The map displays a satellite view of a rural area with several environmental overlays. A red square marker is positioned on a road. The overlays include bright green areas representing wetlands and darker green areas representing other environmental features. A scale bar is visible in the bottom left corner of the map area, and the coordinates -76.103, 43.397 are shown in the bottom right corner.

-76.103, 43.397
