53:12.089

Town of Parish: I will see if I can get this company to go even lower

614

00:53:12.120 --> 00:53:15.170

Town of Parish: by making a phone call telling them that we spent all this money.

615

00:53:15.590 --> 00:53:17.639

Town of Parish: And and I just need.

616

00:53:18.210 --> 00:53:21.470

Town of Parish: We're not gonna go do all the work if we don't approve 2 more benches.

617

00:53:21.530 --> 00:53:24.249

Town of Parish: But like I said, there's wooden ones there now, and they look

618

00:53:24.580 --> 00:53:27.403

Town of Parish: really crappy that I would love to pull out of. There.

619

00:53:27.870 --> 00:53:29.703

Town of Parish: We're gonna put them inside

620

00:53:30.720 --> 00:53:32.790

Town of Parish: just like they are just like they are now.

621

00:53:32.970 --> 00:53:35.819

Town of Parish: because we have. We have 4 outlets around the playground.

622

00:53:36.510 --> 00:53:43.360

Town of Parish: Okay, we have one brand new one for the basketball courts in between the 2 hoops on the south end.

623

00:53:44.410 --> 00:53:47.509

Town of Parish: I would like to put one in the basketball hoops along the north end.

624

00:53:48.030 --> 00:53:52.430

Town of Parish: and then on each side of the tennis court, where there's wooden benches currently.

625

00:53:55.460 --> 00:53:59.059

Town of Parish: but that would be it at a Max, you know, 2,000 with shipping

626

00:53:59.370 --> 00:54:00.040

Town of Parish: home.

627

00:54:01.060 --> 00:54:04.289

Town of Parish: But I just know that there is benches, and I'd like to.

628

00:54:04.660 --> 00:54:09.350

Town of Parish: I know they're they moved the benches from where they were. So I know they're using

629

00:54:09.640 --> 00:54:15.150

Town of Parish: is they move the wooden ones. The other ones are chained so they can't disappear. The other ones are chained right to the fence.

630

00:54:15.650 --> 00:54:18.020

Town of Parish: Nate, you you agreed with

631

00:54:18.220 --> 00:54:35.439

Town of Parish: yeah, on that day, and they would look nice if they had them on both sides, so that anyone playing on this court would have some place set. Anyone playing on that court would have a separate place to set, and the other 2 for the basketball are right in the center. Yeah, and they move the wind benches that are there. So I know they use them

632

00:54:36.180 --> 00:54:41.340

Town of Parish: from on where they were. So I've been a lot of lot of donor useable.

633

00:54:41.700 --> 00:54:48.219

Town of Parish: Oh, basketball and pickleball! Oh, my gosh! It's amazing how much pickleball is getting used.

634

00:54:49.669 --> 00:54:53.620

Town of Parish: It's a great idea. I would like to see if we can't.

635

00:54:54.020 --> 00:54:57.429

Town of Parish: find a more local vendor at a more reasonable price.

636

00:54:58.540 --> 00:55:01.099

Town of Parish: Sure, and I can do that once I have, you know

637

00:55:01.320 --> 00:55:04.490

Town of Parish: I mean these, don't. We don't need these exactly tomorrow. So

638

00:55:09.200 --> 00:55:11.529

Town of Parish: Something to think about.

639

00:55:12.540 --> 00:55:13.390

Town of Parish: There's

640

00:55:14.060 --> 00:55:17.259
Town of Parish: benches down here in Canfield Park.

641
00:55:18.030 --> 00:55:18.740
Town of Parish: Frank.

642
00:55:19.380 --> 00:55:20.189
Town of Parish: here's her.

643
00:55:20.920 --> 00:55:24.039
Town of Parish: You're in fine night, Canfield. Yes, it is.

644
00:55:24.540 --> 00:55:30.280
Town of Parish: They're cement. Oh, they're cementing. Yeah.

645
00:55:30.590 --> 00:55:31.540
Town of Parish: if I could

646
00:55:32.170 --> 00:55:33.439
Town of Parish: finish the sentence.

647
00:55:34.760 --> 00:55:35.730
Town of Parish: if

648
00:55:36.430 --> 00:55:37.450
Town of Parish: you wanna

649
00:55:38.410 --> 00:55:40.430
Town of Parish: use something like that

650
00:55:40.760 --> 00:55:42.139
Town of Parish: anywhere else.

651
00:55:42.320 --> 00:55:44.310
Town of Parish: I got the spread form.

652
00:55:44.780 --> 00:55:46.289
Town of Parish: If you want to make more.

653
00:55:46.390 --> 00:55:47.880
Town of Parish: just throw it out there.

654

00:55:50.880 --> 00:56:00.199

Town of Parish: These will match the other ones. I get it. I'm just saying anywhere else. I'm just saying, do you have the cement form to form that ends?

655

00:56:00.540 --> 00:56:01.540

Town of Parish: I've got the effect

656

00:56:02.010 --> 00:56:07.220

Town of Parish: of the wooden, because there wouldn't then right the wooden slots between in between the cement gotcha.

657

00:56:08.040 --> 00:56:28.159

Town of Parish: saying, sometime in the future, if you put a hotdog stand, you might want to couple up by it. Well, they won't be carrying these away, and that's a good thing with it, with the hot dogs and that pavilion still there. It's got tons of of picnic batches, and what Craig also did when he he had some extra stone

658

00:56:28.230 --> 00:56:41.310

Town of Parish: next to the tree you put an area that we can put picnic tables, and as soon as it settles a little bit more it's going to be a picnic table right near the playground area. So that'll be a good bonus right underneath that tree, so that that'll look good, too.

659

00:56:41.750 --> 00:56:46.710

Town of Parish: So we're getting there. But, thanks so

660

00:56:46.860 --> 00:57:01.659

Town of Parish: do I have approval. Well, you know what. I'll come back next month, and I'll get find. I'll tell you what I find. If I can find them cheaper. Then I'll bring it back and we'll vote on it.

661

00:57:01.690 --> 00:57:04.703

Town of Parish: We'll take it out of the same line.

662

00:57:05.510 --> 00:57:09.840

Town of Parish: No, no motion yet, because I'm gonna do a little more research

663

00:57:11.920 --> 00:57:16.539

Town of Parish: if I can get these guys down. And so I'll do some research and we'll see where it goes.

664

00:57:18.160 --> 00:57:19.280

Town of Parish: Okay.

665

00:57:20.030 --> 00:57:21.840

Town of Parish: other park updates.

666

00:57:23.350 --> 00:57:25.980

Town of Parish: I know you guys were talking about your

667

00:57:26.040 --> 00:57:32.870

Town of Parish: cameras. Yep, they're up. I you know what I do need for me, Doug is. I need the directions, the come in the box.

668

00:57:33.570 --> 00:57:37.449

Town of Parish: so I can download the app and and not mess them up

669

00:57:38.230 --> 00:57:41.859

Town of Parish: they will. They have to come back down. Is that? No, I don't.

670

00:57:42.120 --> 00:57:44.299

Town of Parish: Well, I need to be able to see, are they?

671

00:57:44.390 --> 00:57:54.639

Town of Parish: We'll have to go together. So they're pointed at the right direction. That was the big thing. They aren't turned down either, right now, but the batteries should be charging as we.

672

00:57:54.990 --> 00:57:59.656

Town of Parish: Alright. So you guys are working on those, we'll we'll get it. And

673

00:58:02.360 --> 00:58:03.839

Town of Parish: that one tree, but

674

00:58:05.210 --> 00:58:13.299

Town of Parish: out of it. Yeah, the one that's in order to see through it right where the new benches. Yeah. Yeah, because there isn't any other place to put the camera

675

00:58:13.690 --> 00:58:16.490

Town of Parish: unless we install another poll down further.

676

00:58:17.750 --> 00:58:26.178

Town of Parish: they were expensive. Well, I know. Yeah, we'll cut the tree a little bit.

677

00:58:27.400 --> 00:58:36.803

Town of Parish: Any other updates anything, nate anything else at the Park that you could think of? No a question on. You know the walk around

678

00:58:37.560 --> 00:58:38.450

Town of Parish: now.

679

00:58:39.340 --> 00:58:42.349

Town of Parish: were we gonna consider a walk around

680

00:58:43.020 --> 00:58:44.360

Town of Parish: in the wooded

681

00:58:44.780 --> 00:58:47.640

Town of Parish: area where the bridge is to walk.

682

00:58:47.730 --> 00:58:49.869

Town of Parish: Go, but around the other way.

683

00:58:50.900 --> 00:58:53.119

Town of Parish: where's where the well head is?

684

00:58:53.150 --> 00:59:07.020

Town of Parish: Not, to my knowledge? Well, I think you may have been on that. But Gary, I think, was originally. I wish he was here. He wants to make a big circle. So when you come through the gates

685

00:59:07.120 --> 00:59:12.076

Town of Parish: you walk down, you go by the bathrooms. You come to the

686

00:59:12.620 --> 00:59:15.329

Town of Parish: Horseshoe bet Horseshoe bit. You take a lot

687

00:59:15.510 --> 00:59:19.759

Town of Parish: and circle around the back, and you already have it.

688

00:59:20.190 --> 00:59:33.000

Town of Parish: What's that? We already have that? But if you wanna no, we don't have that. We we don't have it from the horse you pick trail. Yeah, the

689

00:59:33.570 --> 00:59:36.430

Town of Parish: we're talking to sheer really didn't talk about

690

00:59:36.730 --> 00:59:37.540

Town of Parish: by it.

691

00:59:38.880 --> 00:59:41.870

Town of Parish: We may have touched on it as far as ideas

692

00:59:42.550 --> 00:59:48.750

Town of Parish: right? Because I think what Gary also wanted to do is come back to the tennis courts.

693

00:59:48.850 --> 00:59:59.040

Town of Parish: walk on the outside of the tennis courts like a Big Blue when I sat here before I talked about doing that. And so, like you get a lot of people and walk.

694

00:59:59.080 --> 01:00:01.379

Town of Parish: and they want to make a big loop. Yep.

695

01:00:01.940 --> 01:00:05.739

Town of Parish: and that's why where you just put that where Craig put the

696

01:00:06.113 --> 01:00:08.750

Town of Parish: the pipe. I know that'll get them over that

697

01:00:08.880 --> 01:00:10.639

Town of Parish: wet area, and that will

698

01:00:11.100 --> 01:00:13.050

Town of Parish: help assist in that.

699

01:00:13.710 --> 01:00:19.479

Town of Parish: When we were talking about that, I was talking about an extension of the loop out and around

700

01:00:19.950 --> 01:00:21.659

Town of Parish: across the bridge to the wooded

701

01:00:21.940 --> 01:00:22.710

Town of Parish: trail

702

01:00:23.030 --> 01:00:27.490

Town of Parish: and come back out over by where the well is. Hmm.

703

01:00:28.760 --> 01:00:31.219

Town of Parish: just something to think about. Okay.

704

01:00:31.450 --> 01:00:39.650

Town of Parish: cause I somewhere in there, somewhere in there we got DC. Approval, which is now expired.

705

01:00:39.880 --> 01:00:41.689

Town of Parish: to build another ramp

706

01:00:42.200 --> 01:00:47.349

Town of Parish: bridge. The bridge there somewhere between, right by that well.

707

01:00:47.440 --> 01:00:49.400

Town of Parish: is that where they were gonna put another bridge.

708

01:00:49.840 --> 01:00:53.040

Town of Parish: Well, I thought you can't go the other way around.

709

01:00:53.060 --> 01:00:55.780

Town of Parish: That's too big. The swamp was off one

710

01:00:56.627 --> 01:01:04.500

Town of Parish: like I said, I don't know where the plans still in the chat. It's in the chat.

711

01:01:05.410 --> 01:01:08.459

Town of Parish: The bridge decking itself is in the shed. All you

712

01:01:08.480 --> 01:01:18.589

Town of Parish: would need to get is the peer. Whatever you need for peers in there, but you also would have to go back through and get the see approval, because it's not a.

713

01:01:18.720 --> 01:01:23.039

Town of Parish: It's not a clear span. So you're gonna have to have some up here, and that

714

01:01:23.310 --> 01:01:30.793

Town of Parish: somewhere in the correct. But we, you know, even before I mentioned it the last time it's been talked to them.

715

01:01:31.745 --> 01:01:41.354

Town of Parish: I would imagine you guys proved it at 1 point time to do it, because the deck.

716

01:01:42.670 --> 01:01:44.680

Town of Parish: when I sat here before

717

01:01:44.690 --> 01:01:47.929

Town of Parish: Pulsey's built all that for us. Oh, okay.

718

01:01:48.450 --> 01:01:57.739

Town of Parish: we we. It started on that because we done the one across the swamp right heading towards 81. All I'm saying is. Let's finish it.

719

01:01:58.690 --> 01:02:05.959

Town of Parish: That's they had a lot of volunteer work back. Then. Yup, people were

720

01:02:06.120 --> 01:02:07.290

Town of Parish: going to do something.

721

01:02:07.670 --> 01:02:10.199

Town of Parish: So you show us where you want it.

722

01:02:11.330 --> 01:02:16.960

Town of Parish: We're gonna have to mount it out for the second one down through there where the well goes home

723

01:02:17.544 --> 01:02:21.259

Town of Parish: and look right across the slot. It's

724

01:02:21.580 --> 01:02:23.280

Town of Parish: for me to phone Paul.

725

01:02:24.090 --> 01:02:26.819

Town of Parish: Maybe that length of a bridge. Okay.

726

01:02:26.990 --> 01:02:28.700

Town of Parish: But yeah, you know, yeah.

727

01:02:29.359 --> 01:02:42.349

Town of Parish: maybe it is in the same spot. It'd be great if I had the old deal 20 years ago. I got, you know, 81.

728

01:02:42.630 --> 01:02:47.309

Town of Parish: Luckily they've got that part done, and we're just still in good shape. Order.

729

01:02:47.910 --> 01:02:49.319

Town of Parish: Write the pieces that

730

01:02:49.500 --> 01:02:51.269

Town of Parish: I've been taking up half of the

731

01:02:52.860 --> 01:03:05.700

Town of Parish: lawnmower area all the blonde words that we walk long Break. He and he walked, that she walks the whole trail twice a week. So

732

01:03:05.770 --> 01:03:08.119

Town of Parish: make sure any garbage is picked up there.

733

01:03:08.250 --> 01:03:14.779

Town of Parish: Okay, but yes, there was discussion of something. What you're talking about. I remember we were. I'm just

734

01:03:15.396 --> 01:03:22.490

Town of Parish: maybe we could get it finished as far as another part of the part.

735

01:03:23.920 --> 01:03:25.460

Town of Parish: Renovation.

736

01:03:25.970 --> 01:03:31.831

Town of Parish: Alright. We'll move on to one another grad. Flip up there to the left, the garage for the motive

737

01:03:32.450 --> 01:03:36.379

Town of Parish: lot of room in there. I cleaned it up. Yeah. Yeah.

738

01:03:37.860 --> 01:03:40.010

Town of Parish: Any other questions on the park? Then?

739

01:03:41.960 --> 01:04:02.400

Town of Parish: Okay, we will continue to move on another issue. That is, in old businesses, this dog license issue. I know we mentioned it. We talked about it last meeting, and that's why it's on old business. Anybody come up with any good ideas how they want to handle this issue, what they want to do with it. Anybody give it any thought

740

01:04:04.370 --> 01:04:07.250

Town of Parish: I did myself. I mean, it's

741

01:04:08.280 --> 01:04:09.450

Town of Parish: we just like, say.

742

01:04:09.990 --> 01:04:11.479

Town of Parish: the citations.

743

01:04:12.160 --> 01:04:14.800

Town of Parish: I don't know how you enforce them to pay it. But

744

01:04:14.920 --> 01:04:18.120

Town of Parish: well, what what this is is a door to door.

745

01:04:20.882 --> 01:04:25.197

Town of Parish: What's the word, Kelly? Tell me? No, that's the word.

746

01:04:25.680 --> 01:04:27.349

Town of Parish: Other towns have got a

747

01:04:27.400 --> 01:04:30.069

Town of Parish: we did run into the same. We did the

748

01:04:30.160 --> 01:04:33.390

Town of Parish: postcards last year. Now we got our money back

749

01:04:33.550 --> 01:04:39.340

Town of Parish: because we had PE more people, but they're once again not doing it according to Kelly. Is that correct?

750

01:04:39.820 --> 01:04:41.810

Town of Parish: Yeah, right? We don't.

751

01:04:42.840 --> 01:04:45.389

Town of Parish: So we almost need

752

01:04:46.140 --> 01:04:49.630

Town of Parish: to hire somebody to do it. Now in today's day and age.

753

01:04:50.120 --> 01:04:51.919

Town of Parish: Are you gonna get somebody to do it?

754

01:04:52.610 --> 01:04:53.380

Town of Parish: I don't know.

755

01:04:55.450 --> 01:04:57.540

Town of Parish: Nobody wants to work

756

01:04:57.770 --> 01:05:01.000

Town of Parish: right. Shall we advertise for somebody to do it?

757

01:05:01.480 --> 01:05:02.370

Town of Parish: Aye.

758

01:05:02.500 --> 01:05:03.920

Town of Parish: what's that? Yeah.

759

01:05:04.980 --> 01:05:07.510

Town of Parish: how much would you like to pay this person, Melton?

760

01:05:09.550 --> 01:05:14.029

Town of Parish: These are the things we need to know, because it's not in the budget anymore. So we did the past. But we

761

01:05:14.070 --> 01:05:15.739

Town of Parish: what we paid the best

762

01:05:16.080 --> 01:05:17.879

Town of Parish: minimum wage. I thought.

763

01:05:20.230 --> 01:05:23.549

Town of Parish: you're gonna have to speak up to this guy we paid in the past.

764

01:05:24.200 --> 01:05:25.320

Town of Parish: I'm away from

765

01:05:27.180 --> 01:05:27.890

Town of Parish: awesome

766

01:05:28.520 --> 01:05:30.210

Town of Parish: call for Africa.

767

01:05:31.330 --> 01:05:31.990

Town of Parish: Poverty?

768

01:05:32.620 --> 01:05:33.500

Town of Parish: Oh, my!

769

01:05:39.500 --> 01:05:43.630

Town of Parish: So let me see if I got this correct. Do you want to pay minimum wage or

770

01:05:44.280 --> 01:05:46.210

Town of Parish: 1510 an hour.

771

01:05:46.490 --> 01:05:48.760

Town of Parish: and you want to give them a dollar.

772

01:05:48.830 --> 01:05:50.059

Town of Parish: Her god

773

01:05:50.280 --> 01:06:02.589

Town of Parish: that they find correct, that they count whether he's licensed or not. License correct. So every dog they count they get a dollar for plus minimum wage

774

01:06:02.690 --> 01:06:03.900
Town of Parish: don't involved.

775

01:06:03.910 --> 01:06:05.160
Town of Parish: Give them a minimal.

776

01:06:08.410 --> 01:06:09.330
Town of Parish: Sorry to move.

777

01:06:10.270 --> 01:06:11.090
Town of Parish: waiting for

778

01:06:12.500 --> 01:06:13.789
Town of Parish: longer. You wait

779

01:06:15.470 --> 01:06:16.180
Town of Parish: not

780

01:06:16.330 --> 01:06:17.619
Town of Parish: here, and then

781

01:06:19.660 --> 01:06:20.530
Town of Parish: rain shot.

782

01:06:22.840 --> 01:06:26.569
Town of Parish: Now, this this person doesn't have the right to be on their preference.

783

01:06:26.690 --> 01:06:29.070
Town of Parish: Alright, please come back on your own. I'm

784

01:06:29.170 --> 01:06:31.279
Town of Parish: will you be right to, I'm

785

01:06:32.202 --> 01:06:37.190
Town of Parish: thinking, how we're gonna get soon.

786

01:06:38.210 --> 01:06:44.180
Town of Parish: Correct. They can. But everybody has a right. Everybody has a right to go to everybody's front door

787

01:06:44.400 --> 01:06:52.763

Town of Parish: just like you were delivering no trespassing. That's a whole nother story.

788

01:06:54.480 --> 01:06:56.559

Town of Parish: something to think about. And when you

789

01:06:56.580 --> 01:06:58.670

Town of Parish: asking somebody to do that.

790

01:06:58.880 --> 01:07:03.190

Town of Parish: I know it's in today's world special person to do it.

791

01:07:04.560 --> 01:07:06.439

Town of Parish: Time, I guess she sounds to me.

792

01:07:07.810 --> 01:07:12.879

Town of Parish: Then we could send Steve to those houses where they do have a hard time. Is that what we're gonna do? Then?

793

01:07:13.460 --> 01:07:14.600

Town of Parish: That's

794

01:07:14.850 --> 01:07:16.380

Town of Parish: good thing it is.

795

01:07:16.660 --> 01:07:33.340

Town of Parish: Be careful talking about punishing someone for exercising their rights and telling someone to get out. Well, they don't talk to them. Then we'll send Steven.

796

01:07:33.550 --> 01:07:39.819

Town of Parish: I I understand that. But Steve can be drawn on properly. I just want us to be careful.

797

01:07:41.370 --> 01:07:45.340

Town of Parish: That's where I was going with it. I gotta think of the big picture

798

01:07:45.997 --> 01:07:48.080

Town of Parish: who's gonna get hurt, you know.

799

01:07:51.070 --> 01:07:51.930

Town of Parish: Well.

800

01:07:54.440 --> 01:07:57.130

Town of Parish: that's what I'm saying. Oh, I think we gotta do it. But

801

01:07:58.140 --> 01:08:06.809

Town of Parish: I mean there may be a percentage that you don't hit there might. You're never going to get everybody. No, it's just the way it is. So there may be those percentage that you don't get

802

01:08:07.340 --> 01:08:12.840

Town of Parish: taken into consideration. We will get the majority. We will be ahead of the game more than we are today.

803

01:08:14.850 --> 01:08:19.840

Town of Parish: cause evidently our numbers are down again. So the enumeration, all we gotta know is

804

01:08:19.870 --> 01:08:21.469

Town of Parish: where the dogs are.

805

01:08:21.609 --> 01:08:23.850

Town of Parish: that's all. Maybe Yup.

806

01:08:24.494 --> 01:08:27.099

Town of Parish: if you have a head count

807

01:08:27.600 --> 01:08:28.830

Town of Parish: and the darts

808

01:08:30.890 --> 01:08:32.529

Town of Parish: you wait, either.

809

01:08:32.569 --> 01:08:34.790

Town of Parish: Tell ahead of Steve.

810

01:08:34.850 --> 01:08:36.970

Town of Parish: you know, if they are licensed.

811

01:08:36.979 --> 01:08:40.958

Town of Parish: Steve's gonna have to do something or somebody with some authority.

812

01:08:41.399 --> 01:08:43.739

Town of Parish: Yeah, yeah. Well.

813

01:08:43.930 --> 01:08:44.790

Town of Parish: forms.

814

01:08:49.090 --> 01:08:53.049

Town of Parish: do they have to sign the form? I don't think so.

815

01:08:53.880 --> 01:08:54.833

Town of Parish: See, Chief.

816

01:08:55.569 --> 01:08:56.420

Town of Parish: however.

817

01:08:57.569 --> 01:08:58.700

Town of Parish: gas that you have.

818

01:09:00.808 --> 01:09:02.920

Town of Parish: Okay, I understand, but

819

01:09:02.960 --> 01:09:05.770

Town of Parish: I don't know if they got to sign it, and

820

01:09:06.380 --> 01:09:08.210

Town of Parish: please or vote you could pass.

821

01:09:08.670 --> 01:09:11.850

Town of Parish: I realize it, and then they choose not to

822

01:09:13.189 --> 01:09:17.381

Town of Parish: minute you mentioned the word sign.

823

01:09:18.140 --> 01:09:25.213

Town of Parish: I'm just saying enumeration. Let's let's go count the dogs and find out where they are.

824

01:09:27.819 --> 01:09:29.830

Town of Parish: Well, I should

825

01:09:32.540 --> 01:09:35.321

Town of Parish: wouldn't hurt to do a little bit of an advertising

826

01:09:35.649 --> 01:09:42.158

Town of Parish: let's on Facebook as well, hosting it on right.

827

01:09:44.399 --> 01:09:45.870

Town of Parish: And we're there. So

828

01:09:49.590 --> 01:09:50.569

Town of Parish: right

829

01:09:53.170 --> 01:09:56.100

Town of Parish: here's here's another question. It's already

830

01:09:56.670 --> 01:09:59.410

Town of Parish: Ju, huh! July call it July.

831

01:10:00.630 --> 01:10:02.830

Town of Parish: We run an ad for a couple of weeks.

832

01:10:03.390 --> 01:10:05.370

Town of Parish: You don't get anybody.

833

01:10:05.510 --> 01:10:11.469

Town of Parish: What do we do? We just did an enumeration last year with the postcards. Correct. That was last year.

834

01:10:14.390 --> 01:10:17.977

Town of Parish: couple of years ago, maybe 2, anyway.

835

01:10:19.550 --> 01:10:20.310

Town of Parish: Morning.

836

01:10:20.880 --> 01:10:22.800

Town of Parish: Maybe. Right.

837

01:10:23.680 --> 01:10:27.710

Town of Parish: here's another option. Maybe we do put it on Facebook

838

01:10:27.970 --> 01:10:29.330

Town of Parish: to make sure you're

839

01:10:29.830 --> 01:10:36.520

Town of Parish: dog is licensed. Maybe we do that area for another month, and we worry about the sole enumeration

840

01:10:36.680 --> 01:10:43.329

Town of Parish: next year. And we budget for it. And then it'd be a couple of years in between. Maybe we need to pick more up with Facebook. I don't know.

841

01:10:44.910 --> 01:10:50.400

Town of Parish: I doubt it. But maybe if we can try, if we could use the data you've already got

842

01:10:51.930 --> 01:10:54.019

Town of Parish: and contact the people that

843

01:10:54.170 --> 01:10:55.280

Town of Parish: did pay up.

844

01:10:56.770 --> 01:10:57.619

Town of Parish: is it

845

01:10:57.880 --> 01:10:59.590

Town of Parish: possible people.

846

01:11:00.460 --> 01:11:03.569

Town of Parish: Well, the people that paid their pay the second year.

847

01:11:04.850 --> 01:11:06.929

Town of Parish: No, because that was the honor

848

01:11:07.400 --> 01:11:08.869

Town of Parish: it's not announced to them.

849

01:11:10.835 --> 01:11:15.489

Town of Parish: Well, there's probably a lot of honorable people that haven't

850

01:11:15.630 --> 01:11:17.299

Town of Parish: redone their dog license.

851

01:11:23.800 --> 01:11:31.469

Town of Parish: Well, like I said before, put any spin on it you want. I'm just talking to you.

852

01:11:32.620 --> 01:11:33.450

Town of Parish: You want

853

01:11:34.250 --> 01:11:36.029

Town of Parish: it starts with an idea.

854

01:11:38.300 --> 01:11:39.260

Town of Parish: So

855

01:11:39.520 --> 01:11:42.657

Town of Parish: what's this consensus here? And what do we

856

01:11:44.720 --> 01:11:47.520

Town of Parish: same to be done to your

857

01:11:48.690 --> 01:11:51.520

Town of Parish: when was the last door to door

858

01:11:52.730 --> 01:12:09.400

Town of Parish: 2 years ago. I wanna say door to door back when I was. So it's like, 10 years. Okay, we just did the postcard. That's what I mean. So

859

01:12:10.510 --> 01:12:13.910

Town of Parish: I don't know what you guys what your thoughts are

860

01:12:15.270 --> 01:12:27.139

Town of Parish: like. I said, we can do a Facebook thing. We can do an ad in the paper telling people to. So you want to put ads out and spend money to do that this year

861

01:12:29.330 --> 01:12:33.529

Town of Parish: when we done it last time we don't. We done half one year, half the next.

862

01:12:33.730 --> 01:12:35.629

Town of Parish: if we're required to do it

863

01:12:35.880 --> 01:12:37.519

Town of Parish: and we got it.

864

01:12:37.780 --> 01:12:39.800

Town of Parish: Let's look at all your voice.

865

01:12:40.440 --> 01:12:41.180

Town of Parish: Ashley.

866

01:12:43.160 --> 01:12:47.200

Town of Parish: This this has been a fight problem forever right?

867

01:12:47.950 --> 01:12:50.040

Town of Parish: Well, because we don't have any teeth.

868

01:12:50.130 --> 01:12:55.857

Town of Parish: If I don't pay my dog licensing fee, are you? Gonna take my dog? No, Steve will bring you the court.

869

01:12:56.260 --> 01:13:04.629

Town of Parish: You will get. So I shut the courses out, or or I don't show up to court. The judge could put a you know, a warrant elsewhere.

870

01:13:05.380 --> 01:13:08.099

Town of Parish: Oh, and I still don't show up to cordon. Then I'm walk.

871

01:13:09.474 --> 01:13:18.099

Town of Parish: Do we need to go farther? But I mean, has that ever, ever, ever gotten to that point. Ever

872

01:13:18.260 --> 01:13:20.499

Town of Parish: would they get that ticketed or not licenses.

873

01:13:21.510 --> 01:13:23.309

Town of Parish: So why don't we just do that?

874

01:13:25.147 --> 01:13:28.699

Town of Parish: You don't know where these dogs are?

875

01:13:29.980 --> 01:13:35.220

Town of Parish: So if I am licensed to dog last year, but I didn't relicens my dog.

876

01:13:35.570 --> 01:13:45.390

Town of Parish: They've never. They got a brand new dog. They got 5 brand new what I'm saying, they've never license from the data that was collected with the postcards. Right?

877

01:13:45.530 --> 01:13:46.330

Town of Parish: So

878

01:13:47.480 --> 01:13:53.732

Town of Parish: not the brand new dogs. But how about the people that are not re renewing their license.

879

01:13:54.190 --> 01:13:56.870

Town of Parish: Bad is I send stupid list? And he calls.

880

01:13:57.050 --> 01:13:58.580

Town of Parish: okay, okay. So

881

01:14:01.520 --> 01:14:03.950

Town of Parish: it's brand new dogs that we're talking about.

882

01:14:04.110 --> 01:14:06.299

Town of Parish: Lots of people had an additional license.

883

01:14:06.330 --> 01:14:17.299

Town of Parish: right? They've never license so the dog could be 10 years, but he's never had a license. There's no way we know that he has that so there's a complaint by. I guess we haven't done an enumeration in 10 years. Right?

884

01:14:19.430 --> 01:14:20.350

Town of Parish: So

885

01:14:22.320 --> 01:14:26.979

Town of Parish: John says we should. You want to advertise this month for him. Let's see if we can find somebody.

886

01:14:27.600 --> 01:14:28.789
Town of Parish: That's the 1st step.

887
01:14:29.680 --> 01:14:30.780
Town of Parish: Who's that kid

888
01:14:31.586 --> 01:14:39.370
Town of Parish: stuff, and has the Kelly? What was what was the estimated cost of this enumeration

889
01:14:39.990 --> 01:14:42.870
Town of Parish: to hire this person?

890
01:14:44.500 --> 01:14:45.240
Town of Parish: Approximately

891
01:14:45.540 --> 01:14:47.240
Town of Parish: 2 grand, you say, no

892
01:14:48.850 --> 01:14:49.570
Town of Parish: open

893
01:14:49.940 --> 01:14:51.980
Town of Parish: having a person go around.

894
01:14:52.030 --> 01:14:56.699
Town of Parish: Yeah, I think so. Anytime. That's not saving is \$20.

895
01:14:57.730 --> 01:14:59.389
Town of Parish: Say, remember

896
01:15:03.700 --> 01:15:08.649
Town of Parish: right. But what I'm saying is is, how much does did you guys have to pay

897
01:15:09.050 --> 01:15:17.709
Town of Parish: for this person at minimum wage who I never got into that any dilly daily around. And, in fact, when it was \$7.

898
01:15:17.750 --> 01:15:22.209
Town of Parish: Yeah, you know what I mean, how how many? How long did it take this person to do?

899

01:15:22.360 --> 01:15:24.809

Town of Parish: Didn't I don't think it ever got done.

900

01:15:25.120 --> 01:15:26.099

Town of Parish: I think, from Mexico.

901

01:15:27.600 --> 01:15:29.059

Town of Parish: I mean, what's logic

902

01:15:29.290 --> 01:15:32.379

Town of Parish: they get? Whoever wanted to fess up.

903

01:15:34.913 --> 01:15:40.679

Town of Parish: I'm just. I was just trying to figure out how much it's going to be. You know that we're going to need to do this thing so

904

01:15:41.180 --> 01:15:43.400

Town of Parish: alright. How long do you want to do it?

905

01:15:44.500 --> 01:15:46.680

Town of Parish: Which got figured how much you were paying

906

01:15:47.620 --> 01:15:50.359

Town of Parish: more of the trial you need was

907

01:15:51.748 --> 01:15:54.491

Town of Parish: 40 till you get done?

908

01:15:56.590 --> 01:15:57.260

Town of Parish: Stupid?

909

01:15:58.530 --> 01:16:00.599

Town of Parish: No. I ran off of the auditorium

910

01:16:04.790 --> 01:16:07.540

Town of Parish: like 10 years ago. We probably had time.

911

01:16:09.800 --> 01:16:11.290

Town of Parish: pause. License. Now we need, you know.

912

01:16:13.080 --> 01:16:13.790

Town of Parish: fast.

913

01:16:14.410 --> 01:16:17.540

Town of Parish: Do we get any, I want to say, ringing a bell.

914

01:16:17.800 --> 01:16:21.379

Town of Parish: So now you're almost double that

915

01:16:21.920 --> 01:16:24.779

Town of Parish: we get any money from anybody for doing that

916

01:16:25.530 --> 01:16:31.659

Town of Parish: for doing the dog any state money, any?

917

01:16:33.680 --> 01:16:35.470

Town of Parish: Okay? So

918

01:16:41.090 --> 01:16:41.990

Town of Parish: I'm just

919

01:16:42.710 --> 01:16:44.270

Town of Parish: wondering if the State

920

01:16:45.030 --> 01:16:47.099

Town of Parish: makes funds available for

921

01:16:47.170 --> 01:16:50.799

Town of Parish: to do things like that.

922

01:16:52.120 --> 01:16:55.529

Town of Parish: I don't think they proper, not part of it. That's why they don't cause

923

01:16:56.456 --> 01:16:58.880

Town of Parish: somebody wanna make a motion on this.

924

01:16:59.820 --> 01:17:00.690

Town of Parish: Well.

925

01:17:00.980 --> 01:17:03.890

Town of Parish: before you hire somebody. You gotta know where you're going.

926

01:17:11.230 --> 01:17:11.950

Town of Parish: Bye.

927

01:17:17.800 --> 01:17:19.719

Town of Parish: I like the idea of paying per dog

928

01:17:20.230 --> 01:17:21.260

Town of Parish: incentive.

929

01:17:24.950 --> 01:17:31.979

Town of Parish: so we can walk to somebody. Every dog you got none. There's 5 out there market. No, I don't have any.

930

01:17:32.350 --> 01:17:38.479

Town of Parish: That's that's that's that's when you write it down. I saw 3 dogs at this address, and they said they had none.

931

01:17:38.690 --> 01:17:40.649

Town of Parish: Yep, we've had that

932

01:17:41.680 --> 01:17:46.980

Town of Parish: somebody make a motion to do to advertise looking for

933

01:17:48.357 --> 01:17:50.990

Town of Parish: a dog enumerator.

934

01:17:51.930 --> 01:17:53.940

Town of Parish: But the feelers out there

935

01:17:56.860 --> 01:17:58.040

Town of Parish: 5 seconds.

936

01:17:58.180 --> 01:18:00.090

Town of Parish: So we have Robin and Doug.

937

01:18:00.330 --> 01:18:01.799

Town of Parish: If we can

938

01:18:02.160 --> 01:18:06.890

Town of Parish: get the dog license. You gotta know where they are and how many they're

939

01:18:07.490 --> 01:18:09.780

Town of Parish: in the rapey shots.

940

01:18:10.030 --> 01:18:14.250

Town of Parish: cause, really, that's what it comes down to. And there's been rabies in the area.

941

01:18:14.290 --> 01:18:18.739

Town of Parish: I don't know about Harris. You're gonna see rabies

942

01:18:18.750 --> 01:18:20.980

Town of Parish: in the next few years. We're right through the shield

943

01:18:22.730 --> 01:18:25.459

Town of Parish: without no money.

944

01:18:25.650 --> 01:18:28.079

Town of Parish: Anybody hunting or trapping, and

945

01:18:29.810 --> 01:18:34.339

Town of Parish: alright, so we have a motion on the floor by Robin, second, by Doug.

946

01:18:35.520 --> 01:18:37.499

Town of Parish: Any more discussion on this

947

01:18:38.650 --> 01:18:45.000

Town of Parish: to do an advertisement for a dog enumerator to go door to door in the town of parish.

948

01:18:45.540 --> 01:18:48.640

Town of Parish: That's that's where we gotta start. That's where we gotta start

949

01:18:48.975 --> 01:18:52.810

Town of Parish: and you wanna put you wanna attach pay with that with that add.

950

01:18:54.470 --> 01:19:00.130

Town of Parish: So people know what they're getting into, or you just wanna have everybody do what now.

951

01:19:00.500 --> 01:19:09.049

Town of Parish: So in your ad when you're looking for a dog enumerator, do you want to put the pay scale in there? No, I maybe just put a compensation is negotiable.

952

01:19:09.350 --> 01:19:10.929

Town of Parish: Okay, you got that calendar.

953

01:19:11.790 --> 01:19:14.360

Town of Parish: Gotta get somebody get them here right? Okay.

954

01:19:14.690 --> 01:19:16.020

Town of Parish: night talk

955

01:19:16.110 --> 01:19:18.029

Town of Parish: any more discussion on that. Then

956

01:19:20.085 --> 01:19:23.534

Town of Parish: all those in favor aye, opposed.

957

01:19:24.300 --> 01:19:38.549

Town of Parish: and we'll put it on Facebook, too, Robin. Something like the Admin. I'm happy to put it on Facebook.

958

01:19:38.730 --> 01:19:40.439

Town of Parish: a Pdf. Of the

959

01:19:41.320 --> 01:19:44.460

Town of Parish: the rabies, clinics for studio county.

960

01:19:45.380 --> 01:19:49.320

Town of Parish: She good years, bad years, years, it's enough, and don't think

961

01:19:49.740 --> 01:19:52.469

Town of Parish: alright that is done

962

01:19:53.460 --> 01:19:57.310

Town of Parish: any old business off the floor. I failed to place on the agenda.

963

01:19:59.280 --> 01:20:01.770

Town of Parish: Alright. We'll move on to New business.

964

01:20:02.620 --> 01:20:04.620

Town of Parish: Tug Hill Land trust.

965

01:20:06.002 --> 01:20:07.869

Town of Parish: I received this

966

01:20:08.210 --> 01:20:12.241

Town of Parish: from the Tug Hill tomorrow. Land trust Paul. Do you know anything about this.

967

01:20:12.700 --> 01:20:23.680

Town of Parish: Yeah, you didn't mention. I was like Paula mentioned this. There's no way I have to talk about this. Yeah. And it's they're looking, you know.

968

01:20:24.220 --> 01:20:25.899

Town of Parish: for monies, but

969

01:20:26.000 --> 01:20:42.200

Town of Parish: I don't see any towns in here, but I thought I would put this out. It came to me. Yeah, there's they got different levels on there that you know other people have done. But

970

01:20:42.280 --> 01:20:47.594

Town of Parish: there's an envelope in there for you to donate to it. So I'm not, you would know.

971

01:20:48.170 --> 01:20:53.060

Town of Parish: generally been organized in the past towards individuals who have to donate the key plans.

972

01:20:53.470 --> 01:20:54.410

Town of Parish: I'll get regional

973

01:20:54.670 --> 01:20:56.799

Town of Parish: trust, so they don't get developed.

974

01:20:57.370 --> 01:21:04.230

Town of Parish: So I I came to me. I thought I'd pass it on to the board. Savvy ways to conserve what you love.

975

01:21:05.520 --> 01:21:07.908

Town of Parish: Of course you don't pay taxes right?

976

01:21:08.780 --> 01:21:09.560

Town of Parish: So

977

01:21:09.870 --> 01:21:16.120

Town of Parish: it's out there. And with any questions I'm sure Paul will be able to answer that. But I personally

978

01:21:16.603 --> 01:21:25.039

Town of Parish: came to me, and I moved on with it. I you know. So it's out there for somebody who is interested.

979

01:21:25.510 --> 01:21:26.410

Town of Parish: Palm.

980

01:21:26.890 --> 01:21:30.540

Town of Parish: With that being said, we'll move on the Bidwell Cemetery mowing.

981

01:21:32.320 --> 01:21:33.540

Town of Parish: I met

982

01:21:33.760 --> 01:21:36.560

Town of Parish: with the Bidwell Cemetery group.

983

01:21:37.736 --> 01:21:40.159

Town of Parish: They are not currently

984

01:21:40.560 --> 01:21:44.280

Town of Parish: going to turn it over to the town. They were thinking about doing it.

985

01:21:44.370 --> 01:21:49.209

Town of Parish: I believe they're back, but that could only happen a month, and they might decide to

986

01:21:49.510 --> 01:21:53.380

Town of Parish: get rid of it anyways, and I'm 1 of these corporations or

987

01:21:53.900 --> 01:22:05.060

Town of Parish: association gets rid of it. It comes to the town. We have to take care of it, like Gatman and a whole bunch of the other cemeteries. So in between this time they asked for us to help them

988

01:22:05.490 --> 01:22:10.669

Town of Parish: mow it at least 3 times like the rest of the cemeteries to help Bigwell Cemetery

989

01:22:11.000 --> 01:22:14.469

Town of Parish: spoke with Nate. He said he should. His guy should have no problem doing it.

990

01:22:14.520 --> 01:22:17.130

Town of Parish: What it does is it stops us.

991

01:22:17.735 --> 01:22:22.759

Town of Parish: Taking it over altogether. We can help them, and it is legal for us to help them.

992

01:22:23.100 --> 01:22:29.719

Town of Parish: According to Michael Stillman, who who is the lead guy for cemeteries in New York State or in this area?

993

01:22:30.890 --> 01:22:33.400

Town of Parish: so I just need approval before I send

994

01:22:33.430 --> 01:22:39.389

Town of Parish: needs guys to go mold this cemetery 3 times. I need board approval before I just say to go do it.

995

01:22:39.630 --> 01:22:40.640

Town of Parish: I approve.

996

01:22:41.700 --> 01:22:57.580

Town of Parish: He's it's gonna be covered underneath our cemeteries. And how many, how much time does it take to mow? Bid? Well with 2 people? 1 h they have enough money to, and a half 2 h. So it's

997

01:22:57.590 --> 01:23:01.620

Town of Parish: 2 h, probably for Bidwell times. The \$16 an hour we pay

998

01:23:01.720 --> 01:23:04.149

Town of Parish: call it 30 bucks an hour.

999

01:23:04.960 --> 01:23:08.850

Town of Parish: 60 bucks each time we're talking \$240

1000

01:23:09.390 --> 01:23:10.900

Town of Parish: at the most.

1001

01:23:12.270 --> 01:23:18.679

Town of Parish: Alright, I need a motion to allow our workers I am a bid.
Well, cemetery.

1002

01:23:19.080 --> 01:23:20.070

Town of Parish: Robin.

1003

01:23:20.190 --> 01:23:21.890

Town of Parish: Second, John.

1004

01:23:22.745 --> 01:23:25.789

Town of Parish: although any anybody have any more discussion.

1005

01:23:25.860 --> 01:23:28.220

Town of Parish: all those in favor. Aye, Hi.

1006

01:23:28.340 --> 01:23:29.260

Town of Parish: post

1007

01:23:29.800 --> 01:23:34.979

Town of Parish: abstain perfect. You can have your guys assist them in
mowing. Bid well

1008

01:23:36.220 --> 01:23:39.419

Town of Parish: any new business off the floor that we may have
forgotten.

1009

01:23:40.180 --> 01:23:42.230

Town of Parish: Anybody want to bring up anything new.

1010

01:23:44.030 --> 01:23:44.910

Town of Parish: hate that

1011

01:23:45.910 --> 01:23:47.320

Town of Parish: we will move on

1012

01:23:48.743 --> 01:23:50.310

Town of Parish: monetary items.

1013

01:23:50.490 --> 01:23:54.260

Town of Parish: Everybody should have received their supervisors, report in their mailbox

1014

01:23:54.720 --> 01:23:57.339

Town of Parish: any questions on my supervisors. Report?

1015

01:23:59.430 --> 01:24:01.800

Town of Parish: Can I have a motion to approve it? Then? Please?

1016

01:24:03.110 --> 01:24:04.550

Town of Parish: Oh, move.

1017

01:24:04.720 --> 01:24:05.520

Town of Parish: Yep.

1018

01:24:06.410 --> 01:24:11.079

Town of Parish: alright. Robin and Doug. All those in favor opposed.

1019

01:24:11.910 --> 01:24:12.910

Town of Parish: abstained

1020

01:24:13.340 --> 01:24:14.560

Town of Parish: motion carried.

1021

01:24:16.840 --> 01:24:21.009

Town of Parish: Okay? And while we're on that supervisors report

1022

01:24:22.290 --> 01:24:23.940

Town of Parish: you guys may have noticed

1023

01:24:25.810 --> 01:24:27.760

Town of Parish: revenues into your mailboxes.

1024

01:24:28.000 --> 01:24:30.610

Town of Parish: and what has been done in the past is

1025

01:24:31.420 --> 01:24:39.450

Town of Parish: everybody got everything every month, and then, from my understanding, nobody wanted the reports anymore. Is that correct, John? Do you want? Re, do you want?

1026

01:24:39.690 --> 01:24:40.970

Town of Parish: In other words.

1027

01:24:42.950 --> 01:25:09.890

Town of Parish: your report? Not just the supervisors report. I don't want all that. What we have is all these general fund reports with details of expenditures every single month. This is what they tell you to give to you guys. They're available in my office. But what I was showing you by doing revenue is, I'm going to start doing just the revenue sheets, because there's 2 sheets to show you where we are in revenues for each account. So if there's any questions that quarterly, you'll see where the revenues come from.

1028

01:25:10.320 --> 01:25:13.159

Town of Parish: Is that good? Or do you want all of that, or more logical.

1029

01:25:13.470 --> 01:25:16.070

Town of Parish: Do you want? The expenditures are ordered

1030

01:25:17.460 --> 01:25:20.330

Town of Parish: in your office in my office? They're there

1031

01:25:20.370 --> 01:25:27.310

Town of Parish: every single month. So is that part of your supervisors report. No, what it does is Supervisor. Report tallies these up.

1032

01:25:27.590 --> 01:25:30.159

Town of Parish: So when you see my supervisor's report.

1033

01:25:30.410 --> 01:25:32.840

Town of Parish: it shows you how much we have in cash.

1034

01:25:32.920 --> 01:25:34.509

Town of Parish: in savings like

1035

01:25:34.530 --> 01:25:38.560

Town of Parish: all those. So those numbers, when you see, like the increases and decreases.

1036

01:25:38.770 --> 01:25:40.769

Town of Parish: Just, for example, the general fund.

1037

01:25:41.110 --> 01:25:52.919

Town of Parish: the increases were 37,000. That means we got checks in for \$37,000 in our revenue, our decreases. Those were all our expenditures that you guys sign up on every month. We spent more than we had.

1038

01:25:54.560 --> 01:25:58.849

Town of Parish: But you're always, most always spend more than you have, because you get your

1039

01:25:58.870 --> 01:26:00.050

Town of Parish: can. The 1st

1040

01:26:00.210 --> 01:26:05.969

Town of Parish: supervisors report to see our taxes come in. So as they come in, those numbers go up

1041

01:26:06.300 --> 01:26:09.290

Town of Parish: not all at once, but come February, March and April.

1042

01:26:10.090 --> 01:26:11.789

Town of Parish: But that's the monies. We have.

1043

01:26:12.210 --> 01:26:15.290

Town of Parish: Okay. And it also shows those reserve building funds.

1044

01:26:15.450 --> 01:26:18.900

Town of Parish: And so any gland reserve fund is also on that supervisor report.

1045

01:26:19.000 --> 01:26:20.810

Town of Parish: So just so you're aware.

1046

01:26:21.280 --> 01:26:23.129

Town of Parish: If anybody wants anything.

1047

01:26:23.500 --> 01:26:24.830

Town of Parish: come to me, I

1048

01:26:24.860 --> 01:26:28.679

Town of Parish: show you everything. If you don't, I will just give you revenues quarterly.

1049

01:26:29.280 --> 01:26:32.290

Town of Parish: I'm good. Good. Okay, that makes sense. Then

1050

01:26:32.410 --> 01:26:35.999

Town of Parish: want more absolutely. I'll make copy shortly.

1051

01:26:37.560 --> 01:26:39.379

Town of Parish: So we will move on

1052

01:26:39.670 --> 01:26:45.310

Town of Parish: to the budgetary transfers. You guys should have received the sheet for budgetary transfers. Did you get one, John?

1053

01:26:45.790 --> 01:26:50.980

Town of Parish: I haven't been to the in my box. I put them on the table earlier. We actually went that way

1054

01:26:51.590 --> 01:26:52.350

Town of Parish: home.

1055

01:26:52.780 --> 01:26:56.519

Town of Parish: So the 1st one is for the B fund. This is for the dump day.

1056

01:26:56.810 --> 01:27:00.929

Town of Parish: What we're looking for is a transfer from the fund balance

1057

01:27:01.190 --> 01:27:07.250

Town of Parish: \$300, because our fees were higher than anticipated. We budgeted \$1,000.

1058

01:27:07.430 --> 01:27:12.530

Town of Parish: It was like 1,280, or some number like that. If you looked at your vouchers.

1059

01:27:12.770 --> 01:27:19.699

Town of Parish: Our current balance of the V fund is \$4,915 and 16 cents. I'm looking for \$300 from that

1060

01:27:20.130 --> 01:27:22.630

Town of Parish: any questions on that.

1061

01:27:22.720 --> 01:27:32.919

Town of Parish: The fees went up because we had mattresses and stuff, and we'll talk about that next year on whether you want to charge for mattresses or just pay for it. We did this year. Just come on.

1062

01:27:33.170 --> 01:27:36.530

Town of Parish: We didn't even know they were gonna charge mattresses, and by the time it was set.

1063

01:27:36.740 --> 01:27:38.270

Town of Parish: We had to take it. So

1064

01:27:38.720 --> 01:27:40.690

Town of Parish: spend an extra 150 there.

1065

01:27:41.590 --> 01:27:44.280

Town of Parish: Any questions on on the top

1066

01:27:44.880 --> 01:27:50.263

Town of Parish: transfer from V fund from V fund balance to the dump day. Refuse and garbage line.

1067

01:27:51.530 --> 01:27:57.179

Town of Parish: Okay, all those in favor I oppose. Okay, perfect. We'll move on to the next one.

1068

01:27:57.190 --> 01:28:03.250

Town of Parish: Parks equipment improvement, the parks. It's going to go from parks, equipment improvements where we have the 25,000

1069

01:28:03.410 --> 01:28:05.230

Town of Parish: in the parts contractual.

1070

01:28:05.450 --> 01:28:09.870

Town of Parish: And what we need that for is because of the averted container.

1071

01:28:10.280 --> 01:28:16.259

Town of Parish: And also in this year's budget that we didn't plan on was we paid Robin for the cameras we got last year

1072

01:28:16.600 --> 01:28:18.660

Town of Parish: because it was last year's item.

1073

01:28:19.470 --> 01:28:24.540

Town of Parish: Yeah, I kept forgetting to bring that. This is what we spent.

1074

01:28:24.660 --> 01:28:30.630

Town of Parish: and we can pass this around. We only have \$88 left in that account after we pay this month's bills.

1075

01:28:30.930 --> 01:28:34.719

Town of Parish: and most of that is a birdie storage container, \$144 a month.

1076

01:28:34.770 --> 01:28:38.469

Town of Parish: So when you look at that times 6 months that we didn't budget for.

1077

01:28:39.170 --> 01:28:42.259

Town of Parish: because by the time we got it was already past budget, right?

1078

01:28:42.420 --> 01:28:50.909

Town of Parish: It makes up about a thousand dollars and all as we're doing it is, we're gonna move it from that big equipment line where you had the 25 grand. We're gonna buy the shit out of

1079

01:28:51.360 --> 01:28:56.769

Town of Parish: and move it into our contractual line. So we have enough money to finish out with the year.

1080

01:28:57.710 --> 01:29:00.129

Town of Parish: If Nate needs anything for the park.

1081

01:29:01.010 --> 01:29:03.949

Town of Parish: You wanna see what we spent on the on that line? No

1082

01:29:04.090 --> 01:29:04.869

Town of Parish: red paint.

1083

01:29:04.990 --> 01:29:05.610

Town of Parish: Okay.

1084

01:29:06.260 --> 01:29:11.080

Town of Parish: I like to show everybody everything. So can I have a motion to approve that transfer. Then

1085

01:29:11.160 --> 01:29:12.570

Town of Parish: I'll move 30.

1086

01:29:13.080 --> 01:29:19.119

Town of Parish: All those in favor aye, opposed abstain motion. We approve that.

1087

01:29:22.000 --> 01:29:24.979

Town of Parish: Thank you very much for the budgetary transfers.

1088

01:29:26.680 --> 01:29:33.362

Town of Parish: We'll now move on to paying the bills. You guys have seen the vouchers. Is there any questions on any voucher that you wish to discuss

1089

01:29:34.690 --> 01:29:37.270

Town of Parish: perfect? We'll move on to approve the vouchers then.

1090

01:29:37.320 --> 01:29:46.470

Town of Parish: and I have a motion to approve vouchers 114, through 138 for \$31,859 and 2 cents for the general fund. A.

1091

01:29:46.870 --> 01:29:49.469

Town of Parish: I'll move, Doug.

1092

01:29:49.740 --> 01:29:52.000

Town of Parish: All those in favor aye.

1093

01:29:52.470 --> 01:29:55.019

Town of Parish: opposed sustained motion carries.

1094

01:29:55.040 --> 01:30:06.909

Town of Parish: Can I now have a motion to approve vouchers, one through 3 for \$1,244 and 3 cents for the general fund. B. Doug, Holden, Yup.

1095

01:30:07.110 --> 01:30:10.919

Town of Parish: John, all those in favor, aye, opposed.

1096

01:30:11.090 --> 01:30:15.189

Town of Parish: abstained motion, carried next motion

1097

01:30:15.703 --> 01:30:24.149

Town of Parish: to approve out your 68 through 79 for \$16,608 and 11 cents for the highway fund da

1098

01:30:24.420 --> 01:30:26.380

Town of Parish: move, John, second

1099

01:30:26.560 --> 01:30:33.029

Town of Parish: Robin. All those in favor Hi opposed abstain motion carries for that. Finally.

1100

01:30:33.150 --> 01:30:35.870

Town of Parish: a motion to move vouchers 5 through 12

1101

01:30:35.910 --> 01:30:43.128

Town of Parish: for \$161,590 and one cents for the highway fund. dB,

1102

01:30:44.000 --> 01:30:45.709

Town of Parish: I'll move. So, Robin

1103

01:30:45.770 --> 01:30:50.290

Town of Parish: Doug, all those in favor aye, opposed, abstain.

1104

01:30:50.460 --> 01:30:53.450

Town of Parish: Motion carries Kelly. Did you keep up

1105

01:30:53.990 --> 01:30:59.900

Town of Parish: alright? No executive session is needed unless somebody wishes to discuss something else at this time.

1106

01:31:00.747 --> 01:31:05.049

Town of Parish: We will move on. Our next regular meeting is July 18.th
At 6 30.

1107

01:31:05.510 --> 01:31:07.349

Town of Parish: We still have old Home Day.

1108

01:31:07.370 --> 01:31:10.129

Town of Parish: August 3, rd at the fire department field.

1109

01:31:11.870 --> 01:31:14.070

Town of Parish: and that's coming along quite nicely.

1110

01:31:14.350 --> 01:31:20.610

Town of Parish: Okay, I forgot to even put it on here because you're involved in it. Yup, it's that where everything is

1111

01:31:20.720 --> 01:31:23.929

Town of Parish: we've got like 60 vendors this year.

1112

01:31:25.310 --> 01:31:26.610

Town of Parish: we are

1113

01:31:26.640 --> 01:31:29.120

Town of Parish: renting a bouncy house.

1114

01:31:29.970 --> 01:31:33.280

Town of Parish: We're gonna be working with the library. We're gonna they're gonna

1115

01:31:33.590 --> 01:31:36.670

Town of Parish: will be under their umbrella instead of starting

1116

01:31:37.418 --> 01:31:42.571

Town of Parish: our own, you know. 5, 3 c. Or whatever the nonprofit.

1117

01:31:43.830 --> 01:31:45.070

Town of Parish: So it'll

1118

01:31:45.300 --> 01:31:49.502

Town of Parish: it'll sort of be sponsored by the Paris library.

1119

01:31:50.080 --> 01:31:52.830

Town of Parish: we'll take care of everything.

1120

01:31:54.425 --> 01:31:59.560

Town of Parish: I believe the fire department's gonna do what chicken barbecue will have 3

1121

01:31:59.620 --> 01:32:01.380

Town of Parish: food trucks.

1122

01:32:02.870 --> 01:32:06.689

Town of Parish: so it's looking to be quite spectacular, for Trump Band will be there.

1123

01:32:06.710 --> 01:32:09.460

Town of Parish: and Big Dean will play for about that hour.

1124

01:32:10.210 --> 01:32:10.970

Town of Parish: Right?

1125

01:32:11.300 --> 01:32:16.149

Town of Parish: Yeah, we are. We are moving our chicken barbecue out from the normal second Sunday to the whole.

1126

01:32:18.280 --> 01:32:21.781

Town of Parish: Yeah, how many kids I don't know. Yeah.

1127

01:32:22.390 --> 01:32:25.700

Town of Parish: I want. I'm betting our normal compliment. I don't know

1128

01:32:27.270 --> 01:32:28.439

Town of Parish: anything else.

1129

01:32:28.780 --> 01:32:33.160

Town of Parish: Can I have a motion to adjourn. Then, please. I don't think motion we adjourn.

1130

01:32:33.290 --> 01:32:45.830

Town of Parish: I'll second all those in favor. Yep, yep, I oppose Don Christine. Motion carries. Thank you very much, everybody. Thank you. Hmm, we will continue to learn to sit there. Then what we do.

1131

01:32:48.550 --> 01:32:49.370

Town of Parish: The Internet.
